What to do if...

...you are exposed to someone with COVID-19?

Do you have symptoms now?

NO

• Fully vaccinated & boosted OR Fully vaccinated but not eligible to be boosted

• No quarantine
• Wear a mask around others for 10 days
• If symptoms arise at any time, quarantine and get tested.
• If you can, get tested on day 5 even if you don’t feel sick

Negative Test? Quarantine ends. Continue to mask.

YES

• Fully vaccinated & eligible for a booster but not boosted OR not fully vaccinated

• Quarantine for 5 days
• Wear mask around others for an additional 5 days
• If symptoms arise at any time, continue quarantine and get tested
• Even if test is negative, finish quarantine and mask for additional 5 days

Regardless of vaccine status:

• Isolate and get tested

Not tested?
• Stay home, isolate from everyone in household for 5 days or until you feel better
• Continue to mask for additional 5 days

...you test positive for COVID-19

Is it a lab-confirmed test?

ISOLATE
Stay home and separate from others in your household for at least 5 days.

REPORT IT
Fill out an Isolation Order Request form online. www.monroecounty.gov

Is it an at-home test?

ISOLATE
Stay home and separate from others in your household for at least 5 days.

SNAP IT
Take a picture of your positive test result.

REPORT IT
Fill out an Isolation Order Request form online www.monroecounty.gov. Upload the picture of your positive test.

What about after 5 days?
If your symptoms are resolving, you may end your isolation period. If you still don't feel well, end isolation when you feel better.

BUT – continue to wear a well-fitting mask whenever you’re around other people for another 5 days.
