To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Enacting a Local Law Requiring Pharmacies to Provide Notice on the Availability of Naloxone

Honorable Legislators:

This legislation is being resubmitted with bipartisan sponsorship after additional discussion and collaboration. In 2019, Monroe County lost 127 residents to an opioid overdose. While our community has made significant efforts to support residents battling opioid addiction, we must continue to remove barriers to treatment and end the stigma associated with this public health crisis.

Opioid antagonists, such as naloxone/Narcan, are effective in neutralizing the effects of an opioid overdose. According to one report on naloxone dosages given by New York State law enforcement officers from 2014 to 2017, 88% of individuals who received naloxone during an opioid overdose survived. Over 100 pharmacies in Monroe County provide this life-saving medicine without a prescription through standing orders pursuant to New York State Public Health Law. It is crucially important that we ensure that the public is made aware that this resource is available to them. Individuals that need or support those who need naloxone may not know this resource is available or may not want to inquire with a pharmacist due to perceived stigma associated with opioid use.

To promote the health and well-being of individuals residing in Monroe County, we propose that thisHonorable Body adopt a local law requiring pharmacies in Monroe County that provide naloxone to alert the public that this medicine is available without a prescription. Rather than requiring individuals to request naloxone or other opioid antagonists, the proposed local law would require pharmacies to inform customers of the availability naloxone whenever they refill, renew, or first fill an opioid prescription for a customer. The legislation if enacted, would be known as “Maisie’s Law” in honor of Maisie Gillan, an infant who tragically died of an accidental overdose in 2019.
The specific legislative actions required are:

1. Schedule and hold a public hearing on the proposed local law.

2. Adopt the attached Local Law entitled “Maisie’s Law” as written.

This local law will have no impact on the revenues or expenditures of the current Monroe County budget. The provisions of the New York State Environmental Quality Review Act shall be complied with prior to this Honorable Body undertaking, funding, or approving the action requested in this referral.

We recommend that this matter be referred to the appropriate committee(s) for favorable action by this Honorable Body.

Respectfully submitted,

Jackie Smith

Intro. No. ___

LOCAL LAW NO. ___ OF 2020

ENACTING LOCAL LAW ENTITLED "PHARMACIES TO PROVIDE NOTICE ON THE AVAILABILITY OF NALOXONE"

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Legislative Intent. While our community has made significant efforts to support residents battling opioid addiction, we must continue to remove barriers to treatment and end the stigma associated with this public health crisis.

Opioid antagonists, such as naloxone/Narcan, are effective in neutralizing the effects of an opioid overdose. Over 100 pharmacies in Monroe County provide this life-saving medicine without a prescription through standing orders pursuant to New York State Public Health Law. It is the intent of this local law to ensure that the public is aware that this resource is available; promote the spread of information as to the causes, nature, and prevention of opioid use disorder; and preserve and improve public health.

Section 2. Definitions. The following terms used in this local law shall have the meanings indicated:

1. "Opioid" means an opiate as defined in section 3302 of the Public Health Law.

2. "Opioid antagonist" means a drug approved by the Food and Drug Administration, that, when administered, negates or neutralizes in whole or in part the pharmacological effects of an opioid in the body. An opioid antagonist is limited to naloxone or other medications approved by the New York State Department of Health for this purpose.

3. "Pharmacy" means a pharmacy registered in accordance with Article 137 of the New York State Education Law.

4. "Public Health Notice" means notice of the availability of an opioid antagonist at a particular pharmacy in a form provided by the Monroe County Department of Public Health.

5. "Standing order" means a non-patient specific prescription to dispense an opioid antagonist to a consumer.

Section 3. Pharmacies to Notify Customers of Availability of Opioid Antagonists with the Delivery of an Opioid.
1. All pharmacies within Monroe County that maintain a standing order must provide a Public Health Notice to customers to whom the pharmacy dispenses an opioid. Such Public Health Notices must be signed by the customer to acknowledge receipt prior to the dispensation of an opioid in accordance with Section 3(2), below.

2. Pharmacies within Monroe County that maintain a standing order must provide a Public Health Notice:

   a. The first time a customer fills an opioid prescription at the pharmacy;

   b. The first time a customer renews, refills, and/or fills a new prescription for an opioid after the effective date of this local law; or

   c. Any time there is a change in a customer’s prescription, including but not limited to dosage amount or frequency.

3. The provisions of this local law shall not limit the authority of a health care professional to prescribe, dispense or distribute, or of a pharmacist to dispense, an opioid antagonist under any other provision of local, state, or federal law.

Section 4. Severability. If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. Effective Date. This local law shall take effect 90 days after it is filed with the Secretary of State in accordance with the provisions of the Municipal Home Rule Law.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Confirmation of Appointments to the Monroe County Board of Ethics

Honorable Legislators:

In accordance with Section 45-24 of the Code of Ethics of the County of Monroe and Article 18, Section 808 of the General Municipal Law of the State of New York, I recommend that Your Honorable Body confirm the appointments of the following individuals to serve on the Monroe County Board of Ethics:

- Ms. Hilda Rosario Escher, residing at 708 Beach Avenue, Rochester, New York 14612
- Mr. Clayton Osborne, residing at 30 Stonebury Crossing, Pittsford, New York 14534
- Ms. Andrea Guzzetta, residing at 5 Summit Crest Circle, Penfield, New York 14526

The terms of Ms. Rosario Escher, Mr. Osborne, and Ms. Guzzetta will begin immediately. Copies of their resumes are attached.

The specific legislative action required is to confirm the appointments of Ms. Hilda Rosario Escher, Mr. Clayton Osborne, and Ms. Andrea Guzzetta to the Monroe County Board of Ethics, pursuant to Section 45-24 of the Code of Ethics of the County of Monroe and Article 18, Section 808 of the General Municipal Law of the State of New York, for terms beginning immediately.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

This proposed Local Law will require no additional net County support in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Hilda Rosario Escher

For the past 30+ years, Hilda Rosario Escher has dedicated both her personal and professional life to helping others. Her work at Ibero has changed the lives of children, youth, families, and individuals with developmental disabilities. Children can start school on time and at the appropriate level, teens build their self-esteem through Ibero programs, parents are able to go back to school and strengthen their family unit, all because of Hilda’s work at Ibero and in the community through various organizations. At the end of this year, which happens to be Ibero’s 50th anniversary, Hilda will retire. She can never be replaced, but she has taught her staff through by example and served as an inspirational leader.

PROFESSIONAL LEADERSHIP

As the President and CEO of the Ibero-American Action League (Ibero) for the past 13 years, Hilda Rosario Escher has transformed the only dual-language human services agency in the Rochester region. Ibero provides programs and services to children, youth, families, and individuals with developmental disabilities. Ibero also offers a program for entrepreneurs in Buffalo and Waverly, an affordable housing program for residents in the City of Rochester, and oversees its own radio station WEPL-EI Poder in Rochester. In addition to all these programs and initiatives, Ibero oversees a recently acquired subsidiary, Centro Civico, in Amsterdam and Albany. The above-mentioned programs are either new or have grown tremendously under the leadership of Hilda Rosario Escher. The results from this growth and new partnerships has resulted in the following:

- An increase in the number of individuals and families Ibero serves (from approximately 10,000 at the start of Hilda’s term as president/CEO to more than 20,000 in 2018).
- An increase in staff, consequently providing additional jobs for individuals in the Rochester community (from 165 employees to 300 current employees).
- An award-winning Early Childhood Center that is recognized both locally and nationally for its successful program and results that include a parent engagement and student attendance rate of 95 percent. The Center has also received awards for the early reading initiative. Kids that attend the center are able to read by the time they reach first grade.
- The establishment of the first and only dual-language radio station in 2015. WEPL (EI Poder Latino/Latino Power) 97.1FM is a community station that offers educational programming for both Latinos and non-Latinos in Rochester. Topics focus on education, health, advocacy, law, financial management, civic engagement, and other areas. This is the first 24-hour Latino radio station in Upstate NY.
- An increase in consumer reach in New York State through Ibero’s subsidiary Centro Civico in Amsterdam, New York. Centro Civico is the only Latino human services agency in Amsterdam, an area with a high number of Latinos who live in extreme poverty. The agency was on the brink of financial collapse until Hilda put together a team of board members to analyze their finances, programs, and structure. Once Ibero acquired Centro Civico as a subsidiary, Ibero implemented its proposed changes and Centro Civico is now starting to make a profit. Had this new relationship not been formed at the urging of Hilda, Centro Civico would have closed, leaving approximately 6,000 Latinos with nowhere to go for direct support.
- An expansion of Ibero’s youth program into additional schools in the Rochester City School District and the Eugenio Maria de Hostos Charter School.

- When Hilda started at Ibero the Latino Scholarship Program gave scholarships to 8 students for a total of $16,000. By partnering with colleges, businesses, philanthropists and community leaders, Ibero was able to increase the number of scholarships to 66 for a total of $1 million.
- Increased services for individuals with disabilities from $350,000 to $7 million.
- Created new affordable housing opportunities in a distressed neighborhood.

The results listed above were made possible under Hilda’s leadership and in collaboration with new managerial staff she handpicked to help in Ibero’s transformation. These new leaders were in the roles of Chief Operations Officer, Chief Financial Officer, and Director of Development and Communications. With this new team in place, Ibero reduced its line of credit from $300,000 to $150,000; increased unrestricted funding by three percent; increased event attendance by three percent; secured its largest sponsorship in history (5-year agreement/$15,000 per year) with Vision
Auto; and increased media coverage of the agency by 500 percent. The communications efforts resulted in two awards from both the American Marketing Association of Rochester and the Public Relations Society of America Rochester Chapter in 2016.

Under Hilda’s leadership, Ibero has several programs that continue to be recognized for their results. These include the children’s programs at the Early Childhood Center, youth programs in the division of Youth Services, and programs in the Family Services Division. The quality of Ibero’s programs and services are well-known in the Latino community in Rochester and throughout Monroe County and among nonprofits that must also work with consumers in similar roles. Additionally, Ibero is now well-known in Puerto Rico because of the number of families that have relocated to Rochester due to Hurricane Maria. Individuals in Puerto Rico contacted Ibero through social media and email before they even arrived because they had been referred to the agency by a relative or friend. Ibero’s ability to reach so many more individuals and families today is because of the work that Hilda has done and the team she has brought on staff to fulfill the agency’s mission.

III. PERSONAL LEADERSHIP

Hilda’s own personal mission has always been to help other people. She puts the needs of others first, never hesitating to assist them with their needs. Hilda has undoubtedly stood behind the advancement of female staff as evidenced by those in leadership roles. An example is the year 2017: women were in the roles of Chief Operations Officer, Director of Development and Communications, Director of Family Services, Director of Early Childhood Services, and Director of Centro Civico in Amsterdam. Hilda supports every Latino organization in Rochester, which are all run by women with the exception of approximately two out of 20. She donates to their causes, she attends their events and fundraisers, and she encourages Ibero staff to offer support and/or in-kind services to the other Latino organizations. She took an idea of a radio station to connect the Latino community and made it happen.

The disaster of Hurricane Maria tested Hilda’s view on the world. She was proud to work with the Red Cross to raise $100,000 during a telethon immediately after the hurricane hit her island. She then traveled to Puerto Rico because she had not heard from her family and wanted answers. Her visit to her crippled island was traumatizing and rocked her core. After seeing the devastation, she felt helpless, but knew she could impact those searching for a place to call home in Rochester. She started a partnership with over 40 agencies to create a multi-agency welcoming center where families could come and receive services in one place. A family could enroll kids in school as well as find primary care doctors, mental health services, health insurance, employment, housing and English classes. This was all under one roof. Hilda took on the role of case manager for the families and helped them navigate the system. This was a new model of service provision that is still working today and has successfully helped 3,300 families settle in the Rochester area, the largest number of Puerto Ricans who relocated to NY state. The center is still operational and servicing families who are still coming to the area. Hilda sees what needs to happen and creates the solution through her passion, relationships and grit.

As a mother, Escher and her husband drilled community leadership into their children. Hilda would bring them to community events, foster care visits to kids on her caseload, community residences that she oversaw and clothing drives. She exposed them to the realities of society, and that is true leadership. When Melisza was born, she made the decision to take a “career timeout” to raise her two children, Melisza Campos and Herb Escher, until they were school-aged. Melisza attributes her drive, leadership and community involvement to her mom. She conveyed her gratefulness in having an exemplary female role model in her mother. Melisza discussed that she served in political office because of the inspiration instilled in her by her mother. “My mom always challenged me to bring my mind and heart wherever I served. That high standard is engrained in me and now I am paying if forward to my three beautiful children.” We see that not only does she lead professionally, but she has led her family personally. She has given the Rochester community a gift of family community involvement. Her husband and children are all active in the community, and the grandchildren have already collected used books for the Ibero daycare center, supplies for the victims of Hurricane Maria and food for the homeless at Center for Youth. This is all based on her example.

Subject: Authorize Contracts with Kimberly Ganley, Paul DiStefano, William Hawkins and Any Other Qualified Individual to Provide Municipal Representative Services for the Preschool Special Education Program

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with Kimberly Ganley, Paul DiStefano, William Hawkins, and any other qualified individual to provide municipal representative services for the Preschool Special Education Program in a total annual amount not to exceed $85,000 collectively for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year terms in a total annual amount not to exceed $85,000 collectively.

As municipal representatives, Kimberly Ganley, Paul DiStefano, William Hawkins, and any other qualified individual will represent the County of Monroe as its designees to school district Committees on Preschool Special Education as authorized by Section 4410 of the NYS Education Law, as amended, and Part 200 of the Regulations of the Commissioner of Education. The municipal representative is a voting member of each committee in determining initial and continuing eligibility for Preschool Special Education services at the least restrictive environment appropriate to a child’s needs.

Requests for Qualifications were issued for these contracts and Kimberly Ganley, Paul DiStefano, and William Hawkins were selected as the most qualified to provide this service. Any additional municipal representative would need to meet qualifications outlined in the previously released Request for Qualifications.

The specific legislative action required is to authorize the County Executive, or his designee, to execute contracts and any amendments thereto, with Kimberly Ganley, 529 Thomas Ave, Rochester, New York 14617; Paul DiStefano, 300 Chelmsford Road, Rochester, New York 14618; William Hawkins, 1734 Wallace Road, Pittsford, New York 14533; and any other qualified individual to provide municipal representative services for the Preschool Special Education Program in a total annual amount not to exceed $85,000 collectively for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year terms in a total annual amount not to exceed $85,000 collectively.

December 4, 2020
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts is included in the 2021 operating budget of the Department of Public Health, general fund 9001, funds center 5807500000, Preschool Special Education Administration. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Kimberly Ganley, Paul DiStefano, nor William Hawkins owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Authorize a Contract with Affinity Rehabilitation, LLP to Provide Nursing Services for the Monroe County Department of Public Health Early Intervention Program

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Affinity Rehabilitation, LLP in an amount not to exceed $31,551 to provide nursing services for the Monroe County Department of Public Health Early Intervention Program for the period of October 1, 2020 through September 30, 2021, with the option to renew for two (2) additional one-year terms in an amount not to exceed $31,551 per year.

This vendor will provide licensed nurses to work in the Monroe County Department of Public Health Early Intervention program, overseeing the Developmental Monitoring program in addition to educating health care providers on program components.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Qualifications was issued for this contract. M/WBE utilization was not a selection criteria. Affinity Rehabilitation, LLP was selected as the most qualified to provide these services, but is not listed in New York State’s M/WBE Directory of Certified Firms.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract and any amendments thereto, with Affinity Rehabilitation, LLP, 3 Overlook Trail, Chester, New York 10918, to provide nursing services for the Monroe County Department of Public Health Early Intervention Program, in an amount not to exceed $31,551, for the period of October 1, 2020 through September 30, 2021, with the option to renew for two (2) additional one-year terms, in an amount not to exceed $31,551 per year.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.
Funding for this contract is included in the 2020 operating budget of the Department of Public Health, general fund 9300, funds center 5807010000, EI Administration. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Affinity Rehabilitation, LLP, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Theresa Miller, Senior Vice President of Early Intervention
Amber Rice, OTD, OTR/L, Vice President of Pediatric Strategic Development

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Acceptance of a Grant from Health Research, Inc. for the Epidemiology and Laboratory Capacity COVID-19 Enhanced Detection Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from Health Research, Inc. in the amount of $1,123,825 for the Epidemiology and Laboratory Capacity COVID-19 Enhanced Detection Program for the period of July 1, 2020 through June 30, 2022; and authorize the acceptance of up to an additional $1,000,000 in restricted New York State Department of Health emergency placeholder funding that may be included in this grant.

The purpose of this grant is to assist local health departments with emergency funding for enhanced detection, surveillance, and prevention of COVID-19. Program objectives include increasing capacity for local health departments in detecting, surveilling, and preventing COVID-19 through increased personnel support in our COVID-19 response in areas such as case investigation, contact tracing, mobile laboratory services, wraparound care, and call center/phone triage database services. This is the first year the County will receive this grant. Up to an additional $1,000,000 in restricted New York State Department of Health emergency placeholder funding may be included in this grant, which could be made available quickly if deemed necessary and funding is available.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $1,123,825 grant from, and to execute a contract and any amendments thereto with, Health Research, Inc. for the Epidemiology and Laboratory Capacity COVID-19 Enhanced Detection Program for the period of July 1, 2020 through June 30, 2022; and authorize the acceptance of up to an additional $1,000,000 in restricted New York State Department of Health emergency placeholder funding that may be included in this grant.
2. Amend the 2020 operating budget of the Department of Public Health by appropriating the sum of $1,123,825 into general fund 9300, funds center 5801090000, Public Health Preparedness; and appropriate up to $1,000,000 of the additional restricted New York State Department of Health emergency placeholder funding upon approval by New York State.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by Health Research, Inc. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Authorize Intermunicipal Agreements with Other Counties for Services Provided by the Monroe County Office of the Medical Examiner

Honorable Legislators:

I recommend that Your Honorable Body authorize intermunicipal agreements with various counties in New York State for the provision of comprehensive medicolegal death investigative and forensic pathology services by the Monroe County Office of the Medical Examiner for a one-year period to commence on or after January 1, 2021, with the option to renew for up to two (2) additional one-year terms of up to one year each and any subsequent extensions billed at the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule for the corresponding year.

Under the terms of the intermunicipal agreements, the Monroe County Office of the Medical Examiner performs autopsies, investigative field services, and conducts a variety of tests on an as-needed basis. The Office of the Medical Examiner will charge each county listed below a flat fee based on the prevailing rate, as established by Your Honorable Body and listed in the 2021 Monroe County Budget Public Health – Medical Examiner 2021 Fees and Charges Schedule. For services up to a specified number of cases. Cases above the specified number will be on a per-case basis, as will the provision of any additional special services excluded from the standard services. The agreement provides for a fixed number of case referrals for the contract amount. The amount paid for each agreement covers certain specified included services. Excluded services, as well as any cases referred over the fixed number of agreed to cases, are billed to the referring county separately. Fixed rates will be adjusted if extensions are accepted based on prevailing rates for the corresponding year.

Those counties not currently under contract with Monroe County seeking these services will be billed at the prevailing rate, as established by Your Honorable Body and listed in the 2021 Monroe County Budget Public Health – Medical Examiner 2021 Fees and Charges Schedule, with any subsequent extensions billed at the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule for the corresponding year.
The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with Genesee County, for the provision of medicolegal death investigative services and forensic pathology services by the Monroe County Office of the Medical Examiner in an amount not to exceed $100,200 for up to 52 cases per year for the period of January 1, 2021 through December 31, 2021, with services excluded from the standard services and cases above the contracted number to be billed on a per-case basis pursuant to the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule, and with the option to renew for two (2) additional one-year terms, with any subsequent extensions billed at the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule for the corresponding year.

2. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with Livingston County, for the provision of medicolegal death investigative services and forensic pathology services by the Monroe County Office of the Medical Examiner in an amount not to exceed $52,925 for up to 33 cases per year for the period of January 1, 2021 through December 31, 2021, with services excluded from the standard services and cases above the contracted number to be billed on a per-case basis pursuant to the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule, and with the option to renew for two (2) additional one-year terms, with any subsequent extensions billed at the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule for the corresponding year.

3. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with Ontario County, for the provision of medicolegal death investigative services and forensic pathology services by the Monroe County Office of the Medical Examiner in an amount not to exceed $26,100 for up to 16 cases per year for the period of January 1, 2021 through December 31, 2021, with services excluded from the standard services and cases above the contracted number to be billed on a per-case basis pursuant to the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule, and with the option to renew for two (2) additional one-year terms, with any subsequent extensions billed at the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule for the corresponding year.

4. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with Orleans County, for the provision of medicolegal death investigative services and forensic pathology services by the Monroe County Office of the Medical Examiner in an amount not to exceed $37,400 for up to 19 cases per year for the period of January 1, 2021 through December 31, 2021, with services excluded from the standard services and cases above the contracted number to be billed on a per-case basis pursuant to the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule, and with the option to renew for two (2) additional one-year terms, with any subsequent extensions billed at the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule for the corresponding year.

5. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with Wyoming County, for the provision of medicolegal death investigative services and forensic pathology services by the Monroe County Office of the Medical Examiner in an amount not to exceed $58,100 for up to 36 cases per year for the period of January 1, 2021 through December 31, 2021, with services excluded from the standard services and cases above the contracted number to be billed on a per-case basis pursuant to the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule, and with the option to renew for two (2) additional one-year terms, with any subsequent extensions billed at the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule for the corresponding year.
6. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with various other counties in New York State not currently under contract with Monroe County, for the provision of medicolegal death investigative services and forensic pathology services by the Monroe County Office of the Medical Examiner on an as-needed basis, invoiced at the prevailing rate as specified in the 2021 Monroe County Budget, for a one-year period to commence on or after January 1, 2021, with the option to renew for up to two (2) additional terms of up to one year each, with any subsequent extensions billed at the Monroe County Budget Public Health – Medical Examiner Fees and Charges Schedule for the corresponding year.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

These intermunicipal agreements are revenue generating and no additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Amend Resolution 278 of 2012 to Extend the Contract with Waste Management of New York L.L.C. for Operation and Maintenance of the Monroe County Recycling Center and Curbside Recycling Program

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 278 of 2012 to extend the contract with Waste Management of New York L.L.C. to operate and maintain the Monroe County Recycling Center and Curbside Recycling Program through December 31, 2032 and require Waste Management of New York L.L.C. to replace the container processing line at its sole cost and expense, with all other terms of the contract to remain the same.

Per Resolution 278 of 2012, Your Honorable Body authorized a contract agreement with Waste Management of New York L.L.C. ("Waste Management") to operate and maintain the Monroe County Recycling Center and Curbside Recycling Program. The term of the agreement is ten (10) years and currently runs through December 31, 2022. New York State General Municipal Law § 120-w(2) permits a municipality to enter into a contract to operate a resource recovery facility for a period not to exceed twenty-five (25) years.

Pursuant to the agreement, Waste Management operates a container processing line that was installed in 1991 and is at the end of its useful life. Monroe County is desirous of extending the operation and maintenance agreement with Waste Management for an additional ten (10) years in consideration for Waste Management replacing the container processing line at its sole cost and expense, which is estimated to cost $3.2 million.

The specific legislative action required is to amend Resolution 278 of 2012 to extend the contract with Waste Management of New York L.L.C. to operate and maintain the Monroe County Recycling Center and Curbside Recycling Program through December 31, 2032 and require Waste Management of New York L.L.C. to replace the container processing line at its sole cost and expense, with all other terms of the contract to remain the same.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major readjusting of priorities that may affect the environment") and (31) ("purchase or sale of furnishings, equipment or supplies, including surplus government property, other than the following: land, radioactive material, pesticides, herbicides, or other hazardous materials") and is not subject to further review under the State Environmental Quality Review Act.

This contract is revenue generating and no net County support is required in the current Monroe County budget.
The records in the Office of the Monroe County Treasury have indicated that neither Waste Management of New York, L.L.C., nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Rafael E. Carrasco, President  
Brian J. Bauman, Vice President  
Christopher P. DeSantis, Vice President  
Leslie K. Nagy, Vice President, Chief Financial Officer

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Sale of County Owned Tax Foreclosure Property Located at 2462 Sweden Walker Road, Clarkson, NY

Honorable Legislators:

I recommend that Your Honorable Body determine whether the sale of County owned tax foreclosure property located at 2462 Sweden Walker Road in the Town of Clarkson may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The proposed sale is as follows:

</tr>
</tbody>
</table>

This vacant land was acquired January 8, 2018 through tax foreclosure, is surplus property, and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.

The sale of County owned tax foreclosure property located at 2462 Sweden Walker Road, Clarkson, NY has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the sale of County owned tax foreclosure property located at 2462 Sweden Walker Road, Clarkson, NY is an Unlisted action.
2. Make a determination of significance regarding the sale of County owned tax foreclosure property located at 2462 Sweden Walker Road, Clarkson, NY pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the sale of the property and does not include the physical alteration nor disturbance of the property. Although wetlands exist on the site, the proposed action does not include physical alteration of the site and any future use of the property will need to be reviewed and consistent with the current zoning code and permitting requirements for Wetlands from state and federal regulatory bodies. It has been determined that no significant adverse environmental impacts from this action will occur.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Sale of County Owned Tax Foreclosure Property Located at 90 Dunbar Road, Town of Parma, NY

Honorable Legislators:

I recommend that Your Honorable Body determine whether the sale of County owned tax foreclosure property located at 90 Dunbar Road in the Town of Parma may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The proposed sale is as follows:

<table>

</tr>
</tbody>
</table>

This vacant land was acquired January 31, 2017 through tax foreclosure, is surplus property, and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.

The sale of County owned tax foreclosure property located at 90 Dunbar Road, Parma, NY has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.
The specific legislative actions required are:

1. Determine that the sale of County owned tax foreclosure property located at 90 Dunbar Road, Parma, NY is an Unlisted action.

2. Make a determination of significance regarding the sale of County owned tax foreclosure property located at 90 Dunbar Road, Parma, NY pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the sale of the property and does not include the physical alteration nor disturbance of the property. Although wetlands exist on the site, the proposed action does not include physical alteration of the site and any future use of the property will need to be reviewed and consistent with the current zoning code and permitting requirements for Wetlands from state and federal regulatory bodies. It has been determined that no significant adverse environmental impacts from this action will occur.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Monroe County Legislature - December 8, 2020
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of the Elections Cybersecurity Remediation Program Grant from the New York State Board of Elections for Cybersecurity Improvements to the Monroe County Board of Elections

Honorable Legislators:

I recommend that Your Honorable Body accept the Elections Cybersecurity Remediation Program grant from the New York State Board of Elections in the amount of $262,008.29 for cybersecurity improvements to the Monroe County Board of Elections for the period of December 21, 2019 through December 31, 2021.

This grant will allow the County to implement additional security controls for the Monroe County Board of Elections, as well as the entirety of County I.S. infrastructure via shared services. The usage of this grant will elevate the overall cybersecurity maturity of Monroe County by adding new protections to the confidentiality, integrity and availability of Monroe County data, users, and assets. This is the first year the County has received this grant.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept the Elections Cybersecurity Remediation Program grant in the amount of $262,008.29 from, and to execute a contract and any amendments thereto with, the New York State Board of Elections, for cybersecurity improvements to the Monroe County Board of Elections for the period of December 21, 2019 through December 31, 2021.

2. Amend the 2020 operating budget of the Department of Information Services by appropriating the sum of $262,008.29 into internal services fund 9020, funds center 1903010000, Information Services Operations.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(31) ("purchase or sale of furnishings, equipment or supplies, including surplus government property, other than the following: land, radioactive material, pesticides, herbicides, or other hazardous materials") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Board of Elections. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action

Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Authorize a Contract with Artech Information Systems, LLC and V3IT Consulting, Inc. for SAP Staff Augmentation Services

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Artech Information Systems, LLC and V3IT Consulting, Inc. in an aggregate amount not to exceed $450,000 annually for SAP staff augmentation services for the period of February 1, 2021 through January 31, 2024, with the option to renew for two (2) additional one-year periods in an aggregate amount not to exceed $450,000 per year.

The SAP program operates and supports the County’s finance, payroll, purchasing, and work order information technology systems. The SAP staff augmentation services allow for flexible staffing to support the users through upgrades in the SAP environment software and applications to ensure the needs of the County’s SAP users are being met. The County does not have enough in-house staff with the level of SAP functional and technical expertise required to support the enterprise SAP software applications for the County.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was not a selection criteria. Artech Information Systems, LLC and V3IT Consulting, Inc. were rated the most qualified to provide the services, but are not listed in New York State’s M/WBE Directory of Certified Firms.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Artech Information Systems, LLC, 360 Mt. Kemble Avenue, Suite 2000, Morristown, New Jersey 07960 and V3IT Consulting, Inc., 1717 N. Naper Boulevard, Suite 103, Naperville, Illinois 60563 for SAP staff augmentation services in an aggregate amount not to exceed $450,000 annually for the period of February 1, 2021 through January 31, 2024, with the option to renew for two additional one-year periods in an aggregate amount not to exceed $450,000 per year.

This is a Type II action pursuant to 6 NYCRR § 617.5(c)(26), (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.
Partial funding for the first year of this contract, consistent with authorized uses, is included in capital fund 1815 and any other capital fund(s) created for the same intended purpose. The remaining funding portion is included in the proposed 2021 operating budget of the Department of Information Services, internal services fund 9020, funds center 1903010000, Information Services Operations and will be included in future years budgets. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Artech Information Systems, LLC nor V3IT Consulting, Inc., nor any of their principal officers, owe any delinquent Monroe County Property taxes. The principal officers of the firms are:

**Artech Information Systems, LLC**
Ranjini Poddar, Chief Executive Officer

**V3IT Consulting, Inc.**
Vandana Padgaonkar, President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

GATES-CHILI-OGDEN SEWER DISTRICT

Operation and Maintenance Charge

$2.865 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic water.
   It will be adjusted for industrial and commercial users based on the quality of sewage and
   additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which
   water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons
   per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st
   will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings
   placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.
NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Gates-Chili-Ogden Sewer District:
$300.00 per connection - residential
$400.00 per connection - non-residential

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[ S.F. = \frac{a(BOD-300)}{300} + \frac{b(SS-300)}{300} + \frac{d(P-10)}{10} \]

Definitions:

S.F. = Surcharge Factor.
BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
a = Proportionate cost to treat 1 lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
b = Proportionate cost to treat 1 lb. of Suspended Solids (SS) and is established at 0.505.
d = Proportionate cost to treat 1 lb. of Phosphorus (P) and is established at 0.025.

RESOLUTION NO. ______ OF 2020

ESTABLISHING SCALE OF CHARGES FOR IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT, COUNTY SEWER DISTRICT FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Irondequoit Bay South Central Pure Waters District has, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities of the District and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by the District; and

WHEREAS, the Administrative Board of the Irondequoit Bay South Central Pure Waters District has, pursuant to §266 of the County Law of the State of New York, and Resolution Nos. 417 and 418 of 1973, and Resolution No. 449 of 1976, called a public hearing, said hearing having been held on the ____ day of December, 2020, at ____ p.m. ET.

NOW, THEREFORE, BE IT RESOLVED BY THE PURE WATERS ADMINISTRATIVE BOARD OF THE IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT

Operation and Maintenance Charge

$1.4525 per 1,000 gallons of water consumption (see Notes 1-3).

Operation and Maintenance Charge for properties Receiving Local Collection System Services

$2.47 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge separately commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.
4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

**NEW USER CONNECTION FEES**

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

- Irondequoit Bay South Central Pure Waters District:
  - $250.00 per connection - residential
  - $350.00 per connection - non-residential

**SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS**

The owner or lessee of any parcel of real property connected with the District’s Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300)}{300} + \frac{b(SS-300)}{300} + \frac{d(P-10)}{10}
\]

**Definitions:**

- **S.F.** = Surcharge Factor.
- **BOD** = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
- **SS** = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
- **P** = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
- **a** = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BCD) and is established at 0.470.
- **b** = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
- **d** = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

**OTHER CHARGES - WHERE APPLICABLE**

A. **Application Fees for Licenses or Permits under the Sewer Use Law**

1. Initial Application for License or Permit (3 Year) $125.00

PURE WATERS ADMINISTRATIVE BOARD OF THE ROCHESTER PURE WATERS DISTRICT

Intro. No. R5

RESOLUTION NO. ___ OF 2020

ESTABLISHING SCALE OF CHARGES FOR ROCHESTER PURE WATERS DISTRICT, COUNTY SEWER DISTRICT FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Rochester Pure Waters District has, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities of the District and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by the District; and

WHEREAS, the Administrative Board of the Rochester Pure Waters District has, pursuant to §266 of the County Law of the State of New York and Resolution No. 502 of 1971, as amended by Resolution No. 337 of 1974, called a public hearing, said hearing having been held on the ___ day of December, 2020, at ___ p.m. ET.

NOW, THEREFORE, BE IT RESOLVED BY THE PURE WATERS ADMINISTRATIVE BOARD OF THE ROCHESTER PURE WATERS DISTRICT, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

ROCHESTER PURE WATERS DISTRICT
Operation and Maintenance Charge

$2.4700 per 1,000 Gallons of water consumption (see Notes 1-3).

CHARGES FOR RPWD ZONE 2: No Charge - Operation and Maintenance not provided.

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge separately commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.
NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Rochester Pure Waters District:
$300.00 per connection – residential *
$400.00 per connection – non-residential *

* For the RPWD a storm and sanitary sewer connection will be considered one connection when made at the same time.

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[ S.F. = \frac{a(BOD-300)}{300} + \frac{b(SS-300)}{300} + \frac{d(P-10)}{10} \]

Definitions:

S.F. = Surcharge Factor.
BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

OTHER CHARGES - WHERE APPLICABLE

A. Application Fees for Licenses or Permits under the Sewer Use Law

(1) Initial Application for License or Permit (3 Year) $125.00
(2) Renewal License or Permit Applications (3 Year) $75.00
(3) Initial or Renewal Application for Scavenger Waste Permit where application is licensed under Environmental Conservation Law Section 27-0301 of New York State $30.00
(4) Specialty Short Term Discharge Permit (Note – permit issued with no fee for wastewater transported to treatment plants. Permit fees already recovered in disposal fee) $125.00

Monroe County Legislature - December 8, 2020
B. **Septic Tank Hauling Rates**
   Charge for Scavenger Waste $42.00/1,000 gallons

Instructions for Completing Part I

Part I is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part I based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information, indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either “Yes” or “No”. If the answer to the initial question is “Yes”, complete the sub-questions that follow. If the answer to the initial question is “No”, proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part I is accurate and complete.

<td>Brief Description of Proposed Action (include purpose or need):</td>
<td>The proposed project involves the removal of obstructions (trees) in order to maintain safe, navigable airspace beyond the ends of the runways. The project would bring the airport into compliance with FAA design standards and regulations regarding clear air space. On airport and state-owned property, the tree removal would include clearing, but not grubbing (i.e., retention of the stumps and root balls) of all trees over 10’ in height. Small trees and understory would be retained with the goal to preserve the property as a meadow and scrub-shrub community. In private, residential areas, the tree removal would generally include selective removal of individual tall trees, without removal of stumps. However, if requested by owners, removal of the tree stumps, with minor grading and seeding, removal of woodchips, and general restoration (i.e., clean-up) would be completed.</td>

iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?  
   If Yes:
   - Applicant/sponsor for new district:
   - Date application submitted or anticipated:
   - What is the receiving water for the wastewater discharge?

v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge or describe subsurface disposal plans):

vi. Describe any plans or designs to capture, recycle or reuse liquid waste:

c. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction?  
   If Yes:
   i. How much impervious surface will the project create in relation to total size of project parcel?
      - Square feet or _____ acres (impervious surface)
      - Square feet or _____ acres (parcel size)
   ii. Describe types of new point sources.

iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)?

   - If to surface waters, identify receiving water bodies or wetlands:

ir. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?

f. Does the proposed action include, or will it use one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations?  
   If Yes, identify:
   i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)
   ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)
   iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)

g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit?  
   If Yes:
   i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year)
   ii. In addition to emissions as calculated in the application, the project will generate:
      - _____ Tons/year (short tons) of Carbon Dioxide (CO₂)
      - _____ Tons/year (short tons) of Nitrous Oxide (N₂O)
      - _____ Tons/year (short tons) of Perfluorocarbons (PFCs)
      - _____ Tons/year (short tons) of Sulfur Hexafluoride (SF₆)
      - _____ Tons/year (short tons) of Carbon Dioxide equivalent of Hydrofluorocarbons (HFCs)
      - _____ Tons/year (short tons) of Hazardous Air Pollutants (HAPs)
h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)? □ Yes □ No
   i. Estimate methane generation in tons/yr (metric):
   ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring):

i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations?
   If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust):

j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services?
   If Yes:
   i. When is the peak traffic expected (Check all that apply): □ Morning □ Evening □ Weekend
      □ Randomly between hours of __________ to __________
   ii. For commercial activities only, projected number of truck trips/day and type (e.g., semi trailers and dump trucks):

iii. Parking spaces: Existing: __________ Proposed: __________ Net increase/decrease: □ Yes □ No

iv. Does the proposed action include any shared use parking?

v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe:

vi. Are public/private transportation service(s) or facilities available within ½ mile of the proposed site?

vii. Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles?

viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes?

k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy?
   If Yes:
   i. Estimate annual electricity demand during operation of the proposed action:
   ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other):
   iii. Will the proposed action require a new, or an upgrade, to an existing substation?

l. Hours of operation. Answer all items which apply.
   i. During Construction:
      • Monday - Friday: __________ 7AM-5PM
      • Saturday: __________
      • Sunday: __________
      • Holidays: __________
   ii. During Operations
      • Monday - Friday: __________
      • Saturday: __________
      • Sunday: __________
      • Holidays: __________
m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both?  
If yes:  
i. Provide details including sources, time of day and duration:
   Tree removal will cause temporary noise that will take place Monday through Friday, between the hours of 7am-5pm.

ii. Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?  
   Describe: The tree removal will open up areas between the airport and the residential properties along Beahan Road as well as between the airport and the residential properties on Kingsboro Road.

n. Will the proposed action have outdoor lighting?  
   If yes:
   i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:

   ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen?  
       Describe:

   o Does the proposed action have the potential to produce odors for more than one hour per day?  
      If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:

   p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage?  
      If Yes:
      i. Product(s) to be stored:
      ii. Volume(s) per unit time (e.g., month, year)
      iii. Generally, describe the proposed storage facilities:

   q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation?  
      If Yes:
      i. Describe proposed treatment(s):

   r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)?  
      If Yes:
      i. Describe any solid waste(s) to be generated during construction or operation of the facility:
         • Construction: _________ tons per _________ (unit of time)
         • Operation: _________ tons per _________ (unit of time)
      ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:
         • Construction: The tree clearing operation will likely mulch most of the trees.
         • Operation: _________
      iii. Proposed disposal methods/facilities for solid waste generated on-site:
         • Construction: _________
         • Operation: _________

   s. Will the proposed action use Integrated Pest Management Practices?  

   t. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)?  
      Yes  No
s. Does the proposed action include construction or modification of a solid waste management facility? □ Yes □ No

If Yes:

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities):

ii. Anticipated rate of disposal/processing:
   * _____ Tons/month, if transfer or other non-combustion/thermal treatment, or
   * _____ Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life: _______ years

t. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? □ Yes □ No

If Yes:

i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility:

ii. Generally describe processes or activities involving hazardous wastes or constituents

iii. Specify amount to be handled or generated ______ tons/month

iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents:

i. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? □ Yes □ No

If Yes: provide name and location of facility:

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility:

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses.

i. Check all uses that occur on, adjoining and near the project site.
   - Urban
   - Industrial
   - Commercial
   - Residential (suburban)
   - Rural (non-farm)
   - Forest
   - Agriculture
   - Aquatic
   - Other (specify): Erie Canal, Erie Canal Trail, Airport

ii. If mix of uses, generally describe:

c. Is the project site presently used by members of the community for public recreation?  
   i. If Yes: explain: Trees will be cut along the Erie Canal Trail.  
   ii. If No: 

   [Box checked: Yes/No]

   d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site?  
   i. Identify Facilities: Creekview Nursing & Rehabilitation Center  
   ii. If Yes: 
   iii. If No: 

   [Box checked: Yes/No]

   e. Does the project site contain an existing dam?  
   i. If Yes: 
   ii. Dimensions of the dam and impoundment:  
      - Dam height:  
      - Dam length:  
      - Surface area:  
      - Volume impounded:  
   iii. If No:  

   [Box checked: Yes/No]

   f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility?  
   i. Has the facility been formally closed?  
      - If Yes: cite sources/documentation:  
   ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:  
   iii. Describe any development constraints due to the prior solid waste activities:  

   [Box checked: Yes/No]

   g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and or dispose of hazardous waste?  
   i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred:  

   [Box checked: Yes/No]

   h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site?  
   i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply:  
   a. Yes – Spills Incidents database  
   b. Yes – Environmental Site Remediation database  
   c. Neither database  
   ii. If Yes:  
   iii. Describe corrective actions:  
   iv. If No:  

   [Box checked: Yes/No]

   i. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database?  
   a. If yes, provide DEC ID number(s): V002056 828015 828095  
   b. If No:  

   [Box checked: Yes/No]

   iv. If Yes to (i), (ii) or (iii) above, describe current status of site(s):  

   Classifications: V002056-No further action at this time. 828015- Property closed. 828095- Active. All spill cases have been closed.

v. Is the project site subject to an institutional control limiting property uses?
   □ Yes □ No
   • If yes, DEC site ID number:
   • Describe the type of institutional control (e.g., deed restriction or easement):
   • Describe any use limitations:
   • Describe any engineering controls:
   • Will the project affect the institutional or engineering controls in place?
   □ Yes □ No
   • Explain:

E.2. Natural Resources On or Near Project Site
a. What is the average depth to bedrock on the project site?  >6.67 feet
   □ Yes □ No
b. Are there bedrock outcappings on the project site?
   If yes, what proportion of the site is comprised of bedrock outcappings?
   □ %
c. Predominant soil type(s) present on project site:
   Urban Land (Ub)  15 %
   Schoharie silt loam (SesB)  40 %
   Made land (Mb)  45 %
d. What is the average depth to the water table on the project site?  Average: 0 to >6.67 feet
f. Approximate proportion of proposed action site with slopes:
   □ 0-10%:  100 % of site
   □ 10-15%:  % of site
   □ 15% or greater:  % of site
g. Are there any unique geologic features on the project site?
   If yes, describe:

h. Surface water features.
   i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)?
   □ Yes □ No
   ii. Do any wetlands or other waterbodies adjoin the project site?
   If yes to either i or ii, continue. If no, skip to E.2.i.
   □ Yes □ No
   iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency?
   □ Yes □ No
   iv. For each identified regulated wetland and waterbody on the project site, provide the following information:
   • Streams: Name 820-18  821-16 Classification B, C
   • Lakes or Ponds: Name
   • Wetlands: Name Federal Waters, Federal Waters, Federal Waters...
   • Wetland No. (if regulated by DEC)
   v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies?
   □ Yes □ No

i. Is the project site in a designated Floodway?
   □ Yes □ No
j. Is the project site in the 100-year Floodplain?
   □ Yes □ No
k. Is the project site in the 500-year Floodplain?
   □ Yes □ No
l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer?
   If yes:
   • Name of aquifer:
m. Identify the predominant wildlife species that occupy or use the project site:

- white-tailed deer
- various birds
- gray squirrel
- various amphibians
- raccoon
- eastern garter snake
- chipmunk

n. Does the project site contain a designated significant natural community?
   - Yes ☐ No ☑
   - If Yes:
     i. Describe the habitat/community (composition, function, and basis for designation):

ii. Source(s) of description or evaluation: Noted by CHA during wetland delineation on October 21 and 22, 2019.

iii. Extent of community/habitat:

   - Currently: ___________________________ acres
   - Following completion of project as proposed: ___________________________ acres
   - Gain or loss (indicate + or -): ___________________________ acres

o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species?
   - Yes ☐ No ☑
   - If Yes:
     i. Species and listing (endangered or threatened):

p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?
   - Yes ☐ No ☑
   - If Yes:
     i. Species and listing:

q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing?
   - Yes ☐ No ☑
   - If yes, give a brief description of how the proposed action may affect that use:

F.3. Designated Public Resources On or Near Project Site

n. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304?
   - Yes ☐ No ☑
   - If Yes, provide county plus district name/number:

h. Are agricultural lands consisting of highly productive soils present?
   - Yes ☑ No ☐
   - If Yes: acreage(s) on project site:
   - Source(s) of soil rating(s):

i. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark?
   - Yes ☐ No ☑
   - If Yes:
     i. Nature of the natural landmark:
     - Biological Community ☐ Geological Feature ☑
     - Provide brief description of landmark, including values behind designation and approximate size/extent:

j. Is the project site located in or does it adjoin a state listed Critical Environmental Area?
   - Yes ☑ No ☐
   - If Yes:
     i. CEA name: Not named
     ii. Basis for designation: Environmentally sensitive
     iii. Designating agency and date: Agency Rochester City of Date 3-14-66
F. Additional Information
Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification
I certify that the information provided is true to the best of my knowledge.

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency’s review of(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

**Tips for completing Part 2:**
- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer “Yes” to a numbered question, please complete all the questions that follow in that section.
- If you answer “No” to a numbered question, move on to the next numbered question.
- Check appropriate columns to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box “Moderate to large impact may occur.”
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the “whole action.”
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

### I. Impact on Land

Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1, D.1) If “Yes,” answer questions a - j. If “No,” move on to Section 2.

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:
To complete this section:
- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact.
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Monroe County as lead agency that:

☐ A. This project will result in no significant adverse impacts on the environment. and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

☐ B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

☐ C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

Part 3

Impact on Land-The proposed project entails tree obstruction removal. On Airport and state-owned property, the tree removal would include clearing, but not grubbing (i.e., retention of the stumps and root balls) of all trees over 10' in height. Small trees and understory would be retained, with the goal to preserve the property as a meadow and scrub-shrub community.

On private lands (residential areas) the tree removal would generally include selective removal of individual tall trees, without removal of stumps. However, if requested by owners, removal of the tree stumps, with minor grading and seeding, removal of woodchips, and general restoration (i.e., clean-up) would be completed.

According to the Natural Resources Conservation Service, Monroe County Soil Survey, the water table is less than three feet in the soils identified as Canandaigua silt loam (Ca), Claverack loamy fine sand (CkB), and Scholharie silt loam (SeB). Due to the nature of the project, minimal impact to these soil types are proposed. Soil erosion and sedimentation controls would be implemented to minimize impacts. Therefore, no significant impacts are anticipated.

Impact on Surface Water- A wetland delineation was completed by CHA on October 21-22, 2019. Wetlands were delineated pursuant to the United States Army Corps of Engineers (USACE) 1987 Wetland Delineation Manual and current regional supplement. Wetlands were identified based on the presence of vegetation typically adapted to wet conditions (hydrophytes), hydric soils, and the presence or evidence of hydrology. Wetland boundaries were demarcated with vinyl flagging and survey located. The delineated areas include Wetland A, which contains an intermittent stream and Wetland B/C within the western project limits. The Erie Canal, a perennial stream, has been identified within the eastern limits.

The project proposes the removal of trees within 3.5 acres of the delineated wetlands. The tree removal would include clearing of all trees over 10 feet in height. Small trees and understory would be retained, with the goal to preserve the property as an undeveloped meadow and scrub shrub community.

Any trees within the wetland would be cut by hand over winter during frozen ground conditions to the extent practical and would be pulled out as needed. No grubbing or ground disturbance would occur in the tree removal areas within the wetland. No equipment would be allowed within the wetland. No decrease in wetland acreage would result from the tree removal.

The contractor would be responsible for identifying suitable areas for staging that are outside of wetlands. Sedimentation and erosion controls would be incorporated into the design plans.

CHA did not have access to all areas within the project limits during the wetland delineation. Areas that were not field verified will be treated as if wetlands are present. Trees in these areas would be cut by hand and removed as described above.
Due to the tree removal method described above, it is not anticipated that a Section 404 permit would be required from the USACE for tree removal within wetland. Since there are no state wetlands or associated 100-foot adjacent areas within the project areas, an Article 24 Freshwater Wetlands permit would not be required from the New York State Department of Environmental Conservation (NYSDEC).

As noted above, soil erosion and sedimentation controls would be implemented. Therefore, the project would have no significant impact on surface water.

Impact on Flooding - Based on review of the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Maps, there is an area of Zone A (100-year floodplain) associated with the New York State Barge Canal/Erie Canal within the eastern project area.

Tree removal would not impact flood elevations; however, it has potential to increase runoff rates. In this instance, the remaining vegetation, consisting of shrubs, small trees, and groundcover, will control runoff. Erosion and sedimentation controls would further mitigate any potential impacts. Therefore, there would be no significant impact on flooding.

Impact on Plants and Animals - A field investigation was completed by CHA on October 21-22, 2019 to document the habitats within the project areas. Vegetative community types within the project areas are described according to Ecological Communities of New York State, Second Edition (Edinger 2014)¹ and Classification of Wetlands and Deepwater Habitats of the United States (Cowardin 1979)². Vegetative communities identified within the project areas consist of shallow emergent marsh, red maple-hardwood swamp, silver maple-ash swamp, successional old field, mowed lawn, mowed lawn with trees, mowed roadside/pathway, successional northern hardwoods and spruce/fir plantation.

As noted in the Impact on Land section, the small trees and understory would be retained, with the goal to preserve the property as a meadow and scrub-shrub community on Airport and state-owned property and the in private, residential areas, the tree removal would generally include selective removal of individual tall trees. The project would include the removal of trees from areas that total approximately 24.5 acres. On the west side, forested areas remain to the north as well as across Beahan Road to the west. On the east side, forested areas would remain to the northwest. Since there would be trees remaining in the vicinity of the project, since some areas are just selective removal and since small trees would remain, no significant impacts to forested habitats are anticipated.

The NYSDEC Environmental Resource Mapper (ERM) was reviewed (Attachment A). No threatened or endangered species are mapped within the western project area; however, the ERM indicates that the eastern project area is in vicinity of rare freshwater mussels not listed by NYS.

Therefore, the NYSDEC Natural Heritage Program (NHP) was contacted to see if any rare or state listed animals or plants, or significant natural communities are mapped within the eastern project area. A response was received from the NHP dated October 2, 2019, indicating the potential presence of two unlisted species, including the pink heelsplitter \textit{(Potamilus alatus)} and the fragile papershell \textit{(Leptodea fragilis)}. These species are present in the Genesee River, 0.2 miles south of the eastern project area. No state listed animals or plants, or significant natural communities were identified within or in the immediate vicinity of the project area (Attachment A).

The United States Fish & Wildlife Service (USFWS) Information for Planning and Conservation (IPaC) database indicates that there are no threatened, endangered, or candidate species listed for the project areas. Additionally, no critical habitats have been identified for this location (Attachment A).

As a result of the site visit, the habitat types identified within the project areas were compared to those of the species identified above.

\textit{Pink Heelsplitter & Fragile Papershell}

According to the United States Geological Survey (USGS) Fact Sheet for the pink heelsplitter, this species can be found in rivers and lakes of various sizes and speeds with sand to coarse gravel bottom\(^3\). The USGS Fact Sheet for the fragile papershell indicates that this species can be found in moderate to large rivers with silty mud bottoms, sand and gravel, sand and silty sand\(^4\). As noted above, an intermittent stream that flows through Wetland A and the perennial Eric Canal are within the project area. The pink heelsplitter and the fragile papershell are present in the Genesee River, which is not within the project area, therefore, the habitat for these species would not be impacted.

\textbf{Impact on Aesthetic Resources-} A portion of the project within the eastern project area is located along the Eric Canal and is within or adjacent to the New York State Barge Canal Historic District and a potential Environmental Justice community. Given these historic and sensitive resources, the impact of the project on the visual character of the surrounding area has been assessed (Visual Impact Assessment-Attachment B). With site investigations and the closer study of the existing and proposed conditions of three key views, it has been determined that the project would not significantly impact the visual quality and experience for users along the Eric Canal Trail or residents within the Environmental Justice community along Kingsboro Road. Further, no mitigation is recommended at this time. Therefore, there would be no significant impact to Aesthetic Resources.

\textbf{Impact on Historic and Archeological Resources-} The New York State Office of Parks, Recreation and Historic Preservation (NYSOPRHP) has reviewed the project and has indicated in

a letter dated December 10, 2019, that the project would have No Adverse Effect (Attachment C). Therefore, there would be no significant impact to Historic and Archeological Resources.

Impact on Critical Environmental Areas-The canal is designated as a Critical Environmental Area (CEA) by the City of Rochester. The CEA is called: Land within 100’ of Genesee River Barge Canal, Lake Ontario or River Gorge except in manufacturing industrial zone. The basis for designation is environmentally sensitive. The canal is within the eastern project area.

According to the NYSDEC website *(http://www.dec.ny.gov/permits/6184.html)*, “To be designated as a CEA, an area must have an exceptional or unique character with respect to one or more of the following:

- a benefit or threat to human health;
- a natural setting (e.g., fish and wildlife habitat, forest and vegetation, open space and areas of important aesthetic or scenic quality);
- agricultural, social, cultural, historic, archaeological, recreational, or educational values; or
- an inherent ecological, geological or hydrological sensitivity to change that may be adversely affected by any change.”

No impact to the canal itself is proposed, however, trees would be cut within 100-feet of the canal. This area is state owned; therefore, the removal would entail clearing, but not grubbing of all trees over 10’ in height. Small trees and understory would be retained, with the goal to preserve the property as a meadow and scrub-shrub community. Since small trees and understory would remain along the canal and since there are no impacts to the canal itself, no significant impacts to the CEA are anticipated. This determination is further supported by the No Adverse Effect recommendation by the NYSOPRIIP and the results of the visual impact assessment.

Impact on Noise- There would be temporary/short term noise impact due to the tree removal. This impact would take place from Monday through Friday from the hours of 7am to 5pm. The project is anticipated to take approximately 8-10 weeks. No significant adverse impacts are anticipated.

Impact on Human Health- Creekview Nursing & Rehabilitation Center is located within 1,500 feet of the project area. The project areas are beyond the runway ends, therefore, the center would not be impacted by the project.

The NYSDEC Spill Incidents Database Search revealed two spills within the western project area (Spill Numbers: 0206990 & 0205263) and two spills in the vicinity of the eastern project area (Spill Numbers 9003507 & 1309722). One of these spills was located at the intersection of I-390 north and Scottsville Road and the other was identified as Barge Canal. Therefore, these two spills may or may not be within the eastern project area. All spill cases have been closed, therefore, these would be no impact.

The NYSDEC Environmental Site Remediation database did not identify any remediation within the project areas. However, it did identify locations within 2,000 feet of the project areas. The sites are:
• Kozel Structural Steel & Fabrication (V00206) at 1150 Scottsville Road,
• Rochester Fire Academy (828015) at 1190 Scottsville Road, and
• Rochester Gas & Electric (828095) at 755 Brooks Avenue.

No further action at this time is required at V00206, 828015 has been properly closed and 828095 is active. None of these sites would be impacted by the project.

Tree obstruction removal does not, in and of itself, create hazardous materials or result in direct impacts to the environmental status of soils or groundwater in proximity to each specific tree removal location. However, activities or disturbances in existing contaminated areas that encounter contaminated materials would require that the contaminated materials be properly managed. In an effort to identify potentially contaminated areas within the project areas, environmental databases were reviewed to determine if any documented concerns were identified within or immediately abutting the limits of the tree removal areas. Sanborn Fire Insurance Maps and historic aerial photographs were also reviewed to evaluate historical uses of the lands within the project areas presenting possible sources of contamination associated with those historic uses. In addition, a visual site inspection of the project areas were conducted on October 21-22, 2019.

Potential areas of concern were identified as follows:

**Western Project Area (Runway 10)**
- Rear of 682 Beahan Road – debris, drums, scrap metal, old equipment along wood line.
- Rear of 680 Beahan Road – large pile of wood scrap, drums, plastic buckets, cans, cinder blocks.
- Airport property to rear of 676 Beahan Road – discarded materials consisting of propane tank, scrap metal, tile, concrete, glass trash, rusted paint cans, and a small engine with attached gas tank. In addition, a gasoline odor was noted in that general area during the site inspection.

**Eastern Project Area (Runway 28)**
- C&C Service, 230 Scottsville Road – adjacent to the southeastern corner of the project area. This facility was listed as a gasoline station from 1960 – 1991. From 1992 – 2014 it was identified as a general automotive repair center. There were no tank or spill listings for the facility, however, that is most likely due to the lack of extensive databases kept prior to 1991. There is a garage-type structure on the west side of the service center that has a stack on the front typical of what is or may have been associated with a remediation system operated within the building. However, no additional information concerning this facility was able to be obtained.

For Airport and state-owned lands, tree removal would include clearing, but not grubbing (i.e. retention of the stumps and root balls) of all trees over 10 feet in height. Small trees and understory would be retained, with the goal to preserve the property as an undeveloped meadow and scrub shrub community. As a result, the ground surfaces in these areas would not be disturbed to any significant depth during the tree removal activities. Based on this, the potential of encountering
hazardous materials or petroleum products is not expected to be a concern on Airport or state-owned lands within the project areas.

For the residential properties identified below, no stump removal or grading will occur at these locations in order to avoid the potential to disturb potentially hazardous materials. If desired by property owners, tree stumps would be ground down to existing grade level and covered with top soil and seed. This method would prevent disturbance of any existing hazardous materials that may be present. This project will not include any hazardous material remediation.

- Residential properties 682 Beahan Road and 680 Beahan Road within the western project area.

Wooded undeveloped area on the eastern end of the eastern project area adjacent to the south/southeast sides of the C&C property at 230 Scottsville Road.

Since all the spill cases have been closed, since the remediation sites would not be impacted, since no potential hazardous materials or concerns were identified by the database review and since stump removal is precluded on private properties of concern identified above, no significant adverse impact on human health is anticipated.

Consistency with Community Character- The project involves tree removal, therefore, there would be an impact to the existing natural landscape. However, since small trees would be retained and since there are adjacent forested areas, no significant impact to natural landscape is anticipated.

As discussed above, the project would not significantly impact the visual quality and experience for users along the Erie Canal Trail or residents within the Environmental Justice community along Kingsboro Road. Additionally, the NYSOPRIIP indicated that the project will have No Adverse Effect. Lastly, the project would not interfere with the use of the Erie Canal or Trail. Therefore, no significant impact to community character is anticipated.

Re: Greater Rochester International Airport Off Airport Tree Obstruction Removal  
(east end Runway 10-28)  
County: Monroe  
Town/City: Chili

Dear Ms. Frazer:

In response to your recent request, we have reviewed the New York Natural Heritage Program database with respect to the above project.

Enclosed is a report of rare or state-listed animals and plants, and significant natural communities that our database indicates occur in the vicinity of the project site.

For most sites, comprehensive field surveys have not been conducted; the enclosed report only includes records from our database. We cannot provide a definitive statement as to the presence or absence of all rare or state-listed species or significant natural communities. Depending on the nature of the project and the conditions at the project site, further information from on-site surveys or other sources may be required to fully assess impacts on biological resources.

Our database is continually growing as records are added and updated. If this proposed project is still under development one year from now, we recommend that you contact us again so that we may update this response with the most current information.

The presence of the plants and animals identified in the enclosed report may result in this project requiring additional review or permit conditions. For further guidance, and for information regarding other permits that may be required under state law for regulated areas or activities (e.g., regulated wetlands), please contact the NYS DEC Region 8 Office, Division of Environmental Permits, at dep.r8@dec.ny.gov, (585) 226-5400.

Report on Rare Animals, Rare Plants, and Significant Natural Communities

The following rare plants, rare animals, and significant natural communities have been documented in the vicinity of the project site.

We recommend that potential impacts of the proposed project on these species or communities be addressed as part of any environmental assessment or review conducted as part of the planning, permitting and approval process, such as reviews conducted under SEQR. Field surveys of the project site may be necessary to determine whether a species currently occurs at the site, particularly for sites that are currently undeveloped and may still contain suitable habitat. Final requirements of the project to avoid, minimize, or mitigate potential impacts are determined by the lead permitting agency or the government body approving the project.

The following animals, while not listed by New York State as Endangered or Threatened, are rare in New York and are of conservation concern.

This report only includes records from the NY Natural Heritage database. For most sites, comprehensive field surveys have not been conducted, and we cannot provide a definitive statement as to the presence or absence of all rare or state-listed species. Depending on the nature of the project and the conditions at the project site, further information from on-site surveys or other sources may be required to fully assess impacts on biological resources.

If any rare plants or animals are documented during site visits, we request that information on the observations be provided to the New York Natural Heritage Program so that we may update our database.

Information about many of the rare animals and plants in New York, including habitat, biology, identification, conservation, and management, are available online in Natural Heritage’s Conservation Guides at www.guides.nynhp.org, from NaturaServe Explorer at www.natureserve.org/explorer, and from USDA’s Plants Database at http://plants.usda.gov/index.html (for plants).

Information about many of the natural community types in New York, including identification, dominant and characteristic vegetation, distribution, conservation, and management, is available online in Natural Heritage’s Conservation Guides at www.guides.nynhp.org. Subject: Updated list of threatened and endangered species that may occur in your proposed project location, and/or may be affected by your proposed project

To Whom It May Concern:

The enclosed species list identifies threatened, endangered, proposed and candidate species, as well as proposed and final designated critical habitat, that may occur within the boundary of your proposed project and/or may be affected by your proposed project. The species list fulfills the requirements of the U.S. Fish and Wildlife Service (Service) under section 7(c) of the Endangered Species Act (ESA) of 1973, as amended (16 U.S.C. 1531 et seq.). This list can also be used to determine whether listed species may be present for projects without federal agency involvement. New information based on updated surveys, changes in the abundance and distribution of species, changed habitat conditions, or other factors could change this list.

Please feel free to contact us if you need more current information or assistance regarding the potential impacts to federally proposed, listed, and candidate species and federally designated and proposed critical habitat. Please note that under 50 CFR 402.12(e) of the regulations implementing section 7 of the ESA, the accuracy of this species list should be verified after 90 days. This verification can be completed formally or informally as desired. The Service recommends that verification be completed by visiting the ECOS-IPaC site at regular intervals during project planning and implementation for updates to species lists and information. An updated list may be requested through the ECOS-IPaC system by completing the same process used to receive the enclosed list. If listed, proposed, or candidate species were identified as potentially occurring in the project area, coordination with our office is encouraged. Information on the steps involved with assessing potential impacts from projects can be found at: http://www.fws.gov/northeast/nyfo/es/section7.htm

Please be aware that bald and golden eagles are protected under the Bald and Golden Eagle Protection Act (16 U.S.C. 668 et seq.), and projects affecting these species may require development of an eagle conservation plan (http://www.fws.gov/windenergy/)
eagle_guidance.html). Additionally, wind energy projects should follow the Services wind energy guidelines (http://www.fws.gov/windenergy/) for minimizing impacts to migratory birds and bats.

Guidance for minimizing impacts to migratory birds for projects including communications towers (e.g., cellular, digital television, radio, and emergency broadcast) can be found at: http://www.fws.gov/migratorybirds/CurrentBirdIssues/Hazards/towers/towers.htm; http://www.towerkll.com; and http://www.fws.gov/migratorybirds/CurrentBirdIssues/Hazards/towers/comtow.htm.

We appreciate your concern for threatened and endangered species. The Service encourages Federal agencies to include conservation of threatened and endangered species into their project planning to further the purposes of the ESA. Please include the Consultation Tracking Number in the header of this letter with any request for consultation or correspondence about your project that you submit to our office.

Critical habitats
A portion of the Proposed Action within the eastern project area is located along the Erie Canal and is within or adjacent to the New York State Barge Canal Historic District and potential Environmental Justice community. Given these historic and sensitive resources, the impact of the project on the visual character of the surrounding area has been assessed.

The assessment included two site investigations, one in early October 2019 and another in mid-November 2019. These site investigations allowed the site to be evaluated during both leaf-on and leaf-off conditions. As a result, it was determined that in order to evaluate the greatest potential visual impact to the surrounding area, the existing and proposed conditions should be assessed based on leaf-on conditions. Based on the location of the project, three key views were identified that would show the greatest degree of potential visual impact (see Figure 1 in Appendix A): two views along the Erie Canal Trail and one view from Kingsboro Road. In each view, the impact of the project was evaluated on its effect on the overall visual quality and experience for users of the historic resource.

Key View 1 looks northwest along the Erie Canal Trail with the Erie Canal to the northeast and the I-390 on-ramp to the southwest (see Figure 1 and 2 in Appendix A and B, respectively). The existing visual quality within this corridor is poor due to the scattered tall vegetation along either side of the trail, the presence of the on-ramp, and large overhead cobra roadway lightings. Trail users are likely to move through this section quickly given its proximity to the highway and airport. Figure 3 in Appendix B portrays how this stretch of the trail may look after the project. Most prominent are removal of the large deciduous tree
in the center of the view and the lowering of the tree line to the right hand-side (northeast). Although the removal of the center tree is notable, the lower vegetation adjacent to the trail is maintained and the density of the tree line is preserved. The tree removal may enable users to better visually engage with the Erie Canal. Given the existing visual quality of the view and the amount and type of vegetation remaining, it is anticipated that the project would not likely impact the overall visual quality and experience for users.

Key View 2 looks southeast along the Erie Canal Trail just before the trail splits before going under the Scottsville Road Bridge and into Genesee Valley Park (see Figure 1 and 4 in Appendix A and C, respectively). As in the first view, the existing visual quality within the view is poor due to the inconsistent vegetation adjacent to the trail and presence of unsightly fencing. Figure 5 in Appendix C shows the removal of the large deciduous tree directly northeast of the trail and the deciduous tree on the knoll to the southeast. Select trees within the tree line are also shortened. Although the removal of the tree between the path and the canal allows for more direct views to the east toward Scottsville Road Bridge, the density within the tree line is preserved. As such, the project would not likely impact the overall visual quality and experience for trail users.

Key View 3 looks from Kingsboro Road between houses 89 and 93 within the potential Environmental Justice Community (see Figure 1 and 6 in A and D, respectively). The large deciduous tree behind house 93 (on right) is included within the project. Figure 7 in Appendix D portrays the potential impacts upon completion of the project. Though the removal of the large deciduous tree is notable, other trees in the back and front yards are not impacted, which allows the view to maintain its visual quality. With the removal of select trees on the north side of the canal, it is important to recognize that there may be minor visual impacts to summer time views from the second stories of homes along Kingsboro Road.

In reviewing the existing and proposed conditions in all three views, the Proposed Action would not significantly impact the visual quality and experience for users along the Erie Canal Trail or residents within the Environmental Justice community along Kingsboro Road. Further, no mitigation is recommended at this time.

Dear Mrs. Frazer:

Thank you for requesting the comments of the New York State Historic Preservation Office (SHPO). We have reviewed the provided documentation in accordance with Section 106 of the National Historic Preservation Act of 1966. These comments are those of the SHPO and relate only to Historic/Cultural resources. They do not include other environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the National Environmental Policy Act and/or the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8).

We note that the proposed project is adjacent to the New York State Barge Canal Historic District, a National Historic Landmark. We have reviewed the submission received on November 21, 2019. Based on that review it is the SHPO’s opinion that the project, as proposed, will No Adverse Effect on the National Historic Landmark.

If you have any questions, I can be reached at 518-268-2170.

Sincerely,

Robyn Sedgwick

Monroe County Legislature - December 8, 2020
By Legislators Dondorfer and Ancello

Intro. No. _______

RESOLUTION NO. _______ OF 2020

CLASSIFICATION OF ACTION, DESIGNATION OF LEAD AGENCY, AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT (SEQRA) FOR SALT ROAD PHASE REHABILITATION PROJECT

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the Salt Road Rehabilitation Project is an Unlisted Action.

Section 2. The Monroe County Legislature designates Monroe County as Lead Agency for a coordinated review of the Salt Road Phase Rehabilitation Project.

Section 3. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated November 6, 2020 and has considered the potential environmental impacts of the Salt Road Rehabilitation Project pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 4. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 5. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

This action will have no significant adverse environmental impacts as this action largely falls in line with Type II actions, which have been determined not to have significant impact on the environment, such as repaving of existing highways and maintenance or repair involving no substantial changes. However, this action also includes the potential property acquisition, easement or in-fa, due to limited right of way along the roadway. Property acquisition will be minimal and only as necessary to ensure the longevity of the road and safety of users and adjacent property owners.

This action may impact .018 acres of adjacent areas to wetlands, including a tributary to Four-Mile Creek. However, direct impacts to wetlands are not anticipated. Monroe County will secure a permit from the NYSDEC for any wetlands and stream related work and will follow all limitations of guidance as directed by permitting authorities. Therefore, no impacts to wetlands are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

However, this action also includes the potential for property acquisition, easement or in-fee, due to limited right of way along the roadway. Property acquisition will be minimal and only as necessary to ensure the longevity of the road and safety of users and adjacent property owners.

Although, this project is anticipated to impact .222 acres of federal jurisdictional wetlands, compensatory wetlands are expected to be required and identified via permitting agencies. Mitigation via compensatory wetland creation will occur off-site as the site constraints will not allow compensation on site. No New York State jurisdictional wetlands have been identified on site.

This action is expected to have a de minimis impact to the the Gosnell Big Woods Preserve which is to the south of the project site.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION NO. ____ OF 2026

CONFIRMING SCALE OF CHARGES FOR GATES-CHILI-OGDEN SEWER DISTRICT, NORTHWEST QUADRANT PURE WATERS DISTRICT, IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT AND ROCHESTER PURE WATERS DISTRICT, COUNTY SEWER DISTRICTS FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Gates-Chili-Ogden Sewer District, Northwest Quadrant Pure Waters District, Irondequoit Bay South Central Pure Waters District and Rochester Pure Waters District have, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities for each of the County Pure Waters Districts and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by each of the Districts; and

WHEREAS, the Administrative Board of the Gates-Chili-Ogden Sewer District, Northwest Quadrant Pure Waters District, Irondequoit Bay South Central Pure Waters District and Rochester Pure Waters District have, pursuant to §266 of the County Law of the State of New York and Resolution No. 502 of 1971, as amended by Resolution No. 337 of 1974, relating to the Rochester Pure Waters District, and pursuant to Section 266 of the County Law of the State of New York and Resolution Nos. 417 and 418 of 1973, and 449 of 1976, relating to the remaining pure waters districts, as adopted by the County Legislature of the County of Monroe, called public hearings, said hearings having been held on the 8th day of December, 2020, at 6:15 p.m., 6:16 p.m., 6:17 p.m. and 6:18 p.m., respectively.

NOW, THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

GATES-CHILI-OGDEN SEWER DISTRICT
Operation and Maintenance Charge

$2.865 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge separately commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.
NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Gates-Chili-Ogden Sewer District:
$300.00 per connection - residential
$400.00 per connection - non-residential

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 + 300 + 10}
\]

Definitions:

S.F. = Surcharge Factor.
BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

OTHER CHARGES - WHERE APPLICABLE

A. Application Fees for Licenses or Permits under the Sewer Use Law

(1) Initial Application for License or Permit (3 Year) $125.00
(2) Renewal License or Permit Applications (3 Year) $75.00

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any  
waste, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the  
maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for  
increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary  
waste by the surcharge factor. The formula for finding the surcharge factor is as follows:
S.F. = \frac{a(BOD-300)}{300} + \frac{b(SS-300)}{300} + \frac{d(P-10)}{10}

Definitions:

S.F. = Surcharge Factor.

BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.

SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.

P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.

a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.

b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.

d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

Pure Waters Administrative Boards
407 County Office Building
Rochester, New York 14614

Subject: Pure Waters Administrative Boards Schedule Public Hearings for Operation and Maintenance Charges for Each of the Monroe County Pure Waters Districts for 2021 and Establishment of Scale of Charges

Honorable Legislators:

In accordance with New York State County Law §266, the Administrative Boards of the various County Pure Waters Districts ("Districts") are required to hold public hearings and to adopt a scale of charges for the respective Districts which charges allocate the costs of operation and maintenance of facilities to the Districts and establish the proportionate factors of surcharge for the treatment of industrial wastes and sewage.

Attached hereto are the proposed charges for each of the County Pure Waters Districts.

The specific Administrative Boards actions required are:

1. Schedule a public hearing to consider the proposed 2021 Scale of Charges for the Monroe County Pure Waters Districts.

2. Establish Scale of Charges per the attached schedules for the Gates-Chili-Ogden Sewer District, the Northwest Quadrant Pure Waters District, the Irondequoit Bay South Central Pure Waters District and the Rochester Pure Waters District for 2021.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

No net County support is required in the current Monroe County budget.

I recommend that this matter receive favorable action by the Administrative Boards of the Monroe County Pure Waters Districts.

Sincerely,

Adam J. Bello
County Executive

NOTICE OF HEARINGS ON SCALE OF CHARGES
FOR
GATES-CHILI-OGDEN SEWER DISTRICT
NORTHWEST QUADRANT PURE WATERS DISTRICT
IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT
ROCHESTER PURE WATERS DISTRICT

Pursuant to Section 266 of the County Law of the State of New York and Resolution No. 502 of 1971, as amended by Resolution No. 337 of 1974, relating to the Rochester Pure Waters District, and pursuant to Section 266 of the County Law of the State of New York and Resolution Nos. 417 and 418 of 1973, and 449 of 1976, relating to the remaining pure waters districts, as adopted by the County Legislature of the County of Monroe, public hearings will be held by the Administrative Boards of the Gates-Chili-Ogden Sewer District, Northwest Quadrant Pure Waters District, Irondequoit Bay South Central Pure Waters District and the Rochester Pure Waters District at the Legislative Chambers of the County Legislature in the County Office Building in Rochester, New York, on the ___th day of December 2020 on proposed scales of charges for the operation and maintenance of the facilities of the respective Districts as follows:

Rochester Pure Waters District: __:__ p.m. ET
Gates-Chili-Ogden Sewer District: __:__ p.m. ET
Northwest Quadrant Pure Waters District: __:__ p.m. ET
Irondequoit Bay South Central Pure Waters District: __:__ p.m. ET
SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

**GATES-CHILI-OGDEN SEWER DISTRICT**
*Operation and Maintenance Charge*

$2.865 per 1,000 gallons of water consumption (see Notes 1-3).

**NORTHWEST QUADRANT PURE WATERS DISTRICT**
*Operation and Maintenance Charge*

$1.71 per 1,000 gallons of water consumption (see Notes 1-3).

*Operation and Maintenance Charge for properties Receiving Local Collection System Services*

$1.93 per 1,000 gallons of water consumption (see Notes 1-3).

**CHARGES FOR RPWD ZONE 2**: No Charge - Operation and Maintenance not provided.
NOTES RE: Operation and Maintenance Charge (All Districts):

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Gates-Chili-Ogden Sewer District:
$300.00 per connection - residential
$400.00 per connection - non-residential

Northwest Quadrant and Irondequoit Bay South Central Pure Waters Districts:
$250.00 per connection - residential
$350.00 per connection - non-residential
Rochester Pure Waters District:
$300.00 per connection – residential *
$400.00 per connection – non-residential *

* For the RPWD a storm and sanitary sewer connection will be considered one connection when made at the same time.

**SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS**

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 + 300 + 10}
\]

**Definitions:**

S.F.  =  Surcharge Factor.

BOD  =  Milligrams per liter of Biochemical Oxygen Demand, as defined in the Monroe County Sewer Use Law.

SS   =  Milligrams per liter of Suspended Solids, as defined in the Monroe County Sewer Use Law.

P    =  Milligrams per liter of Phosphorus, as defined in the Monroe County Sewer Use Law.

a    =  Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.

b    =  Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.

d    =  Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

PROCEDURES FOR INITIATING LOCAL SEWER CONSTRUCTION
AND CONNECTIONS in the Rochester Pure Waters District

1. A petition requesting the Rochester Pure Waters District to install sewers in a particular area will be submitted to the Administrator of Pure Waters.

2. The Administrator of Pure Waters will have an engineering feasibility report prepare for the project, including a preliminary cost estimate and recommendation.

3. The report and the petition will be presented to the Administrative Board for approval.

4. If the project is approved by the Board, it will then be considered as a Capital improvement project, or as a capital budget item.

5. Whenever a new connection is made to an existing sewer, a connection fee of $300.00 will be charged by the District. All work and cost for installing a lateral or laterals shall be the property owner's responsibility.

At said public hearings the respective Administrative Boards will hear all persons interested in the subject matter thereof.

An appeal to the County Legislature from any scale of charges established by any of the Administrative Boards and confirmed by the County Legislature may be taken by any person aggrieved. Such appeal may be taken by filing with such Administrative Board and with the Clerk of the Legislature a written notice of appeal specifying the ground thereof, within 15 days of the confirmation of such scale of charges by the Legislature pursuant to Section 266 of the County Law.

Pure Waters Administrative Boards
407 County Office Building
Rochester, New York 14614

Subject: Pure Waters Administrative Boards Schedule Public Hearings for Operation and Maintenance Charges for Each of the Monroe County Pure Waters Districts for 2021 and Establishment of Scale of Charges

Honorable Legislators:

In accordance with New York State County Law §266, the Administrative Boards of the various County Pure Waters Districts ("Districts") are required to hold public hearings and to adopt a scale of charges for the respective Districts which charges allocate the costs of operation and maintenance of facilities to the Districts and establish the proportionate factors of surcharge for the treatment of industrial wastes and sewage.

Attached hereto are the proposed charges for each of the County Pure Waters Districts.

The specific Administrative Boards actions required are:

1. Schedule a public hearing to consider the proposed 2021 Scale of Charges for the Monroe County Pure Waters Districts.

2. Establish Scale of Charges per the attached schedules for the Gates-Chili-Ogden Sewer District, the Northwest Quadrant Pure Waters District, the Irondequoit Bay South Central Pure Waters District and the Rochester Pure Waters District for 2021.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

No net County support is required in the current Monroe County budget.

I recommend that this matter receive favorable action by the Administrative Boards of the Monroe County Pure Waters Districts.

Sincerely,

Adam J. Bello
Monroe County Executive

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

GATES-CHILI-OGDEN SEWER DISTRICT
Operation and Maintenance Charge

$2.865 per 1,000 gallons of water consumption (see Notes 1-3).

NORTHWEST QUADRANT PURE WATERS DISTRICT
Operation and Maintenance Charge

$1.71 per 1,000 gallons of water consumption (see Notes 1-3).

Operation and Maintenance Charge for properties
Receiving Local Collection System Services

$1.93 per 1,000 gallons of water consumption (see Notes 1-3).

IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT
Operation and Maintenance Charge

$1.4525 per 1,000 gallons of water consumption

Operation and Maintenance Charge for properties
Receiving Local Collection System Services

$2.47 per 1,000 gallons of water consumption (see Notes 1-3).

ROCHESTER PURE WATERS DISTRICT
Operation and Maintenance Charge

$2.4700 per 1,000 Gallons of water consumption (see Notes 1-3).

CHARGES FOR RPWD ZONE 2: No Charge - Operation and Maintenance not provided.
**NOTES RE: Operation and Maintenance Charge (All Districts):**

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

**NEW USER CONNECTION FEES**

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

**Gates-Chili-Ogden Sewer District:**
- $300.00 per connection - residential
- $400.00 per connection - non-residential

**Northwest Quadrant and Irondequoit Bay South Central Pure Waters Districts:**
- $250.00 per connection - residential
- $350.00 per connection - non-residential
Rochester Pure Waters District:
$300.00 per connection – residential *
$400.00 per connection – non-residential *

* For the RPWD a storm and sanitary sewer connection will be considered one connection when made at the same time.

**SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS**

The owner or lessee of any parcel of real property connected with the District’s Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 \quad 300 \quad 10}
\]

**Definitions:**

S.F. = Surcharge Factor.

BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in the Monroe County Sewer Use Law.

SS = Milligrams per liter of Suspended Solids, as defined in the Monroe County Sewer Use Law.

P = Milligrams per liter of Phosphorus, as defined in the Monroe County Sewer Use Law.

a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.

b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.

d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

PROCEDURES FOR INITIATING LOCAL SEWER CONSTRUCTION
AND CONNECTIONS in the Rochester Pure Waters District

1. A petition requesting the Rochester Pure Waters District to install sewers in a particular area will be submitted to the Administrator of Pure Waters.

2. The Administrator of Pure Waters will have an engineering feasibility report prepare for the project, including a preliminary cost estimate and recommendation.

3. The report and the petition will be presented to the Administrative Board for approval.

4. If the project is approved by the Board, it will then be considered as a Capital improvement project, or as a capital budget item.

5. Whenever a new connection is made to an existing sewer, a connection fee of $300.00 will be charged by the District. All work and cost for installing a lateral or laterals shall be the property owner's responsibility.

At said public hearings the respective Administrative Boards will hear all persons interested in the subject matter thereof.

An appeal to the County Legislature from any scale of charges established by any of the Administrative Boards and confirmed by the County Legislature may be taken by any person aggrieved. Such appeal may be taken by filing with such Administrative Board and with the Clerk of the Legislature a written notice of appeal specifying the ground thereof, within 15 days of the confirmation of such scale of charges by the Legislature pursuant to Section 266 of the County Law.

PURE WATERS ADMINISTRATIVE BOARD OF THE
IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT

Intro. No. _____

RESOLUTION NO. _____ OF 2020

ESTABLISHING SCALE OF CHARGES FOR IRONDEQUOIT BAY SOUTH CENTRAL PURE
WATERS DISTRICT, COUNTY SEWER DISTRICT FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Irondequoit Bay South Central Pure Waters District has,
pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and
maintenance of facilities of the District and setting proportionate factors of surcharge for the treatment of
industrial wastes and sewerage received by the District; and

WHEREAS, the Administrative Board of the Irondequoit Bay South Central Pure Waters District has,
pursuant to §266 of the County Law of the State of New York, and Resolution Nos. 417 and 418 of 1973, and
Resolution No. 449 of 1976, called a public hearing, said hearing having been held on the ____ day of December,
2020, at _____ p.m. ET.

NOW, THEREFORE, BE IT RESOLVED BY THE PURE WATERS ADMINISTRATIVE BOARD
OF THE IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT

Operation and Maintenance Charge

$1.4525 per 1,000 gallons of water consumption (see Notes 1-3).

Operation and Maintenance Charge for properties Receiving Local
Collection System Services

$2.47 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic waste
water. It will be adjusted for industrial and commercial users based on the quality of sewage and
additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which
water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons
per unit for the user charge separately commencing January 1, 2021. All such bills unpaid as of
October 1st will be transferred to the County Tax Rolls.
4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

**NEW USER CONNECTION FEES**

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

**Irondequoit Bay South Central Pure Waters District:**
- $250.00 per connection - residential
- $350.00 per connection - non-residential

**SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS**

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 + 300 + 10}
\]

**Definitions:**

- **S.F.** = Surcharge Factor.
- **BOD** = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
- **SS** = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
- **P** = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
- **a** = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
- **b** = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
- **d** = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

**OTHER CHARGES - WHERE APPLICABLE**

**A. Application Fees for Licenses or Permits under the Sewer Use Law**

1. Initial Application for License or Permit (3 Year) **$125.00**

2. Renewal License or Permit Applications (3 Year) **$75.00**

3. Initial or Renewal Application for Scavenger Waste Permit where application is licensed under Environmental Conservation Law Section 27-0301 of New York State **$30.00**

4. Specialty Short Term Discharge Permit (Note - permit issued with no fee for **$125.00**
wastewater transported to treatment plants. Permit fees already recovered in disposal fee)

B. **Septic Tank Hauling Rates**
   Charge for Scavenger Waste  
   $42.00/1,000 gallons

C. **Disposal of Vector Spoils**
   (1) Charge for disposal of Vector Spoils  
       (Cu. Yds.) Based on half of vehicle Capacity  
       $89.00/Cubic Yard
   (2) Charge for disposal of Vector Spoils  
       (Tons) Based on certified scale house receipt  
       $58.00/Ton

D. **Collection System Charges**
   (1) Review of Plans and construction monitoring  
       (Due prior to plan approval)  
       $300.00/lot - minimum of 1 lot
   (2) Inspection of privately constructed sewers  
       (Due prior to plan approval. No charge for existing sewers inside subdivision boundaries.)  
       $0.50/foot of sewer & laterals  
       $50.00 minimum, as applicable

Monroe County Legislature - December 8, 2020
Office of the County Executive

Monroe County, New York

Adam J. Bello
County Executive

November 6, 2020

To The Administrative Boards of the
Gates-Chili-Ogden Sewer District
Irondequoit Bay South Central Pure Waters District
Northwest Quadrant Pure Waters District
Rochester Pure Waters District
407 County Office Building
Rochester, New York 14614

Subject: Authorize Contracts with Atlantic Testing Laboratories, Ltd. and Terracon Consultants – NY, Inc.
for Material Testing Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and the Rochester Pure Waters District authorize contracts with Atlantic Testing Laboratories, Ltd. and Terracon Consultants – NY, Inc. in a total annual aggregate amount not to exceed $150,000 for material testing term services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

These contracts will provide Monroe County with material testing and inspection services when it is necessary to determine either the quality of the work being performed or subsurface soil conditions. These contracts establish an agreed upon rate for a variety of material testing and inspection services so that when services are required, the County is assured of a timely response to projects. These services will be made available to all County departments and the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and the Northwest Quadrant Pure Waters District.

Monroe County’s Minority and Women-Owned Business-Enterprise ("M/WBE") Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was not a selection criteria. However, Atlantic Testing Laboratories, Limited which was one of the two (2) entities rated most qualified to provide these services, is a Women Business Enterprise and listed in New York State’s M/WBE Directory of Certified Firms. Terracon Consultants - NY, Inc., the other entity rated most qualified, is not listed in New York State’s M/WBE Directory of Certified Firms, but will partner with the following M/WBE certified firms pursuant to its contract: Foi-Albert Associates Architecture, Engineering and Surveying, P.C. and 3rd Rock, LLC.

The specific Administrative Boards action required is to authorize the County Executive, or his designee, to execute contracts, and amendments thereto, with Atlantic Testing Laboratories, Ltd. 3495 Winton Place, Bldg. B, Suite 4A, Rochester New York 14623; and Terracon Consultants – NY, Inc. 15 Marway Circle, Suite 2B, Rochester, New York 14624, for material testing term services in a total annual aggregate amount not to exceed $150,000 for the period of January 1, 2021 through December 31, 2021 with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

Subject: Authorize a Contract with Paradigm Environmental Services, Inc. for Professional Environmental Testing Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Water District, and the Rochester Pure Waters District authorize a contract with Paradigm Environmental Services, Inc. in a total annual amount not to exceed $150,000 for professional environmental testing term services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year's Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

This contract will provide Monroe County with professional environmental sampling and laboratory testing services when asbestos or other potentially hazardous materials are encountered and must be dealt with in accordance with applicable codes and regulations. This contract establishes an agreed upon rate for a variety of professional environmental sampling and laboratory testing services so that when services are required, the County is assured of a timely response to projects.

Monroe County's Minority and Women-Owned Business Enterprise ("M/WBE") Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals ("RFP") was issued for this contract. M/WBE utilization was not a selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFPs, Requests for Qualifications, and Expressions of Interest going forward. Paradigm Environmental Services, Inc. was rated the most qualified, but is not listed in New York State's M/WBE Directory of Certified Firms.

Subject: Authorize Contracts with Arcadis of New York, Inc. and Day Engineering, P.C. for Pump Station Engineering Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District, and the Rochester Pure Waters District authorize contracts with Arcadis of New York, Inc. and Day Engineering, P.C., for a total annual amount not to exceed $150,000 for each contract for pump station engineering term services for the Monroe County Department of Environmental Services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

Monroe County Pure Waters owns, operates and maintains over sixty-two (62) sewage pumping stations throughout its four Districts. Pure Waters has implemented a program to inventory its pump stations and develop a long-term improvement program to maintain the reliability and continuity of its facilities. Pure Waters will utilize term engineering consultants to perform a variety of professional services including facility evaluations, analysis, recommendations and preparation of reports, plans, specifications and construction estimates and administration/inspection for pump station improvements.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was a selection criteria. None of the four (4) respondents were a M/WBE certified firm, but each respondent’s project team included both Women and Minority Owned Business Enterprises. Accordingly, all four (4) respondents scored a two (2) for M/WBE utilization. Arcadis of New York, Inc., which was one of the two (2) entities rated most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Popli Design Group, Pathfinder Engineers & Architects, LLP, CME Associates, Inc., Group I Design, and Ambient Environmental Inc. Day Engineering, P.C., which was also rated the most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Watts Architecture & Engineering, D.P.C. and Gayron de Bruin Land Surveying and Engineering, P.C.

Subject: Authorize a Contract with Clean Harbors Environmental Services, Inc. to Collect, Transport, and Dispose of Household Hazardous Waste to Support the Monroe County Pure Waters Industrial Waste Program

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Water District and the Rochester Pure Waters District authorize a contract with Clean Harbors Environmental Services, Inc., in an annual amount not to exceed $350,000 to collect, transport, and dispose of household hazardous waste ("HHW") to support the Monroe County Pure Waters Industrial Waste Program for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year's Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

The Department of Environmental Services has operated a HHW collection program since 1991. The collection program provides residents of Monroe County with an economical, convenient, and environmentally sound disposal option for their unwanted, out-dated, or banned pesticides, solvents, cleaners, oil base paints and other materials that contain potentially harmful constituents. Since 1991, nearly 6,109 tons of household hazardous waste have been collected and approximately 142,900 County residents served. The HHW collection program is operated at the Ecopark on 10 Avion Drive.

This contract will provide the services needed to continue the HHW collection program including the following components: applicable local, state, and federal permitting and reporting requirements; furnishing of all equipment and supplies to package wastes for transport and disposal; technical staff to operate the facility on collection days to determine chemical hazards; and provide for final disposal of wastes by environmentally sound methods in full compliance with all local, state, and federal laws.

Monroe County's Minority and Women-Owned Business Enterprise ("M/WBE") Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals ("RFP") was issued for this contract. M/WBE utilization was not a selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFPs, Requests for Qualifications, and Expressions of Interest going forward. Clean Harbor Environmental Services, Inc. was rated the most qualified; but is not listed in New York State's M/WBE Directory of Certified Firms. However, Clean Harbor supports a Corporate Small Business Supplier Development Program, through which it set an annual goal of over $22 million in projected subcontracting with Woman Owned Small Businesses and $22 million in projected subcontracting with Small Disadvantaged Businesses in 2020.

Subject: Increase and Improvement of Facilities in the Gates-Chili-Ogden Sewer District – General Collection System Improvements and Amend the Proposed 2021 Capital Budget and Authorize an Appropriation Transfer

Honorable Legislators:

I recommend that the Administrative Board of the Gates-Chili-Ogden Sewer District approve a request to establish an Increase and Improvement of Facilities in the Gates-Chili-Ogden Sewer District (“District”), in the amount of $350,000 for a capital project entitled “General Collection System Improvements,” and amend the Proposed 2021 Capital Budget and authorize an appropriation transfer.

This increase and improvement of facilities is necessary to provide funding for the “General Collection System Improvements” project. This project includes general improvements to various pump stations and collection system infrastructure, including enhancements to appurtenant communication and data transmission systems. This project is necessary to maintain the reliability and continuity of services to District customers. The estimated cost of the improvements is $350,000, which shall be provided as cash capital.

Portions of the project may become eligible for financing through the New York State Water Pollution Control Revolving Loan Fund. It is therefore requested that the County have the ability to submit applications and take any necessary steps to utilize this financing vehicle if it becomes available.

The specific Administrative Board action required is to submit a request to the Monroe County Legislature to approve an “Increase and Improvement of Facilities in the Gates-Chili-Ogden Sewer District” for a capital project entitled “General Collection System Improvements” at an estimated cost of $350,000 and amend the proposed 2021 Capital Budget and authorize an appropriation transfer.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(e)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part") and is not subject to further review under the State Environmental Quality Review Act.

Rochester, New York 14614  

Subject: Pure Waters Administrative Boards Schedule Public Hearings for Operation and Maintenance Charges for Each of the Monroe County Pure Waters Districts for 2021 and Establishment of Scale of Charges  

Honorable Legislators:  

In accordance with New York State County Law §266, the Administrative Boards of the various County Pure Waters Districts ("Districts") are required to hold public hearings and to adopt a scale of charges for the respective Districts which charges allocate the costs of operation and maintenance of facilities to the Districts and establish the proportionate factors of surcharge for the treatment of industrial wastes and sewage.  

Attached hereto are the proposed charges for each of the County Pure Waters Districts.  

The specific Administrative Boards actions required are:  

1. Schedule a public hearing to consider the proposed 2021 Scale of Charges for the Monroe County Pure Waters Districts.  

2. Establish Scale of Charges per the attached schedules for the Gates-Chili-Ogden Sewer District, the Northwest Quadrant Pure Waters District, the Irondequoit Bay South Central Pure Waters District and the Rochester Pure Waters District for 2021.  

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.  

No net County support is required in the current Monroe County budget.  

I recommend that this matter receive favorable action by the Administrative Boards of the Monroe County Pure Waters Districts.

$2.47 per 1,000 gallons of water consumption (see Notes 1-3).

ROCHESTER PURE WATERS DISTRICT
Operation and Maintenance Charge

$2.4700 per 1,000 Gallons of water consumption (see Notes 1-3).

CHARGES FOR RPWD ZONE 2: No Charge - Operation and Maintenance not provided.
NOTES RE: Operation and Maintenance Charge (All Districts):

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Gates-Chili-Ogden Sewer District:
- $300.00 per connection - residential
- $400.00 per connection - non-residential

Northwest Quadrant and Irondequoit Bay South Central Pure Waters Districts:
- $250.00 per connection - residential
- $350.00 per connection - non-residential
Rochester Pure Waters District:
$300.00 per connection – residential *
$400.00 per connection – non-residential *

* For the RPWD a storm and sanitary sewer connection will be considered one connection when made at the same time.

**SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS**

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 \quad 300 \quad 10}
\]

**Definitions:**

S.F. = Surcharge Factor.

BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in the Monroe County Sewer Use Law.

SS = Milligrams per liter of Suspended Solids, as defined in the Monroe County Sewer Use Law.

P = Milligrams per liter of Phosphorus, as defined in the Monroe County Sewer Use Law.

a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.

b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.

d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

PROCEDURES FOR INITIATING LOCAL SEWER CONSTRUCTION
AND CONNECTIONS in the Rochester Pure Waters District

1. A petition requesting the Rochester Pure Waters District to install sewers in a particular area will be submitted to the Administrator of Pure Waters.

2. The Administrator of Pure Waters will have an engineering feasibility report prepare for the project, including a preliminary cost estimate and recommendation.

3. The report and the petition will be presented to the Administrative Board for approval.

4. If the project is approved by the Board, it will then be considered as a Capital improvement project, or as a capital budget item.

5. Whenever a new connection is made to an existing sewer, a connection fee of $300.00 will be charged by the District. All work and cost for installing a lateral or laterals shall be the property owner's responsibility.

At said public hearings the respective Administrative Boards will hear all persons interested in the subject matter thereof.

An appeal to the County Legislature from any scale of charges established by any of the Administrative Boards and confirmed by the County Legislature may be taken by any person aggrieved. Such appeal may be taken by filing with such Administrative Board and with the Clerk of the Legislature a written notice of appeal specifying the ground thereof, within 15 days of the confirmation of such scale of charges by the Legislature pursuant to Section 266 of the County Law.

S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 + 300 + 10}
\]

Definitions:

- **S.F.** = Surcharge Factor.
- **BOD** = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
- **SS** = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
- **P** = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
- **a** = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
- **b** = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
- **d** = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

OTHER CHARGES - WHERE APPLICABLE

A. **Application Fees for Licenses or Permits under the Sewer Use Law**

1. Initial Application for License or Permit (3 Years) $125.00

Intro. No. _____

RESOLUTION NO. _____ OF 2020

ESTABLISHING SCALE OF CHARGES FOR ROCHESTER PURE WATERS DISTRICT, COUNTY SEWER DISTRICT FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Rochester Pure Waters District has, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities of the District and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by the District; and

WHEREAS, the Administrative Board of the Rochester Pure Waters District has, pursuant to §266 of the County Law of the State of New York and Resolution No. 502 of 1971, as amended by Resolution No. 337 of 1974, called a public hearing, said hearing having been held on the ___ day of December, 2020, at ___ p.m. ET.

NOW, THEREFORE, BE IT RESOLVED BY THE PURE WATERS ADMINISTRATIVE BOARD OF THE ROCHESTER PURE WATERS DISTRICT, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

ROCHESTER PURE WATERS DISTRICT
Operation and Maintenance Charge

$2.4700 per 1,000 Gallons of water consumption (see Notes 1-3).

CHARGES FOR RPWD ZONE 2: No Charge - Operation and Maintenance not provided.

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge separately commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.
NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Rochester Pure Waters District:
$300.00 per connection – residential *
$400.00 per connection – non-residential *

* For the RPWD a storm and sanitary sewer connection will be considered one connection when made at the same time.

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District’s Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[ S.F. = \frac{a(BOD-300)}{300} + \frac{b(SS-300)}{300} + \frac{d(P-10)}{10} \]

Definitions:

S.F. = Surcharge Factor.
BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
a = Proportionate cost to treat 1 lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
b = Proportionate cost to treat 1 lb. of Suspended Solids (SS) and is established at 0.505.
d = Proportionate cost to treat 1 lb. of Phosphorus (P) and is established at 0.025.

OTHER CHARGES - WHERE APPLICABLE

Pure Waters Administrative Boards
407 County Office Building
Rochester, New York 14614

Subject: Pure Waters Administrative Boards Schedule Public Hearings for Operation and Maintenance Charges for Each of the Monroe County Pure Waters Districts for 2021 and Establishment of Scale of Charges

Honorable Legislators:

In accordance with New York State County Law §266, the Administrative Boards of the various County Pure Waters Districts ("Districts") are required to hold public hearings and to adopt a scale of charges for the respective Districts which charges allocate the costs of operation and maintenance of facilities to the Districts and establish the proportionate factors of surcharge for the treatment of industrial wastes and sewage.

Attached hereto are the proposed charges for each of the County Pure Waters Districts.

The specific Administrative Boards actions required are:

1. Schedule a public hearing to consider the proposed 2021 Scale of Charges for the Monroe County Pure Waters Districts.

2. Establish Scale of Charges per the attached schedules for the Gates-Chili-Ogden Sewer District, the Northwest Quadrant Pure Waters District, the Irondequoit Bay South Central Pure Waters District and the Rochester Pure Waters District for 2021.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

No net County support is required in the current Monroe County budget.

I recommend that this matter receive favorable action by the Administrative Boards of the Monroe County Pure Waters Districts.

Sincerely,

Adam J. Bello
Monroe County Executive

**SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS**

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

$$S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 300 10}$$

**Definitions:**

S.F. = Surcharge Factor.

BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in the Monroe County Sewer Use Law.

SS = Milligrams per liter of Suspended Solids, as defined in the Monroe County Sewer Use Law.

P = Milligrams per liter of Phosphorus, as defined in the Monroe County Sewer Use Law.

a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.

b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.

d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

Intro. No. ___

RESOLUTION NO. ___ OF 2020

ESTABLISHING SCALE OF CHARGES FOR NORTHWEST QUADRANT PURE WATERS DISTRICT, COUNTY SEWER DISTRICT FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Northwest Quadrant Pure Waters District has, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities of the District and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by the District; and

WHEREAS, the Administrative Board of the Northwest Quadrant Pure Waters District No. 1 has, pursuant to §266 of the County Law of the State of New York, and Resolution Nos. 417 and 418 of 1973, and Resolution No. 449 of 1976, called a public hearing, said hearing having been held on the ____ day of December, 2020, at ____ p.m. ET.

NOW, THEREFORE, BE IT RESOLVED BY THE PURE WATERS ADMINISTRATIVE BOARD OF THE NORTHWEST QUADRANT PURE WATERS DISTRICT, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

NORTHWEST QUADRANT PURE WATERS DISTRICT

Operation and Maintenance Charge

$1.71 per 1,000 gallons of water consumption (see Notes 1-3).

Operation and Maintenance Charge for properties Receiving Local Collection System Services

$1.93 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.
4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Northwest Quadrant Pure Waters District:
- $250.00 per connection - residential
- $350.00 per connection - non-residential

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300)}{300} + \frac{b(SS-300)}{300} + \frac{d(P-10)}{10}
\]

Definitions:

S.F. = Surcharge Factor.
BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

OTHER CHARGES - WHERE APPLICABLE

A. Application Fees for Licenses or Permits under the Sewer Use Law

1. Initial Application for License or Permit (3 Year) $125.00
2. Renewal License or Permit Applications (3 Year) $75.00
3. Initial or Renewal Application for Scavenger Waste Permit where application is licensed under Environmental Conservation Law Section 27-0301 of New York State $30.00
4. Specialty Short Term Discharge Permit (Note – permit issued with no fee for wastewater transported to treatment plants. Permit fees already recovered in disposal fee) $125.00

Subject: Authorize Contracts with Atlantic Testing Laboratories, Ltd. and Terracon Consultants – NY, Inc. for Material Testing Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and the Rochester Pure Waters District authorize contracts with Atlantic Testing Laboratories, Ltd. and Terracon Consultants — NY, Inc. in a total annual aggregate amount not to exceed $150,000 for material testing term services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

These contracts will provide Monroe County with material testing and inspection services when it is necessary to determine either the quality of the work being performed or subsurface soil conditions. These contracts establish an agreed upon rate for a variety of material testing and inspection services so that when services are required, the County is assured of a timely response to projects. These services will be made available to all County departments and the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and the Northwest Quadrant Pure Waters District.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was not a selection criteria. However, Atlantic Testing Laboratories, Limited which was one of the two (2) entities rated most qualified to provide these services, is a Women Business Enterprise and listed in New York State’s M/WBE Directory of Certified Firms. Terracon Consultants - NY, Inc., the other entity rated most qualified, is not listed in New York State’s M/WBE Directory of Certified Firms, but will partner with the following M/WBE certified firms pursuant to its contract: Foil-Albert Associates Architecture, Engineering and Surveying, P.C. and 3rd Rock, LLC.

The specific Administrative Boards action required is to authorize the County Executive, or his designee, to execute contracts, and amendments thereto; with Atlantic Testing Laboratories, Ltd. 3495 Winton Place, Bldg. B, Suite 4A, Rochester New York 14623, and Terracon Consultants – NY, Inc. 15 Marway Circle, Suite 2B, Rochester, New York 14624, for material testing term services in a total annual aggregate amount not to exceed $150,000 for the period of January 1, 2021 through December 31, 2021 with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

Subject: Authorize a Contract with Paradigm Environmental Services, Inc. for Professional Environmental Testing Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Water District, and the Rochester Pure Waters District authorize a contract with Paradigm Environmental Services, Inc. in a total annual amount not to exceed $150,000 for professional environmental testing term services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

This contract will provide Monroe County with professional environmental sampling and laboratory testing services when asbestos or other potentially hazardous materials are encountered and must be dealt with in accordance with applicable codes and regulations. This contract establishes an agreed upon rate for a variety of professional environmental sampling and laboratory testing services so that when services are required, the County is assured of a timely response to projects.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. Subject: Authorize Contracts with Arcadis of New York, Inc. and Day Engineering, P.C. for Pump Station Engineering Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District, and the Rochester Pure Waters District authorize contracts with Arcadis of New York, Inc. and Day Engineering, P.C., for a total annual amount not to exceed $150,000 for each contract for pump station engineering term services for the Monroe County Department of Environmental Services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

Monroe County Pure Waters owns, operates and maintains over sixty-two (62) sewage pumping stations throughout its four Districts. Pure Waters has implemented a program to inventory its pump stations and develop a long-term improvement program to maintain the reliability and continuity of its facilities. Pure Waters will utilize term engineering consultants to perform a variety of professional services including facility evaluations, analysis, recommendations and preparation of reports, plans, specifications and construction estimates and administration/inspection for pump station improvements.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was a selection criteria. None of the four (4) respondents were a M/WBE certified firm, but each respondent’s project team included both Women and Minority Owned Business Enterprises. Accordingly, all four (4) respondents scored a two (2) for M/WBE utilization. Arcadis of New York, Inc., which was one of the two (2) entities rated most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Popli Design Group, Pathfinder Engineers & Architects, LLP, CME Associates, Inc., Group 1 Design, and Ambient Environmental Inc. Day Engineering, P.C., which was also rated the most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Watts Architecture & Engineering, D.P.C. and Gayron de Bruin Land Surveying and Engineering, P.C.

Subject: Authorize a Contract with Clean Harbors Environmental Services, Inc. to Collect, Transport, and Dispose of Household Hazardous Waste to Support the Monroe County Pure Waters Industrial Waste Program

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Water District and the Rochester Pure Waters District authorize a contract with Clean Harbors Environmental Services, Inc., in an annual amount not to exceed $350,000 to collect, transport, and dispose of household hazardous waste (“HHW”) to support the Monroe County Pure Waters Industrial Waste Program for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

The Department of Environmental Services has operated a HHW collection program since 1991. The collection program provides residents of Monroe County with an economical, convenient, and environmentally sound disposal option for their unwanted, out-dated, or banned pesticides, solvents, cleaners, oil base paints and other materials that contain potentially harmful constituents. Since 1991, nearly 6,109 tons of household hazardous waste have been collected and approximately 142,900 County residents served. The HHW collection program is operated at the Ecopark on 10 Avion Drive.

This contract will provide the services needed to continue the HHW collection program including the following components: applicable local, state, and federal permitting and reporting requirements; furnishing of all equipment and supplies to package wastes for transport and disposal; technical staff to operate the facility on collection days to determine chemical hazards; and provide for final disposal of wastes by environmentally sound methods in full compliance with all local, state, and federal laws.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals (“RFP”) was issued for this contract. M/WBE utilization was not a selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFPs, Requests for Qualifications, and Expressions of Interest going forward. Clean Harbor Environmental Services, Inc. was rated the most qualified, but is not listed in New York State’s M/WBE Directory of Certified Firms. However, Clean Harbor supports a Corporate Small Business Supplier Development Program, through which it set an annual goal of over $22 million in projected subcontracting with Woman Owned Small Businesses and $22 million in projected subcontracting with Small Disadvantaged Businesses in 2020.

To The Administrative Board of the
Irondequoit Bay South Central Pure Waters District
407 County Office Building
Rochester, New York 14614

Subject: Increase and Improvement of Facilities in the Irondequoit Bay South Central Pure Waters District – General Pump Station and Interceptor Improvements and Amend the Proposed 2021 Capital Budget and Authorize an Appropriation Transfer

Honorable Legislators:

I recommend that the Administrative Board of the Irondequoit Bay South Central Pure Waters District approve a request to establish an Increase and Improvement of Facilities in the Irondequoit Bay South Central Pure Waters District (“District”) in the amount of $450,000 for a capital project entitled “General Pump Station and Interceptor Improvements,” and amend the proposed 2021 Capital Budget and authorize an appropriation transfer.

This increase and improvement of facilities is necessary to provide funding for the “General Pump Station and Interceptor Improvements” project. This project includes general improvements to various pump stations and collection system infrastructure, including enhancements to appurtenant communication and data transmission systems. This project is necessary to maintain the reliability and continuity of services to District customers. The estimated cost of the improvements is $450,000, which shall be provided as cash capital.

Portions of the project may become eligible for financing through the New York State Water Pollution Control Revolving Loan Fund. It is therefore requested that the County have the ability to submit applications and take any necessary steps to utilize this financing vehicle if it becomes available.

The specific Administrative Board action required is to submit a request to the Monroe County Legislature to approve an “Increase and Improvement of Facilities in the Irondequoit Bay South Central Pure Waters District” for a capital project entitled “General Pump Station and Interceptor Improvements” at an estimated cost of $450,000 and amend the proposed 2021 Capital Budget and authorize an appropriation transfer.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) (“maintenance or repair involving no substantial changes in an existing structure or facility”) and (2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part”) and is not subject to further review under the State Environmental Quality Review Act.
To The Administrative Board of the
Irondequoit Bay South Central Pure Waters District
November 6, 2020
Page 2

Funding for this project, consistent with authorized uses, will be available in capital fund 1976 and any capital fund(s) created for the same intended purpose. The local funding for this project will ultimately be provided by Pure Waters District user fees. No additional net County support is required in the current Monroe County budget.

I recommend that this matter receive favorable action by the Administrative Board of the Irondequoit Bay South Central Pure Waters District.

Sincerely,

Pure Waters Administrative Boards
407 County Office Building
Rochester, New York 14614

Subject: Pure Waters Administrative Boards Schedule Public Hearings for Operation and Maintenance Charges for Each of the Monroe County Pure Waters Districts for 2021 and Establishment of Scale of Charges

Honorable Legislators:

In accordance with New York State County Law §266, the Administrative Boards of the various County Pure Waters Districts ("Districts") are required to hold public hearings and to adopt a scale of charges for the respective Districts which charges allocate the costs of operation and maintenance of facilities to the Districts and establish the proportionate factors of surcharge for the treatment of industrial wastes and sewage.

Attached hereto are the proposed charges for each of the County Pure Waters Districts.

The specific Administrative Boards actions required are:

1. Schedule a public hearing to consider the proposed 2021 Scale of Charges for the Monroe County Pure Waters Districts.

2. Establish Scale of Charges per the attached schedules for the Gates-Chili-Ogden Sewer District, the Northwest Quadrant Pure Waters District, the Irondequoit Bay South Central Pure Waters District and the Rochester Pure Waters District for 2021.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

No net County support is required in the current Monroe County budget.

I recommend that this matter receive favorable action by the Administrative Boards of the Monroe County Pure Waters Districts.

Sincerely,

Adam J. Bello
County Executive

Operation and Maintenance Charge

$2.4700 per 1,000 Gallons of water consumption (see Notes 1-3).

CHARGES FOR RPWD ZONE 2: No Charge - Operation and Maintenance not provided.
NOTES RE: Operation and Maintenance Charge (All Districts):

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Gates-Chili-Ogden Sewer District:
$300.00 per connection - residential
$400.00 per connection - non-residential

Northwest Quadrant and Irondequoit Bay South Central Pure Waters Districts:
$250.00 per connection - residential
$350.00 per connection - non-residential
Rochester Pure Waters District:
$300.00 per connection – residential *
$400.00 per connection – non-residential *

* For the RPWD a storm and sanitary sewer connection will be considered one connection when made at the same time.

**SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS**

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300} \]

**Definitions:**

S.F. = Surcharge Factor.

BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in the Monroe County Sewer Use Law.

SS = Milligrams per liter of Suspended Solids, as defined in the Monroe County Sewer Use Law.

P = Milligrams per liter of Phosphorus, as defined in the Monroe County Sewer Use Law.

a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.

b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.

d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

PROCEDURES FOR INITIATING LOCAL SEWER CONSTRUCTION
AND CONNECTIONS in the Rochester Pure Waters District

1. A petition requesting the Rochester Pure Waters District to install sewers in a particular area will be submitted to the Administrator of Pure Waters.

2. The Administrator of Pure Waters will have an engineering feasibility report prepare for the project, including a preliminary cost estimate and recommendation.

3. The report and the petition will be presented to the Administrative Board for approval.

4. If the project is approved by the Board, it will then be considered as a Capital improvement project, or as a capital budget item.

5. Whenever a new connection is made to an existing sewer, a connection fee of $300.00 will be charged by the District. All work and cost for installing a lateral or laterals shall be the property owner's responsibility.

At said public hearings the respective Administrative Boards will hear all persons interested in the subject matter thereof.

An appeal to the County Legislature from any scale of charges established by any of the Administrative Boards and confirmed by the County Legislature may be taken by any person aggrieved. Such appeal may be taken by filing with such Administrative Board and with the Clerk of the Legislature a written notice of appeal specifying the ground thereof, within 15 days of the confirmation of such scale of charges by the Legislature pursuant to Section 266 of the County Law.

RESOLUTION NO. _____ OF 2020

ESTABLISHING SCALE OF CHARGES FOR IRONDEQUOIT BAY SOUTH CENTRAL PURE
WATERS DISTRICT, COUNTY SEWER DISTRICT FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Irondequoit Bay South Central Pure Waters District has, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities of the District and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by the District; and

WHEREAS, the Administrative Board of the Irondequoit Bay South Central Pure Waters District has, pursuant to §266 of the County Law of the State of New York, and Resolution Nos. 417 and 418 of 1973, and Resolution No. 449 of 1976, called a public hearing, said hearing having been held on the _____ day of December, 2020, at _____ p.m. ET.

NOW, THEREFORE, BE IT RESOLVED BY THE PURE WATERS ADMINISTRATIVE BOARD
OF THE IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT

Operation and Maintenance Charge

$1.4525 per 1,000 gallons of water consumption (see Notes 1-3).

Operation and Maintenance Charge for properties Receiving Local
Collection System Services

$2.47 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge separately commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.
4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

**NEW USER CONNECTION FEES**

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Irondequoit Bay South Central Pure Waters District:
- $250.00 per connection - residential
- $350.00 per connection - non-residential

**SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS**

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 + 300 + 10}
\]

**Definitions:**

- S.F. = Surcharge Factor.
- BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
- SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
- P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
- a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
- b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
- d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

**OTHER CHARGES - WHERE APPLICABLE**

**A. Application Fees for Licenses or Permits under the Sewer Use Law**

1. Initial Application for License or Permit (3 Year) $125.00
2. Renewal License or Permit Applications (3 Year) $75.00
3. Initial or Renewal Application for Scavenger Waste Permit where application is licensed under Environmental Conservation Law Section 27-0301 of New York State $30.00
4. Specialty Short Term Discharge Permit (Note - permit issued with no fee for $125.00
wastewater transported to treatment plants. Permit fees already recovered in disposal fee)

B. **Septic Tank Hauling Rates**
   Charge for Scavenger Waste $42.00/1,000 gallons

C. **Disposal of Vactor Spoils**
   (1) Charge for disposal of Vactor Spoils (Cu. Yds.) Based on half of vehicle Capacity $89.00/Cubic Yard
   (2) Charge for disposal of Vactor Spoils (Tons) Based on certified scale house receipt $88.00/Ton

D. **Collection System Charges**
   (1) Review of Plans and construction monitoring (Due prior to plan approval) $300.00/lot - minimum of 1 lot
   (2) Inspection of privately constructed sewers (Due prior to plan approval. No charge for existing sewers inside subdivision boundaries.) $0.50/foot of sewer & laterals - $50.00 minimum, as applicable
   (3) Pumping Station Maintenance Fee (Due prior to final acceptance of sanitary sewer. To be included in letter of credit for construction of sewers.) $10,000/pump station
   (4) Cleanout Inspection Fee $50.00 for each cleanout and $25.00 for repeat inspections of the same cleanout.
   (5) Interceptor Review and Construction Monitoring Fee $350.00/project

E. **Charges for Private Sewer Maintenance**

Pure Waters Administrative Boards
407 County Office Building
Rochester, New York 14614

Subject: Pure Waters Administrative Boards Schedule Public Hearings for Operation and Maintenance Charges for Each of the Monroe County Pure Waters Districts for 2021 and Establishment of Scale of Charges

Honorable Legislators:

In accordance with New York State County Law §266, the Administrative Boards of the various County Pure Waters Districts ("Districts") are required to hold public hearings and to adopt a scale of charges for the respective Districts which charges allocate the costs of operation and maintenance of facilities to the Districts and establish the proportionate factors of surcharge for the treatment of industrial wastes and sewage.

Attached hereto are the proposed charges for each of the County Pure Waters Districts.

The specific Administrative Boards actions required are:

1. Schedule a public hearing to consider the proposed 2021 Scale of Charges for the Monroe County Pure Waters Districts.

2. Establish Scale of Charges per the attached schedules for the Gates-Chili-Ogden Sewer District, the Northwest Quadrant Pure Waters District, the Irondequoit Bay South Central Pure Waters District and the Rochester Pure Waters District for 2021.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

No net County support is required in the current Monroe County budget.

I recommend that this matter receive favorable action by the Administrative Boards of the Monroe County Pure Waters Districts.

Sincerely,

Adam J. Bello
County Executive

PROCEDURES FOR INITIATING LOCAL SEWER CONSTRUCTION
AND CONNECTIONS in the Rochester Pure Waters District

1. A petition requesting the Rochester Pure Waters District to install
sewers in a particular area will be submitted to the Administrator of
Pure Waters.

2. The Administrator of Pure Waters will have an engineering feasibility
report prepared for the project, including a preliminary cost estimate and
recommendation.

3. The report and the petition will be presented to the Administrative
Board for approval.

4. If the project is approved by the Board, it will then be considered as a
Capital improvement project, or as a capital budget item.

5. Whenever a new connection is made to an existing sewer, a connection
fee of $300.00 will be charged by the District. All work and cost for
installing a lateral or laterals shall be the property owner's responsibility.

At said public hearings the respective Administrative Boards will hear all
persons interested in the subject matter thereof.

An appeal to the County Legislature from any scale of charges established by
any of the Administrative Boards and confirmed by the County Legislature may be
taken by any person aggrieved. Such appeal may be taken by filing with such
Administrative Board and with the Clerk of the Legislature a written notice of appeal
specifying the ground thereof, within 15 days of the confirmation of such scale of
charges by the Legislature pursuant to Section 266 of the County Law.

GATES-CHILI-OGDEN SEWER DISTRICT

Intro. No. ___

RESOLUTION NO. ___ OF 2020

ESTABLISHING SCALE OF CHARGES FOR GATES-CHILI-OGDEN SEWER DISTRICT,
COUNTY SEWER DISTRICT FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Gates-Chili-Ogden Sewer District has, pursuant to §266 of
the County Law of the State of New York, established a scale of charges for the operation and maintenance of
facilities of the District and setting proportionate factors of surcharge for the treatment of industrial wastes and
sewerage received by the District; and

WHEREAS, the Administrative Board of the Gates-Chili-Ogden Sewer District has, pursuant to §266 of
the County Law of the State of New York, and Resolution Nos. 417 and 418 of 1973, and Resolution No. 449 of
1976, called a public hearing, said hearing having been held on the ____ day of December, 2020, at ____ p.m. ET.

NOW, THEREFORE, BE IT RESOLVED BY THE PURE WATERS ADMINISTRATIVE BOARD
OF THE GATES-CHILI-OGDEN SEWER DISTRICT, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

GATES-CHILI-OGDEN SEWER DISTRICT
Operation and Maintenance Charge

$2.865 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic waste
   water. It will be adjusted for industrial and commercial users based on the quality of sewage and
   additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which
   water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons
   per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st
   will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings
   placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.
NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Gates-Chili-Ogden Sewer District:
- $300.00 per connection - residential
- $400.00 per connection - non-residential

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300)}{300} + \frac{b(SS-300)}{300} + \frac{d(P-10)}{10}
\]

Definitions:

- S.F. = Surcharge Factor.
- BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
- SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
- P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
- a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
- b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
- d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

OTHER CHARGES - WHERE APPLICABLE

A. Application Fees for Licenses or Permits under the Sewer Use Law

1. Initial Application for License or Permit (3 Year) $125.00
2. Renewal License or Permit Applications (3 Year) $75.00
3. Initial or Renewal Application for Scavenger Waste Permit where application is licensed under Environmental Conservation Law Section 27-0301 of New York State $30.00

PURE WATERS ADMINISTRATIVE BOARD OF THE
NORTHWEST QUADRANT PURE WATERS DISTRICT

Intro. No. N4

RESOLUTION NO. _____ OF 2020

ESTABLISHING SCALE OF CHARGES FOR NORTHWEST QUADRANT PURE WATERS DISTRICT, COUNTY SEWER DISTRICT FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Northwest Quadrant Pure Waters District has, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities of the District and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by the District; and

WHEREAS, the Administrative Board of the Northwest Quadrant Pure Waters District No. 1 has, pursuant to §266 of the County Law of the State of New York, and Resolution Nos. 417 and 418 of 1973, and Resolution No. 449 of 1976, called a public hearing, said hearing having been held on the ____ day of December, 2020, at ____ p.m. ET.

NOW, THEREFORE, BE IT RESOLVED BY THE PURE WATERS ADMINISTRATIVE BOARD OF THE NORTHWEST QUADRANT PURE WATERS DISTRICT, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

NORTHWEST QUADRANT PURE WATERS DISTRICT
Operation and Maintenance Charge

$1.71 per 1,000 gallons of water consumption (see Notes 1-3).

Operation and Maintenance Charge for properties Receiving Local Collection System Services

$1.93 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.
4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

**NEW USER CONNECTION FEES**

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Northwest Quadrant Pure Waters District:
- $250.00 per connection - residential
- $350.00 per connection - non-residential

**SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS**

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300)}{300} + \frac{b(SS-300)}{300} + \frac{d(P-10)}{10}
\]

**Definitions:**

- \(S.F.\) = Surcharge Factor.
- BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
- SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
- P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
- \(a\) = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
- \(b\) = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
- \(d\) = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

**OTHER CHARGES - WHERE APPLICABLE**

**A. Application Fees for Licenses or Permits under the Sewer Use Law**

1. Initial Application for License or Permit (3 Year) $125.00
2. Renewal License or Permit Applications (3 Year) $75.00
3. Initial or Renewal Application for Scavenger Waste Permit where application is licensed under Environmental Conservation Law Section 27-0301 of New York State $30.00
4. Specialty Short Term Discharge Permit (Note – permit issued with no fee for wastewater transported to treatment plants. Permit fees already recovered in disposal fee) $125.00
B. **Septic Tank Hauling Rates**
   Charge for Scavenger Waste $42.00/1,000 gallons

C. **Disposal of Vactor Spoils**
   (1) Charge for disposal of Vactor Spoils $89.00/Cubic Yard
       (Cu. Yds.) Based on half of vehicle Capacity
   (2) Charge for disposal of Vactor Spoils $58.00/Ton
       (Tons) Based on certified scale house receipt

Monroe County Legislature - December 8, 2020
To The Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and Rochester Pure Waters District:

407 County Office Building
Rochester, New York 14614

Subject: Authorize Contracts with Atlantic Testing Laboratories, Ltd. and Terracon Consultants – NY, Inc. for Material Testing Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and the Rochester Pure Waters District authorize contracts with Atlantic Testing Laboratories, Ltd. and Terracon Consultants – NY, Inc. in a total annual aggregate amount not to exceed $150,000 for material testing term services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

These contracts will provide Monroe County with material testing and inspection services when it is necessary to determine either the quality of the work being performed or subsurface soil conditions. These contracts establish an agreed upon rate for a variety of material testing and inspection services so that when services are required, the County is assured of a timely response to projects. These services will be made available to all County departments and the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and the Northwest Quadrant Pure Waters District.

Monroe County’s Minority and Women-Owned Business-Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was not a selection criteria. However, Atlantic Testing Laboratories, Limited, which was one of the two (2) entities rated most qualified to provide these services, is a Women Business Enterprise and listed in New York State’s M/WBE Directory of Certified Firms. Terracon Consultants - NY, Inc., the other entity rated most qualified, is not listed in New York State’s M/WBE Directory of Certified Firms, but will partner with the following M/WBE certified firms pursuant to its contract: Folt-Albert Associates Architecture, Engineering and Surveying, P.C. and 3rd Rock, LLC.

The specific Administrative Boards action required is to authorize the County Executive, or his designee, to execute contracts, and amendments thereto, with Atlantic Testing Laboratories, Ltd. 3495 Winton Place, Bldg. B, Suite 4A, Rochester New York 14623; and Terracon Consultants – NY, Inc. 15 Marway Circle, Suite 2B, Rochester, New York 14624, for material testing term services in a total annual aggregate amount not to exceed $150,000 for the period of January 1, 2021 through December 31, 2021 with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part”); (26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”); and (27) (“conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts, consistent with authorized uses, is included in various capital fund(s), and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Atlantic Testing Laboratories, Ltd., Terracon Consultants – NY, Inc., nor any of their principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firms are:

Atlantic Testing Laboratories, Ltd.
Marijean B. Remington, CEO
James J. Kuhn, President
Scott M. McCasland, Vice President

Terracon Consultants – NY Inc.
David R. Gaboury, CEO
Swaminthan Srinivasan, President

I recommend that this matter receive favorable action by the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and the Rochester Pure Waters District.

Sincerely,
Adam J. Bello

Subject: Authorize a Contract with Paradigm Environmental Services, Inc. for Professional
Environmental Testing Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District,
Irondequoy Bay South Central Pure Waters District, Northwest Quadrant Pure Water District, and the
Rochester Pure Waters District authorize a contract with Paradigm Environmental Services, Inc. in a total
annual amount not to exceed $150,000 for professional environmental testing term services for the period
of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year
extensions, with escalations for the extensions to be limited to an amount equal to the increase in the
previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

This contract will provide Monroe County with professional environmental sampling and
laboratory testing services when asbestos or other potentially hazardous materials are encountered and
must be dealt with in accordance with applicable codes and regulations. This contract establishes an
agreed upon rate for a variety of professional environmental sampling and laboratory testing services so
that when services are required, the County is assured of a timely response to projects.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by
the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of
2014. A Request for Proposals (“RFP”) was issued for this contract. M/WBE utilization was not a
selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and
all Department Heads to include M/WBE utilization as a selection criteria in all RFPs, Requests for
Qualifications, and Expressions of Interest going forward. Paradigm Environmental Services, Inc. was
rated the most qualified, but is not listed in New York State’s M/WBE Directory of Certified Firms.

Subject: Authorize Contracts with Arcadis of New York, Inc. and Day Engineering, P.C. for Pump Station Engineering Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District, and the Rochester Pure Waters District authorize contracts with Arcadis of New York, Inc. and Day Engineering, P.C., for a total annual amount not to exceed $150,000 for each contract for pump station engineering term services for the Monroe County Department of Environmental Services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

Monroe County Pure Waters owns, operates and maintains over sixty-two (62) sewage pumping stations throughout its four Districts. Pure Waters has implemented a program to inventory its pump stations and develop a long-term improvement program to maintain the reliability and continuity of its facilities. Pure Waters will utilize term engineering consultants to perform a variety of professional services including facility evaluations, analysis, recommendations and preparation of reports, plans, specifications and construction estimates and administration/inspection for pump station improvements.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was a selection criteria. None of the four (4) respondents were a M/WBE certified firm, but each respondent’s project team included both Women and Minority Owned Business Enterprises. Accordingly, all four (4) respondents scored a two (2) for M/WBE utilization. Arcadis of New York, Inc., which was one of the two (2) entities rated most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Popli Design Group, Pathfinder Engineers & Architects, LLP, CME Associates, Inc., Group 1 Design, and Ambient Environmental Inc. Day Engineering, P.C., which was also rated the most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Watts Architecture & Engineering, D.P.C. and Gayron de Bruin Land Surveying and Engineering, P.C.

Subject: Authorize a Contract with Clean Harbors Environmental Services, Inc. to Collect, Transport, and Dispose of Household Hazardous Waste to Support the Monroe County Pure Waters Industrial Waste Program

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Water District and the Rochester Pure Waters District authorize a contract with Clean Harbors Environmental Services, Inc., in an annual amount not to exceed $350,000 to collect, transport, and dispose of household hazardous waste ("HHW") to support the Monroe County Pure Waters Industrial Waste Program for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year's Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

The Department of Environmental Services has operated a HHW collection program since 1991. The collection program provides residents of Monroe County with an economical, convenient, and environmentally sound disposal option for their unwanted, out-dated, or banned pesticides, solvents, cleaners, oil base paints and other materials that contain potentially harmful constituents. Since 1991, nearly 6,109 tons of household hazardous waste have been collected and approximately 142,900 County residents served. The HHW collection program is operated at the Ecopark on 10 Avion Drive.

This contract will provide the services needed to continue the HHW collection program including the following components: applicable local, state, and federal permitting and reporting requirements; furnishing of all equipment and supplies to package wastes for transport and disposal; technical staff to operate the facility on collection days to determine chemical hazards; and provide for final disposal of wastes by environmentally sound methods in full compliance with all local, state, and federal laws.

Monroe County's Minority and Women-Owned Business Enterprise ("M/WBE") Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals ("RFP") was issued for this contract. M/WBE utilization was not a selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFPs, Requests for Qualifications, and Expressions of Interest going forward. Clean Harbor Environmental Services, Inc. was rated the most qualified, but is not listed in New York State's M/WBE Directory of Certified Firms. However, Clean Harbor supports a Corporate Small Business Supplier Development Program, through which it set an annual goal of over $22 million in projected subcontracting with Woman Owned Small Businesses and $22 million in projected subcontracting with Small Disadvantaged Businesses in 2020.

To The Administrative Boards of the
Gates-Chili-Ogden Sewer District
Irondequoit Bay South Central Pure Waters District
Northwest Quadrant Pure Waters District
Rochester Pure Waters District
November 6, 2020

The specific Administrative Boards action required is to authorize the County Executive, or his
designee, to execute a contract, and any amendments thereto, with Clean Harbors Environmental Services, Inc.,
6057 Corporate Drive, East Syracuse New York 13057, to collect, transport, and dispose of household hazardous
waste to support the Monroe County Pure Waters Industrial Waste Program in an annual amount not to exceed
$350,000 for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2)
additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase
in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency
administration and management, not including new programs or major reordering of priorities that may affect the
environment”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the proposed 2021 operating budget of the Department of
Environmental Services, fund 9007, fund center 8572010000, Pure Waters Administration, and will be requested in
future years’ budgets. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Clean Harbors
Environmental Services, Inc., nor its principal officer, Phillip G. Retallick, Senior Vice President, owe any
delinquent Monroe County property taxes.

I recommend that this matter receive favorable action by the Administrative Boards of the Gates-Chili-

Monroe County Legislature - December 8, 2020
To The Administrative Board of the
Northwest Quadrant Pure Waters District
407 County Office Building
Rochester, New York 14614

Subject: Increase and Improvement of Facilities in the Northwest Quadrant Pure Waters District – General Pump Station and Interceptor Improvements and Amend the Proposed 2021 Capital Budget and Authorize an Appropriation Transfer

Honorable Legislators:

I recommend that the Administrative Board of the Northwest Quadrant Pure Waters District approve a request to establish an Increase and Improvement of Facilities in the Northwest Quadrant Pure Waters District (“District”) in the amount of $950,000 for a capital project entitled “General Pump Station, Interceptor and Treatment Plant Improvements,” and amend the proposed 2021 Capital Budget and authorize an appropriation transfer.

This increase and improvement of facilities is necessary to provide funding for the “General Pump Station, Interceptor and Treatment Plant Improvements” project. This project includes general improvements to various pump stations, collection system infrastructure, and the Northwest Quadrant Water Resource Recovery Facility, including enhancements to appurtenant communication and data transmission systems. This project is necessary to maintain the reliability and continuity of services to District customers. The estimated cost of the improvements is $950,000, which shall be provided as cash capital.

Portions of the project may become eligible for financing through the New York State Water Pollution Control Revolving Loan Fund. It is therefore requested that the County have the ability to submit applications and take any necessary steps to utilize this financing vehicle if it becomes available.

The specific Administrative Board action required is to submit a request to the Monroe County Legislature to approve an “Increase and Improvement of Facilities in the Northwest Quadrant Pure Waters District” for a capital project entitled “General Pump Station, Interceptor and Treatment Plant Improvements” at an estimated cost of $950,000 and amend the proposed 2021 Capital Budget and authorize an appropriation transfer.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) (“maintenance or repair involving no substantial changes in an existing structure or facility”) and (2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part”) and is not subject to further review under the State Environmental Quality Review Act.

Pure Waters Administrative Boards
407 County Office Building
Rochester, New York 14614

Subject: Pure Waters Administrative Boards Schedule Public Hearings for Operation and Maintenance Charges for Each of the Monroe County Pure Waters Districts for 2021 and Establishment of Scale of Charges

Honorable Legislators:

In accordance with New York State County Law §266, the Administrative Boards of the various County Pure Waters Districts (“Districts”) are required to hold public hearings and to adopt a scale of charges for the respective Districts which charges allocate the costs of operation and maintenance of facilities to the Districts and establish the proportionate factors of surcharge for the treatment of industrial wastes and sewage.

Attached hereto are the proposed charges for each of the County Pure Waters Districts.

The specific Administrative Boards actions required are:

1. Schedule a public hearing to consider the proposed 2021 Scale of Charges for the Monroe County Pure Waters Districts.

2. Establish Scale of Charges per the attached schedules for the Gates-Chili-Ogden Sewer District, the Northwest Quadrant Pure Waters District, the Irondequoit Bay South Central Pure Waters District and the Rochester Pure Waters District for 2021.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

No net County support is required in the current Monroe County budget.

I recommend that this matter receive favorable action by the Administrative Boards of the Monroe County Pure Waters Districts.

ROCHESTER PURE WATERS DISTRICT
Operation and Maintenance Charge

$2.4700 per 1,000 Gallons of water consumption (see Notes 1-3).

CHARGES FOR RPWD ZONE 2: No Charge - Operation and Maintenance not provided.
NOTES RE: Operation and Maintenance Charge (All Districts):

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Gates-Chili-Ogden Sewer District:
$300.00 per connection - residential
$400.00 per connection - non-residential

Northwest Quadrant and Irondequoit Bay South Central Pure Waters Districts:
$250.00 per connection - residential
$350.00 per connection - non-residential
Rochester Pure Waters District:
$300.00 per connection – residential *
$400.00 per connection – non-residential *

* For the RPWD a storm and sanitary sewer connection will be considered one connection when made at the same time.

**SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS**

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 + 300 + 10}
\]

**Definitions:**

S.F. = Surcharge Factor.

BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in the Monroe County Sewer Use Law.

SS = Milligrams per liter of Suspended Solids, as defined in the Monroe County Sewer Use Law.

P = Milligrams per liter of Phosphorus, as defined in the Monroe County Sewer Use Law.

a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.

b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.

d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

PROCEDURES FOR INITIATING LOCAL SEWER CONSTRUCTION
AND CONNECTIONS in the Rochester Pure Waters District

1. A petition requesting the Rochester Pure Waters District to install sewers in a particular area will be submitted to the Administrator of Pure Waters.

2. The Administrator of Pure Waters will have an engineering feasibility report prepare for the project, including a preliminary cost estimate and recommendation.

3. The report and the petition will be presented to the Administrative Board for approval.

4. If the project is approved by the Board, it will then be considered as a Capital improvement project, or as a capital budget item.

5. Whenever a new connection is made to an existing sewer, a connection fee of $300.00 will be charged by the District. All work and cost for installing a lateral or laterals shall be the property owner’s responsibility.

At said public hearings the respective Administrative Boards will hear all persons interested in the subject matter thereof.

An appeal to the County Legislature from any scale of charges established by any of the Administrative Boards and confirmed by the County Legislature may be taken by any person aggrieved. Such appeal may be taken by filing with such Administrative Board and with the Clerk of the Legislature a written notice of appeal specifying the ground thereof, within 15 days of the confirmation of such scale of charges by the Legislature pursuant to Section 266 of the County Law.

NORTHWEST QUADRANT PURE WATERS DISTRICT

Intro. No. ___

RESOLUTION NO. ____ OF 2020

ESTABLISHING SCALE OF CHARGES FOR NORTHWEST QUADRANT PURE WATERS
DISTRICT, COUNTY SEWER DISTRICT FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Northwest Quadrant Pure Waters District has, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities of the District and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by the District; and

WHEREAS, the Administrative Board of the Northwest Quadrant Pure Waters District No. 1 has, pursuant to §266 of the County Law of the State of New York, and Resolution Nos. 417 and 418 of 1973, and Resolution No. 449 of 1976, called a public hearing, said hearing having been held on the ____ day of December, 2020, at _____ p.m. ET.

NOW, THEREFORE, BE IT RESOLVED BY THE PURE WATERS ADMINISTRATIVE BOARD
OF THE NORTHWEST QUADRANT PURE WATERS DISTRICT, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

NORTHWEST QUADRANT PURE WATERS DISTRICT
Operation and Maintenance Charge

$1.71 per 1,000 gallons of water consumption (see Notes 1-3).

Operation and Maintenance Charge for properties Receiving Local
Collection System Services

$1.93 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.
4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Northwest Quadrant Pure Waters District:
- $250.00 per connection - residential
- $350.00 per connection - non-residential

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

$$ S.F. = \frac{a(BOD-300)}{300} + \frac{b(SS-300)}{300} + \frac{d(P-10)}{10} $$

Definitions:

S.F. = Surcharge Factor.
BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

OTHER CHARGES - WHERE APPLICABLE

A. Application Fees for Licenses or Permits under the Sewer Use Law

1. Initial Application for License or Permit (3 Year) $125.00
2. Renewal License or Permit Applications (3 Year) $75.00
3. Initial or Renewal Application for Scavenger Waste Permit where application is licensed under Environmental Conservation Law Section 27-0301 of New York State $30.00
4. Specialty Short Term Discharge Permit (Note – permit issued with no fee for wastewater transported to treatment plants. Permit fees already recovered in disposal fee) $125.00

Pure Waters Administrative Boards
407 County Office Building
Rochester, New York 14614

Subject: Pure Waters Administrative Boards Schedule Public Hearings for Operation and Maintenance Charges for Each of the Monroe County Pure Waters Districts for 2021 and Establishment of Scale of Charges

Honorable Legislators:

In accordance with New York State County Law §266, the Administrative Boards of the various County Pure Waters Districts ("Districts") are required to hold public hearings and to adopt a scale of charges for the respective Districts which charges allocate the costs of operation and maintenance of facilities to the Districts and establish the proportionate factors of surcharge for the treatment of industrial wastes and sewage.

Attached hereto are the proposed charges for each of the County Pure Waters Districts.

The specific Administrative Boards actions required are:

1. Schedule a public hearing to consider the proposed 2021 Scale of Charges for the Monroe County Pure Waters Districts.

2. Establish Scale of Charges per the attached schedules for the Gates-Chili-Ogden Sewer District, the Northwest Quadrant Pure Waters District, the Irondequoit Bay South Central Pure Waters District and the Rochester Pure Waters District for 2021.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(e) and is not subject to review under the State Environmental Quality Review Act.

No net County support is required in the current Monroe County budget.

I recommend that this matter receive favorable action by the Administrative Boards of the Monroe County Pure Waters Districts.

Sincerely,

Adam J. Bello

CHARGES FOR RPWD ZONE 2: No Charge - Operation and Maintenance not provided.
NOTES RE: *Operation and Maintenance Charge (All Districts)*:

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

*NEW USER CONNECTION FEES*

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

**Gates-Chili-Ogden Sewer District:**
- $300.00 per connection - residential
- $400.00 per connection - non-residential

**Northwest Quadrant and Irondequoit Bay South Central Pure Waters Districts:**
- $250.00 per connection - residential
- $350.00 per connection - non-residential
Rochester Pure Waters District:
$300.00 per connection – residential *
$400.00 per connection – non-residential *

* For the RPWD a storm and sanitary sewer connection will be considered one connection when made at the same time.

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District’s Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 300 10}
\]

Definitions:

S.F. = Surcharge Factor.

BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in the Monroe County Sewer Use Law.

SS = Milligrams per liter of Suspended Solids, as defined in the Monroe County Sewer Use Law.

P = Milligrams per liter of Phosphorus, as defined in the Monroe County Sewer Use Law.

a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.

b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.

d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

PROCEDURES FOR INITIATING LOCAL SEWER CONSTRUCTION
AND CONNECTIONS in the Rochester Pure Waters District

1. A petition requesting the Rochester Pure Waters District to install sewers in a particular area will be submitted to the Administrator of Pure Waters.

2. The Administrator of Pure Waters will have an engineering feasibility report prepare for the project, including a preliminary cost estimate and recommendation.

3. The report and the petition will be presented to the Administrative Board for approval.

4. If the project is approved by the Board, it will then be considered as a Capital improvement project, or as a capital budget item.

5. Whenever a new connection is made to an existing sewer, a connection fee of $300.00 will be charged by the District. All work and cost for installing a lateral or laterals shall be the property owner's responsibility.

At said public hearings the respective Administrative Boards will hear all persons interested in the subject matter thereof.

An appeal to the County Legislature from any scale of charges established by any of the Administrative Boards and confirmed by the County Legislature may be taken by any person aggrieved. Such appeal may be taken by filing with such Administrative Board and with the Clerk of the Legislature a written notice of appeal specifying the ground thereof, within 15 days of the confirmation of such scale of charges by the Legislature pursuant to Section 266 of the County Law.

PURE WATERS ADMINISTRATIVE BOARD OF THE ROCHESTER PURE WATERS DISTRICT

Intro. No. ___

RESOLUTION NO. ___ OF 2020

ESTABLISHING SCALE OF CHARGES FOR ROCHESTER PURE WATERS DISTRICT, COUNTY SEWER DISTRICT FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Rochester Pure Waters District has, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities of the District and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by the District; and

WHEREAS, the Administrative Board of the Rochester Pure Waters District has, pursuant to §266 of the County Law of the State of New York and Resolution No. 502 of 1971, as amended by Resolution No. 337 of 1974, called a public hearing, said hearing having been held on the ___ day of December, 2020, at ___ p.m. ET.

NOW, THEREFORE, BE IT RESOLVED BY THE PURE WATERS ADMINISTRATIVE BOARD OF THE ROCHESTER PURE WATERS DISTRICT, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

ROCHESTER PURE WATERS DISTRICT

Operation and Maintenance Charge

$2.4700 per 1,000 Gallons of water consumption (see Notes 1-3).

CHARGES FOR RPWD ZONE 2: No Charge - Operation and Maintenance not provided.

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge separately commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.
NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Rochester Pure Waters District:
$300.00 per connection – residential *
$400.00 per connection – non-residential *

* For the RPWD a storm and sanitary sewer connection will be considered one connection when made at the same time.

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[ S.F. = \frac{a(BOD-300)}{300} + \frac{b(SS-300)}{300} + \frac{d(P-10)}{10} \]

Definitions:

S.F. = Surcharge Factor.
BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

OTHER CHARGES - WHERE APPLICABLE

A. Application Fees for Licenses or Permits under the Sewer Use Law

1. Initial Application for License or Permit (3 Year) $125.00
2. Renewal License or Permit Applications (3 Year) $75.00
3. Initial or Renewal Application for Scavenger Waste Permit where application is licensed under Environmental Conservation Law Section 27-0301 of New York State $30.00
4. Specialty Short Term Discharge Permit (Note – permit issued with no fee for wastewater transported to treatment plants. Permit fees already recovered in disposal fee) $125.00
B. **Septic Tank Hauling Rates**
   Charge for Scavenger Waste $42.00 / 1,000 gallons

C. **Disposal of Vactor Spoils**
   (1) Charge for disposal of Vactor Spoils (Cu. Yds.) Based on half of vehicle Capacity $89.00 / Cubic Yard
   (2) Charge for disposal of Vactor Spoils (Tons) Based on certified scale house receipt $58.00 / Ton

D. **Collection System Charges**
   (1) Review of Plans and construction monitoring (Due prior to plan approval) $300.00 / lot - minimum of 1 lot
   (2) Inspection of privately constructed sewers (Due prior to plan approval. No charge for existing sewers inside subdivision boundaries.) $0.50 / foot of sewer & laterals - $50.00 minimum, as applicable
   (3) Pumping Station Maintenance Fee (Due prior to final acceptance of sanitary sewer. To be included in letter of credit for construction of sewers.) $10,000 / pump station
   (4) Cleanout Inspection Fee $50.00 for each cleanout and $25.00 for repeat inspections of the same cleanout.
   (5) Interceptor Review and Construction Monitoring Fee $350.00 / project

Subject: Authorize Contracts with Atlantic Testing Laboratories, Ltd. and Terracon Consultants – NY, Inc.
for Material Testing Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequiot Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and the Rochester Pure Waters District authorize contracts with Atlantic Testing Laboratories, Ltd. and Terracon Consultants – NY, Inc. in a total annual aggregate amount not to exceed $150,000 for material testing term services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

These contracts will provide Monroe County with material testing and inspection services when it is necessary to determine either the quality of the work being performed or subsurface soil conditions. These contracts establish an agreed upon rate for a variety of material testing and inspection services so that when services are required, the County is assured of a timely response to projects. These services will be made available to all County departments and the Gates-Chili-Ogden Sewer District, Irondequiot Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and the Northwest Quadrant Pure Waters District.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was not a selection criteria. However, Atlantic Testing Laboratories, Limited, which was one of the two entities rated most qualified to provide these services, is a Women Business Enterprise and listed in New York State’s M/WBE Directory of Certified Firms. Terracon Consultants - NY, Inc., the other entity rated most qualified, is not listed in New York State’s M/WBE Directory of Certified Firms, but will partner with the following M/WBE certified firms pursuant to its contract: Foit-Albert Associates Architecture, Engineering and Surveying, P.C. and 3rd Rock, LLC.

The specific Administrative Boards action required is to authorize the County Executive, or his designee, to execute contracts, and amendments thereto, with Atlantic Testing Laboratories, Ltd. 3495 Winton Place, Bldg. B, Suite 4A, Rochester New York 14623, and Terracon Consultants – NY, Inc. 15 Marway Circle, Suite 2B, Rochester, New York 14624, for material testing term services in a total annual aggregate amount not to exceed $150,000 for the period of January 1, 2021 through December 31, 2021 with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part"); (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment"); and (27) ("conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts, consistent with authorized uses, is included in various capital fund(s), and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Atlantic Testing Laboratories, Ltd., Terracon Consultants – NY, Inc., nor any of their principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firms are:

 Atlantic Testing Laboratories, Ltd
 Marijean B. Remington, CEO
 James J. Kuhn, President
 Scott M. McCasland, Vice President

 Terracon Consultants – NY Inc.
 David R. Gaboury, CEO
 Swaminthan Srinivasan, President

I recommend that this matter receive favorable action by the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and the Rochester Pure Waters District.

Subject: Authorize a Contract with Paradigm Environmental Services, Inc. for Professional Environmental Testing Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Water District, and the Rochester Pure Waters District authorize a contract with Paradigm Environmental Services, Inc. in a total annual amount not to exceed $150,000 for professional environmental testing term services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

This contract will provide Monroe County with professional environmental sampling and laboratory testing services when asbestos or other potentially hazardous materials are encountered and must be dealt with in accordance with applicable codes and regulations. This contract establishes an agreed upon rate for a variety of professional environmental sampling and laboratory testing services so that when services are required, the County is assured of a timely response to projects.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals (“RFP”) was issued for this contract. M/WBE utilization was not a selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFPs, Requests for Qualifications, and Expressions of Interest going forward. Paradigm Environmental Services, Inc. was rated the most qualified, but is not listed in New York State’s M/WBE Directory of Certified Firms.

Monroe County Legislature - December 8, 2020
To The Administrative Boards of the
Gates-Chili-Ogden Sewer District
Irondequoit Bay South Central Pure Waters District
Northwest Quadrant Pure Water District
Rochester Pure Waters District
407 County Office Building
Rochester, New York 14614

Subject: Authorize Contracts with Arcadis of New York, Inc. and Day Engineering, P.C. for Pump Station Engineering Term Services

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District, and the Rochester Pure Waters District authorize contracts with Arcadis of New York, Inc. and Day Engineering, P.C., for a total annual amount not to exceed $150,000 for each contract for pump station engineering term services for the Monroe County Department of Environmental Services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

Monroe County Pure Waters owns, operates and maintains over sixty-two (62) sewage pumping stations throughout its four Districts. Pure Waters has implemented a program to inventory its pump stations and develop a long-term improvement program to maintain the reliability and continuity of its facilities. Pure Waters will utilize term engineering consultants to perform a variety of professional services including facility evaluations, analysis, recommendations and preparation of reports, plans, specifications and construction estimates and administration/inspection for pump station improvements.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was a selection criteria. None of the four (4) respondents were a M/WBE certified firm, but each respondent’s project team included both Women and Minority Owned Business Enterprises. Accordingly, all four (4) respondents scored a two (2) for M/WBE utilization. Arcadis of New York, Inc., which was one of the two (2) entities rated most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Popli Design Group, Pathfinder Engineers & Architects, LLP, CME Associates, Inc., Group 1 Design, and Ambient Environmental Inc. Day Engineering, P.C., which was also rated the most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Watts Architecture & Engineering, D.P.C. and Gayron de Bruin Land Surveying and Engineering, P.C.
The specific Administrative Boards action required is to authorize the County Executive, or his designee, to execute contracts, and any amendments thereto, with Arcadis of New York, Inc., 100 Chestnut Street, Suite 1020, Rochester, New York 14604 and Day Engineering, P.C., 1563 Lyell Avenue, Rochester, New York 14606, for pump station engineering term services for the Monroe County Department of Environmental Services for a total annual amount not to exceed $150,000 for each contract for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) (“maintenance or repair involving no substantial changes in an existing structure or facility”); (2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part”); (26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”); and (27) (“conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts, consistent with authorized uses, is included in various capital fund(s), and also included in the proposed 2021 operating budget of the Department of Environmental Services, fund 9007, funds center 8575010000, Rochester Pure Waters District Special Expenses; fund 9007, funds center 8574010000, Irondequoit Bay South Central Pure Waters District Special Expenses; fund 9007, funds center 8573010000, Northwest Quadrant Pure Waters District Special Expenses; and fund 9007, funds center 8571010000, Gates-Chili-Ogden Sewer District Special Expenses and will be requested in future years’ budgets. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Arcadis of New York, Inc. nor Day Engineering, P.C., nor any of their principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firms are:

Subject: Authorize a Contract with Clean Harbors Environmental Services, Inc. to Collect, Transport, and Dispose of Household Hazardous Waste to Support the Monroe County Pure Waters Industrial Waste Program

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Water District and the Rochester Pure Waters District authorize a contract with Clean Harbors Environmental Services, Inc., in an annual amount not to exceed $350,000 to collect, transport, and dispose of household hazardous waste ("HHW") to support the Monroe County Pure Waters Industrial Waste Program for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year's Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

The Department of Environmental Services has operated a HHW collection program since 1991. The collection program provides residents of Monroe County with an economical, convenient, and environmentally sound disposal option for their unwanted, out-dated, or banned pesticides, solvents, cleaners, oil base paints and other materials that contain potentially harmful constituents. Since 1991, nearly 6,109 tons of household hazardous waste have been collected and approximately 142,900 County residents served. The HHW collection program is operated at the Ecopark on 10 Avion Drive.

This contract will provide the services needed to continue the HHW collection program including the following components: applicable local, state, and federal permitting and reporting requirements; furnishing of all equipment and supplies to package wastes for transport and disposal; technical staff to operate the facility on collection days to determine chemical hazards; and provide for final disposal of wastes by environmentally sound methods in full compliance with all local, state, and federal laws.

Monroe County's Minority and Women-Owned Business Enterprise ("M/WBE") Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals ("RFP") was issued for this contract. M/WBE utilization was not a selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFPs, Requests for Qualifications, and Expressions of Interest going forward. Clean Harbor Environmental Services, Inc. was rated the most qualified, but is not listed in New York State's M/WBE Directory of Certified Firms. However, Clean Harbor supports a Corporate Small Business Supplier Development Program, through which it set an annual goal of over $22 million in projected subcontracting with Woman Owned Small Businesses and $22 million in projected subcontracting with Small Disadvantaged Businesses in 2020.

Subject: Increase and Improvement of Facilities in the Rochester Pure Waters District – General Collection System and Treatment Plant Improvements and Amend the Proposed 2021 Capital Budget and Authorize an Appropriation Transfer

Honorable Legislators:

I recommend that the Administrative Board of the Rochester Pure Waters District approve a request to establish an Increase and Improvement of Facilities in the Rochester Pure Waters District (“District”) in the amount of $2,500,000 for a capital project entitled “General Collection System and Treatment Plant Improvements,” and amend the proposed 2021 Capital Budget and authorize an appropriation transfer.

This increase and improvement of facilities is necessary to provide funding for the “General Collection System and Treatment Plant Improvements” project. This project includes general improvements to various pump stations, collection system infrastructure, and Frank E. Van Lare Water Resource Recovery Facility, including enhancements to appurtenant communication and data transmission systems. This project is necessary to maintain the reliability and continuity of services to District customers. The estimated cost of the improvements is $2,500,000, which shall be provided as cash capital.

Portions of the project may become eligible for financing through the New York State Water Pollution Control Revolving Loan Fund. It is therefore requested that the County have the ability to submit applications and take any necessary steps to utilize this financing vehicle if it becomes available.

The specific Administrative Board action required is to submit a request to the Monroe County Legislature to approve an “Increase and Improvement of Facilities in the Rochester Pure Waters District” for a capital project entitled “General Collection System and Treatment Plant Improvements” at an estimated cost of $2,500,000 and amend the proposed 2021 Capital Budget and authorize an appropriation transfer.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) (“maintenance or repair involving no substantial changes in an existing structure or facility”) and (2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part”) and is not subject to further review under the State Environmental Quality Review Act.

RE: Enact a Local Law Entitled, “Amending Monroe County Charter Relating to Term of Office of Members of County Legislature”

Honorable Legislators:

This Honorable Body last revised legislative district boundaries and defined the length of terms of office for the Monroe County Legislature in 2011. The terms of office set as part of Local Law No. 7 of 2011 expire on December 31, 2021. Under normal circumstances, newly defined terms of office and revised legislative district boundaries would be presented jointly following the work on the Legislative District Revision Committee. As many in this Honorable Body are aware, the appointment of the Legislative District Revision Committee is legally tied to the publication of the results of the regular federal census.

Although the U.S. Census Bureau recently stated it is taking steps to meet the statutory deadline of December 31, 2020, reapportionment data may not be available until the second quarter of 2021. The timeline for the release of reapportionment data coupled with the New York State Political Calendar, which likely will call for the circulation of designating petitions to begin sometime in February 2021, makes it impossible for new legislative district boundaries to be viable for the general election to be held in the year 2021.

Despite this Honorable Body’s inability to revise legislative district boundaries, we must adjust the length of terms of office for the Monroe County Legislature as defined in Section C2-2(D) of the Monroe County Charter. The Majority believes the most practical approach is to amend the existing term of office structure so all Legislators shall be elected to a term of two years at the general election to be held in the year 2021. An additional two-year term will allow for revision of legislative district boundaries to take place once the reapportionment data becomes available, and for the newly defined legislative district boundaries to be in effect for the general election to be held in the year 2023.

Additionally, adding a new two-year term of office will allow this Honorable Body to later set new terms of office for the traditional ten-year cycle. This will avoid the perpetual timing issue that will exist into the future. Although the COVID-19 pandemic contributed to the expected delay
in the availability of reapportionment data, it likely still would have been impossible for this Honorable Body to revise legislative district boundaries in time for the circulation of designating petitions even if the data was not delayed.

By looking at the timeline for past Legislative District Revision Commissions, it’s clear there would not be sufficient time to revise legislative district boundaries even if apportionment data was made available at the December 31st statutory deadline. The 2011 Legislative District Revision Commission was appointed on February 1, 2011. However, the local law defining the terms of office and revising the legislative district boundaries became effective on May 26, 2011. Although the nearly four-month timeline was suitable based on the 2011 New York State Political Calendar, it would not be viable under the new Political Calendar that is predicated on consolidated Federal and State Primary Election dates.

Therefore, I recommend this Honorable Body enact the attached local law, thereby amending Section C2-2(D) of the Monroe County Charter to add that all Legislators shall be elected to a term of two years at the general election to be held in the year 2021.

**The specific legislative actions required are:**
1. Schedule and hold a public hearing on the proposed Local Law.

2. Enact a Local Law to amend the Monroe County Charter relating to the term of office of members of the County Legislature.

This action is a Type II Action pursuant to 6 NYCRR 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

This proposal will require no additional net County support in the current Monroe County budget.

RE: Enact a Local Law Entitled, “Amending Monroe County Charter Relating to Term of Office of Members of County Legislature”

Honorable Legislators:

This Honorable Body last revised legislative district boundaries and defined the length of terms of office for the Monroe County Legislature in 2011. The terms of office set as part of Local Law No. 7 of 2011 expire on December 31, 2021. Under normal circumstances, newly defined terms of office and revised legislative district boundaries would be presented jointly following the work on the Legislative District Revision Committee. As many in this Honorable Body are aware, the appointment of the Legislative District Revision Committee is legally tied to the publication of the results of the regular federal census.

Although the U.S. Census Bureau recently stated it is taking steps to meet the statutory deadline of December 31, 2020, reapportionment data may not be available until the second quarter of 2021. The timeline for the release of reapportionment data coupled with the New York State Political Calendar, which likely will call for the circulation of designating petitions to begin sometime in February 2021, makes it impossible for new legislative district boundaries to be viable for the general election to be held in the year 2021.

Despite this Honorable Body’s inability to revise legislative district boundaries, we must adjust the length of terms of office for the Monroe County Legislature as defined in Section C2-2(D) of the Monroe County Charter. The Majority believes the most practical approach is to amend the existing term of office structure so all Legislators shall be elected to a term of two years at the general election to be held in the year 2021. An additional two-year term will allow for revision of legislative district boundaries to take place once the reapportionment data becomes available, and for the newly defined legislative district boundaries to be in effect for the general election to be held in the year 2023.

Additionally, adding a new two-year term of office will allow this Honorable Body to later set new terms of office for the traditional ten-year cycle. This will avoid the perpetual timing issue that will exist into the future. Although the COVID-19 pandemic contributed to the expected delay
in the availability of reapportionment data, it likely still would have been impossible for this Honorable Body to revise legislative district boundaries in time for the circulation of designating petitions even if the data was not delayed.

By looking at the timeline for past Legislative District Revision Commissions, it's clear there would not be sufficient time to revise legislative district boundaries even if apportionment data was made available at the December 31st statutory deadline. The 2011 Legislative District Revision Commission was appointed on February 1, 2011. However, the local law defining the terms of office and revising the legislative district boundaries became effective on May 26, 2011. Although the nearly four-month timeline was suitable based on the 2011 New York State Political Calendar, it would not be viable under the new Political Calendar that is predicated on consolidated Federal and State Primary Election dates.

Therefore, I recommend this Honorable Body enact the attached local law, thereby amending Section C2-2(D) of the Monroe County Charter to add that all Legislators shall be elected to a term of two years at the general election to be held in the year 2021.

The specific legislative actions required are:
1. Schedule and hold a public hearing on the proposed Local Law.

2. Enact a Local Law to amend the Monroe County Charter relating to the term of office of members of the County Legislature.

This action is a Type II Action pursuant to 6 NYCRR 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

This proposal will require no additional net County support in the current Monroe County budget.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Enact a Local Law Authorizing a Lease by Negotiation with Federal Express Corporation for Real Property at the Greater Rochester International Airport

Honorable Legislators:

I recommend that Your Honorable Body enact a Local Law authorizing a lease by negotiation with Federal Express Corporation for an approximately 352,544 square feet premises improved with a commercial building located at 1195 Scottsville Road at the Greater Rochester International Airport in the amount of $130,441.28 per year for a period of ten (10) years commencing on or about December 1, 2020, with the option to renew the lease agreement for two (2) additional five (5) year terms.

The space will be utilized by Federal Express Corporation to operate its business. Federal Express Corporation has been operating at this site since 1979.

The Lease was approved by the Monroe County Airport Authority at its meeting on September 23, 2020.

The specific legislative actions required are:

1. Schedule and hold a public hearing on the proposed Local Law.

2. Enact a Local Law authorizing the County Executive, or his designee, to execute a lease agreement on behalf of the Monroe County Airport Authority, and any amendments thereto, with Federal Express Corporation, or any subsidiary or successor, in the amount of $130,441.28 per year for a period of ten (10) years commencing on or about December 1, 2020, with the option to renew the lease agreement for two (2) additional five (5) year terms.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.
This lease agreement is revenue generating to the Monroe County Airport Authority. No net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Federal Express Corporation, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Frederick W. Smith, Chairman and Chief Executive Officer
Rajesh Subramaniam, President and Chief Operating Officer
Alan B. Graf, Jr., Executive Vice President and Chief Financial Officer
Mark Allen, Executive Vice President, General Counsel and Secretary

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Subject: Acceptance of a Grant from the United States Department of Justice Drug Enforcement Administration for the Drug Enforcement Administration Task Force

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body accept a grant from the United States Department of Justice Drug Enforcement Administration ("DEA") in an amount not to exceed $19,181 for the reimbursement of overtime for the Drug Enforcement Administration Task Force for the period of October 1, 2020 through September 30, 2021.

This grant will support a collaborative task force with the DEA to investigate, apprehend and arrest narcotic traffickers. The grant will reimburse overtime costs associated with the task force services. This will be the third year the County has received this grant. This year's funding represents an increase of $531.25 from last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in an amount not to exceed $19,181 from and to execute a contract and any amendments thereto with, the United States Department of Justice Drug Enforcement Administration for the reimbursement of overtime for the Drug Enforcement Administration Task Force for the period of October 1, 2020 through September 30, 2021.

2. Amend the 2020 operating budget of the Office of the Sheriff by appropriating the sum of $19,181 into general fund 9300, funds center 3803010000, Police Bureau Administration.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the United States Department of Justice, Drug Enforcement Administration. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Acceptance of a Grant from the New York State Division of Homeland Security and Emergency Services for the Operation Stonegarden Program and Authorize Intermunicipal Agreements with the Towns of Greece, Irondequoit, and Webster

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K Baxter.

I recommend that Your Honorable Body accept a grant from the New York State Division of Homeland Security and Emergency Services in an amount not to exceed $154,260 for the Operation Stonegarden Program for the period of September 1, 2020 through August 31, 2023, and authorize intermunicipal agreements with the Town of Greece in the amount of $17,399 for the reimbursement of overtime, the Town of Irondequoit in the amount of $24,826 for the reimbursement of overtime, mileage, and maintenance, and the Town of Webster in the amount $13,595 for the reimbursement of overtime, mileage, and maintenance, for the Operation Stonegarden Program for the period of September 1, 2020 through August 31, 2023.

This Federal fiscal year 2020 grant provides funding for the law enforcement community to enhance preparedness and operational readiness along United States land and water borders. Funds shall be used to increase the operational capabilities (i.e. planning, prevention, response, recovery and mitigation of an incident or homeland security issue) of federal, state, local and tribal law enforcement promoting a layered, coordinated approach to law enforcement within U.S. border states and territories. Funds will be used to fund operational overtime during details for the Sheriff's Office, Town of Greece, Town of Irondequoit, and Town of Webster. This is the fourth year local agencies located on the border were included on the Monroe County Border Patrol Operations Order. The County will receive the award and be responsible for coordinating the reimbursement of funds for the three local agencies who participate in Operation Stonegarden. This is the twelfth year the County has received this grant. This year’s funding represents a decrease of $15,100 from last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in an amount not to exceed $154,260 and to execute a contract, and any amendments thereto, with the New York State Division of Homeland Security and Emergency Services for the Operation Stonegarden Program for the period of September 1, 2020 through August 31, 2023.
2. Amend the 2020 operating budget of the Office of the Sheriff by appropriating the sum of $154,260 into general fund 9300, funds center 3803010000, Police Bureau Administration.

3. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with the Town of Greece for the reimbursement of overtime for the Operation Stonegarden Program, in an amount not to exceed $37,399 for the period of September 1, 2020 through August 31, 2023.

4. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with the Town of Irondequoit for the reimbursement of overtime, mileage and maintenance for the Operation Stonegarden Program, in an amount not to exceed $24,826 for the period of September 1, 2020 through August 31, 2023.

5. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with the Town of Webster for the reimbursement of overtime and mileage and maintenance for the Operation Stonegarden Program, in an amount not to exceed $13,595 for the period of September 1, 2020 through August 31, 2023.

6. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

7. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the Federal Department of Homeland Security Federal Emergency Management Agency (administered by the New York State Division of Homeland Security and Emergency Services). No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

November 6, 2020

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Division of Homeland Security and Emergency Services for the FY2020 Targeted Violence and Terrorism Prevention Grant Program

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body accept a grant from the New York State Division of Homeland Security and Emergency Services in the amount of $122,000 for the FY2020 Targeted Violence and Terrorism Prevention Grant Program for the period of October 1, 2020 through September 30, 2022.

The purpose of this program is to support the continued development of the Rochester Threat Advisory Committee ("ROCTAC") model, both within the Rochester area and across upstate New York. This is the first time the County has received this grant.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in an amount not to exceed $122,000 and to execute a contract and any amendments thereto, with New York State Division of Homeland Security and Emergency Services for the FY2020 Targeted Violence and Terrorism Prevention Grant Program for the period of October 1, 2020 through September 30, 2022.

2. Amend the 2020 operating budget of the Office of the Sheriff by appropriating the sum of $122,000 into general fund 9300, funds center 3803010000, Police Bureau Administration.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the Federal Department of Homeland Security Federal Emergency Management (administered by the New York State Division of Homeland Security and Emergency Services). No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from New York State Office of Indigent Legal Services for the Third Counsel at First Appearance Program in the Office of the Public Defender

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Office of Indigent Legal Services in the amount of $750,000 for the Third Counsel at First Appearance program in the Office of the Public Defender for the period of January 1, 2020 through December 31, 2022.

The Office of the Public Defender will use the funding for the entire salary costs equivalent to three (3) existing full-time Assistant Public Defender positions and two (2) part time Special Urban Investigator Assistants. This grant funding will be used to continue to provide indigent legal services at town and village court arraignments. This is the third time the County has received this grant. This year's funding represents the same amount as the last time the County received this grant.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $750,000 grant from, and to execute a contract and any amendments thereto with, the New York State Office of Indigent Legal Services for the Third Counsel at First Appearance program in the Office of the Public Defender for the period of January 1, 2020 through December 31, 2022.

2. Amend the 2020 operating budget of the Office of the Public Defender by appropriating the sum of $250,000 into general fund 9300, funds center 2601010000, Public Defender Administration.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(e)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Office of Indigent Legal Services. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State STOP-DWI Foundation, Inc. for DWI Crackdown Weekend Enforcement and Authorize Intermunicipal Agreements with Eight Municipalities

I recommend that Your Honorable Body accept a grant from the New York State STOP-DWI Foundation, Inc. in the amount of $37,000 for DWI Crackdown Weekend Enforcement for the Department of Public Safety and the Office of the Sheriff for the period of October 1, 2020 through September 30, 2021, and to authorize intermunicipal agreements with the City of Rochester and seven (7) towns and villages within Monroe County that have local police departments for the period of October 1, 2020 through September 30, 2021.

The purpose of this grant is to reimburse local law enforcement agencies for overtime incurred during Crackdown Weekends. The Crackdown Weekends will be a concerted effort among the different police agencies to have extra patrols during specified holiday weekends in order to minimize the number of impaired driving crashes. Funding is in the amount of $32,888 for the Department of Public Safety and in the amount of $4,112 for the Sheriff's Office. This will be the 10th year the County has received this grant. This year's funding represents the same amount as last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $37,000 grant from, and to execute a contract and any amendments thereto with, the New York State STOP-DWI Foundation, Inc. for DWI Crackdown Weekend Enforcement for the period of October 1, 2020 through September 30, 2021.

2. Amend the 2020 operating budget of the Department of Public Safety by appropriating the sum of $32,888 into general fund 9300, funds center 2405040000, STOP-DWI Enforcement Agency Support.

3. Amend the 2020 operating budget of the Office of the Sheriff by appropriating the sum of $4,112 into general fund 9300, funds center 3803010000, Police Bureau Administration.
4. Authorize the County Executive, or his designee, to execute intermunicipal agreements, and any amendments thereto, with the City of Rochester and the seven (7) towns and villages listed below for DWI Crackdown Weekend Enforcement in the total amount of $32,888 for the period of October 1, 2020 through September 30, 2021:

Monroe County Legislature - December 8, 2020
November 6, 2020

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize an Intermunicipal Agreement with Orleans County for the Location and Operation of Interoperable Communications Equipment

Honorable Legislators:

I recommend that Your Honorable Body authorize an intermunicipal agreement with Orleans County for the installation and operation of interoperable communications equipment at a Monroe County communication site located at 38 East Avenue in the Village of Brockport.

Orleans County was awarded a Statewide Interoperable Communications grant from the New York State Division of Homeland Security and Emergency Services that funds the purchase and installation of microwave equipment on Monroe County’s communication site in the Village of Brockport to link the radio communications systems.

Orleans County is the lead agency for this interoperable communications project between Orleans and Monroe County’s common platform radio systems to provide interoperability for public safety responders traveling into and throughout the counties. Orleans County will assume responsibility for maintenance of the communications equipment.

The specific legislative action required is to authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with Orleans County, for the installation and operation of interoperable communications equipment at a Monroe County communication site located at 38 East Avenue in the Village of Brockport.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(7) (“installation of telecommunication cables in existing highway or utility rights of way utilizing trenchless burial or aerial placement on existing poles”) and (9) (“construction or expansion of a primary or accessory/appurtenant, non-residential structure or facility involving less than 4,000 square feet of gross floor area and not involving a change in zoning or a use variance and consistent with local land use controls, but not radio communication or microwave transmission facilities”) and is not subject to further review under the State Environmental Quality Review Act.
This agreement will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Subject: Amend Resolution 405 of 2019 to Extend the License and Operating Agreement with the Seneca Park Zoo Society, Inc.

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 405 of 2019 to extend the license and operating agreement with the Seneca Park Zoo Society, Inc. for one (1) year, through December 31, 2021, with all other terms of the license and operating agreement to remain the same.

Per Resolution 289 of 2010, Your Honorable Body authorized a license and operating agreement with the Seneca Park Zoo Society, Inc. Resolution 437 of 2014, Resolution 270 of 2015, Resolution 335 of 2016, Resolution 462 of 2017, Resolution 103 of 2019, and Resolution 405 of 2019 each extended the license and operating agreement for one (1) additional year. The agreement currently runs through December 31, 2020. At this time, Monroe County and the Seneca Park Zoo Society wish to extend the license and operating agreement for an additional year.

The specific legislative action required is to amend Resolution 289 of 2010, as amended by Resolution 437 of 2014, Resolution 270 of 2015, Resolution 335 of 2016, Resolution 462 of 2017, Resolution 103 of 2019, and Resolution 405 of 2019, to extend the license and operating agreement with the Seneca Park Zoo Society, Inc. for one (1) year, through December 31, 2021, with all other terms of the license and operating agreement to remain the same.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26), (“routine or continuing agency administration and management, not including new programs or major reallocation of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

This License and Operating Agreement is revenue generating. No net County support is required in the current Monroe County budget.

The Seneca Park Zoo Society, Inc. is a not-for-profit agency and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the New York State Office of Parks, Recreation and Historic Preservation for the Snowmobile Trail Development and Maintenance Program and Authorize Contracts with the Hilton Sno-Flyers, Inc., Webster Ridge Runners Snowmobile Club, Inc., Salmon Creek Snowmobile Club, Inc., and Hill and Gully Riders, Inc. for the Repair and Maintenance of Trails

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Office of Parks, Recreation and Historic Preservation in an amount up to $35,976 for the Snowmobile Trails Grant-in-Aid Program for the period of April 1, 2019 through March 31, 2020, and authorize contracts with the Hilton Sno-Flyers, Inc. in an amount up to $27,912, the Webster Ridge Runners Snowmobile Club, Inc. in an amount up to $386, the Salmon Creek Snowmobile Club, Inc. in an amount up to $5,747, and Hill and Gully Riders, Inc. in an amount up to $1,932, for the repair and maintenance of trails for the period of April 1, 2019 through March 31, 2020.

This funding will be allocated to the Hilton Sno-Flyers, Inc. for trail repair and maintenance of eighty-four (84) miles of snowmobile trails, the Webster Ridge Runners Snowmobile Club, Inc. for trail repair and maintenance of five (5) miles of snowmobile trails, the Salmon Creek Snowmobile Club, Inc. for trail repair and maintenance of eighteen (18) miles of snowmobile trails, and the Hill and Gully Riders, Inc. for trail repair and maintenance of seven (7) miles of snowmobile trails, all located in Monroe County. These trails provide public access to any snowmobile that is properly registered in New York State. This will be the nineteenth year the County has received this grant. This year’s funding represents an increase of $6,525 from the previous referral.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in an amount up to $35,976 from, and to execute a contract and any amendments thereto with, the New York State Office of Parks, Recreation and Historic Preservation for the Snowmobile Trails Grant-in-Aid Program for the period of April 1, 2019 through March 31, 2020.

2. Amend the 2020 operating budget of the Parks Department by appropriating the sum of $35,976 into grants fund 9300, funds center 8802010000, Parks Operations Administration.

3. Authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with the Hilton Sno-Flyers, Inc., 4812 Lyell Avenue, Spencerport, New York 14559 for repair and maintenance of eighty-four (84) miles of trails in an amount up to $27,912 for the period of April 1, 2019 through March 31, 2020.

November 6, 2020
4. Authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with the Webster Ridge Runners Snowmobile Club, Inc., 1145 Chimney Trail, Webster, New York 14580 for repair and maintenance of five (5) miles of trails in an amount up to $386 for the period of April 1, 2019 through March 31, 2020.

5. Authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with the Salmon Creek Snowmobile Club, Inc., 610 Stoney Point Road, Spencerport, New York 14559 for repair and maintenance of eighteen (18) miles of trails in an amount up to $5,747 for the period of April 1, 2019 through March 31, 2020.

6. Authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with the Hill and Gully Riders Inc., 1411 Martin Rd, West Henrietta, New York 14586 for repair and maintenance of seven (7) miles of trails in an amount up to $1,932 for the period of April 1, 2019 through March 31, 2020.

7. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to re-appropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

8. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program, and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and where applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and is not subject to further review under the State Environmental Quality Review Act.

This program is 100 percent funded by the New York State Office of Parks, Recreation and Historic Preservation. No net County support is required in the current Monroe County budget.

The Hilton Sno-Flyers, Inc., Webster Ridge Runners Snowmobile Club, Inc., the Salmon Creek Snowmobile Club, Inc., and the Hill and Gully Riders, Inc. are not-for-profit agencies and the records in the Office of the Monroe County Treasury have indicated that they do not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Authorize the Acceptance of a Donation of Property Located at Clover Street in the Town of Pittsford

Honorable Legislators:

I recommend that Your Honorable Body authorize the acceptance of approximately 18.142 acres of unimproved land located near Clover Street in the Town of Pittsford, Monroe County, New York having tax account number 191.01-1-54 ("the "Property") from Bridlebridge Farms, LLC.

This donation of Property will be used to expand Mendon Ponds Park in the Town of Pittsford.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to execute any and all documents to accept the donation and acquire the Property.

2. Authorize the County Executive, or his designee, to execute any and all documents necessary to ensure park users may access the quarry pond for recreational purposes.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(39) ("an agency's acquisition and dedication of 25 acres or less of land for parkland, or dedication of land for parkland that was previously acquired, or acquisition of a conservation easement") and is not subject to further review under the State Environmental Quality Review Act.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend Resolution 144 of 2011 to Extend the License Agreement with The Lilac Festival, Inc. to Produce the Lilac Festival in Highland Park

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 144 of 2011 to extend the License Agreement with The Lilac Festival, Inc. to produce the Lilac Festival in Highland Park for one (1) additional year, through December 31, 2021, with all other terms of the license agreement to remain the same.

Per Resolution 144 of 2011, Your Honorable Body authorized a license agreement with The Lilac Festival, Inc. to produce the Lilac Festival in Highland Park. The agreement currently runs through December 31, 2020. At this time, Monroe County wishes to extend the license agreement for an additional year.

The specific legislative action required is to amend Resolution 144 of 2011 to extend the License Agreement with The Lilac Festival, Inc. to produce the Lilac Festival in Highland Park for one (1) additional year, through December 31, 2021, with all other terms of the license agreement to remain the same.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This License Agreement is revenue generating. No net County support is required in the current Monroe County budget.

The Lilac Festival, Inc. is a not-for-profit agency and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Office of the County Executive
Monroe County, New York

Adam J. Bello
County Executive

November 6, 2020

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend Resolution 111 of 2016 to Increase the Contract with URMC Labs, a Division of the University of Rochester, for Laboratory Services at Monroe Community Hospital

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 111 of 2016 to increase the contract with URMC Labs, a Division of the University of Rochester, from a total amount not to exceed $240,000 to a total amount not to exceed $1,040,000 to provide COVID-19 testing and laboratory services for residents of Monroe Community Hospital ("MCH") for the period of April 1, 2020 through March 31, 2021.

Due to the COVID-19 State of Emergency, MCH must adhere to the resident COVID-19 testing regulations set forth by U.S. Centers for Medicare & Medicaid Services. All residents (more than 500) must be tested every three to seven days, for a minimum of fourteen days, after a single positive COVID-19 case within the facility, whether a resident, staff member, or contractor. To ensure appropriate care of its residents, it is necessary that MCH contract with a provider that is able to perform these tests with timely and accurate results. In addition, the provider must supply a laboratory and technologists who are certified and licensed. URMC Labs has been the provider of laboratory services for MCH residents since 1988. Their past performance with MCH has been exemplary and they have proven their ability to continue the comprehensive laboratory services required by Public Health Law and MCH.

A Request for Proposals was issued for this contract and URMC Labs was the sole respondent.

The specific legislative action required is to amend Resolution 111 of 2016 to increase the contract with URMC Labs, a Division of the University of Rochester, to provide COVID-19 testing and laboratory services for residents of Monroe Community Hospital, from a total amount not to exceed $240,000 to a total amount not to exceed $1,040,000 for the period of April 1, 2020 through March 31, 2021.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2020 operating budget of Monroe Community Hospital, hospital fund 9012, funds center 6204020000, Laboratory, and will be requested in future years budgets. No additional net County support is required in the current Monroe County budget.

The University of Rochester is a not-for-profit entity, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

RESOLUTION NO. ___ OF 2020

AMENDING RESOLUTION 111 OF 2016 TO INCREASE CONTRACT WITH URMC LABS, A DIVISION OF UNIVERSITY OF ROCHESTER, FOR LABORATORY SERVICES AT MONROE COMMUNITY HOSPITAL

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Section 1 of Resolution 111 of 2016 is amended as follows:

The County Executive, or his designee, is hereby authorized to execute a contract and any amendments thereto, with URMC Labs, a division of the University of Rochester, to provide COVID-19 testing and laboratory services for residents of Monroe Community Hospital, in a total amount not to exceed $240,000, for the period of April 1, 2016 through March 31, 2017, with the option to renew for four (4) additional one-year terms, with escalation for each additional one-year extension limited to an amount equal to the increase in the previous year's New York State Medicaid Trend Factor (not to exceed 2.5%), and with the total amount for the period of April 1, 2020 through March 31, 2021 not to exceed $1,040,000.

Section 2. Funding for this contract is included in the 2020 operating budget of Monroe Community Hospital, fund 9012, funds center 6204020000, Laboratory, and will be requested in future years budget.

Section 3. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Office for the Aging for the Coronavirus Preparedness and Response Supplemental Appropriations Act and Amend Resolution 186 of 2020 for Authorization to Contract for Monroe County Office for the Aging Programs in 2020-2021

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Office for the Aging in the amount of $64,809 for the Coronavirus Preparedness and Response Supplemental Appropriations Act and amend Resolution 186 of 2020 for authorization to contract for Monroe County Office for the Aging programs in 2020-2021, for payment of expenses needed to help combat the Coronavirus pandemic for the period of April 1, 2020 through March 31, 2021.

This grant will provide funding for services under the NY Connects program which provides information and assistance to older adults, caregivers, and adults with disabilities. Additional County funds and service match are not required for this grant.

Please refer to the attached Purchase of Services Information Form for disclosure of the information required pursuant to Resolution 223 of 2007, as amended by Resolution 11 of 2008.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in the amount of $64,809 from, and to execute a contract and any amendments thereto with, the New York State Office for the Aging to increase the authorization to contract with the agencies listed in Attachment A.

2. Amend the 2020 operating budget of the Department of Human Services, Office for the Aging, by appropriating the sum of $64,809 into fund 9001, funds center 5501050000, Education, Training, Wellness Contracts.
3. Amend Resolution 186 of 2020 to authorize the County Executive, or his designee to increase contracts, applications, and amendments thereto, with the agencies listed in Attachment A in the approximate amounts listed therein, from a total amount not to exceed $9,357,133 to a total amount not to exceed $9,421,942, for the period of January 1, 2020 through March 31, 2021.

4. Authorize the County Executive to appropriate any subsequent years of these grant funds in accordance with the allocation terms, to reappropriate any unencumbered balances during the program period according to the New York State Office for the Aging’s requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

5. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Partial funding for this additional contract was included in the 2020 operating budget of the Monroe County Department of Human Services Office for the Aging, general fund 9001, funds center 5501050000, Education, Training, Wellness Contracts. The appropriated amount will adjust the current funding to that established by the program funds.

These program funds are 100% funded by the New York State Office for the Aging. No additional net County support is required in the current Monroe County budget.

Each of the contractors identified in Attachment A has been reviewed for not-for-profit status, and the records in the Office of the Monroe County Treasury have indicated that none of these agencies owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bell

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Office for the Aging and Authorization to Contract with Lifespan of Greater Rochester, Inc. for the Lifespan Respite Care Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Office for the Aging ("NYSOA") in the amount of $385,262 for the Lifespan Respite Care Program for the period of September 1, 2020 through August 31, 2021, and authorize a contract with Lifespan of Greater Rochester, Inc., in an amount not to exceed $363,697 for the period of September 1, 2020 through August 31, 2021 to administer the New York State Lifespan Respite Care Program.

The purpose of this program is to enhance a statewide caregiver network and maintain a coordinated system that meets the respite care needs of individuals and their family caregivers across the age and disability spectrum. This is the tenth year Monroe County has received funding for this grant.

Per the application for services with NYSOFA, contracted programs are monitored and evaluated through several methods: 1) monthly program and expenditure reports; 2) on-site monitoring, and 3) annual evaluation. As the recognized leader of respite services in New York State, the New York State Office for the Aging has directed Monroe County to contract with Lifespan of Greater Rochester, Inc. for these services.

Please refer to the attached Purchase of Services Information Form for disclosure of information required pursuant to resolution 223 of 2007, as amended by Resolution 11 of 2008.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $385,262 grant from, and to execute a contract and any amendments thereto with, the New York State Office for the Aging for the Lifespan Respite Care Program for the period of September 1, 2020 through August 31, 2021.

2. Amend the 2020 operating budget of the Department of Human Services, Office for the Aging, by appropriating the sum of $385,262 into general fund 9300, funds center 5501050000, Education, Training Wellness Contracts.
3. Authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Lifespan of Greater Rochester, Inc., to administer the New York State Lifespan Respite Care Program, in an amount not to exceed $363,697, for the period of September 1, 2020 through August 31, 2021.

4. Authorize the County Executive to appropriate any subsequent years of the grant awarded in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

5. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolition of positions shall be in accordance with New York State Civil Service Law and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Office for the Aging. No net County support is required in the current Monroe County budget.

Lifespan of Greater Rochester, Inc. is a not-for-profit agency, and the records in the Office of the Monroe County Treasury have indicated that they do not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Monroe County Legislature - December 8, 2020
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend Resolution 109 of 2019 to Authorize Contracts for the Preschool Special Education Program

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 109 of 2019 to authorize contracts with additional contractors approved by the Monroe County Department of Public Health for the provision of services for the Preschool Special Education Program ("Preschool Program").

The Preschool Program is a federally mandated program through the Individuals with Disabilities Education Act. Monroe County is required by New York State to administer the Preschool Program to children, age three to five, who are eligible for special education services. The County fulfills this responsibility by contracting with a variety of eligible, State-approved, Preschool Program providers for evaluations, consultations, education and related services. The Preschool Program providers, who deliver Special Education Classrooms and Special Education Itinerant Services, submit an application and go through an approval process with the New York State Education Department ("NYSED"). Based on the most recent school year with completed data (2019–2020), the Preschool Program served 3,268 Monroe County children.

The specific legislative action required is to amend Resolution 109 of 2019 to authorize the County Executive, or his designee, to execute contracts, and any amendments thereto, with the approved schools, agencies and individuals identified in Resolution 109 of 2019, and additional contractors approved by the Monroe County Department of Public Health as needed, provided they submit the appropriate approval by the New York State Department of Education or have met the requirements of the New York State Department of Education Office of the Professions, for the provision of services for the Preschool Special Education Program.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to review under the State Environmental Quality Review Act.
Funding for these contracts is included in the 2020 operating budget of the Department of Public Health, general fund 9001, funds centers 5807510000, PSE Tuition & SEIT, 5807520000, PSE Related Services and 5807530000, PSE Preschool Evaluations, and will be requested in future years’ budgets. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that none of these agencies or individuals owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Subject: Amend Resolution 203 of 2020 to Amend, Increase and Extend the Contract with Reliant Staffing Systems, Inc., D.B.A. Career Start to Provide Nursing Services for the Monroe County Department of Public Health in Response to COVID-19

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 203 of 2020 to amend, increase, and extend the contract with Reliant Staffing Systems, Inc., D.B.A. Career Start, from an amount not to exceed $450,000 to an amount not to exceed $690,605, to provide nursing services to support the Monroe County Department of Public Health’s Epidemiology and Disease Control Division and the Commissioner of Public Health to address the COVID-19 pandemic and assist with outbreak investigation for the period of March 5, 2020 through March 15, 2021.

By Resolution 203 of 2020, Your Honorable Body authorized the County Executive to enter into an amendment to the contract with Reliant Staffing Systems, Inc., D.B.A. Career Start, to provide nursing services to support the Monroe County Department of Public Health’s Epidemiology and Disease Control Division and the Commissioner of Public Health to address the COVID-19 pandemic and assist with outbreak investigation, from an amount not to exceed $150,000 to an amount not to exceed $450,000. Since the execution of this amendment, however, it has become evident that the Department of Public Health’s Epidemiology and Disease Control Division and the Commissioner of Public Health’s need for these services will exceed Your Honorable Body’s authorization under Resolution 203 of 2020.

The specific legislative action required is to amend Resolution 203 of 2020 to amend, increase and extend the contract, and any amendments thereto, with Reliant Staffing Systems, Inc., D.B.A. Career Start, 350 East Avenue, Suite 205, Rochester, New York 14604, to provide nursing services to support the Monroe County Department of Public Health’s Epidemiology and Disease Control Division and the Commissioner of Public Health to address the COVID-19 pandemic and assist with outbreak investigation from an amount not to exceed $450,000 to an amount not to exceed $690,605 for the period of March 5, 2020 through March 15, 2021.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to review under the State Environmental Quality Review Act.
Funding for this contract is included in the 2020 operating budget of the Department of Finance, general fund 9001, funds center 1209070100, State of Emergency and the 2020 operating budget of the Department of Public Health, general fund 9300, funds center 5801090000, Public Health Preparedness. No net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Reliant Staffing Systems, Inc., D.B.A. Career Start, nor its principal officer, Lindsay McCutchen, President, owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with CHA Consulting, Inc., McFarland Johnson, Inc. and Passero Associates, Engineering, Architecture & Surveying, D.P.C., for airport consultant services for projects related to the Greater Rochester International Airport for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year periods.

The airport consultants will, over the contract term, assist the County in obtaining Federal Aviation Administration and State funds for projects related to the Greater Rochester International Airport. The consultants will perform services on a per project basis for the design and construction of projects for which funding is secured, subject to negotiation of acceptable fees. The Greater Rochester International Airport additionally has a frequent need for professional services as operations change inside the terminal, on the airfield, and at related adjacent and nearby properties.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was a selection criteria. One (1) of the seven (7) respondents was a M/WBE certified firm and scored a (5) for M/WBE utilization, but was not rated the most qualified to provide these services. The other six (6) respondent’s project team included either a Women or Minority Owned Business Enterprises and scored a (2) for M/WBE utilization. CHA Consulting, Inc., which was one of the three (3) entities rated most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: CME Associates Inc., Larson Engineers, and Nature’s Way Contracting. McFarland Johnson Inc., which was also rated most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: LU Engineers, Prudent Engineering, Environmental Design & Research, Landscape Architecture, Engineering, & Environmental Services, D.P.C., and Atlantic Testing. Passero Associates will partner with the following M/WBE certified firms pursuant to its contract: Environmental Design & Research, Landscape Architecture, Engineering, & Environmental Services, D.P.C., LU Engineers, and Nature’s Way Contracting.

The specific legislative action required is to authorize the County Executive, or his designee, to execute contracts with CHA Consulting, Inc., 16 West Main Street, Suite 830, Rochester, New York 14614; McFarland Johnson, Inc., 15 Fishers Road, Suite 200, Pittsford, New York 14534; and Passero Associates, Engineering, Architecture & Surveying, D.P.C., 242 West Main Street, Suite 100, Rochester, New York 14614, for airport consultant services for projects related to the Greater Rochester International Airport for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year periods.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility"); (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part"); (24) ("information collection including basic data collection and research, water quality and pollution studies, traffic counts, engineering studies, surveys, subsurface investigations and soils studies that do not commit the agency to undertake, fund or approve any Type I or Unlisted action"); and (27) ("conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts is included in the capital funds established for specific projects or from Monroe County Airport Authority accounts as authorized by the Monroe County Airport Authority. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither CHA Consulting, Inc., McFarland Johnson, Inc., Passero Associates, Engineering, Architecture & Surveying, D.P.C., nor any of their principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firms are:

**CHA Consulting, Inc.**
- Michael D. Carroll, President and Chief Executive Officer
- Dom M. Bernardo, Chief Financial Officer
- John A. Achenbach, Executive Vice President
- Michael A. Platt, Esq., General Counsel and Corporate Secretary
- Gregory S. Corso, Senior Vice President
- David Ulm, Senior Vice President
- Paul McRoberts, Senior Vice President
- John Hensley, Jr., Executive Vice President

**McFarland Johnson, Inc.**
- Chad Nixon, President and Chairman of the Board
- James Festa, PE, Chief Executive Officer
- Thomas Kendrick, PE, Vice President and Director of Transportation
- Jeffrey Wood, Vice President and Regional Director of Aviation

**Passero Associates, Engineering, Architecture & Surveying, D.P.C.**

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with Barton & Loguidice, D.P.C., Erdman Anthony & Associates Inc., and Passero Associates, Engineering, Architecture & Surveying, P.C., for a total annual amount not to exceed $150,000 for each contract for architectural and engineering term services for the Monroe County Parks Department for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year's Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

The Monroe County Parks Department is responsible for operation of, maintenance of, and improvements to 21 parks compromising nearly 12,000 acres of land, three public golf courses, and the Seneca Park Zoo. These contracts will provide architectural and engineering term services for small-scale projects as well as those Parks Departments projects requiring prompt turn-around. Specific services include interior and exterior architectural design and layout, mechanical, electrical, and plumbing design, civil site and structural engineering, and construction observation.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was a selection criterion. None of the five (5) respondents were a M/WBE certified firm, but each respondent’s project team included both Women and Minority Owned Business Enterprises. Accordingly, all five (5) respondents scored a two (2) for M/WBE utilization. Barton & Loguidice, D.P.C., which was one of the three (3) entities rated most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Architectura P.C. and Pophi Design Group; Erdman Anthony and Associates, which was also rated most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Architectura, P.C., Environmental Design & Research, Landscape Architecture, Engineering, & Environmental Services, D.P.C., and Ravi Engineering and Land Surveying, P.C. Passero Associates will partner with the following M/WBE certified firms pursuant to its contract: Ravi Engineering and Land Surveying, P.C., Highland Planning LLC, Jade Stone Engineering PLLC, and Environmental Design & Research, Landscape Architecture, Engineering, & Environmental Services, D.P.C.
The specific legislative action required is to authorize the County Executive, or his designee, to execute contracts, and any amendments thereto, with Barton & Loguidice, D.P.C., 11 Centre Park, Suite 203, Rochester, New York 14614, Erdman Anthony & Associates Inc., 145 Culver Road, Suite 100, Rochester, New York 14620, and Passero Associates, Engineering, Architecture & Surveying, P.C., 242 West Main Street, Suite 100, Rochester, New York 14614, for architectural and engineering term services for the Monroe County Parks Department for a total annual amount not to exceed $150,000 for each contract for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part"); (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment"); and (27) ("conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts, consistent with authorized uses, is included in various capital funds and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Barton & Loguidice, D.P.C., Erdman Anthony & Associates Inc., Passero Associates, Engineering, Architecture & Surveying, P.C., nor any of their principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firms are:

Subject: Authorize Contracts with Atlantic Testing Laboratories, Ltd. and Terracon Consultants – NY, Inc. for Material Testing Term Services

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with Atlantic Testing Laboratories, Ltd. and Terracon Consultants – NY, Inc. in a total annual aggregate amount not to exceed $150,000 for material testing term services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

These contracts will provide Monroe County with material testing and inspection services when it is necessary to determine either the quality of the work being performed or subsurface soil conditions. These contracts establish an agreed upon rate for a variety of material testing and inspection services so that when services are required, the County is assured of a timely response to projects. These services will be made available to all County departments.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was not a selection criteria. However, Atlantic Testing Laboratories, Limited, which was one of the two (2) entities rated most qualified to provide these services, is a Women Business Enterprise and listed in New York State’s M/WBE Directory of Certified Firms. Terracon Consultants - NY, Inc., the other entity rated most qualified, is not listed in New York State’s M/WBE Directory of Certified Firms, but will partner with the following M/WBE certified firms pursuant to its contract: Folt-Albert Associates Architecture, Engineering and Surveying, P.C. and 3rd Rock, LLC.

The specific legislative action required is to authorize the County Executive, or his designee, to execute contracts, and amendments thereto, with Atlantic Testing Laboratories, Ltd, 3495 Winton Place, Bldg. B, Suite 4A, Rochester New York 14623, and Terracon Consultants – NY, Inc., 15 Marway Circle, Suite 2B, Rochester, New York 14624, for material testing term services in a total annual aggregate amount not to exceed $150,000 for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part"); (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment"); and (27) ("conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts, consistent with authorized uses, is included in various capital fund(s), and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Atlantic Testing Laboratories, Ltd., Terracon Consultants – NY Inc., nor any of their principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firms are:

Atlantic Testing Laboratories, Ltd
Marijcan B. Remington, CEO
James J. Kuhn, President
Scott M. McCasland, Vice President

Terracon Consultants – NY Inc.
David R. Gaboury, CEO
Swaminathan Srinivasan, President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize a Contract with Paradigm Environmental Services, Inc. for Professional Environmental Testing Term Services

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Paradigm Environmental Services, Inc. in a total annual amount not to exceed $150,000 for professional environmental testing term services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

This contract will provide Monroe County with professional environmental sampling and laboratory testing services when asbestos or other potentially hazardous materials are encountered and must be dealt with in accordance with applicable codes and regulations. This contract establishes an agreed upon rate for a variety of professional environmental sampling and laboratory testing services so that when services are required, the County is assured of a timely response to projects.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals (“RFP”) was issued for this contract. M/WBE utilization was not a selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFPs, Requests for Qualifications, and Expressions of Interest going forward. Paradigm Environmental Services, Inc. was rated the most qualified, but is not listed in New York State’s M/WBE Directory of Certified Firms.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Paradigm Environmental Services, Inc., 179 Lake Avenue, Rochester New York 14608, for environmental testing term services in a total annual amount not to exceed $150,000 for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility"); (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part"); (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment"); and (27) ("conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in various capital funds and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Paradigm Environmental Services, Inc., nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

James Magee, Jr., CEO
Bruce Hoogesteger, President
Justin Magee, Executive Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Monroe County Legislature - December 8, 2020
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Sale of County Owned Tax Foreclosure Property Located at Picture Parkway in the Town of Webster

Honorable Legislators:

I recommend that Your Honorable Body determine whether the sale of County owned tax foreclosure property located at Picture Parkway in the Town of Webster may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The proposed sale is as follows:

<table>
<thead>
<tr>
<th>Parcel</th>
<th>Offeror</th>
<th>Offered Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Picture Parkway</td>
<td>Town of Webster</td>
<td>$58,972.19</td>

<td>1000 Ridge Road</td>
<td></td>
</tr>
<tr>
<td>Town of Webster</td>
<td>Webster, New York 14580</td>
<td></td>
</tr>
</tbody>
</table>

This vacant land was acquired in January of 2020 through tax foreclosure, is surplus property, and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.

The sale of County owned tax foreclosure property located at Picture Parkway in the Town of Webster has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.
The specific legislative actions required are:

1. Determine that the sale of County owned tax foreclosure property located at Picture Parkway in the Town of Webster is an Unlisted action.

2. Make a determination of significance regarding the sale of County owned tax foreclosure property located at Picture Parkway in the Town of Webster pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The Environmental Mapper indicates that the subject property, or an adjoining property, has been the subject of remediation. The action is for the sale of the property and does not include the physical alteration nor disturbance of the property. Based on the Environmental Review conducted and memorialized throughout Parts 1 and 2 of this Environmental Assessment Form, it has been determined that there will be no significant adverse environmental impacts from this action.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION NO. ___ OF 2020

CLASSIFYING ACTION AND DETERMINING SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR SALE OF COUNTY OWNED TAX FORECLOSURE PROPERTY LOCATED AT PICTURE PARKWAY IN THE TOWN OF WEBSTER

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the sale of County owned tax foreclosure property located at Picture Parkway in the Town of Webster is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated May 21, 2020 and has considered the potential environmental impacts of the sale of County owned tax foreclosure property located at Picture Parkway in the Town of Webster pursuant to requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Monroe County Legislature - December 8, 2020
To The Honorable  
Monroe County Legislature  
407 County Office Building  
Rochester, New York 14614

Subject:  Authorize the Sale of County Owned Tax Foreclosure Property Located at Picture Parkway in the Town of Webster

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract to sell county owned tax foreclosure property located at Picture Parkway in the Town of Webster as follows:

</tr>
</tbody>
</table>

This vacant land was acquired in January of 2020 through tax foreclosure, is surplus property and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.

The specific legislative action required is to authorize the County Executive, or his designee, to enter into a contract with the above referenced offeror, to sell the real property identified by tax account number 064.19-2-20.11 and to execute all documents necessary for the conveyance, for the purchase price set forth above.

The provisions of the New York State Environmental Quality Review Act shall be complied with prior to Your Honorable Body undertaking, funding, or approving the action requested in this referral.

This contract is revenue generating and no net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that the offeror listed above does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello  
County Executive

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Sale of County Owned Tax Foreclosure Property Located on State Street in the Town of Wheatland

Honorable Legislators:

I recommend that Your Honorable Body determine whether the sale of County owned tax foreclosure property located on State Street in the Town of Wheatland may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The proposed sale is as follows:

<table>
<thead>
<tr>
<th>Parcel</th>
<th>Offeror</th>
<th>Offered Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>State Street (un-addressed)</td>
<td>Timothy P. &amp; Deborah L. Quinlan</td>

<td>824 State Street</td>
<td></td>
</tr>
<tr>
<td>Town of Wheatland</td>
<td>Mumford, New York 14511</td>
<td></td>
</tr>
</tbody>
</table>

This vacant land was acquired November 29, 1995 through tax foreclosure, is surplus property, and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.

The sale of County owned tax foreclosure property located on State Street in the Town of Wheatland has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.
The specific legislative actions required are:

1. Determine that the sale of County owned tax foreclosure property located on State Street in the Town of Wheatland is an Unlisted action.

2. Make a determination of significance regarding the sale of County owned tax foreclosure property located on State Street in the Town of Wheatland pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the sale of the property and does not include the physical alteration nor disturbance of the property. Although wetlands exist on the site, the proposed action does not include physical alteration of the site and any future use of the property will need to be reviewed and consistent with the current zoning code and permitting requirements for Wetlands from state and federal regulatory bodies. It has been determined that no significant adverse environmental impacts from this action will occur.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

RESOLUTION NO. ___ OF 2020

CLASSIFYING ACTION AND DETERMINING SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR SALE OF COUNTY OWNED TAX FORECLOSURE PROPERTY LOCATED ON STATE STREET IN THE TOWN OF WHEATLAND

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the sale of County owned tax foreclosure property located on State Street in the Town of Wheatland is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated October 20, 2020 and has considered the potential environmental impacts of the sale of County owned tax foreclosure property located on State Street in the Town of Wheatland pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

This vacant land parcel was acquired November 29, 1995 through tax foreclosure, is surplus property and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.

The specific legislative action required is to authorize the County Executive, or his designee, to enter into a contract with the above referenced offeror, to sell the real property identified by tax account number 208.12-1-27.2 and to execute all documents necessary for the conveyance, for the purchase price set forth above.

The provisions of the New York State Environmental Quality Review Act shall be complied with prior to Your Honorable Body undertaking, funding, or approving the action requested in this referral.

This contract is revenue generating and no net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that the offerors listed above do not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Erroneous Assessments - Correction and Cancellation

Honorable Legislators:

I recommend that Your Honorable Body approve the corrections and cancellations of certain Monroe County taxes in the Town of Henrietta as per the attached list prepared by the Department of Finance, Real Property Tax Services.

The correction and cancellation are requested because of erroneous water consumption numbers resulting in incorrect pure waters O/M charges.

The specific legislative action required is approval of the taxpayers’ applications.

No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
Listed below is pertinent information from applications for corrected tax roll. Real Property Tax Service Agency has the original applications and support material available for review if needed. The Real Property Tax Director is recommending the correction and cancellation of certain Monroe County taxes because the same are erroneous.

The tax account hereinafter set forth lists the tax account number, applicant owner, property location, tax year(s), amount of taxes currently due, amount of corrected taxes, amount of taxes to be cancelled and the reason for their correction.

**Town of Henrietta:** Tax Account No. 163.17-1-64, 110 Tumbleweed Dr Pittsford, NY 14534. Property Location: 110 Tumbleweed Dr. Tax Year: 2020 Amount of Taxes Currently Due: $5,662.91. Amount of Corrected Taxes Due: $2,943.83. Amount of Taxes to be Cancelled: $2,719.08. Due to an error in water consumption numbers and a parallel of credit by the water provider, a corrected tax bill needs to be issued. This error has resulted in an incorrect tax bill.

Subject: Authorize a Contract with Monroe Community College for the Development, Implementation, and Management of the MPower Healthcare Program

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Monroe Community College, for a one-time fee of $550,000, for the development, implementation, and management of the MPower Healthcare program (the “Program”) for the period commencing as of September 1, 2020 through August 31, 2021.

The Program is a workforce development partnership established by the Economic Development and Innovative Workforce Services Division of Monroe Community College. The Program recruits participants, and provides training and education, to a minimum of 329 students per/year enrolled in Monroe Community College programs in health care, including the Certified Nurse Assistant Training and Development, Licensed Practical Nurse, and Home Health Aide programs. In addition, through the Program, Monroe Community College contributes comprehensive support by providing program curriculum, training/educational space and equipment, instructors, and student tuition, fees, books, and tools.

The fee for the development, implementation, and management of the Program will be $550,000.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract and any amendments thereto, with Monroe Community College, 1000 East Henrietta Road, Rochester, New York 14623, for the development, implementation, and management of the MPower Healthcare program, for a one-time fee of $550,000 for the period commencing as of September 1, 2020 through August 31, 2021.
The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2020 operating budget of the Department of Finance-Unallocated, general fund 9001, funds center 1209070100, State of Emergency.

This Program will be 100% reimbursed through the Coronavirus Aid, Relief, and Economic Security (CARES) Act stimulus appropriation from the Federal government. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Greater Rochester International Airport, Off-Airport Tree Obstruction Removal, Runway 10-28

Honorable Legislators:

I recommend that Your Honorable Body determine whether the Greater Rochester International Airport, Off-Airport Tree Obstruction Removal, Runway 10-28 Project is determined to have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The proposed project involves the removal of obstructions (trees) in order to maintain safe, navigable airspace beyond the ends of the runways. The project would bring the airport into compliance with FAA design standards and regulations regarding clear airspace. On Airport and State-owned property, the tree removal would include clearing, but not grubbing (i.e., retention of the stumps and root balls) of all trees over 10’ in height. Small trees and understory would be retained, with the goal to preserve the property as a meadow and scrub-shrub community. In private, residential areas, the tree removal would generally include selective removal of individual tall trees, without removal of stumps. However, if requested by owners, removal of the tree stumps, with minor grading and seeding, removal of woodchips, and general restoration (i.e., clean-up) is completed.

The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the Greater Rochester International Airport, Off-Airport Tree Obstruction Removal, Runway 10-28 is a Type I action.
2. Make a determination of significance regarding the Greater Rochester International Airport, Off-Airport Tree Obstruction Removal, Runway 10-28 pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This determination will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

If Yes:

i. Purpose of the impoundment:

ii. If a water impoundment, the principal source of the water: ☐ Ground water ☐ Surface water streams ☐ Other specify:

    iii. If other than water, identify the type of impounded/contained liquids and their source:

    iv. Approximate size of the proposed impoundment. Volume: _______ million gallons; surface area: ______ acres

    v. Dimensions of the proposed dam or impounding structure: ______ height; ______ length

    vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete):

D.2. Project Operations

a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both?  
(Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite)  
If Yes:

i. What is the purpose of the excavation or dredging?

ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site?
   - Volume (specify tons or cubic yards):
   - Over what duration of time?

iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them.

iv. Will there be onsite dewatering or processing of excavated materials?  
   If yes, describe.

   ☐ Yes ☐ No

v. What is the total area to be dredged or excavated? _______ acres

vi. What is the maximum area to be worked at any one time? _______ acres

vii. What would be the maximum depth of excavation or dredging? _______ feet

viii. Will the excavation require blasting?  
   ☐ Yes ☐ No

ix. Summarize site reclamation goals and plan:

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area?  
☑ Yes ☐ No

If Yes:

i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): Tree obstruction removal will take place in federal wetlands.

Page 4 of 13

Monroe County Legislature - December 8, 2020
ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres.

Any trees within the wetland will be cut by hand over winter during frozen ground conditions and will be pulled out as needed. No grubbing or ground disturbance would occur in the tree removal areas within the wetland. No equipment will be allowed within the wetland. No decrease in wetland acreage will result from the tree removal.

iii. Will the proposed action cause or result in disturbance to bottom sediments?  
   If Yes, describe:  
   ☐ Yes ☐ No

iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation?  
   If Yes:
   • acres of aquatic vegetation proposed to be removed:  
   • expected acreage of aquatic vegetation remaining after project completion:  
   • purpose of proposed removal (e.g. beach clearing, invasive species control, boat access):
   • proposed method of plant removal:
   • if chemical/herbicide treatment will be used, specify product(s):
   v. Describe any proposed reclamation/mitigation following disturbance: 

No ground disturbance is proposed within wetland.

c. Will the proposed action use, or create a new demand for water?  
   ☐ Yes ☐ No

i. Total anticipated water usage/demand per day: ___________ gallons/day

ii. Will the proposed action obtain water from an existing public water supply?  
   ☐ Yes ☐ No

If Yes:
   • Name of district or service area:  
   • Does the existing public water supply have capacity to serve the proposal?  
     ☐ Yes ☐ No
   • Is the project site in the existing district?  
     ☐ Yes ☐ No
   • Is expansion of the district needed?  
     ☐ Yes ☐ No
   • Do existing lines serve the project site?  
     ☐ Yes ☐ No

iii. Will line extension within an existing district be necessary to supply the project?  
   ☐ Yes ☐ No

If Yes:
   • Describe extensions or capacity expansions proposed to serve this project:
   • Source(s) of supply for the district:

iv. Is a new water supply district or service area proposed to be formed to serve the project site?  
   ☐ Yes ☐ No

If Yes:
   • Applicant/sponsor for new district:
   • Date application submitted or anticipated:
   • Proposed source(s) of supply for new district:

v. If a public water supply will not be used, describe plans to provide water supply for the project:

vi. If water supply will be from wells (public or private), what is the maximum pumping capacity: ___________ gallons/minute.

d. Will the proposed action generate liquid wastes?  
   ☐ Yes ☐ No

i. Total anticipated liquid waste generation per day: ___________ gallons/day

ii. Nature of liquid wastes to be generated (e.g. sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each):

iii. Will the proposed action use any existing public wastewater treatment facilities?  
   ☐ Yes ☐ No

If Yes:
   • Name of wastewater treatment plant to be used:
   • Name of district:
   • Does the existing wastewater treatment plant have capacity to serve the project?  
     ☐ Yes ☐ No
   • Is the project site in the existing district?  
     ☐ Yes ☐ No
   • Is expansion of the district needed?
iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?  
If Yes:
- Applicant/sponsor for new district:
- Date application submitted or anticipated:
- What is the receiving water for the wastewater discharge?

v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge or describe subsurface disposal plans):  

vi. Describe any plans or designs to capture, recycle or reuse liquid waste:  

---

e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction?  
If Yes:

i. How much impervious surface will the project create in relation to total size of project parcel?  
   - Square feet or acres (impervious surface)  
ii. Describe types of new point sources.  

iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)?  

---

- If not surface waters, identify receiving water bodies or wetlands:  

---

- Will stormwater runoff flow to adjacent properties?  

iv. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?  

---

f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations?  
If Yes, identify:

i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)  

ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)  

iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)  

---

g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit?  
If Yes:  

i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year)  

ii. In addition to emissions as calculated in the application, the project will generate:  
   - _______ Tons/year (short tons) of Carbon Dioxide (CO₂)  
   - _______ Tons/year (short tons) of Nitrous Oxide (N₂O)  
   - _______ Tons/year (short tons) of Perfluorocarbons (PFCs)  
   - _______ Tons/year (short tons) of Sulfur Hexafluoride (SF₆)  
   - _______ Tons/year (short tons) of Carbon Dioxide equivalent of Hydrofluorocarbons (HFCs)  
   - _______ Tons/year (short tons) of Hazardous Air Pollutants (HAPs)
h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)?
   If Yes:
   i. Estimate methane generation in tons/year (metric): 
   ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring):

i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations?
   If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust):

j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services?
   If Yes:
   i. When is the peak traffic expected (Check all that apply):
      - Morning
      - Evening
      - Weekend
      - Randomly between hours of ______ to ______
   ii. For commercial activities only, projected number of truck trips/day and type (e.g., semi trailers and dump trucks):

   iii. Parking spaces: Existing ______ Proposed ______ Net increase/decrease ______

iv. Does the proposed action include any shared use parking?
   v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe:

vi. Are public/private transportation service(s) or facilities available within 1/2 mile of the proposed site?
   vii. Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles?
   viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes?

k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy?
   If Yes:
   i. Estimate annual electricity demand during operation of the proposed action:
   ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other):
   iii. Will the proposed action require a new, or an upgrade, to an existing substation?

l. Hours of operation. Answer all items which apply:
   i. During Construction:
      - Monday - Friday: 7AM-5PM
      - Saturday: 
      - Sunday: 
      - Holidays: 
   ii. During Operations:
      - Monday - Friday: 
      - Saturday: 
      - Sunday: 
      - Holidays: 

Page 7 of 13

Monroe County Legislature - December 8, 2020
m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both? ☐ Yes ☐ No
   If yes:
   i. Provide details including sources, time of day and duration:
   Tree removal will cause temporary noise that will take place Monday through Friday, between the hours of 7am-5pm.

ii. Will the proposed action remove existing natural barriers that could act as a noise barrier or screen? ☐ Yes ☐ No
   Describe: The tree removal will open up areas between the airport and the residential properties along Beahan Road as well as between the airport and the residential properties on Kingsboro Road.

n. Will the proposed action have outdoor lighting? ☐ Yes ☐ No
   If yes:
   i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:

   ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen? ☐ Yes ☐ No
      Describe:

o. Does the proposed action have the potential to produce odors for more than one hour per day? ☐ Yes ☐ No
   If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:

p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage? ☐ Yes ☐ No
   If Yes:
   i. Product(s) to be stored
   ii. Volume(s) _____ per unit time _____ (e.g., month, year)
   iii. Generally, describe the proposed storage facilities:

q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation? ☐ Yes ☐ No
   If Yes:
   i. Describe proposed treatment(s):

   ii. Will the proposed action use Integrated Pest Management Practices? ☐ Yes ☐ No

r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)? ☐ Yes ☐ No
   If Yes:
   i. Describe any solid waste(s) to be generated during construction or operation of the facility:
      • Construction: _____ trees tons per _____ n/a (unit of time)
      • Operation: _____ n/a tons per _____ n/a (unit of time)
   ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:
      • Construction: The tree clearing operation will likely mulch most of the trees.
      • Operation: n/a
   iii. Proposed disposal methods/facilities for solid waste generated on-site:
      • Construction: n/a
      • Operation: n/a
s. Does the proposed action include construction or modification of a solid waste management facility? □ Yes □ No
  i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities):
  ii. Anticipated rate of disposal/processing:
    - _____ Tons/month, if transfer or other non-combustion/thermal treatment, or
    - _____ Tons/hour, if combustion or thermal treatment
  iii. If landfill, anticipated site life:

i. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? □ Yes □ No
  ii. Generally describe processes or activities involving hazardous wastes or constituents:
  iii. Specify amount to be handled or generated _____ tons/month
  iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents:
  v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? □ Yes □ No
    If Yes: provide name and location of facility:
    If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility:

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses.
  i. Check all uses that occur on, adjoining and near the project site.
   □ Urban □ Industrial □ Commercial □ Residential (suburban) □ Rural (non-farm)
   □ Forest □ Agriculture □ Aquatic □ Other (specify): Erie Canal, Erie Canal Trail, Airport
  ii. If mix of uses, generally describe:

b. Land uses and covertypes on the project site.

c. Is the project site presently used by members of the community for public recreation?  ☑ Yes ☐ No
  i. If Yes: explain: Trees will be cut along the Erie Canal Trail.

d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site?  ☑ Yes ☐ No
  If Yes,
  i. Identify Facilities:
  Creekview Nursing & Rehabilitation Center

  ii. Dam's existing hazard classification:

  iii. Provide date and summarize results of last inspection:

  f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility?  ☑ Yes ☐ No
  If Yes:
  i. Has the facility been formally closed?
     ☑ Yes ☐ No
     If yes, cite sources/documentation:
  ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:

  iii. Describe any development constraints due to the prior solid waste activities:

  g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste?  ☑ Yes ☐ No
  If Yes:
  i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred:

  h. Potential contamination history: Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site?  ☑ Yes ☐ No
  If Yes:
  i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply:
     ☑ Yes - Spills Incidents database
     ☐ Yes - Environmental Site Remediation database
     ☐ Neither database

     Provide DEC ID number(s): 02065990, 0205263, 9003507, 1309722

  ii. If site has been subject of RCRA corrective activities, describe control measures:

  iv. a)

  iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database?
     ☑ Yes ☐ No
     If yes, provide DEC ID number(s): 402006, 828015, 828095

     iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):

     Classifications: 402006 - No further action at this time, 828015 - Properly closed, 828095 - Active. All spill cases have been closed.
Monroe County Legislature - December 8, 2020

v. Is the project site subject to an institutional control limiting property uses?  
   □ Yes □ No
   • If yes, DEC site ID number: 
   • Describe the type of institutional control (e.g., deed restriction or easement): 
   • Describe any use limitations: 
   • Describe any engineering controls: 
   • Will the project affect the institutional or engineering controls in place?  □ Yes □ No
   • Explain: 

E.2. Natural Resources On or Near Project Site

a. What is the average depth to bedrock on the project site?  
   >6.67 feet

b. Are there bedrock outcroppings on the project site?  □ Yes □ No
   If Yes, what proportion of the site is comprised of bedrock outcroppings?  

   c. Predominant soil type(s) present on project site:  
      Urban Land (Ub)  15%
      Schoharie silt loam (SeB)  40%
      Made land (Mb)  45%

   d. What is the average depth to the water table on the project site?  
      Average: 0 to >6.67 feet

   e. Drainage status of project site soils:  
      □ Well Drained:  5% of site
      □ Moderately Well Drained:  75% of site
      □ Poorly Drained:  20% of site

   f. Approximate proportion of proposed action site with slopes:  
      □ 0-10%:  100% of site
      □ 10-15%:  % of site
      □ 15% or greater:  % of site

   g. Are there any unique geologic features on the project site?  □ Yes □ No
   If Yes, describe: 

   h. Surface water features.
      i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, 
         ponds or lakes)?  □ Yes □ No
      ii. Do any wetlands or other waterbodies adjoin the project site?  □ Yes □ No
      If Yes to either i or ii, continue. If No, skip to E.2.i.
      iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, 
           state or local agency?  □ Yes □ No
      iv. For each identified regulated wetland and waterbody on the project site, provide the following information:
         • Streams:  Name R20-18, R21-16  Classification B / C
         • Lakes or Ponds:  Name  
         • Wetlands:  Name Federal Waters, Federal Waters, Federal Waters,...  Approximate Size 4.5 ac (on site), 8.9 ac
         • Wetland No. (if regulated by DEC)  

   v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired 
      waterbodies?  □ Yes □ No
   If yes, name of impaired water body/bodies and basis for listing as impaired:

   i. Is the project site in a designated Floodway?  □ Yes □ No

   j. Is the project site in the 100-year Floodplain?  □ Yes □ No

   k. Is the project site in the 500-year Floodplain?  □ Yes □ No

   l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer?  
      □ Yes □ No
      i. Name of aquifer: 

Page 11 of 13

Monroe County Legislature - December 8, 2020
m. Identify the predominant wildlife species that occupy or use the project site:
- white-tailed deer
- gray squirrel
- raccoon
- various birds
- various amphibians
- eastern cottontail snake
- chipmunk

n. Does the project site contain a designated significant natural community?
   - Yes
   - No
   Describe the habitat/community (composition, function, and basis for designation): [Blank]

Silver Maple - Ash Swamp

ii. Source(s) of description or evaluation: Noted by CHA during wetland delineation on October 21 and 22, 2019.

iii. Extent of community/habitat:
- Currently: _______ acres
- Following completion of project as proposed: _______ acres
- Gain or loss (indicate + or -): _______ acres

o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species?
   - Yes
   - No
   Species and listing (endangered or threatened): [Blank]

p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?
   - Yes
   - No
   Species and listing: [Blank]

q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing?
   - Yes
   - No
   If yes, give a brief description of how the proposed action may affect that use:
   [Blank]

E.3. Designated Public Resources On or Near Project Site

a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304?
   - Yes
   - No
   If Yes, provide county plus district name/number: [Blank]

b. Are agricultural lands consisting of highly productive soils present?
   - Yes
   - No
   - Yes
   - No
   a. Acreage(s) on project site? [Blank]
   b. Source(s) of soil rating(s): [Blank]

c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark?
   - Yes
   - No
   If Yes:
   ii. Provide brief description of landmark, including values behind designation and approximate size/extent: [Blank]

d. Is the project site located in or does it adjoin a state listed Critical Environmental Area?
   - Yes
   - No
   If Yes:
   i. CEA name: Not named
   ii. Basis for designation: Environmentally sensitive
   iii. Designating agency and date: Agency Rochester, City of, Date 3-14-86
e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?  
   □ Yes □ No
   i. Nature of historic/archaeological resource: □ Archaeological Site □ Historic Building or District
   ii. Name: Enlarged Erie Barge Canal Nominated by NPS (2014)
   iii. Brief description of attributes on which listing is based:

Meets the National Register criteria associated with events that made a contribution to history. Embody distinctive characteristics.

f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?  
   □ Yes □ No
   i. Describe possible resource(s):
   ii. Basis for identification:

F. Additional Information
Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification
I certify that the information provided is true to the best of my knowledge.

Town of Chili
City of Rochester
**Full Environmental Assessment Form**  
*Part 2 - Identification of Potential Project Impacts*

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

**Tips for completing Part 2:**
- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

### Impact on Land

Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1)

*If "Yes", answer questions a - j. If "No", move on to Section 2.*

Monroe County Legislature - December 8, 2020
Full Environmental Assessment Form

Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact.
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

See attached.

Monroe County Legislature - December 8, 2020
Upon review of the information recorded on this EAF, as noted, plus this additional support information
Environmental Resource Mapper results and NHP response, USEFWS IPaC results, NY SOPRHP response, Visual Impact Assessment

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Monroe County as lead agency that:

✓ A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact
statement need not be prepared. Accordingly, this negative declaration is issued.

☐ B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or
substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative
declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

☐ C. This project may result in one or more significant adverse impacts on the environment, and an environmental impact
statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those
impacts. Accordingly, this positive declaration is issued.

Chief Executive Officer of the political subdivision in which the action will be principally located (e.g., Town / City / Village of)
Other involved agencies (if any)
Applicant (if any)
Impact on Land-The proposed project entails tree obstruction removal. On Airport and state-owned property, the tree removal would include clearing, but not grubbing (i.e., retention of the stumps and root balls) of all trees over 10' in height. Small trees and understory would be retained, with the goal to preserve the property as a meadow and scrub-shrub community.

On private lands (residential areas) the tree removal would generally include selective removal of individual tall trees, without removal of stumps. However, if requested by owners, removal of the tree stumps, with minor grading and seeding, removal of woodchips, and general restoration (i.e., clean-up) would be completed.

According to the Natural Resources Conservation Service, Monroe County Soil Survey, the water table is less than three feet in the soils identified as Canandaigua silt loam (Ca), Claverack loamy fine sand (CkB), and Schoharie silt loam (SeB). Due to the nature of the project, minimal impact to these soil types are proposed. Soil erosion and sedimentation controls would be implemented to minimize impacts. Therefore, no significant impacts are anticipated.

Impact on Surface Water- A wetland delineation was completed by CHA on October 21-22, 2019. Wetlands were delineated pursuant to the United States Army Corps of Engineers (USACE) 1987 Wetland Delineation Manual and current regional supplement. Wetlands were identified based on the presence of vegetation typically adapted to wet conditions (hydrophytes), hydric soils, and the presence or evidence of hydrology. Wetland boundaries were demarcated with vinyl flagging and survey located. The delineated areas include Wetland A, which contains an intermittent stream and Wetland B/C within the western project limits. The Erie Canal, a perennial stream, has been identified within the eastern limits.

The project proposes the removal of trees within 3.5 acres of the delineated wetlands. The tree removal would include clearing of all trees over 10 feet in height. Small trees and understory would be retained, with the goal to preserve the property as an undeveloped meadow and scrub shrub community.

Any trees within the wetland would be cut by hand over winter during frozen ground conditions to the extent practical and would be pulled out as needed. No grubbing or ground disturbance would occur in the tree removal areas within the wetland. No equipment would be allowed within the wetland. No decrease in wetland acreage would result from the tree removal.

The contractor would be responsible for identifying suitable areas for staging that are outside of wetlands. Sedimentation and erosion controls would be incorporated into the design plans.

CHA did not have access to all areas within the project limits during the wetland delineation. Areas that were not field verified will be treated as if wetlands are present. Trees in these areas would be cut by hand and removed as described above.
Due to the tree removal method described above, it is not anticipated that a Section 404 permit would be required from the USACE for tree removal within wetland. Since there are no state wetlands or associated 100-foot adjacent areas within the project areas, an Article 24 Freshwater Wetlands permit would not be required from the New York State Department of Environmental Conservation (NYSDEC).

As noted above, soil erosion and sedimentation controls would be implemented. Therefore, the project would have no significant impact on surface water.

**Impact on Flooding** - Based on review of the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Maps, there is an area of Zone A (100-year floodplain) associated with the New York State Barge Canal/Erie Canal within the eastern project area.

Tree removal would not impact flood elevations; however, it has potential to increase runoff rates. In this instance, the remaining vegetation, consisting of shrubs, small trees, and groundcover, will control runoff. Erosion and sedimentation controls would further mitigate any potential impacts. Therefore, there would be no significant impact on flooding.

**Impact on Plants and Animals** - A field investigation was completed by CHA on October 21-22, 2019 to document the habitats within the project areas. Vegetative community types within the project areas are described according to *Ecological Communities of New York State, Second Edition* (Edinger 2014)\(^1\) and *Classification of Wetlands and Deepwater Habitats of the United States* (Cowardin 1979)\(^2\). Vegetative communities identified within the project areas consist of shallow emergent marsh, red maple-hardwood swamp, silver maple-ash swamp, successional old field, mowed lawn, mowed lawn with trees, mowed roadside/pathway, successional northern hardwoods and spruce/fir plantation.

As noted in the Impact on Land section, the small trees and understory would be retained with the goal to preserve the property as a meadow and scrub-shrub community on Airport and state-owned property and the in private, residential areas, the tree removal would generally include selective removal of individual tall trees. The project would include the removal of trees from areas that total approximately 24.5 acres. On the west side, forested areas remain to the north as well as across Beahan Road to the west. On the east side, forested areas would remain to the northwest. Since there would be trees remaining in the vicinity of the project, since some areas are just selective removal and since small trees would remain, no significant impacts to forested habitats are anticipated.

The NYSDEC Environmental Resource Mapper (ERM) was reviewed (Attachment A). No threatened or endangered species are mapped within the western project area; however, the ERM indicates that the eastern project area is in vicinity of rare freshwater mussels not listed by NYS.

---

Therefore, the NYSDEC Natural Heritage Program (NHP) was contacted to see if any rare or state listed animals or plants, or significant natural communities are mapped within the eastern project area. A response was received from the NHP dated October 2, 2019, indicating the potential presence of two unlisted species, including the pink heelsplitter (Potamilus alatus) and the fragile papershell (Leptodea fragilis). These species are present in the Genesee River, 0.2 miles south of the eastern project area. No state listed animals or plants, or significant natural communities were identified within or in the immediate vicinity of the project area (Attachment A).

The United States Fish & Wildlife Service (USFWS) Information for Planning and Conservation (IPaC) database indicates that there are no threatened, endangered, or candidate species listed for the project areas. Additionally, no critical habitats have been identified for this location (Attachment A).

As a result of the site visit, the habitat types identified within the project areas were compared to those of the species identified above.

**Pink Heelsplitter & Fragile Papershell**

According to the United States Geological Survey (USGS) Fact Sheet for the pink heelsplitter, this species can be found in rivers and lakes of various sizes and speeds with sand to coarse gravel bottom. The USGS Fact Sheet for the fragile papershell indicates that this species can be found in moderate to large rivers with silty mud bottoms, sand and gravel, sand and silty sand. As noted above, an intermittent stream that flows through Wetland A and the perennial Eric Canal are within the project area. The pink heelsplitter and the fragile papershell are present in the Genesee River, which is not within the project area, therefore, the habitat for these species would not be impacted.

**Impact on Aesthetic Resources** - A portion of the project within the eastern project area is located along the Eric Canal and is within or adjacent to the New York State Barge Canal Historic District and a potential Environmental Justice community. Given these historic and sensitive resources, the impact of the project on the visual character of the surrounding area has been assessed (Visual Impact Assessment-Attachment B). With site investigations and the closer study of the existing and proposed conditions of three key views, it has been determined that the project would not significantly impact the visual quality and experience for users along the Eric Canal Trail or residents within the Environmental Justice community along Kingsboro Road. Further, no mitigation is recommended at this time. Therefore, there would be no significant impact to Aesthetic Resources.

**Impact on Historic and Archeological Resources** - The New York State Office of Parks, Recreation and Historic Preservation (NYSOPRHP) has reviewed the project and has indicated in

a letter dated December 10, 2019, that the project would have No Adverse Effect (Attachment C). Therefore, there would be no significant impact to Historic and Archeological Resources.

**Impact on Critical Environmental Areas**-The canal is designated as a Critical Environmental Area (CEA) by the City of Rochester. The CEA is called: *Land within 100’ of Genesee River Barge Canal, Lake Ontario or River Gorge except in manufacturing industrial zone.* The basis for designation is environmentally sensitive. The canal is within the eastern project area.

According to the NYSDEC website (http://www.dec.ny.gov/permits/6184.html), "To be designated as a CEA, an area must have an exceptional or unique character with respect to one or more of the following:

- a benefit or threat to human health;
- a natural setting (e.g., fish and wildlife habitat, forest and vegetation, open space and areas of important aesthetic or scenic quality);
- agricultural, social, cultural, historic, archaeological, recreational, or educational values;
- or
- an inherent ecological, geological or hydrological sensitivity to change that may be adversely affected by any change."

No impact to the canal itself is proposed, however, trees would be cut within 100-feet of the canal. This area is state owned; therefore, the removal would entail clearing, but not grubbing of all trees over 10’ in height. Small trees and understory would be retained, with the goal to preserve the property as a meadow and scrub-shrub community. Since small trees and understory would remain along the canal and since there are no impacts to the canal itself, no significant impacts to the CEA are anticipated. This determination is further supported by the No Adverse Effect recommendation by the NYSOPRIIP and the results of the visual impact assessment.

**Impact on Noise**- There would be temporary/short term noise impact due to the tree removal. This impact would take place from Monday through Friday from the hours of 7am to 5pm. The project is anticipated to take approximately 8-10 weeks. No significant adverse impacts are anticipated.

**Impact on Human Health**- Creekview Nursing & Rehabilitation Center is located within 1,500 feet of the project area. The project areas are beyond the runway ends, therefore, the center would not be impacted by the project.

The NYSDEC Spill Incidents Database Search revealed two spills within the western project area (Spill Numbers: 0206990 & 0205263) and two spills in the vicinity of the eastern project area (Spill Numbers 9003507 & 1309722). One of these spills was located at the intersection of I-390 north and Scottsville Road and the other was identified as Barge Canal. Therefore, these two spills may or may not be within the eastern project area. All spill cases have been closed, therefore, these would be no impact.

The NYSDEC Environmental Site Remediation database did not identify any remediation within the project areas. However, it did identify locations within 2,000 feet of the project areas. The sites are:
• Kozel Structural Steel & Fabrication (V00206) at 1150 Scottsville Road,
• Rochester Fire Academy (828015) at 1190 Scottsville Road, and
• Rochester Gas & Electric (828095) at 755 Brooks Avenue.

No further action at this time is required at V00206, 828015 has been properly closed and 828095 is active. None of these sites would be impacted by the project.

Tree obstruction removal does not, in and of itself, create hazardous materials or result in direct impacts to the environmental status of soils or groundwater in proximity to each specific tree removal location. However, activities or disturbances in existing contaminated areas that encounter contaminated materials would require that the contaminated materials be properly managed. In an effort to identify potentially contaminated areas within the project areas, environmental databases were reviewed to determine if any documented concerns were identified within or immediately abutting the limits of the tree removal areas. Sanborn Fire Insurance Maps and historic aerial photographs were also reviewed to evaluate historical uses of the lands within the project areas presenting possible sources of contamination associated with those historic uses. In addition, a visual site inspection of the project areas were conducted on October 21-22, 2019.

Potential areas of concern were identified as follows:

**Western Project Area (Runway 10)**
- Rear of 682 Beahan Road – debris, drums, scrap metal, old equipment along wood line.
- Rear of 680 Beahan Road – large pile of wood scrap, drums, plastic buckets, cans, cinder blocks.
- Airport property to rear of 676 Beahan Road – discarded materials consisting of propane tank, scrap metal, tile, concrete, glass trash, rusted paint cans, and a small engine with attached gas tank. In addition, a gasoline odor was noted in that general area during the site inspection.

**Eastern Project Area (Runway 28)**
- C&C Service, 230 Scottsville Road – adjacent to the southeastern corner of the project area. This facility was listed as a gasoline station from 1960 – 1991. From 1992 – 2014 it was identified as a general automotive repair center. There were no tank or spill listings for the facility, however, that is most likely due to the lack of extensive databases kept prior to 1991. There is a garage-type structure on the west side of the service center that has a stack on the front typical of what is or may have been associated with a remediation system operated within the building. However, no additional information concerning this facility was able to be obtained.

For Airport and state-owned lands, tree removal would include clearing, but not grubbing (i.e. retention of the stumps and root balls) of all trees over 10 feet in height. Small trees and understory would be retained, with the goal to preserve the property as an undeveloped meadow and scrub shrub community. As a result, the ground surfaces in these areas would not be disturbed to any significant depth during the tree removal activities. Based on this, the potential of encountering
hazardous materials or petroleum products is not expected to be a concern on Airport or state-owned lands within the project areas.

For the residential properties identified below, no stump removal or grading will occur at these locations in order to avoid the potential to disturb potentially hazardous materials. If desired by property owners, tree stumps would be ground down to existing grade level and covered with top soil and seed. This method would prevent disturbance of any existing hazardous materials that may be present. This project will not include any hazardous material remediation.

- Residential properties 682 Beahan Road and 680 Beahan Road within the western project area.

Wooded undeveloped area on the eastern end of the eastern project area adjacent to the south/southwest sides of the C&C property at 230 Scottsville Road.

Since all the spill cases have been closed, since the remediation sites would not be impacted, since no potential hazardous materials or concerns were identified by the database review and since stump removal is precluded on private properties of concern identified above, no significant adverse impact on human health is anticipated.

Consistency with Community Character - The project involves tree removal, therefore, there would be an impact to the existing natural landscape. However, since small trees would be retained and since there are adjacent forested areas, no significant impact to natural landscape is anticipated.

As discussed above, the project would not significantly impact the visual quality and experience for users along the Erie Canal Trail or residents within the Environmental Justice community along Kingsboro Road. Additionally, the NYSOPRHIP indicated that the project will have No Adverse Effect. Lastly, the project would not interfere with the use of the Erie Canal or Trail. Therefore, no significant impact to community character is anticipated.

Re: Greater Rochester International Airport Off Airport Tree Obstruction Removal
(east end Runway 10-28)
County: Monroe Town/City: Chili

Dear Ms. Frazer:

In response to your recent request, we have reviewed the New York Natural Heritage Program database with respect to the above project.

Enclosed is a report of rare or state-listed animals and plants, and significant natural communities that our database indicates occur in the vicinity of the project site.

For most sites, comprehensive field surveys have not been conducted; the enclosed report only includes records from our database. We cannot provide a definitive statement as to the presence or absence of all rare or state-listed species or significant natural communities. Depending on the nature of the project and the conditions at the project site, further information from on-site surveys or other sources may be required to fully assess impacts on biological resources.

Our database is continually growing as records are added and updated. If this proposed project is still under development one year from now, we recommend that you contact us again so that we may update this response with the most current information.

The presence of the plants and animals identified in the enclosed report may result in this project requiring additional review or permit conditions. For further guidance, and for information regarding other permits that may be required under state law for regulated areas or activities (e.g., regulated wetlands), please contact the NYS DEC Region 8 Office, Division of Environmental Permits, at dep.r8@dec.ny.gov, (585) 226-5400.

Sincerely,

Environmental Review Specialist
New York Natural Heritage Program
The following rare plants, rare animals, and significant natural communities have been documented in the vicinity of the project site.

We recommend that potential impacts of the proposed project on these species or communities be addressed as part of any environmental assessment or review conducted as part of the planning, permitting and approval process, such as reviews conducted under SEQR. Field surveys of the project site may be necessary to determine whether a species currently occurs at the site, particularly for sites that are currently undeveloped and may still contain suitable habitat. Final requirements of the project to avoid, minimize, or mitigate potential impacts are determined by the lead permitting agency or the government body approving the project.

The following animals, while not listed by New York State as Endangered or Threatened, are rare in New York and are of conservation concern.

Subject: Updated list of threatened and endangered species that may occur in your proposed project location, and/or may be affected by your proposed project

To Whom It May Concern:

The enclosed species list identifies threatened, endangered, proposed, and candidate species, as well as proposed and final designated critical habitat, that may occur within the boundary of your proposed project and/or may be affected by your proposed project. The species list fulfills the requirements of the U.S. Fish and Wildlife Service (Service) under section 7(c) of the Endangered Species Act (ESA) of 1973, as amended (16 U.S.C. 1531 et seq.). This list can also be used to determine whether listed species may be present for projects without federal agency involvement. New information based on updated surveys, changes in the abundance and distribution of species, changed habitat conditions, or other factors could change this list.

Please feel free to contact us if you need more current information or assistance regarding the potential impacts to federally proposed, listed, and candidate species and federally designated and proposed critical habitat. Please note that under 50 CFR 402.12(e) of the regulations implementing section 7 of the ESA, the accuracy of this species list should be verified after 90 days. This verification can be completed formally or informally as desired. The Service recommends that verification be completed by visiting the ECOS-IPaC site at regular intervals during project planning and implementation for updates to species lists and information. An updated list may be requested through the ECOS-IPaC system by completing the same process used to receive the enclosed list. If listed, proposed, or candidate species were identified as potentially occurring in the project area, coordination with our office is encouraged. Information on the steps involved with assessing potential impacts from projects can be found at: [http://www.fws.gov/northeast/nyfo/es/section7.htm](http://www.fws.gov/northeast/nyfo/es/section7.htm)

Please be aware that bald and golden eagles are protected under the Bald and Golden Eagle Protection Act (16 U.S.C. 668 et seq.), and projects affecting these species may require development of an eagle conservation plan ([http://www.fws.gov/windenergy/](http://www.fws.gov/windenergy/))
eagle_guidance.html). Additionally, wind energy projects should follow the Services wind energy guidelines (http://www.fws.gov/windenergy/) for minimizing impacts to migratory birds and bats.

Guidance for minimizing impacts to migratory birds for projects including communications towers (e.g., cellular, digital television, radio, and emergency broadcast) can be found at: http://www.fws.gov/migratorybirds/CurrentBirdIssues/Hazards/towers/towers.htm; http://www.towerkill.com; and http://www.fws.gov/migratorybirds/CurrentBirdIssues/Hazards/towers/comtow.html.

We appreciate your concern for threatened and endangered species. The Service encourages Federal agencies to include conservation of threatened and endangered species into their project planning to further the purposes of the ESA. Please include the Consultation Tracking Number in the header of this letter with any request for consultation or correspondence about your project that you submit to our office.

Endangered Species Act Species

There is a total of 0 threatened, endangered, or candidate species on this species list.

Species on this list should be considered in an effects analysis for your project and could include species that exist in another geographic area. For example, certain fish may appear on the species list because a project could affect downstream species.

IPaC does not display listed species or critical habitats under the sole jurisdiction of NOAA Fisheries, as USFWS does not have the authority to speak on behalf of NOAA and the Department of Commerce.

See the "Critical habitats" section below for those critical habitats that lie wholly or partially within your project area under this office's jurisdiction. Please contact the designated FWS office if you have questions.

If listed, proposed, or candidate species were identified as potentially occurring in the project area, coordination with our office is encouraged. Information on the steps involved with assessing potential impacts from projects can be found at: http://www.fws.gov/northeast/nyfo/es/section7.htm

Please be aware that bald and golden eagles are protected under the Bald and Golden Eagle Protection Act (16 U.S.C. 668 et seq.), and projects affecting these species may require development of an eagle conservation plan (http://www.fws.gov/windenergy/)
eagle_guidance.html). Additionally, wind energy projects should follow the Services wind energy guidelines (http://www.fws.gov/windenergy/) for minimizing impacts to migratory birds and bats.

Guidance for minimizing impacts to migratory birds for projects including communications towers (e.g., cellular, digital television, radio, and emergency broadcast) can be found at: http://www.fws.gov/migratorybirds/CurrentBirdIssues/Hazards/towers/towers.htm; http://www.towerkill.com; and http://www.fws.gov/migratorybirds/CurrentBirdIssues/Hazards/towers/comitow.html.

We appreciate your concern for threatened and endangered species. The Service encourages Federal agencies to include conservation of threatened and endangered species into their project planning to further the purposes of the ESA. Please include the Consultation Tracking Number in the header of this letter with any request for consultation or correspondence about your project that you submit to our office.

Endangered Species Act Species

There is a total of 0 threatened, endangered, or candidate species on this species list.

Species on this list should be considered in an effects analysis for your project and could include species that exist in another geographic area. For example, certain fish may appear on the species list because a project could affect downstream species.

IPaC does not display listed species or critical habitats under the sole jurisdiction of NOAA Fisheries\(^1\), as USFWS does not have the authority to speak on behalf of NOAA and the Department of Commerce.

See the "Critical habitats" section below for those critical habitats that lie wholly or partially within your project area under this office's jurisdiction. Please contact the designated FWS office if you have questions.

1. **NOAA Fisheries**, also known as the National Marine Fisheries Service (NMFS), is an office of the National Oceanic and Atmospheric Administration within the Department of Commerce.

Critical habitats

THERE ARE NO CRITICAL HABITATS WITHIN YOUR PROJECT AREA UNDER THIS OFFICE'S JURISDICTION.
A portion of the Proposed Action within the eastern project area is located along the Erie Canal and is within or adjacent to the New York State Barge Canal Historic District and potential Environmental Justice community. Given these historic and sensitive resources, the impact of the project on the visual character of the surrounding area has been assessed.

The assessment included two site investigations, one in early October 2019 and another in mid-November 2019. These site investigations allowed the site to be evaluated during both leaf-on and leaf-off conditions. As a result, it was determined that in order to evaluate the greatest potential visual impact to the surrounding area, the existing and proposed conditions should be assessed based on leaf-on conditions. Based on the location of the project, three key views were identified that would show the greatest degree of potential visual impact (see Figure 1 in Appendix A): two views along the Erie Canal Trail and one view from Kingsboro Road. In each view, the impact of the project was evaluated on its effect on the overall visual quality and experience for users of the historic resource.

Key View 1 looks northwest along the Erie Canal Trail with the Erie Canal to the northeast and the I-390 on-ramp to the southwest (see Figure 1 and 2 in Appendix A and B, respectively). The existing visual quality within this corridor is poor due to the scattered tall vegetation along either side of the trail, the presence of the on-ramp, and large overhead cobra roadway lightings. Trail users are likely to move through this section quickly given its proximity to the highway and airport. Figure 3 in Appendix B portrays how this stretch of the trail may look after the project. Most prominent are removal of the large deciduous tree
In the center of the view and the lowering of the tree line to the right hand-side (northeast). Although the removal of the center tree is notable, the lower vegetation adjacent to the trail is maintained and the density of the tree line is preserved. The tree removal may enable users to better visually engage with the Erie Canal. Given the existing visual quality of the view and the amount and type of vegetation remaining, it is anticipated that the project would not likely impact the overall visual quality and experience for users.

Key View 2 looks southeast along the Erie Canal Trail just before the trail splits before going under the Scottsville Road Bridge and into Genesee Valley Park (see Figure 1 and 4 in Appendix A and C, respectively). As in the first view, the existing visual quality within the view is poor due to the inconsistent vegetation adjacent to the trail and presence of unsightly fencing. Figure 5 in Appendix C shows the removal of the large deciduous tree directly northeast of the trail and the deciduous tree on the knoll to the southeast. Select trees within the tree line are also shortened. Although the removal of the tree between the path and the canal allows for more direct views to the east toward Scottsville Road Bridge, the density within the tree line is preserved. As such, the project would not likely impact the overall visual quality and experience for trail users.

Key View 3 looks from Kingsboro Road between houses 89 and 93 within the potential Environmental Justice Community (see Figure 1 and 6 in A and D, respectively). The large deciduous tree behind house 93 (on right) is included within the project. Figure 7 in Appendix D portrays the potential impacts upon completion of the project. Though the removal of the large deciduous tree is notable, other trees in the back and front yards are not impacted, which allows the view to maintain its visual quality. With the removal of select trees on the north side of the canal, it is important to recognize that there may be minor visual impacts to summer time views from the second stories of homes along Kingsboro Road.

In reviewing the existing and proposed conditions in all three views, the Proposed Action would not significantly impact the visual quality and experience for users along the Erie Canal Trail or residents within the Environmental Justice community along Kingsboro Road. Further, no mitigation is recommended at this time.

Dear Mrs. Frazer:

Thank you for requesting the comments of the New York State Historic Preservation Office (SHPO). We have reviewed the provided documentation in accordance with Section 106 of the National Historic Preservation Act of 1966. These comments are those of the SHPO and relate only to Historic/Cultural resources. They do not include other environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the National Environmental Policy Act and/or the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8).

We note that the proposed project is adjacent to the New York State Barge Canal Historic District, a National Historic Landmark. We have reviewed the submission received on November 21, 2019. Based on that review it is the SHPO’s opinion that the project, as proposed, will No Adverse Effect on the National Historic Landmark.

If you have any questions, I can be reached at 518-268-2170.

Sincerely,

Robyn Sedgwick

RESOLUTION NO. ______ OF 2020

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR GREATER ROCHESTER INTERNATIONAL AIRPORT, OFF-AIRPORT TREE OBSTRUCTION REMOVAL, RUNWAY 10-28

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the Greater Rochester International Airport, Off-Airport Tree Obstruction Removal, Runway 10-28 Project is a Type I action.

Section 2. The Monroe County Legislature has reviewed and considered the Full Environmental Assessment Form dated May 28, 2020 and has considered the potential environmental impacts of the Greater Rochester International Airport, Off-Airport Tree Obstruction Removal, Runway 10-28 Project pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information, indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either “Yes” or “No”. If the answer to the initial question is “Yes”, complete the sub-questions that follow. If the answer to the initial question is “No”, proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

<td>Brief Description of Proposed Action (include purpose or need):</td>
<td>The proposed project involves the removal of obstructions (trees) in order to maintain safe, navigable airspace beyond the ends of the runways. The project would bring the airport into compliance with FAA design standards and regulations regarding clear airspace. On Airport and State-owned property, the tree removal would include clearing, but not grubbing (i.e., retention of the stumps and root balls) of all trees over 10’ in height. Small trees and understory would be retained with the goal to preserve the property as a meadow and scrub-shrub community. In private, residential areas, the tree removal would generally include selective removal of individual tall trees, without removal of stumps. However, if requested by owners, removal of the tree stumps, with minor grading and seeding, removal of woodchips, and general restoration (i.e., clean-up) would be completed.</td>

i. Coastal Resources.
   i. Is the project site within a Coastal Area, or the waterfront area of a Designated Inland Waterway? ☐ Yes ☑ No
   ii. Is the project site located in a community with an approved Local Waterfront Revitalization Program? ☐ Yes ☑ No
   iii. Is the project site within a Coastal Erosion Hazard Area? ☐ Yes ☑ No

### C. Planning and Zoning

#### C.1. Planning and zoning actions.

- Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed? ☐ Yes ☑ No
  - If Yes, complete sections C. F and G.
  - If No, proceed to question C.2 and complete all remaining sections and questions in Part I

#### C.2. Adopted land use plans.

- a. Do any municipally-adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located? ☑ Yes ☐ No
  - If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located? ☑ Yes ☐ No
  - If Yes, identify the plan(s):

    NYS Heritage Areas West Erie Canal Corridor

- b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway, Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?) ☑ Yes ☐ No
  - If Yes, identify the plan(s):

    NYS Heritage Areas West Erie Canal Corridor

- c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan? ☑ Yes ☐ No
  - If Yes, identify the plan(s):

    Town of Chili Open Space Master Plan, Town of Chili Agricultural & Farmland Protection Plan, Monroe County Agricultural and Farmland Protection Plan
C.3. Zoning

| a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance? | ☐ Yes ☐ No
| City of Rochester: R-1, Low-Density Residential District; O-S, Open Space District; Town of Chili: General Industrial and RAO, Rural Agriculture Overlay. Town of Chili has an Airport Development Overlay District.
| b. Is the use permitted or allowed by a special or conditional use permit? | N/A ☐ Yes ☐ No
| c. Is a zoning change requested as part of the proposed action? | ☐ Yes ☐ No
| i. What is the proposed new zoning for the site? |

C.4. Existing community services.

| a. In what school district is the project site located? Rochester City, Gates-Chili and Wheatland-Chili |
| b. What police or other public protection forces serve the project site? | Monroe County Sheriff |
| c. Which fire protection and emergency medical services serve the project site? | Chili Fire Department, Chili Volunteer Ambulance, Rochester Fire Department |
| d. What parks serve the project site? | Genesee Valley Park |

D. Project Details

D.1. Proposed and Potential Development

| a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)? Tree obstruction removal. |
| b. Total acreage of the site of the proposed action? | 58.6 acres |
| c. Total acreage to be physically disturbed? | 24.6 acres |
| c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? | 1.185 acres |
| c. Is the proposed action an expansion of an existing project or use? | ☐ Yes ☐ No
| i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? |

D.2. Is the proposed action a subdivision, or does it include a subdivision?

| a. Purpose or type of subdivision? (e.g., residential, industrial, commercial, if mixed, specify types) |
| b. Number of lots proposed? |
| c. Minimum and maximum proposed lot sizes? Minimum ____________ Maximum ____________ |
| d. Will the proposed action be constructed in multiple phases? | ☐ Yes ☐ No
| i. If No, anticipated period of construction: ____________ months |
| ii. If Yes: |
| a. Total number of phases anticipated |
| b. Anticipated commencement date of phase 1 (including demolition) ____________ month ____________ year |
| c. Anticipated completion date of final phase ____________ month ____________ year |
| d. Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases: |
f. Does the project include new residential uses?
   If Yes, show numbers of units proposed.

   g. Does the proposed action include new non-residential construction (including expansions)?
   If Yes,
   i. Total number of structures
   ii. Dimensions (in feet) of largest proposed structure: height; width; and length
   iii. Approximate extent of building space to be heated or cooled: square feet

   h. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste lagoon or other storage?
   If Yes,
   i. Purpose of the impoundment:
   ii. If a water impoundment, the principal source of the water:
      - Ground water
      - Surface water stream
      - Other specify:
   iii. If other than water, identify the type of impounded/contained liquids and their source.

   iv. Approximate size of the proposed impoundment.
   Volume: million gallons; surface area acres

   v. Dimensions of the proposed dam or impounding structure:
      - height
      - length

   v. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete).

D.2. Project Operations

a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both? (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain on site)
   If Yes:
   i. What is the purpose of the excavation or dredging?
   ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site?
      - Volume (specify tons or cubic yards):
      - Over what duration of time?
   iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them

   iv. Will there be on-site dewatering or processing of excavated materials?
   If yes, describe.

   v. What is the total area to be dredged or excavated?
   vi. What is the maximum area to be worked at any one time?
   vii. What would be the maximum depth of excavation or dredging?
   viii. Will the excavation require blasting?

   ix. Summarize site reclamation goals and plan:

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area?
   If Yes:
   i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): Tree obstruction removal will take place in federal wetlands.
Describe how the proposed action would affect that waterbody or wetland, e.g., excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres.

Any trees within the wetland will be cut by hand over winter during frozen ground conditions and will be pulled out as needed. No grubbing or ground disturbance would occur in the tree removal areas within the wetland. No equipment will be allowed within the wetland. No increase in wetland acreage will result from the tree removal.

Will the proposed action cause or result in disturbance to bottom sediments?
If Yes, describe:

Will the proposed action cause or result in the destruction or removal of aquatic vegetation?
If Yes:

- acres of aquatic vegetation proposed to be removed:
- expected acreage of aquatic vegetation remaining after project completion
- purpose of proposed removal (e.g., beach clearing, invasive species control, boat access):
  - proposed method of plant removal:
  - If chemical/herbicide treatment will be used, specify product(s):

Describe any proposed reclamation/mitigation following disturbance

Is ground disturbance is proposed within wetland?

Will the proposed action use or create a new demand for water?
If Yes:
  - Total anticipated water usage/demand per day: ___________ gallons/day
  - Will the proposed action obtain water from an existing public water supply?
    - Name of district or service area:
    - Does the existing public water supply have capacity to serve the proposal?
    - Is the project site in the existing district?
    - Is expansion of the district needed?
    - Do existing lines serve the project site?

Will line extension within an existing district be necessary to supply the project?
If Yes:
  - Describe extensions or capacity expansions proposed to serve this project
  - Source(s) of supply for the district:

Is a new water supply district or service area proposed to be formed to serve the project site?
If Yes:
  - Applicant/sponsor for new district:
  - Date application submitted or anticipated:
  - Proposed source(s) of supply for new district:

If a public water supply will not be used, describe plans to provide water supply for the project:

If water supply will be from wells (public or private), what is the maximum pumping capacity: ___________ gallons/minute

Will the proposed action generate liquid wastes?
If Yes:
  - Total anticipated liquid waste generation per day: ___________ gallons/day
  - Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial, if combination, describe all components and approximate volumes or proportions of each):

Will the proposed action use any existing public wastewater treatment facilities?
If Yes:
  - Name of wastewater treatment plant to be used:
  - Name of district:
  - Does the existing wastewater treatment plant have capacity to serve the project?
  - Is the project site in the existing district?
  - Is expansion of the district needed?
iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?  
If Yes:  
* Applicant/sponsor for new district:  
* Date application submitted or anticipated:  
* What is the receiving water for the wastewater discharge?  

v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge or describe subsurface disposal plans):  

vi. Describe any plans or designs to capture, recycle or reuse liquid waste:

e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction?  
If Yes:  
*i. How much impervious surface will the project create in relation to total size of project parcel?  
   Square feet or ___ acres (impervious surface)  
   Square feet or ___ acres (parcel size)  

ii. Describe types of new point sources.  

iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)?  

* If to surface waters, identify receiving water bodies or wetlands:  

* Will stormwater runoff flow to adjacent properties?

f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations?  
If Yes, identify:  
*i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)  

ii. Stationary sources during construction (e.g., power generation, structural heating, batches plant, crushers)  

iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)

g. Will any air emission sources named in D.2.f (above) require a NY State Air Registration, Air Facility Permit or Federal Clean Air Act Title IV or Title V Permit?  
If Yes:  
*i. Is the project site located in an Air quality non-attainment area?  
   (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year)  

ii. In addition to emissions as calculated in the application, the project will generate:  
   - Tons/year (short tons) of Carbon Dioxide (CO₂)  
   - Tons/year (short tons) of Nitrous Oxide (N₂O)  
   - Tons/year (short tons) of Perfluorocarbons (PFCs)  
   - Tons/year (short tons) of Sulfur Hexafluoride (SF₆)  
   - Tons/year (short tons) of Carbon Dioxide equivalent of Hydrofluorocarbons (HFCs)  
   - Tons/year (short tons) of Hazardous Air Pollutants (HAPs)

### h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)?
- Yes □ No □
  
**i. Estimate methane generation in tons/year (metric):**

**ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring):**

---

### i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations?
- Yes □ No □
  
**If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust):**

---

### j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services?
- Yes □ No □
  
**i. When is the peak traffic expected (Check all that apply):**
- Morning □
- Evening □
- Weekend □
- Randomly between hours of ______ to ______.

**ii. For commercial activities only, projected number of truck trips/day and type (e.g., semi trailers and dump trucks):**

---

### iii. Parking spaces: Existing ______ Proposed ______ Net increase/decrease □ Yes □ No □
  
**iv. Does the proposed action include any shared use parking?**
- Yes □ No □
  
**v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe:**

---

### vi. Are public/private transportation service(s) or facilities available within ½ mile of the proposed site?
- Yes □ No □
  
**vii. Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles?**
- Yes □ No □
  
**viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes?**
- Yes □ No □

---

### k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy?
- Yes □ No □
  
**i. Estimate annual electricity demand during operation of the proposed action:**

**ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other):**

**iii. Will the proposed action require a new, or an upgrade, to an existing substation?**
- Yes □ No □

**Page 7 of 13**
m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both?  
☐ Yes ☐ No
If yes:
   i. Provide details including sources, time of day and duration.
   
Tree removal will cause temporary noise that will take place Monday through Friday, between the hours of 7am-5pm.

ii. Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?  
☐ Yes ☐ No
Describe: The tree removal will open up areas between the airport and the residential properties along Beahan Road as well as between the airport and the residential properties on Kingsboro Road.

n. Will the proposed action have outdoor lighting?  
☐ Yes ☐ No
If yes:
   i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:

ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen?  
☐ Yes ☐ No
Describe:

o. Does the proposed action have the potential to produce odors for more than one hour per day?  
☐ Yes ☐ No
If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:

p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage?  
☐ Yes ☐ No
If Yes:
   i. Product(s) to be stored
   
   ii. Volume(s) _____ per unit time _____ (e.g., month, year)

   iii. Generally, describe the proposed storage facilities:

q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation?  
☐ Yes ☐ No
If Yes:
   i. Describe proposed treatment(s):

   ii. Will the proposed action use Integrated Pest Management Practices?  
☐ Yes ☐ No

r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)?  
☐ Yes ☐ No
If Yes:
   i. Describe any solid waste(s) to be generated during construction or operation of the facility:
      - Construction: _____ tons per _____ (unit of time)
      - Operation: _____ tons per _____ (unit of time)

   ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:
      - Construction: The tree clearing operation will likely mulch most of the trees.

      - Operation: n/a

   iii. Proposed disposal methods/facilities for solid waste generated on-site:
      - Construction: n/a

      - Operation: n/a
s. Does the proposed action include construction or modification of a solid waste management facility?

If Yes:

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities):

ii. Anticipated rate of disposal/processing:
   - Tons/month, if transfer or other non-combustion/thermal treatment, or
   - Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life: ___________ years

i. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste?

If Yes:

i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility:

ii. Generally describe processes or activities involving hazardous wastes or constituents

iii. Specify amount to be handled or generated ___________ tons/month

iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents:

1. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility?

If Yes: Provide name and location of facility:

If No: Describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility:

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses.

i. Check all uses that occur on, adjoining and near the project site.

✓ Urban  ✓ Industrial  ✓ Commercial  ✓ Residential (suburban)  ☐ Rural (non-farm)

✓ Forest  ☐ Agriculture  ☐ Aquatic  ☐ Other (specify): Erie Canal Erie Canal Trail Airport

ii. If mix of uses, generally describe

c. Is the project site presently used by members of the community for public recreation?  
   i. If Yes: explain: Trees will be cut along the Erie Canal Trail.  

   d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site?  
      If Yes,  
      i. Identify Facilities:  
         Creekview Nursing & Rehabilitation Center  

   e. Does the project site contain an existing dam?  
      If Yes:  
      i. Dimensions of the dam and impoundment:  
         - Dam height: ____________________________ feet  
         - Dam length: ____________________________ feet  
         - Surface area: ____________________________ acres  
         - Volume impounded: ________________________ gallons OR acre-feet  
      ii. Dam's existing hazard classification:  
      iii. Provide date and summarize results of last inspection:  

   f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility?  
      If Yes:  
      i. Has the facility been formally closed?  
         - If Yes: cite sources/documentation:  
      ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:  
      iii. Describe any development constraints due to the prior solid waste activities:  

   g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and or dispose of hazardous waste?  
      If Yes:  
      i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred:  

   h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site?  
      If Yes:  
      i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply.  
         - Yes - Spills Incidents database  
         - Yes - Environmental Site Remediation database  
         - Neither database  
      ii. If site has been subject of RCRA corrective activities, describe control measures:  
         n/a  
      iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database?  
         If Yes, provide DEC ID number(s): V00206 828015 828095  
      iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):  
         Classifications: V00206: No further action at this time. 828015: Property closed. 828095: Active. All spill cases have been closed.
v. Is the project site subject to an institutional control limiting property uses? □ Yes □ No
- If yes, DEC site ID number:
- Describe the type of institutional control (e.g., deed restriction or easement):
- Describe any use limitations:
- Describe any engineering controls:
- Will the project affect the institutional or engineering controls in place? □ Yes □ No
- Explain:

E.2. Natural Resources On or Near Project Site
a. What is the average depth to bedrock on the project site? □ >8.87 feet
b. Are there bedrock outcroppings on the project site? □ Yes □ No
If Yes, what proportion of the site is comprised of bedrock outcroppings? □
c. Predominant soil type(s) present on project site:
   - Urban Land (Ub) □ 15%
   - Schoharie silt loam (SeB) □ 40%
   - Made land (Mb) □ 45%
d. What is the average depth to the water table on the project site? Average: □ 0 to 26.67 feet
f. Approximate proportion of proposed action site with slopes:
   □ 0-10%: □ 10-15%: □ 15% or greater:
g. Are there any unique geologic features on the project site? □ Yes □ No
   If Yes, describe:

h. Surface water features.
   i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)? □ Yes □ No
   ii. Do any wetlands or other waterbodies adjoin the project site? □ Yes □ No
   iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency? □ Yes □ No
   iv. For each identified regulated wetland and waterbody on the project site, provide the following information:
      - Streams: □ Classification A (b) or (c) Classification B or C
      - Lakes or Ponds: □ Name
      - Wetlands: □ Name Federal Waters, Federal Waters, Federal Waters, Federal Waters, Federal Waters,
      - Wetland No. (if regulated by DEC)

v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies? □ Yes □ No

j. Is the project site in a designated Floodway? □ Yes □ No
k. Is the project site in the 100-year Floodplain? □ Yes □ No
l. Is the project site in the 500-year Floodplain? □ Yes □ No

i. Name of aquifer:
m. Identify the predominant wildlife species that occupy or use the project site:
- white-tailed deer
- gray squirrel
- raccoon
- various birds
- various amphibians
- eastern garter snake
- chipmunk

n. Does the project site contain a designated significant natural community?
   ☑ Yes ☐ No

   i. Describe the habitat/community (composition, function, and basis for designation):
      Silver Maple-Ash Swamp

   ii. Source(s) of description or evaluation: Noted by CHA during wetland delineation on October 21 and 22, 2019.

   iii. Extent of community/habitat:
      - Currently: ___________________ acres
      - Following completion of project as proposed: ___________________ acres
      - Gain or loss (indicate + or -): ___________________ acres

o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species?
   ☑ Yes ☐ No

   i.Species and listing (endangered or threatened)

p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?
   ☑ Yes ☐ No

   i. Species and listing

q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing?
   ☑ Yes ☐ No

   If yes, give a brief description of how the proposed action may affect that use:
   
   Erie Canal-fishing Tree stands were noted in the western project area

F.3. Designated Public Resources On or Near Project Site

a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 301 and 304?
   ☑ Yes ☐ No

   If Yes, provide county plus district name/number

b. Are agricultural lands consisting of highly productive soils present?
   ☑ Yes ☐ No

   i. If Yes, acreage(s) on project site:

   ii. Source(s) of soil rating(s)

   c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark?
      ☑ Yes ☐ No

      i. Nature of the natural landmark: ☐ Biological Community ☐ Geological Feature

      ii. Provide brief description of landmark, including values behind designation and approximate size/extent:

   d. Is the project site located in or does it adjoin a state listed Critical Environmental Area?
      ☑ Yes ☐ No

      i. CEA name: Not named

      ii. Basis for designation: Environmentally sensitive

      iii. Designating agency and date. Agency Rochester, City of Date 3-14-46
e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?  
   □ Yes  □ No
   
   i. Nature of historic/archaeological resource: [ ] Archaeological Site  [ ] Historic Building or District
   
   ii. Name: Enlarged Erie Barge Canal Nominated by NPS (2014)
   
   iii. Brief description of attributes on which listing is based:
   
   Meets the National Register criteria. Associated with events that made a contribution to history. Embody destructive characteristics.
   
   f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?  
   □ Yes  □ No
   
   g. Have additional archaeological or historic site(s) or resources been identified on the project site?  
   □ Yes  □ No
   
   i. Describe possible resource(s):
   
   ii. Basis for identification:
   
   h. Is the project site within five miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource?  
   □ Yes  □ No
   
   i. Identify resource: Genesee Valley Greenway, Erie Canal Trail
   
   ii. Nature of, or basis for, designation (e.g., established highway viewpoint, state or local park, state historic trail or scenic byway, etc.): greenway and trail
   
   iii. Distance between project and resource: 0.11 and 0 miles
   
   i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666?  
   □ Yes  □ No
   
   If Yes:
   
   i. Identify the name of the river and its designation:
   
   ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666?  
   □ Yes  □ No

F. Additional Information

Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification

I certify that the information provided is true to the best of my knowledge.

**Full Environmental Assessment Form**

**Part 2 - Identification of Potential Project Impacts**

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's review(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

**Tips for completing Part 2:**
- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer “Yes” to a numbered question, please complete all the questions that follow in that section.
- If you answer “No” to a numbered question, move on to the next numbered question.
- Check appropriate columns to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box “Moderate to large impact may occur.”
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the “whole action”.
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

### 1. Impact on Land

Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1)  
If “Yes”, answer questions a - j. If “No”, move on to Section 2.

Full Environmental Assessment Form

Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:
To complete this section:
- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact.
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

FEAF 2019
Upon review of the information recorded on this EAF, as noted, plus this additional support information
Environmental Resource Manner results and NHP response, USEWS IPEC results, NYSOPRHP response, Visual Impact Assessment

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Monroe County as lead agency that:

☑ A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

☐ B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

☐ C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

Part 3

Impact on Land-The proposed project entails tree obstruction removal. On Airport and state-owned property, the tree removal would include clearing, but not grubbing (i.e., retention of the stumps and root balls) of all trees over 10' in height. Small trees and understory would be retained, with the goal to preserve the property as a meadow and scrub-shrub community.

On private lands (residential areas) the tree removal would generally include selective removal of individual tall trees, without removal of stumps. However, if requested by owners, removal of the tree stumps, with minor grading and seeding, removal of woodchips, and general restoration (i.e., clean-up) would be completed.

According to the Natural Resources Conservation Service, Monroe County Soil Survey, the water table is less than three feet in the soils identified as Canandaigua silt loam (Ca), Claverack loamy fine sand (CkB), and Schoharie silt loam (SeB). Due to the nature of the project, minimal impact to these soil types are proposed. Soil erosion and sedimentation controls would be implemented to minimize impacts. Therefore, no significant impacts are anticipated.

Impact on Surface Water- A wetland delineation was completed by CHA on October 21-22, 2019. Wetlands were delineated pursuant to the United States Army Corps of Engineers (USACE) 1987 Wetland Delineation Manual and current regional supplement. Wetlands were identified based on the presence of vegetation typically adapted to wet conditions (hydrophytes), hydric soils, and the presence or evidence of hydrology. Wetland boundaries were demarcated with vinyl flagging and survey located. The delineated areas include Wetland A, which contains an intermittent stream and Wetland B/C within the western project limits. The Erie Canal, a perennial stream, has been identified within the eastern limits.

The project proposes the removal of trees within 3.5 acres of the delineated wetlands. The tree removal would include clearing of all trees over 10 feet in height. Small trees and understory would be retained, with the goal to preserve the property as an undeveloped meadow and scrub shrub community.

Any trees within the wetland would be cut by hand over winter during frozen ground conditions to the extent practical and would be pulled out as needed. No grubbing or ground disturbance would occur in the tree removal areas within the wetland. No equipment would be allowed within the wetland. No decrease in wetland acreage would result from the tree removal.

The contractor would be responsible for identifying suitable areas for staging that are outside of wetlands. Sedimentation and erosion controls would be incorporated into the design plans.

CHA did not have access to all areas within the project limits during the wetland delineation. Areas that were not field verified will be treated as if wetlands are present. Trees in these areas would be cut by hand and removed as described above.
Due to the tree removal method described above, it is not anticipated that a Section 404 permit would be required from the USACE for tree removal within wetland. Since there are no state wetlands or associated 100-foot adjacent areas within the project areas, an Article 24 Freshwater Wetlands permit would not be required from the New York State Department of Environmental Conservation (NYSDEC).

As noted above, soil erosion and sedimentation controls would be implemented. Therefore, the project would have no significant impact on surface water.

Impact on Flooding- Based on review of the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Maps, there is an area of Zone A (100-year floodplain) associated with the New York State Barge Canal/Erie Canal within the eastern project area.

Tree removal would not impact flood elevations; however, it has potential to increase runoff rates. In this instance, the remaining vegetation, consisting of shrubs, small trees, and groundcover, will control runoff. Erosion and sedimentation controls would further mitigate any potential impacts. Therefore, there would be no significant impact on flooding.

Impact on Plants and Animals- A field investigation was completed by CHA on October 21-22, 2019 to document the habitats within the project areas. Vegetative community types within the project areas are described according to Ecological Communities of New York State, Second Edition (Edinger 2014)1 and Classification of Wetlands and Deepwater Habitats of the United States (Cowardin 1979)2. Vegetative communities identified within the project areas consist of shallow emergent marsh, red maple-hardwood swamp, silver maple-ash swamp, successional old field, mowed lawn, mowed lawn with trees, mowed roadside/pathway, successional northern hardwoods and spruce/fir plantation.

As noted in the Impact on Land section, the small trees and understory would be retained, with the goal to preserve the property as a meadow and scrub-shrub community on Airport and state-owned property and the in private, residential areas, the tree removal would generally include selective removal of individual tall trees. The project would include the removal of trees from areas that total approximately 24.5 acres. On the west side, forested areas remain to the north as well as across Beahan Road to the west. On the east side, forested areas would remain to the northwest. Since there would be trees remaining in the vicinity of the project, since some areas are just selective removal and since small trees would remain, no significant impacts to forested habitats are anticipated.

The NYSDEC Environmental Resource Mapper (ERM) was reviewed (Attachment A). No threatened or endangered species are mapped within the western project area; however, the ERM indicates that the eastern project area is in vicinity of rare freshwater mussels not listed by NYS.

---

Therefore, the NYSDEC Natural Heritage Program (NHP) was contacted to see if any rare or state listed animals or plants, or significant natural communities are mapped within the eastern project area. A response was received from the NHP dated October 2, 2019, indicating the potential presence of two unlisted species, including the pink heelsplitter (Potamilius alatus) and the fragile paper shell (Leptodea fragilis). These species are present in the Genesee River, 0.2 miles south of the eastern project area. No state listed animals or plants, or significant natural communities were identified within or in the immediate vicinity of the project area (Attachment A).

The United States Fish & Wildlife Service (USFWS) Information for Planning and Conservation (IPaC) database indicates that there are no threatened, endangered, or candidate species listed for the project areas. Additionally, no critical habitats have been identified for this location (Attachment A).

As a result of the site visit, the habitat types identified within the project areas were compared to those of the species identified above.

**Pink Heelsplitter & Fragile Paper Shell**

According to the United States Geological Survey (USGS) Fact Sheet for the pink heelsplitter, this species can be found in rivers and lakes of various sizes and speeds with sand to coarse gravel bottom\(^3\). The USGS Fact Sheet for the fragile paper shell indicates that this species can be found in moderate to large rivers with silty mud bottoms, sand and gravel, sand and silty sand\(^4\). As noted above, an intermittent stream that flows through Wetland A and the perennial Erie Canal are within the project area. The pink heelsplitter and the fragile paper shell are present in the Genesee River, which is not within the project area, therefore, the habitat for these species would not be impacted.

**Impact on Aesthetic Resources** - A portion of the project within the eastern project area is located along the Erie Canal and is within or adjacent to the New York State Barge Canal Historic District and a potential Environmental Justice community. Given these historic and sensitive resources, the impact of the project on the visual character of the surrounding area has been assessed (Visual Impact Assessment-Attachment B). With site investigations and the closer study of the existing and proposed conditions of three key views, it has been determined that the project would not significantly impact the visual quality and experience for users along the Erie Canal Trail or residents within the Environmental Justice community along Kingsboro Road. Further, no mitigation is recommended at this time. Therefore, there would be no significant impact to Aesthetic Resources.

**Impact on Historic and Archaeological Resources** - The New York State Office of Parks, Recreation and Historic Preservation (NYSOPRHP) has reviewed the project and has indicated in

---

a letter dated December 10, 2019, that the project would have No Adverse Effect (Attachment C): Therefore, there would be no significant impact to Historic and Archeological Resources.

Impact on Critical Environmental Areas-The canal is designated as a Critical Environmental Area (CEA) by the City of Rochester. The CEA is called: Land within 100’ of Genesee River Barge Canal, Lake Ontario or River Gorge except in manufacturing industrial zone. The basis for designation is environmentally sensitive. The canal is within the eastern project area.

According to the NYSDEC website (http://www.dec.ny.gov/permits/6184.html), “To be designated as a CEA, an area must have an exceptional or unique character with respect to one or more of the following:

- a benefit or threat to human health;
- a natural setting (e.g., fish and wildlife habitat, forest and vegetation, open space and areas of important aesthetic or scenic quality);
- agricultural, social, cultural, historic, archaeological, recreational, or educational values; or
- an inherent ecological, geological or hydrological sensitivity to change that may be adversely affected by any change.”

No impact to the canal itself is proposed, however, trees would be cut within 100-feet of the canal. This area is state owned; therefore, the removal would entail clearing, but not grubbing of all trees over 10’ in height. Small trees and understory would be retained, with the goal to preserve the property as a meadow and scrub-shrub community. Since small trees and understory would remain along the canal and since there are no impacts to the canal itself, no significant impacts to the CEA are anticipated. This determination is further supported by the No Adverse Effect recommendation by the NYSOPRIIP and the results of the visual impact assessment.

Impact on Noise- There would be temporary/short term noise impact due to the tree removal. This impact would take place from Monday through Friday from the hours of 7am to 5pm. The project is anticipated to take approximately 8-10 weeks. No significant adverse impacts are anticipated.

Impact on Human Health- Creekview Nursing & Rehabilitation Center is located within 1,500 feet of the project area. The project areas are beyond the runway ends, therefore, the center would not be impacted by the project.

The NYSDEC Spill Incidents Database Search revealed two spills within the western project area (Spill Numbers: 0206990 & 0205263) and two spills in the vicinity of the eastern project area (Spill Numbers 9003507 & 1309722). One of these spills was located at the intersection of I-390 north and Scottsville Road and the other was identified as Barge Canal. Therefore, these two spills may or may not be within the eastern project area. All spill cases have been closed, therefore, these would be no impact.

The NYSDEC Environmental Site Remediation database did not identify any remediation within the project areas. However, it did identify locations within 2,000 feet of the project areas. The sites are:
• Kozel Structural Steel & Fabrication (V00206) at 1150 Scottsville Road,
• Rochester Fire Academy (828015) at 1190 Scottsville Road, and
• Rochester Gas & Electric (828095) at 755 Brooks Avenue.

No further action at this time is required at V00206, 828015 has been properly closed and 828095 is active. None of these sites would be impacted by the project.

Tree obstruction removal does not, in and of itself, create hazardous materials or result in direct impacts to the environmental status of soils or groundwater in proximity to each specific tree removal location. However, activities or disturbances in existing contaminated areas that encounter contaminated materials would require that the contaminated materials be properly managed. In an effort to identify potentially contaminated areas within the project areas, environmental databases were reviewed to determine if any documented concerns were identified within or immediately abutting the limits of the tree removal areas. Sanborn Fire Insurance Maps and historic aerial photographs were also reviewed to evaluate historical uses of the lands within the project areas presenting possible sources of contamination associated with those historic uses. In addition, a visual site inspection of the project areas were conducted on October 21-22, 2019.

Potential areas of concern were identified as follows:

**Western Project Area (Runway 10)**
- Rear of 682 Beahan Road – debris, drums, scrap metal, old equipment along wood line.
- Rear of 680 Beahan Road – large pile of wood scrap, drums, plastic buckets, cans, cinder blocks.
- Airport property to rear of 676 Beahan Road – discarded materials consisting of propane tank, scrap metal, tile, concrete, glass trash, rusted paint cans, and a small engine with attached gas tank. In addition, a gasoline odor was noted in that general area during the site inspection.

**Eastern Project Area (Runway 28)**
- C&C Service, 230 Scottsville Road – adjacent to the southeastern corner of the project area. This facility was listed as a gasoline station from 1960 – 1991. From 1992 – 2014 it was identified as a general automotive repair center. There were no tank or spill listings for the facility, however, that is most likely due to the lack of extensive databases kept prior to 1991. There is a garage-type structure on the west side of the service center that has a stack on the front typical of what is or may have been associated with a remediation system operated within the building. However, no additional information concerning this facility was able to be obtained.

For Airport and state-owned lands, tree removal would include clearing, but not grubbing (i.e. retention of the stumps and root balls) of all trees over 10 feet in height. Small trees and understory would be retained, with the goal to preserve the property as an undeveloped meadow and scrub shrub community. As a result, the ground surfaces in these areas would not be disturbed to any significant depth during the tree removal activities. Based on this, the potential of encountering
hazardous materials or petroleum products is not expected to be a concern on Airport or state-owned lands within the project areas.

For the residential properties identified below, no stump removal or grading will occur at these locations in order to avoid the potential to disturb potentially hazardous materials. If desired by property owners, tree stumps would be ground down to existing grade level and covered with top soil and seed. This method would prevent disturbance of any existing hazardous materials that may be present. This project will not include any hazardous material remediation.

- Residential properties 682 Beahan Road and 680 Beahan Road within the western project area.

Wooded undeveloped area on the eastern end of the eastern project area adjacent to the south/southwest sides of the C&C property at 230 Scottsville Road.

Since all the spill cases have been closed, since the remediation sites would not be impacted, since no potential hazardous materials or concerns were identified by the database review and since stump removal is precluded on private properties of concern identified above, no significant adverse impact on human health is anticipated.

Consistency with Community Character - The project involves tree removal, therefore, there would be an impact to the existing natural landscape. However, since small trees would be retained and since there are adjacent forested areas, no significant impact to natural landscape is anticipated.

As discussed above, the project would not significantly impact the visual quality and experience for users along the Erie Canal Trail or residents within the Environmental Justice community along Kingsbore Road. Additionally, the NYSPRIIP indicated that the project will have No Adverse Effect. Lastly, the project would not interfere with the use of the Erie Canal or Trail. Therefore, no significant impact to community character is anticipated.

Re: Greater Rochester International Airport Off Airport Tree Obstruction Removal
(east end Runway 10-28)
County: Monroe Town/City: Chili

Dear Ms. Frazer:

In response to your recent request, we have reviewed the New York Natural Heritage Program database with respect to the above project.

Enclosed is a report of rare or state-listed animals and plants, and significant natural communities that our database indicates occur in the vicinity of the project site.

For most sites, comprehensive field surveys have not been conducted; the enclosed report only includes records from our database. We cannot provide a definitive statement as to the presence or absence of all rare or state-listed species or significant natural communities. Depending on the nature of the project and the conditions at the project site, further information from on-site surveys or other sources may be required to fully assess impacts on biological resources.

Our database is continually growing as records are added and updated. If this proposed project is still under development one year from now, we recommend that you contact us again so that we may update this response with the most current information.

The presence of the plants and animals identified in the enclosed report may result in this project requiring additional review or permit conditions. For further guidance, and for information regarding other permits that may be required under state law for regulated areas or activities (e.g., regulated wetlands), please contact the NYS DEC Region 8 Office, Division of Environmental Permits, at dep.r8@dec.ny.gov, (585) 226-5400.

Sincerely,

Andrea Chaloux

Report on Rare Animals, Rare Plants, and Significant Natural Communities

The following rare plants, rare animals, and significant natural communities have been documented in the vicinity of the project site.

We recommend that potential impacts of the proposed project on these species or communities be addressed as part of any environmental assessment or review conducted as part of the planning, permitting and approval process, such as reviews conducted under SEQR. Field surveys of the project site may be necessary to determine whether a species currently occurs at the site, particularly for sites that are currently undeveloped and may still contain suitable habitat. Final requirements of the project to avoid, minimize, or mitigate potential impacts are determined by the lead permitting agency or the government body approving the project.

The following animals, while not listed by New York State as Endangered or Threatened, are rare in New York and are of conservation concern.

This report only includes records from the NY Natural Heritage database. For most sites, comprehensive field surveys have not been conducted, and we cannot provide a definitive statement as to the presence or absence of all rare or state-listed species. Depending on the nature of the project and the conditions at the project site, further information from on-site surveys or other sources may be required to fully assess impacts on biological resources.

If any rare plants or animals are documented during site visits, we request that information on the observations be provided to the New York Natural Heritage Program so that we may update our database.

Subject: Updated list of threatened and endangered species that may occur in your proposed project location, and/or may be affected by your proposed project

To Whom It May Concern:

The enclosed species list identifies threatened, endangered, proposed and candidate species, as well as proposed and final designated critical habitat, that may occur within the boundary of your proposed project and/or may be affected by your proposed project. The species list fulfills the requirements of the U.S. Fish and Wildlife Service (Service) under section 7(c) of the Endangered Species Act (ESA) of 1973, as amended (16 U.S.C. 1531 et seq.). This list can also be used to determine whether listed species may be present for projects without federal agency involvement. New information based on updated surveys, changes in the abundance and distribution of species, changed habitat conditions, or other factors could change this list.

Please feel free to contact us if you need more current information or assistance regarding the potential impacts to federally proposed, listed, and candidate species and federally designated and proposed critical habitat. Please note that under 50 CFR 402.12(e) of the regulations implementing section 7 of the ESA, the accuracy of this species list should be verified after 90 days. This verification can be completed formally or informally as desired. The Service recommends that verification be completed by visiting the ECOS-IPAC site at regular intervals during project planning and implementation for updates to species lists and information. An updated list may be requested through the ECOS-IPAC system by completing the same process used to receive the enclosed list. If listed, proposed, or candidate species were identified as potentially occurring in the project area, coordination with our office is encouraged. Information on the steps involved with assessing potential impacts from projects can be found at: http://www.fws.gov/northeast/nyfo/es/section7.htm

Please be aware that bald and golden eagles are protected under the Bald and Golden Eagle Protection Act (16 U.S.C. 668 et seq.), and projects affecting these species may require development of an eagle conservation plan (http://www.fws.gov/windenergy/
eagle_guidance.html). Additionally, wind energy projects should follow the Services wind energy guidelines (http://www.fws.gov/windenergy/) for minimizing impacts to migratory birds and bats.

Guidance for minimizing impacts to migratory birds for projects including communications towers (e.g., cellular, digital television, radio, and emergency broadcast) can be found at: http://www.fws.gov/migratorybirds/CurrentBirdIssues/Hazards/towers/towers.htm; http://www.towerkll.com; and http://www.fws.gov/migratorybirds/CurrentBirdIssues/Hazards/towers/comtow.html.

We appreciate your concern for threatened and endangered species. The Service encourages Federal agencies to include conservation of threatened and endangered species into their project planning to further the purposes of the ESA. Please include the Consultation Tracking Number in the header of this letter with any request for consultation or correspondence about your project that you submit to our office.

Re: Visual Impact assessment for Runaway 10-28 tree obstruction removal at Greater Rochester International Airport (ROC)

A portion of the Proposed Action within the eastern project area is located along the Erie Canal and is within or adjacent to the New York State Barge Canal Historic District and potential Environmental Justice community. Given these historic and sensitive resources, the impact of the project on the visual character of the surrounding area has been assessed.

The assessment included two site investigations, one in early October 2019 and another in mid-November 2019. These site investigations allowed the site to be evaluated during both leaf-on and leaf-off conditions. As a result, it was determined that in order to evaluate the greatest potential visual impact to the surrounding area, the existing and proposed conditions should be assessed based on leaf-on conditions. Based on the location of the project, three key views were identified that would show the greatest degree of potential visual impact (see Figure 1 in Appendix A): two views along the Erie Canal Trail and one view from Kingsboro Road. In each view, the impact of the project was evaluated on its effect on the overall visual quality and experience for users of the historic resource.

Key View 1 looks northwest along the Erie Canal Trail with the Erie Canal to the northeast and the I-390 on-ramp to the southwest (see Figure 1 and 2 in Appendix A and B, respectively). The existing visual quality within this corridor is poor due to the scattered tall vegetation along either side of the trail, the presence of the on-ramp, and large overhead cobra roadway lightings. Trail users are likely to move through this section quickly given its proximity to the highway and airport. Figure 3 in Appendix B portrays how this stretch of the trail may look after the project. Most prominent are removal of the large deciduous tree
in the center of the view and the lowering of the tree line to the right hand-side (northeast). Although the removal of the center tree is notable, the lower vegetation adjacent to the trail is maintained and the density of the tree line is preserved. The tree removal may enable users to better visually engage with the Erie Canal. Given the existing visual quality of the view and the amount and type of vegetation remaining, it is anticipated that the project would not likely impact the overall visual quality and experience for users.

Key View 2 looks southeast along the Erie Canal Trail just before the trail splits before going under the Scottsville Road Bridge and into Genesee Valley Park (see Figure 1 and 4 in Appendix A and C, respectively). As in the first view, the existing visual quality within the view is poor due to the inconsistent vegetation adjacent to the trail and presence of unsightly fencing. Figure 5 in Appendix C shows the removal of the large deciduous tree directly northeast of the trail and the deciduous tree on the knoll to the southeast. Select trees within the tree line are also shortened. Although the removal of the tree between the path and the canal allows for more direct views to the east toward Scottsville Road Bridge, the density within the tree line is preserved. As such, the project would not likely impact the overall visual quality and experience for trail users.

Key View 3 looks from Kingsboro Road between houses 89 and 93 within the potential Environmental Justice Community (see Figure 1 and 6 in A and D, respectively). The large deciduous tree behind house 93 (on right) is included within the project. Figure 7 in Appendix D portrays the potential impacts upon completion of the project. Though the removal of the large deciduous tree is notable, other trees in the back and front yards are not impacted, which allows the view to maintain its visual quality. With the removal of select trees on the north side of the canal, it is important to recognize that there may be minor visual impacts to summer time views from the second stories of homes along Kingsboro Road.

In reviewing the existing and proposed conditions in all three views, the Proposed Action would not significantly impact the visual quality and experience for users along the Erie Canal Trail or residents within the Environmental Justice community along Kingsboro Road. Further, no mitigation is recommended at this time.

Dear Mrs. Frazer:

Thank you for requesting the comments of the New York State Historic Preservation Office (SHPO). We have reviewed the provided documentation in accordance with Section 106 of the National Historic Preservation Act of 1966. These comments are those of the SHPO and relate only to Historic/Cultural resources. They do not include other environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the National Environmental Policy Act and/or the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8).

We note that the proposed project is adjacent to the New York State Barge Canal Historic District, a National Historic Landmark. We have reviewed the submission received on November 21, 2019. Based on that review it is the SHPO’s opinion that the project, as proposed, will No Adverse Effect on the National Historic Landmark.

If you have any questions, I can be reached at 518-268-2170.

Sincerely,

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action, Designation of Lead Agency, and Determination of Significance, Pursuant to State Environmental Quality Review Act (SEQRA) for Salt Road Phase Rehabilitation Project

Honorable Legislators:

I recommend that Your Honorable Body designate Monroe County as Lead Agency for the Salt Road Phase Rehabilitation Project and to determine whether the action may have a significant adverse impact on the environment pursuant to SEQRA.

This action is for a capital road improvement of Salt Road between Atlantic Avenue and Plank Road, which includes resurfacing of pavement, improving shoulder conditions and edge treatments by widening shoulders to 5-feet, upgrading drainage to include a series of swales, roadside ditches, catch basins, and cross culverts to maintain existing drainage patterns and efficiently convey runoff, while balancing the maintenance needs of adjacent properties. This action will likely include work outside of the right-of-way, which could result in acquisition of property, either easements of in-fee as appropriate.

The Salt Road Phase Rehabilitation Project has been preliminarily classified as an Unlisted action pursuant to 6 NYCRR § 617.4(b). The State Environmental Quality Review Act regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has compiled with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the Salt Road Phase Rehabilitation Project is an Unlisted Action.

2. Designate Monroe County as Lead Agency for a coordinated review of the Salt Road Phase Rehabilitation Project.
3. Make a determination of significance of the Salt Road Phase Rehabilitation Project pursuant to 6 NYCRR § 617.7.

4. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of SEQRA, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under SEQRA, and any other actions to implement the intent of this resolution.

This determination will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

11. Will the proposed action connect to existing wastewater utilities?  
    If No, describe method for providing wastewater treatment  
    [ ] NO  [ ] YES  

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?  
    [ ] NO  [ ] YES  
    b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?  
    [ ] NO  [ ] YES  

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?  
    [ ] NO  [ ] YES  
    b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?  
    [ ] NO  [ ] YES  

If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:  

Direct impacts to the existing wetlands are not anticipated, however there may be impacts to .18 acre of adjacent areas of a wetland 1,000 feet south of Plank Road and to an unnamed tributary of Four Mile Creek. Wetland mitigation is not anticipated.
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:
   - Shoreline
   - Forest
   - Agricultural/grasslands
   - Early mid-successional
   - Wetland
   - Urban
   - Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?
   - NO
   - YES

16. Is the project site located in the 100-year flood plan?
   - NO
   - YES

17. Will the proposed action create storm water discharge, either from point or non-point sources?
   If Yes,
   a. Will storm water discharges flow to adjacent properties?

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

This action will have no significant adverse environmental impacts as this action largely falls in line with Type II actions, which have been determined not to have significant impact on the environment, such as repaving of existing highways and maintenance or repair involving no substantial changes. However, this action also includes the potential property acquisition, easement or in-fee, due to limited right of way along the roadway. Property acquisition will be minimal and only as necessary to ensure the longevity of the road and safety of users and adjacent property owners.

This action may impact .018 acres of adjacent areas to wetlands, including a tributary to Four-Mile Creek. However, direct impacts to wetlands are not anticipated. Monroe County will secure a permit from the NYSDEC for any wetlands and stream related work and will follow all limitations of guidance as directed by permitting authorities. Therefore, no impacts to wetlands are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION NO. ______ OF 2020

CLASSIFICATION OF ACTION, DESIGNATION OF LEAD AGENCY, AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT (SEQRA) FOR SALT ROAD PHASE REHABILITATION PROJECT

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the Salt Road Rehabilitation Project is an Unlisted Action.

Section 2. The Monroe County Legislature designates Monroe County as Lead Agency for a coordinated review of the Salt Road Phase Rehabilitation Project.

Section 3. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated November 6, 2020 and has considered the potential environmental impacts of the Salt Road Rehabilitation Project pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 4. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 5. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

This action will have no significant adverse environmental impacts as this action largely falls in line with Type II actions, which have been determined not to have significant impact on the environment, such as repaving of existing highways and maintenance or repair involving no substantial changes. However, this action also includes the potential property acquisition, easement or in-fees, due to limited right of way along the roadway. Property acquisition will be minimal and only as necessary to ensure the longevity of the road and safety of users and adjacent property owners.

This action may impact .018 acres of adjacent areas to wetlands, including a tributary to Four-Mile Creek. However, direct impacts to wetlands are not anticipated. Monroe County will secure a permit from the NYSDEC for any wetlands and stream related work and will follow all limitations of guidance as directed by permitting authorities. Therefore, no impacts to wetlands are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action, Designation of Lead Agency, and Determination of Significance, Pursuant to State Environmental Quality Review Act (SEQRA) for Lake Road Phase II Highway Rehabilitation Project

Honorable Legislators:

I recommend that Your Honorable Body designate Monroe County as Lead Agency for the Lake Road Phase II Highway Rehabilitation Project and to determine whether the action may have a significant adverse impact on the environment pursuant to SEQRA.

This action is for a Capital Road Improvement of Lake Road between Bay Road and Pellett Road which would include resurfacing of the pavement, improving shoulder conditions and edge treatments, upgrading drainage and traffic signs to meet National MUTCD, minor profile or alignment improvements, and replacing pavement markings. This segment of Lake Road is classified as an urban major collector road and serves a built-out, primarily residential area with a nature preserve. Mature trees and landscaping encroach closely on the road throughout the segment which consists of two 11-foot travel lanes and variable width shoulders throughout a majority of the segment length. Purchase of right of way for minor profile or alignment is possible and will be considered in this action.

The Lake Road Phase II Highway Rehabilitation Project has been preliminarily classified as an Unlisted action pursuant to 6 NYCRR § 617.4(b). The State Environmental Quality Review Act regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has compiled with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the Lake Road Phase II Highway Rehabilitation Project is an Unlisted Action.
2. Designate Monroe County as Lead Agency for a coordinated review of the Lake Road Phase II Highway Rehabilitation Project.

3. Make a determination of significance of the Lake Road Phase II Highway Rehabilitation Project pursuant to 6 NYCRR § 617.7.

4. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of SEQRA, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under SEQRA, and any other actions to implement the intent of this resolution.

This determination will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

This action will have no significant adverse environmental impacts as this action largely falls in line with Type II actions, which have been determined not to have significant impacts on the environment, such as repaving of existing highways and maintenance or repair involving no substantial changes. However, this action also includes the potential for property acquisition, easement or in-fee, due to limited right of way along the roadway. Property acquisition will be minimal and only as necessary to ensure the longevity of the road and safety of users and adjacent property owners.

Although, this project is anticipated to impact .222 acres of federal jurisdictional wetlands, compensatory wetlands are expected to be required and identified via permitting agencies. Mitigation via compensatory wetland creation will occur off-site as the site constraints will not allow compensation on site. No New York State jurisdictional wetlands have been identified on site.

This action is expected to have a de minimis impact to the the Gosnell Big Woods Preserve which is to the south of the project site.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION NO. ______ OF 2020

CLASSIFICATION OF ACTION, DESIGNATION OF LEAD AGENCY, AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT (SEQRA) FOR LAKE ROAD PHASE II REHABILITATION PROJECT

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the Lake Road Phase II Highway Rehabilitation Project is an Unlisted Action.

Section 2. The Monroe County Legislature designates Monroe County as Lead Agency for a coordinated review of the Lake Road Phase II Highway Rehabilitation Project.

Section 3. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated November 6, 2020 and has considered the potential environmental impacts of the Lake Road Phase II Highway Rehabilitation Project pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and makes a part hereof and determines that an environmental impact statement is not required.

Section 4. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 5. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

This action will have no significant adverse environmental impacts as this action largely falls in line with Type II actions, which have been determined not to have significant impacts on the environment, such as repaving of existing highways and maintenance or repair involving no substantial changes. However, this action also includes the potential for property acquisition, easement or in-fare, due to limited right of way along the roadway. Property acquisition will be minimal and only as necessary to ensure the longevity of the road and safety of users and adjacent property owners.

Although this project is anticipated to impact .222 acres of federal jurisdictional wetlands, compensatory wetlands are expected to be required and identified via permitting agencies. Mitigation via compensatory wetland creation will occur on-site as the site constraints will not allow compensation on site. No New York State Jurisdictional wetlands have been identified on site.

This action is expected to have a de minimis impact to the the Gosnell Big Woods Preserve which is to the south of the project site.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Subject: Acceptance of a Grant from the Regents of the University of New Mexico on behalf of the UNM Health Sciences Center for participation in the Federal Agency for Healthcare Research and Quality Project Extension for Community Healthcare Outcomes, to Advance Improvements in COVID-19 Preparedness, Safety, and Infection Control at Monroe Community Hospital

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the Regents of the University of New Mexico on behalf of the UNM Health Sciences Center, in connection with the UNM Health Science’s Center participation in the federal Agency for Healthcare Research and Quality’s Project Extension for Community Healthcare Outcomes (“ECHO”) in a total amount not to exceed $6,000 to advance improvements in COVID-19 preparedness, safety, and infection control at Monroe Community Hospital for the period of November 5, 2020 through February 18, 2021.

Project ECHO has established a community of over 250 training centers across the United States addressing a range of best practices and case-based group learning from multidisciplinary teams of quality improvement experts in a 16-week series. The weekly network sessions are designed to create a space to hear directly from nursing home staff about the COVID-19 challenges they are facing. The nursing homes that actively participate in the 16-week network training can receive compensation for participating.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in a total amount not to exceed $6,000 from, and to execute a contract and any amendments thereto with, the Regents of the University of New Mexico on behalf of the UNM Health Sciences Center in connection with the federal Agency for Healthcare Research and Quality Project Extension for Community Healthcare Outcomes to advance improvements in COVID-19 preparedness, safety, and infection control at Monroe Community Hospital for the period of November 5, 2020 through February 18, 2021.
2. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

3. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the Regents of the University of New Mexico on behalf of the UNM Health Sciences Center for participation in the Federal Agency for Healthcare Research and Quality Project Extension for Community Healthcare Outcomes. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Subject: Acceptance of a Grant from the CARES Act Provider Relief Fund – HHS Stimulus, COVID Infection/Mortality Rate Incentive Program Distribution, to Support Safeguarding Residents from the Perils of the Coronavirus Pandemic at Monroe Community Hospital

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the CARES Act Provider Relief Fund – HHS Stimulus, COVID Infection/Mortality Rate Incentive Program Distribution, in a total amount not to exceed $45,805.10, to support safeguarding residents from the perils of the Coronavirus Pandemic at Monroe Community Hospital for the period of November 2, 2020 through December 31, 2020.

These funds are provided by the U.S. Department of Health and Human Services. The purpose of this incentive program is to reward nursing homes for keeping new COVID-19 infection and mortality rates among residents lower than the communities they serve, as analyzed against Centers for Disease Control data. This benchmark requirement for infection rate reflects the goal of the incentive program to recognize facilities that establish a safer environment than the community in which they are located. Facilities must also have a COVID death rate that falls below a nationally established performance threshold for mortality among nursing home residents infected with COVID.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in a total amount not to exceed $45,805.10 from, and to authorize a contract and any amendments thereto with, the CARES Act Provider Relief Fund – HHS Stimulus, COVID Infection/Mortality Rate Incentive Program Distribution to support safeguarding residents from the perils of the Coronavirus Pandemic at Monroe Community Hospital for the period of November 2, 2020 through December 31, 2020.
2. Amend the 2020 operating budget of Monroe Community Hospital by appropriating the sum of $45,805.10 into hospital fund 9012 funds center 6201010000 – MCH Administration.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the CARES Act. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Monroe County Legislature - December 8, 2020
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Approve the Agreement Between the Monroe County Executive and the Civil Service Employee Association – Local 828, Unit 7400

Honorable Legislators:

I recommend that Your Honorable Body approve the agreement dated November 9, 2020, between the Monroe County Executive and the Civil Service Employee Association – Local 828, Unit 7400, to increase the hourly wage rate of all County employees in the bargaining unit who currently earn less than the applicable New York State minimum wage.

The purpose of this agreement is to increase the wages of our lowest paid County employees in the bargaining unit to a step on the 2020 and 2021 Salary Schedules that is nearest to the applicable New York minimum wage for 2020 and 2021, respectively.

The principal terms of this agreement are outlined below:

1. Effective Pay Period 22 of 2020 (October 3, 2020), bargaining unit employees in pay groups 1, 2, 3, 4 and 5 of the 2020 Salary Schedules (SS2 and SS3 of the collective bargaining agreement) whose current hourly wage rate is less than $12.25 per hour shall have their hourly wage rate increased to a step on the 2020 Salary Schedule nearest to $12.25 per hour for the remainder of calendar year 2020. These employees are referred to herein as the “Affected Employees.”

2. Effective Pay Period 1 of 2021, the hourly wage rate for Affected Employees will increase to a step on the 2021 Salary Schedule that is nearest to $12.50 per hour.

3. Affected Employees may move to steps M and N on the 2020 and 2021 Salary Schedules in order to meet the New York minimum wage threshold.

The estimated costs of this referral are:

- 2020 - $16,200
- 2021 - $70,200
The specific legislative action required is to approve the Memorandum of Agreement between the Monroe County Executive and the Civil Service Employee Association – Local 828, Unit 7400, dated November 9, 2020.

This action is a Type II Action pursuant to 6 NYCRR & 617.5 (C) (28) ("collective bargaining activities") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this agreement is included in the 2020 operating budget of the County and will be requested in future years' budgets. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Monroe County Legislature - December 8, 2020
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Approve Agreement Between the Monroe County Executive and the Civil Service Employees Association, Part-Time Unit 7401

Honorable Legislators:

I recommend that Your Honorable Body approve the agreement between the Monroe County Executive and the Civil Service Employees Association, Part-Time Unit 7401, for the period of January 1, 2020 through December 31, 2021.

The principal terms of this agreement are outlined below:

1. Effective Pay Period 22 of 2020 (October 3, 2020), bargaining unit employees whose current hourly wage rate is less than $12.25 per hour shall have their hourly wage rate increased to a flat rate of $12.25 per hour for the remainder of calendar year 2020.

2. Bargaining unit members who are not eligible to receive the hourly wage increase specified in #1 above shall receive a one-time wage payment of $100 in 2020 to compensate for the lack of an increase in 2020.

3. Effective Pay Period 1 of 2021, bargaining unit members will be placed on one of the three 2021 Salary Schedules established for full-time employees in CSEA, Local 828, Unit 7400. Bargaining unit members will be assigned to the appropriate salary schedule based on their County hire date (SS1, SS2, or SS3) and shall be placed on a wage step equivalent to a 2% wage increase in 2021.

4. Any bargaining unit member who is not able to move to a step in a 2021 Salary Schedule (as described in #3), will receive a 2% increase effective Pay Period 1 of 2021.

5. Bargaining unit members listed in pay group 38 on the CSEA – PT Salary Schedule (Per Diem and Part-time Licensed Practical Nurses) will be paid on the 2021 Salary Schedule for members hired on or after 3/19/2017 (SS3) and placed in pay group 36.

6. Bargaining unit members will be eligible to advance one pay step on the Salary Schedule each year.

The estimated cost of this referral is:

2020 - $36,000
2021 - $351,000

November 20, 2020
The specific legislative action required is to approve the agreement between the Monroe County Executive and the Civil Service Employees Association, Part-Time Unit 7401, for the period of January 1, 2020 through December 31, 2021.

This action is a type II Action pursuant to 6 NYCRR & 617.5 (C) (28) ("collective bargaining activities") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this agreement is included in the 2020 operating budgets of the corresponding departments and will be requested in future years' budgets. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Mortgage Tax Distribution

Honorable Legislators:

I recommend that Your Honorable Body approve the Mortgage Tax Distribution for the period April 1, 2020 through September 30, 2020.

The Monroe County Clerk’s Office has reported that, for the period April 1, 2020 through September 30, 2020, Mortgage Tax collections totaled $9,898,436.50. Pursuant to Section 261 of the New York State Tax Law, Mortgage Tax collections are to be distributed to the City of Rochester and the Towns and Villages of Monroe County, on or before the fifteenth day of December.

The specific legislative action required is to approve the attached proposed resolution for the distribution of $9,898,436.50 in Mortgage Tax collections for the period of April 1, 2020 through September 30, 2020, to the City of Rochester and the Towns and Villages of Monroe County, on or before the fifteenth day of December.

This Mortgage Tax Distribution has no impact on the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Confirming Scale of Charges for Each of the Monroe County Pure Water Districts for 2021

Honorable Legislators:

In accordance with §266 of the County Law of New York State, the County Legislature has the responsibility for confirmation of the scale of charges for the operation and maintenance of facilities for each of the County Pure Water Districts and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by each of the Districts.

Attached hereto are the proposed Scale of Charges which have been submitted to the Administrative Boards for each of the Districts.

The specific legislative action required is confirmation of the Scale of Charges for the Gates-Chili-Ogden Sewer District, the Northwest Quadrant Pure Waters District, the Irondequoit Bay South Central Pure Waters District and the Rochester Pure Waters District for 2021.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

No net County support is required in the current Monroe County Budget.

I recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
County Executive

RESOLUTION NO. ___ OF 2020

CONFIRMING SCALE OF CHARGES FOR GATES-CHILL-OGDEN SEWER DISTRICT, NORTHWEST QUADRANT PURE WATERS DISTRICT, IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT AND ROCHESTER PURE WATERS DISTRICT, COUNTY SEWER DISTRICTS FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Gates-Chili-Ogden Sewer District, Northwest Quadrant Pure Waters District, Irondequoit Bay South Central Pure Waters District and Rochester Pure Waters District have, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities for each of the County Pure Waters Districts and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by each of the Districts; and

WHEREAS, the Administrative Board of the Gates-Chili-Ogden Sewer District, Northwest Quadrant Pure Waters District, Irondequoit Bay South Central Pure Waters District and Rochester Pure Waters District have, pursuant to §266 of the County Law of the State of New York and Resolution No. 502 of 1971, as amended by Resolution No. 337 of 1974, relating to the Rochester Pure Waters District, and pursuant to Section 266 of the County Law of the State of New York and ResolutionNos. 417 and 418 of 1973, and 449 of 1976, relating to the remaining pure waters districts, as adopted by the County Legislature of the County of Monroe, called public hearings, said hearings having been held on the ___ day of December, 2020, at ___ p.m., ___ p.m., ___ p.m. and ___ p.m., respectively.

NOW, THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

GATES-CHILL-OGDEN SEWER DISTRICT

Operation and Maintenance Charge

$2.865 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge separately commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.
NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Gates-Chili-Ogden Sewer District:
$300.00 per connection - residential
$400.00 per connection - non-residential

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 + 300 + 10}
\]

G. **Restaurant/Food Processing Grease Disposal Fee**
   - $250.00/1,000 gallons

H. **Non-Hazardous Industrial/Commercial Wastewater Disposal Fee**
   - Laboratory and sampling: $35.00/1,000 gallons (Minimum)
   - $75.00/Truckload
SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

NORTHWEST QUADRANT PURE WATERS DISTRICT
Operation and Maintenance Charge

$1.71 per 1,000 gallons of water consumption (see Notes 1-3).

Operation and Maintenance Charge for properties Receiving Local Collection System Services

$1.93 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge separately commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Northwest Quadrant Pure Waters District:
$250.00 per connection - residential  
$350.00 per connection - non-residential

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[ S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 + 300 + 10} \]

Definitions:

\[ S.F. = \text{Surcharge Factor.} \]
BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.

SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.

P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.

a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.

b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.

d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

OTHER CHARGES - WHERE APPLICABLE

A. Application Fees for Licenses or Permits under the Sewer Use Law

(1) Initial Application for License or Permit (3 Year) $125.00

(2) Renewal License or Permit Applications (3 Year) $75.00

(3) Initial or Renewal Application for Scavenger Waste Permit where application is licensed under Environmental Conservation Law Section 27-0301 of New York State $30.00

(4) Specialty Short Term Discharge Permit (Note – permit issued with no fee for wastewater transported to treatment plants. Permit fees already recovered in disposal fee) $125.00

B. Septic Tank Hauling Rates

Charge for Scavenger Waste $42.00/1,000 gallons

C. Disposal of Vactor Spoils

(1) Charge for disposal of Vactor Spoils (Cu. Yds.) Based on half of vehicle capacity $89.00/Cubic Yard

(2) Charge for disposal of Vactor Spoils (Tons) Based on certified scale house receipt $58.00/Ton

D. Collection System Charges

(1) Review of Plans and construction monitoring (Due prior to plan approval) $300.00/lot - minimum of 1 lot

(2) Inspection of privately constructed sewers (Due prior to plan approval. No charge for existing sewers inside subdivision boundaries.) $0.50/foot of sewer & laterals - $50.00 minimum, as applicable

(3) Pumping Station Maintenance Fee (Due prior to final acceptance of sanitary sewer. To be included in letter of credit for construction of sewers.) $10,000/pump station
(4) Cleanout Inspection Fee
$50.00 for each cleanout and $25.00 for repeat inspections of the same cleanout.

(5) Interceptor Review and Construction Monitoring Fee
$350.00/project

E. **Charges for Private Sewer Maintenance**

The following rates shall be charged for tape snaking of private sewer laterals:

- Single and Double Dwelling: $25.00
- Four or More Family Dwelling: $50.00

RESOLUTION NO. ____ OF 2020

CONFIRMING SCALE OF CHARGES FOR GATES-CHILI-OGDEN SEWER DISTRICT, NORTHWEST QUADRANT PURE WATERS DISTRICT, IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT AND ROCHESTER PURE WATERS DISTRICT, COUNTY SEWER DISTRICTS FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Gates-Chili-Ogden Sewer District, Northwest Quadrant Pure Waters District, Irondequoit Bay South Central Pure Waters District and Rochester Pure Waters District have, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities for each of the County Pure Waters Districts and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by each of the Districts; and

WHEREAS, the Administrative Board of the Gates-Chili-Ogden Sewer District, Northwest Quadrant Pure Waters District, Irondequoit Bay South Central Pure Waters District and Rochester Pure Waters District have, pursuant to §266 of the County Law of the State of New York and Resolution No. 502 of 1971, as amended by Resolution No. 337 of 1974, relating to the Rochester Pure Waters District, and pursuant to Section 266 of the County Law of the State of New York and Resolution Nos. 417 and 418 of 1973, and 449 of 1976, relating to the remaining pure waters districts, as adopted by the County Legislature of the County of Monroe, called public hearings, said hearings having been held on the 8th day of December, 2020, at 6:15 p.m., 6:16 p.m., 6:17 p.m. and 6:18 p.m., respectively.

NOW, THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

GATES-CHILI-OGDEN SEWER DISTRICT
Operation and Maintenance Charge

$2.865 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge separately commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.
NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Gates-Chili-Ogden Sewer District:
$300.00 per connection - residential
$400.00 per connection - non-residential

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 + 300 + 10}
\]

Definitions:

S.F. = Surcharge Factor.
BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

OTHER CHARGES - WHERE APPLICABLE

A. Application Fees for Licenses or Permits under the Sewer Use Law

(1) Initial Application for License or Permit (3 Year) $125.00
(2) Renewal License or Permit Applications (3 Year) $75.00
(3) Initial or Renewal Application for Scavenger Waste Permit where application is licensed under Environmental Conservation Law Section 27-0301 of New York State $30.00

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

IRONDEQUOIT BAY SOUTH CENTRAL PURE WATERS DISTRICT
Operation and Maintenance Charge

$1.4525 per 1,000 gallons of water consumption (see Notes 1-3).

Operation and Maintenance Charge for properties Receiving Local Collection System Services

$2.47 per 1,000 gallons of water consumption (see Notes 1-3).

1. This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.

2. This charge is subject to change based on financial obligations of the District.

3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons.
per unit for the user charge separately commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.

4. In-District and out-of-District agreements may be developed based on but not limited to loadings placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Irondequoit Bay South Central Pure Waters District:
$250.00 per connection - residential
$350.00 per connection - non-residential

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

\[
S.F. = \frac{a(BOD-300) + b(SS-300) + d(P-10)}{300 300 10}
\]

Definitions:

S.F. = Surcharge Factor.
BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.
SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.
P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.
a = Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.
b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.
d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

OTHER CHARGES - WHERE APPLICABLE

A. Application Fees for Licenses or Permits under the Sewer Use Law

(1) Initial Application for License or Permit (3 Year) $125.00
(2) Renewal License or Permit Applications (3 Year) $75.00
(3) Initial or Renewal Application for Scavenger Waste Permit where application is licensed under Environmental Conservation Law Section 27-0301 of New York State $30.00

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize Various Budget Appropriations Transfers Related to the 2020 Operating Budget

Honorable Legislators:

I recommend that Your Honorable Body authorize a series of budget appropriations transfers which will revise the 2020 amended budget to conform to the 2020 anticipated financial needs. The general purpose of these transactions is to assist the Controller with preparation of the closing for the 2020 fiscal year.

This action is consistent with similar actions taken in prior years and serves to appropriate additional revenues related to state mandated expenditures and transfers between funds. It is authorized by Monroe County Administrative Code Section A8-4, "Supplemental Appropriations", Section A8-6, "Unanticipated Revenues" and Section A8-8, "Budget Controls."

The specific legislative action required is to authorize various budget appropriations transfers related to the 2020 operating budget in accordance with the attachment hereto.

There will be no net effect on the County's property tax levy as a result of this action.

I recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: 2020 Equalization Table - Real and Franchise Property and Ratios of Assessed Value To Full Value

Honorable Legislators:

I recommend that Your Honorable Body approve the 2020 Equalization Table for the City of Rochester and the towns of Monroe County.

The valuations on real and franchise property are to be used in extending and figuring taxes for the various tax districts for tax year 2021. The table shows real and franchise assessed value of $46,038,405,469 and full value real and franchise of $48,689,416,273 resulting from application of the equalization rates.

The specific legislative action required is to approve the 2020 Equalization Table for the City of Rochester and the towns of Monroe County.

This proposal will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

AJB:db
RESOLUTION NO. ___ OF 2020

2020 EQUALIZATION TABLE - REAL AND FRANCHISE PROPERTY AND RATIOS OF ASSESSED VALUE TO FULL VALUE

WHEREAS, the County Executive and Director of Finance, have submitted the 2020 Assessment Rolls for the City of Rochester and the Towns of Monroe County, reflecting the total assessment value, real and franchise, of $46,038,405,469 and

WHEREAS, application of the County’s equalization rates result in full value, real and franchise, of $48,689,416,273.

NOW, THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. That in extending and figuring taxes for the various tax districts for the tax year 2020, the Clerk of the Legislature is hereby directed to make use of the valuations on real and franchise property as follows:

Subject: Unpaid School Taxes

Honorable Legislators:

I recommend that Your Honorable Body approve the schedule of Unpaid School Taxes from the several school districts of the towns of Monroe County. The detailed schedules for each town and school district have been filed with the Clerk of the Legislature. A summary schedule is attached for your review.

Pursuant to Section 1330 of the New York State Real Property Tax Law, unpaid school taxes must be assessed upon the real estate of the parties named in the schedules returned by the school tax collector.

The specific legislative actions required are:

1. Authorize the unpaid school taxes and penalties from the several school districts within the towns of Monroe County be assessed upon the real estate of the parties named in the several schedules returned by the school tax collectors.

2. Direct the assessment of a penalty of 7% upon real estate of the parties named in the several schedules returned by the school tax collectors, as required under Section 1330 of the New York State Real Property Tax Law.

3. Authorize the Director of Finance to pay to the Treasurer of the various school districts, the amounts of delinquent tax set forth in the attached schedule, said amounts to be paid from appropriated revenue.

4. Authorize the Director of Finance to credit the penalty of 7% to the Returned School Tax Assessment.

This proposal will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
RESOLUTION NO. ___ OF 2020

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize Director of Finance to Make Refunds or Corrections of Taxes for Year 2021

Honorable Legislators:

I recommend that Your Honorable Body, pursuant to Section 556 of the New York State Real Property Tax Law, authorize the Director of Finance for the County of Monroe to perform those duties prescribed for the making of tax refunds and corrections where the amount of the recommended refund or correction of errors is $2,500 or less.

Section 556 enables a tax levying body to pass a resolution authorizing the administrative refund of taxes in the amount of $2,500 or less. This section also requires a monthly report listing each recipient’s name, property location, and refund or correction amount be submitted to the County Legislature. The effect of the resolution is limited to the calendar year 2021. This procedure has been in effect since 1985 and does not require any additional appropriation.

The specific legislative action required is to designate the Director of Finance as the official to perform the tax refund or correction duties where the amount of the recommended refund or correction is $2,500 or less and to limit the effect of the resolution to the calendar year 2021.

This legislative action will have no net County support impact in the current Monroe County budget.

I recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Honorable Legislators:

I am submitting for your consideration and approval the proposed 2021 operating budget for Monroe County.

This is the first budget that I am submitting as Monroe County Executive, and one that is presented amidst the COVID-19 pandemic and all the challenges that continue to confront our community. Nevertheless, we have put together a responsible, realistic budget that tackles our financial issues head-on, is responsive to lingering uncertainties and positions us better for our future. The budget complies with the Monroe County Taxpayer Protection Act and the New York State property tax cap.

Overall, the 2021 proposed budget calls for $1.237 billion in spending, an increase of just $4.7 million or 0.4% over the adopted 2020 budget, well below the 1.4% rate of inflation. Additionally, the proposed budget reduces the tax rate by $0.26 to $8.53 per $1,000 assessed value, which is the largest decrease in the County tax rate in almost 20 years.

We have done all this while also changing budgetary tactics used by previous administrations. We will no longer include the “Snow Tax,” a below-the-line fee that removed the cost for snow and ice removal on County roads, from the general levy. Instead, it has been returned to the tax levy where it belongs. Additionally, we are phasing out the sale of delinquent tax liens, which were once used to bolster revenue during difficult budget years but worsened problems with vacant homes in neighborhoods throughout Monroe County.

The 2021 County budget makes new and critical investments in vital County services and programs while remaining mindful of the lingering effects of COVID-19. Many of our priorities in this year’s spending plan were outlined in the Monroe County Transition Report. Released on February 11, 2020, the Transition Report was the first community-stakeholder driven effort for County government in over 30 years. It represents the input of over 130 committee members who helped to identify critical issues for my administration to confront and features 235 recommended strategies to address those issues.

As part of my commitment to creating a more equitable and diverse County government, the proposed budget fully funds the newly created Department of Diversity, Equity and Inclusion, which will be led by a Chief Diversity Officer. This department will assist all other County departments and offices with recruitment and retention of employees from historically underrepresented communities. It will also work to improve our MWBE selection procedures, and investigate internal complaints of discrimination, harassment, hostile work environment, and unequal treatment.

November 5, 2020
We are also making a significant investment in our efforts to combat the opioid crisis and addiction services throughout Monroe County. We recently hired Monroe County’s first ever Addiction Services Director to lead the Improving Addiction and Coordination Team (IMPACT). The eight-member IMPACT team will operate out of the Monroe County Department of Public Health, and will coordinate services and care for this multi-faceted program.

Lastly, we are ensuring that our children and families have the resources they need to succeed in our community. We have expanded the Early Intervention services program staff to provide more support for children with special needs, improved transportation services for pre-school special education students and fully funded all child protective service staff positions.

We remain mindful of the continued effects the COVID-19 pandemic will have on our local economy in 2021. The proposed budget appropriates $116 million in fund balance to help cover some of the anticipated revenue losses for next year, with the anticipation that revenue sources like sales tax and state aid will rebound.

As you can see, the 2021 County budget will serve as our blueprint as we continue to respond and recover from the COVID-19 pandemic, while also responding to the call of action from the Monroe County Transition Report. While being mindful of our uncertainties, we have still been able to make new and critical investments in vital County services and programs.

I am incredibly proud of the work my administration has done in the face of uncertainty. The 2021 proposed Monroe County budget not only embraces fiscal discipline, it also puts the needs and priorities of our community at the forefront. I am confident that our community will be stronger and better as we continue to respond to and recover from the COVID-19 pandemic and the impact it has had on our entire community.

The specific legislative actions required are:

1. Pursuant to Section C4-3 of the Monroe County Charter, schedule a public hearing on the 2021 Monroe County Budget and direct the Clerk of the Legislature to cause notice of said public hearing to be published at least once in one or more daily newspapers of general circulation in the County at least five (5) days before the date of said hearing and to cause a summary of said budget, as attached hereto, to be published with said notice.

2. Pursuant to Section C4-4 of the Monroe County Charter, adopt the Monroe County 2021 Budget after said public hearing having been held.

3. Establish the 2021 Classification, Compensation and Salary Schedule for employees of the County of Monroe, as contained in the 2021 Monroe County Budget.

I recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

A JB/db

### FUND SUMMARY AND TAX LEVY COMPUTATION
#### 2021 BUDGET

This schedule presents appropriations and revenues by fund. A fund is a self-balancing group of accounts. For fund accounting purposes the entire real estate tax levy is received into the General Fund. The "Transfer From Other Funds" column includes the amounts required from the General Fund to support other funds. The Pure Waters Fund is supported by unit charges to users.

Monroe County Legislature - December 8, 2020
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Honorable Legislators:

I am submitting for your consideration and approval the proposed 2021 operating budget for Monroe County.

This is the first budget that I am submitting as Monroe County Executive, and one that is presented amidst the COVID-19 pandemic and all the challenges that continue to confront our community. Nevertheless, we have put together a responsible, realistic budget that tackles our financial issues head-on, is responsive to lingering uncertainties and positions us better for our future. The budget complies with the Monroe County Taxpayer Protection Act and the New York State property tax cap.

Overall, the 2021 proposed budget calls for $1.237 billion in spending, an increase of just $4.7 million or 0.4% over the adopted 2020 budget, well below the 1.4% rate of inflation. Additionally, the proposed budget reduces the tax rate by $0.26 to $8.53 per $1,000 assessed value, which is the largest decrease in the County tax rate in almost 20 years.

We have done all this while also changing budgetary tactics used by previous administrations. We will no longer include the “Snow Tax,” a below-the-line fee that removed the cost for snow and ice removal on County roads, from the general levy. Instead, it has been returned to the tax levy where it belongs. Additionally, we are phasing out the sale of delinquent tax liens, which were once used to bolster revenue during difficult budget years but worsened problems with vacant homes in neighborhoods throughout Monroe County.

The 2021 County budget makes new and critical investments in vital County services and programs while remaining mindful of the lingering effects of COVID-19. Many of our priorities in this year’s spending plan were outlined in the Monroe County Transition Report. Released on February 11, 2020, the Transition Report was the first community-stakeholder driven effort for County government in over 30 years. It represents the input of over 130 committee members who helped to identify critical issues for my administration to confront and features 235 recommended strategies to address those issues.

As part of my commitment to creating a more equitable and diverse County government, the proposed budget fully funds the newly created Department of Diversity, Equity and Inclusion, which will be led by a Chief Diversity Officer. This department will assist all other County departments and offices with recruitment and retention of employees from historically underrepresented communities. It will also work to improve our MWBE selection procedures, and investigate internal complaints of discrimination, harassment, hostile work environment, and unequal treatment.
We are also making a significant investment in our efforts to combat the opioid crisis and addiction services throughout Monroe County. We recently hired Monroe County’s first ever Addiction Services Director to lead the Improving Addiction and Coordination Team (IMPACT). The eight-member IMPACT team will operate out of the Monroe County Department of Public Health, and will coordinate services and care for this multi-faceted program.

Lastly, we are ensuring that our children and families have the resources they need to succeed in our community. We have expanded the Early Intervention services program staff to provide more support for children with special needs, improved transportation services for pre-school special education students and fully funded all child protective service staff positions.

We remain mindful of the continued effects the COVID-19 pandemic will have on our local economy in 2021. The proposed budget appropriates $11.6 million in fund balance to help cover some of the anticipated revenue losses for next year, with the anticipation that revenue sources like sales tax and state aid will rebound.

As you can see, the 2021 County budget will serve as our blueprint as we continue to respond and recover from the COVID-19 pandemic, while also responding to the call of action from the Monroe County Transition Report. While being mindful of our uncertainties, we have still been able to make new and critical investments in vital County services and programs.

I am incredibly proud of the work my administration has done in the face of uncertainty. The 2021 proposed Monroe County budget not only embraces fiscal discipline, it also puts the needs and priorities of our community at the forefront. I am confident that our community will be stronger and better as we continue to respond to and recover from the COVID-19 pandemic and the impact it has had on our entire community.

The specific legislative actions required are:

1. Pursuant to Section C4-3 of the Monroe County Charter, schedule a public hearing on the 2021 Monroe County Budget and direct the Clerk of the Legislature to cause notice of said public hearing to be published at least once in one or more daily newspapers of general circulation in the County at least five (5) days before the date of said hearing and to cause a summary of said budget, as attached hereto, to be published with said notice.

2. Pursuant to Section C4-4 of the Monroe County Charter, adopt the Monroe County 2021 Budget after said public hearing having been held.

3. Establish the 2021 Classification, Compensation and Salary Schedule for employees of the County of Monroe, as contained in the 2021 Monroe County Budget.

I recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
By Legislators ________ and ________

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend Resolution 405 of 2017, as Amended by Resolution 88 of 2020 and Resolution 254 of 2020 to Authorize Two One-Year Contract Renewals with PrimeCare Medical of New York, Inc.

Honorable Legislators:

This matter is referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body amend Resolution 405 of 2017, as amended by Resolution 88 of 2020 and Resolution 254 of 2020, to authorize two (2) one-year contract renewals with PrimeCare Medical of New York, Inc. The first renewal is for the period of January 14, 2021 through January 13, 2022 in an amount not to exceed $11,741,012. The second renewal is for the period of January 14, 2022 through January 13, 2023 in an amount not to exceed $12,091,623.

Under this agreement, PrimeCare Medical of New York, Inc. provides comprehensive medical and mental health care for inmates in the custody of the Monroe County Sheriff. The contract renewals will include COVID-19 testing for inmates for all or such portion of the renewal terms as determined to be medically appropriate.

A request for proposals was issued in 2017 for this contract and PrimeCare Medical of New York, Inc. was selected as the most qualified to provide the service.

The specific legislative action required is to amend Resolution 405 of 2017, as amended by Resolution 88 of 2020 and Resolution 254 of 2020, to authorize two (2) one-year contract renewals with PrimeCare Medical of New York, Inc. for the period of January 14, 2021 through January 13, 2022 in an amount not to exceed $11,741,012, and for the period of January 14, 2022 through January 13, 2023 in an amount not to exceed $12,091,623.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the proposed 2021 operating budget of the Sheriff’s Office, general fund 9001, funds center 3804090000, Jail Medical, and will be requested in future years’ budgets. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

RESOLUTION NO. ___ OF 2020

AMENDING RESOLUTION 405 OF 2017, AS AMENDED BY RESOLUTION 88 OF 2020 AND RESOLUTION 254 OF 2020 TO AUTHORIZE TWO ONE-YEAR CONTRACT RENEWALS WITH PRIMECARE MEDICAL OF NEW YORK, INC.

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Section 1 of Resolution 405 of 2017, as amended by Resolution 88 of 2020 and Resolution 254 of 2020, is amended as follows:

The County Executive, or his designee, is hereby authorized to execute a contract, and any amendments thereto, with PrimeCare Medical of New York, Inc., for comprehensive medical and mental health care for the inmates in the custody of the Monroe County Sheriff in an amount not to exceed $33,124,891, which shall include Covid-19 testing of all incoming inmates at the Monroe County Jail, for the period of August 11, 2020 through January 13, 2021, with the option for two (2) one-year contract renewals for the period of January 14, 2021 through January 13, 2022 in an amount not to exceed $11,741,012 and for the period of January 14, 2022 through January 13, 2023 in an amount not to exceed $12,091,623.

Section 2. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Subject: Authorize an Intermunicipal Agreement with the City of Rochester for a Firearms Instructor

Honorable Legislators:

I recommend that Your Honorable Body authorize an intermunicipal agreement with the City of Rochester in an amount not to exceed $55,675 for a Firearms Instructor for the period of January 1, 2021 through December 31, 2021.

Under the terms of the intermunicipal agreement, the City of Rochester will pay for the services of a Firearms Instructor to train all Monroe County police officers in the use of firearms. The annualized amount of the agreement is the same as last year.

The specific legislative action required is to authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with the City of Rochester for a Firearms Instructor in an amount not to exceed $55,675 for the period of January 1, 2021 through December 31, 2021.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this agreement is included in the proposed 2021 operating budget of the Department of Public Safety, general fund 9001, funds center 2408010200, Central Police Services, Firearms Training. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize Intermunicipal Agreements with Ten Municipalities in Monroe County for the STOP-DWI
Law Enforcement Program

Honorable Legislators:

I recommend that Your Honorable Body authorize intermunicipal agreements with the City of Rochester and nine (9) towns and villages within Monroe County that have local police departments for the STOP-DWI Law Enforcement Program in the total amount of $169,430 for the period of January 1, 2021 through December 31, 2021.

Under the terms of the intermunicipal agreements, the County will reimburse local police departments for anti-DWI enforcement efforts during 2021. The funding formula includes a base allocation of $3,000 per police department, plus a percentage of the remaining funding derived from the 2019 DWI arrest totals of each law enforcement agency. Additional funding for the Victim Impact Panel (VIP) responsibilities is allocated to reimburse each participating law enforcement agency for security and general support, and is derived from fees paid by offenders to attend the panel.

The specific legislative action required is to authorize the County Executive, or his designee, to execute intermunicipal agreements, and any amendments thereto, with the City of Rochester and the nine (9) towns and villages listed below for the STOP-DWI Law Enforcement Program in the total amount of $169,430 for the period of January 1, 2021 through December 31, 2021:

Subject: Acceptance of a Grant from the New York State Governor's Traffic Safety Committee for the Comprehensive Toxicology Testing in Driving Under the Influence and Driving Under the Influence of Drugs Program (Office of the Medical Examiner)

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Governor’s Traffic Safety Committee in the amount of $52,545 for the Comprehensive Toxicology Testing in Driving Under the Influence and Driving Under the Influence of Drugs Program for the period of October 1, 2020 through September 30, 2021.

The purpose of this grant is to improve highway safety by expanding the forensic toxicology services provided by the Office of the Medical Examiner’s Forensic Toxicology Laboratory (“Tox Lab”) in alcohol and drugged driving impairment cases. The Tox Lab provides alcohol and comprehensive drug testing as well as expert testimony in driving impairment cases. This grant will also allow the Tox Lab to perform the research, method development, and validation necessary to expand the scope of its drugged driving testing to include many of the new synthetic opioids and other novel compounds currently being widely abused and to analyze regional trends in drugged driving. In addition, the grant provides training funds to enhance the expertise of analysts when testifying regarding the effects of drugs on driving performance. This will be the ninth year the County has received this grant. This year’s funding represents a decrease of $7,125 from last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $52,545 grant from, and to execute a contract and any amendments thereto with, the New York State Governor’s Traffic Safety Committee for the Comprehensive Toxicology Testing in Driving Under the Influence and Driving Under the Influence of Drugs Program for the period of October 1, 2020 through September 30, 2021.

2. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any uncumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
3. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this grant is included in the proposed 2021 operating budget of the Department of Public Health, general fund 9001, funds center 5804020100, Forensic Lab/DUI.

This grant is 100% funded by the New York State Governor’s Traffic Safety Committee. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Authorize a Contract with the University of Rochester Pulmonary Group for the Monroe County Department of Public Health Tuberculosis Control Program

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with the University of Rochester Pulmonary Group in an amount not to exceed $124,000 for physician services for the Monroe County Department of Public Health Tuberculosis ("TB") Control Program for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year terms in an annual amount not to exceed $126,480 for the first renewal and in an annual amount not to exceed $129,010 for the second renewal.

This contract will support the County’s TB Control Program. The University of Rochester Pulmonary Group will provide contracted physicians for the purpose of diagnosis, consultation and supervision of treatment for TB and related pulmonary diseases of patients at the TB Clinic.

A Request for Qualifications was issued for this contract with the University of Rochester Pulmonary Group the sole responder.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with the University of Rochester Pulmonary Group, 601 Elmwood Avenue, Rochester, New York, 14642, for physician services for the Monroe County Department of Public Health Tuberculosis Control Program, in an amount not to exceed $124,000 for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year terms in an annual amount not to exceed $126,480 for the first renewal and in an annual amount not to exceed $129,010 for the second renewal.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the proposed 2021 operating budget of the Department of Public Health, general fund 9001, funds center 5802020000, Tuberculosis Control Programs, and will be requested in future years budgets. No additional net County support is required in the current Monroe County budget.

The University of Rochester is a not-for-profit entity, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Authorize a Contract with the University of Rochester for Support of the Forensic Pathology Fellowship Program at the Monroe County Office of the Medical Examiner

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with the University of Rochester in an amount not to exceed $83,000 for support of the Forensic Pathology Fellowship Program at the Monroe County Office of the Medical Examiner for the period of January 1, 2021 through December 31, 2021.

Under the terms of this contract, the Office of the Medical Examiner (“OME”) will provide a one-year fellowship term for one physician seeking board examination eligibility. During the rotation, the knowledge and skills of the fellow, selected by the OME from candidates vetted by the University of Rochester and then maintained under the University of Rochester Human Resources and Graduate Medical Education Departments, will be enhanced and expanded through this additional education in the specialized field of forensic medicine. The fellowship will provide opportunities to learn, in part, about the Coroner and Medical Examiner system in New York State, the principles of death certification, and the role of forensic disciplines. Additionally, at the completion of the fellowship program, the fellow would be eligible for the Forensic Pathology Board Certification Examination. The fellowship program is twelve (12) months in length, with the actual fellowship term being July 1 through June 30. This contract will address the second half of the current fellowship year ending June 30, 2021 and provide for the first half of a new fellowship year that will begin July 1, 2021.

To establish the fellowship, OME must partner with an institution that offers Graduate Medical Education Programs in the closely related field of Medical Clinical Pathology. It has been determined that the University of Rochester is a sole source provider for the Forensic Pathology Fellowship Program.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with the University of Rochester, 601 Elmwood Avenue, Rochester, New York 14642, for support of the Forensic Pathology Fellowship Program at the Monroe County Office of the Medical Examiner in the amount of $83,000 for the period of January 1, 2021 through December 31, 2021.

November 6, 2020
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the proposed 2021 operating budget of the Department of Public Health, general fund 9001, funds center 5804010000, Forensic Path/Admin. No additional net County support is required in the current Monroe County budget.

The University of Rochester is a not-for-profit entity, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Monroe County Legislature - December 8, 2020
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize a Contract with Nurse-Family Partnership (National Service Office) for Support of the Nurse-Family Partnership Program

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Nurse-Family Partnership (National Service Office) in an amount not to exceed $35,064 for support of the Nurse-Family Partnership ("NFP") program for the period of January 1, 2021 through December 31, 2021.

This contract will support the County’s existing NFP program. The NFP program is an evidence-based nurse home visiting program that has been rigorously evaluated and includes expertly trained nurses delivering the services per a standard curriculum. The NFP program provides home visits to high-risk, first-time mothers, their infants and families to improve their pregnancy outcomes and their health, well-being and self-sufficiency. The national office of Nurse-Family Partnership provides services to communities in implementing and sustaining the NFP program, including program implementation support, education of nurse home visitors and supervisors and ongoing clinical support, agency management and operations support, evaluation, reporting and quality improvement support, federal policy and program financing support, and marketing and community outreach resources.

It has been determined that Nurse-Family Partnership (National Service Office) is a sole source provider for the NFP program services as they have the exclusive rights to replicate the NFP program.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract and any amendments thereto, with Nurse-Family Partnership (National Service Office), 1900 Grant Street, Suite 400, Denver, Colorado 80203 for support of the Nurse-Family Partnership program in an amount not to exceed $35,064 for the period of January 1, 2021 through December 31, 2021.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the proposed 2021 operating budget of the Department of Public Health, general fund 9001, funds center 5803050000, Nurse-Family Partnership. No additional net County support is required in the current Monroe County budget.

Nurse-Family Partnership is a not-for-profit entity, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Authorize a Contract with Rochester Regional Health, through its Rochester General Hospital Permitted Laboratories, to Provide Clinical Laboratory Services for the Monroe County Department of Public Health

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Rochester Regional Health in an amount not to exceed $284,000, to provide clinical laboratory services through its Rochester General Hospital Permitted Laboratories for the Monroe County Department of Public Health ("MCDPH") for the period of January 1, 2021 through December 31, 2021 with the option to renew for two (2) additional one-year terms, with each additional term in an amount not to exceed $284,000 per year.

This contract will support the County's Tuberculosis Control Program, Sexually Transmitted Disease Clinic and Control Program, and the Office of the Medical Examiner. This vendor will provide clinical laboratory services including but not limited to microbiological and hematological testing of specimens submitted by the MCDPH.

A Request for Qualifications was issued for this contract with Rochester Regional Health, through its Rochester General Hospital Permitted Laboratories, the sole responder.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract and any amendments thereto, with Rochester Regional Health, 1425 Portland Avenue, Rochester, New York 14621 to provide clinical laboratory services through its Rochester General Hospital Permitted Laboratories for the Monroe County Department of Public Health in an amount not to exceed $284,000 for the period of January 1, 2021 through December 31, 2021 with the option to renew for two (2) additional one-year terms, with each additional term in an amount not to exceed $284,000 per year.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.
Funding for this contract is included in the proposed 2021 operating budget of the Department of Public Health, general funds 9001 and 9300, funds centers 5802020000, Tuberculosis Control Programs, 5802030100, STD Clinic, 5802030200, STD Investigation & Prevention and 5804010000, Forensic Pathology & ME Admin, and will be included in future years’ budgets. No additional net County support is required in the current Monroe County budget.

Rochester Regional Health is a not-for-profit entity, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

November 20, 2020

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend Resolution 168 of 2020 to Increase the Contract with Quest Diagnostics Incorporated to Provide Employees and Contractors of Monroe Community Hospital with COVID-19 Testing to Comply with the New York State Governor’s Executive Order 202.30 as it Relates to the COVID-19 State of Emergency

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 168 of 2020 to increase the contract with Quest Diagnostics Incorporated from a total amount not to exceed $1,500,000 to a total amount not to exceed $3,000,000 to provide employees and contractors of Monroe Community Hospital (“MCH”) with COVID-19 testing to comply with the New York State Governor’s Executive Order 202.30, any extensions or modifications thereof pursuant to the COVID-19 State of Emergency, and any other federal, New York State, or local testing requirements for the period of May 20, 2020 through December 31, 2020, with the option to renew for one (1) additional one-year term at an amount not to exceed $3,000,000.

The Governor’s Executive Order 202.30 provides that nursing home employees must be tested twice weekly to help stop the spread of COVID-19 to its vulnerable population. That Executive Order has been amended to require employee testing to once per week, but New York State also requires twice-weekly testing for facilities in red, orange, or yellow zone-designated communities, pursuant to the Governor’s Executive Order 202.73. MCH also must comply with U.S. Centers for Medicare and Medicaid Services regulations requiring employee testing, which services from Quest Diagnostics Incorporated also satisfy, based on the frequency of MCH staff test submissions. MCH must maintain a certain level of staffing to ensure proper resident care and safety.

The specific legislative action required is to amend Resolution 168 of 2020 to increase the contract with Quest Diagnostics Incorporated from a total amount not to exceed $1,500,000 to a total amount not to exceed $3,000,000 to provide employees and contractors of Monroe Community Hospital with COVID-19 testing to comply with the New York State’s Governor’s Executive Order 202.30, any extensions or modifications thereof pursuant to the COVID-19 State of Emergency, and any other federal, New York State, or local testing requirements for the period of May 20, 2020 through December 31, 2020 with the option to renew for one (1) additional one-year term at an amount not to exceed $3,000,000.

Subject: Amend Resolution 168 of 2020 to Increase the Contract with Quest Diagnostics Incorporated to Provide Employees and Contractors of Monroe Community Hospital with COVID-19 Testing to Comply with the New York State Governor’s Executive Order 202.30 as it Relates to the COVID-19 State of Emergency

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 168 of 2020 to increase the contract with Quest Diagnostics Incorporated from a total amount not to exceed $1,500,000 to a total amount not to exceed $2,700,000 to provide employees and contractors of Monroe Community Hospital ("MCH") with COVID-19 testing to comply with the New York State Governor’s Executive Order 202.30, any extensions or modifications thereof pursuant to the COVID-19 State of Emergency, and any other federal, New York State, or local testing requirements for the period of May 20, 2020 through December 31, 2020.

The Governor’s Executive Order 202.30 provides that nursing home employees must be tested twice weekly to help stop the spread of COVID-19 to its vulnerable population. That Executive Order has been amended to require employee testing to once per week. MCH also must comply with U.S. Centers for Medicare and Medicaid Services regulations requiring employee testing, with call for Quest Diagnostics Incorporated to handle the frequency of MCH staff test submissions, currently at approximately 750 tests weekly. MCH must maintain a certain level of staffing to ensure proper resident care and safety.

The specific legislative action required is to amend Resolution 168 of 2020 to increase the contract with Quest Diagnostics Incorporated from a total amount not to exceed $1,500,000 to a total amount not to exceed $2,700,000 to provide employees and contractors of Monroe Community Hospital with COVID-19 testing to comply with the New York State’s Governor’s Executive Order 202.30, any extensions or modifications thereof pursuant to the COVID-19 State of Emergency, and any other federal, New York State, or local testing requirements for the period of May 20, 2020 through December 31, 2020.
Funding for this contract is included in the 2020 operating budget of the Department of Finance, general fund 9001, funds center 1209070100, State of Emergency. No net County support is required in the current Monroe County budget.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

The records in the Office of the Monroe County Treasurer have indicated that neither Quest Diagnostics Incorporated, nor its principal officer, Stephen H. Rusckowski, CEO owe any delinquent Monroe County Property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Authorize a Contract with Medical Billing & Consulting Solutions, Inc. to Provide Comprehensive Medical Billing Services for Monroe Community Hospital

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Medical Billing & Consulting Solutions, Inc. in an amount not to exceed $250,000 to provide coordination and management of all billing activities and functions for Monroe Community Hospital ("MCH") for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year terms in an amount not to exceed $250,000 annually.

Under this agreement, the vendor will provide staff and specialized managerial oversight of MCH’s Billing Department, supplementing the existing MCH billing staff. The additional billing staff and Billing Director will allow MCH to maximize their revenue cycle, identify opportunities, and implement policies and processes that follow industry best practices.

Monroe County’s Minority and Women-Owned Business Enterprise ("M/WBE") Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals ("RFP") was issued for this contract. M/WBE utilization was not a selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFPs. Requests for Qualifications, and Expressions of Interest going forward. Medical Billing and Consulting Solutions, Inc. was selected as the most qualified to provide these services, but is not listed in New York State’s M/WBE Directory of Certified Firms.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract and any amendments thereto, with Medical Billing & Consulting Solutions, Inc., 248 Branchbrook Drive, Henrietta, New York 14467, to provide coordination and management of all billing activities and functions for Monroe Community Hospital in an amount not to exceed $250,000 for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year terms in an amount not to exceed $250,000 annually.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the proposed 2021 operating budget of Monroe Community Hospital, hospital fund 9012, funds center 6201030000, A&G Fiscal Services, and will be requested in future years' budgets. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated neither Medical Billing & Consulting Solutions, Inc., nor its principal officer, Adelaida Samuels, President, owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Authorize a Contract with Morrison Healthcare, a Division of Compass Group USA, Inc. for Food, Nutritional and Vending Service Management and Operation at Monroe Community Hospital

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Morrison Healthcare, a Division of Compass Group USA, Inc. in an amount not to exceed $2,612,372 to provide food, nutritional, and vending service management and operation for residents at Monroe Community Hospital ("MCH") for the period of January 1, 2021 through December 31, 2023, with the option to renew for two (2) additional one-year terms at $913,797 and $936,642 per year, respectively (an increase of 2.5% per year).

The New York State Department of Health ("NYSDOH") requires that adequate nutrition and clinical support for all residents of health care facilities is provided. Proper nutrition is crucial for this frail population. Morrison Healthcare has been the vendor for food services at MCH since 1996. Under their management, MCH has been able to provide for the nutritional needs of the residents in an appealing, cost-effective manner, while meeting rigorous NYSDOH regulations. Morrison Healthcare has proven through its years of service at MCH that it is able to continue to meet the challenges of providing for this diverse population. This contract includes all nutritional service management expenses, including management, labor, and fees, but does not include MCH personnel costs.

A request for proposals was issued for this contract with Morrison Healthcare, a Division of Compass Group USA, Inc. being the only respondent.

The specific legislative action required is to authorize the County Executive or his designee to execute a contract, and any amendments thereto, with Morrison Healthcare, a Division of Compass Group USA, Inc., 5801 Peachtree Dunwoody Road, Atlanta, Georgia 30342, to provide food, nutritional, and vending service management and operation for residents of Monroe Community Hospital in an amount not to exceed $2,612,372 for the period of January 1, 2021 through December 31, 2023, with the option to renew for two (2) additional one-year terms at $913,797 and $936,642 per year, respectively (an increase of 2.5% per year).
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the proposed 2021 operating budget of Monroe Community Hospital, hospital fund 9012, funds center 6202080000, Dietary, and will be requested in future years budgets. No additional net County support is required in the current Monroe County Budget.

The records in the Office of the Monroe County Treasury have indicated that neither Morrison Healthcare, Inc., nor any of its principal officers, owes any delinquent Monroe County property taxes. The principal officers of the firm are:

   Tim Pierce, CEO/President
   Glenn Robinson, Northeast Division President
   Howard Weinstein, Regional Vice President
   Christopher Carone, Regional Director of Operations

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Authorize Contracts to Provide Temporary Respiratory Therapy Staff at Monroe Community Hospital

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with Barton Healthcare Staffing, LLC; All Source Recruiting Group, Inc. (DBA Aror Health Solutions); Staff Today Inc.; Cross Country Staffing, Inc. (DBA Cross Country Healthcare Services), and any other qualified respiratory therapy staffing agency in a total amount not to exceed $300,000 collectively to provide respiratory therapy staff relief on a temporary basis at Monroe Community Hospital ("MCH"), for the period January 1, 2021 through December 31, 2021, with the option to renew for three (3) additional one-year terms in a total amount not to exceed $300,000 collectively per year with a three (3) percent inflation consideration added to each year.

MCH must maintain adequate clinical staffing for patient care. These contracts will provide for temporary relief services needed to cover absences due to illness, injury on duty, vacations, and job vacancies for respiratory therapy services at MCH. The necessity of having a number of temporary agencies to provide respiratory therapy personnel is crucial in order to assure proper staffing is met at all times.

Monroe County’s Minority and Women-Owned Business Enterprise ("M/WBE") Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals ("RFP") was issued for this contract. M/WBE utilization was not a selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFPPs, Requests for Qualifications, and Expressions of Interest going forward. Barton Healthcare Staffing LLC; All Source Recruiting Group, Inc. (DBA Aror Health Solutions); Staff Today Inc.; and Cross Country Staffing, Inc. (DBA Cross Country Healthcare Services) were selected as the most qualified to perform the services, but are not listed in New York State’s M/WBE Directory of Certified Firms.

The specific legislative action required is to authorize the County Executive, or his designee to execute contracts, and any amendments thereto, with Barton Healthcare Staffing, LLC, 300 Jubilee Drive, Floor 2, Peabody, Massachusetts 01970; All Source Recruiting Group, Inc. (DBA Aror Health Solutions), 5830 Coral Ridge Drive, Suite 300, Coral Spring, Florida 33076; Staff Today Inc., 212 East Rowland Avenue #313, Covina, California 91723; Cross Country Staffing, Inc. (DBA Cross Country Healthcare Services), 6551 Park of Commerce, Boca Raton, Florida 33431; and any other qualified respiratory therapy staffing agency, to provide respiratory therapy staff relief on a temporary basis at Monroe Community Hospital, in a total amount not to exceed $300,000 collectively for the period of January 1, 2021 through December 31, 2021, with the option to renew for three (3) additional one-year terms in a total amount not to exceed $300,000 collectively per year with a three (3) percent inflation consideration added to each year.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(e)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts is included in the proposed 2021 operating budget of Monroe Community Hospital, hospital fund 9012, funds center 6203120000, Respiratory Therapy, and will be requested in future years' budgets. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Barton Healthcare Staffing LLC, All Source Recruiting Group (DBA Ardor Health Solutions), Staff Today Inc., Cross Country Staffing Inc. (DBA Cross Country Healthcare Services), nor any of their principal officers, owe any delinquent Monroe County Property taxes. The principal officers of the firms are:

**Barton Healthcare Staffing LLC**
Rob Indresano, President & COO
Lina Galletto, President

**All Source Recruiting Group**
Mike Lamie, Co-owner and CEO
Patty Lamia, Co-owner and CEO

**Staff Today Inc.**
Paul Mwangi, Founder
Dr. Aby Lillian Mamboleo, CEO
Andrea Goodwin, HR Manager

**Cross Country Staffing Inc.**

Subject: Authorize Contracts for the Provision of Mental Health, Developmental Disability, and Alcoholism and Substance Abuse Services in 2021 for the Monroe County Office of Mental Health

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with the agencies listed in Attachment A to this letter in a total amount not to exceed $39,904,351 for the provision of mental health, developmental disability, and alcoholism and substance abuse services for Monroe County residents for the period of January 1, 2021 through December 31, 2021.

The Monroe County Office of Mental Health coordinates and manages community behavioral health services in accordance with the local Mental Hygiene Services Plan by contracting with a wide range of local, direct services agencies. Funding for 2021 represents a net increase of $172,806 from 2020. The increase is the result of changes in funding among disabilities. The New York State Office of Mental Health also received an increase in the “per bed” funding rate for Supported Housing and Single Room Occupancy beds in 2020. In addition, the New York State Office of Addiction Services and Supports increased CFC’s residential programs. For Office for People With Developmental Disabilities New York State decreased funding for workshop programs.

Numerous Requests for Proposals were solicited for these services and the chosen vendors were selected as the most qualified to provide these services.

Please refer to the attached Purchase of Services Information Forms for disclosure of information required pursuant to Resolution 223 of 2007 as amended by Resolution 11 of 2008.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to execute contracts, and any amendments thereto, with the agencies listed in Attachment A and any other agencies as necessary to provide mental health, developmental disability, and alcoholism and substance abuse services for Monroe County residents, in a total amount not to exceed $39,904,351 for the period of January 1, 2021 through December 31, 2021.
2. Authorize the County Executive to appropriate any subsequent years of these funds, any returned contractor funds, or any deferred revenue, in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

3. Should funding of these programs be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program(s) and where applicable, to terminate or abolish some or all positions funded under such program(s). Any termination or abolishment of positions shall be in accordance with the New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts is included in the proposed 2021 operating budget of the Department of Human Services, Office of Mental Health, fund 9001, funds centers 5702010000, Mental Health Services; 5702030000, Alcohol and Other Substance Abuse Services; and 5702020000, Developmental Disabilities Services. No additional net County support is required in the current Monroe County budget.

Each of these contractors has been reviewed for not-for-profit corporate status and the records in the Office of the Monroe County Treasury have indicated that none of these agencies owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Monroe County Legislature - December 8, 2020
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize Professional Services Contracts for the Monroe County Office of Mental Health, Socio-Legal Center

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with John Tokoli, M.D., Michael McGrath, M.D., and Gagandeep Jattana, M.D., d/b/a Chouke Consultations, in an amount not to exceed $96,830 cumulatively for all contracts for mental health services to be provided for the Monroe County Office of Mental Health, Socio-Legal Center for the period of January 1, 2021 through December 31, 2021.

The Socio-Legal Center provides a variety of mental health related services and supports to the criminal justice system and individuals with mental illness and their families involved in the criminal justice system. Professional services contracts are maintained with approved and qualified psychiatrists to provide competency to stand trial and court-ordered psychiatric evaluations and testimony to the courts as needed, as required by New York State Mental Hygiene Law. The psychiatrists also provide services to the Assisted Outpatient Treatment ("AOT") program which is operated at the Center under New York State’s “Kendra’s Law.” The AOT program serves individuals with serious mental illness who, due to noncompliance with outpatient treatment, may be court-ordered to treatment in the community on an outpatient basis.

Monroe County’s Minority and Women-Owned Business Enterprise ("M/WBE") Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals ("RFP") was issued for this contract. M/WBE utilization was not a selection criterion under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criterion in all RFPs, Requests for Qualifications, and Expressions of Interest going forward. John Tokoli, M.D.; Michael McGrath, M.D.; and Gagandeep Jattana, M.D., d/b/a Chouke Consultations, responded with their qualifications and have been approved to provide these services in 2021, but are not listed in New York State’s M/WBE Directory of Certified Firms.

Please refer to the attached Purchase of Services Information Form for disclosure of information required pursuant to Resolution 223 of 2007, as amended by Resolution 11 of 2008.

The specific legislative action required is to authorize the County Executive, or his designee, to execute contracts, and any amendments thereto, with John Tokoli, M.D., Michael McGrath, M.D., and Gagandeep Jattana, M.D. d/b/a Chouke Consultations, for mental health services to be provided for the Monroe County Office of Mental Health, Socio-Legal Center in an amount not to exceed $96,830 cumulatively for all contracts for the period of January 1, 2021 through December 31, 2021.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts is available in the proposed 2021 operating budget of the Department of Human Services, Office of Mental Health, general fund 9001, funds center 5701030000, Socio-Legal Center. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that the individuals listed below do not owe any delinquent Monroe County property taxes.

John Tokoli, M.D
Michael McGrath, M.D.
Gagandeep Jattana, M.D., d/b/a Chouke Consultations

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam F. Bello

Monroe County Legislature - December 8, 2020
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorization to Contract for Monroe County Office for the Aging Programs in 2021-2022

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with the agencies listed in Attachment A in an amount not to exceed $7,832,075 for the provision of senior services for the period of January 1, 2021 through March 31, 2022.

The Monroe County Office for the Aging enters into approximately forty (40) contracts each year in amounts over $20,000, with matching funds provided by the County, the United Way, contracted agencies, and participant contributions. These contracts will allow the Monroe County Office of the Aging to meet the long-term care service and support needs of older adults, persons with disabilities, and their informal family caregivers to achieve their highest level of independence. The Monroe County Office for the Aging also enters into intermunicipal agreements with various local municipalities to provide nutrition and senior center recreation and education services. Services provided directly correspond to the assessed needs and service objectives of the Office for the Aging’s Annual Implementation Plan as required and approved by the New York State Office for the Aging (“NYSIFA”).

Per our applications for services with NYSIFA, contracts are monitored and evaluated through several methods: 1) monthly program and expenditure reports; 2) on-site monitoring, and 3) annual evaluation. All contracted agencies have been selected through the use of Requests for Qualifications/Request for Proposals unless designated as a Sole Source Provider.

Please refer to the attached Purchase of Services Information Form for disclosure of information required pursuant to Resolution 223 of 2007, as amended by Resolution 11 of 2008.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to execute contracts, applications, and any amendments thereto, with the agencies listed in Attachment A in an amount not to exceed $7,832,075 for the period of January 1, 2021 through March 31, 2022.

2. Authorize the County Executive, or his designee, to execute any applications, intermunicipal agreements and amendments thereto, with New York State and/or municipalities listed in Attachment A to increase or decrease the contract amounts and extend the length of the contract(s) in order to maximize state reimbursement or other funding for these purposes.
3. Authorize the County Executive to appropriate any subsequent years of these funds in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of these programs be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program(s) and where applicable, to terminate or abolish some or all positions funded under such program(s). Any termination or abolishment of positions shall be in accordance with the New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts is included in the proposed 2021 operating budget of the Monroe County Department of Human Services, Office for the Aging, general fund 9001, funds centers 5501010000, Administration and Program Management; 5501030000, Support Service Contracts; 5501040000, Nutrition Service Contracts; and 5501050000, Education, Training, Wellness Contracts. No additional net County support is required in the current Monroe County budget.

Each of these agencies has been reviewed for not-for-profit or corporate status and the records in the Office of the Monroe County Treasury have indicated that none of these agencies owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Subject: Authorize Contracts with Arcadis of New York, Inc. and Day Engineering, P.C. for Pump Station Engineering Term Services

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with Arcadis of New York, Inc. and Day Engineering, P.C., for a total annual amount not to exceed $150,000 for each contract for pump station engineering term services for the Monroe County Department of Environmental Services for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

Monroe County owns, operates and maintains over sixty-two (62) sewage pumping stations throughout its four Districts. Pure Waters has implemented a program to inventory its pump stations and develop a long-term improvement program to maintain the reliability and continuity of its facilities. Monroe County will utilize term engineering consultants to perform a variety of professional services including facility evaluations, analysis, recommendations and preparation of reports, plans, specifications and construction estimates and administration/inspection for pump station improvements.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was a selection criteria. None of the four (4) respondents were a M/WBE certified firm, but each respondent’s project team included both Women and Minority Owned Business Enterprises. Accordingly, all four (4) respondents scored a two (2) for M/WBE utilization. Arcadis of New York, Inc., which was one of the two (2) entities rated most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Popli Design Group, Pathfinder Engineers & Architects, LLP, CME Associates, Inc., Group 1 Design, and Ambient Environmental Inc. Day Engineering, P.C., which was also rated the most qualified to provide these services, will partner with the following M/WBE certified firms pursuant to its contract: Watts Architecture & Engineering, D.P.C. and Gayron de Bruin Land Surveying and Engineering, P.C.

The specific legislative action required is to authorize the County Executive, or his designee, to execute contracts, and any amendments thereto, with Arcadis of New York, Inc., 100 Chestnut Street, Suite 1020, Rochester, New York 14604 and Day Engineering, P.C., 1563 Lyell Avenue, Rochester, New York 14606, for pump station engineering term services for the Monroe County Department of Environmental Services for a total annual amount not to exceed $150,000 for each contract for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility"); (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part"); (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment"); and (27) ("conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts, consistent with authorized uses, is included in various capital fund(s), and also included in the proposed 2021 operating budget of the Department of Environmental Services, fund 9007, funds center 8573010000, Rochester Pure Waters District Special Expenses; fund 9007, funds center 8574010000, Irondequoit Bay South Central Pure Waters District Special Expenses; fund 9007, funds center 8573010000, Northwest Quadrant Pure Waters District Special Expenses; and fund 9007, funds center 8571010000, Gates-Chili-Ogden Sewer District Special Expenses and will be requested in future years' budgets. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Arcadis of New York, Inc. nor Day Engineering, P.C., nor any of their principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firms are:

Arcadis of New York, Inc.
Joachim J. Ebert, Chief Executive Officer
John Perriello, Vice President

Day Engineering, P.C.
David D. Day, President
Timothy K. Hampton, Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Authorize a Contract with Clean Harbors Environmental Services, Inc., to Collect, Transport, and Dispose of Household Hazardous Waste to Support the Monroe County Pure Waters Industrial Waste Program

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Clean Harbors Environmental Services, Inc. in an annual amount not to exceed $350,000 to collect, transport, and dispose of household hazardous waste ("HHW") to support the Monroe County Pure Waters Industrial Waste Program for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year's Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

The Department of Environmental Services has operated a HHW collection program since 1991. The collection program provides residents of Monroe County with an economical, convenient, and environmentally sound disposal option for their unwanted, out-dated, or banned pesticides, solvents, cleaners, oil base paints and other materials that contain potentially harmful constituents. Since 1991, nearly 6,109 tons of household hazardous waste have been collected and approximately 142,900 County residents served. The HHW collection program is operated at the Ecopark on 10 Avion Drive.

This contract will provide the services needed to continue the HHW collection program including the following components: applicable local, state, and federal permitting and reporting requirements; furnishing of all equipment and supplies to package wastes for transport and disposal; technical staff to operate the facility on collection days to determine chemical hazards; and provide for final disposal of wastes by environmentally sound methods in full compliance with all local, state, and federal laws.

Monroe County’s Minority and Women-Owned Business Enterprise ("M/WBE") Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals ("RFP") was issued for this contract. M/WBE utilization was not a selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFPs, Requests for Qualifications, and Expressions of Interest going forward. Clean Harbor Environmental Services, Inc. was rated the most qualified, but is not listed in New York State’s M/WBE Directory of Certified Firms. However, Clean Harbor supports a Corporate Small Business Supplier Development Program, through which it set an annual goal of over $22 million in projected subcontracting with Woman Owned Small Businesses and $22 million in projected subcontracting with Small Disadvantaged Businesses in 2020.
The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Clean Harbors Environmental Services, Inc., 6057 Corporate Drive, East Syracuse New York 13057, to collect, transport, and dispose of household hazardous waste to support the Monroe County Pure Waters Industrial Waste Program in an annual amount not to exceed $350,000 for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year extensions, with escalations for the extensions to be limited to an amount equal to the increase in the previous year's Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the proposed 2021 operating budget of the Department of Environmental Services, fund 9007, funds center 8572010000, Pure Waters Administration, and will be requested in future years' budgets. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Clean Harbors Environmental Services, Inc., nor its principal officer, Phillip G. Retallick, Senior Vice President, owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Increase and Improvement of Facilities in the Rochester Pure Waters District – General Collection System and Treatment Plant Improvements and Amend the Proposed 2021 Capital Budget and Authorize an Appropriation Transfer

Honorable Legislators:

I recommend that Your Honorable Body approve a request to establish an Increase and Improvement of Facilities in the Rochester Pure Waters District (“District”) in the amount of $2,500,000 for a capital project entitled “General Collection System and Treatment Plant Improvements,” and amend the proposed 2021 Capital Budget and authorize an appropriation transfer.

This increase and improvement of facilities is necessary to provide funding for the “General Collection System and Treatment Plant Improvements” project. This project includes general improvements to various pump stations, collection system infrastructure, and the Frank E. Van Lare Water Resource Recovery Facility, including enhancements to appurtenant communication and data transmission systems. This project is necessary to maintain the reliability and continuity of services to District customers. The estimated cost of the improvements is $2,500,000, which shall be provided as cash capital.

Portions of the project may become eligible for financing through the New York State Water Pollution Control Revolving Loan Fund. It is therefore requested that the County have the ability to submit applications and take any necessary steps to utilize this financing vehicle if it becomes available.

The specific legislative actions required are:

1. Hold a Public Hearing for the proposed maximum amount to be expended for an “Increase and Improvement of Facilities in the Rochester Pure Waters District.”

2. Following the Public Hearing, adopt a resolution approving the “Increase and Improvement of Facilities in the Rochester Pure Waters District” at the maximum amount to be expended.

3. Amend the proposed 2021 Capital Budget to increase funding for the project entitled “Rochester Pure Waters District - General Collection System and Treatment Plant Improvements,” in the amount of $2,500,000.
4. Authorize the Controller to transfer $2,500,000 from the proposed 2021 operating budget of the Department of Environmental Services, Pure Waters fund 9007, funds center 8575010000, Rochester Pure Waters District Special Expense, Provision for Capital Projects, to capital fund 1925 for the "Rochester Pure Waters District – General Collection System and Treatment Plant Improvements."

5. Authorize filing of applications and execution of Project Financing Agreements and any other necessary documents by the County Executive or the Director of Finance- Chief Financial Officer, as appropriate, for participation in the New York State Water Pollution Control Revolving Loan Fund under the applicable laws of New York State to finance all or a portion of the project.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(e)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be available in capital fund 1925 and any capital fund(s) created for the same intended purpose. The local funding for this project will ultimately be provided by Pure Waters District user fees. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

RESOLUTION NO. ___ OF 2021

APPROVING INCREASE AND IMPROVEMENT OF FACILITIES IN ROCHESTER PURE WATERS DISTRICT - GENERAL COLLECTION SYSTEM AND TREATMENT PLANT IMPROVEMENTS

WHEREAS, the Administrative Board of the Rochester Pure Waters District of the County of Monroe, New York has heretofore duly caused to be prepared, pursuant to Section 268 of the County Law, a map and plan by an engineer duly licensed by the State of New York for a proposed increase and improvement of the facilities of said District, consisting of the "Rochester Pure Waters District - General Collection System and Treatment Plant Improvements," all as more fully set forth in such map and plan, and

WHEREAS, the County Legislature of the County of Monroe has called a public hearing on the aforesaid increase and improvement of facilities in accordance with the provisions of Section 268 of the County Law, and said public hearing held on the ___ day of ___, 2021, at ___ P.M. in the Legislative Chambers of the County Office Building, Rochester, New York, in said County; and

WHEREAS, notice of said public hearing was duly published in the manner provided by law and proof thereof has been submitted to said County Legislature; and

WHEREAS, said County Legislature has duly considered the evidence given at said public hearing.

NOW, THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Upon the evidence given at the aforesaid public hearing, it is hereby found and determined that it is in the public interest to increase and improve the facilities in the Rochester Pure Waters District, at a maximum estimated cost of $2,500,000, all as more fully described in the preambles hereof.

Section 2. The cost of such increase and improvement shall be assessed against the entire geographic area encompassed by the Rochester Pure Waters District.

Section 3. The expenditure proposed for such improvement of facilities in the Rochester Pure Waters District is in the public interest and will not constitute an undue burden on the property which will bear the cost thereof; and all real property to be assessed for such expenditure will be benefited by the proposed improvements and no benefited property has been excluded.

Section 4. The increase and improvement of facilities in the Rochester Pure Waters District is hereby approved at the maximum amount to be expended.

Section 5. The County Executive or the Director of Finance - Chief Financial Officer are hereby authorized to file applications and execute Project Financing Agreements and any other necessary documents as appropriate, for participation in the New York State Water Pollution Control Revolving Loan Fund (SFR) under applicable laws of New York State to finance all or a portion of the project.

Section 6. The Clerk of the Legislature is hereby authorized and directed to send certified copies of this resolution to the New York State Department of Audit and Control.
Section 7. The Administrative Board of the Rochester Pure Waters District of said County is hereby directed to proceed with the improvements in the manner set forth in Section 262 of the County Law.

Section 8. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Subject: Increase and Improvement of Facilities in the Rochester Pure Waters District – General Collection System and Treatment Plant Improvements and Amend the Proposed 2021 Capital Budget and Authorize an Appropriation Transfer

Honorable Legislators:

I recommend that Your Honorable Body approve a request to establish an Increase and Improvement of Facilities in the Rochester Pure Waters District ("District") in the amount of $2,500,000 for a capital project entitled "General Collection System and Treatment Plant Improvements," and amend the proposed 2021 Capital Budget and authorize an appropriation transfer.

This increase and improvement of facilities is necessary to provide funding for the "General Collection System and Treatment Plant Improvements" project. This project includes general improvements to various pump stations, collection system infrastructure, and the Frank E. Van Lare Water Resource Recovery Facility, including enhancements to appurtenant communication and data transmission systems. This project is necessary to maintain the reliability and continuity of services to District customers. The estimated cost of the improvements is $2,500,000, which shall be provided as cash capital.

Portions of the project may become eligible for financing through the New York State Water Pollution Control Revolving Loan Fund. It is therefore requested that the County have the ability to submit applications and take any necessary steps to utilize this financing vehicle if it becomes available.

The specific legislative actions required are:

1. Hold a Public Hearing for the proposed maximum amount to be expended for an "Increase and Improvement of Facilities in the Rochester Pure Waters District."

2. Following the Public Hearing, adopt a resolution approving the "Increase and Improvement of Facilities in the Rochester Pure Waters District" at the maximum amount to be expended.

3. Amend the proposed 2021 Capital Budget to increase funding for the project entitled "Rochester Pure Waters District - General Collection System and Treatment Plant Improvements," in the amount of $2,500,000.
4. Authorize the Controller to transfer $2,500,000 from the proposed 2021 operating budget of the Department of Environmental Services, Pure Waters fund 9007, funds center 8575010000, Rochester Pure Waters District Special Expense, Provision for Capital Projects, to capital fund 1925 for the “Rochester Pure Waters District – General Collection System and Treatment Plant Improvements.”

5. Authorize filing of applications and execution of Project Financing Agreements and any other necessary documents by the County Executive or the Director of Finance- Chief Financial Officer, as appropriate, for participation in the New York State Water Pollution Control Revolving Loan Fund under the applicable laws of New York State to finance all or a portion of the project.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) (“maintenance or repair involving no substantial changes in an existing structure or facility”) and (2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be available in capital fund 1925 and any capital fund(s) created for the same intended purpose. The local funding for this project will ultimately be provided by Pure Waters District user fees. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Increase and Improvement of Facilities in the Irondequoit Bay South Central Pure Waters District – General Pump Station and Interceptor Improvements and Amend the Proposed 2021 Capital Budget and Authorize an Appropriation Transfer

Honorable Legislators:

I recommend that Your Honorable Body approve a request to establish an Increase and Improvement of Facilities in the Irondequoit Bay South Central Pure Waters District (“District”) in the amount of $450,000 for a capital project entitled “General Pump Station and Interceptor Improvements,” and amend the proposed 2021 Capital Budget and authorize an appropriation transfer.

This increase and improvement of facilities is necessary to provide funding for the “General Pump Station and Interceptor Improvements” project. This project includes general improvements to various pump stations and collection system infrastructure, including enhancements to appurtenant communication and data transmission systems. This project is necessary to maintain the reliability and continuity of services to District customers. The estimated cost of the improvements is $450,000, which shall be provided as cash capital.

Portions of the project may become eligible for financing through the New York State Water Pollution Control Revolving Loan Fund. It is therefore requested that the County have the ability to submit applications and take any necessary steps to utilize this financing vehicle if it becomes available.

The specific legislative actions required are:

1. Hold a Public Hearing for the proposed maximum amount to be expended for an “Increase and Improvement of Facilities in the Irondequoit Bay South Central Pure Waters District.”

2. Following the Public Hearing, adopt a resolution approving the “Increase and Improvement of Facilities in the Irondequoit Bay South Central Pure Waters District” at the maximum amount to be expended.

3. Amend the proposed 2021 Capital Budget to increase funding for the project entitled “Irondequoit Bay South Central Pure Waters District - General Pump Station and Interceptor Improvements,” in the amount of $450,000.
4. Authorize the Controller to transfer $450,000 from the proposed 2021 operating budget of the Department of Environmental Services, Pure Waters fund 9007, funds center 8574010000, Irondequoit Bay South Central Pure Waters District Special Expense, Provision for Capital Projects, to capital fund 1976 for the “Irondequoit Bay South Central Pure Waters District – General Pump Station and Interceptor Improvements.”

5. Authorize filing of applications and execution of Project Financing Agreements and any other necessary documents by the County Executive or the Director of Finance- Chief Financial Officer, as appropriate, for participation in the New York State Water Pollution Control Revolving Loan Fund under the applicable laws of New York State to finance all or a portion of the project.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) (“maintenance or repair involving no substantial changes in an existing structure or facility”) and (2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be available in capital fund 1976 and any capital fund(s) created for the same intended purpose. The local funding for this project will ultimately be provided by Pure Waters District user fees. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

RESOLUTION NO. ___ OF 2021

APPROVING INCREASE AND IMPROVEMENT OF FACILITIES IN NORTHWEST QUADRANT PURE WATERS DISTRICT – GENERAL PUMP STATION, INTERCEPTOR AND TREATMENT PLANT IMPROVEMENTS

WHEREAS, the Administrative Board of the Northwest Quadrant Pure Waters District of the County of Monroe, New York has heretofore duly caused to be prepared, pursuant to Section 268 of the County Law, a map and plan by an engineer duly licensed by the State of New York for a proposed increase and improvement of the facilities of said District, consisting of the “Northwest Quadrant Pure Waters District – General Pump Station, Interceptor and Treatment Plant Improvements,” all as more fully set forth in such map and plan, and

WHEREAS, the County Legislature of the County of Monroe has called a public hearing on the aforesaid increase and improvement of facilities in accordance with the provisions of Section 268 of the County Law, and said public hearing held on the ____ day of _____, 2021 at ____ P.M. in the Legislative Chambers of the County Office Building, Rochester, New York, in said County; and

WHEREAS, notice of said public hearing was duly published in the manner provided by law and proof thereof has been submitted to said County Legislature; and

WHEREAS, said County Legislature has duly considered the evidence given at said public hearing.

NOW, THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Upon the evidence given at the aforesaid public hearing, it is hereby found and determined that it is in the public interest to increase and improve the facilities in the Northwest Quadrant Pure Waters District, at a maximum estimated cost of $950,000, all as more fully described in the preambles hereof.

Section 2. The cost of such increase and improvement shall be assessed against the entire geographic area encompassed by the Northwest Quadrant Pure Waters District.

Section 3. The expenditure proposed for such improvement of facilities in the Northwest Quadrant Pure Waters District is in the public interest and will not constitute an undue burden on the property which will bear the cost thereof; and all real property to be assessed for such expenditure will be benefited by the proposed improvements and no benefited property has been excluded.

Section 4. The increase and improvement of facilities in the Northwest Quadrant Pure Waters District is hereby approved at the maximum amount to be expended.

Section 5. The County Executive or the Director of Finance – Chief Financial Officer are hereby authorized to file applications and execute Project Financing Agreements and any other necessary documents as appropriate for participation in the New York State Water Pollution Control Revolving Loan Fund (SFR) under applicable laws of New York State to finance all or a portion of the project.

Section 6. The Clerk of the Legislature is hereby authorized and directed to send certified copies of this resolution to the New York State Department of Audit and Control.
Section 7. The Administrative Board of the Northwest Quadrant Pure Waters District of said County is hereby directed to proceed with the improvements in the manner set forth in Section 262 of the County Law.

Section 8. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Monroe County Legislature - December 8, 2020
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize a Contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. for Professional Design Services for the Monroe County Climate Action Plan

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. in the amount of $97,820 for professional design services for the Monroe County Climate Action Plan (“CAP”) for the period of January 1, 2021 through December 31, 2021, with the option to extend for one (1) year at no additional cost.

Monroe County has long been a leader in innovative sustainability policy that has been both environmentally friendly and cost effective. The County has demonstrated its environmental leadership in the areas of green buildings, green fleet, solar/alternative power, LED lighting, resource recovery, and public education and outreach.

Protecting our environment is key to maintaining our quality of life and preserving our natural resources for future generations. Many communities across the country have developed CAPs to coordinate and centralize environmental policy, projects and initiatives. Per Resolution 167 of 2020, Your Honorable Body created the Climate Action Plan Advisory Committee with the charge of developing a CAP for the County. The next step in developing a CAP for Monroe County is to retain a consultant to perform project tasks and generate project deliverables in a phased approach. Phase I will focus on County operations only. Phase II will encompass the County’s boundary with broad community engagement.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. M/WBE utilization was a selection criteria. None of the five (5) respondents were a M/WBE certified firm, but each respondent’s project team included either a Women or Minority Owned Business Enterprises. Accordingly, all five (5) respondents scored a one (1) for M/WBE utilization. Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C., which was rated most qualified to provide these services, will partner with the following M/WBE certified firm pursuant to its contract: Popli Design Group.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C., 280 East Broad Street, Suite 200, Rochester, New York 14604, in the amount of $97,820 for professional design services for the Monroe County Climate Action Plan for the period of January 1, 2021 through December 31, 2021, with the option to extend for one (1) year at no additional cost.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(24) ("information collection including basic data collection and research, water quality and pollution studies, traffic counts, engineering studies, surveys, subsurface investigations and soils studies that do not commit the agency to undertake, fund or approve any Type I or Unlisted action") and (27) ("conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in the proposed 2021 operating budget of the Department of Environmental Services, general fund 9001, funds center 8301010000, Engineering Administration. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firms are:

Pietro V. Giovenco, CEO/President
Richard Checotti, Senior Vice President
Thomas C. Mitchell, Executive Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Authorize a Contract with St. John Fisher College for the Provision of County Historian Services

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with St. John Fisher College for the provision of County Historian services in an annual amount not to exceed $50,000 for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year periods.

St. John Fisher College will hold and maintain the County’s historical archives and be responsible for providing all services related to the operation of the Office of the County Historian. Carolyn Vacca, Ph.D. will continue to act as County Historian. She and her staff will continue to provide daily office hours to the public, facilitate the collection of documents and materials from various County departments and agencies, sponsor public exhibits, provide research for both conference presentations and scholarly publications, and support, coordinate, and respond to the needs and inquiries of town and village historians and the public at large. The Office processes approximately 900 requests for information annually, plus informal social media requests, and also provides assistance regarding historical records and archives to the County’s Records Management Officer, represents the County at the County Historian’s Association and at other professional meetings, and produces scholarly papers documenting the history of Monroe County. The County has contracted with St. John Fisher College for these services for fourteen (14) years.

A request for qualifications was issued for these services with St. John Fisher College as the sole respondent.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with St. John Fisher College, 3690 East Avenue, Rochester, New York 14618, for the provision of County Historian services, in an annual amount not to exceed $50,000, for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year periods.
Funding for this contract is included in the proposed 2021 operating budget of the Department of Finance, fund 9001, funds center 1207010000, Purchasing. No additional net County support is required in the current Monroe County budget.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act..

St. John Fisher College is a not-for-profit agency, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Authorize a Contract with HCCO, Inc. for Temporary Staffing Personnel for Information Technology Services

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with HCCO, Inc. in an amount not to exceed $200,000 annually for temporary staffing personnel for information technology services for the period of January 1, 2021 through December 31, 2023, with the option to renew for two (2) additional one-year periods.

This contract will provide additional Help Desk support for countywide users of devices and software programs, and support the Department of Information Services efforts to install end-user computer devices and complete technical projects in support of various departments. This contract is also critical to supporting the County’s cybersecurity initiatives by ensuring sufficient coverage is available to meet the information technology demands of the County.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A Request for Proposals (“RFP”) was issued for this contract. M/WBE utilization was not a selection criteria under this RFP, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFPs, Requests for Qualifications, and Expressions of Interest going forward. HCCO, Inc. was rated the most qualified to provide the requested services, but is not listed in New York State’s M/WBE Directory of Certified Firms.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with HCCO, Inc., 594 Van Alstyne Road, Webster, New York, 14580, for temporary staffing personnel for information technology services, in an amount not to exceed $200,000 annually, for the period of January 1, 2021 through December 31, 2023, with the option to renew for two (2) additional one-year periods.
This is a Type II action pursuant to 6 NYCRR § 617.5(c) (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the proposed 2021 operating budget of the Department of Information Services, internal services fund 9020, funds center 1903010000, Information Services Operations, and capital fund 1817, Office Equipment Refresh and Replacement, and any other fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither HCCO, Inc., nor any of its principal officers, owe any delinquent Monroe County Property taxes. The principal officers of the firm are:

Shannon LaBelle, President and Chief Executive Officer
Jeff LaBelle, Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Subject: Authorize a Contract with Capital Markets Advisors, LLC for Independent Registered Municipal Advisor Services on behalf of Monroe County

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Capital Markets Advisors, LLC for independent registered municipal advisor services on behalf of Monroe County, in an amount not to exceed $10,000 per year for general financial advisory services billed on an hourly basis, and in such amounts according to the fee schedule as described below for financial advisory services relating to bond and note issuances, for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year periods.

Fees payable pursuant to this contract fall into two (2) categories: general financial advisory services and financial services related to bond and note issuances. The fee schedule for bond and note issuances is as follows:

- For bond anticipation, revenue anticipation and tax anticipation notes sold competitively or negotiated, a maximum total fee of $22,500;
- For bond issues sold via competitive sale, a maximum total fee of $49,500;
- For bond issues sold via negotiated sale and for refunding bond issues, a maximum total fee of $76,500;
- For note issues sold without an official statement, a flat fee of $2,000.

General financial advisory services that may be provided include assistance in capital program management, debt structuring, debt management activities, credit rating agency relations, and expert advice on financial strategies as warranted.

A Request for Proposals was issued for this contract with Capital Markets Advisors, LLC selected as the most qualified to provide this service.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Capital Markets Advisors, LLC, 4211 N. Buffalo Road, Suite 19, Orchard Park, New York 14127 in an amount not to exceed $10,000 per year for general financial advisory services billed on an hourly basis, and in such amounts according to the fee schedule as described below for financial advisory services related to bond and note issuances, on behalf of Monroe County for the period of January 1, 2021 through December 31, 2021, with the option to renew for two (2) additional one-year periods.
• For bond anticipation, revenue anticipation and tax anticipation notes sold competitively or negotiated, a maximum total fee of $22,500;
• For bond issues sold via competitive sale, a maximum total fee of $49,500;
• For bond issues sold via negotiated sale and for refunding bond issues, a maximum total fee of $76,500;
• For note issues sold without an official statement, a flat fee of $2,000.

This action is a Type II Action pursuant to 6 NYCRR §617.5(c) (26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract will come from two sources: (1) funding for services not associated with a specific debt issue are included in the proposed 2021 operating budget in the Department of Finance-Unallocated, general fund 9001, funds center 1209020000, County General, and (2) funding for services related to debt issuance will be included in the capital fund(s) of the associated debt issue. No additional new County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Capital Markets Advisors, LLC, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are as follows:

Richard Tortora, President
Richard Ganci, Executive Vice President and Principal

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
