# TRANSPORTATION NEWS

*This informational newsletter will provide periodic updates (as needed) on the status of the Wiler Road Bridge Replacement Project and communicate upcoming construction activities to local residents.*

## CURRENT PROJECT STATUS

### WILER ROAD TO CLOSE APRIL 30, 2026 FOR BRIDGE REPLACEMENT

Beginning on **Thursday, April 30th**, the bridge on Wiler Road over West Creek (approx. ½ mile south of Brick Schoolhouse Road) will be closed to all traffic. This closure will allow for the Town of Hamlin's contractor, C.P. Ward, Inc., to replace the entire bridge.

Local traffic will be maintained to all driveways up to the bridge; however, the bridge itself will not be passable. Through traffic will follow a signed detour via Hamlin Center Road, Lake Road East Fork, and Brick Schoolhouse Road (refer to the back of this letter for a map of the detour route).

The project work will involve:

- Removal of the original bridge structure
- Installation of new pile foundations
- Construction of new footers
- Installation of new 3-sided pre-cast concrete bridge
- Asphalt paving over top of the new pre-cast concrete bridge
- Installation of new guiderail
- Installation of new pavement markings

Barring any unforeseen delays, we expect the project to be completed in November 2026. Monroe County is managing this project on behalf of the Town of Hamlin. For additional information on this project please visit the Monroe County website at: <https://www.monroecounty.gov/dot-construction>

### PROJECT CONTACTS:

*If you have questions about the Project, you can contact David Kubiak of the Monroe County DOT. Once the project starts you can also contact Bob Traver, who will be overseeing the construction inspection of the project.*
