**RE: Calkins Road Pavement Resurfacing  
Monroe County Highway Preventive Maintenance Project #8**

Dear Neighbor:

As part of Monroe County DOT's Highway Preventive Maintenance Project #8, Villager Construction, Inc. is scheduled to begin work on **Calkins Road between Pinnacle Road and Clover Street** on or around April 29, 2021. Work will include repair and cleaning of some drainage systems, upgrade of sidewalk ramps, milling and resurfacing of the top layer of asphalt, as well as installation of new pavement markings.

During construction, two way traffic will be maintained with daily lane closures as needed. Flaggers will be utilized to guide traffic around the work areas. Continuous access to driveways and side streets will be maintained, except when work is occurring directly in front of these access points. In these instances, there may be a brief delay until flaggers indicate that it is safe to cross the work zone.

The work will progress rapidly and is expected to be completed by mid-June. The work will be performed during the day. We apologize for any inconvenience this work may cause, and ask for your patience during this short construction duration. Joseph Mancini will be the full-time Resident Engineer assigned to this project. If any questions or concerns arise during construction, please contact Joe at 716-587-1578 or email [jmancini@luengineers.com](mailto:jmancini@luengineers.com). You can also contact me at 585-753-7729 or email [hherdzik@monroecounty.gov](mailto:hherdzik@monroecounty.gov).

Sincerely,

Henry Herdzik, P.E.  
Transportation Project Manager
