Ardent Group	Ardent Group provides fundraising and development consulting services for nonprofit organizations. Development planning, grant planning and writing, annual giving program design, development communications, development leadership support, development staffing strategies, donor relations support and community engagement strategies.	Successful nonprofits are born from passion, led with intellect, and often have a capacity that is limited only by an ability to fundraise. Fundraising and development strategies - determined by focus area, the nature of programming, and strategic goals - evolve as an organization matures. For emerging nonprofits, our services enable inspired leaders to focus less on the dollar and cents and more on the programming and operational challenges that matter most. More established organizations benefit from top quality grant writing and support services that build on capacity. Cueva Contract Inc. dba Interior Innovations	Furniture solutions to fit every space. And every need. Cubicles, Private Offices, Lounges, Moveable walls, Glass walls, Ergonomic Products, Seating, Fixed seating, Height Adjustable	A workspace should be more than just a place to work. It should be a source of inspiration. Because inspiration is the fuel of productivity. To create a space that inspires, every piece of furniture you choose and where you choose to put them has to have a purpose behind it. The Mayan culture understood this. They saw the environment as a tool that could enhance the living experience. Utilizing architectural elements to create a natural flow through the space. And creating welcoming areas where people could gather and share ideas and conversation. Born from this great culture, we draw on this rich heritage in every environment we create. Weaving beautiful design and practical thinking together, we turn an ordinary space into a source of inspiration for everyone who walks through the doors.	MWBE	1641 E. Global Solutions Group, Inc.	Document Management Enterprise Document Management Solutions Laserfiche Enterprise Records Management Document Imaging System & Services Hard Copy, Microfilm /Microfiche, Large Plan/Drawings, Audio and Visual, Magnetic Media IT Services Cloud Hosting IT Support/Backup/Disaster Recovery Database Management SQL/SharePoint Cybersecurity Physical Security Security Cameras/CCTV/Entry Systems	GSG was founded in 2003 with a mission to provide excellence in IT Support services to government agencies and private sector clients. With a goal of providing the most comprehensive support to our IT Support clients, GSG works with those clients to identify any potential services we could provide that would strengthen the level of services we provide. Through our IT Support services, we recognized a need for document management support, and started providing document digitization/conversion, storage, and destruction services as well as database management to our clients in 2008. We further expanded our business to offer full digital transformation support, along with electronic document management solutions. We are now a Laserfiche Gold and Platinum Certified Value Added Reseller, and a member of the Laserfiche Winner's Circle for the last three years. As our IT consulting business grew, we recognized that several of our clients were not satisfied with their existing information security services, so we started placing IT Security professionals with those clients. That experience has allowed us to expand our IT services to include Cybersecurity consulting. We have since added Cybersecurity Assessment and Penetration Testing as key facets of our business. Our Cybersecurity expertise has led to major multi-year contracts with the Ability One Commission as well as a multi-year, multi-million dollar contract to provide operational assessment and penetration testing to all offices of the USDA nationwide. Healings ROC	Life coaching services	Healings Roc is a life coaching agency that is available to anyone who may find it helpful to receive a safe, trained, non-judgmental perspective to help work through life issues you may be struggling with. As Life Coaching Specialists, our job is to inspire, motivate, and encourage. Our conversations are confidential and services will be provided via video chat and phone. We focus on helping you to safely process traumatic experiences from childhood that continue to affect your life. Such as creating life goals that may be impacted by your self-esteem, grieving, mental health, finding your own identity, and providing career counseling (as career challenges can sometimes be difficult when you have unresolved trauma). Let's work together to learn how to get you to your goals and to help you overcome those obstacles that have been holding you back. Holly-wood Decorative Creations	As of right now I offer wooden home décor that can be customized to your home. My inventory runs from blanket ladders, to stove top covers, all the way to toilet paper holders, along with personalize signs that can be multifunctional and much more. All items can come in different colors, saying and sizes. Everything is completely handmade and painted by me in my home. I am looking to open a storefront soon to expand my sales but also help other local small business that are woman and or minority owned to have a place to sell their products as well.	As a young child Holly grew up working on wood with her grandfather and father. Once the pandemic hit and she found herself at home, she started crafting and posting them for sale. That was when her friend asked her to make some shelves and her love for wood come flowing back. The shelves were posted and she found herself receiving orders for many other wooden products. Holly-Wood Decorative Creations was then born. She now frequents craft shows and sells online, but is looking to open her own store. In this store she wants to sell her own product and help other local women and minority small business owners have a place to sell their products year round. Jaedicke Consulting LLC	Jaedicke Consulting LLC provides clients with a rigorous approach to airport traffic forecasting and economic analysis based on extensive industry knowledge and a detailed understanding of aviation data sources. Elizabeth Jaedicke, the firm's founder and principal consultant, started the firm in 2018 after 14 years with top consulting firms serving airport, banking, and institutional clients on six continents. Jaedicke Consulting specializes in creating custom aviation traffic forecasts; we examine individual market drivers and tailor a forecast methodology to each airport. The ability to create a meaningful airport traffic forecast relies on knowing what approach to apply when and what data sources best serve as model inputs.	In addition to aviation traffic forecasting, the firm's services cover the intersection of aviation and economics: economic impact analysis, benefit-cost analysis, the relationship between aviation and tourism, as well as estimations of airport revenue and operating costs. Jaedicke Consulting has access to the US DOT's traffic and fare databases (T100 and O&D survey) as well as the FAA's operations and performance databases. Kubit Engineering PLLC	Kubit Engineering was created with the goal of specializing in providing quality construction inspection, administration, and management services. This is accomplished by recruiting and staffing experienced and qualified staff for on-site field inspections, construction bidding support, construction administration support, and electronic completion of as-built record plans. The Company also focuses on the research and deployment of e-construction processes and technology in anticipation of progressing the field of construction services for aging assets and limited inspection resources.	Kubit Engineering, PLLC is a construction services consulting engineering firm registered in New York State and located in North Tonawanda, New York. Kubit Engineering was formed in November of 2016 by Owner and President, Stacy M. Kubit, MBA, PE. Ms. Kubit has 22 years of civil engineering design and construction administration experience which she uses to provide quality services to a variety of clients. As a Professional Engineer and Project Manager she has proven to effectively lead and direct complex, and high- profile, engineering projects while adhering to project budgets and logistics, as well as overcoming any project challenges that may arise. Her effective communication and leadership skills are applied to both office and field work by collaborating with clients, contractors, field staff, sub-consultants, and government agencies to meet and/or exceed their design, quality, schedule, and budget expectations. Linden Digital Marketing	We offer our digital marketing services in simple, straightforward service packages that are customized to guide you through these stages of growth, no matter what stage you are in. By offering our services in packages we offer flexibility in the different tactics we manage for you, while providing quality and consistency structured to your unique growth goals. Digital Marketing Services Web Development Creative Services Printed Media	Defining Your Place In The Digital World. Our business and digital marketing philosophy is embodied by the Linden Tree. Linden trees can reach heights of 130 feet, their roots extending two to five times their canopy size, have unique heart-shaped leaves, and can live to be over 1,000 years old. The name "Linden" is an homage to Greek mythology symbolizing love and fidelity. Like any healthy tree, your business needs established roots for a strong foundation, a plan for growth, and a canopy to thrive. Your investment in your business's marketing, or canopy, should always be aligned with how much growth your organization, or roots, can handle. Linden trees represent our dedication to supporting the balanced, sustainable growth of our clients and their businesses by cultivating the love and passion of what we do. Lujar Art LLC	I run an art program for individuals with physical and mental disabilities. The program provides transportation and lunch.	As early as I can remember, I have loved drawing. I would draw on any and everything I put my hands on. I used to stay up to 3 or 4 in the morning drawing until I fell asleep just to wake up to start drawing again. My grandmother would give me a five subject notebook for school and I would fill up the pages before the end of the school day. I grew up in the small town of Hemingway SC. where nothing ever happened until Fridays. Art for me was a way to go anywhere, and everywhere. Now that I am older, I try to use my talents to take me to those places. In 2018 I started a program for individuals with disabilities, to teach them art as therapy. The individuals get to learn art in a relaxing and a safe environment and communicate with their peers. We Care Staffing Solutions	Nursing Staffing Agency, Long Term Care, Hospitals, Home Aids	We Care Staffing Solutions, Inc was created with two purposes in mind. First, to provide patients in long term care facilities and hospitals with the quality of care they deserve. Second, to help healthcare professionals, like me, receive fair pay and achieve a healthy work-life balance with flexible scheduling options. With the purpose of bringing the care back to healthcare, we aim to satisfy healthcare professionals and increase positive patient experiences to fill in the gaps of the healthcare system. By focusing on building personal relationships, we're bringing the care back into the healthcare profession, supplementing compassionate and professional care where it's most needed!
