Intro No. 10

LOCAL LAW NO. ___ OF 2022

ENACTING A LOCAL LAW ENTITLED “AMENDING CHAPTER 357 OF THE MONROE COUNTY CODE TO PROVIDE A TAX EXEMPTION FOR MEMBERS OF VOLUNTEER FIRE COMPANIES OR VOLUNTARY AMBULANCE SERVICES”

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Title. This Local Law shall be a new Article under Chapter 357 of the Monroe County Code entitled “Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers.”

Section 2. Purpose and Findings. It is the purpose of this Local Law to implement the authority granted to local taxing jurisdictions by Real Property Tax Law Section 466-k — Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers. The Monroe County Legislature finds and hereby determines that New York Real Property Tax Law Section 466-k makes available a tax exemption for volunteer fire and ambulance service workers at the option of the local municipality. The Monroe County Legislature further finds and determines that Monroe County should exercise said option and implement said tax exemption because it would enhance the ability to recruit and retain the volunteers that are the lifeblood of the volunteer fire and ambulance organizations currently serving the residents of a number of municipalities within Monroe County. Recruiting and retaining sufficient volunteers to serve these important functions is essential to maintaining the high quality of emergency service in our community and saving its taxpayers the significant expense of paid staff.

Section 3. Grant of Property Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers. Chapter 357 of the Monroe County Code, “Taxation” shall be amended to add “Article XV - Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers” as follows:

Article XV. Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers.

§ 357-55. Legislative Intent. The Real Property Tax Law has been amended by the addition of a new § 466-k, which permits Monroe County to grant a partial tax exemption on real property owned by an enrolled member of an incorporated volunteer fire company, fire department, or incorporated voluntary ambulance service or such enrolled member and spouse. Said partial exemption is 10% of the assessed value of such property for all County, part County, and special district purposes.

§ 357-56. Grant of exemption. An exemption of 10% of assessed value of property owned by an enrolled member or such enrolled member and spouse is hereby granted from taxation with respect to all County, part County, and special district purposes, subject to the requirements set forth in this Article.

§ 357-57. Eligibility. Such exemption shall be granted to an enrolled member of an incorporated volunteer fire company, fire department, or incorporated voluntary ambulance service provided that:

A. The applicant resides in a city, town, or village within Monroe County which is served by such incorporated volunteer fire company or fire department or incorporated voluntary ambulance service;

B. The property is the primary residence of the applicant;

C. The property is used exclusively for residential purposes; provided, however, that in the event any portion of such property is not used exclusively for the applicant’s residence but is used for other purposes,
such portion shall be subject to taxation and the remaining portion only shall be entitled to the exemption provided by this section;

D. The applicant has been certified in accordance with § 357-61 as enrolled member of an: (1) incorporated volunteer fire company or fire department for at least 2 years, or (2) incorporated voluntary ambulance service for at least 2 years; and

E. The applicant complies with the requirements of § 357-59.

§ 357-58. Grant of lifetime exemption. Any enrolled member of an incorporated volunteer fire company, fire department or incorporated voluntary ambulance service who accrues more than 20 years of active service and is so certified by the authority having jurisdiction for the incorporated volunteer fire company, fire department or incorporated voluntary ambulance service shall be granted the 10% exemption as authorized by this article for the remainder of his or her life as long as his or her primary residence is located within Monroe County.

§ 357-59. Application. Application for such exemption shall be filed with the assessor for the municipality in which the property is located on or before the taxable status date on a form as prescribed by the Commissioner of Tax and Finance.

§ 357-60. No diminution of benefits. No applicant who is a volunteer firefighter or volunteer ambulance worker who by reason of such status is receiving any benefit under the provisions of Article 4 of the Real Property Tax Law on the effective date of this article shall suffer any diminution of such benefit because of the provisions of this article.

§ 357-61. Certification. Each incorporated volunteer fire company, incorporated volunteer fire department and incorporated voluntary ambulance service shall file a notice annually with the assessor for the municipality in which the property is located, prior to the applicable taxable status date, certifying its enrolled members with 2 or more years of service. Such notice shall list as of the applicable taxable status date the number of years of service served by each such enrolled member and such enrolled member's address of residence.

Section 4. Severability. If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. Effective Date. This local law shall take effect upon filing with the Secretary of State pursuant to Section 27 of the New York Municipal Home Rule Law and the Monroe County Charter.

BE IT RESOLVED BY THE AFFIRMATIVE VOTE OF NOT LESS THAN TWO-THIRDS OF THE TOTAL VOTING STRENGTH OF THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. For the object or purpose of financing the cost of various improvements to Salt Road, including drainage, catch basins, edge treatments, guide rails, gutters and paved shoulders and to replace the road base where necessary, in and for the County of Monroe, New York (the “County”), there are hereby authorized to be issued $4,735,000 bonds of the County, pursuant to the provisions of the Local Finance Law. The duly adopted current Capital Budget of the County, to the extent inconsistent herewith, is hereby amended to provide for the appropriation of an additional $1,310,000 to pay the cost of the aforesaid specific object or purpose ($3,425,000 having been heretofore appropriated from one or more Capital Budgets). The period of probable usefulness of the aforesaid specific object or purposes is fifteen (15) years, pursuant to subdivision 20 of paragraph a of Section 11.00 of the Local Finance Law.

Section 2. The maximum estimated cost thereof is $4,735,000, and the plan for the financing thereof is by the issuance of $4,735,000 bonds of said County herein authorized, provided, however, that to the extent any state and/or federal aid and/or grant and/or gift is received for the aforesaid purpose, such aid shall be used to redeem any outstanding indebtedness incurred for such purpose or shall be applied, dollar for dollar, to reduce the amount of bonds to be issued for such purpose.

Section 3. The faith and credit of the County are hereby irrevocably pledged for the payment of the principal of and interest on such obligations as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such obligations becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such obligations as the same become due and payable.

Section 4. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Director of Finance - Chief Financial Officer, the chief fiscal officer of the County under the Local Finance Law. The Director of Finance - Chief Financial Officer may sell such bonds or notes at public or private sale, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or at capital appreciation bonds, and with such amortization of principal as the Director of Finance - Chief Financial Officer shall determine is most favorable to the County, and in compliance with any rules of the State Comptroller applicable thereto. Such bonds or notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Director of Finance - Chief Financial Officer, consistent with the provisions of the Local Finance Law.
Finance Law. The Director of Finance - Chief Financial Officer may, in the event it is determined to issue variable rate bonds or notes, enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds or notes, as authorized under Section 54.90 of the Local Finance Law. The Director of Finance - Chief Financial Officer is also authorized to enter into such agreements and take such other action as may be necessary or appropriate and lawful to assure that, to the extent possible, (i) interest on the bonds and notes authorized hereby will not be includable in the gross income, for federal income tax purposes, of the recipients thereof, and (ii) to enable the purchaser thereof to comply with Securities and Exchange Commission Rule 15c2-12. The Director of Finance - Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for such bonds or notes, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

Section 5. All other matters, except as provided herein, relating to such bonds or notes, including prescribing whether manual or facsimile signatures shall appear on said bonds or notes, prescribing the method for the recording of ownership of said bonds or notes, appointing the fiscal agent or agents for said bonds or notes, providing for the printing and delivery of said bonds or notes (and if said bonds or notes are to be executed in the name of the County by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the County), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Director of Finance - Chief Financial Officer. The Director of Finance - Chief Financial Officer may elect to become the fiscal agent for the bonds or notes, or may contract on behalf of the County for this service pursuant to the Local Finance Law. Such bonds or notes shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 52.00 of the Local Finance Law, as the Director of Finance - Chief Financial Officer shall determine.

Section 6. The validity of such bonds and bond anticipation notes, as authorized by this resolution, may be contested only if:

1) such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or

2) the provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and

an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or

3) such obligations are authorized in violation of the provisions of the Constitution.

Section 7. This resolution shall supersede Resolution No. 372 of 2020, being a bond resolution dated December 15, 2020, except to the extent that any indebtedness shall have been contracted or encumbrances made thereunder. The purpose of this superseding bond resolution is to effect the following: to increase the maximum estimated cost of the purpose to $4,735,000, and to provide $4,735,000 bonds therefor, an increase of $1,310,000 over the $3,425,000 bonds authorized under Resolution No. 372 of 2020.

Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the objects or purposes described herein.

BE IT RESOLVED BY THE AFFIRMATIVE VOTE OF NOT LESS THAN TWO-THIRDS OF THE TOTAL VOTING STRENGTH OF THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. For the object or purpose of financing the cost of various improvements to County highways in the Town of Greece, in and for the County of Monroe, New York (the “County”), there are hereby authorized to be issued $6,386,000 bonds of the County, pursuant to the provisions of the Local Finance Law. The duly adopted current Capital Budget of the County, to the extent inconsistent herewith, is hereby amended to provide for the appropriation of an additional $515,000 to pay the cost of the aforesaid class of objects or purposes ($5,871,000 having been heretofore appropriated from one or more Capital Budgets). The period of probable usefulness of the aforesaid class of objects or purposes is fifteen (15) years, pursuant to subdivision 20 of paragraph a of Section 11.00 of the Local Finance Law.

Section 2. The maximum estimated cost thereof is $6,386,000, and the plan for the financing thereof is by the issuance of $6,386,000 bonds of said County herein authorized, provided, however, that to the extent any state and/or federal aid and/or grant and/or gift is received for the aforesaid purpose, such aid shall be used to redeem any outstanding indebtedness incurred for such purpose or shall be applied, dollar for dollar, to reduce the amount of bonds to be issued for such purpose.

Section 3. The principal and credit of the County are hereby irrevocably pledged for the payment of the principal of and interest on such obligations as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such obligations becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such obligations as the same become due and payable.

Section 4. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Director of Finance - Chief Financial Officer, the chief fiscal officer of the County under the Local Finance Law. The Director of Finance - Chief Financial Officer may sell such bonds or notes at public or private sale, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Director of Finance - Chief Financial Officer shall determine is most favorable to the County, and in compliance with any rules of the State Comptroller applicable thereto. Such bonds or notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Director of Finance - Chief Financial Officer, consistent with the provisions of the Local Finance Law. The Director of Finance - Chief Financial Officer may, in the event it is determined to issue

The Director of Finance - Chief Financial Officer is also authorized to enter into such agreements and take such other action as may be necessary or appropriate and lawful to assure that, to the extent possible, (i) interest on the bonds and notes authorized hereby will not be includable in the gross income, for federal income tax purposes, of the recipients thereof, and (ii) to enable the purchaser thereof to comply with Securities and Exchange Commission Rule 15c2-12. The Director of Finance – Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for such bonds or notes, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

Section 5. All other matters, except as provided herein, relating to such bonds or notes, including prescribing whether manual or facsimile signatures shall appear on said bonds or notes, prescribing the method for the recording of ownership of said bonds or notes, appointing the fiscal agent or agents for said bonds or notes, providing for the printing and delivery of said bonds or notes (and if said bonds or notes are to be executed in the name of the County by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the County), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Director of Finance - Chief Financial Officer. Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the Impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the sale of the property and does not include the physical alteration nor disturbance of the property. Part 1 of the EAF indicates the site contains or is near the following: archaeological resources.

According to the New York State Cultural Resource Inventory System (CRIS) this action is not an action subject to review as no construction or disturbance is involved in this property transfer. Future actions that involve disturbance may be subject to environmental review, including cultural review at that time.

The sale of this property does not include physical disturbance or development of the parcel and will not result in any significant adverse environmental impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Subject: Designation of Official Newspapers

Honorable Legislators:

I recommend that Your Honorable Body designate The Daily Record, the Rochester Business Journal, and the Minority Reporter as the official newspapers for the year 2022 for publication of all local laws, notices, and other matters required by law to be published.

Section 214(2) of the County Law of the State of New York requires designation of at least two (2) newspapers within the County as official newspapers for publication of all local laws, notices, and other matters required by law to be published. Section 214(2) also permits the County to designate additional newspapers for any publication and such designation shall be deemed an official newspaper for that particular publication. Designating The Daily Record, the Rochester Business Journal, and the Minority Reporter will allow the County to maintain a broad circulation while efficiently utilizing financial resources. The Daily Record and the Rochester Business Journal have been designated the official newspapers since 1997. The Minority Reporter was designated in 2020.

The specific legislative actions required are:

1. Designation of The Daily Record and the Rochester Business Journal as the official newspapers for the year 2022 for publication of all local laws, notices, and other matters required by law to be published.

2. Designation of the Minority Reporter for: (1) the publication of public bids and requests for proposals, and (2) the publication of notices required under Chapter 635 of the Monroe County Code regarding in-rem tax foreclosure, and shall be deemed an official newspaper for these particular publications.

3. Said official newspapers shall be required to send copies of all pertinent information required by state law to be published in the official newspapers to the clerks of each respective town, village and city in Monroe County. In addition, each library system and fire district within the County should also be provided with copies of said local laws, notices, and other matters required by state law to be published in official newspapers. Furthermore, such pertinent information should be posted in a conspicuous manner for public review.
The legislative action requested in this referral is not an "Action," as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

To The Honorable
Monroe County Legislature

Subject: Approve a Public Employees Blanket Bond for the Genesee/Finger Lakes Regional Planning Council

Honorable Legislators:

I recommend that Your Honorable Body approve the Public Employees Blanket Bond as the official undertaking of the Genesee/Finger Lakes Regional Planning Council (G/FLRPC).

Monroe County has appropriated the sum of $32,988 as its share of the 2022 operating funds of the G/FLRPC. I am requesting authorization to make the annual contribution in a concurrently submitted referral. Pursuant to Section 119-oo of the General Municipal Law of the State of New York, Monroe County is authorized to provide for the payment of such appropriations to an officer of the agency designated by the agency to receive such monies provided that such officer shall have executed an official undertaking approved by the County Legislature. The G/FLRPC has designated Paul Gavin, Executive Director of the Council, as the officer to receive payments of such monies. G/FLRPC has secured a Public Employees Blanket Bond, issued by National Grange Mutual Insurance Company, providing faithful performance blanket bond coverage for officers and employees of the G/FLRPC in the amount of $500,000. Monroe County must approve such blanket bond as the official undertaking of G/FLRPC.

The specific legislative action required is to approve the Public Employees Blanket Bond for the Genesee/Finger Lakes Regional Planning Council required pursuant to Section 119-oo of the General Municipal Law of the State of New York.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

This Public Employees Blanket Bond will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Authorize the Annual Contribution to the Genesee/Finger Lakes Regional Planning Council

Honorable Legislators:

I recommend that Your Honorable Body authorize Monroe County’s 2022 annual contribution to the Genesee/Finger Lakes Regional Planning Council (“G/FLRPC”) in the amount of $32,988. This annual contribution is Monroe County’s share of the G/FLRPC’s operating budget and is based on a formula in the Operating Agreement, which specifies the contribution of each of the nine member counties according to population.

The member counties of the G/FLRPC agree each year on an operating budget for the G/FLRPC. The budget is funded from the county contributions and supplemented with grants for such activities as water resources planning, demographic analysis, economic development coordination, and other special projects. This is the fifty-first year the County has contributed to G/FLRPC. This year’s contribution is $2,999 more than last year.

The specific legislative action required is to authorize the payment of Monroe County’s 2022 contribution to the Genesee/Finger Lakes Regional Planning Council in the amount of $32,988.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contribution is included in the 2022 operating budget of the Planning and Development Department, general fund 9001, funds center 1402040000, Genesee/Finger Lakes Regional Planning Council. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Acceptance of a Grant from the Genesee Transportation Council for a Land Use Project

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the Genesee Transportation Council in the amount of $15,000 for a Land Use Project for the period of April 1, 2022 through March 31, 2023.

The purpose of this grant is to enable the County to prepare a report on changes in land use in Monroe County and projections of future land use. The information will be used by the Genesee Transportation Council to prepare updated estimates and projections of highway traffic using a computer model. This information will also be of use to the Department of Planning and Development in assessing changes and trends in land use during the year and reviewing County activities relating to land use and economic development. This is thirtieth consecutive year the County has received this grant. This year’s funding represents the same amount as last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $15,000 grant from, and to execute a contract and any amendments thereto with, the Genesee Transportation Council for a Land Use Project for the period of April 1, 2022 through March 31, 2023.

2. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
3. Should funding for this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolition of positions shall be in accordance with New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(24) ("information collection including basic data collection and research, water quality and pollution studies, traffic counts, engineering studies, surveys, subsurface investigations and soils studies that do not commit the agency to undertake, fund or approve any Type I or Unlisted action") and (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this grant is included in the 2022 operating budget of the Department of Planning and Development, general fund 9001, funds center 1401010000, Planning Services.

This project is 90% funded by the Genesee Transportation Council with an in-kind match of 10% support from staff of the Department of Planning and Development. No additional net County support is required in the current Monroe County budget.

Honorable Legislators:

I recommend that Your Honorable Body amend the 2022 Capital Budget and Bond Resolution 455 of 2021 to provide an increase in funding in the amount of $370,000 and authorize a contract with M.L. Caccamise Electric Corp. in the amount of $3,084,820.44 for construction services for the Highway Lighting Rehabilitation Southeast 1 Project in the Towns of Penfield and Perinton. This project consists principally of the furnishing of all labor and materials for improvements to I-490 expressway lighting in the Town of Penfield and Perinton. Work shall comprise lighting upgrades including LED fixtures, conduit, wiring, pullboxes, and replacement of poles, bases, and foundations as per the plans. There are currently insufficient funds available for the project due to recent increases in costs of labor and materials. The total estimated project cost is now $3,820,000.

M.L. Caccamise Electric Corp. $3,084,820.44
Power & Construction Group, Inc. $4,625,069.00

The bids have been reviewed and M.L. Caccamise Electric Corp. has been determined to be the lowest responsible bidder pursuant to General Municipal Law §103.

This project is scheduled to be considered by the Monroe County Planning Board on February 24, 2022.

The specific legislative actions required are:

1. Amend the 2022 Capital Budget to increase the project authorization by $370,000 for the Highway Lighting Rehabilitation Southeast 1 Project from $3,450,000 to $3,820,000, making the total project authorization $3,820,000.

Funding for this contract, consistent with authorized uses, will be included in capital fund 1949 once the additional financing authorization herein is approved and in any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the office of the Monroe County Treasury have indicated that neither M.L. Caccamise Electric Corp., nor its sole principal officer, Michael L. Caccamise, President, owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Authorize an Intermunicipal Agreement with the Town of Greece for Sidewalk Installation in Conjunction with the Highway Preventive Maintenance #9 Project in the Town of Greece

Honorable Legislators:

I recommend that Your Honorable Body authorize an intermunicipal agreement with the Town of Greece for reimbursement to Monroe County of appropriate design and construction costs relating to the installation of sidewalks in conjunction with the Highway Preventive Maintenance #9 project in the Town of Greece in the estimated amount of $140,000, with the final amount to be determined upon project completion.

This project involves the improvement of Long Pond Road between Ridgeway Avenue and Janes Road. The work includes milling and resurfacing of the existing roadway, drainage improvements, curb repairs, sidewalk ramp upgrades, minor traffic signal work, and application of new epoxy pavement markings. During the design for the Highway Preventive Maintenance #9 project, the Town of Greece expressed an interest in the installation of sidewalk on the west side of Long Pond Road between English Road and Brandon Circle, and reimbursing the County for the appropriate costs relating to this work. Subsequently, the County included this sidewalk work in the final design for the Highway Preventive Maintenance #9 project and this contract will allow the Town of Greece to reimburse the County for its share of all costs relating to the sidewalk installation. The Town’s share is estimated at $140,000 and the project’s total anticipated construction cost is $5,550,000.

The specific legislative action required is to authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with the Town of Greece for reimbursement to Monroe County of appropriate design and construction costs relating to the installation of sidewalks in conjunction with the Highway Preventive Maintenance #9 project in the Town of Greece in the estimated amount of $140,000, with the final amount to be determined upon project completion.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this agreement, consistent with authorized uses, is included in capital fund 1978 and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Amend Resolution 168 of 2021 to Include an Option to Renew the Contract with Trybe Ecotherapy, LLC for the Provision of a Mental Health Program as a Holistic Option for Veterans Struggling with Mental Illness for the Monroe County Department of Veteran Services

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 168 of 2021 to include an option to renew the agreement with Trybe Ecotherapy, LLC for the provision of mental health services for the Monroe County Department of Veteran Services for two (2) additional one-year terms in an amount not to exceed $125,000 per year.

This contract will support the Monroe County response to the unacceptably high overdose and suicide rates within the Veteran community by providing a holistic and alternative approach that is not otherwise offered to Veterans. The initial feedback from the first two cohorts has been remarkably positive. The quantitative analysis shows a positive rating of 70-77% based on participant questionnaires regarding changes in their mental and social wellbeing. The anecdotal feedback from participants has been close to 100% positive. Ten of 12 participants completed cohort 1. Six of 11 participants completed cohort 2. This aggregates to a completion rate of 70%. The participants who withdrew from cohort 2 did so for personal reasons and not due to dissatisfaction with the program. Given we have completed only two cohorts, we are currently not able to identify trends.

A request for proposals was issued with Trybe Ecotherapy, LLC the sole responder.

The specific legislative action required is to amend Resolution 168 of 2021 to include an option to renew the agreement with Trybe Ecotherapy, LLC, 185 Caroline Street, Rochester, New York 14620, for the provision of mental health services for the Monroe County Department of Veteran Services for two (2) additional one-year terms in an amount not to exceed $125,000 per year.
This action is a Type II Action pursuant to 6 NYCRR 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2022 operating budget of the Veterans Service Agency Department, general fund 9001, funds center 7401010000, Veterans Service Agency and will be requested in future years budgets. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Trybe Ecotherapy, LLC, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the company are:

Lyndsay Cray, Chief Executive Officer
Meredith Rutherford, Chief Strategy Officer

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

These funds are provided by the U.S. Department of Health and Human Services. The grant award is based on expenses and decreased revenues for providers historically operating on slimmer financial margins and typically caring for vulnerable populations. The grant award agreement calls for Monroe Community Hospital, in connection with receiving the grant funds, to agree that it will only use the payment for health care related expenses or lost revenues that are attributable to coronavirus, and that it will not use the payment for expenses or losses that have been reimbursed from other sources or that other sources are obligated to reimburse.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in a total amount not to exceed $190,311.33 from, and to authorize a contract and any amendments thereto with, the U.S. Department of Health and Human Services for the CARES Act Provider Relief Fund – HHS Stimulus, Phase IV to address the financial impact of COVID-19 at Monroe Community Hospital for the period of December 16, 2021 through December 31, 2022.
2. Amend the 2022 operating budget of Monroe Community Hospital by appropriating the sum of $190,311.33 into hospital fund 9012, funds center 6201010000, MCH Administration.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the CARES Act. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Reconstruction of the Children’s Pavilion at Highland Park

Honorable Legislators:

I recommend that Your Honorable Body determine whether the reconstruction of the Children’s Pavilion may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act (“SEQRA”).

The Children’s Pavilion was originally built in 1890 as part of Frederick Law Olmsted’s plan for Highland Park. Before it was demolished in 1963, the Children’s Pavilion offered panoramic views of the Rochester skyline, Genesee River Valley, and the Bristol Hills. As part of the County’s Bicentennial celebration and in anticipation of Olmsted’s 200th birthday, the County seeks to reconstruct the Children’s Pavilion at the same location in Highland Park to restore Olmstead’s vision for the park, create a handicap accessible recreational space, and provide a resting spot for park users.

The Project has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the Project is an Unlisted action.

2. Make a determination of significance regarding the Project pursuant to 6 NYCRR § 617.7.
3. Short Environmental Assessment Form

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The purpose of this project is to reconstruct the Children's Pavilion in Highland Park in the same location, with adaptations for universal access. The pavilion will be a three (3) story open air structure, with an elevator and approximately 7,000 square feet. The reconstruction of the Children's Pavilion will replace a key feature of the historic park.

The Rochester 2034 Comprehensive Plan includes the rebuilding of the "......Children's Pavilion in Highland Park. In addition, the reconstruction of this project will fulfill the 1963 City Council resolution that approved the demolition of the pavilion contingent upon it being reconstructed.

Highland Park is located within the Critical Environmental Area identified as environmentally sensitive on March 14, 1986 by the City of Rochester. The pavilion is not expected to impact the CEA due to the fact that the area is previously disturbed and the reconstruction will require minimal disturbance. The proposed project is expected to impact approximately .02 previously disturbed acres of the 150 acres contained within Highland Park.

The site appears to be within an archaeologically sensitive area according to information from the New York State Historic Preservation Office. This area was previously disturbed from the construction of the original pavilion and pavement. Though it is anticipated that there will not be a significant impact to archaeological resources a Phase 1 Archaeological Survey has been included in the budget if it is determined to be necessary by New York State Office of Historic Preservation.

Part 1 of the environmental assessment form (EAF) also indicates that there is a wetland. The wetland has been identified as a federal wetland. The proposed activities on site are not within the wetland.

Highland Park is included in the Highland-Mount Hope Historic district, which is listed on the National Register of Historic Places. The park, designed by Frederick Law Olmsted, is historically significant. The Children's Pavilion is a key feature of Olmsted's original design for the park. Additionally, as a part of the construction of this project the New York State Office of Historic Preservation will be involved in the review of the project to ensure it is consistent with the historic district.

Part 1 of this EAF did not identify any threatened or endangered species on site. The project is not expected to impact any areas that may contain threatened or endangered species. Traffic from the proposed project is expected to be minimal. Aside from arriving by automobiles park user are expected to arrive at the Children's Pavilion via one of the many trails that link to Highland Park, such as Highland Crossing, the Genesee River Trail, and the Erie Canal Heritage Trail, which is a part of the Empire State trail.

There is not expected to be any significant impact from this project based on the information identified with in the EAF and supporting documentation contained at the Monroe County Department of Parks. Accordingly, Monroe County has determined that there will not be any significant adverse environmental impacts associated with the proposed action.

The Children’s Pavilion was originally built in 1890 as part of Frederick Law Olmsted’s plan for Highland Park. Before it was demolished in 1963, the Children’s Pavilion offered panoramic views of the Rochester skyline, Genesee River Valley, and the Bristol Hills. As part of the County’s Bicentennial celebration and in anticipation of Olmsted’s 200th birthday, the County seeks to reconstruct the Children’s Pavilion at the same location in Highland Park to restore Olmstead’s vision for the park, create a handicap accessible recreational space, and provide a resting spot for park users.

Highland Park Conservancy, Inc. is a 501(c)(3) non-profit membership organization that advocates for, and participates in, the preservation, restoration and enhancement of Highland Park and has been a key partner in raising funds for the reconstruction of the Children’s Pavilion.

This project is scheduled to be considered by the Monroe County Planning Board on February 24, 2022.

Honorable Legislators:

Each and every day, first responders such as volunteer firefighters and EMS technicians sacrifice their time and safety to protect our community. New York State is home to thousands of volunteer fire departments and ambulance services. These services cover large swaths of our community here in Monroe County and are imperative in our public safety operations.

According to the Fireman’s Association of New York State, it is estimated that volunteer fire departments in New York State, instead of an all-career force, save taxpayers over $5 billion annually. Combined with tax-savings from volunteer ambulatory services, these volunteer first-responders save New York residents billions each and every year. Unfortunately, over the past several years, there has been a trend across New York State that will have devastating effects for taxpayers, safety and services if not corrected here in Monroe County.

There has been a steady and continuing decline in both the number of people volunteering for such services and a decline in the retention of such volunteers. These individuals are the backbone of volunteer services and without their willingness to participate or remain a volunteer member, they will soon vanish. If these services continue to dissolve, accessibility and service will decline, while taxpayers are forced to pay yet another tax-hike for subsequently needed career-based services. This decline and uncertainty of sustainability has only been exacerbated by the effects of the COVID-19 pandemic; without mentioning this put many of these same volunteers on the frontlines of a global pandemic.

It is imperative that New York State and local governments throughout seeks ways to improve the recruitment and retention of such volunteers to ensure the continuity of these services long into the future. Fortunately, there are tools for conducting such an effort already at our disposal. Monroe County, and its municipalities, should provide fiscal relief to these volunteer members in any way they can. Pursuant to New York State Property Tax Law § 466-k, immediate tax exemptions can be provided to members of volunteer fire companies and/or voluntary ambulance services. This fiscal relief and incentive will advance both recruiting and retention efforts across our counties volunteer fire companies and ambulance services.
The specific legislative actions required are:

1. Schedule and hold a public hearing.

2. Adopt the local law as attached.

The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b) and is not subject to review under the State Environmental Quality Review Act.

This action would have no net impact on the current Monroe County budget.

Section 1. Title. This Local Law shall be a new Article under Chapter 357 of the Monroe County Code entitled “Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers.”

Section 2. Purpose and Findings. It is the purpose of this Local Law to implement the authority granted to local taxing jurisdictions by Real Property Tax Law Section 466-k — Tax Exemption for Volunteer Firefighters and Volunteer Ambulance Workers. The Monroe County Legislature finds and hereby determines that New York Real Property Tax Law Section 466-k makes available a tax exemption for volunteer fire and ambulance service workers at the option of the local municipality. The Monroe County Legislature further finds and determines that Monroe County should exercise said option and implement said tax exemption because it would enhance the ability to recruit and retain the volunteers that are the lifeblood of the volunteer fire and ambulance organizations currently serving the residents of a number of municipalities within Monroe County. Recruiting and retaining sufficient volunteers to serve these important functions is essential to maintaining the high quality of emergency service in our community and saving its taxpayers the significant expense of paid staff.

§ 357-57. Eligibility. Such exemption shall be granted to an enrolled member of an incorporated volunteer fire company; fire department, or incorporated voluntary ambulance service provided that:

A. The applicant resides in a city, town, or village within Monroe County which is served by such incorporated volunteer fire company or fire department or incorporated voluntary ambulance service;

B. The property is the primary residence of the applicant;

C. The property is used exclusively for residential purposes; provided, however, that in the event any portion of such property is not used exclusively for the applicant’s residence but is used for other purposes, such portion shall be subject to taxation and the remaining portion only shall be entitled to the exemption provided by this section;
D. The applicant has been certified in accordance with § 357-61 as enrolled member of an: (1) incorporated volunteer fire company or fire department for at least 2 years, or (2) incorporated voluntary ambulance service for at least 2 years; and

E. The applicant complies with the requirements of § 357-59.

§ 357-58. Grant of lifetime exemption. Any enrolled member of an incorporated volunteer fire company, fire department or incorporated voluntary ambulance service who accrues more than 20 years of active service and is so certified by the authority having jurisdiction for the incorporated volunteer fire company, fire department or incorporated voluntary ambulance service shall be granted the 10% exemption as authorized by this article for the remainder of his or her life as long as his or her primary residence is located within Monroe County.

§ 357-59. Application. Application for such exemption shall be filed with the assessor for the municipality in which the property is located or before the taxable status date on a form as prescribed by the Commissioner of Tax and Finance.

§ 357-60. No diminution of benefits. No applicant who is a volunteer firefighter or volunteer ambulance worker who by reason of such status is receiving any benefit under the provisions of Article 4 of the Real Property Tax Law on the effective date of this article shall suffer any diminution of such benefit because of the provisions of this article.

§ 357-61. Certification. Each incorporated volunteer fire company, incorporated volunteer fire department and incorporated voluntary ambulance service shall file a notice annually with the assessor for the municipality in which the property is located, prior to the applicable taxable status date, certifying its enrolled members with 2 or more years of service. Such notice shall list as of the applicable taxable status date the number of years of service served by each such enrolled member and such enrolled member’s address of residence.

Section 4. Severability. If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. Effective Date. This local law shall take effect upon filing with the Secretary of State pursuant to Section 27 of the New York Municipal Home Rule Law and the Monroe County Charter.

Monroe County Legislature - February 8, 2022
January 7, 2022

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize a Contract with LeChase Construction Services, LLC for Construction Management Services for the County Office Building HVAC Upgrades Project

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with LeChase Construction Services, LLC in the amount of $92,000 for construction management services for the County Office Building HVAC Upgrades Project.

The Monroe County Office Building ("COB") is a 168,000 square foot, 4-story building located at 39 West Main Street originally completed in 1896. Building systems and equipment are decades old and reaching the end of their useful service life due to age and obsolescence. Monroe County Department of Environmental Services completed a Master Plan report in 2009 that identified deficient building infrastructure including recommendations for phased mechanical, electrical, plumbing, HVAC, envelope, energy, and code improvements to maintain the operational integrity of the building and continuity of services to users of the COB. Electrical upgrades were completed in 2012. Several bathrooms were upgraded in 2014. The exterior windows were renovated/replaced in 2021. This project will upgrade HVAC systems throughout the COB. Design of the new HVAC systems at the COB has been completed. Bidding, construction, and commissioning will commence in 2022.

A Request for Proposals was issued, with LeChase Construction Services, LLC selected as the most qualified to perform these services.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract with LeChase Construction Services, LLC, 205 Indigo Creek Drive, Rochester, New York 14626, in the amount of $92,000 for construction management services for the County Office Building HVAC Upgrades Project, and any amendments necessary to complete the project within the total capital fund(s) appropriation.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in capital fund 1850 and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither LeChase Construction Services, LLC, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

R. Wayne LeChase, Chairman
William H. Goodrich, CEO & Managing Partner
William L. Mack, President
Kyle L. Syers, Executive Vice President & COO

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

I recommend that Your Honorable Body authorize a contract with CHA Consulting, Inc. in the amount of $244,800 for design services for the Rehabilitate Taxiway A from Taxiway A4 to Taxiway E Project at the Frederick Douglass – Greater Rochester International Airport.

This project will include rehabilitation of approximately 200,000 square feet of existing asphalt and concrete with significant surface degradation. The project area is some of the oldest remaining pavement on the airfield. The project will also include widening of associated connecting taxiways to meet Federal Aviation Administration Advisory Circulars. Besides the replacement of the asphalt and concrete, the project will include grading of grass islands between Taxiway A and the airport security/ARFF roads and taxiway edges to remove years of sand buildup, maintenance to related storm water drainage systems, signage, lighting and pavement markings. Construction will allow critical Group III and IV aircraft to utilize pavement on Taxiways A, A4, and E.

This project will be funded by a Federal Aviation Administration grant of 90%, a New York State Department of Transportation grant of 5%, and a local share of 5%.

The Department of Aviation recommends authorization of a contract with CHA Consulting, Inc., a designated airport consultant per Resolution 320 of 2020, to provide design services for the Rehabilitate Taxiway A from Taxiway A4 to Taxiway E Project in the amount of $244,800.

This action is a Type II action pursuant to 6 NYCRR §617.5(c)(2) and (5) ("rehabilitation or repaving of existing highways not involving the addition of new travel lanes") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in capital fund 2017 and any other capital fund(s) created for the same intended purpose. The local funding for this project will ultimately be provided by the Monroe County Airport Authority from Airport generated revenues. Subject: Acceptance of a Grant from the United States Department of Justice, Office of Justice Programs for the Swift, Certain and Fair Supervision Program: Applying the Principles Behind Project HOPE

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the United States Department of Justice, Office of Justice Programs in the amount of $700,000 for the Swift, Certain, and Fair (“SCF”) Supervision Program: Applying the Principles Behind Project HOPE for the period of October 1, 2021 through September 30, 2025.

The SCF Supervision Program, modeled after Hawaii’s Project HOPE was implemented in 2016 under the New York State Supreme Court Gun Court to focus on reducing recidivism of firearm offenders. The program involves several partners and has been evaluated by the Center for Public Safety Initiatives at Rochester Institute of Technology. This expansion program will address some of the limitations found in this evaluation, and expand the scope of the program to assist more Probationers in their reentry, using the principles of swiftness, certainty, and fairness.

The SCF Supervision program is a collaborative effort between the Monroe County Office of Probation, the District Attorney’s Office, and the Public Defender’s Office. The goal of the SCF program is to provide an opportunity for community supervision for 18-26 year olds who have committed crimes in the City of Rochester, specifically those in the areas of the community impacted greatest by criminality. Community supervision will afford these young people the opportunity to break a cycle of incarceration in a manner consistent with the tenets of Procedural Justice and will allow a greater number of young people to realize this program benefit. This is the first year of the expansion program.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $700,000 grant from, and to execute a contract and any amendments thereto, with the United States Department of Justice, Office of Justice Programs, for the Swift, Certain and Fair Supervision Program: Applying the Principles Behind Project HOPE for the period of October 1, 2021 through September 30, 2025.

2. Amend the 2022 operating budget of the Monroe County Department of Public Safety, Office of Probation - Community Corrections, by appropriating the sum of $700,000 into general fund 9300, funds center 2403050000, Central Services Division.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This is a Type II action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the United States Department of Justice, Office of Justice Programs. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Authorize the Initiation of the Process for Making Additions to Monroe County Agricultural Districts

Honorable Legislators:

I recommend that Your Honorable Body authorize the initiation of the process for making additions to Monroe County's Agricultural Districts.

Section 303-b of the Agriculture and Markets Law requires Your Honorable Body establish an annual 30-day period during which landowners can submit proposals to include land that is predominantly viable agricultural land within a certified agricultural district. Monroe County would begin this addition process by publishing a general notice to make landowners aware of the 30-day submission period. At the end of the 30-day submission period all requests for inclusion will be referred to the Monroe County Agricultural and Farmland Protection Board ("AFPB") for its recommendations. The AFPB then has 30 days to make a recommendation to Your Honorable Body concerning any proposed additions to the state-certified agricultural districts. Upon receipt of the recommendation, Your Honorable Body must hold a public hearing before taking action to adopt or reject the addition of any parcels to any district. A second referral will be submitted to Your Honorable Body after the report of the AFPB to schedule the public hearing and recommend adoption or rejection of the addition of parcels to any district.

The specific legislative actions required are:

1. Authorize the Clerk of the Legislature to publish and post notice of the 30-day submission period for requests to include land, which is predominantly viable agricultural land, within state-certified Monroe County agricultural districts.
2. Direct the Monroe County Agricultural and Farmland Protection Board to prepare and submit a report, within 30 days of the termination of the submission period, with its recommendations as to whether inclusion of each piece of land proposed to be included in the certified agricultural districts: a) consists predominantly of viable agricultural land, and b) would serve the public interest by assisting in maintaining a viable agricultural industry within the certified agricultural districts.

This is a Type II Action pursuant to 6 NYCRR 617.5(c)(24) ("information collection including basic data collection and research, water quality and pollution studies, traffic counts, engineering studies, surveys, subsurface investigations and soils studies that do not commit the agency to undertake, fund or approve any Type I or Unlisted action") and is not subject to further review under the State Environmental Quality Review Act.

This initiation of process will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Honorable Legislators:

I recommend that Your Honorable Body amend the 2022 Capital Budget and Bond Resolution 372 of 2020 to provide an increase in funding in the amount of $1,310,000 and authorize a contract with Nardozzi Paving & Construction, LLC in the amount of $3,598,586 for construction services for the Salt Road Project in the Town of Penfield.

This project involves rehabilitation of Salt Road from NYS Rt. 286 to Plank Road. The work involves the installation of new open and closed drainage systems, enclosing a deep ditch along the roadway, reconstruction of the paved shoulders, milling and resurfacing of the asphalt along with new pavement markings. There are currently insufficient funds available for the project due to recent increases in costs of labor and materials, as well as additional right of way costs, engineering design efforts and an increase in construction costs in order to meet environmental regulations involved with enclosing the roadside deep ditch. The total estimated project cost is $4,735,000. The current schedule is to start work in spring 2022 with an anticipated completion by fall 2022.

The following seven (7) bids were received on December 2, 2021:

Nardozzi Paving & Construction, LLC $3,598,586.00
Villager Construction, Inc. $3,724,900.00
Keeler Construction Co., Inc. $3,772,520.60
Ramsey Constructors, Inc. $3,875,274.50
Sealand Contractors Corp. $4,083,000.00
Cold Springs Construction Co. $4,122,661.50
CCI Companies, Inc. $4,152,031.50

The bids have been reviewed and Nardozzi Paving & Construction, LLC has been determined to be the lowest responsible bidder pursuant to General Municipal Law §103.
The specific legislative actions required are:

1. Amend the 2022 Capital Budget to increase the project authorization by $1,310,000 for the Salt Road Project from $3,425,000 to $4,735,000, making the total project authorization $4,735,000.

2. Amend Bond Resolution 372 of 2020 to increase financing for the Salt Road Project, capital fund 1910, from $3,425,000 to $4,735,000, for a total authorization of $4,735,000.

3. Authorize the County Executive, or his designee, to execute a contract with Nardozzi Paving & Construction, LLC, 124 North Genesee Street, Geneva, New York 14456, in the amount of $3,598,586 for construction services for the Salt Road Project in the Town of Penfield, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) (2)(“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, will be included in capital fund 1910 once the additional financing authorization requested herein is approved and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the office of the Monroe County Treasury have indicated that neither Nardozzi Paving & Construction, LLC, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Section 3. The faith and credit of the County are hereby irrevocably pledged for the payment of the principal of and interest on such obligations as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such obligations becoming due and payable in such year. Finance Law. The Director of Finance - Chief Financial Officer may, in the event it is determined to issue variable rate bonds or notes, enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds or notes, as authorized under Section 54.90 of the Local Finance Law. The Director of Finance - Chief Financial Officer is also authorized to enter into such agreements and take such other action as may be necessary or appropriate and lawful to assure that, to the extent possible, (i) interest on the bonds and notes authorized hereby will not be includable in the gross income, for federal income tax purposes, of the recipients thereof, and (ii) to enable the purchaser thereof to comply with Securities and Exchange Commission Rule 15c2-12. The Director of Finance – Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for such bonds or notes, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

Subject: Amend the 2022 Capital Budget and Bond Resolution 465 of 2021 to Provide an Increase in Funding and Authorize a Contract with Cold Spring Construction Company, for Construction Services for the Edgemere Drive Bridge Project in the Town of Greece

Honorable Legislators:

I recommend that Your Honorable Body amend the 2022 Capital Budget and Bond Resolution 465 of 2021 to provide an increase in funding, in the amount of $1,700,000 and authorize a contract with Cold Spring Construction Company, in the amount of $2,841,535.63 for construction services for the Edgemere Drive Bridge Project in the Town of Greece.

This project involves replacement of the bridge on Edgemere Drive between Lowden Point Road and Long Pong Road (over the outlet channel which flows from Long Pond into Lake Ontario). The work involves demolishing the existing bridge and replacing it with a new pre-cast concrete arch bridge. The profile of the bridge will be raised to better accommodate boat traffic below and new approach pavement and bridge railing will be installed. The project will be constructed in two phases and a single lane of alternating one-way traffic will be maintained throughout the duration of the work. There are currently insufficient funds available for the project due to increased costs since it was initially programmed in the Capital Improvement Program. The increase is due to: raising the bridge profile, additional work elements associated with staged construction (increased project duration, temporary traffic signals, temporary concrete barrier, temporary raining walls, etc.), and survey/relocation of threatened mussels at the project site as required by New York State Department of Environmental Conservation regulations. The current schedule is to start work in spring 2022 with an anticipated completion by fall 2022.

The following two (2) bids were received on November 12, 2021:

Cold Spring Construction Company $2,841,535.63
Crane Hogan Structural Systems Inc. $3,925,149.40

The bids have been reviewed and Cold Spring Construction Company has been determined to be the lowest responsible bidder pursuant to General Municipal Law §103.

The specific legislative actions required are:

1. Amend the 2022 Capital Budget to increase funding for the Edgemere Drive Bridge Project in the Town of Greece in the amount of $1,700,000 from $1,840,000 to $3,540,000 for a total project authorization of $3,540,000.
2. Amend Bond Resolution 465 of 2021 to increase financing for the Edgemere Drive Bridge Project in the Town of Greece, capital fund 1958, in the amount of $1,700,000 from $1,840,000 to $3,540,000 for a total project authorization of $3,540,000.

3. Authorize the County Executive, or his designee, to execute a contract with Cold Spring Construction Company, 43 Jackson Street, Akron New York 14001, in the amount of $2,841,535.63 for construction services for the Edgemere Drive Bridge Project in the Town of Greece, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in capital fund 1958 and any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the office of the Monroe County Treasury have indicated that neither Cold Spring Construction Company, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Stephen Forrestel, CEO  
Ryan Forrestel, President  
Jeffrey R. Borden, Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

BE IT RESOLVED BY THE AFFIRMATIVE VOTE OF NOT LESS THAN TWO-THIRDS OF THE TOTAL VOTING STRENGTH OF THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. For the object or purpose of financing the cost of the replacement of Edgemere Drive Bridge over Long Pond Outlet, in and for the County of Monroe, New York (the "County"), there are hereby authorized to be issued $3,540,000 bonds of the County, pursuant to the provisions of the Local Finance Law. The duly adopted current Capital Budget of the County, to the extent inconsistent herewith, is hereby amended to provide for the appropriation of an additional $1,700,000 to pay the cost of the aforesaid specific object or purpose ($1,840,000 having been heretofore appropriated from one or more Capital Budgets). The period of probable usefulness of the aforesaid specific object or purposes is twenty (20) years, pursuant to subdivision 10 of paragraph a of Section 11.00 of the Local Finance Law.

Section 2. The maximum estimated cost thereof is $3,540,000, and the plan for the financing thereof is by the issuance of $3,540,000 bonds of said County herein authorized, provided, however, that to the extent any state and/or federal aid and/or grant and/or gift is received for the aforesaid purpose, such aid shall be used to redeem any outstanding indebtedness incurred for such purpose or shall be applied, dollar for dollar, to reduce the amount of bonds to be issued for such purpose.

Section 3. The faith and credit of the County are hereby irrevocably pledged for the payment of the principal of and interest on such obligations as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such obligations becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such obligations as the same become due and payable.

Section 4. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Director of Finance - Chief Financial Officer, the chief fiscal officer of the County under the Local Finance Law. The Director of Finance - Chief Financial Officer may sell such bonds or notes at public or private sale, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Director of Finance - Chief Financial Officer shall determine is most favorable to the County, and in compliance with any rules of the State Comptroller applicable thereto. Such bonds or notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Director of Finance - Chief Financial Officer, consistent with the provisions of the Local Finance Law. The Director of Finance - Chief Financial Officer may, in the event it is determined to issue...
variable rate bonds or notes, enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds or notes, as authorized under Section 54.90 of the Local Finance Law. The Director of Finance - Chief Financial Officer is also authorized to enter into such agreements and take such other action as may be necessary or appropriate and lawful to assure that, to the extent possible, (i) interest on the bonds and notes authorized hereby will not be includable in the gross income, for federal income tax purposes, of the recipients thereof, and (ii) to enable the purchaser thereof to comply with Securities and Exchange Commission Rule 15c2-12. The Director of Finance – Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for such bonds or notes, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

Section 5. All other matters, except as provided herein, relating to such bonds or notes, including prescribing whether manual or facsimile signatures shall appear on said bonds or notes, prescribing the method for the recording of ownership of said bonds or notes, appointing the fiscal agent or agents for said bonds or notes, providing for the printing and delivery of said bonds or notes (and if said bonds or notes are to be executed in the name of the County by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the County), the date, form, denominations, maturities, interest rate or rates, terms and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Director of Finance - Chief Financial Officer. The Director of Finance - Chief Financial Officer may elect to become the fiscal agent for the bonds or notes, or may contract on behalf of the County for this service pursuant to the Local Finance Law. Such bonds or notes shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 52.00 of the Local Finance Law, as the Director of Finance - Chief Financial Officer shall determine.

Section 6. The validity of such bonds and bond anticipation notes, as authorized by this resolution, may be contested only if:

1) such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or

2) the provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and

an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or

3) such obligations are authorized in violation of the provisions of the Constitution.

Section 7. This resolution shall supersede Resolution No. 465 of 2021, being a bond resolution dated December 14, 2021, except to the extent that any indebtedness shall have been contracted or encumbrances made thereunder. The purpose of this superseding bond resolution is to effect the following: to increase the maximum estimated cost of the purpose to $3,540,000, and to provide $3,540,000 bonds therefor, an increase of $1,700,000 over the $1,840,000 bonds authorized under Resolution No. 465 of 2021.

Subject: Amend the 2022 Capital Budget and Bond Resolution 465 of 2021 to Provide an Increase in Funding and Authorize a Contract with Cold Spring Construction Company, for Construction Services for the Edgemere Drive Bridge Project in the Town of Greece

Honorable Legislators:

I recommend that Your Honorable Body amend the 2022 Capital Budget and Bond Resolution 465 of 2021 to provide an increase in funding, in the amount of $1,700,000 and authorize a contract with Cold Spring Construction Company, in the amount of $2,841,535.63 for construction services for the Edgemere Drive Bridge Project in the Town of Greece.

This project involves replacement of the bridge on Edgemere Drive between Lowden Point Road and Long Pong Road (over the outlet channel which flows from Long Pond into Lake Ontario). The work involves demolishing the existing bridge and replacing it with a new pre-cast concrete arch bridge. The profile of the bridge will be raised to better accommodate boat traffic below and new approach pavement and bridge railing will be installed. The project will be constructed in two phases and a single lane of alternating one-way traffic will be maintained throughout the duration of the work. There are currently insufficient funds available for the project due to increased costs since it was initially programmed in the Capital Improvement Program. The increase is due to: raising the bridge profile, additional work elements associated with staged construction (increased project duration, temporary traffic signals, temporary concrete barrier, temporary raining walls, etc.), and survey/relocation of threatened mussels at the project site as required by New York State Department of Environmental Conservation regulations. The current schedule is to start work in spring 2022 with an anticipated completion by fall 2022.

The following two (2) bids were received on November 12, 2021:

- Cold Spring Construction Company $2,841,535.63
- Crane Hogan Structural Systems Inc. $3,925,149.40

The bids have been reviewed and Cold Spring Construction Company has been determined to be the lowest responsible bidder pursuant to General Municipal Law §103.

The specific legislative actions required are:

1. Amend the 2022 Capital Budget to increase funding for the Edgemere Drive Bridge Project in the Town of Greece in the amount of $1,700,000 from $1,840,000 to $3,540,000 for a total project authorization of $3,540,000.
2. Amend Bond Resolution 465 of 2021 to increase financing for the Edgemere Drive Bridge Project in the Town of Greece, capital fund 1958, in the amount of $1,700,000 from $1,840,000 to $3,540,000 for a total project authorization of $3,540,000.

3. Authorize the County Executive, or his designee, to execute a contract with Cold Spring Construction Company, 43 Jackson Street, Akron New York 14001, in the amount of $2,841,535.63 for construction services for the Edgemere Drive Bridge Project in the Town of Greece, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in capital fund 1958 and any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the office of the Monroe County Treasury have indicated that neither Cold Spring Construction Company, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Stephen Forrestel, CEO
Ryan Forrestel, President
Jeffrey R. Borden, Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Honorable Legislators:

I recommend that Your Honorable Body amend the 2022 Capital Budget and Bond Resolution 465 of 2021 to provide an increase in funding, in the amount of $1,700,000 and authorize a contract with Cold Spring Construction Company, in the amount of $2,841,535.63 for construction services for the Edgemere Drive Bridge Project in the Town of Greece.

This project involves replacement of the bridge on Edgemere Drive between Lowden Point Road and Long Pong Road (over the outlet channel which flows from Long Pond into Lake Ontario). The project limits include the mainline expressway, interchange ramps, and parallel access roadways on I-590 from I-490 to Monroe Avenue. The current schedule is to start work in spring 2022 with an anticipated completion by fall 2022.

Power & Construction Group, Inc. $1,987,884.00

The bids have been reviewed and M.L. Caccamise Electric Corp. has been determined to be the lowest responsible bidder pursuant to General Municipal Law §103.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract with M.L. Caccamise Electric Corp., 721 Portland Avenue, Rochester, New York 14621, in the amount of $1,689,092.30 for construction services for the Highway Lighting Rehabilitation Southeast 2 Project in the City of Rochester and Town of Brighton, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site") and is not subject to further review under the State Environmental Quality Review Act.
Funding for this contract, consistent with authorized uses, is included in capital fund 1950 and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the office of the Monroe County Treasury have indicated that neither M.L. Caccamise Electric Corp., nor its sole principal officer, Michael L. Caccamise, President, owe any delinquent Monroe County property taxes.

Subject: Authorize a Contract with the University of Rochester for Support of the Forensic Pathology Fellowship Program at the Monroe County Office of the Medical Examiner

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with the University of Rochester in an amount not to exceed $85,000 for support of the Forensic Pathology Fellowship Program at the Monroe County Office of the Medical Examiner for the period of January 1, 2022 through December 31, 2022, with the option to renew for two (2) additional one-year terms, with each additional term in an amount not to exceed $85,000.

Under the terms of this contract, the Office of the Medical Examiner ("OME") will provide a one-year fellowship term for one physician seeking board examination eligibility. During the rotation, the knowledge and skills of the fellow, selected by the OME from candidates vetted by the University of Rochester and then maintained under the University of Rochester Human Resources and Graduate Medical Education Departments, will be enhanced and expanded through this additional education in the specialized field of forensic medicine. The fellowship will provide opportunities to learn, in part, about the Coroner and Medical Examiner system in New York State; the principles of death certification, and the role of forensic disciplines. Additionally, at the completion of the fellowship program, the fellow would be eligible for the Forensic Pathology Board Certification Examination. The fellowship program is twelve (12) months in length, with the actual fellowship term being July 1 through June 30. This contract will address the second half of the current fellowship year ending June 30, 2022 and provide for the first half of a new fellowship year that will begin July 1, 2022.

To establish the fellowship, OME must partner with an institution that offers Graduate Medical Education Programs in the closely related field of Medical Clinical Pathology. It has been determined that the University of Rochester is a sole source provider for the Forensic Pathology Fellowship Program.
The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with the University of Rochester, 601 Elmwood Avenue, Rochester, New York 14642, for support of the Forensic Pathology Fellowship Program at the Monroe County Office of the Medical Examiner in an amount not to exceed $85,000 for the period of January 1, 2022 through December 31, 2022, with the option to renew for two (2) additional one-year terms, with each additional term in an amount not to exceed $85,000.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2022 operating budget of the Department of Public Health, general fund 9001, funds center 5804010000, Forensic Path/Admin, and will be requested in future years’ budgets. No additional net County support is required in the current Monroe County budget.

The University of Rochester is a not-for-profit entity, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the American Rescue Plan Act through the U.S. Department of Health and Human Services to Support Providers Impacted by the COVID-19 Pandemic at Monroe Community Hospital

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the American Rescue Plan Act through the U.S. Department of Health and Human Services in a total amount not to exceed $70,855.58 to support providers impacted by the COVID-19 pandemic at Monroe Community Hospital ("MCH") for the period of November 23, 2021 through December 31, 2022.

This grant was awarded based on Medicare, Medicaid, and Children’s Health Insurance Program (“CHIP”) claims for services from January 1, 2019 through September 30, 2020; Medicare reimbursement rates; and MCH’s provision of services to a disproportionate number of Medicaid and CHIP patients who often have more complex medical needs. This funding can be used to address workforce challenges and make up for the lost revenues and increased expenses caused by the pandemic. Specifically, providers can use these funds for salaries, recruitment, or retention; supplies; equipment such as ventilators or improved filtration systems; capital investments; information technology; and other expenses related to prevent, prepare for, or respond to COVID-19. This is the first year the County has received this grant.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant, in a total amount not to exceed $70,855.58 from, and to authorize a contract and any amendments thereto with, the American Rescue Plan Act through the U.S. Department of Health and Human Services to support COVID-related expenses at Monroe Community Hospital for the period of November 23, 2021 through December 31, 2022.
2. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

3. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the American Rescue Plan Act through the U.S. Department of Health and Human Services. No net County support is required in the current Monroe County budget.

MARK FUNK
MONROE COUNTY CONFLICT DEFENDER
MONROE COUNTY CONFLICT DEFENDER'S OFFICE

Years in current role: 4

What do you enjoy most about your role?
I get to help a lot of people. The Conflict Defender's Office, and the attorneys of the Assigned Counsel Program, represent thousands of clients in criminal, Family Court and appellate matters each year. We represent the most vulnerable populations in our society during the worst times in their lives. I am filled with pride every time one of our attorneys helps a client get their children returned to them, gets evidence suppressed or overturns a conviction on appeal.

What do you see as the biggest changes in the legal industry in the next 3-5 years?
It is an interesting and exciting time to be a criminal defense attorney! Recent legislation amending New York's system of bail, criminal discovery procedures and the age of criminal responsibility have fundamentally altered defense representation. An additional piece of legislation, requiring New York State to fulfill its constitutional obligation to provide quality representation to indigent defendants, will have an even more profound effect. Numerous initiatives will be implemented over the next few years to ensure that our most vulnerable populations are receiving quality representation.
MARK FUNK
Conflict Defender
Monroe County Conflict Defender’s Office

Over the last 18 months as the world has been upended, many businesses have depended on a handful of people to ensure things run as smoothly as possible.

For the local legal community, Monroe County Conflict Defender Mark Funk is one of those people, "a beacon for the legal community" as Jeanne Colombo of Colombo Law Firm says in her nomination letter.

"Mark made sure that the legal community received every executive order, judicial order and information to keep our practices functional." Colombo says. "He took the time to send out all necessary information, and did it consistently."

She notes that he keeps lawyers abreast of what was allowed in the Hall of Justice and Federal Building for clients' sake, "an incredible amount of work."

"He took that extra step each time, often letting the lawyers know what was going on before any other group," she remembers. "He would even send case law and statutory changes, just to make us better attorneys."

Funk notes that the county defense bar has a group mentality, sharing information and mentoring each other.

(If it's) one of the best parts of my current position," he notes. "That desire to be a mentor led to his involvement in the region's mock trial program.

'I have been involved with this program as a coach and a judge for the past 25 years," he says, noting that some of the students have gone on to be practicing attorneys. "Teaching kids about our court system and trial practice is both rewarding and enjoyable."

These vendors will provide licensed nurses and other health care providers to work in the Monroe County Department of Public Health Nursing Services and Starlight Pediatrics Clinic, to support the County’s Tuberculosis (TB) Control, Immunization, and STD Clinic Programs, and to support the County’s COVID-19 response. The nursing services to be provided shall include, but not be limited to, registered nurses who will provide clinical oversight and management of registered nurses, licensed practical nurses, and support staff in the Monroe County Department of Public Health COVID-19 response units. The increase in the total aggregate amount for 2022 is due to the need for additional necessary services to support the County’s response to COVID-19.

The specific legislative action required is to amend Resolution 527 of 2021 to authorize the County Executive to execute contracts with Reliant Staffing Systems, Inc., d/b/a Career Start, 53 Russell Street, Rochester, New York 14607 and The Caswood Group, Inc., 811 Ayrault Road, Suite 2, Fairport, New York 14450, to provide nursing and public health care provider services for the Monroe County Department of Public Health from a total aggregate amount not to exceed $354,110 to a total aggregate amount not to exceed $1,697,529 for the period of January 1, 2022 through December 31, 2022, with the option to renew for four (4) additional one-year terms, with each additional term in a total annual aggregate amount not to exceed $354,110 per year.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts is included in the 2022 operating budget of the Department of Public Health, general fund 9001 and 9300, funds centers 5801090000, Public Health Preparedness, 5801090100, Pandemic Response, 5802020000, Tuberculosis Control Programs, 5802030100, STD Clinic, 5802050100, Immunization Programs, and 5802070000, Pediatric Clinic. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Reliant Staffing Systems, Inc., d/b/a Career Start nor The Caswood Group, Inc., nor any of their principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firms are:

Reliant Staffing Systems, Inc., d/b/a Career Start, Owner: Lindsay McCutchen
The Caswood Group, Inc., President and CEO: Isabel Casamayor

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the New York State Division of Homeland Security and Emergency Services for the FY2020 Building Resilient Infrastructure and Communities and Authorize a Contract with Tetra Tech, Inc. for Development of a Hazard Mitigation Plan

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Division of Homeland Security and Emergency Services in the amount of $90,000 for the FY2020 Building Resilient Infrastructure and Communities for the period of December 18, 2021 through December 17, 2024, and authorize a contract with Tetra Tech, Inc. in the amount of $90,000 for the development of Monroe County’s Hazard Mitigation Plan for the period of February 9, 2022 through January 31, 2023.

This project will assist Monroe County in updating its Federal Emergency Management Agency (FEMA) required Hazard Mitigation Plan (HMP). The HMP is federally required in order for a municipality to be eligible for Federal disaster and mitigation funds. All municipalities within Monroe County have adopted Monroe County’s HMP as their own. FEMA requires that the HMP be updated on a five year cycle and Monroe County’s HMP is due to FEMA April 2022. Major funding for the project will be provided by Federal funds in the amount of 75% of the total project cost (up to $90,000) and a 25% County share ($30,000). Overall project administration will be provided by Monroe County. Funds will be used to enter into a contract with Tetra Tech, Inc., who will provide services to develop the Monroe County HMP update. The current total project estimate is $120,000. This is the first year the County has received this grant.

A Request for Proposals was issued for this contract with Tetra Tech, Inc. selected as the most qualified to provide this service.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $90,000 grant from, and to execute a contract and any amendments thereto with, the New York State Division of Homeland Security and Emergency Services for the FY2020 Building Resilient Infrastructure and Communities, for the period of December 18, 2021 through December 17, 2024.

2. Amend the 2022 operating budget of the Department of Public Safety by appropriating the sum of $90,000 into general fund 9300, funds center 2408030100, Office of Emergency Management.

3. Authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Tetra Tech Inc., 2000 Linglestown Road, Suite 203, Harrisburg, Pennsylvania 17110, for the development of Monroe County’s Hazard Mitigation Plan in an amount not to exceed $90,000 for the period of February 9, 2022 through January 31, 2023.
4. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements and to make any necessary funding modifications within grant guidelines to meet contractual requirements.

5. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 75% funded by the Federal Emergency Management Agency (administered by the New York State Division of Homeland Security and Emergency Services). The County’s share of 25% will be covered through in-kind services to include grant administration, project management and the salary and benefit costs incurred by the 19 towns, 10 villages and the City of Rochester while working on this project. No net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Tetra Tech, Inc., nor its principal officer Andrew Mazzeo, PMP, Vice President, Northeast Operations, owe any delinquent Monroe County property taxes.

I recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,
