

Department of Transportation

Monroe County, New York

Adam J. Bello
County Executive

Thomas J. Frys, P.E.
Acting Director

March 2, 2022

Dear Neighbor:

During the summer and fall of 2022, a contractor for the Monroe County Department of Transportation, Cold Spring Construction Co., will be replacing the bridge on Edgemere Drive over the outlet channel from Long Pond to Lake Ontario (approximately ¼ mile west of Long Pond Road).

In order to complete this project, the following changes will be implemented during construction:

- A single lane of alternating one-way traffic will be established across the bridge on Edgemere Drive through the use of temporary traffic signals.
- The area beneath the bridge will be de-watered and CLOSED off to all boating traffic.
- Wake Drive will be closed to all traffic and residents on Old Edgemere Drive will be detoured to Lowden Point Road.

We ask that you bear with us during construction and consider making changes to any boating plans since all boating access between Long Pond and Lake Ontario will be restricted while the bridge is being replaced.

Construction updates on this project, in addition to other Monroe County DOT projects, can be found here:

Sincerely,

A handwritten signature in blue ink, appearing to read "D. Kubiak".

David M. Kubiak, P.E.
Transportation Project Manager

Alternative 3a - Precast arch with raised road profile

- ❖ Road profile raised by approximately 3.5 feet to improve waterway navigation.
- ❖ Asphalt wearing surface placed over the concrete arch.
- ❖ No center pier.
- ❖ Recommended alternative by Monroe County.
