Medicare centered around you: Dependable networks, personalized support

Having great benefits means nothing without a reliable network to back them up. Ours is built on more than 90 years of proven strength and stability serving the greater Rochester community, and comes with the support of a local, caring team that's always here when you need it.

All plans offer a robust network of doctors, hospitals, and pharmacies that spans our 31-county footprint and beyond, allowing you to receive care from the providers you already know and trust.

Keeping you connected to care from anywhere

National

If you find yourself traveling out of our network, we have plan options that give you the freedom to receive covered services from other doctors and hospitals without having to pay the full cost.

Global

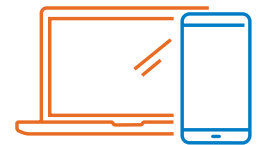

Enjoy peace of mind if you travel abroad, with worldwide coverage for urgent and emergency care included in every plan. For our members, this means:

- Access to care at **more than 14,000* urgent care centers** throughout the United States alone
- No surprise bills for emergency room visits across the globe. Any **emergency care is covered as in-network at a fixed copay**, no matter where it's located, how long you're there or how many tests are run as a result of your visit.

Virtual

Getting sick or needing care doesn't always happen when it's convenient. That's why we make it easy to get the support you deserve, when and where you need it.

Telehealth for medical and behavioral health

Your doctor may offer remote care visits via telephone, email, or video chat, so that you may continue your care with your trusted provider, even when you're traveling.

If this isn't currently offered through your doctor or if they aren't available for an appointment, we have partnered with MDLive® to offer virtual care visits for medical and behavioral health conditions. Connect with a doctor, therapist, or psychiatrist to receive affordable care from anywhere through your phone, tablet, or computer. Cost shares differ by plan, but all plans offer:

- \$0 - \$10 copay for medical telehealth appointments with an MDLive provider.
NEW FOR 2026: Telehealth services now include dermatology appointments.
- \$30 - \$55 copay for behavioral telehealth appointments with an MDLive provider.

24/7 Nurse Care Line

Our specially trained registered nurses are available by phone 24/7 to answer your general questions and provide support for chronic or complex health conditions for no charge.

Wellframe® App

Get instant access to care managers, dietitians, nurses, and other health care professionals that can help you meet your health and wellness goals, all for free.

Need more dental coverage?

While all of our Medicare Advantage plans include preventive dental services, if you expect to need more serious dental work during the year, you have the option to purchase up to \$1,000 in supplemental dental coverage for an additional monthly premium. You can elect this coverage at the same time that you elect your Excellus BCBS Medicare Advantage plan.

Here's what our optional supplemental dental benefit looks like and how it works with the dental coverage that's included in each of our plans:

Medicare Blue Choice[®] Core (HMO) and Medicare Blue Choice[®] Prime (HMO):

- Preventive dental included for no additional cost
- Optional supplemental benefit available for an additional premium of \$43/month. This covers up to \$1,000 for eligible comprehensive dental services.

Medicare Blue Choice[®] Optimum (HMO-POS):

- Preventive dental included for no additional cost
- \$500 annual comprehensive dental allowance included for no additional cost
- Optional supplemental benefit available for an additional premium of \$26/month. This covers up to \$500 for eligible comprehensive dental services, for a total of \$1,000 in comprehensive dental coverage.

For existing members planning to keep the same Medicare Advantage plan in 2026 but wish to add optional dental coverage, you must complete a new application and re-enroll.
