Subject: Authorize a Contract with LeChase Construction Services, LLC for Construction Management Services for the County Office Building HVAC Upgrades Project

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with LeChase Construction Services, LLC in the amount of $92,000 for construction management services for the County Office Building HVAC Upgrades Project.

The Monroe County Office Building ("COB") is a 168,000 square foot, 4-story building located at 39 West Main Street originally completed in 1896. Building systems and equipment are decades old and reaching the end of their useful service life due to age and obsolescence. Monroe County Department of Environmental Services completed a Master Plan report in 2009 that identified deficient building infrastructure including recommendations for phased mechanical, electrical, plumbing, HVAC, envelope, energy, and code improvements to maintain the operational integrity of the building and continuity of services to users of the COB. Electrical upgrades were completed in 2012. Several bathrooms were upgraded in 2014. The exterior windows were renovated/replaced in 2021. This project will upgrade HVAC systems throughout the COB. Design of the new HVAC systems at the COB has been completed. Bidding, construction, and commissioning will commence in 2022.

A Request for Proposals was issued, with LeChase Construction Services, LLC selected as the most qualified to perform these services.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract with LeChase Construction Services, LLC, 205 Indigo Creek Drive, Rochester, New York 14626, in the amount of $92,000 for construction management services for the County Office Building HVAC Upgrades Project, and any amendments necessary to complete the project within the total capital fund(s) appropriation.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in capital fund 1850 and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither LeChase Construction Services, LLC, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

R. Wayne LeChase, Chairman
William H. Goodrich, CEO & Managing Partner
William L. Mack, President
Kyle L. Syers, Executive Vice President & COO

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Authorize the Initiation of the Process for Making Additions to Monroe County Agricultural Districts

Honorable Legislators:

I recommend that Your Honorable Body authorize the initiation of the process for making additions to Monroe County’s Agricultural Districts.

Section 303-b of the Agriculture and Markets Law requires Your Honorable Body establish an annual 30-day period during which landowners can submit proposals to include land that is predominantly viable agricultural land within a certified agricultural district. Monroe County would begin this addition process by publishing a general notice to make landowners aware of the 30-day submission period. At the end of the 30-day submission period all requests for inclusion will be referred to the Monroe County Agricultural and Farmland Protection Board (“AFPB”) for its recommendations. The AFPB then has 30 days to make a recommendation to Your Honorable Body concerning any proposed additions to the state-certified agricultural districts. Upon receipt of the recommendation, Your Honorable Body must hold a public hearing before taking action to adopt or reject the addition of any parcels to any district. A second referral will be submitted to Your Honorable Body after the report of the AFPB to schedule the public hearing and recommend adoption or rejection of the addition of parcels to any district.

The specific legislative actions required are:

1. Authorize the Clerk of the Legislature to publish and post notice of the 30-day submission period for requests to include land, which is predominantly viable agricultural land, within state-certified Monroe County agricultural districts.
2. Direct the Monroe County Agricultural and Farmland Protection Board to prepare and submit a report, within 30 days of the termination of the submission period, with its recommendations as to whether inclusion of each piece of land proposed to be included in the certified agricultural districts: a) consists predominantly of viable agricultural land, and b) would serve the public interest by assisting in maintaining a viable agricultural industry within the certified agricultural districts.

This is a Type II Action pursuant to 6 NYCRR 617.5(c)(24) ("information collection including basic data collection and research, water quality and pollution studies, traffic counts, engineering studies, surveys, subsurface investigations and soils studies that do not commit the agency to undertake, fund or approve any Type I or Unlisted action") and is not subject to further review under the State Environmental Quality Review Act.

This initiation of process will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Honorable Legislators:

I recommend that Your Honorable Body amend the 2022 Capital Budget and Bond Resolution 372 of 2020 to provide an increase in funding in the amount of $1,310,000 and authorize a contract with Nardozzi Paving & Construction, LLC in the amount of $3,598,586 for construction services for the Salt Road Project in the Town of Penfield.

This project involves rehabilitation of Salt Road from NYS Rt. 286 to Plank Road. The work involves the installation of new open and closed drainage systems, enclosing a deep ditch along the roadway, reconstruction of the paved shoulders, milling and resurfacing of the asphalt along with new pavement markings. There are currently insufficient funds available for the project due to recent increases in costs of labor and materials, as well as additional right of way costs, engineering design efforts and an increase in construction costs in order to meet environmental regulations involved with enclosing the roadside deep ditch. The total estimated project cost is $4,735,000. The current schedule is to start work in spring 2022 with an anticipated completion by fall 2022.

The following seven (7) bids were received on December 2, 2021:

Nardozzi Paving & Construction, LLC  $3,598,586.00

Sealand Contractors Corp.  $4,083,000.00
Cold Springs Construction Co.  $4,122,661.50
CCI Companies, Inc.  $4,152,031.50

The bids have been reviewed and Nardozzi Paving & Construction, LLC has been determined to be the lowest responsible bidder pursuant to General Municipal Law §103.
The specific legislative actions required are:

1. Amend the 2022 Capital Budget to increase the project authorization by $1,310,000 for the Salt Road Project from $3,425,000 to $4,735,000, making the total project authorization $4,735,000.

2. Amend Bond Resolution 372 of 2020 to increase financing for the Salt Road Project, capital fund 1910, from $3,425,000 to $4,735,000, for a total authorization of $4,735,000.

3. Authorize the County Executive, or his designee, to execute a contract with Nardozzi Paving & Construction, LLC, 124 North Genesee Street, Geneva, New York 14456, in the amount of $3,598,586 for construction services for the Salt Road Project in the Town of Penfield, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, will be included in capital fund 1910 once the additional financing authorization requested herein is approved and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the office of the Monroe County Treasury have indicated that neither Nardozzi Paving & Construction, LLC, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Subject: Amend the 2022 Capital Budget and Bond Resolution 465 of 2021 to Provide an Increase in Funding and Authorize a Contract with Cold Spring Construction Company, for Construction Services for the Edgemere Drive Bridge Project in the Town of Greece

Honorable Legislators:

I recommend that Your Honorable Body amend the 2022 Capital Budget and Bond Resolution 465 of 2021 to provide an increase in funding, in the amount of $1,700,000 and authorize a contract with Cold Spring Construction Company, in the amount of $2,841,535.63 for construction services for the Edgemere Drive Bridge Project in the Town of Greece.

This project involves replacement of the bridge on Edgemere Drive between Lowden Point Road and Long Pong Road (over the outlet channel which flows from Long Pond into Lake Ontario). The work involves demolishing the existing bridge and replacing it with a new pre-cast concrete arch bridge. The profile of the bridge will be raised to better accommodate boat traffic below and new approach pavement and bridge railing will be installed. The project will be constructed in two phases and a single lane of alternating one-way traffic will be maintained throughout the duration of the work. There are currently insufficient funds available for the project due to increased costs since it was initially programmed in the Capital Improvement Program. The increase is due to: raising the bridge profile, additional work elements associated with staged construction (increased project duration, temporary traffic signals, temporary concrete barrier, temporary raining walls, etc.), and survey/relocation of threatened mussels at the project site as required by New York State Department of Environmental Conservation regulations. The current schedule is to start work in spring 2022 with an anticipated completion by fall 2022.

The following two (2) bids were received on November 12, 2021:

- Cold Spring Construction Company: $2,841,535.63
- Crane Hogan Structural Systems Inc.: $3,925,149.40

The bids have been reviewed and Cold Spring Construction Company has been determined to be the lowest responsible bidder pursuant to General Municipal Law §103.

The specific legislative actions required are:

1. Amend the 2022 Capital Budget to increase funding for the Edgemere Drive Bridge Project in the Town of Greece in the amount of $1,700,000 from $1,840,000 to $3,540,000 for a total project authorization of $3,540,000.
2. Amend Bond Resolution 465 of 2021 to increase financing for the Edgemere Drive Bridge Project in the Town of Greece, capital fund 1958, in the amount of $1,700,000 from $1,840,000 to $3,540,000 for a total project authorization of $3,540,000.

3. Authorize the County Executive, or his designee, to execute a contract with Cold Spring Construction Company, 43 Jackson Street, Akron New York 14001, in the amount of $2,841,533.63 for construction services for the Edgemere Drive Bridge Project in the Town of Greece, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in capital fund 1958 and any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the office of the Monroe County Treasury have indicated that neither Cold Spring Construction Company, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Stephen Forrestel, CEO
Ryan Forrestel, President
Jeffrey R. Borden, Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with the University of Rochester in an amount not to exceed $85,000 for support of the Forensic Pathology Fellowship Program at the Monroe County Office of the Medical Examiner for the period of January 1, 2022 through December 31, 2022, with the option to renew for two (2) additional one-year terms, with each additional term in an amount not to exceed $85,000.

The fellowship will provide opportunities to learn, in part, about the Coroner and Medical Examiner system in New York State, the principles of death certification, and the role of forensic disciplines. Additionally, at the completion of the fellowship program, the fellow would be eligible for the Forensic Pathology Board Certification Examination. The fellowship program is twelve (12) months in length, with the actual fellowship term being July 1 through June 30. This contract will address the second half of the current fellowship year ending June 30, 2022 and provide for the first half of a new fellowship year that will begin July 1, 2022.

MARK FUNK
MONROE COUNTY CONFLICT DEFENDER
MONROE COUNTY CONFLICT DEFENDER'S OFFICE

Years in current role: 4

What do you enjoy most about your role?

I get to help a lot of people. The Conflict Defender's Office, and the attorneys of the Assigned Counsel Program, represent thousands of clients in criminal, Family Court and appellate matters each year. We represent the most vulnerable populations in our society during the worst times in their lives. I am filled with pride every time one of our attorneys helps a client get their children returned to them, gets evidence suppressed or overturns a conviction on appeal.

What do you see as the biggest changes in the legal industry in the next 3-5 years?

It is an interesting and exciting time to be a criminal defense attorney! Recent legislation amending New York’s system of bail, criminal discovery procedures and the age of criminal responsibility have fundamentally altered defense representation. An additional piece of legislation, requiring New York State to fulfill its constitutional obligation to provide quality representation to indigent defendants, will have an even more profound effect. Numerous initiatives will be implemented over the next few years to ensure that our most vulnerable populations are receiving quality representation.
LEADERS IN LAW

MARK FUNK
Conflict Defender
Monroe County Conflict Defender’s Office

Over the last 18 months as the world has been upended, many businesses have depended on a handful of people to ensure things run as smoothly as possible.

For the local legal community, Monroe County Conflict Defender Mark Funk is one of those people, ‘a beacon for the legal community’ as Jeenie Colombo of Colombo Law Firm says in her nomination letter.

“Mark made sure that the legal community received every executive order, judicial order and information to keep our practices functional,” Colombo says. “He took the time to send out all necessary information, and did it consistently.”

She notes that he kept lawyers abreast of what was allowed in the Hall of Justice and Federal Building for clients’ sake, “an incredible amount of work.”

“He took that extra step each time, often letting the lawyers know what was going on before any other group,” she remembers. “He would even send case law and statutory changes, just to make us better attorneys.”

Funk notes that the county defense bar has a group mentality, sharing information and mentoring each other.

“(It’s) one of the best parts of my current position,” he notes. “That desire to be a mentor led to his involvement in the region’s mock trial program.

“I have been involved with this program as a coach and a judge for the past 25 years,” he says, noting that some of the students have gone on to be practicing attorneys.

“Teaching kids about our court system and trial practice is both rewarding and enjoyable.”

Subject: Amend Resolution 527 of 2021 to Amend and Increase the Contracts to Provide Nursing and Health Care Provider Services for the Monroe County Department of Public Health

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 527 of 2021 to authorize contracts with Reliant Staffing Systems, Inc., d/b/a Career Start and The Caswood Group, Inc., to increase the total aggregate amount to provide nursing and public health care provider services for the Monroe County Department of Public Health for the period of January 1, 2022 through December 31, 2022 from a total aggregate amount not to exceed $354,110 to a total aggregate amount not to exceed $1,697,529, with the option to renew for four (4) additional one-year terms, with each additional term in a total annual aggregate amount not to exceed $354,110.

These vendors will provide licensed nurses and other health care providers to work in the Monroe County Department of Public Health Nursing Services and Starlight Pediatrics Clinic, to support the County’s Tuberculosis (TB) Control, Immunization, and STD Clinic Programs, and to support the County’s COVID-19 response. The nursing services to be provided shall include, but not be limited to, registered nurses who will provide clinical oversight and management of registered nurses, licensed practical nurses, and support staff in the Monroe County Department of Public Health COVID-19 response units. The increase in the total aggregate amount for 2022 is due to the need for additional necessary services to support the County’s response to COVID-19.

The specific legislative action required is to amend Resolution 527 of 2021 to authorize the County Executive to execute contracts with Reliant Staffing Systems, Inc., d/b/a Career Start, 53 Russell Street, Rochester, New York 14607 and The Caswood Group, Inc., 811 Ayrault Road, Suite 2, Fairport, New York 14450, to provide nursing and public health care provider services for the Monroe County Department of Public Health from a total aggregate amount not to exceed $354,110 to a total aggregate amount not to exceed $1,697,529 for the period of January 1, 2022 through December 31, 2022, with the option to renew for four (4) additional one-year terms, with each additional term in a total annual aggregate amount not to exceed $354,110 per year.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts is included in the 2022 operating budget of the Department of Public Health, general fund 9001 and 9300, funds centers 5801090000, Public Health Preparedness, 5801090100, Pandemic Response, 5802020000, Tuberculosis Control Programs, 5802030100, STD Clinic, 5802050100, Immunization Programs, and 5802070000, Pediatric Clinic. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Reliant Staffing Systems, Inc., d/b/a Career Start nor The Caswood Group, Inc., nor any of their principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firms are:

Reliant Staffing Systems, Inc., d/b/a Career Start, Owner: Lindsay McCutchen
The Caswood Group, Inc., President and CEO: Isabel Casamayor

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Enact a Local Law Amending the Monroe County Charter to Establish an Independent Redistricting Commission

Honorable Legislators:

I recommend that Your Honorable Body enact a local law amending the County Charter to establish an Independent Redistricting Commission.

Late last year, Your Honorable Body passed a local law redrawing legislative district boundaries. Last year’s redistricting process was deeply flawed. It lacked transparency, failed to allow for meaningful public input, and did not provide adequate information about the proposed districts to Legislators or the public.

We must start over with an improved process. Creating an Independent Redistricting Commission will ensure that voters have confidence that the redistricting process is fair and impartial. This local law will amend the Charter to create an independent body comprised of community representatives and the Commissioners of the Board of Elections. Elected officials, political party officials, lobbyists, and the relatives of those individuals will not be eligible to serve on the Commission.

The Independent Commission will draw compact, contiguous districts that will seek to avoid dividing Towns, Villages, and neighborhoods within the City of Rochester to the greatest extent possible. The Commission’s process will be transparent, with meetings open to the public. In addition to its regular meetings, the Commission will hold at least three public hearings prior to the completion of its work, at least one of which must occur after the Commission unveils its proposed plan.
The specific legislative actions required are:

1. Schedule and hold a public hearing on the proposed Local Law.

2. Enact a Local Law to amend the Monroe County Charter to Establish an Independent Redistricting Commission.

This proposed Local Law will require no additional net County support in the current Monroe County budget.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

(d) Individuals who are the parent, child, sibling, or spouse of any current member of the Monroe County Legislature or of any political party officer, above the office of committee person.

(3) (4) The Commission shall study the population data and within three months after appointment make recommendations, if necessary, in the form of a proposed local law as to changes in the boundaries of legislative districts. The districts set forth in the proposed local law shall be as nearly equal in population as practicable and shall seek to avoid dividing towns, villages, and neighborhoods within the City of Rochester to the greatest extent possible.

(4) (5) In its deliberations to redesign the legislative districts, the Commission shall comply with the equal protection clauses of the Fourteenth Amendment of the United States Constitution and, Article 1, §§ 1 and 11, of the New York State Constitution, and § 34(4) of the New York State Municipal Home Rule Law. A Commission shall conduct at least one hearing prior to beginning its work on the reapportionment plan. At least one hearing shall be conducted following a Commission's completion of a proposed plan, but prior to a Commission's adoption of such plan. At least seven (7) days prior to the hearing concerning the proposed plan, a Commission shall make such plan available to the public and the media. A Commission shall provide at least seven (7) days prior notice to the public and media of the time and place of all hearings.

(11) Each Commission shall expire thirty (30) days after a local law is adopted pursuant to § C2-12C. Upon the expiration of each Commission, all records of a Commission and its proceedings shall be deposited with the Clerk of the Legislature.

(12) All vacancies in a Commission shall be filed in the same manner as their original appointments.

(13) Within sixty (60) days three months after the submission of the report of the Commission, which shall be submitted to the County Legislature in the form of a proposed local law, the Legislature shall conduct a public hearing on the proposed changes, if any, and shall then enact a local law setting forth revised district boundaries, subject to such permissive referendum as may be required pursuant to applicable state law. The local law adopted by the County Legislature shall be subject to the requirements of § C2-12C(4), § C2-12C(5), and other applicable law.

If such local law is defeated by referendum, or is finally declared invalid by a court of competent jurisdiction, the Legislative District Revision Commission shall be reactivated to study and prepare a new proposed local law for submission to the County Legislature at least 150 days prior to the next general election, subject to the same procedures and requirements as provided above.

Section 2. If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 3. This local law shall take effect in accordance with the applicable provisions of the Municipal Home Rule Law and the Monroe County Charter.

AMENDING MONROE COUNTY CODE CHAPTER 357, ARTICLE XII, TO EXTEND RESIDENTIAL-COMMERCIAL URBAN EXEMPTION (RESCUE) PROGRAM

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Chapter 357, Article XII of the Monroe County Code is hereby amended to read as follows:

ARTICLE XII, Residential-Commercial Urban Exemption Program

Pursuant to §485-a of the Real Property Tax Law, and as provided under this section, this Body hereby authorizes an exemption from real property taxation and special ad valorem levies attributable to the increase in assessed value associated with the conversion to mixed residential-commercial use for properties eligible for said exemption.

§357-47. Eligibility.

An eligible real property must be located within the City of Rochester Center City Zoning District. The cost of the conversion to mixed-use residential-commercial shall have a minimum cost of two hundred fifty thousand dollars ($250,000) and provided further that as a result of the conversion at least twenty-five percent (25%) of the total developed floor space is used for residential purposes. Moreover, for properties that qualify for participation in the exemption program on the basis of a conversion project that is commenced by means of a building permit issued on or after January 1, 2022:

A. no less than twenty percent (20%) of the premises’ residential units shall be affordable to households earning no more than sixty percent (60%) of the median income for households of the same size in the Rochester Metropolitan Statistical Area (“Area Median Income” or “AMI”); and

B. prior to hiring and retaining the contractors, consultants, workers and commodity vendors for said conversion project, the developer shall commit to comply with the minority and women business enterprise (“MWBE”) and workforce development goals mandated for public works in Rochester City Ordinance No. 2018-54, or a modified or replace by any subsequent ordinances; the developer shall submit to the City of Rochester MWBE Officer (“MWBE Officer”) and obtain said MWBE Officer’s approval for a detailed plan describes how the developer will seek to achieve the City of Rochester's MWBE and workforce participation goals (“MWBE Plan”), which shall include reporting and documentation requirements; and a property’s eligibility for the exemption program may be denied or revoked if the MWBE Officer determines that the conversion project has not been conducted in accordance with an approved MWBE Plan.

This local law shall be in effect for the years of 2004 through 2024 assessment rolls. Any property that is granted an exemption on one of those rolls shall remain eligible for the additional years of exemption on that property, provided the property continues to meet the requirements of §485-a.
§357-48. Duration and computation of exemption.

The exemption is calculated as a percentage of the exemption base, which is the increase in assessed value attributable to the conversion. The base shall be determined for each year in which there is such an increase attributed to an eligible conversion. The exemption is to be calculated by the following method:

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Title. This Local Law shall be a new Article under Chapter 357 of the Monroe County Code entitled “Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers.”

Section 2. Purpose and Findings. It is the purpose of this Local Law to implement the authority granted to local taxing jurisdictions by Real Property Tax Law Section 466-k — Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers. The Monroe County Legislature finds and hereby determines that New York Real Property Tax Law Section 466-k makes available a tax exemption for volunteer fire and ambulance service workers at the option of the local municipality. The Monroe County Legislature further finds and determines that Monroe County should exercise said option and implement said tax exemption because it would enhance the ability to recruit and retain the volunteers that are the lifeblood of the volunteer fire and ambulance organizations currently serving the residents of a number of municipalities within Monroe County. Recruiting and retaining sufficient volunteers to serve these important functions is essential to maintaining the high quality of emergency service in our community and saving its taxpayers the significant expense of paid staff.

Section 3. Grant of Property Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers. Chapter 357 of the Monroe County Code, “Taxation” shall be amended to add “Article XV - Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers” as follows:

Article XV. Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers.

§ 357-55. Legislative Intent. The Real Property Tax Law has been amended by the addition of a new § 466-k, which permits Monroe County to grant a partial tax exemption on real property owned by an enrolled member of an incorporated volunteer fire company, fire department, or incorporated voluntary ambulance service or such enrolled member and spouse. Said partial exemption is 10% of the assessed value of such property for all County, part County, and special district purposes.

§ 357-56. Grant of exemption. An exemption of 10% of assessed value of property owned by an enrolled member or such enrolled member and spouse is hereby granted from taxation with respect to all County, part County, and special district purposes, subject to the requirements set forth in this Article.

§ 357-57. Eligibility. Such exemption shall be granted to an enrolled member of an incorporated volunteer fire company, fire department, or incorporated voluntary ambulance service provided that:

A. The applicant resides in a city, town, or village within Monroe County which is served by such incorporated volunteer fire company or fire department or incorporated voluntary ambulance service;

B. The property is the primary residence of the applicant;

C. The property is used exclusively for residential purposes; provided, however, that in the event any portion of such property is not used exclusively for the applicant’s residence but is used for other purposes, such portion shall be subject to taxation and the remaining portion only shall be entitled to the exemption provided by this section;
D. The applicant has been certified in accordance with § 357-61 as enrolled member of an: (1) incorporated volunteer fire company or fire department for at least 2 years, or (2) incorporated voluntary ambulance service for at least 2 years; and

E. The applicant complies with the requirements of § 357-59.

§ 357-58. Grant of lifetime exemption. Any enrolled member of an incorporated volunteer fire company, fire department or incorporated voluntary ambulance service who accrues more than 20 years of active service and is so certified by the authority having jurisdiction for the incorporated volunteer fire company, fire department or incorporated voluntary ambulance service shall be granted the 10% exemption as authorized by this article for the remainder of his or her life as long as his or her primary residence is located within Monroe County.

§ 357-59. Application. Application for such exemption shall be filed with the assessor for the municipality in which the property is located on or before the taxable status date on a form as prescribed by the Commissioner of Tax and Finance.

§ 357-60. No diminution of benefits. No applicant who is a volunteer firefighter or volunteer ambulance worker who by reason of such status is receiving any benefit under the provisions of Article 4 of the Real Property Tax Law on the effective date of this article shall suffer any diminution of such benefit because of the provisions of this article.

§ 357-61. Certification. Each incorporated volunteer fire company, incorporated volunteer fire department and incorporated voluntary ambulance service shall file a notice annually with the assessor for the municipality in which the property is located, prior to the applicable taxable status date, certifying its enrolled members with 2 or more years of service. Such notice shall list as of the applicable taxable status date the number of years of service served by each such enrolled member and such enrolled member’s address of residence.

Section 4. Severability. If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. Effective Date. This local law shall take effect upon filing with the Secretary of State pursuant to Section 27 of the New York Municipal Home Rule Law and the Monroe County Charter.

Mr. David Grant
Clerk of the Legislature
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Dear Mr. Grant:

This is in response to your letter of December 20, 2021, in which you presented a Local Law entitled “Amending Monroe County Charter and Administrative Code Relating to Legislative Redistricting and Term of Office of Members of County Legislature” (Intro. No. 556 of 2021), which was certified by you to have been adopted by the Monroe County Legislature at a meeting held on December 17, 2021. Pursuant to Municipal Home Rule Law § 21 and § C2-7(A)(3)(c) of the Monroe County Charter, with this letter I am providing notice to the Legislature that I have disapproved this Local Law and am returning it to you with my objections.

The redistricting process leading to the adoption of this Local Law was flawed from start to finish. Redistricting was rushed in an apparent effort to meet an artificial, politically motivated end-of-year deadline. Because of this rush, the process was haphazard and riddled with errors. The manner in which redistricting was conducted lacked transparency, failed to allow for meaningful public input, and did not provide adequate information about the proposed districts, or amendments to the proposed districts, to Legislators or the public. For all these reasons, which are further detailed below, the Local Law resulting from this failed process must be rejected, and a new redistricting effort worthy of the public’s trust must begin.

The Legislative District Revision Commission Lacked Transparency and Did Not Allow for Meaningful Public Input.

The problematic redistricting process began with the work of the Legislative District Revision Commission. Although the Redistricting Commission held three public hearings, these meetings were poorly publicized and provided little opportunity for meaningful public comment. Members of the public were only permitted two minutes each to speak, constraining their opportunity to provide detailed input to the Commission. Further, the public had no way of knowing what proposals the Commission was considering, because no proposed maps were discussed or released prior to any of the Commission’s public meetings.
Office of the County Executive

Adam J. Bello
County Executive

The Commission never discussed the public’s input in subsequent meetings. During these meetings, there was no public deliberation by the Commission. Its meetings were called on short notice, with one meeting called with so little notice that a quorum was not present. Instead of engaging in a transparent process, the Redistricting Commission conducted its work in secret, minimizing the opportunity for public input or scrutiny of its work. In fact, at least two of the five members of the Commission had no input into the process by which the maps were drawn. A Republican member of the Commission acknowledged that the maps would be drawn by Republican operatives, not the Commission itself.

The Redistricting Commission’s work culminated in a meeting held on the Monday morning following the Thanksgiving holiday weekend, with members of the Commission only receiving notice of the meeting on the Sunday of that holiday weekend. The proposed maps were only circulated to the Commission the morning the meeting was held, providing a woefully inadequate amount of time to review them before voting. Nevertheless, the Redistricting Commission voted to approve the maps on a party-line vote, sending its redistricting proposal to the Legislature.

The Legislature Amended the Proposed District Boundaries Without Any Public Input and Without Adequate Time for Consideration.

The Legislature held a Special Meeting on December 9 to consider the Commission’s redistricting proposal. At a public hearing prior to that meeting, constituents raised a number of concerns, including the rushed and secretive nature of the Redistricting Commission’s work, the unnecessary division of neighborhoods, villages, and towns in certain districts, and other districts which are not compact and span multiple communities with a range of different interests. Further, community members correctly noted that the lack of available information made it difficult to understand the new district lines, with the Legislature only making available PDF maps that were difficult to read and did not clearly show street-level detail, making it challenging for the public to even understand what proposed district they reside in.

The Legislature did not address the many concerns expressed by community members at this meeting. Instead, Legislators introduced an amendment drawn up before the meeting that significantly changed the boundaries of a number of proposed districts. The amended maps and text of the amended local law were briefly flashed across the screen of the Legislature’s remote Zoom meeting, but were not sent to Legislators. There was no opportunity for Legislators or the public to substantively review the amended maps. Nevertheless, the Legislature voted on these maps they had just briefly seen, adopting the amendment. The Legislature then adjourned, recognizing at the time that they were required to wait seven days, exclusive of Sunday, after the redistricting Local Law was in its final form before adopting it.
The Legislature Hurried to Adopt the Revised Local Law Without Complying with the Municipal Home Rule Law.

On December 17, the Legislature convened another Special Meeting to consider the amended districts. However, the amended text of the Local Law was only sent to Legislators on the afternoon of December 16, the day before the meeting. Because of this delay, the Legislature’s adoption of the amended Local Law violated Municipal Home Rule Law § 20(4), which requires that any local law be “in its final form . . . and upon the desks or tables of the members [of the Legislature] at least seven calendar days, exclusive of Sunday, prior to its final passage.”

Although some Legislators raised this legal flaw, the Legislature’s Republican-led supermajority ignored them and voted to adopt the Local Law. Not only did they ignore procedural concerns, they also voted to cut off debate, stifling discussion of the substance of the redistricting proposal. This left many questions and concerns regarding the district lines unanswered.

*  *  *  *  *  *

At the public hearing I held to receive community feedback regarding this redistricting proposal, I heard the disappointment and frustration caused by this flawed process. Every single speaker at the hearing urged me to veto this redistricting Local Law. I agree wholeheartedly that this Local Law cannot stand and local redistricting must proceed in a manner that instills faith that government is working for the people it represents.

In 2020, well before this redistricting process began, I introduced a local law that would have created an independent redistricting commission. Unfortunately, the Legislature failed to bring this proposal to a vote. An independent commission would ensure that redistricting proceeds in a non-partisan manner and considers the interests of the broader community rather than petty partisan politics. I will be reintroducing a proposal to immediately constitute an independent redistricting commission.

The redistricting process leading to the adoption of this Local Law was deeply flawed from start to finish. Our County government must do better. For these reasons, I have disapproved the Local Law entitled “Amending Monroe County Charter and Administrative Code Relating to Legislative Redistricting and Term of Office of Members of County Legislature” (Intro. No. 556 of 2021).

Adam J. Bello

To The Honorable President
of the Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amending Monroe County Code Chapter 357, Article XII, to Extend Residential-Commercial Urban Exemption (RESCUE) Program

Honorable Legislators:

We recommend that this Honorable Body enact a Local Law to extend the Residential-Commercial Urban Exemption (RESCUE) Program for an additional three-year period from 2021 through 2024. The President of the Legislature is in receipt of a letter from the County Executive certifying as to the necessity of the immediate passage of this proposed Local Law.

In December 2021, the City of Rochester extended its RESCUE Program for another three-year period and amended the program to require: (1) no less than twenty percent (20%) of the premises’ residential units shall be affordable to households earning no more than sixty percent (60%) of the median income for households of the same size in the Rochester Metropolitan Statistical Area, and (2) developers shall comply with City of Rochester’s minority and women business enterprise and workforce development goals and procedures. The amendments set forth in the City of Rochester’s Local Law No. 14 of 2021 are mirrored in the proposed Local Law before this Honorable Body.

The RESCUE Program was adopted by the Monroe County Legislature on January 13, 2004 by Local Law No. 1 of 2004 and extended by the Monroe County Legislature by Local Law No. 1 of 2016 and Local Law No. 4 of 2019. The County’s participation in the RESCUE Program, a significant economic development and redevelopment tool, is set to expire unless extended by this Honorable Body. However, the County could not enact this Local Law until the City Council had extended its RESCUE Program. The City’s taxable status date is February 1, 2022, therefore, it is necessary to adopt this Local Law by January 31, 2022.

The specific legislative action required is to approve the attached proposed Local Law to extend the Residential-Commercial Urban Exemption (RESCUE) Program for an additional three-year period from 2021 through 2024 and incorporate the amendments set forth in the City of Rochester’s Local Law No. 14 of 2021.
This Local Law will have no impact on the revenues or expenditures of the current Monroe County budget.

We recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,

Yversha Roman

To the Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Enact a Local Law Entitled, “Tax Exemption for Members of Volunteer Fire Companies or Voluntary Ambulance Services”

Honorable Legislators:

Each and every day, first responders such as volunteer firefighters and EMS technicians sacrifice their time and safety to protect our community. New York State is home to thousands of volunteer fire departments and ambulance services. These services cover large swaths of our community here in Monroe County and are imperative in our public safety operations.

According to the Fireman’s Association of New York State, it is estimated that volunteer fire departments in New York State, instead of an all-career force, save taxpayers over $5 billion annually. Combined with tax-savings from volunteer ambulatory services, these volunteer first-responders save New York residents billions each and every year. Unfortunately, over the past several years, there has been a trend across New York State that will have devastating effects for taxpayers, safety and services if not corrected here in Monroe County.

There has been a steady and continuing decline in both the number of people volunteering for such services and a decline in the retention of such volunteers. These individuals are the backbone of volunteer services and without their willingness to participate or remain a volunteer member, they will soon vanish. If these services continue to dissolve, accessibility and service will decline, while taxpayers are forced to pay yet another tax-hike for subsequently needed career-based services. This decline and uncertainty of sustainability has only been exacerbated by the effects of the COVID-19 pandemic; without mentioning this put many of these same volunteers on the frontlines of a global pandemic.

It is imperative that New York State and local governments throughout seeks ways to improve the recruitment and retention of such volunteers to ensure the continuity of these services long into the future. Fortunately, there are tools for conducting such an effort already at our disposal. Monroe County, and its municipalities, should provide fiscal relief to these volunteer members in any way they can. Pursuant to New York State Property Tax Law § 466-k, immediate tax exemptions can be provided to members of volunteer fire companies and/or voluntary ambulance services. This fiscal relief and incentive will advance both recruiting and retention efforts across our counties volunteer fire companies and ambulance services.
The specific legislative actions required are:

1. Schedule and hold a public hearing.

2. Adopt the local law as attached.

The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b) and is not subject to review under the State Environmental Quality Review Act.

This action would have no net impact on the current Monroe County budget.

§ 357-58. Grant of lifetime exemption. Any enrolled member of an incorporated volunteer fire company, fire department or incorporated voluntary ambulance service who accrues more than 20 years of active service and is so certified by the authority having jurisdiction for the incorporated volunteer fire company, fire department or incorporated voluntary ambulance service shall be granted the 10% exemption as authorized by this article for the remainder of his or her life as long as his or her primary residence is located within Monroe County.

Monroe County Legislature - January 11, 2022
To The Honorable
Monroe County Legislature

Subject: Amend Resolution 93 of 2021 Acceptance of a Grant from the United States Department of the Treasury for Emergency Rent Assistance for the Monroe County Eviction Prevention Pilot Initiative 2.0 Program to Accept Additional Funding and Extend the Time Period

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 93 of 2021 to accept additional funding from the United States Department of the Treasury ("Treasury") in the amount of $455,503.19 for the Emergency Rental Assistance program and extend the time period through September 30, 2022.

Under the Emergency Rental Assistance program ("ERA1"), the Treasury awarded Monroe County $15,900,965.70 from which the County’s Eviction Prevention Pilot Initiative 2.0 was established. The Treasury has been monitoring actual spending of ERA1 funding and offered municipalities the opportunity to apply for additional funding from reallocated under-spending of other governments. Monroe County applied for reallocated funding and has been granted an additional $455,503.19 bringing the total ERA1 award to $16,356,468.89. Under the terms of the application for reallocated funds, the Treasury has also extended the date by which ERA1 funds must be fully obligated to September 30, 2022.

Monroe County’s Eviction Prevention Pilot Initiative 2.0 is also funded by the City’s ERA1 allocation of $6,101,213.50, which was subsequently transferred to the County, and by a second iteration of the Treasury’s Emergency Rental Assistance program ("ERA2"). Under ERA2, Monroe County received $22,050,597.30 (combined City and County allocations), which must be fully obligated by the later date of September 30, 2025. With the reallocated funding just awarded, the combined ERA1 and ERA2 funding for the Eviction Prevention Pilot Initiative 2.0 is now a total of $44,508,279.69.

The specific legislative actions required are to:

1. Amend Resolution 93 of 2021 to accept additional funding from the United States Department of the Treasury in the amount of $455,503.19 for a total award of $16,356,468.89 and extend the time period through September 30, 2022.

2. Amend the 2022 operating budget of the Department of Finance by appropriating the sum of $455,503.19 into general fund 9001, funds center 1209070200, Emergency Rental Assistance.

Monroe County Legislature - January 11, 2022
3. Authorize the County Executive to reappropriate for 2022 any unencumbered balances and unexpended commitments of the grant award remaining as of December 31, 2021 in accordance with the grant terms, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

This action is a Type II Action pursuant to §6 NYCRR 617.5 (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by United States Department of the Treasury. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Rochester, New York 14614

Subject: Authorization to Enter into a Settlement Agreement in the New York Coordinated Opioid Litigation (Supreme Court, Suffolk County Index No. 400000/2017)

Honorable Legislators:

I recommend that Your Honorable Body authorize a settlement agreement to recover funds from an opioid manufacturer in connection with the New York Coordinated Opioid Litigation, In re Opioid Litigation (Supreme Court, Suffolk County Index No. 400000/2017). Through this settlement, Monroe County will receive additional funds to address the opioid crisis in our community.

Last September, Your Honorable Body approved Resolution 283 of 2021, approving settlements with two sets of defendants in the New York Coordinated Opioid Litigation. Now, the New York Attorney General and the outside counsel representing municipalities throughout the State have entered into a settlement agreement with Allergan, an opioid manufacturer, that will pay a maximum of $200 million to New York State and New York municipalities over a ten-year period as compensation for the role Allergan played in exacerbating the opioid crisis by promoting opioid consumption and failing to prevent the diversion of prescription opioids.

Under the terms of the settlement, Monroe County will receive a one-time payment of up to $1,877,179. As with the prior opioid settlements, the total amount the defendants are obligated to pay to New York State and New York municipalities is dependent on the level of participation by municipalities in the settlement agreement. Monroe County, and other municipalities across the State, will receive the maximum settlement value if Monroe County and other counties across the State all adopt the proposed settlement.

The settlement agreement provides that half of the funds recovered by the County would be restricted to combating the opioid epidemic, and half would be unrestricted. I am committed, however, to ensuring that the funds recovered pursuant to these settlements are utilized to combat the opioid epidemic, not diverted to other governmental purposes. All funds received pursuant to this settlement agreements, regardless of whether the funds are restricted or unrestricted pursuant to the terms of the settlement, will be placed in a trust fund dedicated to responding to the opioid epidemic and the ongoing harm it is causing our community.

Monroe County’s outside counsel for the opioid litigation, Simmons Hanly Conroy, is strongly recommending that all of its clients join in this settlement. Likewise, the New York Attorney General has authorized this settlement on behalf of the State of New York. The settlement agreement is structured such that all Counties must promptly approve the agreement in order to receive the maximum amount. Monroe County’s claims against other defendants in the New York Coordinated Opioid Litigation, including additional manufacturers and large pharmacy chains, remain pending, and it is possible that Monroe County will recover additional amounts from these defendants in the future.
The specific legislative actions required are:

1. Authorize the settlement and release of the County’s claims in *In re Opioid Litigation* (Supreme Court, Suffolk County Index No. 400000/2017) against Allergan Finance LLC, Allergan Limited, and other affiliated Released Entities as defined in the Allergan New York State Opioid Settlement Agreement.

2. Authorize the County Executive, or his designee, to execute and deliver any and all documents necessary to effectuate such settlement.

The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

These contracts are revenue generating and no net County support is required in the current Monroe County budget.

I recommend that this matter receive favorable action by Your Honorable Body. I request that this referral be considered in Executive Session, pursuant to Public Officer’s Law § 105(1)(d).

Sincerely,

[Signature]
