**RE: RIDGEWAY AVE IMPROVEMENTS
ERIE CANAL COMMONS PLAZA TO RIDGE ROAD FIRE STATION 3
TOWN OF GREECE, MONROE COUNTY**

Dear Neighbor:

On or around Monday, April 6, a contractor working for the Monroe County Department of Transportation will begin work on the **Ridgeway Ave Safety Improvement Project**. This project is located on Ridgeway Ave, just east of the Long Pond Road intersection (between Erie Canal Commons plaza and the Ridge Road Fire Station No. 3).

The project will consist of:

- Widening of Ridgeway Ave to add a new center 2-way left turn lane
- Adding a westbound right turn-only lane at the Erie Canal Commons plaza entrance (from Ridgeway Ave)
- Milling & paving the entire pavement surface of Ridgeway Ave between Erie Canal Commons and Ridge Rd Fire Station No. 3.
- Replacement of portions of highway drainage system.
- Reconstruction of a portion of the existing concrete sidewalk.
- Minor modifications to pedestrian traffic signals.
- Relocation of existing signs.

This work will require daily lane and/or shoulder closures, with alternating one-way traffic (with flaggers) being utilized at times. Access to properties and side roads will be maintained during construction. Barring any unforeseen circumstances, we expect to have the project completed in 2 to 3 months.

If you have any questions regarding the project, please contact David Kubiak, Transportation Project Manager, at 585-753-7731 or by e-mail at davidkubiak@monroecounty.gov. Construction updates may also be obtained by visiting our website at www.monroecounty.gov/dot-construction.

Sincerely,

David Kubiak, P.E.,
Transportation Project Manager
