Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Part 1 of the EAF indicates that the site contains or is near wetlands and could have the presence of endangered species. This action pertains solely to the acquisition of easements on Moscow Road. No wetlands or endangered species will be impacted by the acquisition itself. Any future development of the parcel will be subject to local zoning and building codes, as well as all applicable federal and New York State wetland regulations.

Accordingly, no wetlands or endangered species will be impacted from this sale and the action will not result in any significant adverse environmental impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Acquisition of Easements for the Calkins Road Highway Improvement Project in the Town of Henrietta

Honorable Legislators:

I recommend that Your Honorable Body determine whether the acquisition of easements for Calkins Road Highway Improvement Project in the Town of Henrietta may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA"). This action is described as follows:

<u>Parcel</u>	<u>Owner</u>	<u>Amount</u>
Map 60R	Adam R. Rene	\$2,100
Parcel 1 PE 1,113 sf	20 Douglas Road	
1208 Calkins Road	Rochester, NY 14610	
T.A. # 176.08-1-2		
Town of Henrietta		

The Monroe County Department of Transportation has identified the need to relocate a section of watermain just east of Bard Lane. After discussions with the Monroe County Water Authority, the optimal location for the relocated watermain has been determined to be 10 feet north of the existing sanitary sewer. This change necessitates a revision to Map 60. While a 1,050-square-foot easement area was previously acquired under Resolution 362 of 2023, the relocation will require the acquisition of an additional 1,113 square feet of easement area.

The acquisition of easements for Calkins Road Highway Improvement Project in the Town of Henrietta has been preliminarily classified as an Unlisted Action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the acquisition of easements for the Calkins Road Highway Improvement Project in the Town of Henrietta is an Unlisted Action.

2. Make a determination of significance regarding the acquisition of easements for the Calkins Road Highway Improvement Project in the Town of Henrietta pursuant to 6 NYCRR 617.7.
3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
