*Director*

February 5, 2024

Dear Neighbor:

Monroe County plans to replace the existing bridge carrying **Taylor Road over Irondequoit Creek** in 2025. Although Taylor Road is a town road, this bridge is owned and maintained by Monroe County.

Enclosed with this letter are a pamphlet describing the project and a comment form. Additional information regarding the project, including a brief 10 minute presentation, can be viewed on the Monroe County DOT website, Project Updates page: <https://www.monroecounty.gov/dot-construction>.

The existing bridge was originally constructed in 1950. It has wood piling foundations and an asphalt-covered wooden deck. The bridge has been inspected regularly and is in poor condition. It has been deemed by the Department to be near the end of its useful life. The proposed replacement structure will be a concrete arch structure.

Construction is scheduled to begin in the spring of 2025. During that time, Taylor Road will be closed to vehicular and pedestrian traffic at the bridge site. There will be a posted detour around the closure utilizing West Bloomfield Road, Bulls Sawmill Road and Chamberlain Road. The detour route is shown on the project pamphlet. The project is estimate to take approximately 4 months to complete.

If you have any questions regarding the project, please contact me at 585-753-7742, [kcox@monroecounty.gov](mailto:kcox@monroecounty.gov), or by mailing back the enclosed comment form no later than February 23, 2024.

Sincerely,

A handwritten signature in black ink that reads "Karen F. Cox".

Karen F Cox, P.E.  
Transportation Project Manager
