**Subject: Amending the 2021 Monroe County Budget to Transfer Funds and Authorize an Intermunicipal Agreement with the Town of Mendon for Paving Services at a County Owned Parking Lot in Lehigh Valley Trail Park**

Honorable Legislators:

In the dark days after bankruptcy, and abandonment of its rights-of-way, few could see any future for the Lehigh Valley, other than a rapid slide into obscurity. Fortunately for the generations to come, Monroe County took a forward-looking view, and after the demise of the main line in 1976, sought and acquired the old Lehigh Valley right-of-way.

Late in 1993, the Mendon Foundation approached Monroe County with a proposal to develop and maintain the Lehigh Valley rail trail. A formal agreement was signed in February 1995. In the subsequent years, with the County and the Foundation working together, \$1,300,000 of Federal, County and Private funds were secured.

The Trail reached substantial completion in the fall of 2004. In fact, it is an unusual dual trail system, consisting of a 10'+ wide, multi-use trail with a stone dust surface, and a parallel 5' wide equestrian trail. This approximately 15-mile trail is an outstanding facility for walking, hiking, jogging, biking, cross-country skiing, and equestrian use. It is also a vital link in the area's expanding regional trail network, connecting the Genesee Valley Greenway Trail to the west with Victor's Auburn Trail to the east.

The Town of Mendon has several points of access to the Lehigh Valley Trail, but none more popular than the trailhead alongside intersected by Route 251 featuring a parking lot able to serve approximately 100 cars. The lot is approximately 36,900-square feet. And extends 484-feet to the south of Route 251. It is currently a gravel lot and receives heavy season use from patrons of the Lehigh Valley Trail and HFL-Mendon Youth Baseball League, which is adjacent to the trailhead and parking lot. The lot is deteriorating and has not received any attention from the County. Recently, the Town of Mendon delivered and laid millings at the parking lot entrance/exit to Route 251 because several vehicles were "bottoming out" when entering and exiting the parking lot.

The Town of Mendon Highway Superintendent recently surveyed the parking lot and estimated the total cost of paving to be \$57,870. That include the following costs:

- 19mm of Binder (691 Ton): \$48,370
- Labor & Equipment from the Town of Mendon: \$6,000
- Equipment Rental: \$3,500

An additional \$5,130 in contingency funds has been budgeted in this proposal for potential changes in material and equipment costs, bring the total project cost to \$61,000.

This parking lot is used not just by residents of the Town of Mendon, but residents across Monroe County and through the region. It is imperative that we invest in our parks and natural resources, which serve as a gateway to our community for so many residents and visitors.

**The specific legislative actions required are:**

1. Amend the 2021 operating budget to transfer \$63,000 from general fund 9001, fund center 1001020000, Community Contingency Fund to the Department of Parks, general fund 9001, funds center 8802000000, Parks - Operations, to make available sufficient appropriations to pave a County owned parking lot in Lehigh Valley Trail park, adjacent to Route 251, having an approximate address of or near 3865 Rush Mendon Road, Mendon, NY 14506.
2. Authorize the County Executive, or his designee, to execute an intermunicipal agreement with the Town of Mendon, in an amount not to exceed \$63,000, to perform paving services on a County owned parking lot in Lehigh Valley Trail park, adjacent to Route 251, having an approximate address of or near 3865 Rush Mendon Road, Mendon, NY 14506, for the period of September 1, 2021 through June 1, 2022.

The provisions of the New York State Environmental Quality Review Act shall be complied with prior to the undertaking, funding, or approving the action authorized in this referral.

Funding for this agreement will be made available through the above listed legislative action. No additional net County support is required in the current Monroe County Budget.

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Causewave Community Partners, Inc. ("Causewave") in the amount of \$60,000 for implementation of the Stormwater Community Education Program for the period of January 1, 2021 through December 31, 2021, with the option to renew for four (4) additional one-year terms in an amount not to exceed \$60,000 per year.

The contract with Causewave will allow work to continue on the Stormwater Community Education Program that is commonly referred to as the H2O Hero Program. Causewave's services will involve the continuation of the H2O Hero Program including technical assistance with implementing the H2O Hero public education campaign, and strategic planning; audit of current creative materials; website review and editing; development of new educational pieces; public survey and assistance with new outreach strategies such as digital and outdoor advertising and public engagement and outreach.

It has been determined that Causewave is a sole source provider for these services because it owns the intellectual property rights to the H2O Hero brand. Causewave's marketing expertise and knowledge, commitment to capacity building for their nonprofit clients, and the existing working relationship with the Monroe County Stormwater Program, provide added value to the program.

**Subject:** Authorize the Acceptance of an Engineering Planning Grant from the New York State Environmental Facilities Corporation for the Genesee Valley Pump Station Project

Honorable Legislators:

I recommend that Your Honorable Body authorize the acceptance of an Engineering Planning Grant ("EPG") from the New York State Environmental Facilities Corporation in an amount up to \$50,000 for the Genesee Valley Pump Station project.

The Genesee Valley Pump Station project is required to provide relief to the Rochester Pure Waters District's (the "District") Wilson Boulevard trunk sewer and restore capacity in the District's collection system. Additionally, this project would allow the University of Rochester ("UofR") to expand its emergency medical facilities and permit future development in the Wilson Boulevard trunk sewer's sewershed south of the UofR Medical Center. The improvements will include a new 3.5 million gallon per day sanitary pump station and force main consisting of a diversion structure, wet well with submersible pumps, valve and meter vaults, a small building to house electrical, instrumentation, and control components, and a force main approximately 1,500 linear feet that will cross under the Genesee River roughly 900 feet south of Elmwood Avenue. The project also includes upgrading Irondequoit Bay South Central Pure Waters District's Brighton 5 Pump Station and extending a force main from the Brighton 5 Pump Station to the new force main.

The Genesee Valley Pump Station project has been selected to receive up to \$50,000 from the Wastewater Infrastructure EPG program through the New York State Clean Water State Revolving Fund administered through the New York State Environmental Facilities Corporation to help pay for engineering and planning to produce an engineering report for Genesee Valley Pump Station project. The estimated cost of the Genesee Valley Pump Station project is \$5,500,000.

**The specific legislative actions required are:**

1. Authorize the County Executive, or his designee, to execute a Grant Agreement with the New York State Environmental Facilities Corporation and any and all other contracts, documents, and instruments necessary to bring about the project and to fulfill Monroe County's obligations under the Grant Agreement for the Genesee Valley Pump Station Project (EPG Application Number 105197).
2. Amend the 2021 operating budget of the Department of Environmental Services by appropriating the sum of \$50,000 into pure waters fund 9007, funds center 8572010000 Pure Waters Administration.

(585) 753-1000 • fax: (585) 753-1014 • www.monroecounty.gov • e-mail: countyexecutive@monroecounty.gov

3. Authorize the County Executive to appropriate a minimum 20% local match, in addition to in-kind services, as required by the EPG Program for the Genesee Valley Pump Station Project (EPG Application Number 105197). Under the EPG Program, this local match must be at least 20% of the EPG grant award of \$50,000. The source of the local match and any amount in excess of the required local match is included in the 2021 operating budget of the Department of Environmental Services, pure waters fund 9007, funds center 8572010000 Pure Waters Administration.
4. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
5. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

The provisions of the New York State Environmental Quality Review Act shall be complied with prior to Your Honorable Body undertaking, funding, or approving the action requested in this referral.

This grant requires a local match of 20% (i.e., \$10,000). This \$10,000 match is included in the 2021 operating budget of the Department of Environmental Services, pure waters fund 9007, funds center 8572010000 Pure Waters Administration. No additional net County support is required in the current Monroe County budget.

Subject: Authorize Contracts with the MRB Group for Professional Engineering Services and the University of Rochester for the Genesee Valley Pump Station Project

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with MRB Group for professional engineering services in the amount of \$346,670 and an agreement with the University of Rochester ("UofR") for the Genesee Valley Pump Station project.

The Genesee Valley Pump Station project is required to provide relief to the Rochester Pure Waters District's (the "District") Wilson Boulevard trunk sewer and restore capacity in the District's collection system. Additionally, this project would allow the UofR to expand its emergency medical facilities and permit future development in the Wilson Boulevard trunk sewer's sewershed south of the UofR Medical Center. The improvements will include a new 3.5 million gallon per day sanitary pump station and force main consisting of a diversion structure, wet well with submersible pumps, valve and meter vaults, a small building to house electrical, instrumentation, and control components, and a force main approximately 1,500 linear feet that will cross under the Genesee River roughly 900 feet south of Elmwood Avenue. The project also includes upgrading Irondequoit Bay South Central Pure Waters District's Brighton 5 Pump Station and extending a force main from the Brighton 5 Pump Station to the new force main.

MRB Group will provide preliminary design services in the amount of \$346,670. Several consultants were considered, with MRB Group rated the most qualified to provide professional engineering services for this project.

Under an agreement with the UofR, the UofR shall reimburse the District and Irondequoit Bay South Central Pure Waters District 50% of all costs for the Genesee Valley Pump Station project, furnish all required temporary and permanent easements required on UofR land for the project at no cost, and convey either a fee interest in or an easement over UofR property for the pump station underground vaults and the control building at no cost to the District.

The estimated cost of the improvements is \$5,500,000, with 50% of these costs being reimbursed by the University of Rochester. The actual debt service obligation for the cost of the project, as projected in future years, could potentially result in an increase of \$1.70 to the future annual charges of the average District ratepayer. However, the actual impact may be reduced through retirement of previous debt and other offsets to the District's capital charge levy.

The specific legislative actions required are:

- 1. Authorize the County Executive, or his designee, to execute a contract with MRB Group, 145 Culver Road, Suite 160, Rochester, New York 14620 in the amount of \$346,670 for professional engineering services for the Genesee Valley Pump Station project, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

2. Authorize the County Executive, or his designee, to execute a contract with the University of Rochester, 601 Elmwood Avenue, Rochester, New York 14642, for financial participation in and the conveyance of interest in real property for the Genesee Valley Pump Station project.

The provisions of the New York State Environmental Quality Review Act shall be complied with prior to Your Honorable Body undertaking, funding, or approving the action requested in this referral.

Funding for this project, consistent with authorized uses, will be included in the capital fund 2009 and in any other capital fund(s) created for the same intended purpose. The local funding for this project will ultimately be provided by Pure Waters District user fees. No net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither MRB Group, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Ryan Colvin, President / Chief Executive Officer  
James Oberst, Executive Vice President / Chief Operating Officer  
David Doyle, Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

By Resolution 422 of 2017, Your Honorable Body authorized an Order on Consent for the FEV WRRF with the New York State Department of Environmental Conservation ("NYSDEC"). The schedule, approved by the NYSDEC, associated with the Order on Consent to design and construct an enhanced or modified aeration system to correct the aeration system deficiencies with a project completion by 2025. Phase A of the aeration system improvements has been completed. Phase B is scheduled to start construction in 2022. Concurrent to the design of Phase B, significant loads to the aeration system from the recycle and centrate flows from the solids processing were identified. Improvements to the recycle and centrate treatment are anticipated to enhance secondary treatment (inclusive of the aeration system) and conform to the requirements of the Order on Consent. The improvements are also expected to decrease dewatering of solids and plant odors.

The Rochester Pure Waters District will initiate a FEV WRRF Recycle Improvements Study to evaluate the recycle and centrate waste stream, improvement alternatives, and associated construction cost estimates. Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Division of Homeland Security and Emergency Services in the amount of \$221,878 for the 2020-21 Public Safety Answering Points ("PSAP") Operations Grant Program for the period of January 1, 2021 through December 31, 2021.

The New York State Division of Homeland Security and Emergency Services, through its Office of Interoperable and Emergency Communications, has been designated to administer a grant program to support counties' public safety call-taking and dispatching expenses. The PSAP Operations Grant provides reimbursement to counties for general operating expenses and will be utilized for the existing 911 staff salary and benefits. This is the seventh year the County has received this grant. This year's funding represents a decrease of \$42,877 from last year.

**The specific legislative actions required are:**

1.
