To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize a Contract with LaBella Associates, D.P.C. for Professional Engineering Services for the Iola Combined Heat & Power Plant Improvements Project

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with LaBella Associates, D.P.C. in the amount of $355,000 for professional engineering services for the Iola Combined Heat & Power Plant Improvements Project.

The Monroe Community Hospital (“MCH”) and 111 Westfall Road Building currently obtain utility services (electricity, steam, domestic hot water) from utility infrastructure that was constructed in 2002 at the former Iola complex. This project includes improvements to critical utility infrastructure (e.g., rehabilitate utility tunnel under East Henrietta Road, hardening of electrical switchgear room, and other electrical and mechanical improvements) to provide continued reliable, effective, and efficient utility services to MCH and the 111 Westfall Road Building.

Several consultants were considered, with LaBella Associates, D.P.C. rated the most qualified to provide professional engineering services for this project. LaBella Associates, D.P.C. will provide design services in the amount of $355,000.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract with LaBella Associates, D.P.C., 300 State Street, Suite 201, Rochester, New York 14614, in the amount of $355,000 for professional engineering services for the Iola Combined Heat & Power Plant Improvements Project, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) (“maintenance or repair involving no substantial changes in an existing structure or facility”) and (2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part”) and is not subject to further review under the State Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in capital fund 2006 and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.
Monroe County Legislature
October 8, 2021

The records in the Office of the Monroe County Treasury have indicated that neither LaBella Associates, D.P.C., nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Steven Metzger, CEO
Jeffery Roloson, President
Mark Kukuvka, Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Acquisition of Interests in Real Property for a Fiber Optic Permanent Easement located on East Ridge Road in the Town of Irondequoit

Honorable Legislators:

I recommend that Your Honorable Body determine whether the authorization of interests in real property at East Ridge Road in the Town of Irondequoit may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act (“SEQRA”).

The proposed acquisition of interests are as follows:

The acquisition of interests in real property located at East Ridge Road in the Town of Irondequoit has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the acquisition of interests of this real property located at East Ridge Road in the Town of Irondequoit is an Unlisted action.
2. Make a determination of significance regarding the acquisition of interests located at East Ridge Road in the Town of Irondequoit pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello  
Monroe County Executive

Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurrence, duration, reversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the acquisition of a Fiber Optic Permanent Easement and does not include the physical alteration nor disturbance of the property. Although Part 1 of the EAF indicates there are archaeological resources and wetlands in the area, the proposed action does not include physical alteration of the site, and any future use of the property will need to be reviewed and consistent with the current zoning code and permitting requirements for wetlands from state and federal regulatory bodies. Accordingly, it has been determined that no significant adverse environmental impacts will occur from this action.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Subject: Increase and Improvement of Facilities in the Gates-Chili-Ogden Sewer District – Acquisition of Property at 13 and 15 Carroll Street from the Village of Churchville

Honorable Legislators:

I recommend that Your Honorable Body approve an Increase and Improvement of Facilities in the Gates-Chili-Ogden Sewer District ("District") for the Acquisition of Property at 13 and 15 Carroll Street from the Village of Churchville ("Churchville").

The total Increase and Improvement of Facilities in the District is the Acquisition of Property at 13 and 15 Carroll Street from Churchville ($1).

Your Honorable Body, through Resolution 157 of 2001, authorized the District to enter into an intermunicipal agreement with the County Churchville for the Churchville/Mill Seat Pump Stations and Forcemain Project. The District constructed the project and financed the costs for the Churchville Pump Station and Forcemain portion of the project on behalf of Churchville, which is currently reimbursing the District in accordance with the agreement.

The Churchville Pump Station, located at 13 and 15 Carroll Street, has been operated and maintained by the District since the commissioning of the completed pump station in 2007. 13 Carroll Street (Tax Account #143.13-3-26) is a 0.20 acre parcel and 15 Carroll Street (Tax Account #143.13-3-27) is a 0.14 acre parcel.

The specific legislative actions required are:

1. Hold a Public Hearing for the proposed "Increase and Improvement of Facilities in the Gates-Chili-Ogden Sewer District – Acquisition of Property at 13 and 15 Carroll Street from the Village of Churchville."
2. Following the Public Hearing, adopt a resolution approving the “Increase and Improvement of Facilities in the Gates-Chili-Ogden Sewer District – Acquisition of Property at 13 and 15 Carroll Street from the Village of Churchville.”

The provisions of the New York State Environmental Quality Review Act shall be completed prior to Your Honorable Body undertaking, funding, or approving the action requested in this referral.

Funding for this acquisition, consistent with authorized uses, is included in capital fund 1923 and in any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend the 2022-2027 Capital Improvement Program to Increase Funding for the MCRC & RRF Facilities Improvements Project

Honorable Legislators:

I recommend that Your Honorable Body amend the 2022-2027 Capital Improvement Program to increase funding for the MCRC & RRF Facilities Improvements project from $200,000 to $708,000.

The County owns and maintains the Monroe County Recycling Center (“MCRC”) and the Monroe County Resource Recovery Facility (“RRF”), located at 1845 Emerson Street in the City of Rochester. The MCRC was opened in 1991 and the RRF was opened in 1979. This referral is necessary to provide funding for the improvement of the MCRC and RRF buildings complex. The projects include general architecture and engineering improvements to the heating system, truck circulation areas, restrooms, and the roof and building envelopes. The project is necessary to maintain the integrity and reliability of these County facilities, the safety of operations, and the continuity of services. The estimated cost of the improvements is $708,000, which shall be provided as cash capital rather than bond proceeds.

The specific legislative action required is to amend the 2022-2027 Capital Improvement Program to increase funding for the MCRC & RRF Facilities Improvements project from $200,000 to $708,000.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) (1) (“maintenance or repair involving no substantial changes in an existing structure or facility”); and (2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be available in a capital fund established for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
