Monroe County Department of Public Health COVID-19 Update

Friday, January 8, 2021

Monroe County COVID-19 Dashboard dashboard.monroecounty.gov

New York State Early Warning Monitoring Dashboard <https://forward.ny.gov/early-warning-monitoring-dashboard>

7-Day Rolling Average Positivity Rate

The 7-day rolling average positivity rate for Monroe County is 9.8%.

New Cases and 7-Day Rolling Average of New Cases

There are 1114* new confirmed cases of COVID-19 since the last update. The 7-day rolling average of new cases is 600 new cases per day.

*Today's total new cases are a result of the state's positive test reporting system being down for an extended period of time earlier this week. During that time, the Monroe County Department of Public Health was not receiving reports of cases, which caused those cases to be included in today's report.
