

Department of Transportation

Monroe County, New York

Adam J. Bello
County Executive

Thomas J. Frys, P.E.
Director

May 21, 2024

Dear Neighbor:

Monroe County plans to replace the existing bridge carrying **Redman Road over Yanty Creek** in 2025. Enclosed with this letter, please find a pamphlet describing the project and a comment form.

The construction of the existing bridge took place in 1945, and it is in poor condition. The Department has deemed it to be near the end of its useful life and in need of replacement.

Construction is scheduled to begin in the spring of 2025. During that time, Redman Road will be closed to all traffic at the bridge site. Traffic will be directed around the closure through a posted detour, using Morton Road, County Line Road (NYS Route 272), and Moscow Road. The detour route is shown in the project pamphlet, and it's estimated to take approximately 5 months to complete the project.

If you have any questions regarding the project, please contact me at 585-753-7729, hherdzik@monroecounty.gov, or by mailing back the enclosed comment form no later than June 12, 2024.

Sincerely,

Henry Herdzik, P.E.
Transportation Project Manager
