Nexus NanoWorks	**Alison Lyke**	**585-284-2065**	**alison@nexusnanoworks.com**	**www.nexusnanoworks.com/**

Products/Services:

WBE

Rapid Prototyping: Fast-turnaround development of microelectronics and MEMS devices, including design iteration, fabrication, assembly, and validation. This enables clients to quickly move from concept to functional prototype for testing and commercialization.
Custom Microelectronics Design: End-to-end design of specialized electronic systems tailored to client needs. This includes biosensors, optical and photonic devices, thin-film technologies, microfluidic systems, RF components, and system-on-chip (SoC) solutions.
MEMS and Nanotechnology Solutions: Design and integration of MEMS-based devices such as sensors (pressure, inertial, and environmental), as well as advanced nanotechnology applications including nanoporous membranes for filtration, diagnostics, and sensing.
Small-Batch Manufacturing: Low-volume production of highly specialized microelectronic components and systems, ideal for pilot programs, niche applications, and early-stage product launches.
Testing and Validation Services: Comprehensive performance verification including electrical testing, signal integrity analysis, environmental stress testing, and reliability assessment.
Technical Consulting and R&D Support: Engineering consulting services focused on design feasibility, process optimization, materials selection, and technology development for advanced electronics and semiconductor applications.

ReThinkit Strategies	**Katia Chaban**	**585-202-9620**	**katchaban@gmail.com**	**www.rethinkitstrategies.com**
Products/Services:	Consulting Services: We help companies navigate the complexity of ESG and achieve sustainability goals. Combining our IT and Sustainability insights and experience, and through a circular lense, our goal is to help companies create the most effective sustainability strategies. We can execute a short or long-term engagement dependent on the unique journey of your business. This includes identifying the sustainability risks and issues facing your business, assessing your organization's value chain, including technology and supplier selections, determining what is material to the organization, and recommending the purposeful actions and strategies needed to meet your sustainability goals.Advisory Services: Drawing on diverse experiences and knowledge to provide guidance to support you in your sustainability journey to make you successful. Unlike a task-oriented consulting engagement, this role can be as involved in the organization as you need to help shape your goals, craft purposeful and impactful strategies, and work with you to create innovative solutions to challenges or barriers as sustainability becomes a norm in your organization.

One Knowledge Academy	**Nija Quinn**	**585-851-2366**	**nijaquinn@oneknowledgeacademia.org**	**www.oneknowledgeacademia.org**

Products/Services:

One Knowledge Academy is a private preschool program that is expanding into the addition of kindergarten. One Knowledge Academy offers a biblical worldview education for 3 and 4 year old students with a focus on the subjects of Reading, Literacy, and Math. Biblical history and theological studies are rooted within the structure of the education. One knowledge Academy's foundation is fixated within scripture, primarily Daniel 1:17, establishing a firm conviction of identity and faith. Our curriculum emphasizes the necessary foundation of phonemic awareness in vital literacy learning, beginner mathematical structure, and social emotional awareness and learning establishing a foundation for students to begin to flourish hereafter.

Scented Serenity Candles	**Charlene Hall**	**585-502-9274**	**info@scentedserenitycandles.com**	**www.scentedserenitycandles.com**
Products/Services:	Scented Serenity Candles was born out of a personal journey of healing and connection. During the difficult period of the COVID-19 pandemic, I began making candles as a way to cope with the stress and challenges of life. It was a time of reflection, and through creating scents, I found a way to deal with the grief I had carried since losing my dad in 2012. Creating candles and crafting unique scents helped me find comfort and peace, reminding me of cherished family memories and providing an outlet for my emotions. In 2023 the name became official.

VanDuser Electric LLC	**Michelle VanDuser**	**585-727-8732**	**Michelle@vanduserelectric.com**	**www.vanduserelectric.com**
Products/Services:	VanDuser Electric, LLC specializes in upgrading outdated electrical panels in low-income homes—because safe, modern electricity shouldn't be a luxury. We're passionate about making homes safer, more efficient, and more reliable, especially for families who need it the most. As a family-owned business, we're dedicated to providing affordable, high-quality electrical upgrades. Our focus is on residential electrical panel upgrades that meet today's energy demands while ensuring all work is code-compliant, safe, and completed to the highest standards. Millions of families live in aging homes with outdated, overloaded panels that can't support modern appliances or energy use. These aren't just inconveniences—they're fire hazards. But for many, the cost of upgrades puts basic safety out of reach.

Speech Cuse Therapy	**Valcuse Delma**	**646-634-3839**	**valcusedelma@gmail.com**	**www.speechcusetherapy.com**
Products/Services:	AAC Evaluation & Implementation for Nonverbal Individuals Through dynamic assessments and a tailored feature-matching approach, I transition nonverbal clients into autonomous communicators. I match individual motor, cognitive, and visual profiles to the right technology trialing high-tech eye-gaze systems, switch access, or dedicated AAC software like TD Snap and Proloquo2Go. To ensure lasting success, I coach families, caregivers, and educational teams on modeling strategies, pairing play-based engagement with functional literacy instruction to build real-world communication skills. Post-Stroke Rehab: Trach, PEG Weaning & Voice Restoration. For post-stroke adults, I address the critical intersection of breathing, swallowing, and speaking. By referring for advanced diagnostic imaging such as FEES and MBSS, I establish clear physiological baselines to safely guide tracheostomy patients through Passy-Muir valve placement toward decannulation. Using targeted dysphagia protocols and combining Expiratory Muscle Strength Training (EMST), targeted swallow maneuvers, and IDDSI-aligned diet progressions. I rebuild swallow function to safely wean clients off PEG tubes. By integrating breath support, vocal fold kinematics, and partner coaching, I help stroke survivors regain safe oral intake and rediscover their authentic voice.

Pinnacle Solutions Incorporated	**Suzanne Heiss**	**973-884-1020**	**sue.heiss@psi-nj.com**	**www.psi-nj.com**
Products/Services:	Pinnacle Solutions Inc. (PSI) is a software and consulting company providing custom financial software to banks, corporate users and Government agencies, since 1992. Synergy is PSI's suite of secure, functionally rich, web-based banking and financial applications developed using Microsoft .Net technology. The Synergy Collateral Management Application is used by NYC Department of Finance to receive inbound files from every bank and to track all city bank account balances and corresponding collateral coverage. In addition, Synergy is being used for audit purposes, to address FOIL requests and to provide NYC DOF with complete historical data for additional analytics. Synergy web-pages are fully integrated with Windows and other Microsoft products (e.g., Excel, Outlook, Word, Acrobat and Crystal reports). The Synergy Dashboard alerts the users to conditions of the collateral portfolio that need to be addressed. Synergy 's robust inquiry and reporting functions give the user the ability view and report consolidated data and to create dynamic customized reports with user defined filters. Synergy client/server technology and n- tier design is completely scalable and internet enabled with complete secure user administration. Contact us today to see if our solutions can work for your organization.

rown Cleaning Service 585 LLC is a certified Minority- Owned Business Enterprise (MWBE) based in Rochester, New York, providing professional janitorial and cleaning services to residential, commercial, and government clients. We are committed to delivering high-quality, reliable, and cost-effective cleaning solutions that meet the standards required by public sector agencies and regulated environments.

Our core services include routine janitorial services, deep cleaning, office and facility maintenance, move-in/move-out cleaning, and customized cleaning programs tailored to client specifications. We are equipped to service offices, multi-unit residential properties, and small-to-mid-sized commercial facilities, with flexible scheduling to minimize disruption to daily operations.

Brown Cleaning Service 585 LLC emphasizes compliance, safety, and consistency in every project. Our team follows established cleaning protocols and industry best practices, with a strong focus on sanitation, attention to detail, and accountability. We are committed to maintaining clean, healthy environments that support productivity and public safety.

As an MWBE-certified business, we help agencies and contractors meet supplier diversity and participation goals while delivering dependable, high-quality service. We are dedicated to building long-term partnerships through professionalism, transparent communication, and consistent performance.

WBE				
Concrete Rose Design LLC	**Marquita Rugless**	**585-303-4214**	**concreterosedesign@hotmail.com**	**www.ConcreteRoseDesign.com**
Products/Services:	Concrete Rose Design LLC provides interior site preparation, property cleanout, debris removal, and post-construction cleaning services for residential and commercial properties. Interior Site Preparation (Non-Structural Tear-Out): Preparing interior spaces for renovation or remodeling through selective, non-structural removal of interior finishes, including cutting and removing drywall, removing carpet, hardwood, laminate, vinyl, and tile flooring, and removing cabinets, countertops, fixtures, trim, and other interior finishes. All tear-out work is non-structural; we do not remove load-bearing walls, perform structural demolition, or conduct building teardowns, excavation, or earthmoving. Property Cleanouts and Debris Hauling: Full and partial cleanouts of residential and commercial properties, including estate cleanouts, rental turnover cleanouts, foreclosure and pre-sale cleanouts, and removal of furniture, appliances, and accumulated household or commercial contents. We load, haul, and properly dispose of all nonhazardous debris, including renovation debris generated from our own tear-out work. Post-Construction and Deep Cleaning: Detailed cleaning of newly built or renovated spaces to make them move-in or client-ready, including dust and debris removal, surface cleaning, window and fixture cleaning, floor cleaning, and final punch-list cleaning for contractors, builders, and property owners. We do not handle, transport, or dispose of hazardous materials, including asbestos, lead paint, chemicals, or biohazards.

02 | Project Package
Perfect for those with a specific need, one-time campaign, or limited budget
- Up to 4 deliverables from our a la carte menu, not to exceed $2,500 value. Choose up to 4 deliverables from the a la carte menu and we'll capture everything in one shoot day. Ideal for a campaign launch, fundraising push, events, or seasonal content refresh.

03 | Strategy Session
Perfect for those who need a clear plan before taking the next step
90-minute session | Follow-up summary included
Includes: A 90-minute 1:1 with NNM Founder and CEO Jenna Cohen. We'll work through your content goals, your audience, and where your current strategy has gaps. You'll leave with a written summary and concrete next steps you can act on right away.

On The Move Contracting Services	**Maat Reed**	**585-861-9500**	**maat@onthemovecs.com**	**www.onthemovecontractingservices.com**

Products/Services:

On The Move Contracting Services is a full-service advertising agency, including production, social media, and all media placements. We also utilize our M/WBE certification to create channel partnerships as a reseller for digitalization, elevator parts and we are on the NYS contract as a reseller for janitorial supplies and equipment.

Moses Operandi	**Lisa Moses**	**720-633-1614**	**lisa@mosesoperandi.com**	**www.mosesoperandi.com**
Products/Services:	My work spans a diverse range of disciplines, including interior architecture and renovations, branding and identity design, visioning and positioning, furniture and packaging design, exhibitions and installations, fine art, websites, and environmental graphics. I specialize in crafting innovative, bespoke solutions that bridge the gap between art and architecture. From immersive installations to community-driven designs, my holistic approach ensures a seamless process where I personally oversee every project as both creator and client liaison. This hands-on commitment is rooted in my belief that great design requires passion, precision, and personal dedication.

Products/Services:	Non-Emergency Medical Transportation (NEMT): We provide reliable transportation for patients attending important medical appointments such as primary care visits, specialist consultations, dialysis treatments, rehabilitation sessions, and mental health services, ensuring they arrive safely and on time. Hospital Discharge Transportation: We offer safe and timely rides for patients leaving hospitals or medical facilities, helping them return home comfortably while supporting continuity of care. Routine and Preventive Care Transportation: Our services make it easier for individuals to attend regular check-ups and preventive care visits, helping reduce missed appointments and improve overall health outcomes. Door-to-Door Transportation: We deliver personalized, door-to-door service, making sure each passenger is picked up and dropped off safely at their exact location, with attention to comfort and individual needs. Ambulatory Assistance: We assist passengers who are able to walk but may need a little extra help, always prioritizing safety, dignity, and respect. Flexible Scheduling: We offer both scheduled and recurring transportation options, making it easier for clients who require ongoing treatments such as dialysis or therapy. Coordination with Healthcare Providers and Agencies: We work closely with medical offices, case managers, and transportation programs to ensure smooth scheduling, clear communication, and efficient service for every client.
