COUNTY EXECUTIVE

# TRANSPORTATION NEWS

*This informational newsletter will provide periodic updates (as needed) on the status of the Jacobs Road Bridge Replacement Project and communicate upcoming construction activities to local residents.*

## CURRENT PROJECT STATUS

### JACOBS ROAD BRIDGE REPLACEMENT TO BEGIN ON AUGUST 24, 2026

Beginning on, or around, **August 24, 2026**, the bridge on Jacobs Road over Yanty Creek (approx. 0.6 miles east of Redman Road) will remain closed to all traffic. This will allow Rochester Earth, Inc., a contractor for Monroe County DOT, to replace the bridge, which has been closed to vehicular traffic since May of 2025.

Local traffic will continue to be maintained to all driveways up to the bridge; however, the bridge itself will not be passable. Through traffic will continue to follow the signed detour via Redman Road, Moscow Road, and Priem Road (refer to the back of this letter for a map of the detour route).

The project will involve removal of the existing bridge superstructure and substructure, prior to the installation of a new 3-sided precast concrete structure. The bridge and adjacent roadway will be widened to accommodate 11-foot travel lanes and 6-foot shoulders in both directions. Additional improvements will also include installation of new bridge railing and approach guide railing, as well as armoring of the stream channel. Lastly, pavement markings will be replaced prior to re-opening the bridge to traffic.

Barring any unforeseen delays, we expect this project to be completed in November 2026.

Additional information on this project, as well as other Monroe County Department of Transportation projects, is available at: <https://www.monroecounty.gov/dot-construction>

### PROJECT CONTACTS:

*If you have questions about the Project, you can contact Eric Tait of the Monroe County DOT. Once the project starts you can also contact the Resident Engineer, Tom Siriphanthong, who will be on-site with the contractor.*

**County Representative:**

Eric Tait  
Transportation Project Manager  
Monroe County DOT
