TRANSPORTATION NEWS

This informational newsletter will provide periodic updates (as needed) on the status of the Boughton Hill Road Culvert Project and communicate upcoming construction activities to local residents.

CURRENT PROJECT STATUS

BOUGHTON HILL RD TO CLOSE JUNE 15, 2026 FOR CULVERT REPLACEMENT

Beginning on **Monday, June 15, 2026**, at 9:00am, the culvert on Boughton Hill Road over Irondequoit Creek Tributary (approx. 0.1 miles west of Mendon-Ionia Rd (NY-64) will be closed to all traffic. This closure will allow for Keeler Construction Corporation Inc., a contractor for the Monroe County Department of Transportation (DOT) to replace the culvert.

Local traffic will be maintained to all driveways up to the culvert; however, the culvert itself will not be passable. Through traffic will follow a posted detour route via West Bloomfield Road, Cheese Factory Road, and Mendon-Ionia Road (NY 64) (refer to the back of this letter for a map of the detour route).

The project will involve the complete removal of the existing culvert, including the asphalt deck. The existing structure will be replaced with a new polymer-coated pipe-arch structure. Watermain will be replaced to route around the culvert, asphalt shoulders at the culvert will be widened and pavement markings will be replaced before re-opening the culvert to traffic.

Barring any unforeseen delays, we expect this project to be completed in July 2026.

Additional information on this project, as well as other Monroe County DOT projects, is available at: <https://www.monroecounty.gov/dot-construction>

PROJECT CONTACTS:

If you have questions about the Project, you can contact Sam Giovino of the Monroe County DOT. Once the project starts you can also contact the Resident Engineer, Steve Butts, who will be on-site with the contractor.
