Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Acquisition of Real Property for the Salt Road Highway Improvement Project in the Town of Penfield

Honorable Legislators:

I recommend that Your Honorable Body determine whether the authorization of interests in real property for the Salt Road Highway Improvement Project in the Town of Penfield may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA"). The proposed acquisition of interests are as follows:

The Acquisition of Real Property located at the addresses defined above in the Town of Penfield have been preliminarily classified as an Unlisted Action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the acquisition of real properties located at the above listed addresses in the Town of Penfield is an Unlisted action.

2. Make a determination of significance regarding the acquisitions of real property identified above in the Town of Penfield pursuant to 6 NYCRR 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The proposed action is for the acquisition of interests in properties and improvements to an existing roadway. Improvements consist of remedying asphalt condition, improving roadside drainage, cross slopes, and increasing width and condition of paved shoulders, all of which are consistent with Type II roadway maintenance (617.5(c)(5)) and has been found categorically to not have significant adverse impacts on the environment. Accordingly, roadway maintenance will not result in a significant adverse environmental impact.

The acquisition of interests in properties is limited to permanent and temporary easements related to roadway maintenance and improvements that by themselves are classified as a Type II action. The acquisition of temporary and permanent property interests are ancillary to necessary roadwork and are minor, but are an unlisted action. However, such property acquisitions are minor and ancillary to roadwork will not result in a significant adverse environmental impact.

Considering both actions together the main environmental concerns are impacts to wetlands. The scope of work does include shoulder improvements which may widen the impermeable surface. However, shoulder improvements are minimal, will be constrained by environmental and physical features and will include drainage channels that will allow runoff to infiltrate and filter into the ground or into storm sewers before reaching adjacent wetlands. Additionally, should a wetland delineation determine encroachment on existing wetlands Monroe County will seek appropriate permits with required mitigation efforts from the New York State Department of Environmental Conservation consistent with the Freshwater Wetlands Act.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Subject: Confirmation of Reappointments to the New York State Department of Environmental Conservation Region 8 Fish and Wildlife Management Board

Honorable Legislators:

I recommend that Your Honorable Body confirm the reappointments of Hon. Frank X. Allkofer and Mr. William Gibson to the New York State Department of Environmental Conservation Region 8 Fish and Wildlife Management Board, pursuant to Section 11-0501 of the New York State Environmental Conservation Law.

Hon. Frank X. Allkofer serves as the Legislature Member. His reappointment will expire on December 31, 2023.

Mr. William Gibson serves as the Sportsman Member. His reappointment will expire on December 31, 2023.

The specific legislative action required is to confirm the reappointments of Hon. Frank X. Allkofer, 2758 Lyell Road, Rochester, New York 14606, and William Gibson, 58 Lost Mountain Trail, Rochester, New York 14625, for terms effective immediately and expiring on December 31, 2023, to the New York State Department of Environmental Conservation Region 8 Fish and Wildlife Management Board, pursuant to Section 11-0501 of the New York State Environmental Conservation Law.

The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

These reappointments will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
