## Monroe County Department of Public Health COVID-19 Update

Saturday, July 25, 2020

### \*\*\*Upcoming Change in Reporting Technique\*\*\*

Beginning Monday, Monroe County will make a weekly adjustment to the number of “New Cases” to reflect cases that were reported as “New Cases” during the previous week, but were later identified through case investigation as duplicates or out-of-county cases that were incorrectly attributed to Monroe County. We will also report weekly the updated total cases year-to-date by gender and age by decade.

### Monroe County COVID-19 Dashboard

We are making improvements to our COVID-19 dashboard, including the addition the *Monroe County COVID-19 Surveillance Report*, provided bi-weekly by the Rochester Emerging Infections Program, Center for Community Health and Prevention at URMC. For the most recent report, click on the link in the top left corner:

Monroe County updates the dashboard daily. Please remember that the numbers reflected on the dashboard are not official until the date and timestamp have been updated to today’s date.
