Subject: Enacting a Local Law Requiring Motorists to Provide a Minimum of Three Feet of Space When Passing a Bicycle Rider

Honorable Legislators:

Thousands of Monroe County residents ride bicycles for their primary mode of transportation, exercise or recreation. This bi-partisan legislation increases protection for bicyclists, who face unique dangers on the road.

During the years 2018 and 2019, state data indicates 321 bicyclists were injured in crashes with motor vehicles in Monroe County. One of the bicyclists struck by a passing vehicle was Carolyn “Carrie” Ray, a beloved teacher from Clarkson, who died tragically in 2019, as a result of her collision and for whom this bill is named. This Legislation, if enacted, would be known as “Carrie Ray’s 3-Foot Passing Law to Protect Bicyclists” in honor of Carrie Ray.

This proposed legislation enacts a 3-foot minimum requirement for vehicles passing bicyclists on roadways. Thirty-three states have passing laws with distance guidelines of 3 feet or more. New York’s law only requires a “safe distance” to pass bicyclists, which is too subjective. Suffolk County’s Legislature, recognizing the need for a clear standard to ensure bicyclist safety, recently passed a 3-foot distance rule.

The main benefit of this legislation is that drivers would have clarity on what is a minimum safe passing distance and heightened awareness about how to safely pass bicyclists. Penalties exist in current law for unsafe passing.

This legislation recognizes that all of Monroe County’s residents have a right to safely use our roads, whether they are on foot, bike, bus or car. Making our roads safer will lead to increased use of bicyclist infrastructure, outside exercise and activity, and enjoyment of living in Monroe County.

The specific legislative actions required are:

1. Schedule and hold a public hearing on the proposed local law.
2. Adopt the attached Local Law entitled, "Carrie Ray's 3-Foot Passing Law to Protect Bicyclists" as written.

The legislative action requested in this referral is not an "Action," as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

Intro No. ___

LOCAL LAW NO. ___ OF 2021

ENACTING A LOCAL LAW ENTITLED “THREE-FOOT SAFE PASSING LAW”

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Title. This chapter shall be known as “Carrie Ray’s 3-Foot Passing Law to Protect Bicyclists.”

Section 2. Legislative Intent. This Legislature hereby finds and determines that it is the duty of Monroe County to protect the health, safety, and welfare of its residents. This Legislature also finds and determines that many Monroe County residents ride bicycles for exercise, recreation, and as a primary mode of transport. This Legislature further finds and determines that when riding on roads, cyclists are vulnerable to the actions of motor vehicle operators. This Legislature determines that vehicles passing bicyclists pose a threat to the health and safety of these bicyclists if passing too closely or from the right side of the road. This Legislature also finds that a minimum passing distance should be established to protect bicyclists in Monroe County. Therefore, the purpose of this law is to establish regulations to protect the health and safety of bicyclists in Monroe County.

Section 3. Minimum distance requirements for motor vehicles passing bicycles. The operator of a vehicle that is overtaking, from behind, a bicycle proceeding on the same side of the road shall pass to the left of such bicycle at a distance of at least three (3) feet until safely clear thereof.

Section 4. Severability. Re: Memorializing the New York State Legislature, Governor Andrew M. Cuomo to Expand True Broadband Coverage to All New Yorkers

Honorable Legislators:

It is far too common that access to the resources of the internet are taken for granted and given. For too many New Yorkers, this is not the case. According to Census data, nearly one-third of rural households and one-fifth of city households in Monroe County do not have adequate internet access.

Maps developed by the Federal Communications Commission (FCC) are inaccurate and misrepresent the accessibility of broadband service and are often mis-referenced by agencies and grantees. While Governor Cuomo has said broadband coverage is a priority for New York State, access is currently inequitable and unacceptable.

Based on newer and more accurate data gathered directly from schools, municipalities, and other organizations, there are large gaps in broadband service across rural and upstate New York, including Monroe County, contradicting FCC maps and data. Even in areas where broadband is purported to be available, the level of service is not sufficient to constitute true broadband access. Furthermore, prices for access to broadband in areas where it might be available is at such a high level or required to be part of other purchases that effectively rendered the service inaccessible to large swaths of residents.

Our residents need access to reliable and affordable broadband service for school, employment, telehealth, and social aspects of life. Here in Monroe County, we have heard numerous accounts depicting the reality of inadequate and inequitable broadband access including parents and students sitting outside local libraries before opening simply to access the public Wi-Fi for school. As we have seen throughout the current pandemic, broadband serves a vital need for breaking down the digital divide that creates groups of haves and have-nots within our state, and county.
Broadband access provides a critical public infrastructure need for New York residents, towns, municipalities, counties, emergency services, and more. Therefore, I urge you to join us in calling upon Governor Cuomo and our State legislative delegation to work with the Federal Communications Commission (FCC) and local leaders and officials to reevaluate FCC broadband availability maps to reflect true broadband disparities.

Re: Memorializing the New York State Legislature to Pass and Governor Andrew M. Cuomo to Sign Legislation Increasing Funds to Local Municipalities for Early Intervention Services

Honorable Legislators:

The State of New York continues to face an Early Intervention crisis. There has been a decline in the number of service providers and service coordinators, which in turn has left many of children and families in our community at risk of not receiving critical services. Local municipalities are in dire need of State support to provide and bolster resources used to protect and advocate for some of the most vulnerable individuals in our community. Currently, Assembly Bill A05339 is being considered to provide this support and there is a push for the introduction and passage of a ‘Same As’ bill in the New York State Senate.

This legislation recognizes what we have known to be true all along; funding for Early Intervention services is inadequate and employs the covered lives assessment, which has long been supported by Early Intervention advocates. This legislation takes a new and unique approach in that it sets up a statewide pool, from which municipalities and the State would be allocated funds to pay for Early Intervention costs. In the first year, the bill stipulates $40 million would be paid into the pool. The utilization of this pool would eliminate the inefficiency of requiring municipalities to seek reimbursement of Early Intervention costs from third party insurers or, in some cases, the State.

The necessity of this legislation is years in the making. In 2017, approximately $70 million in claims was billed to commercial insurance with only about $11.5 million paid from about 1.1 million services rendered. As a result, 70% of the claims were denied. The partial funding by the State, combined with the low rate of recoupment from third party insurers, has required municipalities to bear an estimated 43% of the costs of providing EI services. The creation of a statewide pool for funding Early Intervention services will go a long way in helping the families seeking services be able to afford and locate the help they desperately need.
Early Intervention is a complex program that impacts providers, service coordinators and families. The State is responsible for ensuring that funding and provider capacity is sufficient in order for counties to assign providers to a child’s Individualized Family Service Plan. The prolonged and systematic underfunding of Early Intervention providers has driven smaller providers out of business and led to provider consolidation and increased wait times for parents.

Therefore, we ask you to join us in calling on the New York State Assembly to pass Assembly Bill A05339, the New York State Senate to introduce and pass ‘Same As’ legislation, and Governor Andrew Cuomo to sign these bills. As we continue to address the Early Intervention Crisis we are facing, it is important that municipalities have the necessary resources to help children who require services. This critical legislation will help streamline payment for services and stands to assist thousands of families across the state who are in need of the services Early Intervention provides.

Re: Memorializing the NYS Assembly to Pass A0510, A0512, A0517 and the NYS Senate to pass companion legislation for A0510, S03997, and S05085 respectively and the Governor to Sign and Authorize the “Child And Dependent Care Tax Credit Increase, Standardizing Childcare Copayments, and Reimbursement For Childcare Absences.”

Honorable Legislators,

Many families in Monroe County with children or dependents rely on childcare to preserve their jobs. While these families face increasing costs for these services there seems to be no end in sight to this cost escalation. For many families covering the current cost is a significant financial strain and they may be faced with the choice between a parent’s job and care for children or other dependents. Additionally, families receiving childcare subsidies contribute a percentage of the family’s income above the federal poverty level as a copay for care. The percentage varies between counties ranging from 10-35%. Families in counties at the higher end of the scale face additional barriers to making care affordable. Many counties currently employ the highest copayment level which can be a difference of thousands of dollars. This difference can be the deciding factor for a family to determine if they can afford childcare, even with a subsidy. These inequities can prevent access to childcare for many low-income families. Local human services agencies can also opt to withhold a portion of subsidy reimbursement from a provider for days in which a child is absent from care. While the state allows up to 12 days of absence for each child in any one calendar month, most counties choose not to pay providers when children do not attend. For many providers this can create financial hardship, difficulty with staff retention, and can affect the quality of care.

Childcare is a critical component of our economic infrastructure. This set of bills reflects the increasing costs of child and dependent care and helps New York’s working families. These measures would help bring the state tax credit in line with these cost increases, would cap the childcare subsidy copay percentage at 20% of income above the federal poverty level, and would require local agencies to pay for at least six absences in order to maintain stability among childcare programs.

Therefore, I ask you to join me in memorializing the NYS Assembly to pass A0510, A0512, A0517 and the NYS Senate to pass companion legislation for A0510 and to pass S03997, and S05085 respectively, and the Governor to sign and authorize these three pieces of legislation.

Re: Memorializing the United States Senate to Pass S.1, For the People Act, and for President Joseph Biden to Sign Into Law  

Honorable Legislators,  

Counties are responsible for administering elections based on federal and state policies, and as such, we support S.1, For the People Act (FPA), which would reinforce these policies. In addition, the National Association of Counties (NACo) has included the strengthening of election security and safety as a policy priority for 2021.  

The companion legislation (HR1, FPA), passed the U.S. House of Representatives on March 3, 2021 and was introduced in the U.S. Senate on March 17, 2021. The issues addressed in this legislation include voter suppression, disenfranchisement, partisan gerrymandering, ethics, election security, and foreign interference in our elections. The voting rights provisions would supersede new state laws that seek to suppress the right to vote and includes key provisions that make it easier and safe for every eligible citizen to vote. The bill would become effective for the 2022 congressional elections if the Senate acts now and President Biden signs it into law.  

County government has the responsibility to ensure our elections are fair, safe, and secure. FPA would transform our democracy by making it fairer and more inclusive. It affirms the power of Congress to protect the right to vote and the power to enforce the Constitution, most notably in this case, the Fourteenth Amendment. In addition to the Fourteenth Amendment, S.1 also emphasizes the Fifteenth Amendment and gives Congress the power to eliminate racial discrimination in voting and the democratic process, which persists in areas like voting restrictions, redistricting, access to the polls, and felony disenfranchisement. Voting is a sacred right, and efforts to suppress voting and disenfranchise voters, particularly voters of color, would take the country back to the Jim Crow era. This legislation would provide better access, increased security and more flexibility, as well as federal investment in our elections system.  

Therefore, we ask you to join us in memorializing the United States Senate to Pass S.1, For the People Act, and for President Joseph Biden to Sign it into Law.

Subject: Acceptance of a Grant from the Federal Aviation Administration (Coronavirus Response and Relief Supplemental Appropriations Act Grant Program) Related to the Operation and Maintenance of the Frederick Douglass - Greater Rochester International Airport

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the Federal Aviation Administration (Coronavirus Response and Relief Supplemental Appropriations Act Grant Program) in the amount of $5,113,191 for payment of expenses needed to operate and maintain the Frederick Douglass - Greater Rochester International Airport.

The effects of COVID-19 continue to significantly reduce the airport revenue generated at the Frederick Douglass - Greater Rochester International Airport that is needed to pay operational and maintenance expenses. Last year, Resolution 163 of 2020 approved by Your Honorable Body, accepted a $12.9 million grant to assist with the payment of these expenses. This new grant may be used by Monroe County for any purpose for which airport revenues may be lawfully used.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $5,113,191 grant from, and to execute a contract and any amendments thereto with, the Federal Aviation Administration (Coronavirus Response and Relief Supplemental Appropriations Act Grant Program) for payment of expenses needed to operate and maintain the Frederick Douglass - Greater Rochester International Airport.
2. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

3. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not included new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2021 operating budget of the Monroe County Department of Aviation, Airport fund 9010, funds center 8101010000, Airport Administration.

This grant is 100% funded by the Federal Aviation Administration. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Subject: Enact a Local Law Establishing a Sustainable Energy Loan Program (OPEN C-PACE) in Monroe County and Authorize a Contract with Energy Improvement Corporation to Administer the Energize NY Open C-PACE Program

Honorable Legislators:

We recommend that Your Honorable Body enact a local law establishing a Sustainable Energy Loan Program (OPEN C-PACE) in Monroe County and authorize a contract with the Energy Improvement Corporation to administer this program for a period of ten (10) years commencing on or about July 1, 2021, with the option to renew for two (2) additional five-year terms.

The Commercial Property Assessed Clean Energy program, known as the Energize NY Open C-PACE Financing Program ("Open C-PACE") in New York, channels private capital to commercial and non-profit building owners to make energy upgrades to existing buildings or build new construction to higher energy standards. Open C-PACE enables building owners to improve their properties, lower operating expenses, and reduce energy consumption.

Open C-PACE differs from traditional bank loans as follows:

- Financing is available up to 100% of the project cost and may be combined with other financing.
- Competitive private financing from EIC-approved capital providers.
- Customizable loan terms up to the expected life of the improvements.
- Benefit assessment lien is subordinate to municipal taxes and senior to other liens (consent from mortgage holder is required).
- Automatically transfers to new owner upon sale of property.

Open C-PACE financing is a public benefit authorized by state law, with repayment secured through a benefit assessment lien on the improved property. The Energy Improvement Corporation ("EIC"), a non-profit, statewide local development corporation, administers Open C-PACE on behalf of its member municipalities. According to New York State Energy, Research, and Development Authority, EIC is the only authorized Open C-PACE program provider in Upstate New York. There are presently 61 member municipalities, including the City of Rochester.
To offer Open C-PACE, the County must pass a local law and sign an EIC municipal agreement. The County would have no fees to join the program, nor any financial exposure or responsibility to administer the program. Because the City of Rochester offers Open C-PACE within the City limits, the County’s Open C-PACE Program would only be available to commercial and non-profit building properties within the County but outside the City municipal boundaries.

Once enabled, the County would provide the public benefit of Open C-PACE financing and EIC would administer the program. EIC would record the lien on the land records, bill the property owner directly, and administer collection of the payment. The capital provider would enforce the Open C-PACE lien only after paying any delinquent municipal taxes owed by the property owner to the municipality.

The specific legislative actions required are:

1. Schedule and hold a public hearing on the proposed Local Law.

2. Enact a Local Law establishing a Sustainable Energy Loan Program (OPEN C-PACE) in Monroe County.

3. Upon the effective date of the Local Law, authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Energy Improvement Corporation, 2875 Route 35, Katonah, New York 10536, or any subsidiary or successor, to administer the Open C-PACE program for a period of ten (10) years commencing on or about July 1, 2021, with the option to renew for two (2) additional five-year terms.

This is a Type II Action pursuant to 6 NYCRR §6217.5(c)(26) (“routine continuing agency administration and management not including new programs or major reordering of priorities that may affect the environment”) and (33) (“adoption of regulations, policies, procedures and local legislative decisions in connection with any action on this list”) and is not subject to further review under the State Environmental Quality Review Act.

No net County support is required in the current Monroe County budget.

The records in the office of the Monroe County Treasury have indicated that neither the Energy Improvement Corporation, nor its principal officer, Susan Morth, CEO, owe any delinquent Monroe County property taxes.

We recommend this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

A. A Qualified Property Owner may participate in the Program through the execution of a finance agreement made by and between the Qualified Property Owner and a Financing Party, to which EIC, on behalf of Monroe County, shall be a third-party beneficiary (the “Finance Agreement”). Upon execution and delivery of the Finance Agreement, the property that is the subject of the Finance Agreement shall be deemed a “Benefited Property”.

B. Upon execution and delivery of the Finance Agreement, the Benefited Property Owner shall be eligible to receive funds from the Financing Party for the acquisition, construction, and installation of a Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, provided the requirements of the Enabling Act, the Municipal Agreement and this local law have been met.

A. The principal amount of the funds loaned to the Benefited Property Owner for the Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, shall be specially assessed against the Benefited Property and will be evidenced by a Benefit Assessment Lien recorded against the Benefited Property on the land records of the Monroe County Clerk’s Office. The special benefit assessment shall constitute a “charge” within the meaning of the Enabling Act and shall be collected in annual installments in the amounts certified by the Financing Party in a schedule provided at closing and made part of the Benefit Assessment Lien. Said amount shall be annually levied, billed, and collected by EIC, on behalf of Monroe County, and shall be paid to the Financing Party as provided in the Finance Agreement.

B. The term of such repayment shall be determined at the time the Finance Agreement is executed by the Benefited Property Owner and the Financing Party, not to exceed the weighted average of the useful life of the systems and improvements as determined by EIC, acting on behalf of Monroe County.

C. The rate of interest for the Secured Amount shall be fixed by the Financing Party in conjunction with EIC, acting on behalf of Monroe County, as provided in the Finance Agreement.

A. Upon the making of the loan pursuant to the Finance Agreement, the Secured Amount shall become a special Benefit Assessment Lien on the Benefited Property in favor of
Monroe County. The amount of the Benefit Assessment Lien shall be the Secured Amount. Evidence of the Benefit Assessment Lien shall be recorded by EIC, on behalf of Monroe County, on the land records of the Monroe County Clerk’s Office. Such recording shall be exempt from any charge, mortgage recording tax, or other fee in the same manner as if recorded by Monroe County. The Benefit Assessment Lien shall not be foreclosed upon by or otherwise enforced by Monroe County.

B. The Finance Agreement shall provide for the repayment of the Secured Amount in installments made at least annually, as provided in a schedule attached to the Benefit Assessment Lien (the “Annual Installment Amount”). The Annual Installment Amount shall be levied by EIC, on behalf of Monroe County, on the Benefited Property in the same manner as levies for county charges and shall become a lien on the Benefited Property at midnight on the thirty-first day of December of the preceding year (the “Annual Installment Lien”) and shall remain a lien until fully paid or otherwise satisfied or cancelled as provided by law. The creation or any recording of the Annual Installment Lien shall be exempt from any charge, mortgage recording tax, or other fee in the same manner as if recorded by Monroe County. Payment to the Financing Party shall be considered payment for this purpose. Such payment shall partly or wholly discharge the Annual Installment Lien. Delinquent Annual Installment Amounts may accrue Financing Charges as may be provided in the Finance Agreement. Any additional Financing Charges imposed by the Financing Party pursuant to the Finance Agreement shall increase the Annual Installment Amount and the Annual Installment Lien for the year in which such overdue payments were first due.

C. The Benefit Assessment Lien shall be reduced annually by the amount of each Annual Installment Lien when each Annual Installment Lien becomes a lien. Each Annual Installment Lien shall be subordinate to all Municipal Liens, whether created pursuant to the RPTL, the Monroe County Tax Act, or by any other State or local law. No portion of a Secured Amount shall be recovered by Monroe County, EIC, or an assignee upon foreclosure, sale, or other disposition of the Benefited Property unless and until all Municipal Liens are fully discharged. Each Annual Installment Lien, however, shall have priority over all Non-Municipal Liens, irrespective of when created, except as otherwise required by law.

D. Neither the Benefit Assessment Lien nor any Annual Installment Lien shall be extinguished or accelerated in the event of a default or bankruptcy of the Benefited Property Owner. Each Annual Installment Amount shall be considered a charge upon the Benefited Property and shall be collected by EIC, on behalf of Monroe County, at the same time and in the same manner as real property taxes or county charges. Each Annual Installment Lien shall remain a lien until paid. Amounts collected in respect of an Annual Installment Lien shall be remitted to EIC, on behalf of Monroe County, or the Financing Party, as may be provided in the Finance Agreement.

E. EIC shall act as Monroe County’s agent in collection of the Annual Installment Amounts. If any Benefited Property Owner fails to pay an Annual Installment Amount, the Financing Party may redeem the Benefited Property by paying the amount of all unpaid Municipal Liens thereon, and thereafter shall have the right to collect any amounts in
respect of an Annual Installment Lien by foreclosure or any other remedy available at law. Any foreclosure shall not affect any subsequent Annual Installment Liens.

F. EIC, on behalf of Monroe County, may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens to Financing Parties that provide financing to Qualified Properties pursuant to Finance Agreements. Subject: Amend the 2021-2026 Capital Improvement Program and the 2021 Capital Budget to Add a Project Entitled “Space Utilization and Renovation of CityPlace” and Authorize Financing for the Project

Honorable Legislators:

I recommend that Your Honorable Body amend the 2021-2026 Capital Improvement Program and the 2021 Capital Budget to add a project entitled “Space Utilization and Renovation of CityPlace” in the amount of $9,000,000, and authorize financing for the project in the amount of $9,000,000.

The Department of Environmental Services, in conjunction with the Division of Real Property Tax Services, performed a space utilization analysis in 2017, with a focus on the office space and functions in the Executive Building (36 West Main Street), CityPlace (50 West Main Street), and the Wegman Building (80 West Main Street). A goal of the space utilization study was to maximize the occupancy of owned office space versus leased office space. Based on the amount of office space that the occupants of the Wegman Building (leased) require, and the availability of office space in CityPlace (owned), this project will identify and renovate the necessary office space in CityPlace in order to relocate staff of the Conflict Defender’s Office, Pre-Trial Services, and the Office of Mental Health from the Wegman Building to CityPlace.

This project was considered and approved by the Monroe County Planning Board on March 25, 2021.

The specific legislative actions required are:

1. Amend the 2021-2026 Capital Improvement Program to add a project entitled “Space Utilization and Renovation of CityPlace” in the amount of $9,000,000.

2. Amend the 2021 Capital Budget to add a project entitled “Space Utilization and Renovation of CityPlace” in the amount of $9,000,000.

3. Authorize financing for the project entitled “Space Utilization and Renovation of CityPlace” in the amount of $9,000,000.
This action is a Type II Action pursuant to 6 NYCRR §617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be included in the capital fund to be created and any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Subject: Authorize an Intermunicipal Agreement with the City of Rochester to Accept Pass Through Funding from the United States Department of Justice for the 2020 Edward Byrne Memorial Justice Assistance Grant Program

Honorable Legislators:

I recommend that Your Honorable Body authorize an intermunicipal agreement with the City of Rochester to accept pass through funding from the United States Department of Justice in the amount of $64,310 for the 2020 Edward Byrne Memorial Justice Assistance Grant Program for the period of October 1, 2019 through September 30, 2023.

This grant will be used to continue partial funding of the salaries of two (2) Probation Officers who provide increased supervision to high-risk probationers with gang association and a history of violence through Operation Nightwatch. Reduced caseloads allow officers to invest more time in these cases, establish a rapport with the probationer and their families, and work with the probationer to eliminate risk factors associated with recidivism. Unannounced nighttime curfew checks, in collaboration with Rochester Police, provide accountability for Probation conditions. This collaboration brings the Rochester Police Department into homes or locations where the probationer frequents in a different context, and allows them to be part of the restorative process that is inherent in Probation work. This is the twenty-second year that Monroe County has received funding for this program. This cycle’s funding represents a decrease of $7,090 from the previous grant.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with the City of Rochester to accept pass through funding from the United States Department of Justice in the amount of $64,310 for the 2020 Edward Byrne Memorial Justice Assistance Grant Program for the period of October 1, 2019 through September 30, 2023.
2. Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The Environmental Mapper indicates that the subject property, or an adjoining property is in an environmentally sensitive area, has been designated as sensitive for archaeological sites and contains a species of animal, or associated habitats listed as threatened or endangered.

This action is for the acquisition of the property and does not include the physical alteration nor disturbance of the property. It is limited to the placement of road signs. Therefore, there this action will not result in any significant adverse environment impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation that the proposed action will result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Replacement of the culvert will entail removal and reinstallation of a culvert with temporary impacts to the class C stream, that requires a Protection of Waters Permit from the New York State Department of Environmental Conservation. Limited easements will be acquired on several parcels. Temporary Easements for construction work will be needed at 1700, 1587, 1630, and 1677 English Drive. Permanent easements of approximately 60 acres of land will be acquired on 1887 and 1877. Easement acquisition has been requested by New York State Department of Transportation to ensure sufficient right of way to operate and maintain English Road.

Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for replacement of a box culvert that allows a class C stream to flow under English Road and easement acquisition for right-of-way related to this roadwork. Although, no moderate to large impacts have been identified on the project site, it is host to both a stream and wetlands that need be evaluated for adverse environmental impacts.

Replacement and rehabilitation of the existing box culvert may temporarily impact the stream and wetlands. All disturbance will be temporary, limited to the period of construction, and will not encroach on or permanently alter existing nearby wetlands. Site visits have confirmed that no federal wetlands or state mapped wetlands or wetland checkzones are located in or adjacent to the proposed project and construction area. Additionally, Monroe County anticipates a Protection of Waters Permit to engage in stream disturbance pursuant to New York State Law. Monroe County will follow all requirements to work in the stream, including time constraints, and remedial measures that are required by the New York State Department of Environmental Conservation. Accordingly, after consideration of the potential impacts to the stream and wetlands, it has been determined that no significant adverse environmental impacts from this action will occur.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in the occurrence potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Subject: Authorize a Contract with the University of Rochester Medical Center for Medical Services for Monroe Community Hospital

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with the University of Rochester Medical Center ("University"), in an amount not to exceed $2,501,323 to provide medical services for Monroe Community Hospital ("MCH") for the period of May 1, 2021 through April 30, 2022, with the option to renew for four (4) additional one-year terms at a rate of increase not to exceed 2.25% per year.

This will be the 56th year that MCH and the University have maintained an affiliation agreement for physician services for patients of MCH. The provision for medical services to be provided to MCH through this contract is permitted pursuant to Section C6-17(B)(5) of the Monroe County Charter. Through the contract, the University will provide all of the medical services for MCH required by the New York State Department of Health. The contract will include a Medical Director and medical staff to develop and monitor standards of medical practice within MCH, and coordinate patient care and all related issues with MCH Administration.

A Request for Proposals was issued with the University of Rochester Medical Center selected as the most qualified to provide this service.

The specific legislative action required is to authorize a contract with the University of Rochester Medical Center, 601 Elmwood Avenue, Rochester, New York 14642, to provide medical services for Monroe Community Hospital in the amount of $2,501,323, for the period of May 1, 2021 through April 30, 2022, with the option to renew for four (4) additional one-year terms at a rate of increase not to exceed 2.25% per year.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major realigning of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.
Funding for this contract is included in the 2021 operating budget of Monroe Community Hospital, fund 9012, funds center 6205060000, Medical Administration and will be requested in future years' budgets. No additional net County support is required in the current Monroe County budget.

The University of Rochester Medical Center is a not-for-profit agency, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Amend the 2021-2026 Capital Improvement Program and the 2021 Capital Budget to Add a Project Entitled “Energy Improvement Equipment Acquisition” and Authorize Financing for the Project

Honorable Legislators:

I recommend that Your Honorable Body amend the 2021-2026 Capital Improvement Program and the 2021 Capital Budget to add a project entitled “Energy Improvement Equipment Acquisition” in the amount of $12,900,000 and authorize financing for the project in an amount not to exceed $12,900,000.

By Resolution Nos. 128 of 2013, 217 of 2013, 115 of 2017, and 116 of 2017, Your Honorable Body authorized certain energy improvement projects at the Monroe County Correctional Facility, the Monroe County Civic Center Complex, and various facilities of the Rochester Pure Waters District. The acquisition and installation of the energy improvement equipment was financed under agreements with New York Power Authority (“NYP A”) as variable rate loans, with each of the interest rates adjusted annually on January 1 based on NYP A’s cost of borrowing.

NYP A’s changing financial position has resulted in their demand that Monroe County refinance the existing loan from outside sources. The fixed-rate financing program recommended by NYP A, however, includes interest and fees exceeding what Monroe County could obtain on the open market under current economic conditions. As such, we are requesting authority to issue County general obligation bonds to purchase the energy improvement equipment currently securing the NYP A loans.

To avoid issuing bonds over a longer period than the remaining loan terms, the annual bond maturities will be structured to closely resemble the current loan repayment schedule.

This project is scheduled to be considered by the Monroe County Planning Board on April 29, 2021.

The specific legislative actions required are:

1. Amend the 2021-2026 Capital Improvement Program to add a project entitled “Energy Improvement Equipment Acquisition” in the amount of $12,900,000.
2. Amend the 2021 Capital Budget to add a project entitled “Energy Improvement Equipment Acquisition” in the amount of $12,900,000.

3. Authorize financing for the project entitled “Energy Improvement Equipment Acquisition” in an amount not to exceed $12,900,000.

The legislative action is a Type II action pursuant to 6 NYCRR §617.5(c)(29) (“investments by or on behalf of agencies or pension or retirement systems, or refinancing existing debt”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be included in the capital fund to be created and any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Amend Resolution 431 of 2020, as Amended by Resolution 24 of 2021, Authorize Contracts for the Provision of Mental Health, Developmental Disability, and Alcoholism and Substance Abuse Services in 2021 for the Monroe County Office of Mental Health

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 431 of 2020, as amended by Resolution 24 of 2021, authorizing contracts for the provision of Mental Health, Developmental Disability, and Alcoholism and Substance Abuse Services in 2021 from an amount not to exceed $40,120,086 to an amount not to exceed $41,120,086 for the period of January 1, 2021 through December 31, 2021.

The FIT program was established in September 2017 as a partnership between the Monroe County Office of Mental Health and every law enforcement agency in Monroe County. Its purpose is to provide mental health intervention to individuals who come into contact with law enforcement. The goal is to de-escalate crisis situations and avoid unnecessary emergency department visits and arrests. FIT program staff respond to 9-1-1 calls jointly with law enforcement and also separately respond to referrals and make follow-up visits to individuals as needed. Since its start, the program has resulted in a significant number of individuals being diverted from repeated law enforcement contacts and emergency department visits, while becoming connected to treatment and supports.

With this requested additional funding, Coordinated Care Services, Inc. will expand the FIT Program by hiring twelve (12) additional Mobile Forensic Specialists. Additional positions will be added to the program through other funding sources.

The specific legislative action required is to amend Resolution 431 of 2020, as amended by Resolution 24 of 2021, authorizing contracts for the provision of Mental Health, Developmental Disability, and Alcoholism and Substance Abuse Services in 2021 from an amount not to exceed $40,120,086 to an amount not to exceed $41,120,086 for the period of January 1, 2021 through December 31, 2021.
This action is a Type II Action pursuant to 6 NYCRR 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract increase is included in the 2021 operating budget of the Department of Human Services, general fund 9001, funds center 5702010000, Mental Health Services. No additional net County support is required in the current Monroe County budget.

Coordinated Care Services, Inc. is a not-for-profit agency and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Enact a Local Law Amending the Code of Ethics of the County of Monroe

Honorable Legislators:

We recommend that Your Honorable Body enact a Local Law amending the Code of Ethics of the County of Monroe (the "Code of Ethics") to address harassment and sexual harassment involving members of the public and limit County employees and officers from doing business with the County during and after their employment or term.

Monroe County follows all federal and state laws regarding harassment and sexual harassment in the workplace, and requires its officers and employees to pursue a course of conduct which will not raise suspicion among the public that they are likely to be engaged in acts that are in violation of the public's trust. However, it is critical for the County to demonstrate that sexual harassment, unwanted sexual attention, and degrading or abusive behavior can never be tolerated. It is the responsibility of this Honorable Body to build a culture of respect and dignity for all persons, including the residents we serve.

This amendment to the Code of Ethics makes it clear, in no uncertain terms, that County officers and employees that engage in harassment or sexual harassment are in violation of the Code of Ethics. Through this amendment, Monroe County is affirmatively stating that any harassment, including towards members of the public, will not be allowed. The amendment also expressly empowers the Board of Ethics to fully investigate complaints or allegations it receives regarding harassment or sexual harassment. Last, this amendment to the Code of Ethics limits County employees and officers from doing business with the County during and after their employment or term.
The specific legislative actions required are:

1. Schedule and hold a Public hearing on the proposed Local Law.

2. Enact the Local Law amending the Code of Ethics.

The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

This Local Law will have no impact on the revenues or expenditures of the current Monroe County budget.

We recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Section 1. Title. This local law shall be known as the law “Business Closure Transparency Act.”

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the sale of the property and does not include the physical alteration or disturbance of the property. Based on the Environmental Review conducted and memorialized throughout Parts 1 and 2 of this Environmental Assessment Form, it has been determined that there will be no significant adverse environmental impacts from this action, including archaeologically sensitive areas noted in Part 1.

Subject: Authorize a Joint Agreement with the United States Department of the Interior for the Water Resources Investigations Project

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District, and Rochester Pure Waters District authorize a joint funding agreement with the United States Department of the Interior in the amount of $919,110, with Monroe County's contribution in an amount not to exceed $753,500 and the United States Department of the Interior's contribution in an amount not to exceed $165,610 for the Water Resources Investigations Project for the period of January 1, 2021 through December 31, 2025.

This agreement allows work to continue on the Water Quality Monitoring Program and extends a joint working relationship that has existed for over forty years. This partnership combines the expertise of the U.S. Geological Survey, a Division of the Department of the Interior, in quality assurance, data interpretation, a long term trend analysis, and report publishing. The Monroe County Department of Environmental Services has historically collected and analyzed samples of surface and ground water and maintained monitoring sites and will begin administering this agreement in 2021.

Under the terms of the joint five-year funding agreement for water resources investigations, the United States Department of the Interior will fund 18% and the Monroe County Department of Environmental Services will fund 82% of total expenses ($919,110). This is the sixth, five-year agreement between the Department of the Interior and the County.

The specific Administrative Boards action required is to authorize the County Executive, or his designee, to execute a joint funding agreement, and any amendments thereto, with the United States Department of the Interior for the Water Resources Investigations Project in the amount of $919,110, with Monroe County's contribution in an amount not to exceed $753,500 and the United States Department of the Interior's contribution in an amount not to exceed $165,610, for the period of January 1, 2021 through December 31, 2025.

Subject: Authorize a Joint Agreement with the United States Department of the Interior for the Water Resources Investigations Project

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District, and Rochester Pure Waters District authorize a joint funding agreement with the United States Department of the Interior in the amount of $919,110, with Monroe County's contribution in an amount not to exceed $753,500 and the United States Department of the Interior's contribution in an amount not to exceed $165,610 for the Water Resources Investigations Project for the period of January 1, 2021 through December 31, 2025.

This agreement allows work to continue on the Water Quality Monitoring Program and extends a joint working relationship that has existed for over forty years. This partnership combines the expertise of the U.S. Geological Survey, a Division of the Department of the Interior, in quality assurance, data interpretation, a long term trend analysis, and report publishing. The Monroe County Department of Environmental Services has historically collected and analyzed samples of surface and ground water and maintained monitoring sites and will begin administering this agreement in 2021.

Under the terms of the joint five-year funding agreement for water resources investigations, the United States Department of the Interior will fund 18% and the Monroe County Department of Environmental Services will fund 82% of total expenses ($919,110). This is the sixth, five-year agreement between the Department of the Interior and the County.

The specific Administrative Boards action required is to authorize the County Executive, or his designee, to execute a joint funding agreement, and any amendments thereto, with the United States Department of the Interior for the Water Resources Investigations Project in the amount of $919,110, with Monroe County's contribution in an amount not to exceed $753,500 and the United States Department of the Interior's contribution in an amount not to exceed $165,610, for the period of January 1, 2021 through December 31, 2025.

To the Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Honorable Legislators:

The COVID-19 pandemic has impacted local economies across the World. In New York, COVID-19 imposed shutdowns have left businesses temporarily shuttered, revenue curtailed, and even permanently closed them. From spas and salons to insurance companies to restaurants and bars, businesses have been forced to change or seize their operations.

These restrictions and closures are not the choice of the businesses themselves, but rather the use of government authority to close or curtail their operations. While the government authorities who have ordered these closures have claimed to do so out of public health and may be correct in the necessity for these closures and curtailments, the transparency regarding these decisions is simply inadequate. The use of government authority to close or curtail the ability of a private entity to conduct business should not be taken lightly and must be reasonably justified, subjected to public oversight and consistent with the rules, regulations, and laws promulgated to protect the public.

Therefore, the purpose of this legislation is ensuring any Monroe County imposed business closure in Monroe County meets the aforementioned criteria. This is imperative for the Legislature to perform its responsibility and duty of County oversight, as well as the community to perform its responsibility of public oversight. This would require the production and issuance of a Report of Justification in any instance of any Monroe County Administrative Head, Agency, Employee, or official, elected, appointed, or otherwise, utilizing any power granted to them to close a place of business for any reason or any length of time within forty-eight (48) hours of the ordered closure via email or hardcopy to the Clerk of the Legislature.

This Report of Justification would be circulated, by the Clerk of the Legislature, to every Monroe County Legislator and ensure the report is entered into the Legislature’s official record. This report would be required to include the following: a detailed written report that provides justification for the decision to order the closure, signed by the Monroe County Administrative Head, Agency, Employee, or official, elected, appointed, or otherwise, ordering the closure; a copy of the official order or communication closing the place of business; and any and all evidence in the possession of Monroe County on which the closure is based.
The residents of Monroe County deserve transparency, clarity and justification for government-imposed business closure and curtailment of private businesses. This legislation will ensure our community, and this Honorable Body, has the information needed to make informed decisions and perform oversight of such government actions.

The specific legislative actions required are:

1. Schedule and hold a public hearing.

2. Adopt the local law as attached.

This is a Type II Action pursuant to 6 NYCRR 617.5(c) (26) ("routine of continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

The COVID-19 pandemic has impacted local economies across the World. In New York, COVID-19 imposed shutdowns have left businesses temporarily shuttered, revenue curtailed, and even permanently closed them. From spas and salons to insurance companies to restaurants and bars, businesses have been forced to change or seize their operations.

These restrictions and closures are not the choice of the businesses themselves, but rather the use of government authority to close or curtail their operations. While the government authorities who have ordered these closures have claimed to do so out of public health and may be correct in the necessity for these closures and curtailments, the transparency regarding these decisions is simply inadequate. The use of government authority to close or curtail the ability of a private entity to conduct business should not be taken lightly and must be reasonably justified, subjected to public oversight and consistent with the rules, regulations, and laws promulgated to protect the public.

Therefore, the purpose of this legislation is ensuring any Monroe County imposed business closure in Monroe County meets the aforementioned criteria. This is imperative for the Legislature to perform its responsibility and duty of County oversight, as well as the community to perform its responsibility of public oversight. This would require the production and issuance of a Report of Justification in any instance of any Monroe County Administrative Head, Agency, Employee, or official, elected, appointed, or otherwise, utilizing any power granted to them to close a place of business for any reason or any length of time within forty-eight (48) hours of the ordered closure via email or hardcopy to the Clerk of the Legislature.

This Report of Justification would be circulated, by the Clerk of the Legislature, to every Monroe County Legislator and ensure the report is entered into the Legislature’s official record. This report would be required to include the following: a detailed written report that provides justification for the decision to order the closure, signed by the Monroe County Administrative Head, Agency, Employee, or official, elected, appointed, or otherwise, ordering the closure; a copy of the official order or communication closing the place of business; and any and all evidence in the possession of Monroe County on which the closure is based.
The residents of Monroe County deserve transparency, clarity and justification for government-imposed business closure and curtailment of private businesses. This legislation will ensure our community, and this Honorable Body, has the information needed to make informed decisions and perform oversight of such government actions.

The specific legislative actions required are:

1. Schedule and hold a public hearing.
2. Adopt the local law as attached.

This is a Type II Action pursuant to 6 NYCRR 617.5(c) (26) ("routine of continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

Respectfully Submitted,

Subject: Authorize a Contract with CHA Consulting, Inc. for Design Services for the Runway 10-28 Obstruction Removals - Phase II Project at the Frederick Douglass Greater Rochester International Airport

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with CHA Consulting, Inc. in the amount of $164,900 for design services for the Runway 10-28 Obstruction Removals - Phase II Project at the Frederick Douglass Greater Rochester International Airport.

Currently, Runway 10-28 has on-airport and off-airport property obstructions in need of removal to protect takeoff and landing services for both commercial and general aviation users. This project will include clearing tree obstructions to the approach surfaces per Federal Aviation Administration engineering briefs and Federal Aviation Administration regulations. Removals include several small stands of trees as well as a number of large individual trees on residential properties. The tree obstructions are on off-airport parcels that include private homes, vacant homes owned by Monroe County, and rights of way of the New York State Department of Transportation, New York State Canal Corporation, and a freight railroad. Provisions will be included to avoid impacts to wetlands by clearing the trees during winter months on the frozen ground, and/or by utilizing non-mechanized removal techniques.

This project will be funded by a Federal Aviation Administration grant of 90%, a New York State Department of Transportation grant of 5%, and a local share of 5%.

The Department of Aviation recommends authorization of a contract with CHA Consulting, Inc., a designated airport consultant per Resolution 320 of 2020, to provide design services for the Runway 10-28 Obstruction Removals - Phase II Project in the amount of $164,900.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract with CHA Consulting, Inc., 16 Main Street West, Suite 830, Rochester, New York 14614, for design services for the Runway 10-28 Obstruction Removals - Phase II Project at the Frederick Douglass Greater Rochester International Airport in the amount of $164,900 along with any amendments necessary to complete the project within the total capital fund(s) appropriation.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(8) ("maintenance of existing landscaping or natural growth") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in capital fund 1736 and any capital fund(s) created for the same intended purpose. The local funding for this project will ultimately be provided by the Monroe County Airport Authority from Airport generated revenues. No net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither CHA Consulting, Inc., nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Michael Carroll, Chairman of the Board
Dom Bernardo, Executive Vice President, Chief Financial Officer
Michael Platt, Executive Vice President, General Counsel

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Monroe County Legislature - April 13, 2021
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Department of Environmental Conservation for the Climate Smart Communities Project – Regional Community Rating System Strategy Project and Authorize a Contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C.

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Department of Environmental Conservation for the Climate Smart Communities Project – Regional Community Rating System Strategy Project in the amount of $249,153 and authorize a contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. in the amount of $150,000 for consulting services.

Funding for the project has been secured through the New York State Department of Environmental Conservation. The Community Rating System (“CRS”) is a voluntary incentive program that recognizes and encourages community floodplain management practices that exceed the minimum requirements of the National Flood Insurance Program. Over 1,500 communities participate nationwide. The Town of Greece is currently the only local municipality that participates in the program. In CRS communities, flood insurance premium rates are discounted to reflect the reduced flood risk resulting from the community’s efforts that reduce and avoid flood damage to insurable property, strengthen and support the insurance aspects of the National Flood Insurance Program, and foster comprehensive floodplain management. The New York State Department of Environmental Conservation contributed over $11 million to the New York State Consolidated Funding Application for the Climate Smart Communities Grant Program.

This project will bring new communities into the CRS, increase credit points for existing CRS communities, and research new ways that CRS credit can be achieved. Issues and opportunities to be addressed include understanding CRS participation based on flood risk in the State, identifying potential barriers to entry, identifying why existing communities are not receiving potential credits, identifying eligible communities, and providing assistance to interested communities.

A Request for Qualifications was issued with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. the sole respondent. Bergmann Associates will be providing services to bring additional local communities into the CRS program and assist in increasing credits for existing and new participating communities.
The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $249,153 grant from, and to execute a contract and any amendments thereto with, the New York State Department of Environmental Conservation for the Climate Smart Communities Project – Regional Community Rating System Strategy Project.

2. Amend the 2021 operating budget of the Department of Environmental Services by appropriating the sum of $249,153 into general fund 9300, funds center 8301010000 Engineering.

3. Authorize the County Executive, or his designee, to execute a contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C., 280 East Broad Street, Suite 200, Rochester, New York 14604, in the amount of $150,000 for consulting services for the Climate Smart Communities Project – Regional Community Rating System Strategy Project, and any amendments necessary to complete the project within the total fund(s) appropriation.

4. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to appropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

5. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolition of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(24) (“information collection including basic data collection and research, water quality and pollution studies, traffic counts, engineering studies, surveys, subsurface investigations and soils studies that do not commit the agency to undertake, fund or approve any Type I or Unlisted action.”) and (26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Department of Environmental Conservation. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C., nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Pietro V. Giovenco – CEO, President
Richard Chelotti – Senior Vice President
Andrew J. Raus – Senior Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the Department of Justice Office of Juvenile Justice and Delinquency Prevention for Improving Outcomes for Justice Involved Youth with Behavioral Health Challenges

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the Department of Justice Office of Juvenile Justice and Delinquency Prevention in the amount of $622,883 for Improving Outcomes for Justice Involved Youth with Behavioral Health Challenges for the period of October 1, 2020 through September 30, 2023.

Youth impacted by Mental Illness or Co-occurring Mental Illness and Substance Abuse ("MI/CMISA") have a higher risk of juvenile justice involvement and tend to remain involved longer due to lack of support and resolution of underlying diagnoses. Often, due to the significant behaviors exhibited by youth in the juvenile justice setting, mental health needs can be mistakenly attributed to poor behavioral choices and thereby go undiagnosed and result in longer involvement in the legal system. This missed opportunity to engage and connect youth with effective treatment yields high personal costs to youth and families in terms of safety, self-esteem, and stability. Youth with diagnosed and undiagnosed mental health conditions tend to penetrate more deeply into the juvenile justice system. A general approach to justice-involved youth does not always take into account the perceptual, emotional, and self-regulatory differences of youth with MI/CMISA, which can lead to feelings of frustration and failure on the part of the youth and family, which further impact emotional stability and growth. Deeper system involvement is financially costly for the community, unsuccessful for youth with MI/CMISA, achieves little in terms of community safety, and stresses an already overburdened justice system. Unresolved mental health concerns can increase recidivism in the juvenile justice system or result in other problematic behaviors.

In order to address these concerns, a Juvenile Justice Mental Health Collaboration project, Creating Alternative Pathways for Success ("CAPS"), was designed and will be administered by the Monroe County Office of Probation - Community Corrections in partnership with the Monroe County Office of Mental Health to implement a cross-system collaborative, relational approach to improve responses and outcomes for youth impacted by MI/CMISA who are involved with the Juvenile Justice system.

The overarching objective is to improve responses to youth with MI/CMISA and thereby improve safety and Juvenile Justice outcomes for those youth and surrounding communities. This project aims to reduce the reliance on out-of-home placement, reduce the reliance on detention, reduce the need for family court adjudication, increase the adjustment rate of diversion cases, reduce the rate of probation violations, reduce the rate of long-term recidivism, and utilize community-based services to improve outcomes for youth.
The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $622,883 grant from, and to execute a contract and any amendments thereto with, the Department of Justice Office of Juvenile Justice and Delinquency Prevention for Improving Outcomes for Justice Involved Youth with Behavioral Health Challenges for the period of October 1, 2020 through September 30, 2023.

2. Amend the 2021 operating budget of the Department of Public Safety, Office of Probation - Community Corrections, by appropriating the sum of $622,883 into general fund 9300, funds center 2403020100, Juvenile Services Family Division.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any encumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolition of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This is a Type II action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant requires a minimum 20% local match in each of the first and second years of the grant and a minimum 40% local match in the third year. This match funding is included in the 2021 operating budget of the Department of Public Safety, Office of Probation – Community Corrections, general fund 9300, funds center 2403020100, Juvenile Services Family Division and the Department of Human Services, general fund 9001 funds center 5116050000 and will be included in future years’ budgets.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize Federal Equitable Sharing Agreements with the United States Department of Justice and the United States Department of the Treasury

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of District Attorney Sandra Doorley and Sheriff Todd K. Baxter.

I recommend that Your Honorable Body authorize Federal Equitable Sharing Agreements with the United States Department of Justice and the United States Department of the Treasury for participation by the Monroe County District Attorney’s Office and the Monroe County Sheriff’s Office in the federal equitable sharing programs for federally forfeited cash, property, and proceeds obtained in the course of joint law enforcement investigations and prosecutions for the period of January 1, 2021 through December 31, 2021.

In an effort to further encourage cooperation among federal, state, and local law enforcement agencies and to punish and deter criminal activity by depriving criminals of property used or acquired through illegal activities, the United States Congress provided the Secretary of the Treasury and the United States Attorney General with the authority to share federally forfeited cash, property, and proceeds with participating federal, state, and local law enforcement agencies. The shared funds, property, and proceeds must be used for law enforcement purposes. This will be the 30th year the County has participated in this program.

The specific legislative action required is to authorize the County Executive, or his designee, to execute Federal Equitable Sharing Agreements with the United States Department of Justice and the United States Department of the Treasury for participation in federal equitable sharing programs for federally forfeited cash, property, and proceeds obtained in the course of joint law enforcement investigations and prosecutions for the period of January 1, 2021 through December 31, 2021.
This is a Type II action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

These agreements are revenue generating and no net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Acceptance of a Grant from the New York State Division of Criminal Justice Services for the Paul Coverdell Forensic Science Improvement Program (Office of the Medical Examiner’s Forensic Toxicology Laboratory)

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Division of Criminal Justice Services in the amount of $51,490 for the Paul Coverdell Forensic Science Improvement Program (Office of the Medical Examiner’s Forensic Toxicology Laboratory) for the period of October 1, 2020 through September 30, 2021.

The purpose of this grant is to improve forensic science services in the Monroe County Office of the Medical Examiner’s Forensic Toxicology Laboratory. This program provides postmortem forensic toxicology services to aid in the determination of cause and manner of deaths and toxicology services to aid in the evaluation of cases of driving under the influence of drugs and/or alcohol and drug-facilitated sexual assault. The funds will be used to purchase supplies needed to: increase the analytical capacity of the Laboratory; minimize testing downtimes; train staff; and maintain the Laboratory’s accreditation. This will be the eighteenth year the County has received this grant. This year’s funding represents a decrease of $2,028 from last year. This funding varies annually and is dependent on the total amount of federal funds available and the number of forensic laboratories in New York State eligible to receive funds.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $51,490 grant from, and to execute a contract and any amendments thereto with, the New York State Division of Criminal Justice Services for the Paul Coverdell Forensic Science Improvement Program (Office of the Medical Examiner’s Forensic Toxicology Laboratory) for the period of October 1, 2020 through September 30, 2021.
2. Amend the 2021 operating budget of the Department of Public Health by appropriating the sum of $28,806 into general fund 9001, funds center 5804020200, Forensic Laboratory.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and (31) ("purchase or sale of furnishings, equipment or supplies, including surplus government property, other than the following: land, radioactive material, pesticides, herbicides, or other hazardous materials") and is not subject to further review under the State Environmental Quality Review Act.

Partial funding for this grant is included in the 2021 operating budget of the Department of Public Health, general fund 9001, funds center 5804020200, Forensic Laboratory. The appropriated amount will adjust the current funding to that established by the grant.

This grant is 100% funded by the New York State Division of Criminal Justice Services. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Authorize a Contract with Troy & Banks, Inc. for a Cost-Recovery Audit of Utility Expenses

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Troy & Banks, Inc., based on a contingency fee of 24% of any refunds, credits, and/or savings they obtain for the County up to $55,000, for a cost-recovery audit of Monroe County’s utility expenses, for the period of January 1, 2020 through December 31, 2021.

Troy & Banks, Inc. will conduct an audit of utility (electric, natural gas, steam/water, and telephony) service accounts for the purpose of securing refunds, credits and cost reductions resulting from discovery of charges or costs in excess of those permitted or allowed by applicable contracts, tariffs, statutes, rules and regulations and/or from overcharges and billing errors. The audit period will be from January 1, 2014 to December 31, 2019.

Monroe County’s Minority and Women-Owned Business Enterprise ("M/WBE") Policy is set by the Monroe County Legislature pursuant to Resolution 69 of 1989, as amended by Resolution 240 of 2014. A request for qualifications ("RFQ") was issued for this contract in 2019 and a selection was made in October 2019. M/WBE utilization was not a selection criteria under this RFQ, but I have directed the Division of Purchasing and Central Services and all Department Heads to include M/WBE utilization as a selection criteria in all RFQs, Requests for Proposal, and Expressions of Interest going forward. Troy & Banks, Inc. was rated the most qualified to provide the services, but is not listed in New York State’s M/WBE Directory of Certified Firms.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Troy & Banks, Inc., 2216 Kensington Avenue, Buffalo, New York 14226, for a cost-recovery audit of utility expenses based on a contingency fee of 24% of any refunds, credits, and/or savings they obtain for the County up to $55,000, for the period of January 1, 2020 through December 31, 2021.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This contract is revenue generating and no net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Troy & Banks, Inc., nor its principal officer, Thomas Ranallo, President, owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

To The Honorable
Monroe County Legislature

Subject: Erroneous Assessment - Refund

Honorable Legislators:

I recommend that Your Honorable Body approve the refund and levy of a change of assessment due to an incorrect billing for sewer O/M charges in the City of Rochester as per the attached list prepared by the Department of Finance, Real Property Tax Services.

The refund is requested because the property owner was charged for usage that was the result of an underground water leakage resulting in an overbilling for sewer O/M charges.

No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
Listed below is pertinent information from an application for the refund of property taxes. The Real Property Tax Service Agency has the original application and support material available for review if needed. I am recommending the correction and refund of these Monroe County taxes because the same is erroneous. Listed below is the applicant’s name, address, property location, tax year(s), tax account number, refund amount and reason for correction.

**City of Rochester:** Tax Account No. 120.46-1-4.001, Rochester Industrial Center, 3 Townline Cir, Rochester, NY 14623. **Property Location:** 8-10 Cairn St. **Tax Year:** 2021 **Amount of Taxes Currently Due:** $47,548.59. **Amount of Corrected Taxes Due:** $27,842.93. **Amount of Taxes to be Cancelled:** $19,705.66. Due to an error in essential fact, the incorrect amount of consumption was utilized for the pure waters O/M charge on the 2020 final tax roll. This resulted in an erroneous charge.

The necessary procedure to be followed by the Monroe County Legislature regarding this refund is for that body, by resolution, to approve this application, to authorize and direct the Controller to draw an order on the Director of Finance payable from the Erroneous Assessment Account for the heretofore stated sums and to authorize and direct the County Director of Real Property Tax Services to mail a duplicate copy of the approved application to said taxpayer.

March 5, 2021

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize a Contract with URMC Labs, a Division of the University of Rochester, for Laboratory Services at Monroe Community Hospital

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with URMC Labs, a Division of the University of Rochester in a total amount not to exceed $1,250,000 to provide laboratory services for residents at Monroe Community Hospital ("MCH") for the period of April 1, 2021 through March 31, 2022, with the option to renew for four (4) additional one-year terms in a total amount not to exceed $300,000 per year.

To ensure appropriate care of its residents, it is necessary that MCH contract with a provider that is able to perform laboratory tests with timely and accurate results. In addition, the provider must supply a laboratory and technologists who are certified and licensed. URMC Labs has been the provider of these services since 1988. Their past performance with MCH has been exemplary and they have proven their ability to continue the comprehensive laboratory services required by Public Health Law and MCH. For the first year of the contract, as the COVID-19 State of Emergency continues, MCH must adhere to the resident COVID-19 testing regulations set forth by U.S. Centers for Medicare & Medicaid Services. All residents (approximately 500) must be tested every three to seven days, for a minimum of fourteen days, after a single positive COVID-19 case within the facility, whether a resident, staff member or contractor.

A Request for Proposals was issued for this contract with URMC Labs, a Division of the University of Rochester, being the sole respondent.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract and any amendments thereto with, URMC Labs, a Division of the University of Rochester, 601 Elmwood Avenue, Box 608, Rochester, New York 14642, to provide laboratory services for residents of Monroe Community Hospital in a total amount not to exceed $1,250,000 for the period April 1, 2021 through March 31, 2022, with the option to renew for four (4) additional one-year terms in a total amount not to exceed $300,000 per year.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2021 operating budget of Monroe Community Hospital, hospital fund 9012, funds center 6204020000, Monroe Community Hospital, and will be requested in future years budgets. No additional net County support is required in the current Monroe County budget.

The University of Rochester is a not-for-profit entity and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Monroe County Legislature - April 13, 2021
March 5, 2021

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize Appropriation Transfers for COVID-19 Response Actions

Honorable Legislators:

I recommend that Your Honorable Body authorize appropriation transfers totaling $21,000,000 for COVID-19 response actions including rapid testing services for employees and contractors of Monroe Community Hospital and the community at large, the provision of community vaccinations, and maintenance of non-congregate sheltering for those requiring isolation.

During 2020 and into 2021, Monroe County established multiple sites for Coronavirus rapid testing, non-congregate sheltering, and the provision of vaccinations. Expenses for those services are being accounted for within the Department of Public Health for program management, accounting, and reimbursement claiming purposes. In addition, Resolution 413 of 2020 authorized a one-year contract renewal to provide employees and contractors of Monroe Community Hospital with COVID-19 testing to comply with New York State Governor’s Executive Order 202.30.

The adopted 2021 operating budgets for the Department of Public Health and Monroe Community Hospital do not have sufficient appropriations to fund these services in addition to the regular programs and services delivered on an annual basis. Sufficient appropriations do exist, however, within the Department of Finance-Unallocated stemming from the CARES Act award of 2020, and are available for transfer.

The specific legislative actions required are:

1. Authorize an appropriation transfer of $18,000,000 from the Department of Finance-Unallocated, general fund 9001, funds center 1209070100, State of Emergency to the Department of Public Health, general fund 9001, funds center 5801090100, Pandemic Response.
2. Authorize an appropriation transfer of $3,000,000 from the Department of Finance-Unallocated, general fund 9001, funds center 1209070100, State of Emergency to Monroe Community Hospital, hospital fund 9012, funds center 6201010000 MCH Administration.

The legislative action requested in this referral is not an "Action," as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

These appropriation transfers will require no additional net County support in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize a Contract with CHA Consulting, Inc. for Evaluation, Scope, Schedule, and Cost Estimation Services for the Frontier Field Major League Baseball Requirements Project

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with CHA Consulting, Inc. ("CHA") in the amount of $72,900 for evaluation, scope, schedule, and cost estimation services for the Frontier Field Major League Baseball Requirements project.

The Rochester Red Wings received notification from Major League Baseball ("MLB") that Frontier Field is required to be in full compliance with all new MLB standards by April 1, 2025 or lose their approval to conduct baseball at a professional level. Improvements and modifications of facility elements could include stadium security, media facilities, home and visiting club facilities, additional team facilities, playing field features, and/or maintenance items. Even though full compliance of all facility standards is not required until April 1, 2025, some phased improvements are required by April of 2023 and 2024.

CHA will provide evaluation, scope, schedule, and cost estimation services in an amount of $72,900. As discussed at the February 9, 2021 meeting of the Monroe County Legislature, I will provide a copy of CHA’s evaluation, scope, schedule, and cost estimation report (the “Report”) to this Honorable Body upon its completion. Once Your Honorable Body has an opportunity to review the Report, I will submit a separate referral to authorize CHA to proceed with design, bid, and construction phase services.

A Request for Proposals was issued for this contract and CHA was selected as the most qualified to provide this service.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract with CHA Consulting, Inc., 16 Main Street West, Suite 830, Rochester, New York 14614, in the amount of $72,900 for evaluation, scope, schedule, and cost estimation services for the Frontier Field Major League Baseball Requirements project, and any amendments necessary to complete the project within the total capital fund(s) appropriation.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in capital fund 2004 and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither CHA Consulting, Inc., nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Michael D. Carroll, Chief Executive Officer
James Stephenson, President
Dom Bernardo, Chief Financial Officer

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.
