Honorable Legislators:

The COVID-19 pandemic has impacted local economies across the World. In New York, COVID-19 imposed shutdowns have left businesses temporarily shuttered, revenue curtailed, and even permanently closed them. From spas and salons to insurance companies to restaurants and bars, businesses have been forced to change or seize their operations.

These restrictions and closures are not the choice of the businesses themselves, but rather the use of government authority to close or curtail their operations. While the government authorities who have ordered these closures have claimed to do so out of public health and may be correct in the necessity for these closures and curtailments, the transparency regarding these decisions is simply inadequate. The use of government authority to close or curtail the ability of a private entity to conduct business should not be taken lightly and must be reasonably justified, subjected to public oversight and consistent with the rules, regulations, and laws promulgated to protect the public.

Therefore, the purpose of this legislation is ensuring any Monroe County imposed business closure in Monroe County meets the aforementioned criteria. This is imperative for the Legislature to perform its responsibility and duty of County oversight, as well as the community to perform its responsibility of public oversight. This would require the production and issuance of a Report of Justification in any instance of any Monroe County Administrative Head, Agency, Employee, or official, elected, appointed, or otherwise, utilizing any power granted to them to close a place of business for any reason or any length of time within forty-eight (48) hours of the ordered closure via email or hardcopy to the Clerk of the Legislature.

This Report of Justification would be circulated, by the Clerk of the Legislature, to every Monroe County Legislator and ensure the report is entered into the Legislature’s official record. This report would be required to include the following: a detailed written report that provides justification for the decision to order the closure, signed by the Monroe County Administrative Head, Agency, Employee, or official, elected, appointed, or otherwise, ordering the closure; a copy of the official order or communication closing the place of business; and any and all evidence in the possession of Monroe County on which the closure is based.
The residents of Monroe County deserve transparency, clarity and justification for government-imposed business closure and curtailment of private businesses. This legislation will ensure our community, and this Honorable Body, has the information needed to make informed decisions and perform oversight of such government actions.

The specific legislative actions required are:

1. Schedule and hold a public hearing.

2. Adopt the local law as attached.

This is a Type II Action pursuant to 6 NYCRR 617.5(c) (26) (“routine of continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

Respectfully Submitted,

ENACTING A LOCAL LAW ENTITLED “BUSINESS CLOSURE TRANSPARENCY ACT”

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Title. This local law shall be known as the law “Business Closure Transparency Act.”

Section 2. Legislative Intent. The use of government authority to close or curtail a business’s operations should not be taken lightly. It is the intent of this law to ensure that any decision made by Monroe County resulting in the closure of a business is transparent, subject to reasonable public oversight, and consistent with the rules, regulations, and laws promulgated to protect the public. To that end, it is the decision of this body to require the creation and publication of a “Report of Justification” detailing the County’s legal reasoning and justification for the closure.

A. Should any Monroe County Administrative Head, Agency, Employee, or official, elected, appointed, or otherwise, use any power granted to them to close a place of business for any reason or any length of time, that official shall be responsible for delivering a Report of Justification to the Clerk of the Legislature within forty-eight (48) hours of the ordered closure via email or hardcopy. It shall be incumbent upon the Clerk to forward a copy of the Report to every Legislator and ensure the report is entered into the Legislature’s official record. If receipt of said Report occurs outside of operating hours of the Monroe County Legislature, the Clerk shall forward the Report to every Legislator and submit it to the legislative record as soon as practicable, but in any event no later than 10:00 am the next business day. A copy of the Report of Justification shall also be delivered to the owner(s) of the impacted business within the same timeframe via Certified US Mail, Return Receipt Requested.

B. The Report of Justification shall include:

1. A detailed written report that provides justification for the decision to order the closure, signed by the Administrative Head, Agency, Employee, or official, elected, appointed, or otherwise, ordering the closure;

2. A copy of the official order or communication closing the place of business; and

3. Any and all evidence in the possession of Monroe County on which the closure is based.

Section 4. Severability. If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.
Section 5. Effective Date. This local law shall take after filing with the Secretary of State pursuant to Section 27 of the New York State Municipal Home Rule Law.

Subject: Enact a Local Law Prohibiting the Sale of Sparkling Devices in Monroe County

Honorable Legislators:

In 2017, the New York State Legislature legalized the sale and use of sparkling devices throughout the state, outside of New York City. This amendment did not require counties to opt-in, instead it allowed them to opt-out. Monroe County did not take any action, thereby allowing sparkling devices to be sold.

Since then, both legal and illegal fireworks have significantly diminished the quality of life for many residents of Monroe County. There have been numerous structure fires, as well as the abuse of a household cat using a firework device. There have been reports of injuries to people, including police officers. Veterans and individuals suffering from Post-Traumatic Stress Disorder face particular harm from the incessant sounds of explosions.

Calls to 911 skyrocketed this past summer, with residents complaining of constant fireworks noise at night. The fireworks activity is especially high in densely-populated areas of the city, where a misfired device can easily cause a serious fire. Police have not been successful in reducing fireworks activity.

There is confusion among members of the public about which fireworks are legal to use. Sparkling devices are defined as ground based, spiked, or handheld devices that produce showers of sparks and/or colored flame, audible crackling, whistling and smoke. While illegal fireworks are surely to blame for a lot of nuisance activity, the use and sale of sparkling devices has contributed to the “anything goes” fireworks culture and noise experienced by residents.

This local law would define sparkling devices as fireworks and prohibit them from being sold in Monroe County. While this Legislature cannot stop people from using sparkling devices in an irresponsible manner, it can do its part to limit their ability to obtain these tools of nuisance. This law would also provide much-needed clarity to the public and law enforcement about
fireworks activity. This legislation only deals with sales, as municipalities already regulate the use of fireworks.

The specific legislative actions required are:

1. Schedule and hold a public hearing on the proposed Local Law.

2. Enact a Local Law Prohibiting the Sale of Sparkling Devices in Monroe County.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(21) ("minor temporary uses of land having negligible or no permanent impact on the environment") and (33) ("adoption of regulations, policies, procedures and local legislative decisions in connection with any action on this list") and is not subject to further review under the State Environmental Quality Review Act.

This proposal will have no impact on the revenue and/or expenditures of the current Monroe County Budget.

Intro. No. ______

LOCAL LAW NO. ______ OF 2020

ENACTING LOCAL LAW ENTITLED “PROHIBITING THE SALE OF SPARKLING DEVICES IN MONROE COUNTY”

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Title
This local law shall be known as the law “Prohibiting the Sale of Sparkling Devices in Monroe County.”

Section 2. Legislative Intent
This Honorable Body finds that New York State’s decision to legalize the sale of sparkling devices throughout the state, outside of New York City, while well intentioned, has had unfortunate consequences for residents and law enforcement officers. Fireworks of all kinds become fire hazards as evidenced by various structure fires over the past year. The noise nuisance of using fireworks in dense areas at all hours of day and night has diminished the quality of life for residents. The confusion of what fireworks are legal and which aren’t frustrates residents and law enforcement officers alike. This confusion has stymied enforcement strategies.

Section 3. Sale of Sparkling Devices is Prohibited
The sale of Sparkling Devices, as such term is defined in Section 270.00 of the New York State Penal Law, is prohibited in Monroe County.

Section 4. Penalties for Offense

A. Any person who:

a. Offers a sparkling device for sale or sells a Sparkling Device, as such term is defined in Section 270.00 of the New York State Penal Law, to another person eighteen years of age or older, shall be guilty of a Class B misdemeanor, punishable by a fine not to exceed $500 or a sentence of imprisonment not to exceed fifteen (15) days.

b. Offers for sale or sells a Sparkling Device, as such term is defined in Section 270.00 of the New York State Penal Law, to another person who is under the age of eighteen, shall be guilty of a Class A misdemeanor under Section 270.00 of New York Penal Law and subject to the penalties authorized for that class of offense under the Penal Law.
B. This local law shall be enforced by any law enforcement agency having jurisdiction.

Section 5. Severability
If any clause, sentence, paragraph, section, subdivision or other part of this Local Law or the application thereof shall be adjudged by a Court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or otherwise invalidate the remainder of this Local Law which shall remain in full force and effect except as limited by such order or judgment.

Section 6. Effective Date
This local law shall take effect in accordance with the provisions of the Municipal Home Rule Law and the Monroe County Charter.

Re:  Memorializing the New York State Legislature to Curtail Governor Andrew M. Cuomo’s Emergency Powers

Honorable Legislators:

At the onset of the COVID-19 pandemic, it was clear that government required the ability to quickly respond to the ever-changing developments related to the virus in New York State. To meet this demand, Governor Cuomo requested — and State lawmakers obliged to grant — unprecedented emergency powers. These emergency powers have given the Governor the ability to unilaterally control every aspect of New York State’s pandemic response.

While the notion behind this may have been well-intentioned, it is time for State lawmakers to retrieve their authority back from Governor Cuomo. The Governor has abused his authority, dismissed the advice of State public health experts, and kept the public in the dark on COVID-19 data — or worse yet, intentionally misrepresented or misled the public on this data. For all of these reasons, Governor Cuomo has proven that he can no longer be granted the unilateral authority he has been afforded.

According to a report issued by the New York State Attorney General, the New York State Department of Health undercounted COVID-19 deaths among nursing home residents by as much as 50%. Furthermore, the State has blocked all requests for details on COVID-19 deaths in New York State’s nursing homes. The public has been forced to take the State to court to obtain this information and in February, a state Supreme Court justice ordered the New York State Department of Health to release this information. Now, there is a growing demand for subpoenas to be issued to determine the Governor’s exact role in this egregious issue.

Governor Cuomo has displayed an outright disregard for the advice and knowledge of medical and health experts. Governor Cuomo stated, “When I say ‘experts’ in air quotes, it sounds like I’m saying I don’t really trust the experts...because I don’t.” Since last summer, nine top New York State health officials have resigned from their positions due to being sidelined and not trusted by the Governor. The Governor simply cannot be vested with such unilateral authority on the basis of public health while simultaneously disregarding the very experts of public health.
Therefore, I ask you to join me in urging the New York State Legislature to end the emergency powers granted to Governor Cuomo prior to their April 30th expiration and to prevent any renewal of such powers. This effort already has gained bi-partisan support and lawmakers must return their rightful authority back to their Honorable Body.

Re: To endorse President Biden’s Clean Cars for America Plan that is in his Climate Agenda and Urge Implementation Immediately after passage of the American Rescue Plan

Honorable Legislators,

President Biden and Congress have many challenges to address in the coming days and his first priority is the passage of the American Rescue Plan. Immediately after he should address the many threats facing our nation including climate change. Elected Officials to Protect America (EOPA) has come out in support of the Clean Cars for America Plan that is part of President Biden’s Climate Agenda. This plan would help combat climate change by taking over 63 million gas vehicles off the road by 2030 and replacing them with clean vehicles. Nationally, this plan will advance the New York Climate Leadership and Community Protection Act’s 2050 carbon-free goal.

Transportation accounts for nearly one-third of America’s carbon output. A recent study from Harvard University found that world-wide one in five premature deaths can be attributed to fossil fuel air pollution. According to this new research, over 350,000 people in the United States died in 2018 from fossil fuel air pollution prematurely – numbers three times higher than previously suggested by other studies. Gas and diesel powered vehicles account for more than half the substances that make up lung-damaging smog. Communities of color are exposed to more vehicle pollution than white residents. In Northeastern and Mid-Atlantic regions of the US, people of color breathe 66 percent more pollution than white residents.

Electric vehicles (EVs) outperform gas powered engines and save consumers money. One analysis shows that by 2030 a buyer of a new battery EV will save $7,200 in upfront costs and lower fuel and maintenance costs over time. Incentives in this plan would allow for rebates and large discounts for trading in a gas powered car towards the purchase of an EV. This proposal has the support of climate groups, labor unions such as the United Auto Workers and the International Brotherhood of Electrical Workers as well as car manufacturers like Ford and General Motors.

We, the undersigned Legislators, support the Clean Cars for America Plan, and urge President Biden and the Congress to initiate the process of making it law right after passage of his American Rescue Plan.

Provisions will be included to avoid impacts to wetlands by clearing the trees during winter months on the frozen ground, and/or by utilizing non-mechanized removal techniques.

This project will be funded by a Federal Aviation Administration grant of 90%, a New York State Department of Transportation grant of 5%, and a local share of 5%.

Funding for this contract, consistent with authorized uses, is included in capital fund 1736 and any capital fund(s) created for the same intended purpose. The local funding for this project will ultimately be provided by the Monroe County Airport Authority from Airport generated revenues. No net County support is required in the current Monroe County budget.

Subject: Acceptance of a Grant from the New York State Department of Environmental Conservation for the Climate Smart Communities Project – Regional Community Rating System Strategy Project and Authorize a Contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C.

Honorable Legislators:

I recommend that Your Honorabe Body accept a grant from the New York State Department of Environmental Conservation for the Climate Smart Communities Project – Regional Community Rating System Strategy Project in the amount of $249,153 and authorize a contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. in the amount of $150,000 for consulting services.

Funding for the project has been secured through the New York State Department of Environmental Conservation. The Community Rating System ("CRS") is a voluntary incentive program that recognizes and encourages community floodplain management practices that exceed the minimum requirements of the National Flood Insurance Program. Over 1,500 communities participate nationwide. The Town of Greece is currently the only local municipality that participates in the program. In CRS communities, flood insurance premium rates are discounted to reflect the reduced flood risk resulting from the community’s efforts that reduce and avoid flood damage to insurable property, strengthen and support the insurance aspects of the National Flood Insurance Program, and foster comprehensive floodplain management. The New York State Department of Environmental Conservation contributed over $11 million to the New York State Consolidated Funding Application for the Climate Smart Communities Grant Program.

This project will bring new communities into the CRS, increase credit points for existing CRS communities, and research new ways that CRS credit can be achieved. Issues and opportunities to be addressed include understanding CRS participation based on flood risk in the State, identifying potential barriers to entry, identifying why existing communities are not receiving potential credits, identifying eligible communities, and providing assistance to interested communities

A Request for Qualifications was issued with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. the sole respondent. Bergmann Associates will be providing services to bring additional local communities into the CRS program and assist in increasing credits for existing and new participating communities.
The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $249,153 grant from, and to execute a contract and any amendments thereto with, the New York State Department of Environmental Conservation for the Climate Smart Communities Project – Regional Community Rating System Strategy Project.

2. Amend the 2021 operating budget of the Department of Environmental Services by appropriating the sum of $249,153 into general fund 9300, funds center 8301010000 Engineering.

3. Authorize the County Executive, or his designee, to execute a contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C., 280 East Broad Street, Suite 200, Rochester, New York 14604, in the amount of $150,000 for consulting services for the Climate Smart Communities Project – Regional Community Rating System Strategy Project, and any amendments necessary to complete the project within the total fund(s) appropriation.

4. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to appropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

5. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(24) ("information collection including basic data collection and research, water quality and pollution studies, traffic counts, engineering studies, surveys, subsurface investigations and soils studies that do not commit the agency to undertake, fund or approve any Type I or Unlisted action,") and (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Department of Environmental Conservation. No additional net County support is required in the current Monroe County budget.

Subject: Acceptance of a Grant from the Department of Justice Office of Juvenile Justice and Delinquency Prevention for Improving Outcomes for Justice Involved Youth with Behavioral Health Challenges

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the Department of Justice Office of Juvenile Justice and Delinquency Prevention in the amount of $622,883 for Improving Outcomes for Justice Involved Youth with Behavioral Health Challenges for the period of October 1, 2020 through September 30, 2023.

Youth impacted by Mental Illness or Co-occurring Mental Illness and Substance Abuse ("MI/CMISA") have a higher risk of juvenile justice involvement and tend to remain involved longer due to lack of support and resolution of underlying diagnoses. Often, due to the significant behaviors exhibited by youth in the juvenile justice setting, mental health needs can be mistakenly attributed to poor behavioral choices and thereby go undiagnosed and result in longer involvement in the legal system. This missed opportunity to engage and connect youth with effective treatment yields high personal costs to youth and families in terms of safety, self-esteem, and stability. Youth with diagnosed and undiagnosed mental health conditions tend to penetrate more deeply into the juvenile justice system. A general approach to justice-involved youth does not always take into account the perceptual, emotional, and self-regulatory differences of youth with MI/CMISA, which can lead to feelings of frustration and failure on the part of the youth and family, which further impact emotional stability and growth. Deeper system involvement is financially costly for the community, unsuccessful for youth with MI/CMISA, achieves little in terms of community safety, and stresses an already overburdened justice system. Unresolved mental health concerns can increase recidivism in the juvenile justice system or result in other problematic behaviors.

In order to address these concerns, a Juvenile Justice Mental Health Collaboration project, Creating Alternative Pathways for Success ("CAPS"), was designed and will be administered by the Monroe County Office of Probation - Community Corrections in partnership with the Monroe County Office of Mental Health to implement a cross-system collaborative, relational approach to improve responses and outcomes for youth impacted by MI/CMISA who are involved with the Juvenile Justice system.

The overarching objective is to improve responses to youth with MI/CMISA and thereby improve safety and Juvenile Justice outcomes for those youth and surrounding communities. This project aims to reduce the reliance on out-of-home placement, reduce the reliance on detention, reduce the need for family court adjudication, increase the adjustment rate of diversion cases, reduce the rate of probation violations, reduce the rate of long-term recidivism, and utilize community-based services to improve outcomes for youth.
The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $622,883 grant from, and to execute a contract and any amendments thereto with, the Department of Justice Office of Juvenile Justice and Delinquency Prevention for Improving Outcomes for Justice Involved Youth with Behavioral Health Challenges for the period of October 1, 2020 through September 30, 2023.

2. Amend the 2021 operating budget of the Department of Public Safety, Office of Probation - Community Corrections, by appropriating the sum of $622,883 into general fund 9300, funds center 2403020100, Juvenile Services Family Division.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This is a Type II action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant requires a minimum $20% local match in each of the first and second years of the grant and a minimum 40% local match in the third year. This match funding is included in the 2021 operating budget of the Department of Public Safety, Office of Probation – Community Corrections, general fund 9300, funds center 2403020100, Juvenile Services Family Division and the Department of Human Services, general fund 9001 funds center 5116050000 and will be included in future years’ budgets.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the University of Rochester for the Pediatric Obesity Prevention Creating Breastfeeding Friendly Communities Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the University of Rochester in the amount of $41,453 for the Pediatric Obesity Prevention Creating Breastfeeding Friendly Communities Program for the period of February 1, 2021 through January 31, 2022.

The purpose of this grant, led by the University of Rochester, is to establish a breastfeeding friendly care continuum from pregnancy through the postpartum period and infancy with a goal of helping mothers in Monroe County to meet their breastfeeding goals. Funds will be used to support existing staff participation in the program, including participation in the program steering committee, functioning as consultants/champions specific to worksite strategies; and as co-facilitators in Baby Cafes, which are scheduled locations where lactating women can come to receive support and address concerns about breastfeeding with trained personnel. This will be the third year the County has received this grant. This year’s funding represents an increase of $1,123 from last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $41,453 grant from, and to execute a contract and any amendments thereto with, the University of Rochester for the Pediatric Obesity Prevention Creating Breastfeeding Friendly Communities Program for the period of February 1, 2021 through January 31, 2022.

2. Amend the 2021 operating budget of the Department of Public Health by appropriating the sum of $41,453 into general fund 9300, funds center 5803010000, Maternal/Child Administration.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the University of Rochester. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the New York State Division of Criminal Justice Services for the Paul Coverdell Forensic Science Improvement Program (Office of the Medical Examiner’s Forensic Toxicology Laboratory)

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Division of Criminal Justice Services in the amount of $51,490 for the Paul Coverdell Forensic Science Improvement Program (Office of the Medical Examiner’s Forensic Toxicology Laboratory) for the period of October 1, 2020 through September 30, 2021.

The purpose of this grant is to improve forensic science services in the Monroe County Office of the Medical Examiner’s Forensic Toxicology Laboratory. This program provides postmortem forensic toxicology services to aid in the determination of cause and manner of deaths and toxicology services to aid in the evaluation of cases of driving under the influence of drugs and/or alcohol and drug-facilitated sexual assault. The funds will be used to purchase supplies needed to: increase the analytical capacity of the Laboratory; minimize testing downtimes; train staff; and maintain the Laboratory’s accreditation. This will be the eighteenth year the County has received this grant. This year’s funding represents a decrease of $2,028 from last year. This funding varies annually and is dependent on the total amount of federal funds available and the number of forensic laboratories in New York State eligible to receive funds.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $51,490 grant from, and to execute a contract and any amendments thereto with, the New York State Division of Criminal Justice Services for the Paul Coverdell Forensic Science Improvement Program (Office of the Medical Examiner’s Forensic Toxicology Laboratory) for the period of October 1, 2020 through September 30, 2021.
2. Amend the 2021 operating budget of the Department of Public Health by appropriating the sum of $28,806 into general fund 9001, funds center 5804020200, Forensic Laboratory.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major readjustment of priorities that may affect the environment") and (31) ("purchase or sale of furnishings, equipment or supplies, including surplus government property, other than the following: land, radioactive material, pesticides, herbicides, or other hazardous materials") and is not subject to further review under the State Environmental Quality Review Act.

Partial funding for this grant is included in the 2021 operating budget of the Department of Public Health, general fund 9001, funds center 5804020200, Forensic Laboratory. The appropriated amount will adjust the current funding to that established by the grant.

This grant is 100% funded by the New York State Division of Criminal Justice Services. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Monroe County Legislature

Subject: Authorize a Contract with Troy & Banks, Inc. for a Cost-Recovery Audit of Utility Expenses

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Troy & Banks, Inc., based on a contingency fee of 24% of any refunds, credits, and/or savings they obtain for the County up to $55,000, for a cost-recovery audit of Monroe County’s utility expenses, for the period of January 1, 2020 through December 31, 2021.

Troy & Banks, Inc. will conduct an audit of utility (electric, natural gas, steam/water, and telephony) service accounts for the purpose of securing refunds, credits and cost reductions resulting from discovery of charges or costs in excess of those permitted or allowed by applicable contracts, tariffs, statutes, rules and regulations and/or from overcharges and billing errors. The audit period will be from January 1, 2014 to December 31, 2019.

Monroe County’s Minority and Women-Owned Business Enterprise (“M/WBE”) Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A request for qualifications (“RFQ”) was issued for this contract in 2019 and a selection was made in October 2019. M/WBE utilization was not a selection criteria under this RFQ, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFQs, Requests for Proposal, and Expressions of Interest going forward. Troy & Banks, Inc. was rated the most qualified to provide the services, but is not listed in New York State’s M/WBE Directory of Certified Firms.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Troy & Banks, Inc., 2216 Kensington Avenue, Buffalo, New York 14226, for a cost-recovery audit of utility expenses based on a contingency fee of 24% of any refunds, credits, and/or savings they obtain for the County up to $55,000, for the period of January 1, 2020 through December 31, 2021.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This contract is revenue generating and no net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Troy & Banks, Inc., nor its principal officer, Thomas Ranallo, President, owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Honorable Legislators:

I recommend that Your Honorable Body approve the refund and levy of a change of assessment due to an incorrect billing for sewer O/M charges in the City of Rochester as per the attached list prepared by the Department of Finance, Real Property Tax Services.

The refund is requested because the property owner was charged for usage that was the result of an underground water leakage resulting in an overbilling for sewer O/M charges.

No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
Listed below is pertinent information from an application for the refund of property taxes. The Real Property Tax Service Agency has the original application and support material available for review if needed. I am recommending the correction and refund of these Monroe County taxes because the same is erroneous. Listed below is the applicant's name, address, property location, tax year(s), tax account number, refund amount and reason for correction.

**City of Rochester:** Tax Account No. 120.46-1-4.001, Rochester Industrial Center, 3 Townline Cir, Rochester, NY 14623. **Property Location:** 8-10 Cairn St. **Tax Year:** 2021 **Amount of Taxes Currently Due:** $47,548.59. **Amount of Corrected Taxes Due:** $27,842.93. **Amount of Taxes to be Cancelled:** $19,705.66. Due to an error in essential fact, the incorrect amount of consumption was utilized for the pure waters O&M charge on the 2020 final tax roll. This resulted in an erroneous charge.

The necessary procedure to be followed by the Monroe County Legislature regarding this refund is for that body, by resolution, to approve this application, to authorize and direct the Controller to draw an order on the Director of Finance payable from the Erroneous Assessment Account for the heretofore stated sums and to authorize and direct the County Director of Real Property Tax Services to mail a duplicate copy of the approved application to said taxpayer.

Subject: Authorize a Contract with URMC Labs, a Division of the University of Rochester, for Laboratory Services at Monroe Community Hospital

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with URMC Labs, a Division of the University of Rochester in a total amount not to exceed $1,250,000 to provide laboratory services for residents at Monroe Community Hospital ("MCH") for the period of April 1, 2021 through March 31, 2022, with the option to renew for four (4) additional one-year terms in a total amount not to exceed $300,000 per year.

To ensure appropriate care of its residents, it is necessary that MCH contract with a provider that is able to perform laboratory tests with timely and accurate results. In addition, the provider must supply a laboratory and technologists who are certified and licensed. URMC Labs has been the provider of these services since 1988. Their past performance with MCH has been exemplary and they have proven their ability to continue the comprehensive laboratory services required by Public Health Law and MCH. For the first year of the contract, as the COVID-19 State of Emergency continues, MCH must adhere to the resident COVID-19 testing regulations set forth by U.S. Centers for Medicare & Medicaid Services. All residents (approximately 500) must be tested every three to seven days, for a minimum of fourteen days, after a single positive COVID-19 case within the facility, whether a resident, staff member or contractor.

A Request for Proposals was issued for this contract with URMC Labs, a Division of the University of Rochester, being the sole respondent.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract and any amendments thereto with, URMC Labs, a Division of the University of Rochester, 601 Elmwood Avenue, Box 608, Rochester, New York, 14642, to provide laboratory services for residents of Monroe Community Hospital in a total amount not to exceed $1,250,000 for the period April 1, 2021 through March 31, 2022, with the option to renew for four (4) additional one-year terms in a total amount not to exceed $300,000 per year.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2021 operating budget of Monroe Community Hospital, hospital fund 9012, funds center 6204020000, Monroe Community Hospital, and will be requested in future years budgets. No additional net County support is required in the current Monroe County budget.

The University of Rochester is a not-for-profit entity and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Authorize Appropriation Transfers for COVID-19 Response Actions

Honorable Legislators:

I recommend that Your Honorable Body authorize appropriation transfers totaling $21,000,000 for COVID-19 response actions including rapid testing services for employees and contractors of Monroe Community Hospital and the community at large, the provision of community vaccinations, and maintenance of non-congregate sheltering for those requiring isolation.

During 2020 and into 2021, Monroe County established multiple sites for Coronavirus rapid testing, non-congregate sheltering, and the provision of vaccinations. Expenses for those services are being accounted for within the Department of Public Health for program management, accounting, and reimbursement claiming purposes. In addition, Resolution 413 of 2020 authorized a one-year contract renewal to provide employees and contractors of Monroe Community Hospital with COVID-19 testing to comply with New York State Governor’s Executive Order 202.30.

The adopted 2021 operating budgets for the Department of Public Health and Monroe Community Hospital do not have sufficient appropriations to fund these services in addition to the regular programs and services delivered on an annual basis. Sufficient appropriations do exist; however, within the Department of Finance-Unallocated stemming from the CARES Act award of 2020, and are available for transfer.

The specific legislative actions required are:

1. Authorize an appropriation transfer of $18,000,000 from the Department of Finance-Unallocated, general fund 9001, funds center 1209070100, State of Emergency to the Department of Public Health, general fund 9001, funds center 5801090100, Pandemic Response.
2. Authorize an appropriation transfer of $3,000,000 from the Department of Finance-Unallocated, general fund 9001, funds center 1209070100, State of Emergency to Monroe Community Hospital, hospital fund 9012, funds center 6201010000 MCH Administration.

The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

These appropriation transfers will require no additional net County support in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The acceptance of a grant from the Oswego County Soil and Water Conservation District for Water Quality Improvement Project (WQIP) Program in Monroe County by the Monroe County Soil and Water Conservation District will have not have any significant adverse impacts to the environment for the following reasons:

The actions of Monroe County Soil and Water Conservation District are limited to Monroe County Streams that have or will have excessive streambank erosion that impacts water quality. These improvement projects are limited to areas of excessive erosion and are limited in size and scope. Total work conducted throughout Monroe County is expected to be below 2.5 acres, and is primarily performed along the side of streams with planting of vegetation, and with minor work conducted in-stream as necessary. When work is in stream or may impact streams the Monroe County Soil and Water Conservation District applies for a Protection of Waters Permit through the NYS DEC. As part of the application process for this permit, the applicant is required to conduct a project specific environmental review in accordance with the NYS State Environmental Quality Review Act.

Lastly, the work conducted under this program is an environmental benefit that improves the water quality of Monroe County Streams which flow into larger bodies of water such as rivers, streams, Irondequoit Bay, and Lake Ontario. Any negative impacts to water quality are temporary in-duration and ultimately result in a positive impact on water quality long-term. Accordingly, for the above reasons the acceptance of a grant from the Oswego County Soil and Water Conservation District for the Water Quality Improvement Project Program administered by Monroe County Soil and Water Conservation District will not result in significant adverse impacts to the environment.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

EFFECTIVE DATE OF RESOLUTION: ______________________
The Monroe County Sheriff's Office (MCSO) recognizes the capacity and significance of the change in culture necessary to respond to the evolution of the communities we serve. When New York State Governor Cuomo issued Executive Order #203, our agency viewed this as an opportunity to validate our high standards and also look for areas of growth to develop new ideas and implementations for the future of policing.

Starting August 2020, the MCSO began a thorough analysis to help identify significant needs and areas for improvement within the agency in order to improve the trust and confidence within the communities we serve. Currently, over thirty policies and procedures are under review and undergoing changes or adjustments. We collaborated with multiple stakeholders during this process, to include community forums, faith based organizations, and community leaders. We received significant community input, over 2,000 community survey responses, and a survey of our current deputies to gather first hand experience on our path forward in response to the current climate of policing.

The result of our collaboration and internal review process has provided us with feedback, which indicates we are not in need of a major overhaul and our department has been in the right direction for several years. However, this process has provided us with an opportunity to place a greater emphasis in five specific areas. These five elements are outlined in the following pages and are the focus of our long-term efforts. Our endeavors are going to be adaptable and will evolve as times change. However, the underlying fundamentals of shared understanding and mutual respect between law enforcement and the public will remain of the utmost importance.

Restoring the relationship between the community and law enforcement is the core mission of our plan. The MCSO anticipates a new beginning to help build the relationship between the public and law enforcement on a fact based dialogue. We will continue to measure our progress and always be open to feedback and opportunities for growth.

I remain committed to working together for solutions; we have been and remain steadfast in building up the community that we love.

-Sheriff Todd K. Baxter
The Plan

During our self-evaluation, the Monroe County Sheriff’s Office re-committed our priority to five key areas. These topics are common elements of the “President’s Task Force on 21st Century Policing” which served as a foundation for our work on Executive Order #203. We have begun work on identifying and achieving objectives under these five key areas, and will continue our efforts well past the April 1st, 2020 deadline imposed by the Executive Order.

1) TRANSPARENCY AND TRUST WITHIN THE COMMUNITY

Current national and local conversation has law enforcement under question. MCSO already achieves a high standard of transparency, which can increase with the implementation of the four main objectives below. Each objective is designed to become more transparent and open with the community while nurturing trust with the public and our membership.

* Sheriff’s Website and Phone App – The Sheriff’s Website and App will provide the community with resources (mental health, domestic violence, addiction, poverty, etc.) and allow our agency to share information and statistics of current on-goings with local law enforcement. Having technological communication available to the community will promote transparency and the opportunity for them to give feedback and provide input on their community’s needs

* Sheriff’s Citizen Interaction Committee (SCIC) and Annual Citizen’s Survey – The SCIC is a chance for the community to engage one on one with the Sheriff, Todd K. Baxter, to ask questions, stay informed, and provide input. Along with the SCIC, the MCSO will implement the Annual Citizen’s survey, which will allow MCSO to continue seeking feedback about community relations, accountability, and deputy interactions. The SCIC will be given the chance to provide direct input to current topics with the department, reviewing policies, and taking part in a thorough explanation of what the police do every day for the community.

* Pledge to Continue NYSLEAP Accreditation – MCSO is currently accredited and has been since 1992 by this independent body. The MCSO plans to continue this high standard of excellence for years to come. This process subjects our agency to a thorough external evaluation to ensure we meet or exceed general expectations of quality in the field. Obtaining accreditation standards ensures appropriate training, promotes public confidence in law enforcement agencies, and increases the effectiveness and efficiency of law enforcement agencies utilizing personnel, equipment, and facilities

* Educational Opportunities for the Public – Deputies and the community would like the MCSO to become more transparent in sharing information with the public. Sharing information about critical incidents and body camera footage from the beginning will help fact based narratives. In addition, MCSO will begin to offer opportunities for ride alongs, participation in reality based training, defensive tactics, and de-escalation techniques to the public so they can provide better input about the role of law enforcement. Providing additional knowledge and education to the public about the role of the police will help support a fact based dialogue when discussing police matters.
2) LEADERSHIP AND TRAINING

The MCSO has identified we can achieve significant improvement in regards to training and preparing our deputies and future leaders for the challenges they will face. Our intent is to ensure our membership and leaders exhibit the characteristics the public desires in its police force.

- Embracing a Guardian Mindset – MCSO has identified improvement needs to be made for deputies to continue embodying the guardian mindset, placing a greater emphasis on selfless service and compassion in our work. The first step towards this goal will be to implement procedural justice training, called “Principled Policing” through NYS DCIS. This program focuses on the way police interact with the public and is one-step towards ensuring our deputies believe in and represent a guardian mindset. Although a guardian mindset is essential, being capable of operating in a warrior mode is as critical so deputies can perform during high risk, lifesaving operations such as active shooter events.

- Multi-Cultural Training – MCSO will expand on educating our deputies about diversity in the various communities we police. For example, engaging with people who have developmental disabilities such as autism, African American history and culture, marginalized communities such as Deaf and Hard of Hearing, LGBTQI, and immigrant communities, etc. MCSO will offer thorough and transformative diversity training on a yearly basis to help our deputies better engage and provide services to a multicultural society.

- Preparing our Future Leaders – MCSO is currently researching opportunities for a more formal, external leadership program that better prepares and supports our leaders to be able to handle today’s complex issues. The program’s key focus’ would be effective communication, human relations, and our role in the community.

3) INSTILL A VALUES BASED CULTURE

In order to break down organizational silos, MCSO has completely redesigned and implemented a new values based culture to build upon our professional, inclusive, and dignity based workplace amongst all of our bureaus (Police, Jail, Civil and Court). MCSO commits to securing a safe and prosperous community and cultivating the trust and respect of all those we serve by providing exemplary law enforcement services that reflect our core values of respect, integrity, teamwork and excellence.

- Creation and implementation of a new evaluation format – A new performance evaluation is currently under development for the upcoming year. The efforts to reformat and reconstruct our evaluation design will help change the trajectory of an employee’s career, set expectations, and highlight positive performances. Sergeant level and above will perform 360 evaluations to focus on core competencies and developmental opportunities.

- Changes to the promotional process – Currently, NYS Civil Service testing dictates the next leaders in our organization. With additional standards added to our promotional process, we can promote individuals based on desired traits and not just a test score. During the promotional process, a member will submit along with their NYS Civil Service Assessments, a 360-degree feedback form from their subordinates (if applicable), peers, supervisors, and a self-evaluation. The process will begin to build trust, performance, and productivity amongst the staff.
Executive Summary Cont.

* Building an Inclusive Workplace – Recruitment efforts to attract, and retain exceptionally qualified and diverse applicants, to include, but not limited to, diversity of thought, experience, ethnicity, age, gender, race, abilities, and sexual orientation are at the forefront of our staffing efforts. Creating a diverse workforce is necessary in the steps to effective police reform. Our recruiting teams will continue their efforts in retaining diverse applicants and candidates to promote different talents, and bring different perspectives to our department.

* Evidenced Based Policing for Transparency and Service – In 2021 an independent labor study will be conducted at the MCSO to analyze data, and research on all bureaus of the department to provide the best possible police service to our communities. The study will identify statistics on call volume, identification of the types of calls, staffing, deployment of resources, etc. The goal of this effort is to determine appropriate staffing and deployment methods of what works and what does not. Conducting a study such as this will promote trust and legitimacy within the community. The MCSO is also working with Measures for Justice, an independent third party whom analyzes county data including bail, incarceration, police data, racial ethnic disparities, age, race, and offense types, etc. to provide information for discussion on decisions made for the future.

4) COMMUNITY ENGAGEMENT

As we made our way through this review process, the communities we serve and our own members have made it clear; in order to build positive and trusting relationships between the public and our deputies, we must continue to expand our community engagement efforts and search for new and innovative opportunities. The following objectives have been collected from our community forums, community engagement survey, and conversations with the public.

* Steps with Deps – MCSO will schedule dates where several deputies, supervisors and/or command staff can walk the neighborhood to talk with the people who live there. Engaging with the public in a positive light and having non-emergency engagement will start to develop relationships and trust with community members.

* Big’s in Blue – Big’s in Blue is a one to one mentoring program which would connect MCSO Deputies with local school aged youth. The goal of this program is to begin building relationships and trust between the youth and law enforcement. Creating strong bonds between law enforcement and the youth will begin to bridge the gap between the police and our younger population.

* Open Houses / Community Fairs – Community outreach events have been a consistent trend among the requests in our reform plan. These events will allow the Monroe County Sheriff’s Office to display what they offer and allow the public to interact with deputies first hand. Open houses will provide the community an opportunity to communicate with deputies whom patrol their area, ask questions, and gain explanation of specialized units in the department.

* Building Youthful Relationships – In addition to the latter efforts, the MCSO plans to redesign our community engagement efforts and expand our community liaison program, specifically towards the youth. This will be accomplished by dedicating personnel and resources to building positive and healthy relationships with the youth.
5) CRISIS INTERVENTION SUPPORT

MCSO has identified a significant need for a better-structured mental health support system for both responding deputies and the public. There are currently multiple successful examples of programs that provide such support, such as the Officer Wellness Program and the Monroe County Forensic Intervention Team. We will pledge to continue to support and embrace these programs while searching for additional opportunities to expand their reach.

- Interdepartmental Mentoring Programs – New deputy recruits will receive an interdepartmental mentor to set the standard for professional growth and performance from the beginning. Recognizing the importance of demonstrating those characteristics from the start will show what the MCSO desires our members to exhibit.

- Professional Support for Deputies Post Critical Incident – Currently, there is no consistency with services available for deputies after critical incidents. MCSO does provide a peer support program and takes part in the Officer Assistance Program, yet still there are significant voids in opportunities to help our members deal with the significant and often daily stressors of the job. The MCSO pledges to devote critical resources (time and money) in order to expand the quality of care offered and the ability to reach every member in need. This will require significant external support from qualified professionals who are familiar with law enforcement.

- Multi-discipline Response
  - The FIT (Forensic Intervention Team) team has had a significantly positive impact on the relationship between individuals in crisis and law enforcement. MCSO will continue to support this effort with conversations to expand services, hours, and staffing.
  - The MCSO is currently collaborating with Roberts Wesleyan College to research a collaborative effort of social work, psychology and law enforcement in efforts to responding to a person in crisis. Two follow on long-term goals are to provide educational opportunities that prepare service professionals for work alongside law enforcement, as well as create a law enforcement certificate program for deputies and officers that wish to pursue advance training in mental health.

Conclusion

Throughout this review process, the MCSO has collaborated with several community groups and key stakeholders, including our deputies, who have helped us evaluate and identify opportunities for growth. As an agency, we are extremely proud of the progress and achievements we have accomplished over the years, and those yet to come. Our law enforcement accreditation success since 1992 is a testament to the commitment and hard work of our deputies and civilian staff. We will always be open to honest conversations regarding new opportunities as we strive to achieve the highest level of mutual trust and respect within our communities.

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the repair and replacement of the culvert located at the property, and does not include the physical alteration nor disturbance of the property. Although Part 1 of the EAF indicates wetlands exist in the area, according to a review of state and federal wetland maps, no wetlands are near the project site. Therefore, no wetlands will be impacted or encroached upon with this project and any future use of the property will need to be reviewed and consistent with the current zoning code and permitting requirements for Wetlands from state and federal regulatory bodies.

The proposed site or adjoining area also were the subject of remediation for hazardous waste. The proposed action does not include physical alteration of the site nor disturbance of the property. It has been determined that no significant adverse environmental impacts from this action will occur.

Section 1. For the object or purpose of refunding the outstanding principal balance of the Refunded Bonds as more fully set forth in the Refunding Financial Plan (hereinafter defined), including providing moneys which, together with the interest earned from the investment of certain of the proceeds of the refunding bonds herein authorized, shall be sufficient to pay (i) the principal amount of such Refunded Bonds, (ii) the aggregate amount of unmatured interest payable on such Refunded Bonds to and including the date on which the Refunded Bonds which are callable are to be called prior to their respective maturities in

The Refunding Bonds described herein are hereby authorized to be consolidated for purposes of sale in one or more refunding serial bond issues. The Refunding Bonds shall each be designated substantially "PUBLIC IMPROVEMENT REFUNDING (SERIAL) BOND" together with such series designation and year as is appropriate on the date of sale thereof, shall be of the denomination of $5,000 or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity, shall be numbered with the prefix R-21 (or R with the last two digits of the year in which the Refunding Bonds are issued as appropriate) followed by a dash and then from 1 upward, shall be dated on such dates, and shall mature annually on such dates in such years, bearing interest semi-annually on such dates, at the rate or rates of interest per annum, as may be necessary to sell the same, all as shall be determined by the Director of Finance - Chief Financial Officer pursuant to Section 4 hereof. It is hereby further determined that (a) such Refunding Bonds may be issued in series, (b) such Refunding Bonds may be sold at a discount in the manner authorized by paragraph a of Section 57.00 of the Local Finance Law pursuant to subdivision 2 of paragraph f of Section 90.10 of the Local Finance Law, and (c) such Refunding Bonds may be issued as a single consolidated issue. It is hereby further determined that such Refunding Bonds may be issued to refund all, or any portion of, the Refunded Bonds, subject to the limitation hereinafter described in Section 10 hereof relating to approval by the State Comptroller.
Section 2  The Refunding Bonds may be subject to redemption prior to maturity upon such terms as the Director of Finance - Chief Financial Officer shall prescribe, which terms shall be in compliance with the requirements of Section 53.00 (b) of the Local Finance Law. If less than all of the Refunding Bonds of any maturity are to be redeemed, the particular refunding bonds of such maturity to be redeemed shall be selected by the County by lot in any customary manner of selection as determined by the Director of Finance - Chief Financial Officer. Notice of such call for redemption shall be given by mailing such notice to the registered owners not less than thirty (30) days prior to such date. Notice of redemption having been given as aforesaid, the bonds so called for redemption shall, on the date for redemption set forth in such call for redemption, become due and payable, together with interest to such redemption date, and interest shall cease to be paid thereon after such redemption date.

The Refunding Bonds shall be issued in registered form and shall not be registrable to bearer or convertible into bearer coupon form. In the event said Refunding Bonds are issued in non-certificated form, such bonds, when issued, shall be initially issued in registered form in denominations such that one bond shall be issued for each maturity of bonds and shall be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the bonds in accordance with the Book-Entry-Only system of DTC. In the event that either DTC shall discontinue the Book-Entry-Only system or the County shall terminate its participation in such Book-Entry-Only system, such bonds shall thereafter be issued in certificated form of the denomination of $5,000 each or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity. In the case of non-certificated Refunding Bonds, principal of and interest on the bonds shall be payable by check or draft mailed by the Fiscal Agent (as hereinafter defined) to DTC, or to its nominee, Cede & Co., while the bonds are registered in the name of Cede & Co. in accordance with such Book-Entry-Only System. Principal shall only be payable upon surrender of the bonds at the principal corporate trust office of such Fiscal Agent (or at the office of the Director of Finance - Chief Financial Officer as Fiscal Agent as hereinafter provided).
In the event said Refunding Bonds are issued in certificated form, principal of and interest on the Refunding Bonds shall be payable by check or draft mailed by the Fiscal Agent (as hereinafter defined) to the registered owners of the Refunding Bonds as shown on the registration books of the County maintained by the Fiscal Agent (as hereinafter defined), as of the close of business on the fifteenth day of the calendar month or last day of the calendar month preceding each interest payment date as appropriate and as provided in a certificate of the Director of Finance - Chief Financial Officer providing for the details of the Refunding Bonds. Principal shall only be payable upon surrender of bonds at the principal corporate trust office of a bank or trust company or banks or trust companies located or authorized to do business in the State of New York, as shall hereafter be designated by the Director of Finance - Chief Financial Officer as fiscal agent of the County for the Refunding Bonds (collectively the “Fiscal Agent”).

Refunding Bonds in certificated form may be transferred or exchanged at any time prior to maturity at the principal corporate trust office of the Fiscal Agent for bonds of the same maturity of any authorized denomination or denominations in the same aggregate principal amount.

Principal and interest on the Refunding Bonds will be payable in lawful money of the United States of America.

The Director of Finance - Chief Financial Officer, as chief fiscal officer of the County, is hereby authorized and directed to enter into an agreement or agreements containing such terms and conditions as he shall deem proper with the Fiscal Agent, for the purpose of having such bank or trust company or banks or trust companies act, in connection with the Refunding Bonds, as the Fiscal Agent for said County, to perform the services described in Section 70.00 of the Local Finance Law, and to execute such agreement or agreements on behalf of the County, regardless of whether the Refunding Bonds are initially issued in certificated or non-certificated form; provided, however, that the Director of Finance - Chief Financial Officer is also hereby authorized to name the Director of Finance - Chief Financial Officer as the Fiscal Agent in connection with the Refunding Bonds if said Refunding Bonds are issued in non-certificated form.

The Director of Finance - Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00
of the Local Finance Law, for said Refunding Bonds, including, but not limited to the determination of the
provider of such credit enhancement facility or facilities and the terms and contents of any agreement or
agreements related thereto.

The Refunding Bonds shall be executed in the name of the County by the manual or facsimile signature
of the Director of Finance - Chief Financial Officer, and its corporate seal shall be imprinted thereon. In the
event of facsimile signature, the Refunding Bonds shall be authenticated by the manual signature of an
authorized officer or employee of the Fiscal Agent. The Refunding Bonds shall contain the recital required by
subdivision 4 of paragraph j of Section 90.10 of the Local Finance Law and the recital of validity clause provided
for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in
addition to those required by Section 51.00 of the Local Finance Law, as the Director of Finance - Chief
Financial Officer shall determine. It is hereby determined that it is to the financial advantage of the County
not to impose and collect from registered owners of the Refunding Bonds any charges for mailing, shipping,
and insuring bonds transferred or exchanged by the Fiscal Agent, and, accordingly, pursuant to paragraph c of
Section 70.00 of the Local Finance Law, no such charges shall be so collected by the Fiscal Agent.

Section 3. It is hereby determined that:

(a) the maximum amount of the Refunding Bonds authorized to be issued pursuant to
this resolution does not exceed the limitation imposed by subdivision 1 of paragraph b of Section 90.10
of the Local Finance Law;

(b) the maximum period of probable usefulness permitted by law at the time of the
issuance of the Refunded Bonds for each object or purpose for which such Refunded Bonds were
issued is as specified in the Bond Determinations Certificate which is incorporated herein by reference;

(c) the last installment of the Refunding Bonds will mature not later than the expiration
of the respective period of probable usefulness of the objects or purposes for which said Refunded
Bonds were issued in accordance with the provisions of paragraph c of Section 90.10 of the Local
Finance Law;
(d) the estimated present value of the total debt service savings anticipated as a result of the issuance of the Refunding Bonds, computed in accordance with the provisions of subdivision 2 of paragraph b of Section 90.10 of the Local Finance Law, with regard to the Refunded Bonds is as shown in the Refunding Financial Plan described in Section 4 hereof.

Section 4. The financial plan for the refunding authorized by this resolution (the "Refunding Financial Plan"), showing the sources and amounts of all moneys required to accomplish such refunding, the estimated present value of the total debt service savings and the basis for the computation of the aforesaid estimated present value of total debt service savings, are set forth in Exhibit A attached hereto and made a part of this resolution. The Refunding Financial Plan has been prepared based upon the assumption that the Refunding Bonds will be issued in one series, and that the Refunding Bonds will mature, be of such terms, and bear interest as set forth on Exhibit A attached hereto and made a part of this resolution. This County Legislature recognizes that the Refunding Bonds may be issued in one or more series, and for only portions thereof, that the amount of the Refunding Bonds, maturities, terms, and interest rate or rates borne by the Refunding Bonds to be issued by the County will most probably be different from such assumptions and that the Refunding Financial Plan will also most probably be different from that attached hereto as Exhibit A. The Director of Finance - Chief Financial Officer is hereby authorized and directed to determine the amount of the Refunding Bonds to be issued, the date or dates of such bonds and the date or dates of issue, maturities and terms thereof, the provisions relating to the redemption of Refunding Bonds prior to maturity, whether the Refunding Bonds will be insured by a policy or policies of municipal bond insurance or otherwise enhanced by a credit enhancement facility or facilities, whether the Refunding Bonds shall be sold at a discount in the manner authorized by paragraph e of Section 57.00 of the Local Finance Law, and the rate or rates of interest to be borne thereby, whether the Refunding Bonds shall be issued having substantially level or declining annual debt service and all matters related thereto, and to prepare, or cause to be provided, a final Refunding Financial Plan for the Refunding Bonds and all powers in connection therewith are hereby delegated to the Director of Finance - Chief Financial Officer; provided, that the terms of the Refunding Bonds to be issued, including the rate or rates of interest borne thereby, shall comply with the requirements of Section 90.10 of the Local Finance Law.
The Director of Finance - Chief Financial Officer shall file a copy of his certificate determining the details of the Refunding Bonds and the final Refunding Financial Plan with the Clerk of the County Legislature not later than ten (10) days after the delivery of the Refunding Bonds, as herein provided.

Section 5. The Director of Finance - Chief Financial Officer is hereby authorized and directed to enter into an escrow contract or contracts (collectively the "Escrow Contract") with a bank or trust company, or with banks or trust companies, located and authorized to do business in this State as said Director of Finance - Chief Financial Officer shall designate (collectively the "Escrow Holder") for the purpose of having the Escrow Holder act, in connection with the Refunding Bonds, as the escrow holder to perform the services described in Section 90.10 of the Local Finance Law.

Section 6. The faith and credit of said County of Monroe, New York, are hereby irrevocably pledged to the payment of the principal of and interest on the Refunding Bonds as the same become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall be annually levied on all the taxable real property in said County a tax sufficient to pay the principal of and interest on such Refunding Bonds as the same become due and payable.

Section 7. All of the proceeds from the sale of the Refunding Bonds, including the premium, if any, but excluding accrued interest thereon, shall immediately upon receipt thereof be placed in escrow with the Escrow Holder for the Refunded Bonds. Accrued interest on the Refunding Bonds shall be paid to the County to be expended to pay interest on the Refunding Bonds. Such proceeds as are deposited in the escrow deposit fund to be created and established pursuant to the Escrow Contract, whether in the form of cash or investments, or both, inclusive of any interest earned from the investment thereof, shall be irrevocably committed and pledged to the payment of the principal of and interest on the Refunded Bonds in accordance with Section 90.10 of the Local Finance Law, and the holders, from time to time, of the Refunded Bonds shall have a lien upon such moneys held by the Escrow Holder. Such pledge and lien shall become valid and binding upon the issuance of the Refunding Bonds and the moneys and investments held by the Escrow Holder for the Refunded Bonds in the escrow deposit fund shall immediately be subject thereto without any further act.
Such pledge and lien shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the County irrespective of whether such parties have notice thereof.

**Section 8.** Notwithstanding any other provision of this resolution, so long as any of the Refunding Bonds shall be outstanding, the County shall not use, or permit the use of, any proceeds from the sale of the Refunding Bonds in any manner which would cause the Refunding Bonds to be an “arbitrage bond” as defined in Section 148 of the Internal Revenue Code of 1986, as amended, and, to the extent applicable, the Regulations promulgated by the United States Treasury Department thereunder.

**Section 9.** In accordance with the provisions of Section 53.00 and of paragraph h of Section 90.10 of the Local Finance Law, in the event such bonds are refunded, the County hereby elects to call in and redeem each Refunded Bond which the Director of Finance - Chief Financial Officer shall determine to be refunded at the earliest call date available. The sum to be paid therefor on such redemption date shall be the par value thereof, as provided in the Refunded Bond Certificate, and the accrued interest to such redemption date. The Escrow Holder for the Refunding Bonds is hereby authorized and directed to cause notice of such call for redemption to be given in the name of the County in the manner and within the times provided in the Refunded Bond Certificate. Such notice of redemption shall be in substantially the form attached to the Escrow Contract. Upon the issuance of the Refunding Bonds, the election to call in and redeem the callable Refunded Bonds and the direction to the Escrow Holder to cause notice thereof to be given as provided in this paragraph shall become irrevocable, provided that this paragraph may be amended from time to time as may be necessary in order to comply with the publication requirements of paragraph a of Section 53.00 of the Local Finance Law, or any successor law thereeto.

**Section 10.** The Refunding Bonds shall be sold at public or private sale to such underwriter as may be selected by the Director of Finance - Chief Financial Officer (the “Underwriter”) for purchase prices to be determined by the Director of Finance - Chief Financial Officer, plus accrued interest from the date or dates of the Refunding Bonds to the date or dates of the delivery of and payment for the Refunding Bonds, subject to approval by the State Comptroller as required by Section 90.10 of the Local Finance Law, the Director of Finance - Chief Financial Officer, is hereby authorized to execute and deliver a purchase contract for the

The Rochester Red Wings received notification from Major League Baseball (“MLB”) that Frontier Field is required to be in full compliance with all new MLB standards by April 1, 2025 or lose their approval to conduct baseball at a professional level. Improvements and modifications of facility elements include stadium security, media facilities, home and visiting club facilities, additional team facilities, playing field features and maintenance items. Some phased improvements are required by April of 2023 and 2024.

This project is scheduled to be considered by the Monroe County Planning Board on February 25, 2021.

The specific legislative actions required are:

2. Amend the 2021 Capital Budget to add a project entitled “Frontier Field Major League Baseball Requirements” in the amount of $1,000,000.

3. Authorize financing for the project entitled “Frontier Field Major League Baseball Requirements” in the amount of $1,000,000.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be included in the capital fund to be created and any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Section 1. For the object or purpose of financing the cost of improvements to Frontier Field, as required by Major League Baseball, in and for the County of Monroe, New York (the "County"), there are hereby authorized to be issued $1,000,000 bonds of the County, pursuant to the provisions of the Local Finance Law. The duly adopted current Capital Budget of the County, to the extent inconsistent herewith, is hereby amended to provide for the appropriation of the amount hereby authorized to pay the cost of the aforesaid specific object or purpose. The Director of Finance - Chief Financial Officer is also authorized to enter into such agreements and take such other action as may be necessary or appropriate and lawful to assure that, to the extent possible, (i) interest on the bonds and notes authorized hereby will not be includable in the gross income, for federal income tax purposes, of the recipients thereof; and (ii) to enable the purchaser thereof to comply with Securities and Exchange Commission Rule 15c2-12. Subject: Amending the 2021 Monroe County Budget to Eliminate County Food Service Fees During the COVID-19 State of Emergency

Honorable Legislators:

Over the course of the last year, the COVID-19 pandemic has left no person, business or societal function unaffected. In Monroe County, we have lost over 800 of our fellow neighbors, friends and loved ones. The effects of the COVID-19 lockdowns have left hardworking taxpayers without jobs, family-owned businesses destroyed and livelihoods ripped apart. It is long past due to use the data and lessons learned to ensure the health and safety of our residents are protected from the virus while protecting the same from the restrictions it has ushered in.

According to a 2020 nationwide report by Yelp, 163,735 businesses listed on Yelp as open in April 2020 had closed by September. That averages out to be roughly 800 businesses closing per day. According to the University of California Santa Cruz, this number is actually closer to 1,500 businesses closing per day. In measuring businesses whose closures have become permanent, 60-percent of these closed businesses will never return. In New York, Harvard-run database TrackTheRecovery.org found that of businesses that closed in January of last year, nearly one third had remained closed into November. The implications of these closures are grave; these numbers represent livelihoods, the backbones of local economies and often the fruition of a lifetime of work.

The Small Business Association estimates that 99.7-percent of all businesses in the United States are small business entities. Prior to the pandemic, small businesses accounted for 42-percent of employment in accommodation and 64-percent of employment in food services and drinking places. In May 2020, employment in accommodation was 50-percent lower than in May 2019, and employment in food services and drinking places was 37-percent lower. These sectors of our economy have been unfairly and, according to New York State data, unjustifiably targeted.

While the government has forced these businesses to close, they have simultaneously demanded the same pre-pandemic licenses, fees and taxes. In other words, while the government demands its revenue, it is limiting the ability of private entities to collect the revenue to pay. If New York State and Governor Cuomo will not allow these private entities to collect revenue in the safe manner it has been proven capable of, and local Monroe County officials within the State’s Regional Control room will not stand up for our residents, it is imperative that we do all we can do offset the financial ruin this has caused.

The waiving and reimbursement of 2021 Monroe County Food Services Fees would eliminate a financial burden on these small businesses. For example, restaurants, regardless of whether capacity is restricted or closed entirely for indoor dining due to arbitrary zone restrictions should not have to pay a fee...
when they cannot operate their business fully. Caterers, whose primary function is serving large gatherings, should not have to pay a licensing fee in a year where large gatherings are prohibited for the near future and they should not be forced out of operation because they cannot or will not pay for a license that cannot be utilized fully. Further, temporary food establishments, such as food trucks and carts, should not be forced to pay a fee when their primary function is serving gatherings and whose traffic often relies upon the employees of nearby businesses, which are now prohibited and closed.

Small businesses are the backbone of our community and to stand idly by would spell economic and community devastation for years to come. The elimination of these unjustifiable fees during a global pandemic is a step in providing these small businesses with financial relief. The economic recovery from COVID-19 is going to be a long and difficult road, but requiring fees in the midst of a government-imposed shutdown is adding insult to injury.

The specific legislative actions required are:

1. Amend the 2021 Monroe County Budget to eliminate the Food Service Establishment Fees charged via the Public Health – Environmental Health 2021 Fees and Charges schedule listed on pages 292-293, as indicated below:

2. Authorize direct reimbursement of any 2021 Food Service Establishment Fees paid to Monroe County prior to the adoption of this legislation.

The provisions of the New York State Environmental Quality Review Act shall be complied with prior to the undertaking, funding, or approving the action in this referral. This action would have a negative net impact to the 2021 Monroe County Budget as it would decrease budgeted revenue.

RE: Dignified Indigent Burial Act

Honorable Legislators:

As part of its Temporary Assistance program, Monroe County offers grants to assist individuals and families to afford the cost of funeral expenses for a loved one who has passed away. For applicants determined to be eligible for Temporary Assistance, Monroe County will currently provide a funeral assistance grant up to a maximum of $1,250 for decedents aged six years or older, or up to $500 for deceased children aged five years or younger. However, for a funeral to be eligible for assistance, the total funeral cost cannot amount to more than $6,000. If the funeral costs more than $6,000, Monroe County will not provide financial assistance, as it does not consider it an indigent burial.

Prior to 2006, Monroe County offered grants up to $1,850 for funeral costs. That year, the grant was cut to $1,250 despite strong objections from clergy and advocates. Decreased funeral costs did not drive this change. In fact, the National Funeral Directors Association (NDFA) states that the median funeral cost increased by 28.6-percent from 2004 to 2014, and another 6.4-percent from 2014 to 2019. The NDFA reported that the median cost for a funeral was $7,640 in 2019, not including a vault; add a vault, and the total cost increases to $9,135.

In talking with families and funeral home directors, it is clear that $1,250 is simply not enough for a dignified burial. The County Administration will tell this Honorable Body that most grant recipients do not use the full $1,250 allotment, but that is because families are often forced into choosing cremation as a lower cost option even when it conflicts with religious beliefs.

All residents of our community, regardless of income, deserve a dignified burial process. People should also have the option to be buried close to family to make it easier for loved ones to pay their respects. It is clear that we need to increase the Supplemental Funeral Assistance Grant better to reflect the actual costs of burials in our community. In talking with funeral directors and gathering cost estimates for different cemeteries and options, it is recommended that the grant be increased to $2,000 for decedents aged six years or older and $800 for deceased children aged five years or younger.

The specific legislative action required is to increase the Supplemental Funeral Assistance Grant’s maximum allocation in an amount not to exceed $2,000 for decedents aged six years or older, and $800 for deceased children aged five years or younger.
This action is a Type II Action pursuant to 6 NYCRR 617.5(c) (26) ("routine of continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this grant increase is included in the 2021 operating budget of the Department of Human Services, general fund 9001, funds center 5111010000, Family Assistance and 5110010000, Safety Net Assistance. No additional net county support is required in the current Monroe County budget.

I recommend this matter be referred to the appropriate committee(s) for favorable action by this Honorable Body.

Subject: Designation of Official Newspapers

Honorable Legislators:

I recommend that Your Honorable Body designate The Daily Record, the Rochester Business Journal, and the Minority Reporter as the official newspapers for the year 2021 for publication of all local laws, notices, and other matters required by law to be published.

Section 214(2) of the County Law of the State of New York requires designation of at least two (2) newspapers within the County as official newspapers for publication of all local laws, notices and other matters required by law to be published. Section 214(2) also permits the County to designate additional newspapers for any publication and such designation shall be deemed an official newspaper for that particular publication. Designating The Daily Record, the Rochester Business Journal, and the Minority Reporter will allow the County to maintain a broad circulation while efficiently utilizing financial resources. The Daily Record and the Rochester Business Journal have been designated the official newspapers since 1997. The Minority Reporter was designated in 2020.

The specific legislative actions required are:

1. Designation of The Daily Record and the Rochester Business Journal as the official newspapers for the year 2021 for publication of all local laws, notices, and other matters required by law to be published.

2. Designation of the Minority Reporter for: (1) the publication of public bids and requests for proposals, and (2) the publication of notices required under Chapter 635 of the Monroe County Code regarding in-rem tax foreclosure, and shall be deemed an official newspaper for these particular publications.

3. Said official newspapers shall be required to send copies of all pertinent information required by state law to be published in the official newspapers to the clerks of each respective town, village and city in Monroe County. In addition, each library system and fire district within the County should also be provided with copies of said local laws, notices, and other matters required by state law to be published in official newspapers. Furthermore, such pertinent information should be posted in a conspicuous manner for public review.
The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Acceptance of Two Grants from the Oswego County Soil and Water Conservation District for the Water Quality Program and Authorize a Contract with the Monroe County Soil and Water Conservation District

Honorable Legislators:

I recommend that Your Honorable Body determine whether the acceptance of two grants from the Oswego County Soil and Water Conservation District for the Water Quality Program and authorizing a contract with the Monroe County Soil and Water Conservation District (the “Action”) may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act (“SEQRA”).

The Action has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the Action is an Unlisted action.

2. Make a determination of significance regarding the Action pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This determination will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

**Part 3 Determination of Significance**

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, reversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The acceptance of a grant from the Oswego County Soil and Water Conservation District for Water Quality Improvement Project (WQIP) Program in Monroe County by the Monroe County Soil and Water Conservation District will have not have any significant adverse impacts to the environment for the following reasons:

The actions of Monroe County Soil and Water Conservation District are limited to Monroe County Streams that have or will have excessive streambank erosion that impacts water quality. These improvement projects are limited to areas of excessive erosion and are limited in size and scope. Total work conducted throughout Monroe County is expected to be below 2.5 acres, and is primarily performed along the side of streams with planting of vegetation, and with minor work conducted in-stream as necessary. When work is in stream or may impact streams the Monroe County Soil and Water Conservation District applies for a Protection of Waters Permit through the NYS DEC. As part of the application process for this permit, the applicant is required to conduct a project specific environmental review in accordance with the NYS State Environmental Quality Review Act.

Lastly, the work conducted under this program is an environmental benefit that improves the water quality of Monroe County Streams which flow into larger bodies of water such as rivers, streams, Irondequoit Bay, and Lake Ontario. Any negative impacts to water quality are temporary in-duration and ultimately result in a positive impact on water quality long-term. Accordingly, for the above reasons the acceptance of a grant from the Oswego County Soil and Water Conservation District for the Water Quality Improvement Project Program administered by Monroe County Soil and Water Conservation District will not result in significant adverse impacts to the environment.

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The acceptance of a grant from the Oswego County Soil and Water Conservation District for Water Quality Improvement Project (WQIP) Program in Monroe County by the Monroe County Soil and Water Conservation District will have not have any significant adverse impacts to the environment for the following reasons:

The actions of Monroe County Soil and Water Conservation District are limited to Monroe County Streams that have or will have excessive streambank erosion that impacts water quality. These improvement projects are limited to areas of excessive erosion and are limited in size and scope. Total work conducted throughout Monroe County is expected to be below 2.5 acres, and is primarily performed along the side of streams with planting of vegetation, and with minor work conducted in-stream as necessary. When work is in stream or may impact streams the Monroe County Soil and Water Conservation District applies for a Protection of Waters Permit through the NYS DEC. As part of the application process for this permit, the applicant is required to conduct a project specific environmental review in accordance with the NYS State Environmental Quality Review Act.

Lastly, the work conducted under this program is an environmental benefit that improves the water quality of Monroe County Streams which flow into larger bodies of water such as rivers, streams, Irondequoit Bay, and Lake Ontario. Any negative impacts to water quality are temporary in-duration and ultimately result in a positive impact on water quality long-term. Accordingly, for the above reasons the acceptance of a grant from the Oswego County Soil and Water Conservation District for the Water Quality Improvement Project Program administered by Monroe County Soil and Water Conservation District will not result in significant adverse impacts to the environment.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

The Monroe County Soil and Water Conservation District will provide stormwater management consulting and project management services to identify and implement water quality improvement projects such as stream bank erosion and shoreline stabilization in Monroe County and serve as the program manager for the New York State Watercraft Steward Program to control invasive species in Monroe County.

The specific legislative actions required are:

5. Authorize the County Executive to appropriate any subsequent years of the grant awards in accordance with the grant terms, to reappropriate any unencumbered balances during the grant periods according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

6. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

The provisions of the New York State Environmental Quality Review Act shall be complied with prior to Your Honorable Body undertaking, funding, or approving the action requested in this referral.

This grant is 100% funded by the Oswego County Soil and Water Conservation District. No net County support is required in the current Monroe County budget.

The Monroe County Soil and Water Conservation District is a not-for-profit agency, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Amend the 2021 Capital Budget and Bond Resolution 331 of 2019 to Provide an Increase in Funding for the County Public Safety Building Reconstruction Project

Honorable Legislators:

I recommend that Your Honorable Body amend the 2021 Capital Budget and Bond Resolution 331 of 2019 to provide an increase in funding for the County Public Safety Building Reconstruction Project.

Your Honorable Body, through Bond Resolution 331 of 2019, authorized financing for the County Public Safety Building Reconstruction Project. This project includes reconstruction of the second and third floors of the Public Safety Building, including electrical, plumbing, heating, ventilation and air conditioning, masonry, steam, chilled water, and security systems. Additional work includes renovation and reconfigurations to meet the functional needs of the Sheriff’s Office. Construction began in July 2020 and is projected to be completed by May 2021.

Your Honorable Body, through Resolution 157 of 2020, authorized the contracts for construction. During renovation of the existing space, unforeseen conditions were encountered including the need to extend masonry security walls on the second and third floors to the deck, relocate existing piping in walls, and asbestos abatement in several locations. These unforeseen conditions have reduced the amount of construction contingency available. This request for additional funding is necessary to reestablish the contingency balance for use if additional unforeseen conditions are encountered until construction is complete in May 2021.

The specific legislative actions required are:

1. Amend the 2021 Capital Budget to increase funding for the County Public Safety Building Reconstruction Project in the amount of $450,000, from $0 to $450,000, for a total project authorization of $7,100,000.
2. Amend Bond Resolution 331 of 2019 to increase financing for the County Public Safety Building Reconstruction Project, capital fund 1795, in the amount of $450,000, from $6,650,000 to $7,100,000, for a total project authorization of $7,100,000.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be available in capital fund 1795 once the additional financing authorization requested herein is approved and in any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

The duly adopted current Capital Budget of the County, to the extent inconsistent herewith, is hereby amended to provide for the appropriation of an additional $450,000 to pay the cost of the aforesaid class of objects or purposes ($6,650,000 having been heretofore appropriated from one or more Capital Budgets). The period of probable usefulness of the aforesaid class of objects or purposes is twenty-five (25) years, pursuant to subdivision 12(a)(1) of paragraph a of Section 11.00 of the Local Finance Law, computed from June 29, 2016 the date of the first obligations issued therefore.

Section 2. The maximum estimated cost thereof is $7,100,000, and the plan for the financing thereof is by the issuance of $7,100,000 bonds of said County herein authorized, provided, however, that to the extent any state and/or federal aid and/or grant and/or gift is received for the aforesaid purpose, such aid shall be used to redeem any outstanding indebtedness incurred for such purpose or shall be applied, dollar for dollar, to reduce the amount of bonds to be issued for such purpose.

Section 3. The faith and credit of the County are hereby irrevocably pledged for the payment of the principal of and interest on such obligations as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such obligations becoming due and payable in such year. Such bonds or notes shall be of such terms, form and contents, and shall be sold in such manner, as may be
prescribed by said Director of Finance - Chief Financial Officer, consistent with the provisions of the Local Finance Law. The Director of Finance - Chief Financial Officer may, in the event it is determined to issue variable rate bonds or notes, enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds or notes, as authorized under Section 54.90 of the Local Finance Law. The Director of Finance - Chief Financial Officer is also authorized to enter into such agreements and take such other action as may be necessary or appropriate and lawful to assure that, to the extent possible, (i) interest on the bonds and notes authorized hereby will not be includable in the gross income, for federal income tax purposes, of the recipients thereof, and (ii) to enable the purchaser thereof to comply with Securities and Exchange Commission Rule 15c2-12. The Director of Finance - Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for such bonds or notes, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

Section 5. All other matters, except as provided herein, relating to such bonds or notes, including prescribing whether manual or facsimile signatures shall appear on said bonds or notes, prescribing the method for the recording of ownership of said bonds or notes, appointing the fiscal agent or agents for said bonds or notes, providing for the printing and delivery of said bonds or notes (and if said bonds or notes are to be executed in the name of the County by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the County), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Director of Finance - Chief Financial Officer. The Director of Finance - Chief Financial Officer may elect to become the fiscal agent for the bonds or notes, or may contract on behalf of the County for this service pursuant to the Local Finance Law. Such bonds or notes shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 52.00 of the Local Finance Law, as the Director of Finance - Chief Financial Officer shall determine.

Section 6. The validity of such bonds and bond anticipation notes, as authorized by this resolution, may be contested only if:

1) such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or

2) the provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and

an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or

3) such obligations are authorized in violation of the provisions of the Constitution.

Section 7. This resolution shall supersede Resolution No. 331 of 2019, being a bond resolution dated December 10, 2019, except to the extent that any indebtedness shall have been contracted or encumbrances made thereunder. The purpose of this superseding bond resolution is to effect the following: to increase the maximum estimated cost of the purpose to $7,100,000, and to provide $7,100,000 bonds therefor, an increase of $450,000 over the $6,650,000 bonds authorized under Resolution No. 331 of 2019.

Subject: Amending Resolution 270 of 2019 as Amended by Resolution 31 of 2020 Authorizing Contract with Securus Technologies, Inc. to Provide Telephone Calls at No Cost to Inmates of the Monroe County Jail, and the Andrew P. Meloni S.T.A.R. Academy, formerly known as the Monroe Correctional Facility

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body amend Resolution 270 of 2019, as amended by Resolution 31 of 2020, to modify the contract with Securus Technologies, Inc. to provide for a limited number of telephone calls at no cost to inmates of the Monroe County Jail, and the Andrew P. Meloni S.T.A.R. Academy, formerly known as the Monroe Correctional Facility. Under Securus’s current contract with the County, inmates pay for personal phone calls at the rate of $0.10 per minute and the County receives commissions from Securus based on 78.5% of the total gross billed inmate telephone call revenues which are then deposited in Trust Fund 9620, T99 Jail Commissary-Phone.

Under this proposal, the County will bear the cost of limited number of telephone calls for inmates. The cost of such telephone calls will be offset against commissions owed to the County under its contract with Securus Technologies, Inc., and if necessary, paid out of Trust Fund 9620, T99 Jail Commissary-Phone.

Securus Technologies, Inc. will continue to provide all necessary wiring and equipment, equipment maintenance, and a full-time on-site system administrator to provide collect telephone service for the inmates.

Due to the time required to install and implement Securus’s telephone and related systems in the County Jail last year, services under the five year contract did not begin until May of 2020. As such, the County desires to update the authorized term from March 1, 2020 through February 28, 2025, with the option to renew for five (5) additional one-year periods, to May 1, 2020 through April 30, 2025, with the option to renew for five (5) additional one-year periods.
The specific legislative action required is to amend Resolution 270 of 2019 as amended by Resolution 31 of 2020 to:

1. Authorize the County Executive, or his designee, to execute a contract amendment with Securus Technologies, Inc., 4000 International Parkway, Carrollton, Texas 75007, effective January 1, 2021, to provide a limited number of telephone calls at no cost to inmates incarcerated at the Monroe County Jail, and the Andrew P. Meloni S.T.A.R. Academy, formerly known as the Monroe Correctional Facility.

2. Authorize the County to bear the cost of such telephone calls to be offset against commissions owed to the County under the contract and, if necessary, paid out of Trust Fund 9620, T99 Jail Commissary-Phone.

3. Authorize an amendment of the contract term from March 1, 2020 through February 28, 2025, with the option to renew for five (5) additional one-year periods, to May 1, 2020 through April 30, 2025, with the option to renew for five (5) additional one-year periods.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to review under the State Environmental Quality Review Act.

This contract amendment will be paid out of commissions owed to Monroe County and Trust Fund 9620, T99 Jail Commissary-Phone. No additional net County support is required in the current Monroe County budget.

The records in the office of the Monroe County Treasury have indicated that neither Securus Technologies, Inc., nor its Chief Executive Officer, Robert E. Pickens, owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Adoption of Monroe County Sheriff’s Plan Pursuant to New York State Executive Order 203

Honorable Legislators:

This matter is jointly referred to Your Honorable Body by County Executive Adam J. Bello and Sheriff Todd K. Baxter.

I recommend that Your Honorable Body adopt the enclosed Police Reform and Reinvention Plan prepared by the Monroe County Executive and Monroe County Sheriff pursuant to New York State Executive Order 203.

On June 12, 2020, Governor Cuomo signed Executive Order 203, titled “New York State Police Reform and Reinvention Collaborative.” This Executive Order required local chief executives and chief law enforcement officers to work with community stakeholders to evaluate policing policies and strategies, including but not limited to issues related to the use of force, racial justice, implicit bias awareness, de-escalation, and diversion programs. The Executive Order directed that a wide range of stakeholders be consulted, including members of the community, not-for-profit and faith-based community groups, the District Attorney, the Public Defender, and other local elected officials, and required the development of a plan to adopt and implement the recommendations resulting from stakeholder feedback, public comment, and the review conducted by the Sheriff’s Office.

The Sheriff’s Office and County administration have completed the review required by Executive Order 203. On January 7, 2021, at a Special Meeting of the Public Safety Committee, the Sheriff’s Office provided a detailed presentation of its Police Reform and Reinvention Plan to this Honorable Body. A copy of the Plan is enclosed.

We now formally present the Plan for the Legislature’s adoption. Executive Order 203 requires that Your Honorable Body adopt a resolution ratifying a plan no later than April 1, 2021, with the Director of the State’s Division of the Budget authorized to condition the receipt of State or Federal funds on such approval.
The specific legislative action required is to adopt the enclosed Police Reform and Reinvention Plan prepared by the Monroe County Executive and Monroe County Sheriff pursuant to New York State Executive Order 203.

The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
The Monroe County Sheriff’s Office (MCSO) recognizes the capacity and significance of the change in culture necessary to respond to the evolution of the communities we serve. When New York State Governor Cuomo issued Executive Order #203, our agency viewed this as an opportunity to validate our high standards and also look for areas of growth to develop new ideas and implementations for the future of policing.

Starting August 2020, the MCSO began a thorough analysis to help identify significant needs and areas for improvement within the agency in order to improve the trust and confidence within the communities we serve. Currently, over thirty policies and procedures are under review and undergoing changes or adjustments. We collaborated with multiple stakeholders during this process, to include community forums, faith based organizations, and community leaders. We received significant community input, over 2,000 community survey responses, and a survey of our current deputies to gather first hand experience on our path forward in response to the current climate of policing.

The result of our collaboration and internal review process has provided us with feedback, which indicates we are not in need of a major overhaul and our department has been in the right direction for several years. However, this process has provided us with an opportunity to place a greater emphasis in five specific areas. These five elements are outlined in the following pages and are the focus of our long-term efforts. Our endeavors are going to be adaptable and will evolve as times change. However, the underlying fundamentals of shared understanding and mutual respect between law enforcement and the public will remain of the utmost importance.

Restoring the relationship between the community and law enforcement is the core mission of our plan. The MCSO anticipates a new beginning to help build the relationship between the public and law enforcement on a fact based dialogue. We will continue to measure our progress and always be open to feedback and opportunities for growth.

I remain committed to working together for solutions; we have been and remain steadfast in building up the community that we love.

-Sheriff Todd K. Baxter
The Plan

During our self-evaluation, the Monroe County Sheriff’s Office re-committed our priority to five key areas. These topics are common elements of the “President’s Task Force on 21st Century Policing” which served as a foundation for our work on Executive Order #203. We have begun work on identifying and achieving objectives under these five key areas, and will continue our efforts well past the April 1st, 2020 deadline imposed by the Executive Order.

1) TRANSPARENCY AND TRUST WITHIN THE COMMUNITY

Current national and local conversation has law enforcement under question. MCSO already achieves a high standard of transparency, which can increase with the implementation of the four main objectives below. Each objective is designed to become more transparent and open with the community while nurturing trust with the public and our membership.

* Sheriff’s Website and Phone App – The Sheriff’s Website and App will provide the community with resources (mental health, domestic violence, addiction, poverty, etc.) and allow our agency to share information and statistics of current on-goings with local law enforcement. Having technological communication available to the community will promote transparency and the opportunity for them to give feedback and provide input on their community’s needs.

* Sheriff’s Citizen Interaction Committee (SCiC) and Annual Citizen’s Survey – The SCiC is a chance for the community to engage one on one with the Sheriff, Todd K. Baxter, to ask questions, stay informed, and provide input. Along with the SCiC, the MCSO will implement the Annual Citizen’s survey, which will allow MCSO to continue seeking feedback about community relations, accountability, and deputy interactions. The SCiC will be given the chance to provide direct input to current topics with the department, reviewing policies, and taking part in a thorough explanation of what the police do every day for the community.

* Pledge to Continue NYSLEAP Accreditation – MCSO is currently accredited and has been since 1992 by this independent body. The MCSO plans to continue this high standard of excellence for years to come. This process subjects our agency to a thorough external evaluation to ensure we meet or exceed general expectations of quality in the field. Obtaining accreditation standards ensures appropriate training, promotes public confidence in law enforcement agencies, and increases the effectiveness and efficiency of law enforcement agencies utilizing personnel, equipment, and facilities.

* Educational Opportunities for the Public – Deputies and the community would like the MCSO to become more transparent in sharing information with the public. Sharing information about critical incidents and body camera footage from the beginning will help fact based narratives. In addition, MCSO will begin to offer opportunities for ride alongs, participation in reality based training, defensive tactics, and de-escalation techniques to the public so they can provide better input about the role of law enforcement. Providing additional knowledge and education to the public about the role of the police will help support a fact based dialogue when discussing police matters.
2) LEADERSHIP AND TRAINING

The MCSO has identified we can achieve significant improvement in regards to training and preparing our deputies and future leaders for the challenges they will face. Our intent is to ensure our membership and leaders exhibit the characteristics the public desires in its police force.

🌟 Embracing a Guardian Mindset – MCSO has identified improvement needs to be made for deputies to continue embodying the guardian mindset, placing a greater emphasis on selfless service and compassion in our work. The first step towards this goal will be to implement procedural justice training, called “Principled Policing” through NYS DCJS. This program focuses on the way police interact with the public and is one-step towards ensuring our deputies believe in and represent a guardian mindset. Although a guardian mindset is essential, being capable of operating in a warrior mode is as critical so deputies can perform during high risk, lifesaving operations such as active shooter events.

🌟 Multi-Cultural Training – MCSO will expand on educating our deputies about diversity in the various communities we police. For example, engaging with people who have developmental disabilities such as autism, African American history and culture, marginalized communities such as Deaf and Hard of Hearing, LGBTQI, and immigrant communities, etc. MCSO will offer thorough and transformative diversity training on a yearly basis to help our deputies better engage and provide services to a multicultural society.

🌟 Preparing our Future Leaders – MCSO is currently researching opportunities for a more formal, external leadership program that better prepares and supports our leaders to be able to handle today’s complex issues. The program’s key focus’ would be effective communication, human relations, and our role in the community.

3) INSTILL A VALUES BASED CULTURE

In order to break down organizational silos, MCSO has completely redesigned and implemented a new values based culture to build upon our professional, inclusive, and dignity based workplace amongst all of our bureaus (Police, Jail, Civil and Court). MCSO commits to securing a safe and prosperous community and cultivating the trust and respect of all those we serve by providing exemplary law enforcement services that reflect our core values of respect, integrity, teamwork and excellence.

🌟 Creation and implementation of a new evaluation format – A new performance evaluation is currently under development for the upcoming year. The efforts to reformat and reconstruct our evaluation design will help change the trajectory of an employee’s career, set expectations, and highlight positive performances. Sergeant level and above will perform 360 evaluations to focus on core competencies and developmental opportunities.

🌟 Changes to the promotional process – Currently, NYS Civil Service testing dictates the next leaders in our organization. With additional standards added to our promotional process, we can promote individuals based on desired traits and not just a test score. During the promotional process, a member will submit along with their NYS Civil Service Assessments, a 360-degree feedback form from their subordinates (if applicable), peers, supervisors, and a self-evaluation. The process will begin to build trust, performance, and productivity amongst the staff.
Executive Summary Cont.

* Building an Inclusive Workplace – Recruitment efforts to attract, and retain exceptionally qualified and diverse applicants, to include, but not limited to, diversity of thought, experience, ethnicity, age, gender, race, abilities, and sexual orientation are at the forefront of our staffing efforts. Creating a diverse workforce is necessary in the steps to effective police reform. Our recruiting teams will continue their efforts in retaining diverse applicants and candidates to promote different talents, and bring different perspectives to our department.

* Evidenced Based Policing for Transparency and Service – In 2021 an independent labor study will be conducted at the MCSO to analyze data, and research on all bureaus of the department to provide the best possible police service to our communities. The study will identify statistics on call volume, identification of the types of calls, staffing, deployment of resources, etc. The goal of this effort is to determine appropriate staffing and deployment methods of what works and what does not. Conducting a study such as this will promote trust and legitimacy within the community. The MCSO is also working with Measures for Justice, an independent third party whom analyzes county data including bail, incarceration, police data, racial ethnic disparities, age, race, and offense types, etc. to provide information for discussion on decisions made for the future.

4) COMMUNITY ENGAGEMENT

As we made our way through this review process, the communities we serve and our own members have made it clear, in order to build positive and trusting relationships between the public and our deputies, we must continue to expand our community engagement efforts and search for new and innovative opportunities. The following objectives have been collected from our community forums, community engagement survey, and conversations with the public.

* Steps with Deps – MCSO will schedule dates where several deputies, supervisors and/or command staff can walk the neighborhood to talk with the people who live there. Engaging with the public in a positive light and having non-emergency engagement will start to develop relationships and trust with community members.

* Big’s in Blue – Big’s in Blue is a one to one mentoring program which would connect MCSO Deputies with local school aged youth. The goal of this program is to begin building relationships and trust between the youth and law enforcement. Creating strong bonds between law enforcement and the youth will begin to bridge the gap between the police and our younger population.

* Open Houses / Community Fairs – Community outreach events have been a consistent trend among the requests in our reform plan. These events will allow the Monroe County Sheriff’s Office to display what they offer and allow the public to interact with deputies first hand. Open houses will provide the community an opportunity to communicate with deputies whom patrol their area, ask questions, and gain explanation of specialized units in the department.

* Building Youthful Relationships – In addition to the latter efforts, the MCSO plans to redesign our community engagement efforts and expand our community liaison program, specifically towards the youth. This will be accomplished by dedicating personnel and resources to building positive and healthy relationships with the youth.
5) CRISIS INTERVENTION SUPPORT

MCSO has identified a significant need for a better-structured mental health support system for both responding deputies and the public. There are currently multiple successful examples of programs that provide such support, such as the Officer Wellness Program and the Monroe County Forensic Intervention Team. We will pledge to continue to support and embrace these programs while searching for additional opportunities to expand their reach.

* Interdepartmental Mentoring Programs – New deputy recruits will receive an interdepartmental mentor to set the standard for professional growth and performance from the beginning. Recognizing the importance of demonstrating those characteristics from the start will show what the MCSO desires our members to exhibit.

* Professional Support for Deputies Post Critical Incident – Currently, there is no consistency with services available for deputies after critical incidents. MCSO does provide a peer support program and takes part in the Officer Assistance Program, yet still there are significant voids in opportunities to help our members deal with the significant and often daily stressors of the job. The MCSO pledges to devote critical resources (time and money) in order to expand the quality of care offered and the ability to reach every member in need. This will require significant external support from qualified professionals who are familiar with law enforcement.

* Multi-discipline Response

  - The FIT (Forensic Intervention Team) team has had a significantly positive impact on the relationship between individuals in crisis and law enforcement. MCSO will continue to support this effort with conversations to expand services, hours, and staffing.

  - The MCSO is currently collaborating with Roberts Wesleyan College to research a collaborative effort of social work, psychology and law enforcement in efforts to responding to a person in crisis. Two follow on long-term goals are to provide educational opportunities that prepare service professionals for work alongside law enforcement, as well as create a law enforcement certificate program for deputies and officers that wish to pursue advance training in mental health.

Conclusion

Throughout this review process, the MCSO has collaborated with several community groups and key stakeholders, including our deputies, who have helped us evaluate and identify opportunities for growth. As an agency, we are extremely proud of the progress and achievements we have accomplished over the years, and those yet to come. Our law enforcement accreditation success since 1992 is a testament to the commitment and hard work of our deputies and civilian staff. We will always be open to honest conversations regarding new opportunities as we strive to achieve the highest level of mutual trust and respect within our communities.

Law Enforcement Accreditation

For several years MCSO was also nationally accredited through CALEA, eventually staffing / funding issues impacted our decision to focus our resources on NYS accreditation. However, we still achieve similarly high standards through NYS.

MCSO is Accredited through the New York State program which has four principle goals:

✓ To increase the effectiveness and efficiency of law enforcement agencies utilizing existing personnel, equipment and facilities
✓ To promote increased cooperation and coordination among law enforcement agencies and other agencies
✓ To ensure appropriate training of law enforcement personnel
✓ To promote public confidence

Our review is not limited to just the above policies. The list continues to change and expand to adjust to growth and needs of our communities and the agency.
What is the role of a Monroe County Sheriff’s Road Patrol Deputy?

Responsible for the impartial enforcement of all Federal, State and Local ordinances, the preservation of peace, and the protection of lives and property.

Exercise good working knowledge of:

- Standard departmental operating procedures
- Federal and State laws such as the Penal Law (NYSPL), Criminal Procedure Law (NYCPL), and Vehicle and Traffic Law (NYSVTL)
- Rules and regulations regarding proper search of persons and premises
- Ability to manage violence and/or resistance through de-escalation and if necessary physical force
- Recognizing Human behavior under normal and stressful conditions
- Local ordinances, constitutional law and other applicable laws

These fundamental responsibilities are not all inclusive. More and more deputies are requested to resolve all sorts of situations ranging from entering burning buildings to coaching families on internet and social media risks.
Since 1994, 911 calls have increased over time. The linear forecast (blue line) shows calls for service will continue to increase as time progresses. The amount of Deputies available to take calls has remained the same since early 1994. Expectation of resources applied to calls has only expanded and grown. Additional demands such as community engagement activities make it difficult to operate safely and keep up with the growing demand.

MCSO De-Escalation Training Example

Below is a sample of a typical Reality Based Training scenario that all MCSO members have successfully completed.

**Scenario:** Deputies respond to a call for a possible Emotionally Disturbed Person armed with a knife

**Evaluated sub-skills**

- Demonstrate proper observation, awareness and interview skills to pick up on signs of emotional disturbance.
- Demonstrate proper knowledge of Article 35 by making good officer safety decisions.
- Demonstrate effective communication to build rapport and help de-escalate the situation and resolve the conflict.
- Demonstrate appropriate defensive tactics and if needed a reasonable amount of force to gain control and custody of the individual. MCSO Policy requires deputies to “seek to employ the reasonable amount of force required to successfully overcome physical resistance, prevent escapes and effect arrests.”

Anyone who does not properly demonstrate the above sub-skills will be receive remedial training until they can successfully demonstrate the proper sub skills listed above. All remedial training is documented.
Defensive Tactics & Managing Physical Aggression

In 2017, The Monroe County Sheriff's Office helped develop the current Defensive Tactics (DT) Program curriculum in collaboration with the New York State Department of Criminal Justice System (NYS DCJS).

Deputies are educated in head control but not choke holds or neck restraints.

Currently road patrol deputies perform hands on Defensive Tactics training on average once per year. The topic is chosen by the Chief Deputy and the training unit. Recently, we have been conducting hands on in-service each year and additional roll call training on various topics (i.e. De-escalation).

Perception of Militarization

An often discussed topic within police reform

- MCSO’s Special Weapon’s and Tactics (SWAT) team is a NYS certified Tactical Team based on FEMA Standards, and NYS DCJS standards

- Certain incidents require specialized units who are better equipped to handle special circumstances

- Certain military training techniques and tactics are used during extremely high risk circumstances because they offer the highest degree of success. These include leadership methods, mission planning and safety protocols

- Despite some perceptions; MCSO does not use “grenades”, rubber bullets, “machine guns”, or “tanks”. Armored vehicles and less lethal uses of force are used for safety of our deputies and the community for potentially deadly situations. We recognize the difference between these events and peaceful protests
MCSO Personnel Accountability

The Internal Affairs Department ...

- Receives complaints against employees by the public or from another employee through different mechanisms such as email, phone calls, handwritten letters or directly speaking in person to a member of the Internal Affairs Unit.

- Has investigated approximately 235 complaints referred to the unit by the public or other employees since 2015 to the present. Of the 235, 91 were disciplined.

- Complaints are given a tracking/reference number, and documented. Any complaint that is investigated by the Internal Affairs Unit is given a final disposition at the conclusion of the investigation and presented to the Sheriff for determination.

- Internal audits are conducted annually on all sections by the Standards and Compliance Unit, written reports go directly to the Bureau Chief and Sheriff.

Note: Minor complaints and compliments are investigated and documented by MCSO supervisors and command staff.
Building an Inclusive Workplace

Recent Progress – approx. 50% Increase in the number of people of color participating in the Civil Service Process. Appointed three (3) people of color to Executive Command level positions.

Prep Programs
MCSO offers prep for the written exam and physical agility. This is an area for MCSO to improve upon and provide more resources for individuals trying to get into the field.

Project T.I.P.S.
Regularly occurring community get togethers with law enforcement which take place in a different urban location on a bi-weekly basis throughout the summer months.

Bridge the Gap
A community cook out that brings together city residents, local churches and law enforcement.

Constructive Input from the Community

During the year 2020, conversation between the community and law enforcement identifies the following input...

* Regularly scheduled neighborhood meetings
* More community outreach and LEO’s attend events
* Collaboration with other law enforcement agencies
* Reduce 911 dependence by using more community resources (mental health, domestic violence, etc.)
* Bias training for LEOs/training for interacting with different cultures
* Triage 911 calls
* “Demilitarization” of the Police
* Diversity in the police department

MCSO Outreach with Marginalized Communities

- Autism Community
- Blind Community
- Deaf and/or Hard of Hearing Community
- Immigrant Refugee and Resettled Residents Community
- LGBTQI Community
- Military Veterans

Findings

Based on the conversations had with the listed communities above, they are requesting and looking for services already offered by MCSO, such as interpreter services, deputies live where they police, community engagement deputies, domestic violence advocates, etc.

MCSO takeaway

The MCSO needs to make more of an effort promoting and bringing awareness to the services offered to the community by our agency. It is our mission to assist every individual in need no matter of age, race, or sexual orientation.

Monroe County Sheriff’s Office

Executive Order #203 Police Reform and Reinvention Plan

Executive Summary

The Monroe County Sheriff’s Office (MCSO) recognizes the capacity and significance of the change in culture necessary to respond to the evolution of the communities we serve. When New York State Governor Cuomo issued Executive Order #203, our agency viewed this as an opportunity to validate our high standards and also look for areas of growth to develop new ideas and implementations for the future of policing.

Starting August 2020, the MCSO began a thorough analysis to help identify significant needs and areas for improvement within the agency in order to improve the trust and confidence within the communities we serve. Currently, over thirty policies and procedures are under review and undergoing changes or adjustments. We collaborated with multiple stakeholders during this process, to include community forums, faith based organizations, and community leaders. We received significant community input, over 2,000 community survey responses, and a survey of our current deputies to gather first hand experience on our path forward in response to the current climate of policing.

The result of our collaboration and internal review process has provided us with feedback, which indicates we are not in need of a major overhaul and our department has been in the right direction for several years. However, this process has provided us with an opportunity to place a greater emphasis in five specific areas. These five elements are outlined in the following pages and are the focus of our long-term efforts. Our endeavors are going to be adaptable and will evolve as times change. However, the underlying fundamentals of shared understanding and mutual respect between law enforcement and the public will remain of the utmost importance.

Restoring the relationship between the community and law enforcement is the core mission of our plan. The MCSO anticipates a new beginning to help build the relationship between the public and law enforcement on a fact based dialogue. We will continue to measure our progress and always be open to feedback and opportunities for growth.

I remain committed to working together for solutions; we have been and remain steadfast in building up the community that we love.

-Sheriff Todd K. Baxter

Monroe County Legislature - March 9, 2021
The Plan

During our self-evaluation, the Monroe County Sheriff’s Office re-committed our priority to five key areas. These topics are common elements of the “President’s Task Force on 21st Century Policing” which served as a foundation for our work on Executive Order #203. We have begun work on identifying and achieving objectives under these five key areas, and will continue our efforts well past the April 1st, 2020 deadline imposed by the Executive Order.

1) TRANSPARENCY AND TRUST WITHIN THE COMMUNITY

Current national and local conversation has law enforcement under question. MCSO already achieves a high standard of transparency, which can increase with the implementation of the four main objectives below. Each objective is designed to become more transparent and open with the community while nurturing trust with the public and our membership.

* Sheriff’s Website and Phone App – The Sheriff’s Website and App will provide the community with resources (mental health, domestic violence, addiction, poverty, etc.) and allow our agency to share information and statistics of current on-goings with local law enforcement. Having technological communication available to the community will promote transparency and the opportunity for them to give feedback and provide input on their community’s needs.

* Sheriff’s Citizen Interaction Committee (SCIC) and Annual Citizen’s Survey – The SCIC is a chance for the community to engage one on one with the Sheriff, Todd K. Baxter, to ask questions, stay informed, and provide input. Along with the SCIC, the MCSO will implement the Annual Citizen’s survey, which will allow MCSO to continue seeking feedback about community relations, accountability, and deputy interactions. The SCIC will be given the chance to provide direct input to current topics with the department, reviewing policies, and taking part in a thorough explanation of what the police do every day for the community.

* Pledge to Continue NYSLEAP Accreditation – MCSO is currently accredited and has been since 1992 by this independent body. The MCSO plans to continue this high standard of excellence for years to come. This process subjects our agency to a thorough external evaluation to ensure we meet or exceed general expectations of quality in the field. Obtaining accreditation standards ensures appropriate training, promotes public confidence in law enforcement agencies, and increases the effectiveness and efficiency of law enforcement agencies utilizing personnel, equipment, and facilities.

* Educational Opportunities for the Public – Deputies and the community would like the MCSO to become more transparent in sharing information with the public. Sharing information about critical incidents and body camera footage from the beginning will help fact based narratives. In addition, MCSO will begin to offer opportunities for ride alongs, participation in reality based training, defensive tactics, and de-escalation techniques to the public so they can provide better input about the role of law enforcement. Providing additional knowledge and education to the public about the role of the police will help support a fact based dialogue when discussing police matters.
EXECUTIVE SUMMARY CONT.

2) LEADERSHIP AND TRAINING

The MCSO has identified we can achieve significant improvement in regards to training and preparing our deputies and future leaders for the challenges they will face. Our intent is to ensure our membership and leaders exhibit the characteristics the public desires in its police force

* Embracing a Guardian Mindset – MCSO has identified improvement needs to be made for deputies to continue embodying the guardian mindset, placing a greater emphasis on selfless service and compassion in our work. The first step towards this goal will be to implement procedural justice training, called “Principled Policing” through NYS DCJS. This program focuses on the way police interact with the public and is one-step towards ensuring our deputies believe in and represent a guardian mindset. Although a guardian mindset is essential, being capable of operating in a warrior mode is as critical so deputies can perform during high risk, lifesaving operations such as active shooter events

* Multi-Cultural Training – MCSO will expand on educating our deputies about diversity in the various communities we police. For example, engaging with people who have developmental disabilities such as autism, African American history and culture, marginalized communities such as Deaf and Hard of Hearing, LGBTQ, and immigrant communities, etc. MCSO will offer thorough and transformative diversity training on a yearly basis to help our deputies better engage and provide services to a multicultural society

* Preparing our Future Leaders – MCSO is currently researching opportunities for a more formal, external leadership program that better prepares and supports our leaders to be able to handle today’s complex issues. The program’s key focus’ would be effective communication, human relations, and our role in the community

3) INSTILL A VALUES BASED CULTURE

In order to break down organizational silos, MCSO has completely redesigned and implemented a new values based culture to build upon our professional, inclusive, and dignity based workplace amongst all of our bureaus (Police, Jail, Civil and Court). MCSO commits to securing a safe and prosperous community and cultivating the trust and respect of all those we serve by providing exemplary law enforcement services that reflect our core values of respect, integrity, teamwork, and excellence

* Creation and implementation of a new evaluation format – A new performance evaluation is currently under development for the upcoming year. The efforts to reformat and reconstruct our evaluation design will help change the trajectory of an employee’s career, set expectations, and highlight positive performances. Sergeant level and above will perform 360 evaluations to focus on core competencies and developmental opportunities

* Changes to the promotional process – Currently, NYS Civil Service testing dictates the next leaders in our organization. With additional standards added to our promotional process, we can promote individuals based on desired traits and not just a test score. During the promotional process, a member will submit along with their NYS Civil Service Assessments, a 360-degree feedback form from their subordinates (if applicable), peers, supervisors, and a self-evaluation. The process will begin to build trust, performance, and productivity amongst the staff.
Executive Summary Cont.

* Building an Inclusive Workplace – Recruitment efforts to attract, and retain exceptionally qualified and diverse applicants, to include, but not limited to, diversity of thought, experience, ethnicity, age, gender, race, abilities, and sexual orientation are at the forefront of our staffing efforts. Creating a diverse workforce is necessary in the steps to effective police reform. Our recruiting teams will continue their efforts in retaining diverse applicants and candidates to promote different talents, and bring different perspectives to our department

* Evidenced Based Policing for Transparency and Service – In 2021 an independent labor study will be conducted at the MCSO to analyze data, and research on all bureaus of the department to provide the best possible police service to our communities. The study will identify statistics on call volume, identification of the types of calls, staffing, deployment of resources, etc. The goal of this effort is to determine appropriate staffing and deployment methods of what works and what does not. Conducting a study such as this will promote trust and legitimacy within the community. The MCSO is also working with Measures for Justice, an independent third party whom analyzes county data including bail, incarceration, police data, racial ethnic disparities, age, race, and offense types, etc. to provide information for discussion on decisions made for the future

4) COMMUNITY ENGAGEMENT

As we made our way through this review process, the communities we serve and our own members have made it clear, in order to build positive and trusting relationships between the public and our deputies, we must continue to expand our community engagement efforts and search for new and innovative opportunities. The following objectives have been collected from our community forums, community engagement survey, and conversations with the public

* Steps with Deps – MCSO will schedule dates where several deputies, supervisors and/or command staff can walk the neighborhood to talk with the people who live there. Engaging with the public in a positive light and having non-emergency engagement will start to develop relationships and trust with community members

* Big’s in Blue – Big’s in Blue is a one to one mentoring program which would connect MCSO Deputies with local school aged youth. The goal of this program is to begin building relationships and trust between the youth and law enforcement. Creating strong bonds between law enforcement and the youth will begin to bridge the gap between the police and our younger population

* Open Houses / Community Fairs – Community outreach events have been a consistent trend among the requests in our reform plan. These events will allow the Monroe County Sheriff’s Office to display what they offer and allow the public to interact with deputies first hand. Open houses will provide the community an opportunity to communicate with deputies whom patrol their area, ask questions, and gain explanation of specialized units in the department

* Building Youthful Relationships – In addition to the latter efforts, the MCSO plans to redesign our community engagement efforts and expand our community liaison program, specifically towards the youth. This will be accomplished by dedicating personnel and resources to building positive and healthy relationships with the youth
5) CRISIS INTERVENTION SUPPORT

MCSO has identified a significant need for a better-structured mental health support system for both responding deputies and the public. There are currently multiple successful examples of programs that provide such support, such as the Officer Wellness Program and the Monroe County Forensic Intervention Team. We will pledge to continue to support and embrace these programs while searching for additional opportunities to expand their reach.

* Interdepartmental Mentoring Programs – New deputy recruits will receive an interdepartmental mentor to set the standard for professional growth and performance from the beginning. Recognizing the importance of demonstrating those characteristics from the start will show what the MCSO desires our members to exhibit.

* Professional Support for Deputies Post Critical Incident – Currently, there is no consistency with services available for deputies after critical incidents. MCSO does provide a peer support program and takes part in the Officer Assistance Program, yet still there are significant voids in opportunities to help our members deal with the significant and often daily stressors of the job. The MCSO pledges to devote critical resources (time and money) in order to expand the quality of care offered and the ability to reach every member in need. This will require significant external support from qualified professionals who are familiar with law enforcement.

* Multi-discipline Response

  - The FIT (Forensic Intervention Team) team has had a significantly positive impact on the relationship between individuals in crisis and law enforcement. MCSO will continue to support this effort with conversations to expand services, hours, and staffing.

  - The MCSO is currently collaborating with Roberts Wesleyan College to research a collaborative effort of social work, psychology and law enforcement in efforts to responding to a person in crisis. Two follow on long-term goals are to provide educational opportunities that prepare service professionals for work alongside law enforcement, as well as create a law enforcement certificate program for deputies and officers that wish to pursue advance training in mental health.

Conclusion

Throughout this review process, the MCSO has collaborated with several community groups and key stakeholders, including our deputies, who have helped us evaluate and identify opportunities for growth. As an agency, we are extremely proud of the progress and achievements we have accomplished over the years, and those yet to come. Our law enforcement accreditation success since 1992 is a testament to the commitment and hard work of our deputies and civilian staff. We will always be open to honest conversations regarding new opportunities as we strive to achieve the highest level of mutual trust and respect within our communities.

G/FLRPC has secured a Public Employees Blanket Bond, issued by National Grange Mutual Insurance Company, providing faithful performance blanket bond coverage for officers and employees of the G/FLRPC in the amount of $500,000 (copy attached). Monroe County must approve such blanket bond as the official undertaking of G/FLRPC.

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the repair and replacement of the culvert located at the property, and does not include the physical alteration nor disturbance of the property. Although Part 1 of the EAF indicates wetlands exist in the area, according to a review of state and federal wetland maps, no wetlands are near the project site. Therefore, no wetlands will be impacted or encroached upon with this project and any future use of the property will need to be reviewed and consistent with the current zoning code and permitting requirements for Wetlands from state and federal regulatory bodies.

The proposed site or adjoining area also were the subject of remediation for hazardous waste. The proposed action does not include physical alteration of the site nor disturbance of the property. It has been determined that no significant adverse environmental impacts from this action will occur.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

✔ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the repair and replacement of the culvert located at the property, and does not include the physical alteration or disturbance of the property. Although Part 1 of the EAF indicates wetlands exist in the area, according to a review of state and federal wetland maps, no wetlands are near the project site. Therefore, no wetlands will be impacted or encroached upon with this project and any future use of the property will need to be reviewed and consistent with the current zoning code and permitting requirements for Wetlands from state and federal regulatory bodies.

The proposed site or adjoining area also were the subject of remediation for hazardous waste. The proposed action does not include physical alteration of the site nor disturbance of the property. It has been determined that no significant adverse environmental impacts from this action will occur.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

February 5, 2021

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend Resolution 432 of 2017, as Amended by Resolution 229 of 2018, to Increase the Contracts for the Provision of Mental Health, Developmental Disabilities, and Alcoholism and Substance Abuse Services in 2018 for the Monroe County Office of Mental Health

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 432 of 2017, as amended by Resolution 229 of 2018, to increase the contracts with the agencies listed in Attachment A from an amount not to exceed $42,904,664 to an amount not to exceed $45,865,115 for the provision of mental health, developmental disability, and alcoholism and substance abuse services for Monroe County residents for the period of January 1, 2018 through December 31, 2018.

Monroe County Office of Mental Health advances payments to provider agencies throughout the year. At the end of the year, the providers are required to submit a Consolidated Fiscal Report ("CFR") to New York State Office of Mental Health ("NYSOMH"). The CFR is the year-end cost report required for submission by community behavioral health service providers in accordance with the local Mental Hygiene Services Plan. Once NYSOMH receives and analyzes each provider's CFR, it may be determined that the Monroe County Office of Mental Health either overpaid or underpaid providers. In instances where a provider was overpaid, the County issues a credit memo. In instances where a provider was underpaid, a contract amendment is required.

The specific legislative action required is to amend Resolution 432 of 2017, as amended by Resolution 229 of 2018, to increase the contracts with the agencies listed in Attachment A, and any other subcontractors as necessary, to provide mental health, developmental disability, and alcoholism and substance abuse services for Monroe County residents from an amount not to exceed $42,904,664 to an amount not to exceed $45,865,115 for the period of January 1, 2018 through December 31, 2018.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this increase is included in the 2021 operating budget of the Department of Human Services, Office of Mental Health, fund 9001, funds centers 5702010000, Mental Health Services; 5702030000, Alcohol and Other Substance Abuse Services; and 5702020000, Developmental Disabilities Services. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Monroe County Legislature

Subject: Acceptance of a Grant from the New York State Office of Children and Family Services for the Safe Harbour Initiative for 2021

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Office of Children and Family Services ("OCFS") in the amount of $33,000 for the Safe Harbour Initiative for 2021 ("Safe Harbour") for the period of January 1, 2021 through December 31, 2021.

This award will be used to continue the established efforts of Safe Harbour, short-term safe housing that offers 24-hour crisis intervention, medical care, advocacy, and other services to minor victims of human trafficking within Monroe County. The Center for Youth Services will continue to be the lead agency for this grant after its demonstrated successful collaboration with Monroe County during the partnership’s six-year pilot program and initial year of “NYS Graduate Community” status. Monroe County has been recognized as a statewide leader with Safe Harbour and has shared its successes with new piloting counties.

The Monroe County Department of Human Services will continue to assign the Rochester-Monroe County Youth Bureau Executive Director to be its representative who will serve as County liaison to the OCFS Statewide Steering Committee and to provide inter-agency collaborative support and guidance for sustainable implementation of the Safe Harbour Plan. Training will be provided to teach the skills and tools necessary to ensure that child victims are properly identified, referred and receive the appropriate specialized services to which they are entitled by law. This is the ninth year the County has received this grant. This year’s funding represents a decrease of $10,350 from last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $33,000 grant from, and to execute a contract and any amendments thereto with, the New York State Office of Children and Family Services for the Safe Harbour Initiative for 2021 for the period of January 1, 2021 through December 31, 2021.

2. Amend the 2021 operating budget of the Department of Human Services, Division of Social Services, by appropriating the sum of $33,000 into general fund 9300, funds center 5118010000, Social Service Grants.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreements affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Office of Children and Family Services. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the United States Department of the Treasury for Emergency Rent Assistance for the Monroe County Eviction Prevention Pilot Initiative 2.0 Program

The Consolidated Appropriations Act of 2021, signed into law on December 27, 2020, allocated $25 billion in funding to States and local governments for Emergency Rent Assistance to individuals economically impacted by the COVID-19 pandemic. The Treasury funds will provide additional flexibility compared to the CARES Act HUD funding, allowing landlords to apply on behalf of a tenant. The funding can cover up to twelve months' rent and utilities arrears, and up to three months future rent and utilities where ongoing housing stability is at risk. Eligible households must attest to financial impacts due to COVID and document monthly income at or below 80% AMI, and the funds must be prioritized for households at or below 50% AMI and/or unemployed for at least 90 days. 2. Amend the 2021 operating budget of the Department of Finance by appropriating the sum $15,900,965.70 into general fund 9001, funds center 1209070200, Emergency Rental Assistance.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grant requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding for this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program, and where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment shall be in accordance with New York State Civil Service Law, and when applicable the terms of any labor agreements affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Subject: Authorize the Issuance of Refunding Bonds

Honorable Legislators:

I recommend that Your Honorable Body authorize the issuance of refunding bonds in a total amount not to exceed $38 million, with the proceeds to be used to pay the remaining debt service costs, or portions thereof, associated with Public Improvement Bonds – 2012.

The outstanding bonds are callable June 1, 2021, and conditions in the bond market offer the potential for significant savings to taxpayers if the County refinances all or a portion of the outstanding balance of these bonds by issuing refunding bonds. This will have the effect of reducing the future debt service cost of the original bond issue since the refunding bonds would be issued at a lower aggregate principal and interest cost, and therefore result in lower future debt service.

While the exact amount of savings cannot be determined until the interest rates for the refunding bonds are set, it is anticipated that the present value savings will be in excess of $2.6 million, or greater than 7% of the refunded principal, over the remaining life of the bond issues.

The specific legislative action required is to authorize the issuance of refunding bonds in a total amount not to exceed $38 million. The proceeds will be used to pay the remaining debt service costs, or portions thereof, associated with Public Improvement Bonds – 2012.

This bond refunding is a Type II action pursuant to 6 NYCRR §617.5(c)(29) (“investments by or on behalf of agencies or pension or retirement systems, or refinancing existing debt”) and is not subject to review under the State Environmental Quality Review Act.

No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Authorize the Issuance of Refunding Bonds

Honorable Legislators:

I recommend that Your Honorable Body authorize the issuance of refunding bonds in a total amount not to exceed $38 million, with the proceeds to be used to pay the remaining debt service costs, or portions thereof, associated with Public Improvement Bonds — 2012.

The outstanding bonds are callable June 1, 2021, and conditions in the bond market offer the potential for significant savings to taxpayers if the County refinances all or a portion of the outstanding balance of these bonds by issuing refunding bonds. This will have the effect of reducing the future debt service cost of the original bond issue since the refunding bonds would be issued at a lower aggregate principal and interest cost, and therefore result in lower future debt service.

While the exact amount of savings cannot be determined until the interest rates for the refunding bonds are set, it is anticipated that the present value savings will be in excess of $2.6 million, or greater than 7% of the refunded principal, over the remaining life of the bond issues.

The specific legislative action required is to authorize the issuance of refunding bonds in a total amount not to exceed $38 million. The proceeds will be used to pay the remaining debt service costs, or portions thereof, associated with Public Improvement Bonds — 2012.

This bond refunding is a Type II action pursuant to 6 NYCRR §617:5(c)(29) ("investments by or on behalf of agencies or pension or retirement systems, or refinancing existing debt") and is not subject to review under the State Environmental Quality Review Act.

No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by your Honorable Body.

RESOLVED, by the County Legislature of the County of Monroe, New York, as follows:

Section 1. For the object or purpose of refunding the outstanding principal balance of the Refunded Bonds as more fully set forth in the Refunding Financial Plan (hereinafter defined), including providing moneys which, together with the interest earned from the investment of certain of the proceeds of the refunding bonds herein authorized, shall be sufficient to pay (i) the principal amount of such Refunded Bonds, (ii) the aggregate amount of unmatured interest payable on such Refunded Bonds to and including the date on which the Refunded Bonds which are callable are to be called prior to their respective maturities in

4142-4433-1051.1
Monroe County Legislature - March 9, 2021
accordance with the refunding financial plan, as hereinafter defined, (iii) the costs and expenses incidental to the issuance of the refunding bonds herein authorized, including the development of the refunding financial plan, as hereinafter defined, compensation to the underwriter or underwriters, as hereinafter defined, costs and expenses of executing and performing the terms and conditions of the escrow contract or contracts, as hereinafter defined, and fees and charges of the escrow holder or holders, as hereinafter mentioned, and (iv) the premium or premiums for a policy or policies of municipal bond insurance or cost or costs of other credit enhancement facility or facilities, for the refunding bonds herein authorized, or any portion thereof, there are hereby authorized to be issued not exceeding $38,000,000 refunding serial bonds of the County pursuant to the provisions of Section 90.10 of the Local Finance Law (the “Refunding Bonds”), it being anticipated that the amount of Refunding Bonds actually to be issued will be approximately $37,365,000, as provided in Section 4 hereof. The Refunding Bonds described herein are hereby authorized to be consolidated for purposes of sale in one or more refunding serial bond issues. The Refunding Bonds shall each be designated substantially “PUBLIC IMPROVEMENT REFUNDING (SERIAL) BOND” together with such series designation and year as is appropriate on the date of sale thereof, shall be of the denomination of $5,000 or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity, shall be numbered with the prefix R-21 (or R with the last two digits of the year in which the Refunding Bonds are issued as appropriate) followed by a dash and then from 1 upward, shall be dated on such dates, and shall mature annually on such dates in such years, bearing interest semi-annually on such dates, at the rate or rates of interest per annum, as may be necessary to sell the same, all as shall be determined by the Director of Finance - Chief Financial Officer pursuant to Section 4 hereof. It is hereby further determined that (a) such Refunding Bonds may be issued in series, (b) such Refunding Bonds may be sold at a discount in the manner authorized by paragraph a of Section 57.00 of the Local Finance Law pursuant to subdivision 2 of paragraph f of Section 90.10 of the Local Finance Law, and (c) such Refunding Bonds may be issued as a single consolidated issue. It is hereby further determined that such Refunding Bonds may be issued to refund all, or any portion of, the Refunded Bonds, subject to the limitation hereinafter described in Section 10 hereof relating to approval by the State Comptroller.
Section 2. The Refunding Bonds may be subject to redemption prior to maturity upon such terms as the Director of Finance - Chief Financial Officer shall prescribe, which terms shall be in compliance with the requirements of Section 53.00 (b) of the Local Finance Law. If less than all of the Refunding Bonds of any maturity are to be redeemed, the particular refunding bonds of such maturity to be redeemed shall be selected by the County by lot in any customary manner of selection as determined by the Director of Finance - Chief Financial Officer. Notice of such call for redemption shall be given by mailing such notice to the registered owners not less than thirty (30) days prior to such date. Notice of redemption having been given as aforesaid, the bonds so called for redemption shall, on the date for redemption set forth in such call for redemption, become due and payable, together with interest to such redemption date, and interest shall cease to be paid thereon after such redemption date.

The Refunding Bonds shall be issued in registered form and shall not be registrable to bearer or convertible into bearer coupon form. In the event said Refunding Bonds are issued in non-certificated form, such bonds, when issued, shall be initially issued in registered form in denominations such that one bond shall be issued for each maturity of bonds and shall be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the bonds in accordance with the Book-Entry-Only system of DTC. In the event that either DTC shall discontinue the Book-Entry-Only system or the County shall terminate its participation in such Book-Entry-Only system, such bonds shall thereafter be issued in certificated form of the denomination of $5,000 each or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity. In the case of non-certificated Refunding Bonds, principal of and interest on the bonds shall be payable by check or draft mailed by the Fiscal Agent (as hereinafter defined) to DTC, or to its nominee, Cede & Co., while the bonds are registered in the name of Cede & Co. in accordance with such Book-Entry-Only System. Principal shall only be payable upon surrender of the bonds at the principal corporate trust office of such Fiscal Agent (or at the office of the Director of Finance - Chief Financial Officer as Fiscal Agent as hereinafter provided).
In the event said Refunding Bonds are issued in certificated form, principal of and interest on the Refunding Bonds shall be payable by check or draft mailed by the Fiscal Agent (as hereinafter defined) to the registered owners of the Refunding Bonds as shown on the registration books of the County maintained by the Fiscal Agent (as hereinafter defined), as of the close of business on the fifteenth day of the calendar month or last day of the calendar month preceding each interest payment date as appropriate and as provided in a certificate of the Director of Finance - Chief Financial Officer providing for the details of the Refunding Bonds. Principal shall only be payable upon surrender of bonds at the principal corporate trust office of a bank or trust company or banks or trust companies located or authorized to do business in the State of New York, as shall hereafter be designated by the Director of Finance - Chief Financial Officer as fiscal agent of the County for the Refunding Bonds (collectively the "Fiscal Agent").

Refunding Bonds in certificated form may be transferred or exchanged at any time prior to maturity at the principal corporate trust office of the Fiscal Agent for bonds of the same maturity of any authorized denomination or denominations in the same aggregate principal amount.

Principal and interest on the Refunding Bonds will be payable in lawful money of the United States of America.

The Director of Finance - Chief Financial Officer, as chief fiscal officer of the County, is hereby authorized and directed to enter into an agreement or agreements containing such terms and conditions as he shall deem proper with the Fiscal Agent, for the purpose of having such bank or trust company or banks or trust companies act, in connection with the Refunding Bonds, as the Fiscal Agent for said County, to perform the services described in Section 70.00 of the Local Finance Law, and to execute such agreement or agreements on behalf of the County, regardless of whether the Refunding Bonds are initially issued in certificated or non-certificated form; provided, however, that the Director of Finance - Chief Financial Officer is also hereby authorized to name the Director of Finance - Chief Financial Officer as the Fiscal Agent in connection with the Refunding Bonds if said Refunding Bonds are issued in non-certificated form.

The Director of Finance - Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00
of the Local Finance Law, for said Refunding Bonds, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

The Refunding Bonds shall be executed in the name of the County by the manual or facsimile signature of the Director of Finance - Chief Financial Officer, and its corporate seal shall be imprinted thereon. In the event of facsimile signature, the Refunding Bonds shall be authenticated by the manual signature of an authorized officer or employee of the Fiscal Agent. The Refunding Bonds shall contain the recital required by subdivision 4 of paragraph j of Section 90.10 of the Local Finance Law and the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Director of Finance - Chief Financial Officer shall determine. It is hereby determined that it is to the financial advantage of the County not to impose and collect from registered owners of the Refunding Bonds any charges for mailing, shipping and insuring bonds transferred or exchanged by the Fiscal Agent, and, accordingly, pursuant to paragraph c of Section 70.00 of the Local Finance Law, no such charges shall be so collected by the Fiscal Agent.

Section 3. It is hereby determined that:

(a) the maximum amount of the Refunding Bonds authorized to be issued pursuant to this resolution does not exceed the limitation imposed by subdivision 1 of paragraph b of Section 90.10 of the Local Finance Law;

(b) the maximum period of probable usefulness permitted by law at the time of the issuance of the Refunded Bonds for each object or purpose for which such Refunded Bonds were issued is as specified in the Bond Determinations Certificate which is incorporated herein by reference;

(c) the last installment of the Refunding Bonds will mature not later than the expiration of the respective period of probable usefulness of the objects or purposes for which said Refunded Bonds were issued in accordance with the provisions of paragraph c of Section 90.10 of the Local Finance Law;
(d) the estimated present value of the total debt service savings anticipated as a result of the issuance of the Refunding Bonds, computed in accordance with the provisions of subdivision 2 of paragraph b of Section 90.10 of the Local Finance Law, with regard to the Refunded Bonds is as shown in the Refunding Financial Plan described in Section 4 hereof.

Section 4. The financial plan for the refunding authorized by this resolution (the "Refunding Financial Plan"), showing the sources and amounts of all moneys required to accomplish such refunding, the estimated present value of the total debt service savings and the basis for the computation of the aforesaid estimated present value of total debt service savings, are set forth in Exhibit A attached hereto and made a part of this resolution. The Refunding Financial Plan has been prepared based upon the assumption that the Refunding Bonds will be issued in one series, and that the Refunding Bonds will mature, be of such terms, and bear interest as set forth on Exhibit A attached hereto and made a part of this resolution. This County Legislature recognizes that the Refunding Bonds may be issued in one or more series, and for only portions thereof, that the amount of the Refunding Bonds, maturities, terms, and interest rate or rates borne by the Refunding Bonds to be issued by the County will most probably be different from such assumptions and that the Refunding Financial Plan will also most probably be different from that attached hereto as Exhibit A. The Director of Finance - Chief Financial Officer is hereby authorized and directed to determine the amount of the Refunding Bonds to be issued, the date or dates of such bonds and the date or dates of issue, maturities and terms thereof, the provisions relating to the redemption of Refunding Bonds prior to maturity, whether the Refunding Bonds will be insured by a policy or policies of municipal bond insurance or otherwise enhanced by a credit enhancement facility or facilities, whether the Refunding Bonds shall be sold at a discount in the manner authorized by paragraph e of Section 57.00 of the Local Finance Law, and the rate or rates of interest to be borne thereby, whether the Refunding Bonds shall be issued having substantially level or declining annual debt service and all matters related thereto, and to prepare, or cause to be provided, a final Refunding Financial Plan for the Refunding Bonds and all powers in connection therewith are hereby delegated to the Director of Finance - Chief Financial Officer; provided, that the terms of the Refunding Bonds to be issued, including the rate or rates of interest borne thereby, shall comply with the requirements of Section 90.10 of the Local Finance Law.
The Director of Finance - Chief Financial Officer shall file a copy of his certificate determining the details of the Refunding Bonds and the final Refunding Financial Plan with the Clerk of the County Legislature not later than ten (10) days after the delivery of the Refunding Bonds, as herein provided.

Section 5. The Director of Finance - Chief Financial Officer is hereby authorized and directed to enter into an escrow contract or contracts (collectively the "Escrow Contract") with a bank or trust company, or with banks or trust companies, located and authorized to do business in this State as said Director of Finance - Chief Financial Officer shall designate (collectively the "Escrow Holder") for the purpose of having the Escrow Holder act, in connection with the Refunding Bonds, as the escrow holder to perform the services described in Section 90.10 of the Local Finance Law.

Section 6. The faith and credit of said County of Monroe, New York, are hereby irrevocably pledged to the payment of the principal of and interest on the Refunding Bonds as the same become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall be annually levied on all the taxable real property in said County a tax sufficient to pay the principal of and interest on such Refunding Bonds as the same become due and payable.

Section 7. All of the proceeds from the sale of the Refunding Bonds, including the premium, if any, but excluding accrued interest thereon, shall immediately upon receipt thereof be placed in escrow with the Escrow Holder for the Refunded Bonds. Accrued interest on the Refunding Bonds shall be paid to the County to be expended to pay interest on the Refunding Bonds. Such proceeds as are deposited in the escrow deposit fund to be created and established pursuant to the Escrow Contract, whether in the form of cash or investments, or both, inclusive of any interest earned from the investment thereof, shall be irrevocably committed and pledged to the payment of the principal of and interest on the Refunded Bonds in accordance with Section 90.10 of the Local Finance Law, and the holders, from time to time, of the Refunded Bonds shall have a lien upon such moneys held by the Escrow Holder. Such pledge and lien shall become valid and binding upon the issuance of the Refunding Bonds and the moneys and investments held by the Escrow Holder for the Refunded Bonds in the escrow deposit fund shall immediately be subject thereto without any further act.
Such pledge and lien shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the County irrespective of whether such parties have notice thereof.

Section 8. Notwithstanding any other provision of this resolution, so long as any of the Refunding Bonds shall be outstanding, the County shall not use, or permit the use of, any proceeds from the sale of the Refunding Bonds in any manner which would cause the Refunding Bonds to be an "arbitrage bond" as defined in Section 148 of the Internal Revenue Code of 1986, as amended, and, to the extent applicable, the Regulations promulgated by the United States Treasury Department thereunder.

Section 9. In accordance with the provisions of Section 53.00 and of paragraph h of Section 90.10 of the Local Finance Law, in the event such bonds are refunded, the County hereby elects to call in and redeem each Refunded Bond which the Director of Finance - Chief Financial Officer shall determine to be refunded at the earliest call date available. The sum to be paid therefor on such redemption date shall be the par value thereof, as provided in the Refunded Bond Certificate, and the accrued interest to such redemption date. The Escrow Holder for the Refunding Bonds is hereby authorized and directed to cause notice of such call for redemption to be given in the name of the County in the manner and within the times provided in the Refunded Bond Certificate. Such notice of redemption shall be in substantially the form attached to the Escrow Contract. Upon the issuance of the Refunding Bonds, the election to call in and redeem the callable Refunded Bonds and the direction to the Escrow Holder to cause notice thereof to be given as provided in this paragraph shall become irrevocable, provided that this paragraph may be amended from time to time as may be necessary in order to comply with the publication requirements of paragraph a of Section 53.00 of the Local Finance Law, or any successor law thereto.

Section 10. The Refunding Bonds shall be sold at public or private sale to such underwriter as may be selected by the Director of Finance - Chief Financial Officer (the "Underwriter") for purchase prices to be determined by the Director of Finance - Chief Financial Officer, plus accrued interest from the date or dates of the Refunding Bonds to the date or dates of the delivery of and payment for the Refunding Bonds, subject to approval by the State Comptroller as required by Section 90.10 of the Local Finance Law, the Director of Finance - Chief Financial Officer, is hereby authorized to execute and deliver a purchase contract for the
Refunding Bonds in the name and on behalf of the County providing the terms and conditions for the sale and delivery of the Refunding Bonds to the Underwriter. After the Refunding Bonds have been duly executed, they shall be delivered by the Director of Finance - Chief Financial Officer to the Underwriter in accordance with said purchase contract upon the receipt by the County of said purchase price, including accrued interest.

Section 11. The Director of Finance - Chief Financial Officer and all other officers, employees and agents of the County are hereby authorized and directed for and on behalf of the County to execute and deliver all certificates and other documents, perform all acts and do all things required or contemplated to be executed, performed or done by this resolution or any document or agreement approved hereby.

Section 12. All other matters pertaining to the terms and issuance of the Refunding Bonds shall be determined by the Director of Finance - Chief Financial Officer and all powers in connection thereof are hereby delegated to the Director of Finance - Chief Financial Officer.

Section 13. The validity of the Refunding Bonds may be contested only if:

1. Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or

2. The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with,

and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or

3. Such obligations are authorized in violation of the provisions of the Constitution.

Section 14. A summary of this resolution, which takes effect immediately, shall be published in excerpted, summary form in a newspaper to be designated for this purpose as the official newspaper of said County, together with a notice in substantially the form provided in Section 81.00 of the Local Finance Law.

Section 15. This resolution is not subject to either mandatory or permissive referendum.

Section 16. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend Resolution 273 of 2014 to Increase the Contract with Health Economics Group, Inc. for Third Party Administration of Monroe County’s Self-Insured Employee/Retiree Dental Insurance Plan

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 273 of 2014 to increase the contract amount with Health Economics Group, Inc., to act as the Third Party Administrator of Monroe County’s Self-Insured Employee/Retiree Dental Insurance Plan from an amount not to exceed $115,000 per year to an amount not to exceed $125,000 per year from July 1, 2018 through June 30, 2023, together with the remaining one (1) renewal term thereafter.

Health Economics Group, Inc. receives, reviews, approves, and processes claims, and disburses claim payments to employees participating in Monroe County’s Self-Insured Employee/Retiree Dental Insurance Plan. The original term of this contract was from July 1, 2014 until June 30, 2017. During the first of three (3) three-year renewal terms, the County created Retiree Health Reimbursement Accounts for all Medicare eligible retirees and their dependents. However, Resolution 273 of 2014 was not amended to reflect this additional cost. This amendment is to correct the amount of the contract beginning in July 1, 2018, as well as to permit Health Economics Group, Inc. to continue to manage the County’s Retiree Health Reimbursement Accounts for all Medicare eligible retirees and their dependents in the event the County renews this contract after June 30, 2023.

The specific legislative action required is to amend Resolution 273 of 2014 to increase the contract amount with Health Economics Group, Inc. from an amount not to exceed $115,000 per year to an amount not to exceed $125,000 per year from July 1, 2018 through June 30, 2023, together with the remaining one (1) renewal term thereafter, to act as the Third Party Administrator of the County’s Self-Insured Employee/Retiree Dental Insurance Plan.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to review under the State Environmental Quality Review Act.

Subject: Authorize the Renaming of the South Avenue Section of Highland Park in Honor of Gary Beikirch

Honorable Legislators:

I recommend that Your Honorable Body authorize the renaming of the South Avenue and Highland Avenue corner section of Highland Park, on which resides the Vietnam Memorial and the site of the future War on Terror Memorial, in honor of Gary Beikirch. This would not disturb the names of the individual Memorials but instead encompass the land on which they reside.

Sergeant Gary Beikirch (born August 29, 1947) is a former United States Army soldier and Special Forces Medic who was awarded the United States Military’s highest decoration, the Congressional Medal of Honor, for his actions in Vietnam.

While serving as a medic with Company B of the 5th Special Forces Group, Beikirch was stationed at Dak Seang Camp, home to Montagnard villager and fighters, in the Central Highlands province of Kon Tum. On April 1, 1970, the camp was attacked by a numerically superior North Vietnamese force. Sgt Beikirch was wounded numerous times during this battle, in the end sustaining shrapnel wounds to his back and bullet wounds to his stomach. While the battle raged, Beikirch fought back with mortar rounds and then from machine gun positions. Learning that a fellow soldier was wounded and lying in an exposed position, he ran through heavy fire in order to attend to those wounds but was hit with shrapnel during that movement which severed part of his spine, partially paralyzing him. At this point, Sgt Beikirch instructed his fellow Montagnard soldiers that they would need to physically carry him from one position to the next in order to attend to the wounded. As Sgt Beikirch was providing mouth to mouth resuscitation to a fellow soldier he was again wounded in the side and then shot in the stomach. Despite his wounds he continued to provide care to his fellow American and Montagnard soldiers as he was carried around the camp on a stretcher while firing his rifle at the enemy.
For his actions at Dak Seang, Beikrich was awarded the Medal of Honor by President Nixon. His other awards include the Distinguished Service Cross, Silver Star, Bronze Star Medal, two Purple Hearts and the Vietnamese Cross of Gallantry. Gary dedicated the rest of his life in service to God and his fellow men and women. He worked as a Pastor and received his Master’s Degree in Counseling. Gary finished his career as a Greece Arcadia Middle School Guidance Counselor.

The specific legislative action required is to authorize the renaming of the South Avenue and Highland Avenue corner section of Highland Park, on which resides the Vietnam Memorial and the site of the future War on Terror Memorial, in honor of Gary Beikrich.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

The renaming of this section of Highland Park will have no impact on the revenues or expenditures of the current Monroe County budget.

We recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,
