PUBLIC HEARING: “Authorize Additions to Monroe County Agricultural Districts”

Vice Chairwoman Taylor declared the Public Hearing open at 6:45 p.m. to Authorize Additions to Monroe County Agricultural Districts.

The 2nd Assistant Deputy Clerk of the Legislature testified to a mailing of the notice of Public Hearing that was sent to the Supervisors, Clerks and Landowners of the affected towns, and the Commissioner of Agriculture and Markets on July 15, 2022. The 2nd Assistant Deputy Clerk testified to an affidavit of publication and posting of the same hearing notice in the Daily Record and Rochester Business Journal on July 22, 2022. There were no public hearing speakers.

CLOSING OF PUBLIC HEARING:

Vice Chairwoman Taylor declared the Public Hearing closed at 6:47 p.m. She announced that the referral to authorize additions to the Monroe County Agricultural Districts would be voted on by the Planning and Economic Development Committee later in the meeting. She further stated that the Monroe County Legislature would vote on the matter at its meeting on Tuesday, August 9, 2022 at 6:00 p.m. She concluded by stating that following its approval and adoption, a report and revised map would be submitted to the New York State Department of Agriculture and Markets for final certification.

PUBLIC FORUM: There were no speakers.

APPROVAL OF MINUTES: The minutes of June 27, 2022 were approved as submitted.

To The Honorable  
Monroe County Legislature  
407 County Office Building  
Rochester, New York 14614  

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Sale of County Owned Tax Foreclosure Property Located at 51 Indian Trail in the Town of Irondequoit  

Honorable Legislators:  

I recommend that Your Honorable Body determine whether the sale of County owned tax foreclosure property located at 51 Indian Trail in the Town of Irondequoit may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA"). 

The proposed sale is as follows:  

<table>
<thead>
<tr>
<th>Parcel</th>
<th>Offerer</th>
<th>Offered Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>51 Indian Trail</td>
<td>William P. Greipp &amp; Susan J. Greipp</td>

<td>402 Peart Avenue</td>
<td></td>
</tr>
<tr>
<td>Town of Irondequoit</td>
<td>Rochester, New York 14622</td>
<td></td>
</tr>
</tbody>
</table>

This vacant land was acquired January 27, 2020 through tax foreclosure, is surplus property, and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.  

The sale of County owned tax foreclosure property located in the Town of Irondequoit has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.  

The specific legislative actions required are:  

1. Determine that the sale of County owned tax foreclosure property located in the Town of Irondequoit is an Unlisted action.
2. Make a determination of significance regarding the sale of County owned tax foreclosure property located in the Town of Irondequoit pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Adam J. Bello
Monroe County Executive

## Part 1 - Project Information

### Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

## Part 1 - Project and Sponsor Information

</tbody>
</table>
**Short Environmental Assessment Form**

**Part 3 Determination of Significance**

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the sale of the property and does not include the physical alteration nor disturbance of the property. Part 1 of the EAF indicates the site contains or is near the following: archaeological resources, wetlands.

Future use or development of the parcel may be subject to a wetland delineation and the New York State Freshwater Wetlands Act.

The sale of this property does not include physical disturbance or development of the parcel and will not result in any significant adverse environmental impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

**PRINT FORM**

Monroe County Legislature - September 13, 2022
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize the Sale of County Owned Property Located at 51 Indian Trail in the Town of Irondequoit

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract to sell County owned property located at 51 Indian Trail in the Town of Irondequoit as follows:

<table>
<thead>
<tr>
<th>Parcel</th>

<td>Rochester, New York 14622</td>
<td></td>
</tr>
</tbody>
</table>

This vacant land parcel was acquired January 27, 2020 through tax foreclosure, is surplus property and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.

The specific legislative action required is to authorize the County Executive, or his designee, to enter into a contract with the above referenced offeror, to sell the real property identified by the following tax account number 062.83-1-9 and to execute all documents necessary for the conveyance, for the purchase price set forth above.

The provisions of the New York State Environmental Quality Review Act shall be complied with prior to Your Honorable Body undertaking, funding, or approving the action requested in this referral.

This contract is revenue generating and no net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that the offeror listed above does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
County Executive

Office of the County Executive
Monroe County, New York
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend Resolution 144 of 2011, as Amended by Resolution 313 of 2020 and Resolution 427 of 2021, to Extend the License Agreement with The Lilac Festival, Inc. to Produce the Lilac Festival in Highland Park

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 144 of 2011, as amended by Resolution 313 of 2020 and Resolution 427 of 2021, to extend the License Agreement with The Lilac Festival, Inc. to produce the Lilac Festival in Highland Park for three (3) additional years, through December 31, 2025, with all other terms of the license agreement to remain the same.

Per Resolution 144 of 2011, Your Honorable Body authorized a license agreement with The Lilac Festival, Inc. to produce the Lilac Festival in Highland Park. The agreement currently runs through December 31, 2022. At this time, Monroe County wishes to extend the license agreement for an additional three years.

The specific legislative action required is to amend Resolution 144 of 2011, as amended by Resolution 313 of 2020 and Resolution 427 of 2021, to extend the license agreement with The Lilac Festival, Inc. to produce the Lilac Festival in Highland Park for three (3) additional years, through December 31, 2025, with all other terms of the license agreement to remain the same.

This action is a Type II Action pursuant to 6 NYCRR 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This license is revenue generating and no net County support is required in the current Monroe County budget.

The Lilac Festival, Inc. is a not-for-profit agency and the records of the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Division of Criminal Justice Services for the 2022-2023 Aid to Crime Laboratories Grant Program (Office of the Medical Examiner)

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Division of Criminal Justice Services in the amount of $102,108 for the 2022-2023 Aid to Crime Laboratories Grant Program related to the Office of the Medical Examiner for the period of July 1, 2022 through June 30, 2023.

The purpose of the current grant is to support ongoing services provided by the Office of the Medical Examiner’s Forensic Toxicology Laboratory ("Tox Lab"), provide the quality control oversight required to maintain American Board of Forensic Toxicology accreditation and New York State certification, and assist the Tox Lab in reducing backlogs related to instrumentation. The Tox Lab serves law enforcement agencies, the District Attorney’s office, and constituents in the County.

Funds will be used for preventive and routine maintenance and repair service on a Liquid Chromatograph/Mass Spectrometer/Mass Spectrometer instrument, which enhances the analytical capabilities of the Tox Lab. Additionally, this grant provides funding for salary and benefits of existing staff. This will be the twenty-sixth year the County has received this grant. This year’s funding represents the same amount as last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $102,108 grant from, and to execute a contract and any amendments thereto with, the New York State Division of Criminal Justice Services for the 2022-2023 Aid to Crime Laboratories Grant Program related to the Office of the Medical Examiner for the period of July 1, 2022 through June 30, 2023.
2. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

3. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolition of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this grant is included in the 2022 operating budget of the Department of Public Health, general fund 9300, funds center 5804020000, Forensic Laboratory.

This grant is 100% funded by the New York State Division of Criminal Justice Services. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Office of Children and Family Services for the Safe Harbour Initiative for 2022

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Office of Children and Family Services ("OCFS") in the amount of $43,350 for the Safe Harbour Initiative for 2022 ("Safe Harbour") for the period of January 1, 2022 through December 31, 2022.

This award will be used to continue the established efforts of Safe Harbour such as short-term safe housing that offers 24-hour crisis intervention, medical care, advocacy, and other services to underage victims of human trafficking within Monroe County. The Center for Youth Services will continue to be the lead agency for this grant after its demonstrated successful collaboration with Monroe County during the partnership’s 6 year pilot program, and initial year of “NYS Graduate Community” status. Monroe County has been recognized as a statewide leader with Safe Harbour and has shared its successes with new piloting counties.

The Department of Human Services will continue to assign the Rochester-Monroe County Youth Bureau Executive Director to be its representative, who will serve as County liaison to the OCFS Statewide Steering Committee and to provide inter-agency collaborative support and guidance for sustainable implementation of the Safe Harbour Plan. Training will be provided to teach the skills and tools necessary to ensure that child victims are properly identified, referred, and receive the appropriate specialized services to which they are entitled by law. This is the ninth year the County has received this grant.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $43,350 grant from, and to execute a contract and any amendments thereto with, the New York State Office of Children and Family Services for the Safe Harbour Initiative for 2022 for the period of January 1, 2022 through December 31, 2022.

2. Amend the 2022 operating budget of the Department of Human Services, Division of Social Services, by appropriating the sum of $43,350 into general fund 9300, funds center 5102010000, Child and Family Services Admin.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreements affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Office of Children and Family Services. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Monroe County Executive

AJB:db
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Office for the Aging and Authorize a Contract with Lifespan of Greater Rochester, Inc. for the New York State Elder Abuse Education and Outreach Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Office for the Aging in the amount of $745,000 and authorize a contract with Lifespan of Greater Rochester, Inc. in an amount not to exceed $707,750 to administer the New York State Elder Abuse Education and Outreach Program for the period of October 1, 2022 through September 30, 2023.

The purpose of this program is to provide education on how to recognize and intervene in cases of suspected elder abuse, neglect, and financial exploitation; and to support the New York State Coalition on Elder Abuse. Training, which will be provided in an 11-county region (including Cayuga, Genesee, Livingston, Monroe, Ontario, Orleans, Schuyler, Seneca, Wayne, Wyoming, and Yates) and New York City to individuals from professional organizations, including law enforcement, social services, and professionals who work with older adults and their caregivers. This is the tenth year the County has received this grant. This year’s funding represents the same amount as last year.

The New York State Office for the Aging has directed Monroe County to contract with Lifespan of Greater Rochester, Inc. for these services. Please refer to the attached Purchase of Services Information Form for disclosure of information required pursuant to Resolution 223 of 2007, as amended by Resolution 11 of 2008.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $745,000 grant from, and to execute a contract and any amendments thereto with, the New York State Office for the Aging for the New York State Elder Abuse Education and Outreach Program for the period of October 1, 2022 through September 30, 2023.
2. Authorize the County Executive, or his designee, to execute contracts, applications, and any amendments thereto, with Lifespan of Greater Rochester, Inc., 1900 S. Clinton Avenue, Rochester, New York 14618, to provide elder abuse education, outreach, and intervention in an amount not to exceed $707,750 for the period of October 1, 2022 through September 30, 2023.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2022 operating budget of the Monroe County Department of Human Services, Office for the Aging, general fund 9001, funds center 5501010000, Administration and Program Management and funds center 5501050000, Education, Training and Wellness Contracts. No additional net County support is required in the current Monroe County budget.

Lifespan of Greater Rochester, Inc. is a not-for-profit agency, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Division of Criminal Justice Services for the 2022 Paul Coverdell Forensic Science Improvement Program (Monroe County Crime Lab)

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Division of Criminal Justice Services in the amount of $54,656 for the 2022 Paul Coverdell Forensic Science Improvement Program for the period of October 1, 2022 through September 30, 2023.

This program provides funding for the Monroe County Crime Laboratory to fund accreditation expenses, supplies, and travel for training which will improve the quality and timeliness of forensic services. This is the twenty-first year the County has received this grant. This year’s funding represents a decrease of $2,555 from last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $54,656 grant from, and to execute a contract and any amendments thereto with, the New York State Division of Criminal Justice Services for the 2022 Paul Coverdell Forensic Science Improvement Program (Monroe County Crime Lab) for the period of October 1, 2022 through September 30, 2023.

2. Amend the 2022 operating budget of the Monroe County Department of Public Safety by appropriating the sum of $54,656 into general fund 9300, funds center 2408040100, Monroe County Crime Laboratory.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5 (c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Division of Criminal Justice Services. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Rochester, New York 14614

Subject: Authorize a Contract with Securitas Security Services USA, Inc. for Security Services to be Provided at Various Monroe County Facilities and for County Programs

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with the Securitas Security Services USA, Inc. in an amount not to exceed $3,706,000 for security services to be provided at various Monroe County facilities and for County programs for the period of November 1, 2022 through October 31, 2023, with the option to renew for four (4) additional one-year terms with increases for each renewal subject to the applicable New York State Prevailing Wage.

This contract will support the Monroe County Safety and Security Division’s mission, which is to provide a safe environment for all staff and visitors at County facilities and for County programs. Securitas Security Services USA, Inc. will provide: unarmed, uniformed guard services; access control; lobby patrols; fire and life safety; control center operations; emergency response; mobile patrols; training for Monroe County Department of Public Safety staff and partners; and other related projects and activities as determined by the County’s Safety and Security Administrator.

A Request for Proposal was issued for this contract and Securitas Security Services USA, Inc. was selected as the most qualified to provide the services.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract and any amendments thereto, with Securitas Security Services USA, Inc., 1080 University Avenue, Rochester, New York 14607, for security services to be provided at various Monroe County facilities and for County programs in an amount not to exceed $3,706,000 for the period of November 1, 2022 through October 31, 2023, with the option to renew for four (4) additional one-year terms with increases for each renewal subject to the applicable New York State Prevailing Wage.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2022 operating budget of the Department of Public Safety, general fund 9001, funds center 2409010000, Office of Safety & Security, and will be requested in future years' budgets.

No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Securitas Security Services USA, Inc., nor its principal officer, Greg Anderson, CEO/President, owes any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Acceptance of a Grant from the New York State Office of Victim Services for the Victim and Witness Assistance Program for the District Attorney’s Office

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of District Attorney Sandra Doorley.

I recommend that Your Honorable Body accept a grant from the New York State Office of Victim Services in the amount of $779,568 for the Victim and Witness Assistance Program in the District Attorney’s Office for the period of October 1, 2022 through September 30, 2025.

The Victim and Witness Assistance Grant Program funds a portion of the salary of three (3) existing full-time Crime Victim Specialist positions, two (2) existing full-time Victim Witness Advocate positions and one (1) new full-time Bilingual Clerk in the District Attorney’s Office. In addition, the funding covers the costs of five (5) cell phones and grant-mandated travel for training. Crime Victim Specialists and Victim Witness Advocates provide support services to felony and misdemeanor crime victims who find the judicial process a bewildering and often traumatic experience. Advocates orient victims and witnesses to procedures, assist in arranging court appearances, and help victims obtain victim compensation, among other services. This will be the forty-second year the County has received this grant. This grant is for a three-year period and represents an increase of $281,351 from the last three-year award.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $779,568 grant from, and to execute a contract and any amendments thereto with, the New York State Office of Victim Services for the Victim and Witness Assistance Grant Program in the District Attorney’s Office for the period of October 1, 2022 through September 30, 2025.

2. Amend the 2022 operating budget of the District Attorney’s Office by appropriating the sum of $259,856 into general fund 9300, funds center 2501010000, DA Central Administration.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any encumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Office of Victim Services. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam F. Bello
Monroe County Executive

Subject: Acceptance of a Grant from the New York State Division of Criminal Justice Services for the District Attorney’s Office, the Office of the Sheriff, and the Department of Public Safety, Office of Probation and Community Corrections, for the Gun Involved Violence Elimination Partnership

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of District Attorney Sandra Doorley and Sheriff Todd K. Baxter.

I recommend that Your Honorable Body accept a grant from the New York State Division of Criminal Justice Services in the amount of $1,211,675 for the District Attorney’s Office, the Office of the Sheriff, and the Department of Public Safety, Office of Probation and Community Corrections for the Gun Involved Violence Elimination (“GIVE”) Partnership for the period of July 1, 2022 through June 30, 2023.

This project provides resources enabling the Monroe County law enforcement community to target violent criminals and those possessing weapons in a coordinated effort to reduce violent crime in Monroe County. The ultimate goal of this partnership is to support targeted firearm and violent crime reduction efforts within Monroe County. This is the ninth year the County has received this grant. This year’s funding represents an increase of $98,066 from last year.

Funds will be used specifically to help support the following programs in the following departments:

- District Attorney’s Office: Partially supports eight (8) existing Assistant District Attorney positions assigned to prosecute violent felons and criminals possessing illegal weapons and provides the Boys and Girls Clubs of Rochester, Inc. with an $8,000 sub-grant to continue its Street SMART Program.
• Sheriff’s Office: Supports an existing Sheriff’s Criminal Investigator (50%) and a Jail Deputy (100%), and underwrites part of the overtime costs of the Office of the Sheriff’s participation in joint anti-crime efforts with the other GIVE agency partners.

• Office of Probation and Community Corrections: Supports the cost of an existing Senior Probation Officer (95%), a Probation Officer for Nightwatch/Gun Part (95%), supports Cognitive Behavioral Interventions designed for high risk offenders, enhanced electronic monitoring capability, and underwrites the overtime costs of the Office of Probation and Community Correction’s participation in joint anti-crime efforts with the other GIVE agency partners.

The funding amounts are as follows: $582,220 for the District Attorney’s Office, $300,475 for the Office of the Sheriff, and $328,980 for the Department of Public Safety, Office of Probation and Community Corrections.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $1,211,675 grant from, and to execute contracts and any amendments thereto with, the New York State Division of Criminal Justice Services for the Gun Involved Violence Elimination Partnership, for the District Attorney’s Office, the Office of the Sheriff, and the Department of Public Safety, Office of Probation and Community Corrections for the period of July 1, 2022 through June 30, 2023.

2. Amend the 2022 operating budget of the District Attorney’s Office by appropriating the sum of $242,530 into general fund 9300, funds center 2508010000, Major Felony Bureau.

3. Amend the 2022 operating budget of the Office of the Sheriff by appropriating the sum of $165,349 into general fund 9300, funds center 3803010000, Police Bureau Administration.

4. Amend the 2022 operating budget of the Department of Public Safety, Office of Probation and Community Corrections by appropriating the sum of $193,785 into general fund 9300, funds center 2403050000, Special Services Intensive Supervision.

5. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

6. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.
This is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to review under the State Environmental Quality Review Act.

Partial funding for this grant is included in the 2022 operating budget of the District Attorney's Office, general fund 9300, funds center 2508010000, Major Felony Bureau, Office of the Sheriff, general fund 9300, funds center 3803010000, Police Bureau Administration, and the Department of Public Safety, Office of Probation and Community Corrections, general fund 9300, funds center 2403050000, Special Services Intensive Supervision. The appropriated amount will adjust the current funding to that established by the grant.

This grant is 100% funded by the New York State Division of Criminal Justice Services. No additional net County support is required in the current Monroe County budget.

The Boys and Girls Clubs of Rochester, Inc. is a not-for-profit agency, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Subject: Acceptance of a Grant from the New York State Office of Victim Services for the Sheriff's Victim Assistance Program

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body accept a grant from the New York State Office of Victim Services in an amount not to exceed $546,723 for the Sheriff’s Victim Assistance Program for the period of October 1, 2022 through September 30, 2025.

The grant funds three (3) Crime Victim Specialist positions within the Office of the Sheriff. The Crime Victim Specialists provide a comprehensive program that engages victims at the crime scene or immediately thereafter and walks them through the criminal justice system as needed. Services provided include: crisis support service; outreach through the home, workplace and hospital; referral service; case status information and accompaniment; short term counseling for victims and their families; advocacy at court proceedings including the provision of information and accompaniment to court; and assistance with property recovery and reimbursement for lost wages and medical bills through New York State Office of Victim Services compensation claim assistance. The County has been receiving grant funding for this program since 1989. This year’s funding is a decrease of $19,153 from the previous three year contract period.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in an amount not to exceed $546,723 from, and to execute a contract and any amendments thereto with, the New York State Office of Victim Services for the Sheriff’s Victim Assistance Program for the period of October 1, 2022 through September 30, 2025.
2. Amend the 2022 operating budget of the Sheriff’s Office by appropriating $182,240.86 into general fund 9300, funds center 3803110000, Victim Assistance Program.

3. Authorize the County Executive to reappropriate any unencumbered balances during the grant period according to the grantor requirements and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not included new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

This grant requires a 20% local match. This funding is included in the 2022 operating budget of the Sheriff’s Office, general fund 9001, funds center 3803010000, Police Bureau Administration and will be requested in future year’s budgets. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Acceptance of a Grant from the New York State Governor’s Traffic Safety Committee for the New York State’s Highway Safety Program

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body accept a grant from the New York State Governor’s Traffic Safety Committee in the amount of $11,100 for the New York State’s Highway Safety Program for the period of October 1, 2022 through September 30, 2023.

This grant will provide the Sheriff’s Office with funds to conduct a comprehensive pedestrian safety education and enforcement program. Targeted traffic enforcement will be based on the areas identified by analysis for high rates of pedestrian/bicycle involved crashes in Monroe County. This grant will pay the cost incurred by the Sheriff’s Office for overtime and travel. This is the second time the County has received this grant. This year’s funding represents a decrease of $720 from the previous year’s funding.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept an $11,100 grant from, and to execute a contract and any amendments thereto with, the New York State Governor’s Traffic Safety Committee for the New York State’s Highway Safety Program for the period of October 1, 2022 through September 30, 2023.
2. Amend the 2022 operating budget of the Office of the Sheriff by appropriating the sum of $11,100 into general fund 9300, funds center 3803010000, Police Bureau Administration.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not included new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Governor's Traffic Safety Committee. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the New York State Governor’s Traffic Safety Committee for the Police Traffic Services Program

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body accept a grant from the New York State Governor’s Traffic Safety Committee in the amount of $19,891 for the Police Traffic Services Program for the period of October 1, 2022 through September 30, 2023.

This grant provides funds to law enforcement agencies to conduct targeted traffic enforcement and participate in the national “Click It or Ticket” seat belt enforcement mobilization. Targeted traffic enforcement is based on the local crash data for Monroe County. This grant will pay a portion of the cost incurred by the Sheriff’s Office for overtime, training, and travel. This is the tenth year the County has received this grant. This year’s funding is a decrease of $1,985 from last year’s funding.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $19,891 grant from, and to execute a contract and any amendments thereto with, the New York State Governor’s Traffic Safety Committee for the Police Traffic Services Program for the period of October 1, 2022 through September 30, 2023.

2. Amend the 2022 operating budget of the Office of the Sheriff by appropriating the sum of $19,891 into general fund 9300, funds center 3803010000, Police Bureau Administration.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Governor’s Traffic Safety Committee. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the New York State Canal Corporation for the New York State Canal Corporation Marine Patrol Matching Grant Program

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body accept a grant from the New York State Canal Corporation in the amount of $39,040 for the New York State Canal Corporation ("NYSCC") Marine Patrol Matching Grant Program for the period of April 1, 2022 through March 31, 2023.

This grant will provide funds for the dedication of extra law enforcement patrols along the Erie Canal and Canal Way Trail in Monroe County. In the past, NYSCC funded New York State Police patrols in that area; however, eleven years ago the New York State Police suspended all dedicated marine patrol in the state, and NYSCC made the funds available to locally-administered police agencies. This money will be used to fund overtime for those deputies assigned to patrol the Erie Canal and Canal Way Trail. This will be the eleventh year the County has received this grant. This year’s funding is an increase of $640 from last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $39,040 grant from, and to execute a contract and any amendments thereto with, the New York State Canal Corporation for the New York State Canal Corporation Marine Patrol Matching Grant Program for the period of April 1, 2022 through March 31, 2023.
2. Amend the 2022 operating budget of the Office of the Sheriff by appropriating the sum of $39,040 into general fund 9300, funds center 3803010000, Police Bureau Administration.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Canal Corporation. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J Bello

Subject: Acceptance of a Grant from the New York State Governor’s Traffic Safety Committee for the Child Passenger Safety Program (Department of Public Safety)

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Governor’s Traffic Safety Committee in the amount of $16,500 for the Child Passenger Safety Program for the period of October 1, 2022 through September 30, 2023.

This grant will fund the purchase of child safety seats, supplies, and handouts for the Office of Traffic Safety’s fitting station. A staff member, through a monthly fitting station, will inspect and oversee the installation of child safety seats along with increasing the knowledge of Monroe County residents on the proper use and installation of child safety seats. This will be the eighteenth year the County has received this grant. This year’s funding represents an increase of $6,505 from last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $16,500 grant from, and to execute a contract and any amendments thereto with, the New York State Governor’s Traffic Safety Committee for the Child Passenger Safety Program for the period of October 1, 2022 through September 30, 2023.

2. Amend the 2022 operating budget of the Department of Public Safety by appropriating the sum of $16,500 into general fund 9300, funds center 2405100000, Traffic Safety Program.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolition of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Governor's Traffic Safety Committee. No net County support is required in the current Monroe County budget.

Subject: Acceptance of a Grant from the New York State Governor’s Traffic Safety Committee for the Highway Safety Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Governor’s Traffic Safety Committee in the amount of $106,100 for the Highway Safety Program for the period of October 1, 2022 through September 30, 2023.

The Highway Safety Program grant provides funding for the Monroe County Office of Traffic Safety to promote public information and community education focusing on: teen safe driving; safe driving by the elderly; motorcycle safety; seat belt safety and child restraint education; bicycle safety; school bus safety; railway crossing safety; aggressive and distracted driving safety; and pedestrian safety. This is the eleventh year the County has received this grant. This year’s funding represents an increase of $2,900 from last year.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $106,100 grant from, and to execute a contract and any amendments thereto with, the New York State Governor’s Traffic Safety Committee for the Highway Safety Program for the period of October 1, 2022 through September 30, 2023.

2. Amend the 2022 operating budget of the Department of Public Safety by appropriating the sum of $106,100 into general fund 9300, funds center 2405100000, Traffic Safety Program.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not included new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Governor’s Traffic Safety Committee. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Amend the 2022 Capital Budget and Bond Resolution 388 of 2020 to Provide an Increase in Funding for the Replacement of Voting Machines Project

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Monroe County Board of Elections Commissioners Jackie Ortiz and Lisa Nicolay.

I recommend that Your Honorable Body amend the 2022 Capital Budget and Bond Resolution 388 of 2020 to provide an increase in funding for the Replacement of Voting Machines project.

The Replacement of Voting Machines project was approved by Resolution 388 of 2020 in anticipation of the New York State Board of Elections certifying new voting machines to replace the County’s existing machines, which are now close to fourteen years old. New York State has narrowed down its list of potential replacement voting machines, and is close to making its certification decision.

Based on the narrowed list of potential machines and cost quotes obtained by the Monroe County Board of Elections, the total cost of the project is now estimated to be $10,000,000. Offsetting this increase in cost, however, is an award from the New York State Board of Elections (TIER Grant) in the amount of $757,621.02.

The specific legislative actions required are:

1. Amend the 2022 Capital Budget to increase funding for the Replacement of Voting Machines Project, in the amount of $3,000,000, from $6,500,000 to $9,500,000, for a total project authorization of $9,500,000.
2. Amend Bond Resolution 388 of 2020 to increase financing for the Replacement of Voting Machines Project, capital fund 1996, in the amount of $3,000,000, from $6,500,000 to $9,500,000, for a total project authorization of $9,500,000.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be available in capital fund 1996 once the additional financing authorization requested herein is approved, and in any capital fund(s) created for the same intended purpose.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
To The Honorable
Monroe County Legislature
407 County Office Building

Subject: Authorize Intermunicipal Agreements with Municipalities for Rochester-Monroe County Youth Bureau Programs in 2022

Honorable Legislators:

I recommend that Your Honorable Body authorize intermunicipal agreements with municipalities for Rochester-Monroe County Youth Bureau Programs related to the currently approved Child and Family Services Plan in a total amount not to exceed $184,056 for the period of January 1, 2022 through December 31, 2022. The list of municipalities, along with a description of the youth services each will provide and the breakdown of funding to each, is in Attachment A.

The Rochester-Monroe County Youth Bureau enters into fifteen (15) intermunicipal agreements each year. New York State Office of Children and Family Services makes available recreation and youth services funds for all towns and villages via a pass through to local counties. Allocation ceilings are determined through a formula, based on the youth population of each town or village provided by the state. The recreation and youth services programs to be provided are available to all youth that reside in the respective towns and villages. Recreational programs include a variety of athletic, social, artistic, and cultural events. Youth services programs include youth and family counseling, after-school programs, leadership development, and employment readiness workshops. This year’s funding remains unchanged from last year’s funding.

Programs will be evaluated consistently and continually through three methods utilized by the Youth Bureau, documented in its Monitoring and Evaluation Systems Procedures Manual. These methods include: 1) self-report, requiring agency submission of three (3) different self-report instruments; 2) yearly outcome evaluation assessment of contract outcomes; and 3) expenditure review. These contracts will allow for the provision of a comprehensive range of youth services and programs by the municipalities specified in Attachment A.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to execute intermunicipal agreements, and any amendments thereto, with each municipality listed in Attachment A for Rochester-Monroe County Youth Bureau Programs related to the currently approved Child and Family Services Plan in a total amount not to exceed $184,056 for the period of January 1, 2022 through December 31, 2022.

2. Authorize the County Executive, or his designee, to execute any applications, contracts, agreements and amendments thereto, with New York State and/or the municipalities listed in Attachment A to increase or decrease the agreement amount and to extend the length of the agreement(s) in order to maximize state reimbursements for these purposes.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with the New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these agreements is included in the 2022 operating budget of the Department of Human Services, Monroe County Youth Bureau, general fund 9001, funds centers 5603010000, Youth Contracts.

Funding for these agreements is 100% reimbursable by the Office of Children and Family Services. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Subject: Authorize Contracts with Not-For-Profit Agencies for Rochester-Monroe County Youth Bureau Programs in 2022

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with the agencies listed in Attachment A, in a total amount not to exceed $479,071 for Rochester-Monroe County Youth Bureau programs for the period of January 1, 2022 through December 31, 2022.

The Rochester Monroe County Youth Bureau enters into approximately ten (10) contracts each year in amounts over $20,000, with matching funds required for Runaway and Homeless Youth providers only. Contracted services directly correspond to the assessed needs and service objectives of the Rochester-Monroe County Youth Bureau and as required and approved by the New York State Office of Children and Family Services. This year’s funding is unchanged from last year’s funding.

The agencies were selected through a competitive request for qualifications process, based on the New York State required County Child and Family Services Plan, in which services to be contracted must directly correspond to the assessed needs, priority focus areas, and outcomes of the plan; State Executive Law procedures and criteria for selecting programs; and State certification requirements for runaway and homeless shelter programs.

Contract programs will be evaluated consistently and continually through three methods utilized by the Youth Bureau, documented in its Monitoring and Evaluation Systems Procedures Manual. These methods include: 1) self-report, requiring agency submission of three (3) different self-report instruments; 2) yearly outcome evaluation assessment of contract outcomes; and 3) expenditure review. These contracts will allow for the provision of a comprehensive range of youth services and programs by the not-for-profit agencies specified in Attachment A.

Please refer to the attached Purchase of Services Information Form for disclosure of information required pursuant to Resolution 223 of 2007, as amended by Resolution 11 of 2008.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to execute contracts, and any amendments thereto, with each approved agency as listed in Attachment A for youth services, in a total amount not to exceed $479,071 for the period of January 1, 2022 through December 31, 2022.

2. Authorize the County Executive, or his designee, to execute any applications, contracts and amendments thereto, with New York State and/or agencies listed in Attachment A to increase or decrease the contract amount and extend the length of the contract(s) in order to maximize state reimbursements for these purposes.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with the New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these contracts is included in the 2022 operating budget of the Monroe County Department of Human Services, Monroe County Youth Bureau, general fund 9001, funds center 5603010000, Youth Contracts. No additional net County support is required in the current Monroe County budget.

Each of these contractors has been reviewed for not-for-profit status and the records in the Office of the Monroe County Treasury have indicated that none of these agencies owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Adam J. Bello
Monroe County Executive

AJB:db
ATTACHMENT A  
PRIVATE AGENCY CONTRACTS 2022

1. Center for Youth Services, Inc. - Prevention Education & Prevention Counseling Program $112,738
The Prevention Education and Prevention Counseling Program bring comprehensive youth services to youth and their families throughout Monroe County and the City of Rochester as well as at school-based sites. Prevention/education groups and workshops, crisis intervention, counseling, case coordination, access to runaway/homeless youth housing and follow-up services are provided.

2. Compeer Rochester Inc. - Youth and Family Mentoring Program $23,274
This program provides support and guidance to disadvantaged youth and their families who are struggling with poverty, mental illness and/or parental incarceration. They do this by matching youth with adult community volunteers who develop a one-on-one, trusting relationship and become a positive role model for youth.

3. The Urban League of Rochester, Inc. - Youth Intervention Program $27,078
The youth intervention program provides mentoring support following the research based Bry Behavioral Monitoring and Reinforcement Program to students at risk of being suspended or dropping out of school. The Bry model involves regular monitoring and mentoring and student, teacher and parent contacts. The mentoring program will provide youth achievement mentoring services and support to improve their academic, social and emotional behavior both within the school setting and their community.

4. Coordinated Care Services, Inc. - Programming & Events $39,437
This program combines support from the New York State Office for Children and Family Services with Rochester Area Community Foundation match support to provide skills training, effective program models training, best practices, organizational capacity building and consultation services to youth services. Youth Bureau funded programs and municipalities that provide services to youth and families participate in practice skills enhancement, program model improvements and explore organizational change processes to more effectively provide youth development and reach outcomes.

5. The Community Place of Greater Rochester – Beacon Centers for Excellence $46,531
This program provides neighborhood-based after-school and summer programs to youth, ages 5-20 years and their families residing in Northeast Rochester. The program encourages the development of social and emotional competencies, assets, and the increase of protective factors with youth. Services include youth development activities such as homework assistance, leadership skills, community service and interpersonal skill building as well as intervention services within the home and school to address school or family behavioral management problems. Two evidence-based program curriculums, PATHS (Promoting Alternative Thinking Strategies and TOP (Teen Outreach Program) are used with the programming.

6. Charles Settlement House - READY by 21 $10,464
The program provides a teen club using the evidence-based Teen Outreach Program (TOP) with mentoring and engagement in community service and service-learning opportunities for NW city youth. Curricula/programming includes media literacy, employment readiness, social and emotional skill development and intergenerational programming with Charles' Senior Center.

7. Coordinated Care Services, Inc.-Youth as Resources $51,174
Youth as Resources (YAR) is a community-based youth philanthropy program. YAR provides small grants (up to $1000) to young people to design and carry out community service projects that address social issues or problems in the Monroe County community. YAR seeks to empower and engage youth as partners with adults in creating positive community change and development. Youth and adult members govern the YAR board that provides grants to local organizations that are overseen by youth. Youth as Resources assists in increasing participant's connectedness to their community through participation in the planning, implementation, and evaluation of their own projects.
8. Champion Academy Extreme Mentoring and Empowerment Initiative $27,969
The Champion Academy Extreme Mentoring and Empowerment Initiative seeks to solve Rochester's teen crisis by providing participants with the much-needed accountability, consistency and support necessary to overcome past obstacles and maximize their human potential. The Extreme Mentoring & Empowerment Model (EME Model) is an innovative, impactful, cost-effective and scalable solution to help teens in poverty maximize their potential. This model combines firsthand knowledge of the nuances of poverty along with an in-depth understanding of the strategic opportunities available to maximize academic and professional success. The EME Model is built largely upon eleven programmatic principles that provide an unmatched ecosystem of collective support for each of its participants.

9. Consumer Credit Counseling Service of Rochester “Go for Gold” $27,970
The “Go for Gold” peer financial education program is focused on achieving self-sufficiency for at-risk youth and their families through an asset-based curriculum. The experience of working with vulnerable populations positions CCCS to make a deep and measurable impact in the Rochester community. “Go for Gold” peer educator trainings are conducted on-site at partner program locations (host sites) in conjunction with their normal program operations. Four (4) separate workshops are presented in one-hour segments using interactive, hands-on activities and demonstrations including role-play and problem-solving. Handouts and resource materials are provided at each session. Each class features education in four key areas in order to equip participants to deliver a 10-minute, financial workshop.

10. Villa of Hope Work Based Learning Program $27,970
The Villa of Hope’s Work Based Learning (WBL) Program is designed to build assets by increasing personal and professional skills and preparing these youth with the knowledge and skills needed in order to sustain economic self-sufficiency. The WBL Program prepares youth, ages 16-20, with the skills that are necessary to obtain a sustainable wage. We will work to prepare youth to succeed in today’s economy, by exposing them to high-growth middle-skill occupations in promising fields such as manufacturing and information technology.

11. Center For Community Alternatives $68,466
Center for Community Alternatives is in the initial stages of developing a program that would pair youth charged with crimes (and/or coming home from detention or incarceration) to a “justice peer.” Peer services are widely used in the mental health/substance use arenas and are effective. There is some movement recently to get a “justice peer” certification off the ground, for folks who, in addition to being certified as a recovery or other already-existing professional peer, happen also to have a lived experience of arrest, incarceration, etc. This will be piloted in Rochester, NY.

12. TBD-Pending Final Allocations $25,000
Provide opportunities for healthy youth development. A wide range of pursuits are offered during after-school, weekend and evening hours. Engage youth in a variety of activities, programs, special events impact life skills training in a safe and healthy environment. Prevention/education, counseling intervention, access to runaway/homeless.

Monroe County Legislature - September 13, 2022
OUTCOME ASSESSMENT METHODOLOGY:

All program activities are designed to promote goal achievement and be quantified, measured and tracked. Routine (monthly, quarterly, annually) reviews of progress activities and outcomes allow modifications to be made as needed to support successful outcomes and goal achievement. Measurement tools are developed, and data is collected, reviewed and analyzed by program administrators and the agency Board of Directors, and is used to mark progress toward program goals and to make quality improvements. Measuring program performance is accomplished by querying the agency's Management Information System (which has been maintained for over 23 years) to generate utilization, outcome and impact reports no less than quarterly which is essential to planning, updating, revising and developing new procedures, protocols and services.

Reports compare actual outcomes to the projected outcomes and are used to inform service methodology or program objective modifications needed. These reports also identify emerging trends, changes in client demographics, geographic distribution and service utilization. Program goals are quantified so that data can be collected and progress evaluated. The efficacy of services/activities is reflected in the impact (i.e., knowledge gained, skills developed, and behavior change) on the participant and by their direct feedback as to its relevancy. Service methodology is modified as needed to improve efficacy. In this way, services remain client-centered and directed, current and meaningful and successful services/activities are noted and replicated.

BOARD MEMBERS:

PROGRAM:
The Compeer Rochester Youth and Family Mentoring Program

CONTRACTOR:
Compeer Rochester, Inc.

PROGRAM DESCRIPTION:
The Compeer Rochester Youth and Family Mentoring Program is an evidence-based mentoring service that provides support and guidance to disadvantaged youth and their families who are struggling with poverty, mental illness and/or parental incarceration. The goal of our program is to improve the well-being of these youth and families by showing them how they can succeed on their own by using natural community supports. Compeer matches youth with adult volunteers whose focus is on developing a vibrant, trusting one-on-one mentoring relationship. Compeer also provides the services of a Family Peer Advocate whose role is to assist families through challenges that arise that might have an offsetting impact on an otherwise effective mentoring relationship. These services are available to our clients at no cost.

PRIMARY OBJECTIVE(S)
1 - Youth who feel their mentor takes their preferences and interests into account are more likely to show improvement in their behaviors and attitudes than are youth who feel their mentor is less interested in them.
2 - Youth who feel better about being around their mentor are more likely to show improvement in their behaviors and attitudes than are youth who feel less positive.
3 - Youth who feel more satisfied with their mentor and the relationship are more likely to show improvement in their behaviors and attitudes than are youth with less favorable impressions.

PRIMARY PERFORMANCE MEASURE/INDICATOR
1 - 75% of youth will report HIGH SATISFACTION (score 3.5 or above) on questions relating to youth-centeredness of the match.
2 - 75% of youth will report HIGH SATISFACTION (score 3.5 or above) on questions relating to youth emotional engagement.
3 - 56% of youth will report HIGH SATISFACTION (score 3.5 or above) on questions relating to the overall satisfaction with their match and the Compeer Program.

OUTCOME ASSESSMENT METHODOLOGY
The Compeer Model is a proven best practice. The Compeer Model is listed in the National Registry of Evidence-based Programs and Practices (NREPP), a searchable online database of mental health and substance abuse programs that have been rated for the quality of research supporting intervention outcomes and the availability of training and implementation materials. All interventions in the registry have met NREPP’s requirements for readiness for dissemination. The NREPP is a program of the Substance Abuse and Mental Health Services Administration (SAMHSA), a branch of the U.S.
Department of Health and Human Services. SAMHSA's mission is to reduce the impact of substance abuse and mental illness on America's communities. The purpose of NREPP is to help the public learn more about mental health and substance abuse programs and determine which of these may best meet their needs.

The Compeer Model includes thorough mentor screening, comprehensive training and ongoing monitoring of the mentor-mentee match. Fidelity to the Model maintains the integrity of the match and the increased likelihood that match goals will be achieved. Compeer Rochester is unique in our community because we provide the services of a bilingual (Spanish) Family Peer Advocate whose role is to assist families through challenges that arise that might have an offsetting impact on an otherwise effective mentoring relationship.

PROGRAM: The Community Place of Greater Rochester, Inc. (CPGR) Youth Development Department

CONTRACTOR: The Community Place of Greater Rochester, Inc.

PROGRAM DESCRIPTION: The Community Place of Greater Rochester, Inc. (CPGR) Youth Development Department proposes a new and innovative project designed to provide youth in the city of Rochester's most economically disadvantaged neighborhoods with the opportunity to participate in a combination of unique collaborative programming which will inspire, open their world beyond the neighborhoods and help each youth create an individual and unique vision for their future. The services will integrate social, academic, enrichment and skill-building activities through a range of engaging exercises that make learning relevant, offer approaches and experiences to promote youth are successful in many areas: educational achievement, improved resilience, social-emotional development, and student engagement.

PRIMARY OBJECTIVE(S) 1 - Participants will improve or maintain their social-emotional learning using the T-CRS and Mini-DESSA tools.
2 - Participants will demonstrate the ability to budget and complete a portfolio.
3 - Participants will show a literacy gain in reading.
4 - Attendance from workshop series.
5 - Participants will show a decrease in 30 day substance use as measured through pre/post test administered at baseline and program end.

PRIMARY PERFORMANCE MEASURE/INDICATOR 1 - 79% will increase or maintain competencies
2 - 73% will complete financial portfolio;
3 - 60% will show a literacy increase
4 - 400 youth will receive curriculum
5 - 70% of participants will decrease their 30-day substance use

PROGRAM: Extreme Mentoring and Empowerment Initiative

CONTRACTOR: Champion Academy Extreme Mentoring & Empowerment Initiative, INC

PROGRAM DESCRIPTION: The Extreme Mentoring & Empowerment Model (EME Model) is an innovative, impactful, cost-effective and scalable solution to help teens in poverty maximize their potential. This model combines firsthand knowledge of the nuances of poverty along with an in-depth understanding of the strategic opportunities available to maximize academic and professional success. The EME Model is built largely upon eleven programmatic principles that provide an unmatched ecosystem of collective support for each of its participants.

PRIMARY OBJECTIVE(S): The Champion Academy Extreme Mentoring and Empowerment Initiative seeks to solve Rochester's teen crisis by providing participants with the much-needed accountability, consistency and support necessary to overcome past obstacles and maximize their human potential.

PRIMARY PERFORMANCE MEASURE/INDICATOR: Program participants will be evaluated against clear and measurable outcomes. Active participants in this program will: improve Grade Point Averages from previous academic years; decrease suspensions; improve attitudes towards peers and adults; improve attitudes towards risky behaviors; improve interpersonal communication skills; viewed by school as positive and productive addition to school culture. The success of program participants will be evaluated against clear and measurable outcomes to determine success. Listed below are the evaluation procedures for minimum outcomes: Pre-Post Testing; Questionnaires & Surveys; and Focus Groups: One-on-One Interviews.

PROGRAM:
Go For the Gold

CONTRACTOR:
Consumer Credit Counseling Service (CCCS) of Rochester

PROGRAM DESCRIPTION:
Go for Gold is an education program that certifies youth ages 11-18 as peer financial educators knowledgeable in a variety of personal finance topics.

PRIMARY OBJECTIVE(S)
The Champion Academy Extreme Mentoring and Empowerment Initiative seeks to solve Rochester’s teen crisis by providing participants with the much-needed accountability, consistency and support necessary to overcome past obstacles and maximize their human potential.

PRIMARY PERFORMANCE MEASURE/INDICATOR
CCCS works in partnership with teachers, after-school programs, and non-profits to identify youth interested in becoming a certified financial educator. These partnerships strengthen existing community programs, adding financial capability topics to enhance our partners’ educational impact. CCCS provides a $50 stipend to a peer educator for each workshop they deliver in their class, after-school program, church, or affinity group. They encourage peer educators to save at least half of the awarded amount in a savings account.

Proposed YDP $ Amt. 2022: $27,970

PROGRAM: Work Based Learning Program

CONTRACTOR: Villa of Hope

PROGRAM DESCRIPTION: The Villa of Hope's Work Based Learning (WBL) Program is designed to build assets by increasing personal and professional skills and preparing these youth with the knowledge and skills needed in order to sustain economic self-sufficiency.

PRIMARY OBJECTIVE(S) The WBL Program prepares youth, ages 16-20, with the skills that are necessary to obtain a sustainable wage. We will work to prepare youth to succeed in today's economy, by exposing them to high-growth middle-skill occupations in promising fields such as manufacturing and information technology.

PRIMARY PERFORMANCE Each youth will complete two assessments prior to the start of their internship: The BSA Career Interest Survey and the Search Institute's 40 Development Assets Self-Reporter Profile. This second assessment measures the youths' internal and external strengths and helps to provide a more complete picture of a young person's life, which allows VOH to provide more effective interventions and programming. In addition, prior to job placement, each youth will work with VOH's Vocational Counselor, to complete a vocational screening assessment and job interest survey -- this will assess for readiness into the program.

MEASURE/INDICATOR 94% of youth completing the program will demonstrate work readiness competencies; 100% of youth will create and 85% adhere to a financial management plan; 94% of surveyed participants completing the program will declare a broader understanding of career options and how to access them; 95% of youth enrolled in WBL Program will successfully complete the program; 100% of youth will create career plans in youth portfolios; 95% of all sites employing Villa youth will have received training prior to and during orientation.

PROGRAM: Peer Program

CONTRACTOR: Center for Community Alternatives

PROGRAM DESCRIPTION: Center for Community Alternatives is in the initial stages of developing a program that would pair youth charged with crimes (and/or coming home from detention or incarceration) to a "justice peer."

PRIMARY OBJECTIVE(S): Peer services are widely used in the mental health/substance use arenas and are effective. There is some movement recently to get a "justice peer" certification off the ground, for folks who, in addition to being certified as a recovery or other already-existing professional peer, happen also to have a lived experience of arrest, incarceration, etc..

The Youth Justice Peer Program Director will oversee the development and implementation of a new peer support program in Rochester. The program is intended to provide peer support and credible monitoring to youth ages 10-20 who have an open criminal or family court case, are incarcerated, or are transitioning back to the community after a period of incarceration or out of home placement.

PRIMARY PERFORMANCE:

1. Youth who feel their peer mentor takes their preferences and interests into account are more likely to show improvement in their behaviors and attitudes than are youth who feel their mentor is less interested in them.

2. Youth who feel better about being around their peer mentor are more likely to show improvement in their behaviors and attitudes than are youth who feel less positive.

3. Youth who feel more satisfied with their peer mentor and the relationship are more likely to show improvement in their behaviors and attitudes than are youth with less favorable impressions.

MEASURE/INDICATOR:

1. 75% of youth will report HIGH SATISFACTION (score 3.5 or above) on questions relating to youth-centeredness of their peer match.

2. 75% of youth will report HIGH SATISFACTION (score 3.5 or above) on questions relating to youth emotional engagement.

3. 56% of youth will report HIGH SATISFACTION (score 3.5 or above) on questions relating to the overall satisfaction with their peer match and the Center for Community Alternatives Program.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorization to Settle a Lawsuit in New York State Supreme Court, Monroe County, Index No. E2018004749

Honorable Legislators:

I recommend that Your Honorable Body authorize a settlement of $343,688.34 in an action brought against the Monroe County Sheriff in New York State Supreme Court, Monroe County, Index No. E2018004749. This lawsuit arises out of an incident that occurred in July 2017.

The specific legislative actions required are:

1. Authorize the settlement of the action brought against the Monroe County Sheriff in New York State Supreme Court, Monroe County, Index No. E2018004749, for $343,688.34.

2. Authorize the County Executive, or his designee, to execute and deliver any and all documents necessary to effectuate such settlement.

The legislative action requested in this referral is not an "Action," as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

Funding for the payment of the settlement is available in the Risk Management Fund. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committees for favorable action by Your Honorable Body. I request that discussion of this referral take place in Executive Session, pursuant to Public Officer’s Law § 105(1)(d).

Sincerely,

Adam J. Bello
Monroe County Executive
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorization to Settle a Claim filed in the New York State Division of Human Rights
        Case No. 10215735

Honorable Legislators:

I recommend that Your Honorable Body authorize a settlement of $150,000 in a claim brought against Monroe County, in the New York State Division of Human Rights, Case No. 10215735. This action arises out of events beginning in 2015.

The specific legislative actions required are:

1. Authorize the settlement of the claim brought against Monroe County in the New York State Division of Human Rights, Case No. 10215735 for $150,000.

2. Authorize the County Executive, or his designee, to execute and deliver any and all documents necessary to effectuate such settlement.

The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

Funding for the payment of the settlement is available in the Risk Management Fund. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committees for favorable action by Your Honorable Body. I request that discussion of this referral take place in Executive Session, pursuant to Public Officer’s Law § 105(1)(d).

Sincerely,

Adam J. Bello
Monroe County Executive

Intro No. _____
LOCAL LAW NO. _________ of 2022

LOCAL LAW ENTITLED, “AMENDING MONROE COUNTY CHARTER AND ADMINISTRATIVE CODE RELATING TO THE LEGISLATIVE DISTRICT BOUNDARIES AND THE TERM OF OFFICE OF MEMBERS OF THE COUNTY LEGISLATURE”

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Section C2-12B of the Monroe County Charter is hereby repealed, and a new Section C2-12B is enacted in place thereof, to read as follows:

B. District boundaries. The description of the boundaries of the twenty-nine (29) legislative districts shall be set forth in Section A4-4 of the Administrative Code. In the description of said districts, all references to towns apply to that territory wholly contained in each of the towns in the county bounded as of April 1, 2020. Said district boundaries shall be changed only by local law and in accordance with the reapportionment procedures and standards set forth in Section C2-12C.

Section 2. Section A4-4 of the Administrative Code of Monroe County is hereby repealed and a new Section §A4-4 is enacted in place thereof, to read as follows:

A4-4. Legislative district boundaries.

A. In the description of the districts set forth below, all references to towns apply to that territory wholly contained in each of the towns in the county bounded as of April 1, 2020. The boundaries of the twenty-nine (29) legislative districts shall be as follows:

(1) District 1.

(a) All of the Town of Parma.

(b) The following parts of the Town of Greece: Beginning at the point where the Town of Greece-Town of Parma boundary intersects the Lake Ontario shoreline, southeast following the contour of the Lake Ontario shoreline then southwest on the west bank of the Buck Pond inlet to Edgemere Drive, northwest on Edgemere Drive to Long Pond Road, southwest on Long Pond Road to Lake Ontario State Parkway, southeast on Lake Ontario State Parkway to NY State Route 390, south on NY State Route 390 to Janes Road, west on Janes Road to Kirk Road, south on Kirk Road to the southeast corner of Greece Election District 79, follow the southern boundary of Greece
Election District 79 northwest to Long Pond Road, north on Long Pond Road to the southeast corner of Greece Election District 103, follow the southern boundary of Greece Election District 103 northwest, continuing northwest along the southern boundary of Greece Election District 44, continuing northwest along the southern boundary of Greece Election District 43, continuing northwest along the southern boundary of Greece Election District 107 to the Town of Greece-Town of Parma boundary, north on said boundary to the point of the beginning.

(2) District 2.

(a) All of the Town of Hamlin.

(b) All of the Town of Clarkson.

(c) The following parts of the Town of Sweden: Beginning at a point where the Monroe County-Orleans County boundary intersects the Town of Sweden-Town of Clarkson boundary, east along said boundary to the Town of Sweden-Town of Parma boundary, southwest on said boundary, continuing southwest on the Town of Sweden-Town of Ogden boundary to Campbell Road, west on Campbell Road to its intersection with Brockport-Spencerport Road, west on Brockport-Spencerport Road to its intersection with Lake Road, continuing west on Fourth Section Road to the Monroe County-Orleans County boundary, north along said boundary to the point of beginning.

(3) District 3.

(a) The following parts of the Town of Chili: Beginning at a point where the Town of Chili-Town of Riga boundary meets the Town of Chili-Town of Ogden boundary, east along the Town of Chili-Town of Ogden boundary, continuing east along the Town of Chili-Town of Gates boundary to the Town of Chili-City of Rochester boundary, then in a generally southerly, easterly, northerly direction following said boundary (outlines the Frederick Douglass Greater Rochester International Airport) to the Town of Chili-Town of Gates boundary, east along said boundary to the Town of Chili-City of Rochester boundary, then in a generally southerly, westerly direction along said boundary to the Town of Chili-Town of Brighton boundary, continuing southwest along said boundary to the Ballantyne Bridge, west on Ballantyne Road to the Rochester and Southern Main Line Railroad Tracks, north along said tracks to Black Creek, west on Black Creek to Stottle Road, south on Stottle Road to Bowen Road, west on Bowen Road to Union Street, north on Union Street to Interstate 490, west on Interstate 490 to the Town of Chili-Town of Riga boundary, north along said boundary to the point of the beginning.
(4) District 4.

(a) The following parts of the Town of Gates: Beginning at the point where the Town of Gates-Town of Ogden boundary meets the Town of Gates-Town of Greece boundary, east along the Town of Gates-Town of Greece boundary to Interstate 390, south on Interstate 390 to the Erie Canal, southeast on the Erie Canal to its intersection with the southeast corner of the Gates Election District 13, follow the southern boundary of the Gates Election District 13 northwest to a point due north of Karl Fuchs Drive, proceed due south to Karl Fuchs Drive, continue south on Karl Fuchs Drive to Spencerport Road, southeast on Spencerport Road to Lyell Avenue, east on Lyell Avenue to Interstate 390, south on Interstate 390 to Interstate 490, west on Interstate 490 to Howard Road, south on Howard Road to Castlewood Drive, east on Castlewood Drive to Crestwood Boulevard, south on Crestwood Boulevard to Buffalo Road, west on Buffalo Road to Howard Road, south on Howard Road to Hinchev Road, east on Hinchev Road to Chili Avenue, southwest on Chili Avenue to Marilou Drive, south on Marilou Drive to Brooks Avenue, east on Brooks Avenue to its intersection with the Town of Gates-City of Rochester boundary (Frederick Douglass Greater Rochester International Airport), southwest along said boundary to the Town of Gates-Town of Chili boundary, west along said boundary to the Town of Gates-Town of Ogden boundary, north on said boundary to the point of the beginning.

(5) District 5.

(a) All of the Town of Mendon.

(b) All of the Town of Rush.

(c) The following parts of the Town of Henrietta: Beginning at the northwest corner of Henrietta Election District 20, east along the NYS Thruway to the Town of Henrietta-Town of Pittsford boundary, southwest along said boundary, continuing southwest along the Town of Henrietta-Town of Mendon boundary to the Town of Henrietta-Town of Rush boundary, west on the Town of Henrietta-Town of Rush boundary to West Henrietta Road, north on West Henrietta Road to Martin Road, west on Martin Road to Telephone Road, northeast on Telephone Road to Pinon Drive, northwest on Pinon Drive to Yellowstone Drive, north on Yellowstone Drive to Erie Station Road, west on Erie Station Road to the western boundary of the Henrietta Election District 20, follow said boundary northeast to the point of the beginning.

(d) The following parts of the Town of Perinton: Beginning at the point where the Town of Pittsford boundary meets the Erie Canal, southeast along the northern bank of the Erie Canal to the Marsh Road Bridge, south along the Marsh Road Bridge and continuing along Marsh Road to Pittsford Victor Road, southeast on Pittsford Victor Road to Fishers Road, south on Fishers Road to Woolston Road, west on Woolston
Road to the Town of Perinton-Town of Pittsford boundary, north along said boundary to the point of the beginning.

(e) The following parts of the Town of Pittsford: Beginning at point where the Town of Pittsford-Town of Henrietta boundary meets the NYS Thruway, southeast on the NYS Thruway to Mendon Center Road, north on Mendon Center Road to Barker Road, east on Barker Road to West Bloomfield Road, northeast on West Bloomfield Road to Mendon Road, south on Mendon Road to Thornell Road, east on Thornell Road to East Street, south on East Street to Park Road, east on Park Road to the Town of Pittsford-Town of Perinton boundary, south along said boundary to the Town of Pittsford-Town of Mendon boundary, west along said boundary to the Town of Pittsford-Town of Henrietta boundary, northeast along said boundary to the point of the beginning.

(6) District 6.

(a) The following parts of the Town of Greece: Beginning at the intersection of Latta Road and Long Pond Road, east on Latta Road to Ripplewood Drive, south on Ripplewood Drive to Morrow Drive, south on Morrow Drive to Denise Road, east on Denise Road to the Town of Greece-City of Rochester boundary, south then west along said boundary to Dewey Avenue, north on Dewey Avenue to Eglantine Road, west on Eglantine Road to Oakwood Road, north on Oakwood Road to Stone Road, southwest on Stone Road to Mt. Read Boulevard, north on Mt. Read Boulevard to Vintage Lane, west on Vintage Lane to Long Pond Road, north on Long Pond Road to the point of the beginning.

(7) District 7.

(a) The following parts of the Town of Greece: Beginning at the point where the Buck Pond Inlet meets the Lake Ontario Shoreline, follow said shoreline east to the City of Rochester boundary, then in a generally southerly direction follow said boundary to Denise Road, west on Denise Road to Morrow Drive, north on Morrow Drive to Ripplewood Drive, north on Ripplewood Drive to Latta Road, west on Latta Road to Long Pond Road, south on Long Pond Road to Mill Road, west on Mill Road to Larkin Creek, then in a generally southeasterly, westerly, southerly, westerly direction follow said creek to North Greece Road, south on North Greece Road to West Ridge Road, west on West Ridge Road to the Town of Greece-Town of Parma boundary, north along said boundary to the northwest corner of Greece Election District 70, southeast along the northern boundary of said election district, continuing southeast along the northern boundary of Greece Election District 102 to its northeast corner, continuing southeast to Long Pond Road, south on Long Pond Road to the northwest corner of Greece Election District 106, continuing southeast along the
northern boundary of said election district to Kirk Road, north on Kirk Road to Janes Road, east on Janes Road to NYS Route 390, north on NYS Route 390 to the Lake Ontario State Parkway, northwest on the Lake Ontario State Parkway to Long Pond Road, northeast on Long Pond Road to Edgemere Drive, southeast on Edgemere Drive to the Buck Pond Inlet, follow the Buck Pond Inlet northeast to the point of the beginning.

(8) District 8.

(a) The following parts of the Town of Webster: Beginning at the point where West Creek meets the Lake Ontario shoreline, follow said shoreline northeast to the Monroe-Wayne County boundary, south along said boundary to the Town of Webster-Town of Penfield boundary, west along said boundary to Jackson Road, north on Jackson Road to Ridge Road, southwest on Ridge Road to Five Mile Line Road, north on Five Mile Line Road to NYS Route 104, west on NYS Route 104 to Gravel Road, north on Gravel Road to Klem Road, east on Klem Road to Van Alstyne Road, northeast on Van Alstyne Road to Shoemaker Road, east on Shoemaker Road to Whiting Road, north on Whiting Road to Lake Road, northeast on Lake Road to West Creek, north on West Creek to the point of the beginning.

(9) District 9.

(a) The following parts of the Town of Penfield: Beginning at the point where Shoecraft Road meets the Town of Penfield-Town of Webster boundary, east along said boundary to the Monroe-Wayne County boundary, south along said boundary to the Town of Penfield-Town of Perinton boundary, west along said boundary, continuing west along the Town of Penfield-Town of Pittsford boundary to the Town of Penfield-Town of Brighton boundary, north on said boundary to Allen's Creek, southeast then northeast along Allen's Creek to the boundary of Penfield Election District 8, south then east then north along said boundary to Allen's Creek, northeast then southeast along said creek to its intersection with Irondequoit Creek, follow said creek to Panorama Trail, northeast on Panorama Trail to Penfield Road, southwest on Penfield Road to NY State Route 441, northeast on NY State Route 441 to Liberty Street, north and then east on Liberty Street to Highland Drive, north on Highland Drive to Gebhard Road, east on Gebhard Road to Five Mile Line Road, north on Five Mile Line Road to Whalen Road, west then north on Whalen Road to Atlantic Avenue, west on Atlantic Avenue to Qualtrough Road, north on Qualtrough Road to Woody Lane, east then north then east then north along Woody Lane to Keyel Drive, west on Keyel Drive to Qualtrough Road, south on Qualtrough Drive to City View Drive, west then south on City View Drive to Bunker Hill Drive, west on Bunker Hill Drive to Creek Street, north on Creek Street to Longworth Drive, east on Longworth Drive to Belvista Drive, north then east then south on Belvista Drive to Rodney Lane,

Wilson Boulevard to Intercampus Drive, southwest on Intercampus Drive to the City of Rochester-Town of Brighton boundary, continuing in a generally southerly, westerly, then northerly direction along said boundary (outline of Genesee Valley Park) to the City of Rochester-Town of Chili boundary, continuing in a generally northeasterly, then
northwesterly direction along said boundary to the City of Rochester-Town of Gates boundary, northwest along said boundary to Interstate 490, east on Interstate 490 to Mt. Read Boulevard, north on Mt. Read Boulevard the point of beginning.

(b) County Legislative District 27 also includes all of the area known as the Frederick Douglass Greater Rochester International Airport connected by the direct line from the Erie Canal between County Legislative Districts 3 and 26.

(28) District 28.

(a) The following part of the City of Rochester: Beginning at the point where Dewey Avenue meets Palm Street, east on Palm Street to West Ridge Road, southeast on West Ridge Road to Lake Avenue, south on Lake Avenue to Driving Park Avenue, west on Driving Park Avenue to Thorn Street, south on Thorn Street to Lexington Avenue, west on Lexington Avenue to Kay Terrace, south on Kay Terrace to Glenwood Avenue, northeast on Glenwood Avenue to Lake Avenue, south on Lake Avenue to Lorimer Street, west on Lorimer Street to Fulton Avenue, northwest on Fulton Avenue to Bloss Street, west on Bloss Street, continuing southwest on Felix Street to Otis Street, west on Otis Street to Warner Street, south on Warner Street to Lyell Avenue, east on Lyell Avenue to Child Street, south on Child Street to Interstate 490, east on Interstate 490 to Brown Street, southwest on Brown Street to Jefferson Avenue, south on Jefferson Avenue to Main Street, southwest on West Main Street to West Avenue, west on West Avenue to Colvin Street, north on Colvin Street to Chester Street, west on Chester Street to Zena Street, south on Zena Street to Danforth Street, west on Danforth Street to Ames Street, north on Ames Street to Jay Street, east on Jay Street to Immel Street, north on Immel Street to the point marked by the southern lot line of 474 Ames Street, proceed directly west to Ames Street, north on Ames Street to Masseth Street, west on Masseth Street to Hague Street, north on Hague Street to the railroad, north along the railroad to Lyell Avenue, west on Lyell Avenue to Wetmore Park, north on Wetmore Park to the railroad, northwest along the railroad to Mt. Read Boulevard, north on Mt. Read Boulevard to Emerson Street, east on Emerson Street to the railroad, north along the railroad to Lexington Avenue, west on Lexington Avenue to the railroad, northeast along the railroad to Driving Park Avenue, northwest on Driving Park Avenue to La Grange Avenue, north on La Grange Avenue to Electric Avenue, east on Electric Avenue to Ramona Street, north on Ramona Street to Ridgeway Avenue, east on Ridgeway Avenue to Dewey Avenue, north on Dewey Avenue to the point of beginning.

(29) District 29.

(a) The following part of the City of Rochester: Beginning at the point where St. Paul Street meets Collingwood Drive, east on Collingwood Drive to the City of Rochester-Town of Irondequoit boundary, then continuing in a generally southerly, then easterly
direction along said boundary to Hudson Avenue, south on Hudson Avenue to NY Route 104 Service Road, east on NY Route 104 Service Road to Carter Street, south on Carter Street to Norton Street, east on Norton Street to Portland Avenue, south on Portland Avenue to Pomeroy Street, east on Pomeroy Street to Midland Avenue, north on Midland Avenue to Corwin Avenue, east on Corwin Avenue to Hillcrest Street, south on Hillcrest Street to Randolph Street, east on Randolph Street to North Goodman Street, south on North Goodman Street to Springfield Avenue, east on Springfield Avenue to Morton Place, south on Morton Place to Clifford Avenue, west on Clifford Avenue to Ellison Street, southwest on Ellison Street to Bay Street, east on Bay Street to Iroquois Street, south on Iroquois Street to Parkside Avenue, west on Parkside Avenue to Alexis Street, south on Alexis Street to Rosewood Terrace, west on Rosewood Terrace to Denver Street, south on Denver Street to Hazelwood Terrace, east on Hazelwood Terrace to Greeley Street, south on Greeley Street to Grand Avenue, east on Grand Avenue to Culver Road, southwest on Culver Road to Atlantic Avenue, west on Atlantic Avenue to Crouch Street, north on Crouch Street to Leighton Avenue, west on Leighton Avenue to Barnum Street, north on Barnum Street to Chapel Street, northwest on Chapel Street to Mustard Street, north on Mustard Street to Breck Street, northwest on Breck Street to Palmer Street, north on Palmer Street to East Main Street, northwest on East Main Street to North Goodman Street, northeast on North Goodman Street to Bay Street, west on Bay Street to 6th Street, north on 6th Street to Clifford Avenue, west on Clifford Avenue to Portland Avenue, northeast on Portland Avenue to Bernard Street, west on Bernard Street to Carter Street, north on Carter Street to Del Monte Street, west on Del Monte Street to North Street, south on North Street to Sobieski Street, west on Sobieski Street to Hudson Avenue, south on Hudson Avenue to Dayton Street, west on Dayton Street to Baumann Street, south on Baumann Street to Avenue D, west on Avenue D to Joseph Avenue, north on Joseph Avenue to Zimbrich Street, west on Zimbrich Street to Remington Street, north on Remington Street to Borchard Street, west on Borchard Street to North Clinton Avenue, north on North Clinton Avenue to Trenaman Street, west on Trenaman Street to Hollenbeck Street, north on Hollenbeck Street to Norton Street, west on Norton Street to Teralta Street, north on Teralta Street to Strong Street, northwest on Strong Street to St. Paul Street, northeast on St. Paul Street to the point of the beginning.

Section 3. Section C2-2 of the Monroe County Charter is hereby amended by adding a new C2-2D, to read as follows:

D. Term. The term of office of the members of the County Legislature shall begin on the first day of January next following their election. All Legislators shall be elected for a term of four years at the general election to be held in the year two thousand twenty three (2023). Subject to the conditions set forth in Section C2-2A(3)b and c, all Legislators shall be elected for a term of four years at the general election to be held in the year two thousand twenty-seven (2027). The term of office for all members of the County Legislature set forth in this Section C2-2D, shall terminate on the thirty-first day of December in the year two thousand thirty one (2031), and
thereafter, the term of office for all members of the County Legislature, beginning with the
general election held in the year two thousand thirty one (2031), shall be in accordance with the
plan set forth in Section C2-2D.

Section 4. The twenty-nine (29) legislative districts as previously bounded and
described by Local Law No. 7 of 2011 shall continue as such for the limited purpose of
continuing in office the legislators presently elected from said districts and shall cease to exist as
such on December 31, 2023.

Section 5. This local law is subject to permissive referendum and shall take effect in
accordance with the applicable provisions of the Municipal Home Rule Law and the Monroe
County Charter.

RESOLUTION NO. ___ OF 2022

BOND RESOLUTION DATED SEPTEMBER 13, 2022

RESOLUTION AUTHORIZING THE ISSUANCE OF $102,900,000 BONDS OF THE COUNTY OF MONROE, NEW YORK, TO FINANCE THE COST OF THE TROPICAL EXHIBIT AND MAIN ENTRY PLAZA, PHASE 2 PROJECT, AT THE SENeca PARK ZOO, IN AND FOR SAID COUNTY, AT AN ESTIMATED MAXIMUM COST OF $102,900,000

BE IT RESOLVED BY THE AFFIRMATIVE VOTE OF NOT LESS THAN TWO-THIRDS OF THE TOTAL VOTING STRENGTH OF THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. For the object or purpose of financing the cost of the Tropical Exhibit and Main Entry Plaza, Phase 2 Project, at the Seneca Park Zoo, in and for the County of Monroe, New York (the "County"), there are hereby authorized to be issued $102,900,000 bonds of the County, pursuant to the provisions of the Local Finance Law. The duly adopted current Capital Budget of the County, to the extent inconsistent herewith, is hereby amended to provide for the appropriation of the amount hereby authorized to pay the cost of the aforesaid specific object or purpose. The period of probable usefulness of the aforesaid specific object or purpose is fifteen (15) years, pursuant to subdivision 19 (c) of paragraph a of Section 11.00 of the Local Finance Law.

Section 2. The maximum estimated cost thereof is $102,900,000, and the plan for the financing thereof is by the issuance of $102,900,000 bonds of said County herein authorized; provided, however, that to the extent any state and/or federal aid and/or grant and/or gift is received for the aforesaid purpose, the County Executive, or his designee, is hereby authorized to accept and shall use such funds to redeem any outstanding indebtedness incurred for such purpose or apply it, dollar for dollar, to reduce the amount of bonds to be issued for such purpose.

Section 3. The faith and credit of the County are hereby irrevocably pledged for the payment of the principal of and interest on such obligations as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such obligations becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such obligations as the same become due and payable.

Section 4. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Director of Finance - Chief Financial Officer, the chief fiscal officer of the County under the Local Finance Law. The Director of Finance - Chief Financial Officer may sell such bonds or notes at public or private sale, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Director of Finance - Chief Financial Officer shall determine is most favorable to the County; and in compliance with any rules of the State Comptroller applicable thereto. Such bonds or notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Director of Finance - Chief Financial Officer, consistent with the provisions of the Local Finance Law. The Director of Finance - Chief Financial Officer may, in the event it is determined to issue
variable rate bonds or notes, enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds or notes, as authorized under Section 54.90 of the Local Finance Law. The Director of Finance - Chief Financial Officer is also authorized to enter into such agreements and take such other action as may be necessary or appropriate and lawful to assure that, to the extent possible, (i) interest on the bonds and notes authorized hereby will not be includable in the gross income, for federal income tax purposes, of the recipients thereof, and (ii) to enable the purchaser thereof to comply with Securities and Exchange Commission Rule 15c2-12. The Director of Finance - Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for such bonds or notes, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

Section 5. All other matters, except as provided herein, relating to such bonds or notes, including prescribing whether manual or facsimile signatures shall appear on said bonds or notes, prescribing the method for the recording of ownership of said bonds or notes, appointing the fiscal agent or agents for said bonds or notes, providing for the printing and delivery of said bonds or notes (and if said bonds or notes are to be executed in the name of the County by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the County), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Director of Finance - Chief Financial Officer. The Director of Finance - Chief Financial Officer may elect to become the fiscal agent for the bonds or notes, or may contract on behalf of the County for this service pursuant to the Local Finance Law. Such bonds or notes shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 52.00 of the Local Finance Law, as the Director of Finance - Chief Financial Officer shall determine.

Section 6. The validity of such bonds and bond anticipation notes, as authorized by this resolution, may be contested only if:

1) such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or

2) the provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or

3) such obligations are authorized in violation of the provisions of the Constitution.

Section 7. This resolution shall constitute a statement of official intent for purposes of Section 1.150-2 of the Treasury Regulations. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the objects or purposes described herein.

Section 8. This resolution shall take effect in accordance with Section C2.7 of the Monroe County Charter and the Clerk of the Legislature is hereby authorized and directed to publish this resolution or a summary hereof to be published, together with a notice attached in substantially the form and in the manner prescribed by Section 81.00 of the Local Finance Law.

RESOLUTION NO. ______ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR SALE OF COUNTY OWNED TAX FORECLOSURE PROPERTY LOCATED AT 58 LAURELHURST ROAD IN TOWN OF GREECE

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the acquisition of interests of real property located at 58 Laurelhurst Road in the Town of Greece is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated June 16, 2022 and has considered the potential environmental impacts of the acquisition of interests of real property located at 58 Laurelhurst Road in the Town of Greece pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? NO YES
   If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.

2. Does the proposed action require a permit, approval or funding from any other government agency? NO YES
   If Yes, list agency(s) name and permit or approval:

3. a. Total acreage of the site of the proposed action? 0.117 acres
   b. Total acreage to be physically disturbed? 0.90 acres
   c. Total acreage (project site and any continuous properties) owned or controlled by the applicant or project sponsor? 0.117 acres

4. Check all land uses that occur on, are adjoining or near the proposed action:
   - [ ] Urban
   - [ ] Rural (non-agriculture)
   - [ ] Industrial
   - [ ] Commercial
   - [ ] Residential (suburban)
   - [ ] Forest
   - [ ] Agriculture
   - [ ] Aquatic
   - [ ] Other (Specify):
   - [ ] Parkland

Page 1 of 3

Monroe County Legislature - September 13, 2022
5. Is the proposed action:
   a. A permitted use under the zoning regulations? [N/A]
   b. Consistent with the adopted comprehensive plan? [N/A]

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?
   If Yes, identify: ____________________________

8. a. Will the proposed action result in a substantial increase in traffic above present levels? [Yes]
   b. Are public transportation services available at or near the site of the proposed action? [Yes]
   c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? [Yes]

9. Does the proposed action meet or exceed the state energy code requirements?
   If the proposed action will exceed requirements, describe design features and technologies:

10. Will the proposed action connect to an existing public/private water supply?
    If No, describe method for providing potable water: ____________________________

11. Will the proposed action connect to existing wastewater utilities?
    If No, describe method for providing wastewater treatment: ____________________________

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? [Yes]

   b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? [Yes]

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?
    b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?
    If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: ____________________________

Page 2 of 3
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:
   - [ ] Shoreline
   - [ ] Forest
   - [ ] Agricultural/grasslands
   - [ ] Early mid-successional
   - [ ] Wetland
   - [ ] Urban
   - [x] Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?  
   - [x] Yes
   - [ ] No

16. Is the project site located in the 100-year flood plan?  
   - [x] Yes
   - [ ] No

17. Will the proposed action create storm water discharge, either from point or non-point sources? 
   If Yes, 
   a. Will storm water discharges flow to adjacent properties?  
      - [x] Yes
      - [ ] No
   b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?  
      - [x] Yes
      - [ ] No
   If Yes, briefly describe:

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?  
   If Yes, explain the purpose and size of the impoundment:

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?  
   If Yes, describe:

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?  
   If Yes, describe:

I CERTIFY THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE.

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the sale of the property and does not include the physical alteration nor disturbance of the property. Part 1 of the EAF indicates the site contains or is near the following: archaeological resources.

According to the New York State Cultural Resource Inventory System (CRIS) this action is not an action subject to review as no construction or disturbance is involved in this property transfer. Future actions that involve disturbance may be subject to environmental review, including cultural review at that time.

The sale of this property does not include physical disturbance or development of the parcel and will not result in any significant adverse environmental impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION NO. ________ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR SALE OF COUNTY OWNED TAX FORECLOSURE PROPERTY LOCATED AT 75 CAPEN ROAD IN TOWN OF SWEDEN

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the acquisition of interests of real property located at 75 Capen Road in the Town of Sweden is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated June 23, 2022 and has considered the potential environmental impacts of the acquisition of interests of real property located at 75 Capen Road in the Town of Sweden pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

### Short Environmental Assessment Form

#### Part 1 - Project Information

**Instructions for Completing**

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

### Part 1 - Project and Sponsor Information

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?
   - **YES**
   - **NO**

2. Does the proposed action require a permit, approval or funding from any other government Agency?
   - **YES**
   - **NO**

3. a. Total acreage of the site of the proposed action:
   - **5.15 acres**
   
   b. Total acreage to be physically disturbed?
   - **0.00 acres**

   c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?
   - **5.15 acres**

4. Check all land uses that occur on, are adjoining or near the proposed action:
   - [ ] Urban
   - [ ] Rural (non-agriculture)
   - [ ] Industrial
   - [ ] Commercial
   - [ ] Residential (suburban)
   - [ ] Forest
   - [ ] Agriculture
   - [ ] Aquatic
   - [ ] Other (Specify):
   - [ ] Parkland

Page 1 of 3
5. Is the proposed action,  
   a. A permitted use under the zoning regulations?  
       Yes ☑️  No ☐  N/A ☑️
   b. Consistent with the adopted comprehensive plan?  
       Yes ☑️  No ☐  N/A ☑️

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?  
   If Yes, identify: _________________________________
   Yes ☑️  No ☐

8. a. Will the proposed action result in a substantial increase in traffic above present levels?  
   b. Are public transportation services available at or near the site of the proposed action?  
   c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?  
   Yes ☑️  No ☐

9. Does the proposed action meet or exceed the state energy code requirements?  
   If the proposed action will exceed requirements, describe design features and technologies:  
   Yes ☑️  No ☐

10. Will the proposed action connect to an existing public/private water supply?  
    If No, describe method for providing potable water: _________________________________
    N/A - Vacant Land  
    Yes ☑️  No ☐

11. Will the proposed action connect to existing wastewater utilities?  
    If No, describe method for providing wastewater treatment: _________________________________
    N/A - Vacant Land  
    Yes ☑️  No ☐

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?  
    Yes ☑️  No ☐

    b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?  
    Yes ☑️  No ☐

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?  
    Yes ☑️  No ☐

    b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?  
    Yes ☑️  No ☐

   If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: _________________________________
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:

- [ ] Shoreline  [ ] Forest  [ ] Agricultural/grassland  [ ] Early mid-successional
- [x] Wetland  [ ] Urban  [x] Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[x]</td>
<td>[ ]</td>
</tr>
</tbody>
</table>

16. Is the project site located in the 100-year flood plan?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[x]</td>
<td>[ ]</td>
</tr>
</tbody>
</table>

17. Will the proposed action create storm water discharge, either from point or non-point sources? If Yes, describe:

- a. Will storm water discharges flow to adjacent properties?
  - [x] Yes
  - [ ] No

- b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)? If Yes, briefly describe:
  - [x] Yes
  - [ ] No

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment:

19. Has the site of the proposed action, or an adjoining property, been the location of an active or closed solid waste management facility? If Yes, describe:

- [x] Yes
- [ ] No

20. Has the site of the proposed action, or an adjoining property, been the subject of remediation (ongoing or completed) for hazardous waste? If Yes, describe:

- [x] Yes
- [ ] No

I CERTIFY THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE

Short Environmental Assessment Form
Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

<table>
<thead>
<tr>
<th>Question</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>2. Will the proposed action result in a change in the use or intensity of use of land?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>3. Will the proposed action impair the character or quality of the existing community?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walking?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>7. Will the proposed action impact existing:</td>
<td></td>
<td></td>
</tr>
<tr>
<td>a. public / private water supplies?</td>

<td>☐</td>
</tr>
<tr>
<td>11. Will the proposed action create a hazard to environmental resources or human health?</td>
<td>☑</td>
<td>☐</td>
</tr>
</tbody>
</table>
Short Environmental Assessment Form

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Part 1 of the EAF indicates the site contains or is near wetlands. The action is for sale of vacant tax foreclosed property. No construction or development is contemplated as the sale of this property does not permit any development or construction. Accordingly, no wetlands will be impacted by this sale. Any future development of this parcel will be subject to local zoning codes and building codes. Additionally, all Federal and New York State wetland regulations will apply to the parcel after sale and before construction.

Accordingly, no wetlands will be impacted from this sale and the action will not result in any significant adverse environmental impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

ACCEPTING GRANT FROM NEW YORK STATE DEPARTMENT OF AGRICULTURE AND MARKETS FOR Updating MONROE COUNTY'S AGRICULTURE AND FARMLAND PROTECTION PLAN

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The County Executive, or his designee, is hereby authorized to accept a $50,000 grant from, and to execute a contract and any amendments thereto with, the New York State Department of Agriculture and Markets for an update to Monroe County’s Agriculture and Farmland Protection Plan for the period of January 4, 2021 through December 31, 2024.

Section 2. The 2022 operating budget of the Department of Planning and Development is hereby amended by appropriating the sum of $50,000 into general fund 9300, funds center 1401010000, Planning Services.

Section 3. The County Executive is hereby authorized to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

Section 4. Should funding for this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and where applicable, to terminate or abolish one or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

Section 5. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The County Executive, or his designee, is hereby authorized to enter into an intermunicipal agreement, and any amendments thereto, with the City of Rochester, permitting the Rochester Police Department to utilize the Monroe County Sheriff’s Office’s Explosives Storage Bunker located at 145 Paul Road in the Town of Chili to house its explosives and explosives evidence for the period of October 1, 2022 through September 30, 2023, with the option to renew for three (3) additional one-year terms.

Section 2. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

RESOLUTION NO. _______ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR CONSTRUCTION OF PLAYGROUNDS AT POWDER MILLS PARK AND ONTARIO BEACH PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the construction of these playgrounds is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 15, 2022 and has considered the potential environmental impacts of the construction of these playgrounds pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

### Short Environmental Assessment Form

#### Part 1 - Project Information

**Instructions for Completing**

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding and are subject to public review and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the review agency, attach additional pages as necessary to supplement any item.

**Part 1 - Project and Sponsor Information**

Monroe County Installation of New Playgrounds.

<table>
<thead>
<tr>
<th>Name of Action or Project:</th>
<th>Installation of new playground at Powder Mills Park and Ontario Beach Park</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project Location (describe, and attach a location map):</td>
<td>The project is located in two existing Monroe County Parks, Powder Mills Park and Ontario Beach Park.</td>
</tr>
<tr>
<td>Brief Description of Proposed Action:</td>
<td>The project consists of two locations, Ontario Beach Park and Powder Mills Park. At Ontario Beach Park a proposed new playground feature would be constructed immediately north and west of the existing playground feature. See attached drawings. This playground feature is intended to be an ADA accessible attraction, with accessible paved in place surfaces. Also within the scope of this project, the County would upgrade the existing playground feature constructed at Powder Mills Park. The existing playground located adjacent to the sixth hole of Woodstock Rd. The existing playground at Powder Mills is at least 15 years old and is showing signs of deterioration. An upgrade at this location would be a significant addition to this highly utilized park. The existing playground would be demolished and the new playground would be installed in the same footprint.</td>
</tr>

**Name of Applicant or Sponsor:**

Monroe County - Robert W. Kiley, Deputy Director

**Address:**

171 Reservoir Rd

**City/PO:**

Rochester

**State:**

NY

**Zip Code:**

14620

**Telephone:** 585-753-7279

**E-Mail:** robert.kiley@monroeout.gov

1. **Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?**

   - NO
   - YES

   **If yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.**

2. **Does the proposed action require a permit, approval or funding from any other government agency?**

   - NO
   - YES

   **If yes, list agency(s) name and permit or approval:**

3. **Total acreage of the site of the proposed action?**

   - 0.60 acres

   **Total acreage to be physically disturbed?**

   - 0.30 acres

   **Total acreage (project site and any contiguous properties owned or controlled by the applicant or project sponsor?**

   - 445.21 acres

4. **Check all land uses that occur on, are adjoining or near the proposed action:**

   - [ ] Urban
   - [ ] Rural (non-agriculture)
   - [ ] Industrial
   - [ ] Commercial
   - [ ] Residential (suburban)
   - [ ] Forest
   - [ ] Agriculture
   - [ ] Aquatic
   - [ ] Other (Specify)
   - [ ] Parkland

Short Environmental Assessment Form  
Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

<table>
<thead>
<tr>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?</td>
<td>✓</td>
</tr>
<tr>
<td>2. Will the proposed action result in a change in the use or intensity of use of land?</td>
<td>✓</td>
</tr>
<tr>
<td>3. Will the proposed action impair the character or quality of the existing community?</td>
<td>✓</td>
</tr>
<tr>
<td>4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?</td>
<td>✓</td>
</tr>
<tr>
<td>5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?</td>
<td>✓</td>
</tr>
<tr>
<td>6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?</td>
<td>✓</td>
</tr>
<tr>
<td>7. Will the proposed action impact existing:</td>
<td>✓</td>
</tr>
<tr>
<td>a. public / private water supplies?</td>
<td>✓</td>
</tr>
<tr>
<td>b. public / private wastewater treatment utilities?</td>
<td>✓</td>
</tr>
<tr>
<td>8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?</td>
<td>✓</td>
</tr>
<tr>
<td>9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?</td>
<td>✓</td>
</tr>
<tr>
<td>10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?</td>
<td>✓</td>
</tr>
<tr>
<td>11. Will the proposed action create a hazard to environmental resources or human health?</td>
<td>✓</td>
</tr>
</tbody>
</table>
Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, reversibility, geographic scope and magnitude. Also consider the potential for short- term, long-term and cumulative impacts.

Ontario Beach Park. The existing location at Ontario Beach is a gently graded / relatively flat grassed area utilized as a passive recreational area. Use of this area for increased recreational purposes would occur on MB hydric soils. Earth disturbances during construction would be less than 0.30 acres and erosion and sediment controls would be utilized as needed during construction. As soil erosion and sedimentation controls would be utilized, there are no significant impacts anticipated.

The project would not result in additional stormwater runoff entering an stormwater sewer system with any stormwater runoff being directed to grassed areas adjacent to the playground feature. The project is within the 100 year floodplain for Lake Ontario, however there are no significant impacts to flooding as a result of this project. In 1988, the City of Rochester designated the area as a critical environmental area, noting that it is an environmentally sensitive area. The NYS-DEC Environmental Resource Mapper was reviewed and no threatened or endangered species were mapped within the project area.

Powder Mills Park. The existing location at Powder Mills Park is a playground feature adjacent to the ski hill off of Woolston Rd. The existing playground at Powder Mills is at least 15 years old and would be demolished with the new playground being installed in the same footprint. Earth disturbances during construction would be less than 0.20 acres and erosion and sediment controls would be utilized as needed during construction. As soil erosion and sedimentation controls would be utilized, there are no significant impacts anticipated.

The existing area is already developed as a playground, with no additional impervious surfaces being added and thus there would be no significant impact to local waterways.

The NYS-DEC Environmental Resource Mapper was reviewed and this location is near rare/endangered species, is within 500 feet of the New York State Wetlands, nearby natural communities with high quality occurrence types were noted. As the project does modify the size / nature of the playground, no significant adverse impact would occur.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (i.e. a wetland) and thus be subject to permit jurisdiction.

Please refer to the “Need a Permit?” tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

RESOLUTION NO. _____ OF 2022

CLASSIFICATION OF ACTION, DESIGNATION OF INTENT TO SERVE AS LEAD AGENCY, AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR CREATION OF AN ADA ACCESSIBLE CANOE AND KAYAK LAUNCH AT CHURCHVILLE PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the creation of an ADA accessible canoe and kayak launch at Churchville Park is an Unlisted action.

Section 2. Monroe County is hereby designated as Lead Agency for a coordinated review of the project.

Section 3. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 18, 2022 and has considered the potential environmental impacts of the creation of an ADA accessible canoe and kayak launch pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 4. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 5. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?
   If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.

   NO | YES

2. Does the proposed action require a permit, approval or funding from any other government agency?
   If Yes, list agency(s) name and permit or approval(s): Environmental permitting from NYS-DEC, USEPA

   NO | YES

3. a. Total acreage of the site of the proposed action?
   b. Total acreage to be physically disturbed?
   c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?

   |   |   |
   | 0.1 acres | 0.1 acres | 725.50 acres |

4. Check all land uses that occur on, are adjoining or near the proposed action:
   - Urban
   - Rural (non-agriculture)
   - Industrial
   - Commercial
   - Residential (suburban)
   - Forest
   - Agriculture
   - Aquatic
   - Other (Specify)
   - Parkland

</table>
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:
- Shoreline
- Wetland
- Forest
- Agricultural/Grasslands
- Early-Mid-Successional
- Urban
- Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

16. Is the project site located in the 100-year flood plain?

17. Will the proposed action create storm water discharge, either from point or non-point sources?
   If Yes, briefly describe:
   a. Will storm water discharges flow to adjacent properties?
   b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?
   If Yes, explain the purpose and size of the impoundment.

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?
   If Yes, describe:

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?
   If Yes, describe:

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project seeks to install an ADA accessible canoe/kayak launch at the existing boat launch at Churchville Park. The floating dock will be installed and removed seasonally allowing individuals with differing needs the ability to enter and exit Black Creek. At the project location, Black Creek (ONT-117-18) is a protected Class B waterbody. Further the project is proposed within NYS-DEC Wetland RG-14 and USFWS Wetland R2USH.

Environmental permitting from the NYS-Department of Environmental Conservation (DEC) and United States Army Corps of Engineers (USACE) will be required to ensure that the project will be sited in a way to ensure environmental stewardship on site while providing access to the general public. It is anticipated that the NYS-DEC will take jurisdiction on the project, with 401 Water Quality Certification, disturbance of the bed and banks of protected waterbody, and temporary construction within a regulated wetland permitting being necessary to advance the project. The USACE will also be consulted as a result of this project with nationwide 404 permitting being needed as there is a potential fill within a navigable waters and work within the USFWS wetland.

The project will disturb the bed and banks of the waterbody and thus erosion and sediment control must be utilized to mitigate any adverse impacts to the waterbody. At project completion, the shoreline will be vegetated, a condition that today is absent due to use. Therefore, there would be no significant impacts to land.

During construction it is anticipated that the bed of the Black Creek will be disturbed. To ensure that those suspended sediments does not impact downstream, a turbidity curtain will be used. Therefore, there would be no significant impact to waterbodies.

The NYS-DEC Environmental Resource Mapper was reviewed and there were no listed species noted. Work will occur within the wetland and wetland buffer, thus there will be an emphasis on replanting the existing denuded and disturbed shoreline area with native wetland plants. This effort will afford a long term sustainable vegetation plan, potentially eliminating sources of sediment transport to the waterbody while also improving the wetland flora and fauna diversity. The re-vegetation of this area is a net positive to the environment. As a result of the aforementioned, there are no significant impacts to flora/fauna anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

For more information about the National Wetlands Inventory wetlands visit

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (e.g., a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

Monroe County Legislature - September 13, 2022
By Legislators McCabe and Johns

Intro. No. ________

RESOLUTION NO. ________ OF 2022

CLASSIFICATION OF ACTION, DESIGNATION OF LEAD AGENCY, AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR GOLF COURSE IMPROVEMENTS

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the golf course improvements are a Type 1 action.

Section 2. Monroe County is hereby designated as Lead Agency for a coordinated review of the golf course improvements.

Section 3. The Monroe County Legislature has reviewed and considered the Full Environmental Assessment Form dated July 19, 2022 and has considered the potential environmental impacts of the golf course improvements pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 4. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 5. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Environment and Public Works Committee; August 22, 2022 - CV: 7-0
File No. 22-0271

ADOPTION: Date: ________ Vote: ________

ACTION BY THE COUNTY EXECUTIVE

EFFECTIVE DATE OF RESOLUTION: ______________________
Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, and are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either “Yes” or “No.” If the answer to the initial question is “Yes,” complete the sub-questions that follow. If the answer to the initial question is “No,” proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

### A. Project and Applicant/Sponsor Information

<table>

<th>Monroe County Parks Department-Golf Course Improvement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project Location (describe, and attach a general location map):</td>
<td>Churchville Golf Course, Durand Eastman Golf Course and Genesee Valley Golf Course. See attached map.</td>
</tr>
</tbody>
</table>

**Brief Description of Proposed Action (Include purpose or need):**

The proposed project seeks to re-lax and improve all three municipal owned and operated golf courses, Churchville, Durand Eastman and Genesee Valley. A variety of improvements have been identified within each golf course; however, the improvements are generally categorized into three areas: subsurface drainage improvements, sub-surface irrigation line improvements, and the installation of paved golf cart paths. Repair and installation of turf areas during the summer season. Repair and installation of irrigation lines will allow for better watering of turf areas; would allow for carts to be used on rainy days, and ensure that the turf is well kept and maintained appropriately.

#### Coastal Resources

i. Is the project site within a Coastal Area, or the waterfront area of a Designated Inland Waterway? ☐ Yes ☐ No

ii. Is the project site located in a community with an approved Local Waterfront Revitalization Program? ☐ Yes ☐ No

### Planning and Zoning

**C.1. Planning and zoning actions.**

Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed? ☐ Yes ☐ No

- If Yes, complete sections C.2, D, E and F.
- If No, proceed to question C.2 and complete all remaining sections and questions in Part 1

**C.2. Adopted land use plans.**

- a. Do any municipally-adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located? ☐ Yes ☐ No
- If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located? ☐ Yes ☐ No

- b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway; Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other)? ☐ Yes ☐ No
  - If Yes, identify the plan(s):
    - W3-Webster Area-West Side Canal Corridor - City of Rochester WRP

- c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan? ☐ Yes ☐ No
  - If Yes, identify the plan(s):
C.3. Zoning

a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance? If Yes, what is the zoning classification(s) including any applicable overlay districts? [Open Space District; Q/A Oswego Airport District, Rural Agricultural]

[ ], Yes [ ], No

b. Is the use permitted or allowed by a special or conditional use permit? [ ], Yes [ ], No

c. Is a zoning change requested as part of the proposed action? [ ], Yes [ ], No

If Yes, what is the proposed new zoning for the site?

C.4. Existing Community Services.

a. In what school district is the project site located? [City of Rochester, School District]

b. What police or other public protection forces serve the project site?

Monroe County Sheriff, Rochester Police Department

c. Which fire protection and emergency medical services serve the project site?

Rochester Fire Department, Monroe Fire Protection District

d. What parks serve the project site?

WA

D. Project Details

D.1. Proposed and Potential Development

a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)? Recreational / Parkland

b. Total acreage of the site of the proposed action? 1808 acres

c. Total acreage of project site and any contiguous properties owned or controlled by the applicant or project sponsor? 9.5 acres

D.2. Proposed action an expansion of an existing project or use? [ ], Yes [ ], No

i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? 94% Units:

D.3. Is the proposed action a subdivision, or does it include a subdivision?

[ ], Yes [ ], No

i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)

ii. Number of lots proposed? [ ], Yes [ ], No

iii. Minimum and maximum proposed lot sizes? Minimum ______ Maximum ______

D.4. Will the proposed action be constructed in multiple phases?

[ ], Yes [ ], No

i. If No, anticipated period of construction: ______ months

ii. If Yes:

* Total number of phases anticipated
* Anticipated commencement date of phase 1 (including demolition) ______ month ______ year
* Anticipated completion date of final phase ______ month ______ year
* Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases: ____________________________
<table>
<thead>

b. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)?
   □ Yes □ No

If Yes:
   i. Estimate methane generation in m^3/year (metric):
   ___________________________
   ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring):

i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations?
   □ Yes □ No

If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust):

j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services?
   □ Yes □ No

If Yes:
   i. When is the peak traffic expected (Check all that apply):
      □ Morning    □ Evening     □ Weekend
   □ Randomly between hours of _________ to _________
   ii. For commercial activities only, projected number of truck trips/day and type (e.g., semi trailers and dump trucks):

   iii. Parking spaces: Existing ___________ Proposed ___________ Net increase/decrease ___________

iv. Does the proposed action include any shared use parking?
   □ Yes □ No

   v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe:

vi. Are public/private transportation service(s) or facilities available within 1/2 mile of the proposed site?
   □ Yes □ No

Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles?
   □ Yes □ No

Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes?
   □ Yes □ No

k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy?
   □ Yes □ No

If Yes:
   i. Estimate annual electricity demand during operation of the proposed action:

   ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other):

   iii. Will the proposed action require a new, or an upgrade, to an existing substation?
   □ Yes □ No

I. Hours of operation. Answer all items which apply.
   i. During Construction:
      - Monday - Friday: 0630 to 1200
      - Saturday: N/A
      - Sunday: N/A
      - Holidays: N/A

   II. During Operations:
      - Monday - Friday: 0500 to 2100
      - Saturday: 0500 to 2100
      - Sunday: 0500 to 2100
      - Holidays: 0500 to 2100
m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both?  
   □ Yes □ No

   If Yes:
   i. Provide details including sources, time of day and duration:

   □ Yes □ No

   n. Will the proposed action have outdoor lighting?  
   If Yes:
   i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:

   □ Yes □ No

   o. Does the proposed action have the potential to produce odors for more than one hour per day?  
   If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:

   □ Yes □ No

   q. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage?  
   If Yes:
   i. Produc(s) to be stored
   □ Yes □ No

   □ Yes □ No

   r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)?  
   □ Yes □ No

   If Yes:
   i. Describe any solid waste(s) to be generated during construction or operation of the facility:
      • Construction: ____________ tons per ____________ (unit of time)
      • Operation: ____________ tons per ____________ (unit of time)

   ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:
      • Construction:
      • Operation:

   iii. Proposed disposal methods/facilities for solid waste generated on-site:
      • Construction:
      • Operation:
s. Does the proposed action include construction or modification of a solid waste management facility? □ Yes □ No

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities):

ii. Anticipated rate of disposal/processing:
   - Tons/month, if transfer or other non-combustion/thermal treatment or
   - Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life: ____________________________ years

1. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? □ Yes □ No

i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility:

ii. Generally describe processes or activities involving hazardous wastes or constituents:

iii. Specify amount to be handled or generated __________ tons/month

iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents:

v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? □ Yes □ No

If Yes: provide name and location of facility:

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility:

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing lands use.
   - Check all uses that occur on, adjoining and near the project site.
   - □ Urban □ Industrial □ Commercial □ Residential (suburban) □ Rural (non-farm)
   - □ Forest □ Agriculture □ Aquatic □ Other (specify):

b. Land uses and cover types on the project site.

Page 9 of 13
c. Is the project site presently used by members of the community for public recreation?  
   - Yes  
   - No

d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site?  
   - Yes  
   - No

  i. Identify Facilities:

e. Does the project site contain an existing dam?  
   - Yes  
   - No

  i. Dimensions of the dam and impoundment:
     - Dam height:  
     - Dam length:  
     - Surface area:  
     - Volume impounded:  
     - Gallons or acre-feet

  ii. Dam's existing hazard classification:

  iii. Provide date and summarize results of last inspection:

f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility?  
   - Yes  
   - No

   i. Has the facility been formally closed?  
      - Yes  
      - No

   ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:

     Durand Eastman Golf Course is immediately adjacent to the Frank R. VanLare Westchester Treatment Plant.

   iii. Describe any development constraints due to the prior solid waste activities:

   None known.

g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste?  
   - Yes  
   - No

   i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred:

h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site?  
   - Yes  
   - No

   i. Is any portion of the site listed on the NYSDEN Spills Incidents database or Environmental Site Remediation database?  
      - Yes  
      - No

      Yes – Spills Incidents database  
      - Yes – Environmental Site Remediation database

      Provide DEC ID number(s): 8500739, 8301171, 8970540

      Provide DEC ID number(s):

   d. If site has been subject of RCRA corrective activities, describe control measures:

   iii. Is the project within 2000 feet of any site in the NYSDEN Environmental Site Remediation database?  
      - Yes  
      - No

   iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):
v. Is the project site subject to an institutional control limiting property uses?
   - If yes, DEC site ID number: 
   - Describe the type of institutional control (e.g., deed restriction or easement): 
   - Describe any use limitations: 
   - Describe any engineering controls: 
   - Will the project affect the institutional or engineering controls in place? 
   - Explain:

   ☐ Yes ☐ No

E.2. Natural Resources On or Near Project Site
   a. What is the average depth to bedrock on the project site? 30 to 50 feet
   b. Are there bedrock outcroppings on the project site? ☐ Yes ☐ No
   c. Predominant soil type(s) present on project site: Clay 85 %
      Loam 15 %
   d. What is the average depth to the water table on the project site? Average: 64 feet
   e. Drainage status of project site soils: ☐ Well Drained: 10 % of site
      ☐ Moderately Well Drained: 20 % of site
      ☐ Poorly Drained 60 % of site
   f. Approximate proportion of proposed action site with slope: ☐ 0-10 %: 99 % of site
      ☐ 10-15 %: 0.5 % of site
      ☐ 15% or greater: 0.5 % of site
   g. Are there any unique geologic features on the project site? ☐ Yes ☐ No

   h. Surface water features.
      i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)? ☐ Yes ☐ No
      ii. Do any wetlands or other waterbodies adjoin the project site? ☐ Yes ☐ No
      iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency? ☐ Yes ☐ No
      iv. For each identified regulated wetland and waterbody on the project site, provide the following information:
         - Streams: Name: Ottaug, EIT-113, Red Creek
         - Lakes or Ponds: Name: 
         - Wetlands: Name: RH-14, RH-15, RH-18
         - Wetland No. (if regulated by DEC): Classification B, B, B
         - Approximate Size: 147.0
      v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies? ☐ Yes ☐ No

      If yes, name of impaired water body/boies and basis for listing as impaired:
      Rochester Embayment East Feeder Channel

      I. Is the project site in a designated Floodway? ☐ Yes ☐ No
      J. Is the project site in the 100-year Floodplain? ☐ Yes ☐ No
      K. Is the project site in the 500-year Floodplain? ☐ Yes ☐ No
      L. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer? ☐ Yes ☐ No

      Name of aquifer:
<table>
<thead>
<tr>
<th>Wildlife Species</th>
<th>Action</th>

<td></td>
</tr>
<tr>
<td>Woodland Mammals</td>
<td></td>
</tr>
</tbody>
</table>

n. Does the project site contain a designated significant natural community?  
   If Yes:  
   i. Describe the habitat/community (composition, function, and basis for designation):  
   ii. Source(s) of description or evaluation:  
   iii. Extent of community/habitat:  
      - Currently: acres  
      - Following completion of project as proposed: acres  
      - Gain or loss (indicating + or -): acres  

o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species?  
   If Yes:  
   i. Species and listing (endangered or threatened):  

p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?  
   If Yes:  
   i. Species and listing:  
   New Freshwater Mussels (not listed by NYS)  

q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing?  
   If yes, give a brief description of how the proposed action may affect that use:  

E.3. Designated Public Resources On or Near Project Site  
   a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 3047?  
      If Yes, provide county plus district name/number:  
   b. Are agricultural lands consisting of highly productive soils present?  
      If Yes: acreage(s) on project site:  
      i. Source(s) of soil rating(s):  
   c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark?  
      If Yes:  
      i. Nature of the natural landmark:  
         - Biological Community  
         - Geological Feature  
      ii. Provide brief description of landmark, including values behind designation and approximate size/extent:  
   d. Is the project site located in or does it adjoin a state listed Critical Environmental Area?  
      If Yes:  
      i. CEA name:  
         - Not Named  
      ii. Basis for designation:  
         - Environmentally Sensitive  
      iii. Designating agency and date:  
         - City of Rochester
e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or any that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? 
   - Yes ☐ No ☐
   - If Yes: 
     i. Nature of historic/archaeological resource: ☐ Archaeological Site ☑ Historic Building or District
     ii. Name: Genesee Valley Park, Durand Eastman Park
     iii. Brief description of attributes on which listing is based:
   - i. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? 
     - Yes ☑ No ☐
   - ii. Have additional archaeological or historic site(s) or resources been identified on the project site? 
     - Yes ☐ No ☑
     - If Yes: 
       i. Describe possible resource(s):
       - Basis for identification:
     - i. Is the project site within five miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? 
     - Yes ☑ No ☐
     - i. Identify resource: Genesee Valley Greenway Trail, Erie Canal Trail, among others
     - ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway, etc.): Trail
     - iii. Distance between project and resource: Very close
   - i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666? 
     - Yes ☐ No ☑
     - i. Identify the name of the river and its designation:
     - ii. Is the activity consistent with development restrictions contained in 6 NYCRR Part 666? 
     - Yes ☐ No ☑

F. Additional Information

Attach any additional information which may be needed to clarify your project

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification

I certify that the information provided is true to the best of my knowledge.

Applicant/Sponsor Name: 

Signature: 

Title: Deputy Director of Parks

Page 13 of 13
**Full Environmental Assessment Form**

**Part 2 - Identification of Potential Project Impacts**

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, this form identifies the lead agency with information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

**Tips for completing Part 2:**
- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the Impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action."
- It is possible for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

**1. Impact on Land**

Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1 D.1)

- If "Yes," answer questions a - f. If "No," move on to Section 2.

<table>
<thead>
<tr>
<th>Relevant Part 1 Question(s)</th>
<th>No, or Small Impact May Occur</th>
<th>Moderate to Large Impact May Occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. The proposed action may involve construction on land where depth to water table is less than 3 feet.</td>
<td>E2d</td>
<td>x</td>
</tr>
<tr>
<td>b. The proposed action may involve construction on slopes of 15% or greater.</td>
<td>E2f</td>
<td>x</td>
</tr>
<tr>
<td>c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.</td>
<td>E2a</td>
<td>x</td>
</tr>
<tr>
<td>d. The proposed action may involve excavation or removal of more than 1,000 tons of natural material.</td>
<td>D2a</td>
<td>x</td>
</tr>
<tr>
<td>e. The proposed action may involve construction that continues for more than one year or in multiple phases.</td>
<td>D1c</td>
<td>x</td>
</tr>
<tr>
<td>f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).</td>
<td>D2a, D2q</td>
<td>x</td>
</tr>
<tr>
<td>g. The proposed action is, or may be, located within a Coastal Erosion hazard area.</td>
<td>B1i</td>
<td>x</td>
</tr>
</tbody>
</table>
2. Impact on Geological Features

The proposed action may result in the modification or destruction of, or inhibit access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part I, E.2.g)

If "Yes", answer questions a - c. If "No", move on to Section 3.

<table>
<thead>
<tr>
<th>Relevant Part I Question(s)</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. Identify the specific land form(s) attached:</td>
<td>E2g</td>
<td>☑</td>
</tr>
<tr>
<td>b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature:</td>
<td>E3c</td>
<td>☑</td>
</tr>
<tr>
<td>c. Other Impacts:</td>
<td></td>
<td>☑</td>
</tr>
</tbody>
</table>

3. Impacts on Surface Water

The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part I, D.2, E.2.h)

If "Yes", answer questions a - l. If "No", move on to Section 4.

<td>0</td>
</tr>
</tbody>
</table>
d. Other impacts:

   (If any of the above (a-d) are answered "Moderate to large impact may occur", continue with the following questions to help support conclusions in Part 2):

   i. The proposed action may result in the destruction or alteration of all or part of the site or property.
      Relevant Part I Question(s) | No, or small impact may occur | Moderate to large impact may occur
      ---------------------------|-------------------------------|-----------------------------
      E3c, E3g, E3h                     | 0                             | 0

   ii. The proposed action may result in the alteration of the property’s setting or integrity.
      Relevant Part I Question(s) | No, or small impact may occur | Moderate to large impact may occur
      ---------------------------|-------------------------------|-----------------------------
      E3c, E3f, E1g, E1a, E1b         | 0                             | 0

   iii. The proposed action may result in the introduction of visual elements which are out of character with the site or property, or may alter its setting.
      Relevant Part I Question(s) | No, or small impact may occur | Moderate to large impact may occur
      ---------------------------|-------------------------------|-----------------------------
      E1c, E3f, E3g, E3h, C2, C3      | 0                             | 0

11. Impact on Open Space and Recreation

   The proposed action may result in a loss of recreational opportunities or a reduction of an open space resource as designated in any adopted municipal open space plan. (See Part 1 C.2.c, E.1.c., E.2.q.)

   If "Yes", answer questions a - e. If "No", go to Section 12.

   Relevant Part I Question(s) | No, or small impact may occur | Moderate to large impact may occur
   ---------------------------|-------------------------------|-----------------------------
   D2a, E1b, E2h, E2m, E2o, E2n, E2p | 0                             | 0

   b. The proposed action may result in the loss of a current or future recreational resource.
      Relevant Part I Question(s) | No, or small impact may occur | Moderate to large impact may occur
      ---------------------------|-------------------------------|-----------------------------
      C2a, E1c, C2e, E2a            | 0                             | 0

   c. The proposed action may eliminate open space or recreational resource in an area with few such resources.
      Relevant Part I Question(s) | No, or small impact may occur | Moderate to large impact may occur
      ---------------------------|-------------------------------|-----------------------------
      C2a, C2c, E1c, E2h            | 0                             | 0

   d. The proposed action may result in loss of an area now used informally by the community as an open space resource.
      Relevant Part I Question(s) | No, or small impact may occur | Moderate to large impact may occur
      ---------------------------|-------------------------------|-----------------------------
      C2c, E1c                      | 0                             | 0

   e. Other impacts:

12. Impact on Critical Environmental Areas

   The proposed action may be located within or adjacent to a critical environmental area (CEA). (See Part 1, E.3.d)

   If "Yes", answer questions a - c. If "No", go to Section 13.

   Relevant Part I Question(s) | No, or small impact may occur | Moderate to large impact may occur
   ---------------------------|-------------------------------|-----------------------------
   E3c                        | 0                             | 0

   a. The proposed action may result in a reduction in the quantity of the resource or characteristic which was the basis for designation of the CEA.
   Relevant Part I Question(s) | No, or small impact may occur | Moderate to large impact may occur
   ---------------------------|-------------------------------|-----------------------------
   E3d                        | 0                             | 0

   b. The proposed action may result in a reduction in the quality of the resource or characteristic which was the basis for designation of the CEA.
   Relevant Part I Question(s) | No, or small impact may occur | Moderate to large impact may occur
   ---------------------------|-------------------------------|-----------------------------
   E3d                        | 0                             | 0

   c. Other impacts:
13. Impact on Transportation
The proposed action may result in a change to existing transportation systems.
(See Part I, D.2.j)

If “Yes”, answer question a - f. If “No”, go to Section 14.

<table>
<thead>
<tr>
<th>Relevant Part I Question(s)</th>

Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact.
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

See Attached.

Upon review of the information recorded on this EAF, as noted, plus this additional supporting information:

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Monroe County as lead agency that:

☐ A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact
statement need not be prepared. Accordingly, this negative declaration is issued.

☐ B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or
substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative
declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

☐ C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact
statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those
impacts. Accordingly, this positive declaration is issued.

Name of Action: Monroe County Parks Department - Golf Course Improvements

Name of Lead Agency: Monroe County

Name of Responsible Officer in Lead Agency: Adam J. Belle

Title of Responsible Officer: County Executive

Signature of Responsible Officer in Lead Agency: [Signature]

Date: 7/19/2022

Signature of Preparer (if different from Responsible Officer): [Signature]

Date: [Date]

For Further Information:

Contact Person: Robert W. Klay, Deputy Director Monroe County Parks

Address: 171 Reservoir Rd Rochester NY 14620

Telephone Number: 585-753-7279

E-mail: robklay@monroe county.gov

For Type 1 Actions and Conditioned Negative Declarations, a copy of this Notice is sent to:

Chief Executive Officer of the political subdivision in which the action will be principally located (e.g., Town / City / Village of)

Other involved agencies (If any)

Applicant (If any)

Full Environmental Assessment Form

Part 3

Impact on Land.

The proposed project seeks repair of existing water mains, laterals and sprinkler heads throughout the three county owned golf courses. The project will also repair and replace existing subsurface clay drainage tile throughout the golf courses, installing new perforated drainage tile in its place. Disturbances of turf would occur during the repair of the existing infrastructure. The total disturbances across the three golf courses is estimated at six (6) acres. It should be noted that these disturbances would be made sporadically and not all at once at a time. It is anticipated that the contractor retained for the project would cut existing sod, roll said sod, remove topsoil and subsoil exposing the existing main/lateral or drainage line, repair and replace the line, then backfill and roll the sod back atop the trench. This manner/methodology for the repair and replacement of subsurface infrastructure is critical to ensure the continuation of play at the golf courses. This means and method will also greatly reduce the likelihood of any sediment transport or erosion during construction. That said, proper erosion and sediment controls will need to be installed at times when soil stabilization methods cannot be implemented to ensure erosion does not occur.

The installation of golf cart paths is estimated to disturb roughly 3.5 acres across all three golf courses. Many of the existing golf cart paths are stone and stone dust, while others, due to golf cart traffic, are denuded soils absent sufficient vegetated cover. In other areas, prospective golf cart paths are currently turfed areas, thus soil disturbances will occur for the installation of pavement. During the construction efforts, proper erosion and sediment controls will need to be installed to ensure that erosion does not occur. Further, soil stabilization methodologies will need to be employed to ensure proper vegetative cover once soil disturbances cease.

Given the disturbances are over 1 acre in size a Stormwater Pollution Prevention Plan (SWPPP) may need to be developed. The engineer of record will need to develop a soil erosion and sediment control plan to properly mitigate construction impacts and, potentially, design post construction stormwater best management practices. If the implementation of a SWPPP does occur, weekly inspections ensuring compliance with the stormwater regulations will occur. Therefore, there are no significant impacts to land anticipated.

Impact on Water.

The majority of the prospective work located in Durand Eastman Golf Course will occur within New York State Department of Environmental Conservation (NYS-DEC) Regulated wetlands, RH-14, RH-15, and RH16. While these wetland areas have been designated by the NYS-DEC, the entirety of these wetlands have been utilized as the Durand Eastman golf course since its creation in early 1900s. The project seeks to repair and replace existing subsurface infrastructure at the golf course, thus no significant new impact will occur. In select areas where golf cart traffic has denuded the existing turf, the project may likely have a net positive benefit as those
soils will be stabilized permanently. The aforementioned SWPPP will attenuate any water quality/quantity considerations with regard to stormwater management. As the project commences permitting with NYS-DEC for wetland permit coverage and for stormwater management compliance all requirements will be carried out in accordance with final permit coverage. As a result of the aforementioned, no significant impacts to water are anticipated.

Impact on Flooding.

The repair and replacement of existing subsurface infrastructure and golf cart construction will occur within the floodplain at Durand Eastman and Genesee Valley Park. Given the preferred means and methods for repair and replacement subsurface infrastructure the potential increase for stormwater runoff is greatly reduced. Further, the proper use of erosion and sediment controls would further mitigate any potential impacts from golf cart paving efforts. The SWPPP would address any potential increases in post construction runoff by use of post construction stormwater best management practices, such as infiltration strips, vegetated swales etc. As a result of the aforementioned, no significant impacts to flooding are anticipated.

Impact on Flora and Fauna.

In 1986, the City of Rochester designated Genesee Valley Park and Durand Eastman as a critical environmental area, noting that it is an environmentally sensitive area. The NYS-DEC Environmental Resource Mapper was reviewed and no threatened or endanger species were mapped within the project areas. All turfed/grassed areas will be returned to existing conditions after the construction activities, thus there is very little disruption to the local plant life throughout the project area. As a result of the aforementioned, no impacts to flora and fauna are anticipated.

Impact on Aesthetics.

The project does not change the aesthetics of the golf courses as the majority of the project seeks to repair and replace existing infrastructure. Patron experiences as a result of the repair and replacement of irrigation and sub-surface drainage should greatly increase. In addition, the paving of the golf cart paths will have a net positive as turf will no longer be rutted, muddy, and dusty seasonally. As a result of the aforementioned, no impacts to aesthetics are anticipated.

Impact on Archeological Resources and Aesthetics.

Genesee Valley Park is an eligible national registrar location as it is associated with events that have made significant contribution to the broad patterns of our history (Criteria A) and embodies the distinctive characteristics of a type, period or method of construction; and/or represents the work of a master; and/or possess high characteristic values; and/or represents a significant and distinguishable entity whose component may lack individual distinctions (Criteria C). As Genesee Valley Park is a Frederick Law Olmstead designed park, the park itself as a whole is eligible for designation. Durand Eastman arboretum is possibly eligible for designation and is currently in review with the most recent survey being conducted on 7/06/2021. The arboretum is adjacent to the golf course and there are no plans for any repair activities within that section of the park. The project does not change the aesthetics of the golf courses/parks as the majority of
the project seeks to repair and replace existing infrastructure. Patron experiences as a result of the repair and replacement subsurface infrastructure should greatly increase as a result of the project. In addition, the paving of the golf cart paths will have a net positive as turf will no longer be rutted, muddy, and dusty seasonally. These actions are in keeping with the aesthetic and historic nature the golf courses, thus no significant impact is anticipated to the archeological resources and aesthetics.

Based on the above factors, this project will result in no significant adverse impacts on the environment, there an environmental impact statement need not be prepared. Accordingly, a negative declaration is issued.

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (i.e. a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

NYS Heritage Area West Erie Canal Corridor

The subject area proposed for out of project assessment is 163.25 acres. ZBA, Inc., 1010 Cattaraugus Street, Salamanca, NY 14779, Reserve County Free Portory. Reservation Area

The proposed action involves the acquisition of a 163.25-acre site that is currently zoned residential. The site is located along the West Erie Canal Corridor and is proposed for rezoning to industrial to accommodate new business development. The site is accessible via County Route 9 and is located near the Village of Churchville. The site is underdeveloped and has the potential for future industrial use.

The site is currently zoned residential, and the proposed rezoning would allow for industrial development, including warehousing and manufacturing. The rezoning would also provide increased economic opportunities for the community.

The rezoning process involves several steps, including public hearings and the submission of a rezoning application. The proposed rezoning is expected to be completed within the next six months, and the site is anticipated to be ready for development in the near future.

In conclusion, the rezoning of the site is a significant step towards economic development in the area. The rezoning process is expected to be completed soon, and the site is anticipated to be ready for development in the near future.

Intro. No. ______

RESOLUTION NO. ______ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO
STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR UNDERGROUND POWER AND
DATA UTILITY UPGRADES AT GARY BEIKIRCH MEMORIAL PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the underground utility work is an
Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental
Assessment Form dated July 15, 2022 and has considered the potential environmental impacts of the underground
power and data utility work pursuant to the requirements of State Environmental Quality Review Act and has
found that the proposed action will not result in any significant adverse environmental impacts. The Monroe
County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and
determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to
comply with the requirements of the State Environmental Quality Review Act, including without limitation, the
execution of documents and the filing, distribution, and publication of the documents required under the State
Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County
Charter.

### Short-Environmental Assessment Form

**Part 1 - Project Information**

**Instructions for Completing**

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

### Part 1 - Project and Sponsor Information

**Monroe County Underground Electrical at Highland Park**

<table>
<thead>
<tr>
<th>Name of Action or Project:</th>
<th>Installation of Underground Electric and Fiber throughout Highland Park</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project Location (describe, and attach a location map):</td>
<td>The Project is located at one site at Highland Park</td>
</tr>
<tr>
<td>Brief Description of Proposed Action:</td>
<td>The project will install a series of underground electrical conduits to support electrical upgrades and data/internet connectivity throughout Highland Park. Highland Park is visited by more than 4 quarter million patrons during the spring and during festivals, generators (owned and operated by Monroe County) are used to ensure that festival vendors have their required power. The goal of this project would be to install underground electrical conduits and sub panels allowing direct hook ups by vendors, thus eliminating the need for County employees to carry the generators and the diesel fuel to service throughout the Park area, a technology that is well past its time.</td>
</tr>
</tbody>
</table>

**Name of Applicant or Sponsor:**

Monroe County – Robert W. Kiley, Deputy Director

**Address:**

171 Rasenrode Rd

**City/PO:**

Rochester

<table>
<thead>

</tr>
</tbody>
</table>

4. Check all land uses that occur on, are adjoining or near the proposed action:

- [ ] Urban
- [ ] Rural (non-agriculture)
- [ ] Industrial
- [ ] Commercial
- [ ] Residential (suburban)
- [ ] Forest
- [ ] Agriculture
- [ ] Aquatic
- [ ] Other (Specify)
- [ ] Parkland

---

Page 1 of 3

SEAF 2019

Monroe County Legislature - September 13, 2022
3. Is the proposed action:
   a. A permitted use under the zoning regulations?  
      NO  YES  N/A
   b. Consistent with the adopted comprehensive plan?  
      NO  YES  N/A

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?
   NO  YES

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?
   If Yes, identify:  
   City of Rochester; 1988 Environmentally Sensitive
   NO  YES

8. a. Will the proposed action result in a substantial increase in traffic above present levels?  
      NO  YES
   b. Are public transportation services available at or near the site of the proposed action?  
      NO  YES
   c. Are any pedestrian accommodations or bicycle routes available at or near the site of the proposed action?  
      NO  YES

9. Does the proposed action meet or exceed the state energy code requirements?
   If the proposed action will exceed requirements, describe design features and technologies:
   NO  YES

10. Will the proposed action connect to an existing public/private water supply?
    If No, describe method for providing potable water:  
    NO  YES

11. Will the proposed action connect to existing wastewater utilities?
    If No, describe method for providing wastewater treatment:  
    NO  YES

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?
    Located adjacent to the All Hope Highland Historic District, the Lamontado Conservancy and other historic structures  
    NO  YES
   b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?  
      NO  YES

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?  
      NO  YES
   b. Would the proposed action physically sit on, or encroach into, any existing wetland or waterbody?
      If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:  
      NO  YES
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply.

- [ ] Shoreline
- [x] Forest
- [ ] Agricultural/grasslands
- [ ] Early mid-successional
- [ ] Wetland
- [ ] Urban
- [ ] Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitat, listed by the State or Federal government as threatened or endangered?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[x]</td>
<td></td>
</tr>
</tbody>
</table>

16. Is the project site located in the 100-year floodplain?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[x]</td>
<td></td>
</tr>
</tbody>
</table>

17. Will the proposed action create storm water discharge, either from point or non-point sources?

If Yes, 

- a. Will storm water discharges flow to adjacent properties?
  - [x] Yes
  - [ ] No

- b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?
  - [x] Yes
  - [ ] No

If Yes, briefly describe:

________________________________________________________________________

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids [e.g., retention pond, waste lagoon, dam]?

If Yes, explain the purpose and size of the impoundment.

________________________________________________________________________

19. Has the site or the proposed action or an adjoining property been the location of an active or closed solid waste management facility?

If Yes, describe:

________________________________________________________________________

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?

If Yes, describe:

________________________________________________________________________

I CERTIFY THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE.

<td>✓</td>
<td>❌</td>
</tr>
</tbody>
</table>
Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project consists of the installation of a series of underground electrical conduits and fiberoptic cabling to allow for access to electric and internet connectivity throughout Highland Park. During the spring, generators are used to ensure that festival vendors have required power. These generators are diesel fueled owned and operated by the County of Monroe. Installing underground electrical conduit and sub panels will allow direct electrical hook up by vendors, thus eliminating the need for on-site diesel generators. Concurrent with the electrical conduit, fiberoptic conduit will be installed thus allowing wireless Internet throughout Park. The current communication and Internet services throughout the Park are coax, a technology that is well past its time.

Minor earth disturbance would occur when digging for the bury and return pits necessary to advance the directional drilling of the conduit. In areas where earth disturbance does occur, erosion and sediment controls would be utilized to eliminate the erosion of soil. Depending on the depth of the minor excavating pits, topsoil and subsoil will be differentiated, thus ensuring that the soils are remitted back into the bury pit first, with topsoil being laid to grade. As soil erosion & sediment controls would be utilized, there are no significant impacts to land anticipated.

There are no waterbodies within the immediate area of the project, and given erosion and sediment controls would be utilized where earth disturbances do occur, no significant impacts to waterbodies are anticipated. The NYS-DEC Environmental Resource Mapper was reviewed and while no endangered or threatened species were identified, Highland park is locally known for diverse and high values flora. The care of the flora throughout the park is paramount, thus open branching was disbanded as a viable concept, with directional drilling being the primary practice for the installation of the electrical conduit. By drilling the conduit, impacts to the root structures of the specimen flora are lessened significantly. Therefore, no significant adverse impacts to flora and fauna are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (i.e. a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

Intro. No. ______

RESOLUTION NO. ______ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR DEMOLITION AND REPLACEMENT OF LABOR CENTER AT POWDER MILLS PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the demolition and replacement of the labor center is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 15, 2022 and has considered the potential environmental impacts of the demolition and replacement of the labor center pursuant to the requirements of the State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project consists of the demolition and the reconstruction of a new laborer center to be utilized by Parks staff members. The laborer center is almost 75 years old, and prior to demolition of the structure, an asbestos sampling / abatement must occur. Once demolished a new premanufactured metal building would be constructed. As the existing laborer center is poorly situated on the existing site, the new laborer center may shift slightly to ensure the building does not become impacted by the adjacent embankment. Earth disturbances during construction would be negligible as the existing site is currently paved and there is no basement planned, thus no significant excavation will occur. Erosion and sediment controls would be utilized during construction. As soil erosion & sedimentation controls would be utilized, there are no significant impacts to land anticipated.

The reconstruction of the building will not significantly increase stormwater runoff, as the existing conditions are already paved. However, during the reconstruction of the project, the County will review concepts to direct rooftop runoff to adjacent gardens, thus reducing stormwater runoff from reaching local waterbodies. As a result of the aforementioned, there are no significant impacts to waterbodies are anticipated. The NYS-DEC Environmental Resource Mapper was reviewed and non listed species, regulated freshwater wetlands and nearby natural communities with high quality occurrence types were noted. As the project does not modify the size / nature of the labor center, no significant adverse impacts are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION NO. ______ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR CONSTRUCTION OF PICKLEBALL COURTS AT BLACK CREEK PARK AND MENDON PONDS PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the construction of pickleball courts at Black Creek Park and Mendon Ponds Park is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 15, 2022 and has considered the potential environmental impacts of the construction of pickleball courts at Black Creek Park and Mendon Ponds Park pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Environment and Public Works Committee; August 22, 2022 - CV: 7-0

**Part 1 - Project Information**

**Instructions for Completing**

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

**Part 1 - Project and Sponsor Information**

1. **Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?**

   - [ ] Yes
   - [x] No

2. **Does the proposed action require a permit, approval or funding from any other government Agency?**

   - [ ] Yes
   - [x] No

3. **a. Total acreage of the site of the proposed action?**

   - [ ] 1.9 acres

   - [ ] 99 acres

4. **b. Total acreage to be physically disturbed?**

   - [ ] 1.9 acres

5. **c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?**

   - [ ] 4.18 acres

4. **Check all land uses that occur on, are adjoining or near the proposed action.**

   - [ ] Urban 
   - [ ] Rural (non-agriculture) 
   - [ ] Industrial 
   - [ ] Commercial 
   - [ ] Residential (suburban) 
   - [ ] Forest 
   - [ ] Agriculture 
   - [ ] Aquatic 
   - [ ] Other (Specify):

   - [x] Parkland

**Page 1 of 2**

SEAF 2019
5. Is the proposed action:
   a. A permitted use under the zoning regulations?
      NO ☐ YES ☑ N/A ☐
   b. Consistent with the adopted comprehensive plan?
      NO ☐ YES ☑ N/A ☐

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?
   NO ☐ YES ☑

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?
   If Yes, identify:
   ________________________________
   NO ☐ YES ☑

8. a. Will the proposed action result in a substantial increase in traffic above present levels?
      NO ☐ YES ☑
   b. Are public transportation services available at or near the site of the proposed action?
      YES ☑
   c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?
      YES ☑

9. Does the proposed action meet or exceed the state energy code requirements?
   If the proposed action will exceed requirements, describe design features and technologies:
   N/A

10. Will the proposed action connect to an existing public/private water supply?
    If No, describe method for providing potable water:
    N/A

11. Will the proposed action connect to existing wastewater utilities?
    If No, describe method for providing wastewater treatment:
    N/A

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?
      NO ☐ YES ☑

b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?
   NO ☐ YES ☑

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?
      YES ☑

b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?
   IF Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:
   ________________________________
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:
- ☐ Shoreline  ☑ Forest  ☐ Agricultural/Grasslands  ☐ Early mid-successional
- ☐ Wetland  ☐ Urban  ☐ Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitat, listed by the State or Federal government as threatened or endangered?

<table>
<thead>
<tr>
<th></th>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>☑</td>
<td>☐</td>
</tr>
</tbody>
</table>

16. Is the project site located in the 100-year flood plain?

<table>
<thead>
<tr>
<th></th>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>☑</td>
<td>☐</td>
</tr>
</tbody>
</table>

17. Will the proposed action create storm water discharge, either from point or non-point sources?
If Yes,  
   a. Will storm water discharges flow to adjacent properties?
      - ☑  
   b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?
      - ☑  
If Yes, briefly describe:

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?
If Yes, explain the purpose and size of the impoundment:

<table>
<thead>
<tr>
<th></th>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>☑</td>
<td>☐</td>
</tr>
</tbody>
</table>

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?
If Yes, describe:

<table>
<thead>
<tr>
<th></th>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>☑</td>
<td>☐</td>
</tr>
</tbody>
</table>

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?
If Yes, describe:

<table>
<thead>
<tr>
<th></th>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>☑</td>
</tr>
</tbody>

</tbody>
</table>
Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Black Creek Park. The new pickleball courts would be constructed along the north side of an existing parking lot. Mapping attached. Black Creek Park at this location is a moderately graded, grassed area, utilized for passive recreation. Enhanced use of this area for increased recreational purposes would occur on OaDA hydric soils. Earthen disturbances during construction would be less than 0.95 acres and erosion and sediment control would be utilized during construction. As soil erosion & sedimentation controls would be utilized, there are no significant impacts to land anticipated.

Stormwater runoff from the project will be directed into existing vegetated swales, thus allowing stormwater runoff to infiltrate into the soil media on site. Runoff will be directed south away from Black Creek, ensuring that additional stormwater runoff is not directed to Black Creek. Stormwater runoff will not be conveyed via a stormwater sewer system. As a result of the aforementioned, no significant impacts to waterbodies are anticipated.

The NYS-DEC Environmental Resource Mapper was reviewed and rare freshwater mussels were identified. These mussels are not listed in NYS and as the project will not impact the stream in any way, no significant impacts to flora and fauna are anticipated.

Mendon Ponds Park. The pickleball courts would be constructed in an existing gravel parking lot located on the east side of hundred acre pond. Mapping attached. Enhanced use of this area for increased recreational purposes would occur on the gravel lot, with P&O and O&O soils under the existing condition. There will be negligible, if any, earthen disturbances as a result of this project as the current conditions are a gravel parking lot. Therefore, there are no significant impacts to land anticipated.

The asphalt paving of the existing stone parking lot will not significantly increase stormwater runoff, however the County does intend to establish two grassed swales adjacent to the pickleball courts. Runoff will not be conveyed via a stormwater sewer system. As a result of the aforementioned, there are no significant impacts to waterbodies are anticipated.

The NYS-DEC Environmental Resource Mapper was reviewed and while non listed species were identified and wetlands are in the vicinity of the project area, the project will not significantly change the existing conditions on site. Therefore, no significant impacts to flora and fauna are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

This location is in the vicinity of Rare Freshwater Mussels – Not Listed by NYS

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer [ie. a wetland] and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Provision of financial assistance to local government or nonprofit entities is subject to the following conditions: (a) the use of such assistance is in accordance with the terms of the agreement; (b) the funds are spent for the purpose for which they were provided; and (c) the entity submitting the proposal demonstrates the ability to carry out the project in a manner consistent with the purposes for which such assistance was provided. In addition, the recipient shall not charge any fees or costs to recipients for the use of such financial assistance.

The recipient shall provide the necessary information to monitor and evaluate the project, including any financial reports required under the terms of the agreement. The recipient shall also comply with any other applicable requirements and standards, including those related to environmental protection, to ensure that the project is carried out in a manner consistent with the purposes for which the funds were provided.

Any recipient receiving financial assistance is required to report to the awarding agency any changes in the use or disposition of the funds, or any delays in the completion of the project. The recipient shall also provide any other information requested by the awarding agency to ensure compliance with the terms of the agreement.

The recipient shall agree to comply with all applicable laws, regulations, and standards governing the use of the funds and the project, including those related to environmental protection, health and safety, and labor standards. The recipient shall also comply with any other requirements and standards, including those related to public participation, to ensure that the project is carried out in a manner consistent with the purposes for which the funds were provided.

RESOLUTION NO. ________ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR CONSTRUCTION OF A SPRAY PARK AT ONTARIO BEACH PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the construction of a spray park at Ontario Beach Park is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 15, 2022 and has considered the potential environmental impacts of the construction of a spray park at Ontario Beach Park pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

**Short Environmental Assessment Form**  
**Part 1 - Project Information**

**Instructions for Completing**

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

### Part I - Project and Sponsor Information

Monroe County Installation of Spray Park at Ontario Beach Park

**Name of Action or Project:**

Installation of new spray park at Ontario Beach Park.

**Project Location (describe, and attach a location map):**

The Project is located at one site at Ontario Beach Park.

**Brief Description of Proposed Action:**

The new spray park splash pad feature would be located at Ontario Beach Park, east of the existing playground. Mapping attached, it is known that Ontario Beach Park is a popular park during the summer due to the Beach, however, periodic beach closures due to high bacteria levels and water clarity causes patron frustration. The spray park would provide an alternative option during beach closures and provides an ADA compliant option for individuals with differing needs.

**Name of Applicant or Sponsor:**

Monroe County – Robert W. Kiley, Deputy Director

Telephone: 585-753-7270  
E-Mail: robertkiley@monroecounty.gov

**Address:**

171 Reservoir Rd

**City/PO:**

Rochester  
State: NY  
Zip Code: 14620

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?  
   - NO  
   - YES

2. Does the proposed action require a permit, approval or funding from any other government agency?  
   - NO  
   - YES

3. a. Total acreage of the site of the proposed action?  
   - 0.5 acres

b. Total acreage to be physically disturbed?  
   - 0.5 acres

c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?  
   - 74.31 acres

4. Check all land uses that occur on, are adjoining or near the proposed action:

- [ ] Urban  
- [ ] Rural (non-agriculture)  
- [ ] Industrial  
- [ ] Commercial  
- [ ] Residential (suburban)  
- [ ] Forest  
- [ ] Agriculture  
- [ ] Aquatic  
- [ ] Other (Specify)  
- [✓] Parkland

---

Monroe County Legislature - September 13, 2022
5. Is the proposed action,  
   a. A permitted use under the zoning regulations?  
      | NO | YES | N/A |
      |    | ✔   |     |
   b. Consistent with the adopted comprehensive plan?  
      |    | ✔   |     |

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?  
   □ NO □ YES □ N/A

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?  
   Emotionally Sensitive, by the City of Rochester in 1986  
   □ NO □ YES

8. a. Will the proposed action result in a substantial increase in traffic above present levels?  
      □ NO □ YES
   b. Are public transportation services available at or near the site of the proposed action?  
      ✔ □
   c. Are any pedestrian accommodations or bicycle routes available at or near the site of the proposed action?  
      □ NO □ YES

9. Does the proposed action meet or exceed the state energy code requirements?  
   If the proposed action will exceed requirements, describe design features and technologies:  
   N/A

10. Will the proposed action connect to an existing public/private water supply?  
    □ NO □ YES
    If No, describe method for providing potable water:

11. Will the proposed action connect to existing wastewater utilities?  
    If No, describe method for providing wastewater treatment:

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?  
    Ontario Beach Park: 12/31/2018  
    □ NO □ YES
    b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?  
    □ NO □ YES

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?  
    □ NO □ YES
   b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?  
    □ NO □ YES
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:
- [ ] Shoreline
- [ ] Forest
- [ ] Agricultural/grasslands
- [ ] Early mid-successional
- [ ] Wetland
- [x] Urban
- [x] Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[ ]</td>
<td>[x]</td>
</tr>
</tbody>
</table>

16. Is the project site located in the 100-year flood plain?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[ ]</td>
<td>[x]</td>
</tr>
</tbody>
</table>

17. Will the proposed action create storm water discharge, either from point or non-point sources?
If Yes,

   a. Will storm water discharges flow to adjacent properties?

      | NO | YES |
      |----|-----|
      | [ ] | [x] |

   b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?

      | NO | YES |
      |----|-----|
      | [ ] | [x] |

If Yes, briefly describe:

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?
If Yes, explain the purpose and size of the impoundment:

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[x]</td>
<td>[ ]</td>
</tr>
</tbody>
</table>

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?
If Yes, describe:

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[x]</td>
<td>[ ]</td>
</tr>
</tbody>
</table>

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?
If Yes, describe:

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[x]</td>
<td>[ ]</td>
</tr>
</tbody>
</table>

I CERTIFY THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE.

</table>
Short Environmental Assessment Form

Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its severity, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The existing location at Ontario Beach is a gently graded / relatively flat grassed area, utilized as a passive recreational area. Use of this area for increased recreational purposes would occur on MB hydic soils. Earth changes during construction would be less than 0.5 acers and erosion and sediment controls would be utilized as needed during construction. As soil erosion and sedimentation controls would be utilized, there are no significant impacts to land anticipated.

The project would not result in additional stormwater runoff entering an stormwater sewer system, however the project would be connect to the sanitary sewer system. Annual potable water usage is estimated between 7 to 8 million gallons, with that, flow would be directed to the sanitary sewer system. The project is within the 100 year floodplain for Lake Ontario and will be designed and constructed to allow the sanitary sewer system to be shunted off, thus eliminating flow into the sanitary sewer system during a flood event. As a result of the aforementioned, there are no significant impacts to flooding as a result of this project.

In 1986, the City of Rochester designated the area as a critical environmental area, noting that it is a environmentally sensitive area. The NYS-DEC Environmental Resource Mapper was reviewed and no threatened or endangered species were mapped within the project area. As a result, no significant impacts to flora and fauna are anticipated.

There are two remediation sites within 2000 ft of the proposed project, the lighthouse point inland and the old Rochester city landfill on Pattonwood. As the project would not impact these remediation sites, no significant impact is noted.

The project is consistent with the community character and the concept of a spray park was noted within several local community master plans. Therefore, no significant impact to the community character is noted.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (i.e. a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

RESOLUTION NO. ___ OF 2022

AMENDING 2022-2027 CAPITAL IMPROVEMENT PROGRAM TO INCREASE SCOPE AND FUNDING FOR MONROE COUNTY PARKS SYSTEM-WIDE FACILITIES RENOVATIONS PROJECT AND APPROPRIATE FUND BALANCE FOR INTERFUND TRANSFER

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The 2022-2027 Capital Improvement Program is hereby amended to increase the scope and funding for the Monroe County Parks System-Wide Facilities Renovations project in the amount of $9,400,000, for a total project authorization of $16,600,000.

Section 2. The 2022 Capital Budget is hereby amended to increase funding for the Monroe County Parks System-Wide Facilities Renovations project in the amount of $9,400,000.

Section 3. The Monroe County Legislature authorizes appropriate fund balance in the amount of $9,400,000 and authorizes its transfer from general fund 9001 to capital fund 2010, Monroe County Parks System-Wide Facilities Renovations project.

Section 4. Funding for this project, consistent with authorized uses, will be included in capital fund 2010 once the additional transfer is approved, and any other capital fund(s) created for the same intended purpose.

Section 5. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

AMENDING ARTICLE II OF THE RULES OF THE LEGISLATURE OF THE COUNTY OF MONROE TO ALLOW FOR HYBRID REMOTE MEETING ATTENDANCE

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Article II, Section 545-10 of the Rules of the Monroe County Legislature is hereby amended by adding a new Section 545-10(D) to read as follows:

D. Hybrid Remote Meeting Attendance. In accordance with Local Law No. 4 of 2022, the President of the Legislature is empowered, in his/her sole discretion, to permit members to participate in meetings of the Legislature or any of its committees via videoconference upon a showing to and determination by the President that such member is unable to be physically present at one of the designated public meeting locations due to extraordinary circumstances. For purposes of this section, the term “extraordinary circumstances” includes disability, illness, caregiving responsibilities, or any other significant or unexpected factor or event which precludes the member’s physical attendance at such meeting.

Section 2. This resolution shall take effect upon the effective date of proposed Local Law No. 4 of 2022 (Intro No. 213).

RESOLUTION NO. _____ OF 2022

RENEWAL OF THE NOBLE SISTER COUNTY RELATIONSHIP BETWEEN THE COUNTY OF MONROE, N.Y., USA AND COUNTY CAVAN, IRELAND

BE IT RESOLVED, that this Monroe County Legislature and Cavan County Council hereby recognize and renew the mutual friendship developed between our counties, through having a common friend in Colonel Patrick O’Rorke; and

WHEREAS, Patrick O’Rorke was born March 28, 1836 in Cavan County, Cavan, Ireland and immigrated to the United States with his parents to establish a permanent home in Rochester, New York, in 1842 in a section known as "Dublin"; and

WHEREAS, in 1857 O’Rorke was chosen by Congressman Williams to study at the United States Military Academy and was the first Irishman to be given the opportunity of a West Point education, and

WHEREAS, in 1861 O’Rorke graduated first in his class a year earlier than scheduled due to the outbreak of the Civil War, and entered the Corps of Engineers with the rank of brevet second lieutenant; and

WHEREAS, O’Rorke served with the Union Army through the summer of 1862, demonstrating his leadership and dedication at the battles of Bull Run, Fort Monroe, Fort Pulaski and others; and

WHEREAS, President Lincoln's mid-summer call for more troops was the impetus for the creation of two new infantry regiments from Rochester and Monroe County, and O’Rorke was appointed colonel of the second regiment of the 140th New York; and

WHEREAS, the morning of July 2, 1863 the 140th was engaged in the Battle of Gettysburg, where during a heroic battle leading his troops toward the enemy, Col. O’Rorke was killed; and

WHEREAS, Col. O’Rorke was originally buried on the battlefield, but was subsequently returned to Rochester by his widow, and laid to rest in Pinnacle Hill Cemetery. Today, Col. Patrick O’Rorke rests in peace at Holy Sepulchre Cemetery on Lake Avenue, Rochester, New York;

WHEREAS, today, 27 years since the original resolution establishing a “Noble Sister County Relationship” between Cavan County, Cavan, Ireland and Monroe County, New York, USA; once again representatives of both communities are joined together in joyful celebration and reaffirmation of our mutual friendship;

NOW, THEREFORE, BE IT RESOLVED, in furtherance of a motion unanimously approved by the elected members of Cavan County Council on 11th July 2022, that the honorable members of the Monroe County Legislature and of Cavan County Council recognize the Noble Sister County Relationship between Monroe County, N.Y., USA, and the administrative area of County Cavan, Ireland.

RE: Enacting Local Law Entitled, “Amending Monroe County Charter and Administrative Code Relating to Legislative District Boundaries and Term of Members of County Legislature”

Honorable Legislators:

As Chairwoman of the Legislative District Revision Commission, I hereby submit the following proposed Local Law regarding the revision of Legislative District boundaries as required by §C2-12 of the Monroe County Charter. The proposed law also defines the length of terms of office for the Monroe County Legislature. The Commission approved this proposal during its meeting held September 6, 2022.

The specific legislative action required is to adopt the Local Law as attached.

The legislative action requested in this referral is not an “Action” as that term is defined in 6 NYCRR 617.5(b) and is not subject to review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

Sincerely,

[Signature]

Sabrina LaMar
President of the Legislature
District 27

LOCAL LAW NO. ___________ of 2022

LOCAL LAW ENTITLED, “AMENDING MONROE COUNTY CHARTER AND ADMINISTRATIVE CODE RELATING TO THE LEGISLATIVE DISTRICT BOUNDARIES AND THE TERM OF OFFICE OF MEMBERS OF THE COUNTY LEGISLATURE”

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Section C2-12B of the Monroe County Charter is hereby repealed, and a new Section C2-12B is enacted in place thereof, to read as follows:

B. District boundaries. The description of the boundaries of the twenty-nine (29) legislative districts shall be set forth in Section A4-4 of the Administrative Code. In the description of said districts, all references to towns apply to that territory wholly contained in each of the towns in the county bounded as of April 1, 2020. Said district boundaries shall be changed only by local law and in accordance with the reapportionment procedures and standards set forth in Section C2-12C.

Section 2. Section A4-4 of the Administrative Code of Monroe County is hereby repealed and a new Section §A4-4 is enacted in place thereof, to read as follows:

A4-4. Legislative district boundaries.

A. In the description of the districts set forth below, all references to towns apply to that territory wholly contained in each of the towns in the county bounded as of April 1, 2020. The boundaries of the twenty-nine (29) legislative districts shall be as follows:

(1) District 1.

(a) All of the Town of Parma.

(b) The following parts of the Town of Greece: Beginning at the point where the Town of Greece-Town of Parma boundary intersects the Lake Ontario shoreline, southeast following the contour of the Lake Ontario shoreline then southwest on the west bank of the Buck Pond inlet to Edgemere Drive, northwest on Edgemere Drive to Long Pond Road, southwest on Long Pond Road to Lake Ontario State Parkway, southeast on Lake Ontario State Parkway to NY State Route 390, south on NY State Route 390 to Janes Road, west on Janes Road to Kirk Road, south on Kirk Road to the southeast corner of Greece Election District 79, follow the southern boundary of Greece.
Election District 79 northwest to Long Pond Road, north on Long Pond Road to the southeast corner of Greece Election District 103, follow the southern boundary of Greece Election District 103 northwest, continuing northwest along the southern boundary of Greece Election District 44, continuing northwest along the southern boundary of Greece Election District 43, continuing northwest along the southern boundary of Greece Election District 107 to the Town of Greece-Town of Parma boundary, north on said boundary to the point of the beginning.

(2) District 2.

(a) All of the Town of Hamlin.

(b) All of the Town of Clarkson.

(c) The following parts of the Town of Sweden: Beginning at a point where the Monroe County-Orleans County boundary intersects the Town of Sweden-Town of Clarkson boundary, east along said boundary to the Town of Sweden-Town of Parma boundary, southwest on said boundary, continuing southwest on the Town of Sweden-Town of Ogden boundary to Campbell Road, west on Campbell Road to its intersection with Brockport-Spencerport Road, west on Brockport-Spencerport Road to its intersection with Lake Road, continuing west on Fourth Section Road to the Monroe County-Orleans County boundary, north along said boundary to the point of beginning.

(3) District 3.

(a) The following parts of the Town of Chili: Beginning at a point where the Town of Chili-Town of Riga boundary meets the Town of Chili-Town of Ogden boundary, east along the Town of Chili-Town of Ogden boundary, continuing east along the Town of Chili-Town of Gates boundary to the Town of Chili-City of Rochester boundary, then in a generally southerly, easterly, northerly direction following said boundary (outlines the Frederick Douglass Greater Rochester International Airport) to the Town of Chili-Town of Gates boundary, east along said boundary to the Town of Chili-City of Rochester boundary, then in a generally southerly, westerly direction along said boundary to the Town of Chili-Town of Brighton boundary, continuing southwest along said boundary to the Ballantyne Bridge, west on Ballantyne Road to the Rochester and Southern Main Line Railroad Tracks, north along said tracks to Black Creek, west on Black Creek to Stottle Road, south on Stottle Road to Bowen Road, west on Bowen Road to Union Street, north on Union Street to Interstate 490, west on Interstate 490 to the Town of Chili-Town of Riga boundary, north along said boundary to the point of the beginning.
(4) District 4.

(a) The following parts of the Town of Gates: Beginning at the point where the Town of Gates-Town of Ogden boundary meets the Town of Gates-Town of Greece boundary, east along the Town of Gates-Town of Greece boundary to Interstate 390, south on Interstate 390 to the Erie Canal, southeast on the Erie Canal to its intersection with the southeast corner of the Gates Election District 13, follow the southern boundary of the Gates Election District 13 northwest to a point due north of Karl Fuchs Drive, proceed due south to Karl Fuchs Drive, continue south on Karl Fuchs Drive to Spencerport Road, southeast on Spencerport Road to Lyell Avenue, east on Lyell Avenue to Interstate 390, south on Interstate 390 to Interstate 490, west on Interstate 490 to Howard Road, south on Howard Road to Castlewood Drive, east on Castlewood Drive to Crestwood Boulevard, south on Crestwood Boulevard to Buffalo Road, west on Buffalo Road to Howard Road, south on Howard Road to Hinchey Road, east on Hinchey Road to Chili Avenue, southwest on Chili Avenue to Marilou Drive, south on Marilou Drive to Brooks Avenue, east on Brooks Avenue to its intersection with the Town of Gates-City of Rochester boundary (Frederick Douglass Greater Rochester International Airport), southwest along said boundary to the Town of Gates-Town of Chili boundary, west along said boundary to the Town of Gates-Town of Ogden boundary, north on said boundary to the point of the beginning.

(5) District 5.

(a) All of the Town of Mendon.

(b) All of the Town of Rush.

(c) The following parts of the Town of Henrietta: Beginning at the northwest corner of Henrietta Election District 20, east along the NYS Thruway to the Town of Henrietta-Town of Pittsford boundary, southwest along said boundary, continuing southwest along the Town of Henrietta-Town of Mendon boundary to the Town of Henrietta-Town of Rush boundary, west on the Town of Henrietta-Town of Rush boundary to West Henrietta Road, north on West Henrietta Road to Martin Road, west on Martin Road to Telephone Road, northeast on Telephone Road to Pinon Drive, northwest on Pinon Drive to Yellowstone Drive, north on Yellowstone Drive to Erie Station Road, west on Erie Station Road to the western boundary of the Henrietta Election District 20, follow said boundary northeast to the point of the beginning.

(d) The following parts of the Town of Perinton: Beginning at the point where the Town of Pittsford boundary meets the Erie Canal, southeast along the northern bank of the Erie Canal to the Marsh Road Bridge, south along the Marsh Road Bridge and continuing along Marsh Road to Pittsford Victor Road, southeast on Pittsford Victor Road to Fishers Road, south on Fishers Road to Woolston Road, west on Woolston
Road to the Town of Perinton-Town of Pittsford boundary, north along said boundary to the point of the beginning.

(e) The following parts of the Town of Pittsford: Beginning at point where the Town of Pittsford-Town of Henrietta boundary meets the NYS Thruway, southeast on the NYS Thruway to Mendon Center Road, north on Mendon Center Road to Barker Road, east on Barker Road to West Bloomfield Road, northeast on West Bloomfield Road to Mendon Road, south on Mendon Road to Thornell Road, east on Thornell Road to East Street, south on East Street to Park Road, east on Park Road to the Town of Pittsford-Town of Perinton boundary, south along said boundary to the Town of Pittsford-Town of Mendon boundary, west along said boundary to the Town of Pittsford-Town of Henrietta boundary, northeast along said boundary to the point of the beginning.

(6) District 6.

(a) The following parts of the Town of Greece: Beginning at the intersection of Latta Road and Long Pond Road, east on Latta Road to Ripplewood Drive, south on Ripplewood Drive to Morrow Drive, south on Morrow Drive to Denise Road, east on Denise Road to the Town of Greece-City of Rochester boundary, south then west along said boundary to Dewey Avenue, north on Dewey Avenue to Eglantine Road, west on Eglantine Road to Oakwood Road, north on Oakwood Road to Stone Road, southwest on Stone Road to Mt. Read Boulevard, north on Mt. Read Boulevard to Vintage Lane, west on Vintage Lane to Long Pond Road, north on Long Pond Road to the point of the beginning.

(7) District 7.

(a) The following parts of the Town of Greece: Beginning at the point where the Buck Pond Inlet meets the Lake Ontario Shoreline, follow said shoreline east to the City of Rochester boundary, then in a generally southerly direction follow said boundary to Denise Road, west on Denise Road to Morrow Drive, north on Morrow Drive to Ripplewood Drive, north on Ripplewood Drive to Latta Road, west on Latta Road to Long Pond Road, south on Long Pond Road to Mill Road, west on Mill Road to Larkin Creek, then in a generally southeasterly, westerly, southerly, westerly direction follow said creek to North Greece Road, south on North Greece Road to West Ridge Road, west on West Ridge Road to the Town of Greece-Town of Parma boundary, north along said boundary to the northwest corner of Greece Election District 70, southeast along the northern boundary of said election district, continuing southeast along the northern boundary of Greece Election District 102 to its northeast corner, continuing southeast to Long Pond Road, south on Long Pond Road to the northwest corner of Greece Election District 106, continuing southeast along the
northern boundary of said election district to Kirk Road, north on Kirk Road to Janes Road, east on Janes Road to NYS Route 390, north on NYS Route 390 to the Lake Ontario State Parkway, northwest on the Lake Ontario State Parkway to Long Pond Road, northeast on Long Pond Road to Edgemere Drive, southeast on Edgemere Drive to the Buck Pond Inlet, follow the Buck Pond Inlet northeast to the point of the beginning.

(8) District 8.

Section 3. Section C2-2 of the Monroe County Charter is hereby amended by adding a new C2-2D, to read as follows:

D. Term. The term of office of the members of the County Legislature shall begin on the first day of January next following their election. All Legislators shall be elected for a term of four years at the general election to be held in the year two thousand twenty three (2023). Subject to the conditions set forth in Section C2-2A(3)b and c, all Legislators shall be elected for a term of four years at the general election to be held in the year two thousand twenty-seven (2027). The term of office for all members of the County Legislature set forth in this Section C2-2D, shall terminate on the thirty-first day of December in the year two thousand thirty one (2031), and
thereafter, the term of office for all members of the County Legislature, beginning with the
general election held in the year two thousand thirty one (2031), shall be in accordance with the
plan set forth in Section C2-2D.

Section 4. The twenty-nine (29) legislative districts as previously bounded and
described by Local Law No. 7 of 2011 shall continue as such for the limited purpose of
continuing in office the legislators presently elected from said districts and shall cease to exist as
such on December 31, 2023.

Section 5. This local law is subject to permissive referendum and shall take effect in
accordance with the applicable provisions of the Municipal Home Rule Law and the Monroe
County Charter.

LOCAL LAW NO. _________ of 2022

LOCAL LAW ENTITLED, “AMENDING MONROE COUNTY CHARTER AND ADMINISTRATIVE CODE RELATING TO THE LEGISLATIVE DISTRICT BOUNDARIES AND THE TERM OF OFFICE OF MEMBERS OF THE COUNTY LEGISLATURE”

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Section C2-12B of the Monroe County Charter is hereby repealed, and a new Section C2-12B is enacted in place thereof, to read as follows:

B. District boundaries. The description of the boundaries of the twenty-nine (29) legislative districts shall be set forth in Section A4-4 of the Administrative Code. In the description of said districts, all references to towns apply to that territory wholly contained in each of the towns in the county bounded as of April 1, 2020. Said district boundaries shall be changed only by local law and in accordance with the reapportionment procedures and standards set forth in Section C2-12C.

Section 2. Section A4-4 of the Administrative Code of Monroe County is hereby repealed and a new Section §A4-4 is enacted in place thereof, to read as follows:

A4-4. Legislative district boundaries.

A. In the description of the districts set forth below, all references to towns apply to that territory wholly contained in each of the towns in the county bounded as of April 1, 2020. The boundaries of the twenty-nine (29) legislative districts shall be as follows:

Section 3. Section C2-2 of the Monroe County Charter is hereby amended by adding a new C2-2D, to read as follows:

D. Term. The term of office of the members of the County Legislature shall begin on the first day of January next following their election. All Legislators shall be elected for a term of four years at the general election to be held in the year two thousand twenty-three (2023). Subject to the conditions set forth in Section C2-2A(3)b and c, all Legislators shall be elected for a term of four years at the general election to be held in the year two thousand twenty-seven (2027). The term of office for all members of the County Legislature set forth in this Section C2-2D, shall terminate on the thirty-first day of December in the year two thousand thirty one (2031), and
thereafter, the term of office for all members of the County Legislature, beginning with the
general election held in the year two thousand thirty one (2031), shall be in accordance with the
plan set forth in Section C2-2D.

Section 4. The twenty-nine (29) legislative districts as previously bounded and
described by Local Law No. 7 of 2011 shall continue as such for the limited purpose of
continuing in office the legislators presently elected from said districts and shall cease to exist as
such on December 31, 2023.

Section 5. This local law is subject to permissive referendum and shall take effect in
accordance with the applicable provisions of the Municipal Home Rule Law and the Monroe
County Charter.

RE: Enacting Local Law Entitled, “Amending Monroe County Charter and Administrative Code Relating to Legislative District Boundaries and Term of Members of County Legislature”

Honorable Legislators:

As Chairwoman of the Legislative District Revision Commission, I hereby submit the following proposed Local Law regarding the revision of Legislative District boundaries as required by §C2-12 of the Monroe County Charter. The proposed law also defines the length of terms of office for the Monroe County Legislature. The Commission approved this proposal during its meeting held September 6, 2022.

The specific legislative action required is to adopt the Local Law as attached.

The legislative action requested in this referral is not an “Action” as that term is defined in 6 NYCRR 617.5(b) and is not subject to review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

Sincerely,

[Signature]

Monroe County Legislature - September 13, 2022
By Legislators ____ and ______

Intro No. ______
LOCAL LAW NO. __________ of 2022

LOCAL LAW ENTITLED, “AMENDING MONROE COUNTY CHARTER AND ADMINISTRATIVE CODE RELATING TO THE LEGISLATIVE DISTRICT BOUNDARIES AND THE TERM OF OFFICE OF MEMBERS OF THE COUNTY LEGISLATURE”

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Section C2-12B of the Monroe County Charter is hereby repealed, and a new Section C2-12B is enacted in place thereof, to read as follows:

B. District boundaries. The description of the boundaries of the twenty-nine (29) legislative districts shall be set forth in Section A4-4 of the Administrative Code. In the description of said districts, all references to towns apply to that territory wholly contained in each of the towns in the county bounded as of April 1, 2020. Said district boundaries shall be changed only by local law and in accordance with the reapportionment procedures and standards set forth in Section C2-12C.

Section 2. Section A4-4 of the Administrative Code of Monroe County is hereby repealed and a new Section §A4-4 is enacted in place thereof, to read as follows:

A4-4. Legislative district boundaries.

A. In the description of the districts set forth below, all references to towns apply to that territory wholly contained in each of the towns in the county bounded as of April 1, 2020. The boundaries of the twenty-nine (29) legislative districts shall be as follows:

1) District 1.

(a) All of the Town of Parma.

(b) The following parts of the Town of Greece: Beginning at the point where the Town of Greece-Town of Parma boundary intersects the Lake Ontario shoreline, southeast following the contour of the Lake Ontario shoreline then southwest on the west bank of the Buck Pond inlet to Edgemere Drive, northwest on Edgemere Drive to Long Pond Road, southwest on Long Pond Road to Lake Ontario State Parkway, southeast on Lake Ontario State Parkway to NY State Route 390, south on NY State Route 390 to Janes Road, west on Janes Road to Kirk Road, south on Kirk Road to the southeast corner of Greece Election District 79, follow the southern boundary of Greece
Election District 79 northwest to Long Pond Road, north on Long Pond Road to the southeast corner of Greece Election District 103, follow the southern boundary of Greece Election District 103 northwest, continuing northwest along the southern boundary of Greece Election District 44, continuing northwest along the southern boundary of Greece Election District 43, continuing northwest along the southern boundary of Greece Election District 107 to the Town of Greece-Town of Parma boundary, north on said boundary to the point of the beginning.

(2) District 2.

(a) All of the Town of Hamlin.

Section 3. Section C2-2 of the Monroe County Charter is hereby amended by adding a new C2-2D, to read as follows:

D. Term. The term of office of the members of the County Legislature shall begin on the first day of January next following their election. All Legislators shall be elected for a term of four years at the general election to be held in the year two thousand twenty three (2023). Subject to the conditions set forth in Section C2-2A(3)b and c, all Legislators shall be elected for a term of four years at the general election to be held in the year two thousand twenty-seven (2027). The term of office for all members of the County Legislature set forth in this Section C2-2D, shall terminate on the thirty-first day of December in the year two thousand thirty one (2031), and
thereafter, the term of office for all members of the County Legislature, beginning with the general election held in the year two thousand thirty one (2031), shall be in accordance with the plan set forth in Section C2-2D.

Section 4. The twenty-nine (29) legislative districts as previously bounded and described by Local Law No. 7 of 2011 shall continue as such for the limited purpose of continuing in office the legislators presently elected from said districts and shall cease to exist as such on December 31, 2023.

Section 5. This local law is subject to permissive referendum and shall take effect in accordance with the applicable provisions of the Municipal Home Rule Law and the Monroe County Charter.

RE: Enacting Local Law Entitled, “Amending Monroe County Charter and Administrative Code Relating to Legislative District Boundaries and Term of Members of County Legislature”

Honorable Legislators:

As Chairwoman of the Legislative District Revision Commission, I hereby submit the following proposed Local Law regarding the revision of Legislative District boundaries as required by §C2-12 of the Monroe County Charter. The proposed law also defines the length of terms of office for the Monroe County Legislature. The Commission approved this proposal during its meeting held September 6, 2022.

The specific legislative action required is to adopt the Local Law as attached.

The legislative action requested in this referral is not an “Action” as that term is defined in 6 NYCRR 617.5(b) and is not subject to review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

Sincerely,

Sabrina LaMar
President of the Legislature
District 27

Intro No. _____
LOCAL LAW NO. _________ of 2022

LOCAL LAW ENTITLED, “AMENDING MONROE COUNTY CHARTER AND ADMINISTRATIVE CODE RELATING TO THE LEGISLATIVE DISTRICT BOUNDARIES AND THE TERM OF OFFICE OF MEMBERS OF THE COUNTY LEGISLATURE”

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Section C2-12B of the Monroe County Charter is hereby repealed, and a new Section C2-12B is enacted in place thereof, to read as follows:

B. District boundaries. The description of the boundaries of the twenty-nine (29) legislative districts shall be set forth in Section A4-4 of the Administrative Code. In the description of said districts, all references to towns apply to that territory wholly contained in each of the towns in the county bounded as of April 1, 2020. Said district boundaries shall be changed only by local law and in accordance with the reapportionment procedures and standards set forth in Section C2-12C.

Section 2. Section A4-4 of the Administrative Code of Monroe County is hereby repealed and a new Section §A4-4 is enacted in place thereof, to read as follows:

A4-4. Legislative district boundaries.

A. In the description of the districts set forth below, all references to towns apply to that territory wholly contained in each of the towns in the county bounded as of April 1, 2020. The boundaries of the twenty-nine (29) legislative districts shall be as follows:

(1) District 1.

(a) All of the Town of Parma.

(b) The following parts of the Town of Greece: Beginning at the point where the Town of Greece-Town of Parma boundary intersects the Lake Ontario shoreline, southeast following the contour of the Lake Ontario shoreline then southwest on the west bank of the Buck Pond inlet to Edgemere Drive, northwest on Edgemere Drive to Long Pond Road, southwest on Long Pond Road to Lake Ontario State Parkway, southeast on Lake Ontario State Parkway to NY State Route 390, south on NY State Route 390 to Janes Road, west on Janes Road to Kirk Road, south on Kirk Road to the southeast corner of Greece Election District 79, follow the southern boundary of Greece.
Election District 79 northwest to Long Pond Road, north on Long Pond Road to the southeast corner of Greece Election District 103, follow the southern boundary of Greece Election District 103 northwest, continuing northwest along the southern boundary of Greece Election District 44, continuing northwest along the southern boundary of Greece Election District 43, continuing northwest along the southern boundary of Greece Election District 107 to the Town of Greece-Town of Parma boundary, north on said boundary to the point of the beginning.

(2) District 2.

(a) All of the Town of Hamlin.

(b) All of the Town of Clarkson.

(c) The following parts of the Town of Sweden: Beginning at a point where the Monroe County-Orleans County boundary intersects the Town of Sweden-Town of Clarkson boundary, east along said boundary to the Town of Sweden-Town of Parma boundary, southwest on said boundary, continuing southwest on the Town of Sweden-Town of Ogden boundary to Campbell Road, west on Campbell Road to its intersection with Brockport-Spencerport Road, west on Brockport-Spencerport Road to its intersection with Lake Road, continuing west on Fourth Section Road to the Monroe County-Orleans County boundary, north along said boundary to the point of beginning.

(3) District 3.

(a) The following parts of the Town of Chili: Beginning at a point where the Town of Chili-Town of Riga boundary meets the Town of Chili-Town of Ogden boundary, east along the Town of Chili-Town of Ogden boundary, continuing east along the Town of Chili-Town of Gates boundary to the Town of Chili-City of Rochester boundary, then in a generally southerly, easterly, northerly direction following said boundary (outlines the Frederick Douglass Greater Rochester International Airport) to the Town of Chili-Town of Gates boundary, east along said boundary to the Town of Chili-City of Rochester boundary, then in a generally southerly, westerly direction along said boundary to the Town of Chili-Town of Brighton boundary, continuing southwest along said boundary to the Ballantyne Bridge, west on Ballantyne Road to the Rochester and Southern Main Line Railroad Tracks, north along said tracks to Black Creek, west on Black Creek to Stottle Road, south on Stottle Road to Bowen Road, west on Bowen Road to Union Street, north on Union Street to Interstate 490, west on Interstate 490 to the Town of Chili-Town of Riga boundary, north along said boundary to the point of the beginning.
(4) District 4.

(a) The following parts of the Town of Gates: Beginning at the point where the Town of Gates-Town of Ogden boundary meets the Town of Gates-Town of Greece boundary, east along the Town of Gates-Town of Greece boundary to Interstate 390, south on Interstate 390 to the Erie Canal, southeast on the Erie Canal to its intersection with the southeast corner of the Gates Election District 13, follow the southern boundary of the Gates Election District 13 northwest to a point due north of Karl Fuchs Drive, proceed due south to Karl Fuchs Drive, continue south on Karl Fuchs Drive to Spencerport Road, southeast on Spencerport Road to Lyell Avenue, east on Lyell Avenue to Interstate 390, south on Interstate 390 to Interstate 490, west on Interstate 490 to Howard Road, south on Howard Road to Castlewood Drive, east on Castlewood Drive to Crestwood Boulevard, south on Crestwood Boulevard to Buffalo Road, west on Buffalo Road to Howard Road, south on Howard Road to Hinchey Road, east on Hinchey Road to Chili Avenue, southwest on Chili Avenue to Marilou Drive, south on Marilou Drive to Brooks Avenue, east on Brooks Avenue to its intersection with the Town of Gates-City of Rochester boundary (Frederick Douglass Greater Rochester International Airport), southwest along said boundary to the Town of Gates-Town of Chili boundary, west along said boundary to the Town of Gates-Town of Ogden boundary, north on said boundary to the point of the beginning.

(5) District 5.

(a) All of the Town of Mendon.

(b) All of the Town of Rush.

(c) The following parts of the Town of Henrietta: Beginning at the northwest corner of Henrietta Election District 20, east along the NYS Thruway to the Town of Henrietta-Town of Pittsford boundary, southwest along said boundary, continuing southwest along the Town of Henrietta-Town of Mendon boundary to the Town of Henrietta-Town of Rush boundary, west on the Town of Henrietta-Town of Rush boundary to West Henrietta Road, north on West Henrietta Road to Martin Road, west on Martin Road to Telephone Road, northeast on Telephone Road to Pinon Drive, northwest on Pinon Drive to Yellowstone Drive, north on Yellowstone Drive to Erie Station Road, west on Erie Station Road to the western boundary of the Henrietta Election District 20, follow said boundary northeast to the point of the beginning.

(d) The following parts of the Town of Perinton: Beginning at the point where the Town of Pittsford boundary meets the Erie Canal, southeast along the northern bank of the Erie Canal to the Marsh Road Bridge, south along the Marsh Road Bridge and continuing along Marsh Road to Pittsford Victor Road, southeast on Pittsford Victor Road to Fishers Road, south on Fishers Road to Woolston Road, west on Woolston
Road to the Town of Perinton-Town of Pittsford boundary, north along said boundary to the point of the beginning.

(e) The following parts of the Town of Pittsford: Beginning at point where the Town of Pittsford-Town of Henrietta boundary meets the NYS Thruway, southeast on the NYS Thruway to Mendon Center Road, north on Mendon Center Road to Barker Road, east on Barker Road to West Bloomfield Road, northeast on West Bloomfield Road to Mendon Road, south on Mendon Road to Thornell Road, east on Thornell Road to East Street, south on East Street to Park Road, east on Park Road to the Town of Pittsford-Town of Perinton boundary, south along said boundary to the Town of Pittsford-Town of Mendon boundary, west along said boundary to the Town of Pittsford-Town of Henrietta boundary, northeast along said boundary to the point of the beginning.

(6) District 6.

(a) The following parts of the Town of Greece: Beginning at the intersection of Latta Road and Long Pond Road, east on Latta Road to Ripplewood Drive, south on Ripplewood Drive to Morrow Drive, south on Morrow Drive to Denise Road, east on Denise Road to the Town of Greece-City of Rochester boundary, south then west along said boundary to Dewey Avenue, north on Dewey Avenue to Eglantine Road, west on Eglantine Road to Oakwood Road, north on Oakwood Road to Stone Road, southwest on Stone Road to Mt. Read Boulevard, north on Mt. Read Boulevard to Vintage Lane, west on Vintage Lane to Long Pond Road, north on Long Pond Road to the point of the beginning.

Section 3. Section C2-2 of the Monroe County Charter is hereby amended by adding a new C2-2D, to read as follows:

D. Term. The term of office of the members of the County Legislature shall begin on the first day of January next following their election. All Legislators shall be elected for a term of four years at the general election to be held in the year two thousand twenty-three (2023). Subject to the conditions set forth in Section C2-2A(3)b and c, all Legislators shall be elected for a term of four years at the general election to be held in the year two thousand twenty-seven (2027). The term of office for all members of the County Legislature set forth in this Section C2-2D, shall terminate on the thirty-first day of December in the year two thousand thirty-one (2031), and
thereafter, the term of office for all members of the County Legislature, beginning with the general election held in the year two thousand thirty one (2031), shall be in accordance with the plan set forth in Section C2-2D.

Section 4. The twenty-nine (29) legislative districts as previously bounded and described by Local Law No. 7 of 2011 shall continue as such for the limited purpose of continuing in office the legislators presently elected from said districts and shall cease to exist as such on December 31, 2023.

Section 5. This local law is subject to permissive referendum and shall take effect in accordance with the applicable provisions of the Municipal Home Rule Law and the Monroe County Charter.

Monroe County Legislature - September 13, 2022
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend the 2022-2027 Capital Improvement Program and the 2022 Capital Budget to Advance the “Tropical Exhibit and Main Entry Plaza” Project from 2023 to 2022 and Retitle the Project as “Tropical Exhibit and Main Entry Plaza, Phase 2;” Amend the 2022 Capital Budget to Increase Funding for the “Tropical Exhibit and Main Entry Plaza, Phase 2” Project; Authorize Financing for the Project

Honorable Legislators:

I recommend that Your Honorable Body amend the 2022-2027 Capital Improvement Program and the 2022 Capital Budget to advance the “Tropical Exhibit and Main Entry Plaza” project from 2023 to 2022 in the amount of $64,120,000 and retitle the project as “Tropical Exhibit and Main Entry Plaza, Phase 2;” amend the 2022 Capital Budget to increase funding for the “Tropical Exhibit and Main Entry Plaza, Phase 2” project in the amount of $38,780,000; and authorize financing for the “Tropical Exhibit and Main Entry Plaza, Phase 2” project in the amount of $102,900,000.

By Resolution 180 of 2015, Your Honorable Body adopted the 2016-2021 Capital Improvement Program which included the Tropical Exhibit and Main Entry Plaza Project. This project features a state-of-the-art Tropics complex, showcasing animals from the ecosystems of Borneo and Madagascar at the south end of the Seneca Park Zoo, in the area previously occupied by the rhinoceros exhibit and the main building. This will include a naturalistic orangutan habitat enabling climbing and more “treetop-like” movement. The new Tropics complex will also feature ring-tailed lemurs and an aquarium. Other animals from these ecosystems will be incorporated as well. A new Entry Building will include a Conservation Resource Center, housing conservation and education programs. It will also include larger event capacity, space for Parks staff and the Zoo Society, and operations like Zoo Membership and admissions. The ZooShop will be expanded and upgraded to meet the best-in-class standards as well as the increased demands based on attendance growth.

The new zoo facilities will provide a world-class experience to Monroe County residents and will be of a quality that the Seneca Park Zoo is expected to be a destination trip for regional visitors. The indoor tropical environmental is expected to be an attractive draw during the winter months and is expected to increase overall seasonal attendance.

Governor Hochul has committed $42,500,000 in the State’s 2022-2023 budget toward the project... In addition, the Seneca Park Zoo Society, a not-for-profit corporation chartered to cooperate with the County in the raising of funds for the benefit of the Zoo; to foster, develop, and promote interest and civic pride among the citizens of Monroe County in their zoo and the animals therein; and to provide an organization dedicated to the advancement of scientific education and conservation knowledge of the members of the animal kingdom, has committed to undertaking significant fundraising efforts to raise $23,000,000 for the project.

110 County Office Building • 39 West Main Street • Rochester, New York 14614
(585) 753-1000 • fax: (585) 753-1014 • www.monroecounty.gov • e-mail: countyexecutive@monroecounty.gov
This project is scheduled to be considered by the Monroe County Planning Board at its July 28, 2022 meeting.

The specific legislative actions required are:

1. Amend the 2022-2027 Capital Improvement Program to advance the “Tropical Exhibit and Main Entry Plaza,” project from 2023 to 2022 and retitle the project as “Tropical Exhibit and Main Entry Plaza, Phase 2” in the amount of $64,120,000.

2. Amend the 2022 Capital Budget to increase funding for the “Tropical Exhibit and Main Entry Plaza, Phase 2” project in the amount of $38,780,000.

3. Authorize financing for the “Tropical Exhibit and Main Entry Plaza, Phase 2” in the amount of $102,900,000.

This action is a Type I Action under the New York State Environmental Quality Review Act (“SEQRA”). Pursuant to Resolution 145 of 2022, the Monroe County Legislature issued an Amended Negative Declaration for this action. No further action under SEQRA is required.

Funding for this project consistent with authorized uses, will be included in capital fund 1774, the new capital fund to be created, and any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Signed

Adam J. Bello
Monroe County Executive
RESOLUTION AUTHORIZING THE ISSUANCE OF $102,900,000 BONDS OF THE COUNTY OF MONROE, NEW YORK, TO FINANCE THE COST OF THE TROPICAL EXHIBIT AND MAIN ENTRY PLAZA, PHASE 2 PROJECT, AT THE SENECA PARK ZOO, IN AND FOR SAID COUNTY, AT AN ESTIMATED MAXIMUM COST OF $102,900,000

BE IT RESOLVED BY THE AFFIRMATIVE VOTE OF NOT LESS THAN TWO-THIRDS OF THE TOTAL VOTING STRENGTH OF THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. For the object or purpose of financing the cost of the Tropical Exhibit and Main Entry Plaza, Phase 2 Project, at the Seneca Park Zoo, in and for the County of Monroe, New York (the "County"), there are hereby authorized to be issued $102,900,000 bonds of the County, pursuant to the provisions of the Local Finance Law. The duly adopted current Capital Budget of the County, to the extent inconsistent herewith, is hereby amended to provide for the appropriation of the amount hereby authorized to pay the cost of the aforesaid specific object or purpose. The period of probable usefulness of the aforesaid specific object or purpose is fifteen (15) years, pursuant to subdivision 19 (c) of paragraph a of Section 11.00 of the Local Finance Law.

Section 2. The maximum estimated cost thereof is $102,900,000, and the plan for the financing thereof is by the issuance of $102,900,000 bonds of said County herein authorized; provided, however, that to the extent any state and/or federal aid and/or grant and/or gift is received for the aforesaid purpose, the County Executive, or his designee, is hereby authorized to accept and shall use such funds to redeem any outstanding indebtedness incurred for such purpose or apply it, dollar for dollar, to reduce the amount of bonds to be issued for such purpose.

Section 3. The faith and credit of the County are hereby irrevocably pledged for the payment of the principal of and interest on such obligations as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such obligations becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such obligations as the same become due and payable.

Section 4. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Director of Finance - Chief Financial Officer, the chief fiscal officer of the County under the Local Finance Law. The Director of Finance - Chief Financial Officer may sell such bonds or notes at public or private sale, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Director of Finance - Chief Financial Officer shall determine is most favorable to the County, and in compliance with any rules of the State Comptroller applicable thereto. Such bonds or notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Director of Finance - Chief Financial Officer, consistent with the provisions of the Local Finance Law. The Director of Finance - Chief Financial Officer may, in the event it is determined to issue...
variable rate bonds or notes, enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds or notes, as authorized under Section 54.90 of the Local Finance Law. The Director of Finance - Chief Financial Officer is also authorized to enter into such agreements and take such other action as may be necessary or appropriate and lawful to assure that, to the extent possible, (i) interest on the bonds and notes authorized hereby will not be includable in the gross income, for federal income tax purposes, of the recipients thereof, and (ii) to enable the purchaser thereof to comply with Securities and Exchange Commission Rule 15c2-12. The Director of Finance – Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for such bonds or notes, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

Section 5. All other matters, except as provided herein, relating to such bonds or notes, including prescribing whether manual or facsimile signatures shall appear on said bonds or notes, prescribing the method for the recording of ownership of said bonds or notes, appointing the fiscal agent or agents for said bonds or notes, providing for the printing and delivery of said bonds or notes (and if said bonds or notes are to be executed in the name of the County by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the County), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Director of Finance - Chief Financial Officer. The Director of Finance - Chief Financial Officer may elect to become the fiscal agent for the bonds or notes, or may contract on behalf of the County for this service pursuant to the Local Finance Law. Such bonds or notes shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 52.00 of the Local Finance Law, as the Director of Finance - Chief Financial Officer shall determine.

Section 6. The validity of such bonds and bond anticipation notes, as authorized by this resolution, may be contested only if:

1) such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or

2) the provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and

   an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or

3) such obligations are authorized in violation of the provisions of the Constitution.

Section 7. This resolution shall constitute a statement of official intent for purposes of Section 1.150-2 of the Treasury Regulations. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the objects or purposes described herein.

Section 8. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter and the Clerk of the Legislature is hereby authorized and directed to publish this resolution or a summary hereof to be published, together with a notice attached in substantially the form and in the manner prescribed by Section 81.00 of the Local Finance Law.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Sale of County Owned Tax Foreclosure Property Located at 58 Laurelhurst Road in the Town of Greece

Honorable Legislators:

I recommend that Your Honorable Body determine whether the sale of County owned tax foreclosure property located at 58 Laurelhurst Road in the Town of Greece may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The proposed sale is as follows:

<table>
<thead>
<tr>
<th>Parcel</th>
<th>Offeror</th>
<th>Offered Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>58 Laurelhurst Road</td>
<td>Marcus V. Kratts &amp; Katie Lynn Kratts</td>
<td>$12,000</td>
</tr>
<tr>
<td>TA # 074.13-1-17</td>
<td>212 Saddlehorn Drive</td>
<td></td>
</tr>
<tr>
<td>Town of Greece</td>
<td>Rochester, New York 14626</td>
<td></td>
</tr>
</tbody>
</table>

This vacant land was acquired January 30, 2019 through tax foreclosure, is surplus property, and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.

The sale of County owned tax foreclosure property located at 58 Laurelhurst Road in the Town of Greece has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the sale of County owned tax foreclosure property located at 58 Laurelhurst Road in the Town of Greece is an Unlisted Action.
2. Make a determination of significance regarding the sale of County owned tax foreclosure property located 58 Laurelhurst Road in the Town of Greece pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.

2. Does the proposed action require a permit, approval, or funding from any other government Agency? If Yes, list agency(s) name and permit or approval:

3. a. Total acreage of the site of the proposed action? 0.117 acres
   b. Total acreage to be physically disturbed? 0.00 acres
   c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? 0.117 acres

4. Check all land uses that occur on, are adjoining or near the proposed action:
   - [ ] Urban
   - [ ] Rural (non-agriculture)
   - [ ] Industrial
   - [ ] Commercial
   - [x] Residential (suburban)
   - [ ] Forest
   - [ ] Agriculture
   - [ ] Aquatic
   - [ ] Other(Specify):
   - [ ] Parkland
5. Is the proposed action,
   a. A permitted use under the zoning regulations?  
      - NO  
      - YES  
      - N/A  
   b. Consistent with the adopted comprehensive plan?  
      - NO  
      - YES  
      - N/A

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?  
   - NO  
   - YES

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?  
   If Yes, identify:  
   - NO  
   - YES

8. a. Will the proposed action result in a substantial increase in traffic above present levels?  
    - NO  
    - YES
   b. Are public transportation services available at or near the site of the proposed action?  
    - NO  
    - YES
   c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?  
    - NO  
    - YES

9. Does the proposed action meet or exceed the state energy code requirements?  
   If the proposed action will exceed requirements, describe design features and technologies:  
   - NO  
   - YES

10. Will the proposed action connect to an existing public/private water supply?  
    If No, describe method for providing potable water:  
    - NO  
    - YES

11. Will the proposed action connect to existing wastewater utilities?  
    If No, describe method for providing wastewater treatment:  
    - NO  
    - YES

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?  
    - NO  
    - YES
   b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?  
    - NO  
    - YES

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?  
    - NO  
    - YES
   b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?  
    - NO  
    - YES
    If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:  
    - NO  
    - YES
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:

- [ ] Shoreline
- [ ] Forest
- [ ] Agricultural/grasslands
- [ ] Early mid-successional
- [ ] Wetland
- [ ] Urban
- [X] Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[X]</td>
<td>[ ]</td>
</tr>
</tbody>

16. Is the project site located in the 100-year flood plan?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[X]</td>
<td>[ ]</td>
</tr>
</tbody>
</table>

17. Will the proposed action create storm water discharge, either from point or non-point sources?

If Yes,

- [X] Will storm water discharges flow to adjacent properties?

- [X] Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?

If Yes, briefly describe:

____________________________________________________________________________________

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?

If Yes, explain the purpose and size of the impoundment:

____________________________________________________________________________________

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?

If Yes, describe:

____________________________________________________________________________________

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?

If Yes, describe:

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the sale of the property and does not include the physical alteration nor disturbance of the property. Part 1 of the EAF indicates the site contains or is near the following: archaeological resources.

According to the New York State Cultural Resource Inventory System (CRIS) this action is not an action subject to review as no construction or disturbance is involved in this property transfer. Future actions that involve disturbance may be subject to environmental review, including cultural review at that time.

The sale of this property does not include physical disturbance or development of the parcel and will not result in any significant adverse environmental impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

 Intro. No. ________

 RESOLUTION NO. ________ OF 2022

 CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR SALE OF COUNTY OWNED TAX FORECLOSURE PROPERTY LOCATED AT 58 LAURELHURST ROAD IN TOWN OF GREECE

 BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

 Section 1. The Monroe County Legislature determines that the acquisition of interests of real property located at 58 Laurelhurst Road in the Town of Greece is an Unlisted action.

 Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated June 16, 2022 and has considered the potential environmental impacts of the acquisition of interests of real property located at 58 Laurelhurst Road in the Town of Greece pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

 Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

 Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the sale of the property and does not include the physical alteration nor disturbance of the property. Part 1 of the EAF indicates the site contains or is near the following: archaeological resources.

According to the New York State Cultural Resource Inventory System (CRIS) this action is not an action subject to review as no construction or disturbance is involved in this property transfer. Future actions that involve disturbance may be subject to environmental review, including cultural review at that time.

The sale of this property does not include physical disturbance or development of the parcel and will not result in any significant adverse environmental impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize the Sale of County Owned Property Located at 58 Laurelhurst Road in the Town of Greece

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract to sell County owned property located at 58 Laurelhurst Road in the Town of Greece as follows:

<table>
<thead>
<tr>
<th>Parcel</th>
<th>Offeror</th>
<th>Offered Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>58 Laurelhurst Road</td>

<td>212 Saddlehorn Drive</td>
<td></td>
</tr>
<tr>
<td>Town of Greece</td>
<td>Rochester, New York 14626</td>
<td></td>
</tr>
</tbody>
</table>

This vacant land parcel was acquired January 30, 2019, is surplus property, and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.

The specific legislative action required is to authorize the County Executive, or his designee, to enter into a contract with the above referenced offeror, to sell the real property identified by tax account number 074.13-1-17 and to execute all documents necessary for the conveyance, for the purchase price set forth above.

The provisions of the New York State Environmental Quality Review Act shall be complied with prior to Your Honorable Body undertaking, funding, or approving the action requested in this referral.

This contract is revenue generating and no net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that the offeror listed above does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Sale of County Owned Tax Foreclosure Property Located at 75 Capen Road in the Town of Sweden

Honorable Legislators:

I recommend that Your Honorable Body determine whether the sale of County owned tax foreclosure property located at 75 Capen Road in the Town of Sweden may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The proposed sale is as follows:

<table>
<thead>
<tr>
<th>Parcel</th>
<th>Offeror</th>
<th>Offered Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>75 Capen Road</td>
<td>Judah B. Westby</td>
<td>$12,000</td>
</tr>
<tr>
<td>TA # 113.01-1-39</td>
<td>506 Rushton Road</td>
<td></td>
</tr>
<tr>
<td>Town of Sweden</td>
<td>York, Ontario, M6C2Y3, Canada</td>
<td></td>
</tr>
</tbody>
</table>

This vacant land was acquired January 31, 2017 through tax foreclosure, is surplus property, and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.

The sale of County owned tax foreclosure property located at 75 Capen Road in the Town of Sweden has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the sale of County owned tax foreclosure property located at 75 Capen Road in the Town of Sweden is an Unlisted Action.
2. Make a determination of significance regarding the sale of County owned tax foreclosure property located 75 Capen Road in the Town of Sweden pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Adam J. Bello
Monroe County Executive

5. Is the proposed action,  
   a. A permitted use under the zoning regulations?  
      | NO | YES | N/A |
      |    |    | ✓   |
   b. Consistent with the adopted comprehensive plan?  
      | NO | YES | N/A |
      |    |    | ✓   |

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?  
   | NO | YES |
   |    | ✓   |

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?  
   If Yes, identify:  
   | NO | YES |
   | ✓  |    |

8. a. Will the proposed action result in a substantial increase in traffic above present levels?  
      | NO | YES |
      | ✓  |    |
   b. Are public transportation services available at or near the site of the proposed action?  
      | NO | YES |
      | ✓  |    |
   c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?  
      | NO | YES |
      | ✓  |    |

9. Does the proposed action meet or exceed the state energy code requirements?  
   If the proposed action will exceed requirements, describe design features and technologies:  
   | NO | YES |
   | ✓  |    |

10. Will the proposed action connect to an existing public/private water supply?  
    If No, describe method for providing potable water:  
    N/A-Vacant Land  
    | NO | YES |
    | ✓  |    |

11. Will the proposed action connect to existing wastewater utilities?  
    If No, describe method for providing wastewater treatment:  
    N/A-Vacant Land.  
    | NO | YES |
    | ✓  |    |

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?  
    | NO | YES |
    | ✓  |    |
   b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?  
    | NO | YES |
    | ✓  |    |

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?  
    | NO | YES |
    | ✓  |    |
   b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?  
    | NO | YES |
    | ✓  |    |

If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:  

| NO | YES | N/A |
|    |    |    |
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:

- Shoreline
- Forest
- Agricultural/grasslands
- Early mid-successional
- Wetland
- Urban
- Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

- YES
- NO

16. Is the project site located in the 100-year flood plan?

- YES
- NO

17. Will the proposed action create storm water discharge, either from point or non-point sources?

If Yes,

a. Will storm water discharges flow to adjacent properties?

- YES
- NO

b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?

- YES
- NO

If Yes, briefly describe:

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?

If Yes, explain the purpose and size of the impoundment:

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?

If Yes, describe:

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?

If Yes, describe:

</table>
Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Part 1 of the EAF indicates the site contains or is near wetlands. The action is for sale of vacant tax foreclosed property. No construction or development is contemplated as the sale of this property does not permit any development or construction. Accordingly, no wetlands will be impacted by this sale. Any future development of this parcel will be subject to local zoning codes and building codes. Additionally, all Federal and New York State wetland regulations will apply to the parcel after sale and before construction.

Accordingly, no wetlands will be impacted from this sale and the action will not result in any significant adverse environmental impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION NO. __________ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR SALE OF COUNTY OWNED TAX FORECLOSURE PROPERTY LOCATED AT 75 CAPEN ROAD IN TOWN OF SWEDEN

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the acquisition of interests of real property located at 75 Capen Road in the Town of Sweden is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated June 23, 2022 and has considered the potential environmental impacts of the acquisition of interests of real property located at 75 Capen Road in the Town of Sweden pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

### Short Environmental Assessment Form - EAF Mapper Summary Report

Monroe County Legislature - September 13, 2022
**Short Environmental Assessment Form**

**Part 2 - Impact Assessment**

Part 2 is to be completed by the Lead Agency. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

<table>
<thead>
<tr>
<th>Question</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?</td>
<td>✓</td>
<td>☐</td>
</tr>
<tr>
<td>2. Will the proposed action result in a change in the use or intensity of use of land?</td>
<td>✓</td>
<td>☐</td>
</tr>
<tr>
<td>3. Will the proposed action impair the character or quality of the existing community?</td>
<td>✓</td>
<td>☐</td>
</tr>
<tr>
<td>4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?</td>
<td>✓</td>
<td>☐</td>
</tr>
<tr>
<td>5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?</td>
<td>✓</td>
<td>☐</td>
</tr>
<tr>
<td>6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?</td>
<td>✓</td>
<td>☐</td>
</tr>
<tr>
<td>7. Will the proposed action impact existing: a. public/private water supplies?</td>
<td>✓</td>
<td>☐</td>

<tr>
<td>11. Will the proposed action create a hazard to environmental resources or human health?</td>
<td>✓</td>
<td>☐</td>
</tr>
</tbody>
</table>
Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Part 1 of the EAF indicates the site contains or is near wetlands. The action is for sale of vacant tax foreclosed property. No construction or development is contemplated as the sale of this property does not permit any development or construction. Accordingly, no wetlands will be impacted by this sale. Any future development of this parcel will be subject to local zoning codes and building codes. Additionally, all Federal and New York State wetland regulations will apply to the parcel after sale and before construction.

Accordingly, no wetlands will be impacted from this sale and the action will not result in any significant adverse environmental impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

This vacant land parcel was acquired January 31, 2017, is surplus property and is not needed by Monroe County. The price indicated above was negotiated by Monroe County Real Estate.

The specific legislative action required is to authorize the County Executive, or his designee, to enter into a contract with the above referenced offeror, to sell the real property identified by tax account number 113.01-1-39 and to execute all documents necessary for the conveyance, for the purchase price set forth above.

The provisions of the New York State Environmental Quality Review Act shall be complied with prior to Your Honorable Body undertaking, funding, or approving the action requested in this referral.

This contract is revenue generating and no net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that the offeror listed above does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
County Executive
By Legislators Delehanty and Marianetti

Monroe County Legislature - September 13, 2022
August 5, 2022

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Department of Agriculture and Markets for an Update to Monroe County’s Agriculture and Farmland Protection Plan

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Department of Agriculture and Markets in the amount of $50,000 for an update to Monroe County’s Agriculture and Farmland Protection Plan for the period of January 4, 2021 through December 31, 2024.

Monroe County’s last Agricultural and Farmland Protection Plan was adopted over 20 years ago. An updated Agricultural and Farmland Protection Plan will be a blueprint that guides decision-making for the County, municipalities, landowners, farmers, farm support agencies and organizations, and business owners to ensure that farming continues as a way of life for Monroe County residents and that county residents can enjoy the benefits that come from having valuable, highly productive farmland within Monroe County. The Plan will focus on updating the County’s 1999 Agriculture and Farmland Protection Plan as well as developing a soil-to-table system approach to agriculture and farmland protection.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $50,000 grant from, and to execute a contract and any amendments thereto with, the New York State Department of Agriculture and Markets for an update to Monroe County’s Agriculture and Farmland Protection Plan for the period of January 4, 2021 through December 31, 2024.
2. Amend the 2022 operating budget of the Department of Planning and Development by appropriating the sum of $50,000 into general fund 9300, funds center 1401010000, Planning Services.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding for this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(24) (“information collection including basic data collection and research, water quality and pollution studies, traffic counts, engineering studies, surveys, subsurface investigations and soils studies that do not commit the agency to undertake, fund or approve any Type I or Unlisted action”) and (27) (“conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action”) and is not subject to further review under the State Environmental Quality Review Act.

This grant requires a $10,000 cash match in addition to in-kind services from existing County staff. Funding is included in the 2022 operating budget of the Department of Planning and Development, general funds 9001 and 9300, funds center 1401010000, Planning Services.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
By Legislators DiFlorio and Delahanty

Intro. No. ___

RESOLUTION NO. ___ OF 2022

ACCEPTING GRANT FROM NEW YORK STATE DEPARTMENT OF AGRICULTURE AND MARKETS FOR UPDATING MONROE COUNTY’S AGRICULTURE AND FARMLAND PROTECTION PLAN

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The County Executive, or his designee, is hereby authorized to accept a $50,000 grant from, and to execute a contract and any amendments thereto with, the New York State Department of Agriculture and Markets for an update to Monroe County’s Agriculture and Farmland Protection Plan for the period of January 4, 2021 through December 31, 2024.

Section 2. The 2022 operating budget of the Department of Planning and Development is hereby amended by appropriating the sum of $50,000 into general fund 9300, funds center 1-01010000, Planning Services.

Section 3. The County Executive is hereby authorized to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Confirmation of the Reappointment of the Commissioner of Public Health

Honorable Legislators:

I recommend that Your Honorable Body confirm the reappointment of Michael Mendoza M.D., M.P.H, M.S., FAAFP as the Commissioner of Public Health, pursuant to Section C2-6(C)(9) of the Monroe County Charter.

Dr. Mendoza has served as Monroe County’s Commissioner of Public Health since 2017. During his tenure, he has led the Monroe County Department of Health in our fight against COVID-19 and the opioid epidemic, in addition to continuing to provide vital services in disease prevention, environmental health, and nursing services. He is a distinguished medical professional and a recognized leader in the field of public health. A copy of Dr. Mendoza’s resume is attached for your review.

The specific legislative action required is to confirm the reappointment of Michael Mendoza M.D., M.P.H, M.S., FAAFP as the Monroe County Commissioner of Public Health pursuant to Section C2-6(C)(9) of the Monroe County Charter for a six (6) year term to commence on January 1, 2023.

No additional net county support is required in the current Monroe County budget.

I recommend this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize a Contract with St. John Fisher University Wegmans School of Pharmacy for Support of the Public Health Pharmacy Fellowship Program at the Monroe County Department of Public Health

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with St. John Fisher University Wegmans School of Pharmacy in an amount not to exceed $34,000 for support of the Public Health Pharmacy Fellowship Program at the Monroe County Department of Public Health ("DPH") for the period of July 1, 2022 through June 30, 2023, with the option to renew for one (1) additional year at the rate of $34,000 annually.

Under the terms of this contract, the DPH will provide a two-year fellowship term for one pharmacist. During the fellowship, the knowledge and skills of the fellow, who will be selected by the DPH from candidates vetted by St. John Fisher University and then maintained under the St. John Fisher University Human Resources and School of Pharmacy Departments, will be enhanced and expanded through this additional education in the specialized field of public health. The fellowship will provide opportunities to learn, in part, about population health, clinical aspects of public health communication, and community education, outreach and engagement.

To establish the fellowship, the DPH must partner with an institution that offers graduate pharmacist education programs. It has been determined that St. John Fisher University Wegmans School of Pharmacy is a sole source provider for the pharmacy doctorate program in Monroe County.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with St. John Fisher University Wegmans School of Pharmacy, 3690 East Avenue, Rochester New York 14618, for support of the Public Health Pharmacy Fellowship Program at the Monroe County Department Public Health in an amount not to exceed $34,000 for the period of July 1, 2022 through June 30, 2023, with the option to renew for one (1) additional year at the rate of $34,000 annually.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2022 operating budget of the Department of Public Health, general fund 9001, funds center 5801010000, Public Health Commissioner, and will be requested in future years' budgets. No additional net County support is required in the current Monroe County budget.

St. John Fisher University Wegmans School of Pharmacy is a not-for-profit entity, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Department of Health for the Beach Monitoring and Notification Program f/k/a Beach Act Program

Honorable Legislators:

I recommend that Your Honorable Body accept a five-year grant from the New York State Department of Health in an amount not to exceed $25,000 for the Beach Monitoring and Notification Program, formerly known as the Beach Act Program, for the period of October 1, 2021 through September 30, 2026.

The purpose of this grant is to support the water quality monitoring program for the swimming areas at Ontario Beach and Durand Eastman Beach. Monroe County currently monitors the suitability of the swimming areas at these beaches and will continue this effort to comply with New York State and Federal regulations. Funds will be used to support a portion of the salary and benefits of existing positions. This will be the twentieth year the County has received this grant. This year’s funding represents an increase of $245 from the previous twelve month period.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in an amount not to exceed $25,000 from, and to execute a contract and any amendments thereto with, the New York State Department of Health for the Beach Monitoring and Notification Program, formerly known as the Beach Act Program, for the period of October 1, 2021 through September 30, 2026.

2. Amend the 2022 operating budget of the Department of Public Health by appropriating the sum of $5,000 into general fund 9300, funds center 5806010000, Environmental Health Administration.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 517.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Department of Health. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Subject: Acceptance of a Grant from Health Research, Inc. for the Overdose Data to Action Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from Health Research, Inc. in an amount not to exceed $172,000 for the Overdose Data to Action Program for the period of September 1, 2022 through August 31, 2023.

The purpose of this grant is to conduct activities necessary to follow up with individuals who are living with opioid use disorder within Monroe County. The funding will provide outreach services to these individuals, including assistance with linking them to care and providing continued recovery support. Funds will be used to provide partial funding for salaries and benefits of staff, required staff training, contractual services, and other program costs. This will be the fourth year Monroe County has received this grant. This year's funding represents the same amount as last year. However, an additional $100,000 in restricted New York State Department of Health emergency placeholder funding is included to award additional funds quickly if they become available.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in an amount not to exceed $172,000 from, and to execute a contract and any amendments thereto with, Health Research, Inc. for the Overdose Data to Action Program for the period of September 1, 2022 through August 31, 2023.

2. Amend the 2022 operating budget of the Department of Public Health by appropriating the sum of $72,000 into general fund 9300, funds center 5809010000, Epidemiology and Disease Control.

3. Authorize the County Executive, or his designee, to appropriate up to $100,000 in additional restricted New York State Department of Health emergency placeholder funding upon approval by New York State.
4. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

5. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolition of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by Health Research, Inc. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Monroe County Legislature - September 13, 2022
August 5, 2022

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the United States Department of Justice, Office of Justice Programs, for the 2021 DNA Capacity Enhancement Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the United States Department of Justice, Office of Justice Programs in the amount of $436,734 for the 2021 DNA Capacity Enhancement Program for the period of October 1, 2021 through September 30, 2023.

The purpose of the DNA Capacity Enhancement Program is to increase the capabilities of the Monroe County Crime Laboratory DNA analysis section by providing supplies for casework, mandatory continuing education in human identification science, maintenance of equipment and expenses related to the continued accreditation of the Laboratory. This program allows the Laboratory to provide more timely services to the region’s law enforcement community and judicial system. This is the sixteenth year that the County has received this grant. This year’s funding represents an increase of $97,338 from the previous grant.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a $436,734 grant from, and to execute a contract and any amendments thereto with, the United States Department of Justice, Office of Justice Programs for the 2021 DNA Capacity Enhancement Program for the period of October 1, 2021 through September 30, 2023.

2. Amend the 2022 operating budget of the Monroe County Department of Public Safety by appropriating the sum of $436,734 into general fund 9300, funds center 2408040100, Monroe County Crime Laboratory.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5 (c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the United States Department of Justice, Office of Justice Programs. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize a Contract with Christa Construction, LLC for Construction Management Services for the Frontier Field Seating & Caulking Project and Facility & Patron Improvements Project

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Christa Construction, LLC in the amount of $755,007 for construction management services for the Frontier Field Seating & Caulking Project and Facility & Patron Improvements Project.

Frontier Field Stadium located between Morrie Silver Way, Plymouth Avenue and Interstate I-490 in the City of Rochester, is an outdoor stadium that was originally opened in 1996. Frontier Field is home to the Rochester Red Wings Minor League Baseball team and hosts multiple events year round including festivals, concerts, sporting, and other special events.

Improvements to various components of the stadium facility are required due to the age of the facility. In addition to seating and caulking improvements, the Frontier Field Facility & Patron Improvements Project involves the construction of phased improvements to various facility elements such as site and structure repairs, new mechanical, electrical and plumbing facilities, a new kitchen facility, new decks and patios, concourse elements, and outfield patron improvements.

A Request for Proposals was issued, with Christa Construction, LLC selected as the most qualified to perform these services.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract with Christa Construction, LLC, 64 Commercial Street, Suite 401, Rochester, New York 14614, in the amount of $755,007 for construction management services for the Frontier Field Seating & Caulking Project and Facility & Patron Improvements Project, and any amendments necessary to complete the projects within the total capital fund(s) appropriation.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract, consistent with authorized uses, is included in capital funds 2027, 2044, and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Christa Construction, LLC, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Michael J. Seaman, President
David Mattucci, Executive Vice President
Gail Morelle, Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

August 5, 2022

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Adoption of the Monroe County Climate Action Plan Phase I

Honorable Legislators:

We recommend that Your Honorable Body adopt the Monroe County Climate Action Plan Phase I.

As you are aware, Monroe County has been a leader in innovative sustainability policy that has been both environmentally friendly and cost effective. Protecting our environment is key to maintaining our quality of life and preserving our natural resources. In order to continue our leadership, we must strengthen our plans and further our objectives. Therefore, it is prudent to adopt a framework for actions to improve our sustainability, reduce emissions, strengthen our resiliency and ensure Monroe County continues to be a leader in protecting our environment for years to come.

On March 10, 2020, Your Honorable Body authorized the creation of a Climate Action Plan Advisory Committee for the express purpose of creating a Climate Action Plan for Monroe County (Resolution No. 76 of 2020). This was followed by further related actions taken by Your Honorable Body to appoint members of the Committee (Resolution No. 167 of 2020), authorizing the execution of a contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. for Professional Design Services for the Climate Action Plan (Resolution No. 425 of 2020), adoption of the New York State Climate Smart Communities Resolution (Resolution No. 260 of 2020), and acceptance of a grant from the New York State Department of Environmental Conservation under the Climate Smart Communities program to support the development of the Climate Action Plan (Resolution No. 111 of 2022).

The Monroe County Climate Action Plan has been divided into two phases. Phase I relates to operations of the Monroe County government; the development of Phase I is complete. The Phase I Plan sets a goal of reducing government operation greenhouse gas emissions by at least 80% by 2050 from the established 2019 baseline. Phase II relates to actions to be taken by the community as a whole and is anticipated to be completed by the end of 2023. While both phases constitute the entirety of the Climate Action Plan, we recommend that Your Honorable Body adopts the Monroe County Climate Action Plan Phase I at this time to allow government operations work to progress with urgency while the development of the community-wide plan is ongoing. This will allow Monroe County to demonstrate leadership in climate action by reducing the greenhouse gas emissions within its control.
The specific legislative action required is to adopt the Monroe County Climate Action Plan Phase I.

Adoption of the Monroe County Climate Action Plan Phase I will have no impact on the revenues or expenditures of the current Monroe County Budget.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(27) ("conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of the proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action") and is not subject to further review under the State Environmental Quality Review Act.

We recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize an Intermunicipal Agreement with the City of Rochester Permitting the Rochester Police Department to Utilize the Monroe County Sheriff’s Office’s Explosives Storage Bunker Located at 145 Paul Road in the Town of Chili to House its Explosives and Explosives Evidence

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body authorize an intermunicipal agreement with the City of Rochester to permit the Rochester Police Department (“RPD”) to utilize the Monroe County Sheriff’s Office’s (“MCSO”) Explosives Storage Bunker located at 145 Paul Road in the Town of Chili, to house its explosives and explosives evidence for the period of October 1, 2022 through September 30, 2023, with the option to renew for three (3) additional one-year terms.

By Resolutions 235 of 2016 and 227 of 2019, Your Honorable Body authorized an intermunicipal agreement with the City of Rochester permitting the RPD to co-locate its bunkers, explosives, and explosives evidence with that of the MCSO’s bulk explosives and explosives evidence at 145 Paul Road in the Town of Chili (otherwise known as the Monroe County Fleet Center). Co-locating these materials mutually benefit both agencies. Specifically, displaying interagency cooperation will help the MCSO maintain current grant awards and obtain future awards relative to explosives and bombs. Further, the MCSO will have immediate availability to RPD’s inventory in the event of an emergency.

The specific legislative action required is to authorize the County Executive, or his designee, to enter into an intermunicipal agreement, and any amendments thereto, with the City of Rochester, permitting the Rochester Police Department to utilize the Monroe County Sheriff’s Office’s Explosives Storage Bunker located at 145 Paul Road in the Town of Chili, to house its explosives and explosives evidence for the period of October 1, 2022 through September 30, 2023, with the option to renew for three (3) additional one-year terms.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This agreement will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Construction of Playgrounds at Powder Mills Park and Ontario Beach Park

Honorable Legislators:

I recommend that Your Honorable Body determine whether the construction of playgrounds at Powder Mills Park and Ontario Beach Park may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

This project, a component of the proposed $9.4 million in Phase II Monroe County Parks system-wide improvements, includes the construction of a new playground at Ontario Beach Park that would be fully accessible and ADA-compliant, the first in the county system. It would also involve the removal and complete replacement of an existing 15-year-old playground at Powder Mills Park that is in poor repair and insufficient to meet the demands in this popular park.

The construction of these playgrounds has been preliminarily classified as an Unlisted Action. The SEQRA regulations found at 6 NYCRR Part 617 require that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the construction of these playgrounds is an Unlisted action.
2. Make a determination of significance regarding construction of these playgrounds pursuant to 6 NYCRR 617.7.
3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

<td>The Project is located in two existing Monroe County Parks, Powder Mills Park and Ontario Beach Park.</td>
</tr>
<tr>
<td>Brief Description of Proposed Action:</td>
<td>The project consists of two locations, Ontario Beach Park and Powder Mills Park. At Ontario Beach Park a proposed new playground feature would be constructed immediately south and west of the existing playground feature. See attached Mapping. This playground feature is intended to be an ADA accessible attraction, with accessible poured in place surfaces. Also within the scope of this project, the County would upgrade the existing playground feature constructed at Powder Mills Park. The existing playground located adjacent to the ski hill off of Woeston Rd. The existing playground at Powder Mills is at least 18 years old and is showing signs of deterioration. An upgrade at this location would be a significant addition to this highly utilized park. The existing playground would be demolished and the new playground would be installed in the same footprint.</td>

SEAF 2019
5. Is the proposed action,
   a. A permitted use under the zoning regulations?  [YES]  [NO]  [N/A]
   b. Consistent with the adopted comprehensive plan? [YES]  [NO]  [N/A]

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape? [YES]  [NO]  [N/A]

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?
   If Yes, identify: City of Rochester 1986: Formerly an environmentally sensitive area. [NO]  [YES]

8. a. Will the proposed action result in a substantial increase in traffic above present levels? [YES]  [NO]  [N/A]
   b. Are public transportation services available at or near the site of the proposed action? [YES]  [NO]  [N/A]
   c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action? [YES]  [NO]  [N/A]

9. Does the proposed action meet or exceed the state energy code requirements?
   If the proposed action will exceed requirements, describe design features and technologies: [N/A]

10. Will the proposed action connect to an existing public/private water supply?
    If No, describe method for providing potable water: [N/A]

11. Will the proposed action connect to existing wastewater utilities?
    If No, describe method for providing wastewater treatment: [N/A]

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?
    Ontario Beach Park, 1/28/2017 [YES]  [NO]  [N/A]
    b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? [YES]  [NO]

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency? [YES]  [NO]
    b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody? [YES]  [NO]
    If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: [N/A]
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:

- [ ] Shoreline  
- [ ] Forest  
- [ ] Agricultural/grasslands  
- [ ] Early mid-successional  
- [X] Wetland  
- [X] Urban  
- [ ] Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?  
- [X] Yes

16. Is the project site located in the 100-year flood plan?  
- [X] Yes

17. Will the proposed action create storm water discharge, either from point or non-point sources?  
   - [X] Yes
      - a. Will storm water discharges flow to adjacent properties?  
        - [X] Yes
      - b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?  
        - [X] Yes

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?  
   - [X] Yes

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?  
   - [X] Yes

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?  
   - [X] Yes

I CERTIFY THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE

## Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

<table>
<thead>
<tr>
<th>Question</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>2. Will the proposed action result in a change in the use or intensity of use of land?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>3. Will the proposed action impair the character or quality of the existing community?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walking?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>7. Will the proposed action impact existing:</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>a. public / private water supplies?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>b. public / private wastewater treatment utilities?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>11. Will the proposed action create a hazard to environmental resources or human health?</td>
<td>☑</td>
<td>☐</td>
</tr>
</tbody>
</table>
Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, reversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Ontario Beach Park. The existing location at Ontario Beach is a gently graded / relatively flat grassed area utilized as a passive recreational area. Use of this area for increased recreational purposes would occur on MB hydric soils. Earthen disturbances during construction would be less than 0.30 acres and erosion and sediment controls would be utilized as needed during construction. As soil erosion and sedimentation controls would be utilized, there are no significant impacts anticipated.

The project would not result in additional stormwater runoff entering an stormwater sewer system with any stormwater runoff being directed to grassed areas adjacent to the playground feature. The project is within the 100 year floodplain for Lake Ontario, however there are no significant Impacts to flooding as a result of this project. In 1988, the City of Rochester designated the area as a Critical environmental area, noting that it is a environmentally sensitive area. The NYS-DEC Environmental Resource Mapper was reviewed and no threatened or endangered species were mapped within the project area.

Powder Mills Park. The existing location at Powder Mills Park is a playground feature adjacent to the ski hill off of Woolston Rd. The existing playground at Powder Mills is at least 15 years old and would be demolished with the new playground being installed in the same footprint. Earthen disturbances during construction would be less than 0.20 acres and erosion and sediment controls would be utilized as needed during construction. As soil erosion and sedimentation controls would be utilized, there are no significant impacts anticipated.

The existing area is already developed as a playground, with no additional impervious surfaces being added and thus there would be no significant impact to local waterways. The NYS-DEC Environmental Resource Mapper was reviewed and this location is near rare/endangered species, is within 500 feet of the New York State Wetlands, nearby natural communities with high quality occurrence types were noted. As the project does modify the size / nature of the playground, no significant adverse impact would occur.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (i.e., a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

Intro. No. ______

RESOLUTION NO. ______ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR CONSTRUCTION OF PLAYGROUNDS AT POWDER MILLS PARK AND ONTARIO BEACH PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the construction of these playgrounds is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 15, 2022 and has considered the potential environmental impacts of the construction of these playgrounds pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Environment and Public Works Committee; August 22, 2022 - CV: 7-0

## Part 1 - Project Information

### Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding and are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

## Part 1 - Project and Sponsor Information

Monroe County Installation of New Playgrounds.

<table>
<thead>
<tr>
<th>Name of Action or Project:</th>
<th>Installation of new playground at Powder Mills Park and Ontario Beach Park</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project Location (describe, and attach a location map):</td>
<td>The Project is located in two existing Monroe County Parks, Powder Mills Park and Ontario Beach Park.</td>
</tr>
<tr>
<td>Brief Description of Proposed Action:</td>
<td>The project consists of two locations, Ontario Beach Park and Powder Mills Park. At Ontario Beach Park a proposed new playground feature would be constructed immediately south and east of the existing playground feature. See attached clipping. This playground feature is intended to be an ADA accessible attraction, with accessible poured in place surfaces. Also within the scope of this project, the County would upgrade the existing playground feature constructed at Powder Mills Park. The existing playground located adjacent to the ski hill off of Woolston Rd. The existing playground at Powder Mills is at least 15 years old and is showing signs of deterioration. An upgrade at this location would be a significant addition to this highly utilized park. The existing playground would be demolished and the new playground would be installed in the same footprint.</td>
</tr>

### Questionnaire

1. Does the proposed action involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?  
   - [ ] NO  
   - [x] YES

2. Does the proposed action require a permit, approval or funding from any other government agency?  
   - [x] NO  
   - [ ] YES

3. a. Total acreage of the site of the proposed action?  
   - 0.60 acres
   
   b. Total acreage to be physically disturbed?  
   - 0.30 acres
   
   c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?  
   - 445.21 acres

4. Check all land uses that occur on, are adjoining or near the proposed action.
   - [ ] Urban
   - [ ] Rural (non-agriculture)
   - [ ] Industrial
   - [ ] Commercial
   - [ ] Residential (suburban)
   - [ ] Forest
   - [ ] Agriculture
   - [ ] Aquatic
   - [ ] Other (Specify)
   - [x] Parkland

---

Monroe County Legislature - September 13, 2022
5. Is the proposed action,
   a. A permitted use under the zoning regulations?
      ![ ] [ ] [ ]
      [ ] [ ] [ ]
   b. Consistent with the adopted comprehensive plan?
      ![ ] [ ] [ ]
      [ ] [ ] [ ]

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?
   ![ ] [ ] [ ]
   [ ] [ ] [ ]

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area? 
   NYS: In the vicinity of a freshwater wetland and near natural communities with high quality occurrence types.
   ![ ] [ ] [ ]
   [ ] [ ] [ ]
   If Yes, identify: City of Rochester 1986: listed as an environmentally sensitive area.

8. a. Will the proposed action result in a substantial increase in traffic above present levels?
       ![ ] [ ] [ ]
       [ ] [ ] [ ]
   b. Are public transportation services available at or near the site of the proposed action?
       ![ ] [ ] [ ]
       [ ] [ ] [ ]
   c. Are any pedestrian accommodations or bicycle routes available at or near the site of the proposed action?
       ![ ] [ ] [ ]
       [ ] [ ] [ ]

9. Does the proposed action meet or exceed the state energy code requirements?
   If the proposed action will exceed requirements, describe design features and technologies:
   ![ ] [ ] [ ]
   [ ] [ ] [ ]

10. Will the proposed action connect to an existing public/private water supply?
    ![ ] [ ] [ ]
    [ ] [ ] [ ]
    If No, describe method for providing potable water:
    ![ ] [ ] [ ]
    [ ] [ ] [ ]

11. Will the proposed action connect to existing wastewater utilities?
    ![ ] [ ] [ ]
    [ ] [ ] [ ]
    If No, describe method for providing wastewater treatment:
    ![ ] [ ] [ ]
    [ ] [ ] [ ]

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?
        ![ ] [ ] [ ]
        [ ] [ ] [ ]
        Ontario Beach Park, 1/28/2017

   b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?
        ![ ] [ ] [ ]
        [ ] [ ] [ ]

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?
       ![ ] [ ] [ ]
       [ ] [ ] [ ]

   b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?
      ![ ] [ ] [ ]
      [ ] [ ] [ ]

      If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:
      ![ ] [ ] [ ]
      [ ] [ ] [ ]
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:
- Shoreline
- Forest
- Agricultural/grasslands
- Early mid-successional
- Wetland
- Urban
- Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

16. Is the project site located in the 100-year flood plain?

17. Will the proposed action create storm water discharge, either from point or non-point sources?
   - Yes
   - No
   - If Yes, briefly describe:
   - Will storm water discharges flow to adjacent properties?
     - Yes
     - No
   - Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?
     - Yes
     - No

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?
   - Yes
   - No
   - If Yes, explain the purpose and size of the impoundment:

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?
   - Yes
   - No
   - If Yes, describe:

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?
   - Yes
   - No
   - If Yes, describe:

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, reversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Ontario Beach Park. The existing location at Ontario Beach is a gently graded, relatively flat, grassed area utilized as a passive recreational area. Use of this area for increased recreational purposes would occur on MB hydric soils. Earthen disturbances during construction would be less than 0.30 acres and erosion and sediment controls would be utilized as needed during construction. As soil erosion and sedimentation controls would be utilized, there are no significant impacts anticipated.

The project would not result in additional stormwater runoff entering an stormwater sewer system with any stormwater runoff being directed to grassed areas adjacent to the playground feature. The project is within the 100 year floodplain for Lake Ontario. However there are no significant impacts to flooding as a result of this project.

In 1988, the City of Rochester designated the area as a critical environmental area, noting that it is a environmentally sensitive area. The NYS-DEC Environmental Resource Mapper was reviewed and no threatened or endangered species were mapped within the project area.

Powder Mills Park. The existing location at Powder Mills Park is a playground feature adjacent to the ski hill off of Woolston Rd. The existing playground at Powder Mills is at least 15 years old and would be demolished with the new playground being installed in the same footprint. Earthen disturbances during construction would be less than 0.20 acres and erosion and sediment controls would be utilized as needed during construction. As soil erosion and sedimentation controls would be utilized, there are no significant impacts anticipated.

The existing area is already developed as a playground, with no additional impervious surfaces being added and thus there would be no significant impact to local waterways.

The NYS-DEC Environmental Resource Mapper was reviewed and this location is near rare/and endangered species, is within 500 feet of the New York State Wetlands, nearby natural communities with high quality occurrence types were noted. As the project does modify the size / nature of the playground, no significant adverse impact would occur.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (ie, a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action, Designation of Intent to Serve as Lead Agency, and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Creation of an ADA Accessible Canoe and Kayak Launch at Churchville Park

Honorable Legislators:

I recommend that Your Honorable Body determine whether the creation of an ADA accessible canoe and kayak launch at Churchville Park may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

This project, a component of the proposed $9.4 million in Phase II Monroe County Parks system-wide improvements, would provide a brand-new adaptive sport experience for individuals with disabilities on a portion of Black Creek that is extremely popular for recreational boating.

The creation of this canoe and kayak launch has been preliminarily classified as an Unlisted Action. The SEQRA regulations found at 6 NYCRR Part 617 require that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the creation of this canoe and kayak launch is an Unlisted action.
2. Designate Monroe County as Lead Agency for a coordinated review of the project.
3. Make a determination of significance regarding creation of this canoe and kayak launch pursuant to 6 NYCRR 617.7.
4. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Adam J. Bello
Monroe County Executive

## Part 1 - Project Information

### Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

### Part 1 - Project and Sponsor Information

</tbody>
</table>

The Project is located in NYS Wetland RG-14 and Federal Wetland R2UBH. The project will disturb 0.01 acres currently dedicated workers. In advance of the project, all tiers will be in accordance with the permit requirements.
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:

- [ ] Shoreline
- [ ] Forest
- [ ] Agricultural/grasslands
- [ ] Early mid-successional
- [ ] Wetland
- [ ] Urban
- [ ] Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

- [ ] NO
- [YES]

16. Is the project site located in the 100-year flood plan?

- [ ] NO
- [ ] YES

17. Will the proposed action create storm water discharge, either from point or non-point sources?

If Yes,

a. Will storm water discharges flow to adjacent properties?

- [ ] NO
- [ ] YES

b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?

- [ ] NO
- [ ] YES

If Yes, briefly describe:

______________________________

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?

If Yes, explain the purpose and size of the impoundment:

______________________________

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?

If Yes, describe:

______________________________

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?

If Yes, describe:

______________________________

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurrence, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project seeks to install an ADA accessible canoe/kayak launch at the existing boat launch at Churchville Park. The floating dock will be installed and removed seasonally allowing individuals with differing needs the ability to enter and exit Black Creek. At the project location, Black Creek (ONT-117-19) is a protected Class B waterbody. Further, the project is proposed within NYS-DEC Wetland RG-14 and USFWS Wetland R2U8H.

Environmental permitting from the NYS-Department of Environmental Conservation (DEC) and United States Army Corps of Engineers (USACE) will be required to ensure that the project will be sited in a way to ensure environmental stewardship on site while providing access to the general public. It is anticipated that the NYS-DEC will take jurisdiction on the project, with 401 Water Quality Certification, disturbances of the bed and banks of protected waterbody, and temporary construction within a regulated wetland permitting being necessary to advance the project. The USACE will also be consulted as a result of this project with nationwide 404 permitting being needed as there is a potential fill within a navigable waters and work within the USFWS wetland. The project will disturb the bed and banks of the waterbody and thus erosion and sediment control must be utilized to mitigate any adverse impacts to the waterbody. At project completion, the shoreline will be vegetated, a condition that today is absent due to use. Therefore, there would be no significant impacts to land.

During construction it is anticipated that the bed of the Black Creek will be disturbed. To ensure that those suspended sediments does not impact downstream, a turbidity curtain will be used. Therefore, there would be no significant impact to waterbodies.

The NYS-DEC Environmental Resource Mapper was reviewed and there were no listed species noted. Work will occur within the wetland and wetland buffer, thus there will be an emphasis on replanting the existing denuded and disturbed shoreline area with native wetland plants. This effort will afford a long term sustainable vegetation plan, potentially eliminating sources of sediment transport to the waterbody while also improving the wetland flora and fauna diversity. The re-vegetation of this area is a real positive to the environment. As a result of the aforementioned, there are no significant impacts to flora/fauna anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

✓ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Type: Riverline
Acres: 1672.469639649

For more information about the National Wetlands Inventory wetlands visit [http://www.nysdec.ny.gov/] .

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (e.g. a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

INTRO. NO. ________

RESOLUTION NO. _________ OF 2022

CLASSIFICATION OF ACTION, DESIGNATION OF INTENT TO SERVE AS LEAD AGENCY, AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR CREATION OF AN ADA ACCESSIBLE CANOE AND KAYAK LAUNCH AT CHURCHVILLE PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the creation of an ADA accessible canoe and kayak launch at Churchville Park is an Unlisted action.

Section 2. Monroe County is hereby designated as Lead Agency for a coordinated review of the project.

Section 3. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 18, 2022 and has considered the potential environmental impacts of the creation of an ADA accessible canoe and kayak launch pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 4. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 5. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

**Short Environmental Assessment Form**  
**Part 1 - Project Information**

**Instructions for Completing**

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

### Part 1 - Project and Sponsor Information

**Monroe County Parks Department**

**Name of Action or Project:**

Installation of an ADA Accessible Canoe / Kayak Launch

**Project Location (describe, and attach a location map):**

The Project is located off of Park Road within Churchville Park in the Village of Churchville.

**Brief Description of Proposed Action:**

The project consists on one location located off of Park Rd., within Churchville Park in the Village of Churchville. The project seeks to install an ADA accessible canoe / kayak launch at the existing canoe / kayak launch thus allowing individuals with differing needs the ability to enter and exit the Black Creek. The existing conditions on site are a demised shoreline where patrons launch and retrieve their canoes / kayaks on Black Creek, a Class B waterbody.

**Name of Applicant or Sponsor:**

Monroe County – Robert W. Kiley, Deputy Director

**Telephone:** 585-753-7279

**E-Mail:** robertkiley@monroecounty.gov

**Address:**

171 Reservoir Rd

**City/PO:**

Rochester

**State:**

NY

**Zip Code:**

14620

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?  
   - [ ] NO  
   - [ ] YES

2. Does the proposed action require a permit, approval or funding from any other government Agency?  
   - [ ] NO  
   - [ ] YES

3. a. Total acreage of the site of the proposed action?  
   - 0.1 acres

   b. Total acreage to be physically disturbed?  
   - 0.1 acres

   c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?  
   - 712.50 acres

4. Check all land uses that occur on, are adjoining or near the proposed action:

   - [ ] Urban  
   - [ ] Rural (non-agriculture)  
   - [ ] Industrial  
   - [ ] Commercial  
   - [ ] Residential (suburban)  
   - [ ] Forest  
   - [ ] Agriculture  
   - [ ] Aquatic  
   - [ ] Other (Specify)

   - [X] Parkland

</table>

The Project is located in NYS Wetland RG-14 and Federal Wetland R2U23-14B. The project will disturb 0.01 acres currently deemed subject to advance the project. All Work will be in accordance with the permit requirements.
### 14. Identify the typical habitat types that occur or are likely to be found on the project site. Check all that apply:
- [x] Shoreline
- [ ] Forest
- [ ] Agricultural/grasslands
- [ ] Early mid-successional
- [x] Wetland
- [ ] Urban
- [ ] Suburban

### 15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?
- [ ] NO
- [x] YES

### 16. Is the project site located in the 100-year flood plan?
- [x] YES
- [ ] NO

### 17. Will the proposed action create storm water discharge, either from point or non-point sources?
- [x] YES
- [ ] NO
  - a. Will storm water discharges flow to adjacent properties?
    - [x] YES
    - [ ] NO
  - b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?
    - [x] YES
    - [ ] NO
    - If Yes, briefly describe:

### 18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?
- [x] YES
- [ ] NO
  - If Yes, explain the purpose and size of the impoundment:

### 19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?
- [x] YES
- [ ] NO
  - If Yes, describe:

### 20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?
- [x] YES
- [ ] NO
  - If Yes, describe:

**Short Environmental Assessment Form**
**Part 2 - Impact Assessment**

Part 2 is to be completed by the Lead Agency. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

<table>
<thead>
<tr>
<th>Question</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>2. Will the proposed action result in a change in the use or intensity of use of land?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>3. Will the proposed action impair the character or quality of the existing community?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walking?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>7. Will the proposed action impact existing:</td>
<td></td>
<td></td>
</tr>
<tr>
<td>a. public / private water supplies?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>b. public / private wastewater treatment utilities?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>11. Will the proposed action create a hazard to environmental resources or human health?</td>
<td>✓</td>
<td></td>
</tr>
</tbody>
</table>
Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project seeks to install an ADA accessible canoe/kayak launch at the existing boat launch at Churchville Park. The floating dock will be installed and removed seasonally allowing individuals with differing needs the ability to enter and exit Black Creek. At the project location, Black Creek (ONT-117-19) is a protected Class B waterbody. Further the project is proposed within NYS-DEC Welland RG-14 and USFWS Welland R2UBH.

Environmental permitting from the NYS - Department of Environmental Conservation (DEC) and United States Army Corps of Engineers (USACE) will be required to ensure that the project will be sited in a way to ensure environmental stewardship on site while providing access to the general public. It is anticipated that the NYS - DEC will take jurisdiction on the project, with 401 Water Quality Certification, disturbance of the bed and banks of protected waterbody, and temporary construction within a regulated wetland permitting being necessary to advance the project. The USACE will also be consulted as a result of this project with nationwide 404 permitting being needed as there is a potential fill within a navigable waters and work within the USFWS wetland.

The project will disturb the bed and banks of the waterbody and thus erosion and sediment control must be utilized to mitigate any adverse impacts to the waterbody. At project completion, the shoreline will be vegetated, a condition that today is absent due to use. Therefore, there would be no significant impacts to land.

During construction it is anticipated that the bed of the Black Creek will be disturbed. To ensure that these suspended sediments does not impact downstream, a turbidity curtain will be used. Therefore, there would be no significant impact to waterbodies.

The NYS-DEC Environmental Resource Mapper was reviewed and there were no listed species noted. Work will occur within the wetland and wetland buffer, thus there will be an emphasis on replanting the existing denuded and disturbed shoreline area with native wetland plants. This effort will afford a long term sustainable vegetation plan, potentially eliminating sources of sediment transport to the waterbody while also improving the wetland flora and fauna diversity. The re-vegetation of this area is a net positive to the environment. As a result of the aforementioned, there are no significant impacts to flora/fauna anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

August 5, 2022

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action, Designation of Lead Agency, and Determination of Significance Pursuant to the State Environmental Quality Review Act for Golf Course Improvements

Honorable Legislators:

I recommend that Your Honorable Body determine whether golf course improvements may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

This project, a component of the proposed $9.4 million in Phase II Monroe County Parks system-wide improvements, would include significant irrigation and drainage improvements, continuous cart paths on heavily played courses, tree work, focused on the removal of dead ash trees, and tee box improvements across all three of the golf courses operated by Monroe County.

The course improvements have been preliminarily classified as a Type I Action. The SEQRA regulations found at 6 NYCRR Part 617 require that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the golf course improvements are a Type I action.
2. Designate Monroe County as Lead Agency for a coordinated review of the golf course improvements
3. Make a determination of significance regarding these course improvements pursuant to 6 NYCRR 617.7.
4. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Adam J. Bello
Monroe County Executive
**Full Environmental Assessment Form**

**Part I - Project and Setting**

Instructions for Completing Part I

Part I is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part I based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part I is accurate and complete.

A. Project and Applicant/Sponsor Information.

<th>Name of Action or Project:</th>
<th>Monroe County Parks Department - Golf Course Improvement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project Location (describe, and attach a general location map):</td>
<td>Churchville Golf Course, Durand Eastman Golf Course and Genesee Valley Golf Course. See attached map.</td>
</tr>
<tr>
<td>Brief Description of Proposed Action (include purpose or need):</td>
<td>The proposed project seeks to revitalize and improve all three municipally owned and operated golf courses. Churchville, Durand Eastman and Genesee Valley. A variety of improvements have been identified within each golf course, however the improvements are generally categorized into three areas: subsurface drainage improvements, sub-surface irrigation line improvements, and the installation of paved golf cart paths. Repair and installation of subsurface drainage lines would allow for proper drainage of poorly drained turf areas. Repair and installation of irrigation lines will allow for better watering of turf areas during the summer season. Repair and installation of continuous cart paths, would allow for carts to be used on rainy days, and ensure that the turf is well kept and maintained appropriately.</td>

#### i. Coastal Resources.

1. Is the project site within a Coastal Area, or the waterfront area of a Designated Inland Waterway? □ Yes □ No
2. Is the project site located in a community with an approved Local Waterfront Revitalization Program? □ Yes □ No
3. Is the project site within a Coastal Erosion Hazard Area? □ Yes □ No

#### C. Planning and Zoning

**C.1. Planning and zoning actions.**

Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed? □ Yes □ No

- If Yes, complete sections C, F and G.
- If No, proceed to question C.2 and complete all remaining sections and questions in Part I

**C.2. Adopted land use plans.**

1. Do any municipally adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located? □ Yes □ No
   - If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located? □ Yes □ No

2. Is the site of the proposed action within any local or regional special planning district (for example: Greenway; Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?) □ Yes □ No
   - If Yes, identify the plans:
     - NYS Heritage Area-West Erie Canal Corridor - City of Rochester LWRP

3. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan? □ Yes □ No
   - If Yes, identify the plan(s):
### C.3. Zoning

a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance?  
   - Yes  
   - No

If Yes, what is the zoning classification(s) including any applicable overlay district?  
   
   Open Space District, O-A Oeder Airport District, Rural Agricultural

b. Is the use permitted or allowed by a special or conditional use permit?  
   - Yes  
   - No

c. Is a zoning change requested as part of the proposed action?  
   - Yes  
   - No

If Yes,  
   i. What is the proposed new zoning for the site?

### C.4. Existing Community Services

a. In what school district is the project site located? City of Rochester, Churchville-Chili

b. What police or other public protection forces serve the project site?  
   Monroe County Sheriff, Rochester Police Department

c. Which fire protection and emergency medical services serve the project site?  
   Rochester Fire Department, Pitts Fire Protection District

d. What parks serve the project site?  
   N/A

### D. Project Details

#### D.1. Proposed and Potential Development

a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components) Recreational / Parkland

<table>
<thead>
<tr>
<th>b. a. Total acreage of the site of the proposed action?</th>
<th>1808 acres</th>
</tr>
</thead>
<tbody>
<tr>
<td>b. Total acreage to be physically disturbed?</td>
<td>5.5 acres</td>
</tr>
<tr>
<td>c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?</td>
<td>1808 acres</td>
</tr>
</tbody>
</table>

b. Is the proposed action an expansion of an existing project or use?  
   - Yes  
   - No

   i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)?  
      - %

   Units:

d. Is the proposed action a subdivision, or does it include a subdivision?  
   - Yes  
   - No

   i. Purpose or type of subdivision (e.g., residential, industrial, commercial; if mixed, specify types)

   ii. Is a cluster/conservation layout proposed?  
       - Yes  
       - No

   iii. Number of lots proposed?

   iv. Minimum and maximum proposed lot sizes? Minimum ______________  Maximum ______________

e. Will the proposed action be constructed in multiple phases?  
   - Yes  
   - No

   i. If No, anticipated period of construction:  
      - __________ months

   ii. If Yes:  
      a. Total number of phases anticipated  
      b. Anticipated commencement date of phase 1 (including demolition)  
      c. Anticipated completion date of final phase  
      d. Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases:
I. Does the project include new residential uses?  
If Yes, show numbers of units proposed.  

<table>
<thead>
<tr>
<th>One Family</th>
<th>Two Family</th>
<th>Three Family</th>
<th>Multiple Family (four or more)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Initial Phase</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>At completion of all phases</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Q. Does the proposed action include new non-residential construction (including expansions)?  
If Yes,  
I. Total number of structures  
II. Dimensions (in feet) of largest proposed structure: height; width; and length  
III. Approximate extent of building space to be heated or cooled: square feet  

H. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste lagoon or other storage?  
If Yes,  
i. Purpose of the impoundment:  
ii. If a water impoundment, the principal source of the water:  
   - Ground water  
   - Surface water stream  
   - Other specify:  
iii. If other than water, identify the type of impounded/contained liquids and their source.  
iv. Approximate size of the proposed impoundment: Volume: million gallons; surface area: acres  
v. Dimensions of the proposed dam or impounding structure: height; length  
vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete):  

D.2. Project Operations  
a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both?  
   (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite)  
   If Yes,  
   i. What is the purpose of the excavation or dredging?  
   ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site?  
      - Volume (specify tons or cubic yards):  
      - Over what duration of time?  
   iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them.  
   iv. Will there be onsite dewatering or processing of excavated materials?  
      If yes, describe.  
   v. What is the total area to be dredged or excavated?  
      aceres  
   vi. What is the maximum area to be worked at any one time?  
      aceres  
   vii. What would be the maximum depth of excavation or dredging?  
      feet  
   viii. Will the excavation require blasting?  
      If Yes:  
i. Summarize site reclamation goals and plan:  

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area?  
   If Yes:  
i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): RH-16, RH-18, RH-19.
### iii. Will the proposed action cause or result in disturbance to bottom sediments?
- **If Yes,** describe:
- **If No,** leave blank.

### iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation?
- **If Yes,**
  - acres of aquatic vegetation proposed to be removed:
  - expected acreage of aquatic vegetation remaining after project completion:
  - purpose of proposed removal (e.g., beach clearing, invasive species control, boat access):
  - proposed method of plant removal:
  - if chemical/herbicide treatment will be used, specify product(s):
- **If No,** leave blank.

### v. Describe any proposed reclamation/mitigation following disturbance:
- Leave blank.

### c. Will the proposed action create a new demand for water?
- **If Yes,**
  - Total anticipated water usage/demand per day: __________ gallons/day
- **If No,** leave blank.

### ii. Will the proposed action obtain water from an existing public water supply?
- **If Yes,** leave blank.
- **If No,** leave blank.

### i. Name of district or service area:
- Leave blank.

### ii. Does the existing public water supply have capacity to serve the proposal?
- **If Yes,** leave blank.
- **If No,** leave blank.

### iii. Is the project site in the existing district?
- **If Yes,** leave blank.
- **If No,** leave blank.

### iv. Expansion of the district needed?
- **If Yes,** leave blank.
- **If No,** leave blank.

### v. Do existing lines serve the project site?
- **If Yes,** leave blank.
- **If No,** leave blank.

### iii. Will line extension within an existing district be necessary to supply the project?
- **If Yes,** leave blank.
- **If No,** leave blank.

### iv. Describe extensions or capacity expansions proposed to serve this project:
- Leave blank.

### v. Source(s) of supply for the district:
- Leave blank.

### iv. Is a new water supply district or service area proposed to be formed to serve the project site?
- **If Yes,** leave blank.
- **If No,** leave blank.

### v. Applicant/sponsor for new district:
- Leave blank.

### vi. Date application submitted or anticipated:
- Leave blank.

### iv. Proposed source(s) of supply for new district:
- Leave blank.

### v. If a public water supply will not be used, describe plans to provide water supply for the project:
- Leave blank.

### vi. If water supply will be from wells (public or private), what is the maximum pumping capacity: __________ gallons/minute.
- Leave blank.

### d. Will the proposed action generate liquid wastes?
- **If Yes,** leave blank.
- **If No,** leave blank.

### i. Total anticipated liquid waste generation per day: __________ gallons/day
- Leave blank.

### ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial, if combination, describe all components and approximate volumes or proportions of each):
- Leave blank.

### iii. Will the proposed action use any existing public wastewater treatment facilities?
- **If Yes,**
  - Name of wastewater treatment plant to be used:
  - Name of district:
  - Does the existing wastewater treatment plant have capacity to serve the project?
  - Is the project site in the existing district?
  - Is expansion of the district needed?
- **If No,** leave blank.
<table>
<thead>
<tr>

</tbody>
</table>
b. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)?
   - Yes ☑ No ☐

i. Estimate methane generation in tons/year (metric):

ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring):

i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations?
   - Yes ☑ No ☐

   If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust):

j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services?
   - Yes ☑ No ☐

   i. When is the peak traffic expected (Check all that apply): ☑ Morning ☑ Evening ☐ Weekend

   ii. For commercial activities only, projected number of truck trips/day and type (e.g., semi trailers and dump trucks):

   iii. Parking spaces: Existing ☑ Proposed ☐ Net increase/decrease ☑ Yes ☑ No ☐

iv. Does the proposed action include any shared use parking?
   - Yes ☑ No ☐

v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe:

vi. Are public/private transportation service(s) or facilities available within ½ mile of the proposed site?
   - Yes ☑ No ☐

vii. Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles?
   - Yes ☑ No ☐

viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes?
   - Yes ☑ No ☐

k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy?
   - Yes ☑ No ☐

   i. Estimate annual electricity demand during operation of the proposed action:

   ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other):

   iii. Will the proposed action require a new, or an upgrade, to an existing substation?
   - Yes ☑ No ☐

l. Hours of operation. Answer all items which apply.

1. During Construction:
   - Monday - Friday: 0600 to 1300
   - Saturday: N/A
   - Sunday: N/A
   - Holidays: N/A

2. During Operations:
   - Monday - Friday: 0600 to 2100
   - Saturday: 0500 to 2100
   - Sunday: 0500 to 2100
   - Holidays: 0500 to 2100
m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both?  
   If yes:  
   i. Provide details including sources, time of day and duration:  

   ii. Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?  
       Describe:  

n. Will the proposed action have outdoor lighting?  
   If yes:  
   i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:  

   ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen?  
       Describe:  

o. Does the proposed action have the potential to produce odors for more than one hour per day?  
   If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:  

p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage?  
   If Yes:  
   i. Product(s) to be stored  
   ii. Volume(s) per unit time (e.g., month, year)  
   iii. Generally, describe the proposed storage facilities:  

q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation?  
   If Yes:  
   i. Describe proposed treatment(s):  

r. Will the proposed action use Integrate Pest Management Practices?  

s. Will the proposed action (commercial or Industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)?  
   If Yes:  
   i. Describe any solid waste(s) to be generated during construction or operation of the facility:  
      - Construction:  
      - Operation:  
   ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:  
      - Construction:  
      - Operation:  

   iii. Proposed disposal methods/facilities for solid waste generated on-site:  
      - Construction:  
      - Operation:
s. Does the proposed action include construction or modification of a solid waste management facility?
   □ Yes □ No
   i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities):
   ii. Anticipated rate of disposal/processing:
      • Tons/month, if transfer or other non-combustion/thermal treatment, or
      • Tons/hour, if combustion or thermal treatment
   iii. If landfill, anticipated site life: _____________ years

1. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste?
   □ Yes □ No
   i. Name(s) of all hazardous wastes or constituents to be generated, handled, or managed at facility:
   ii. Generally describe processes or activities involving hazardous wastes or constituents:
   iii. Specify amount to be handled or generated _____________ tons/month
   iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents:

v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility?
   □ Yes □ No
   If Yes: provide name and location of facility:
   If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility:

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses.
   i. Check all uses that occur on, adjoining, and near the project site.
      □ Urban □ Industrial □ Commercial □ Residential (suburban) □ Rural (non-farm)
      □ Forest □ Agriculture □ Aquatic □ Other (specify):
   ii. If mix of uses, generally describe:

b. Land uses and covertypes on the project site.

Page 9 of 13
c. Is the project site presently used by members of the community for public recreation? □ Yes □ No
   i. If Yes: explain: All these locations are currently public golf courses

d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? □ Yes □ No
   i. Identify Facilities:

   ii. Dimensions of the dam and impoundment:
      □ Dam height: __________________ feet
      □ Dam length: __________________ feet
      □ Surface area: __________________ acres
      □ Volume impounded: __________________ gallons OR acre-feet

   iii. Dam's existing hazard classification:

   iv. Provide date and summarize results of last inspection:

   v. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility? □ Yes □ No
      i. Has the facility been formally closed?
         □ Yes □ No
         If yes, cite sources/documentation:

      ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:
         Durand Eastman Golf Course is immediately adjacent to the Frank E. VanLare Wastewater Treatment Plant.

   iii. Describe any development constraints due to the prior solid waste activities:
         None known.

   iv. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? □ Yes □ No
      i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred:

   h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? □ Yes □ No
      i. If Yes: is any portion of the site listed on the NYSED Spills Incidents database or Environmental Site Remediation database? Check all that apply:
         □ Yes – Spills Incidents database
         □ Yes – Environmental Site Remediation database
         □ No
         Provide DEC ID number(s): 8500739, 9301171, 9970540

      ii. If site has been subject of RCRA corrective activities, describe control measures:

      iii. Is the project within 2000 feet of any site in the NYSED Environmental Site Remediation database? □ Yes □ No
         If yes, provide DEC ID number(s): Rochester Pile Academy, Kasel Structural Steel & Fabrication

      iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):
v.  If the project site subject to an institutional control limiting property uses?  
- If yes, DEC site ID number:  
- Describe the type of institutional control (e.g., deed restriction or easement):  
- Describe any use limitations:  
- Describe any engineering controls:  
- Will the project affect the institutional or engineering controls in place?  
- Explain:  

E.2. Natural Resources On or Near Project Site  

a. What is the average depth to bedrock on the project site?  
- 30 to 50 feet  

b. Are there bedrock outcroppings on the project site?  
- Yes ☐ No ☑  

If Yes, what proportion of the site is comprised of bedrock outcroppings?  
- %  

- Clay 83%  
- Loam 35%  
- %  

c. Predominant soil type(s) present on project site:  

- Clay 83%  
- Loam 35%  
- %  

- What is the average depth to the water table on the project site?  
- Average:  

- Drainage status of project site soils:  
  - Well Drained:  
    - 10% of site  
  - Moderately Well Drained:  
    - 20% of site  
  - Poorly Drained:  
    - 65% of site  

- Approximate proportion of proposed action site with slopes:  
  - 0-10%:  
    - 99% of site  
  - 10-15%:  
    - 1% of site  
  - 15% or greater:  
    - 1% of site  

- Are there any unique geologic features on the project site?  
  - Yes ☐ No ☑  

- Surface water features.  
  - Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)?  
    - Yes ☐ No ☑  

  - Do any wetlands or other waterbodies adjoin the project site?  
    - Yes ☐ No ☑  

  - Are any of the wetlands or waterbodies within or adjoining the project site regulated by a federal, state or local agency?  
    - Yes ☐ No ☑  

  - Streams:  
    - Name:  
    - Classification: B, B, B  
  - Lakes or Ponds:  
    - Name:  
  - Wetlands:  
    - Name:  
    - Classification:  
    - Approximate Size:  

- Are any of the above water bodies listed in the most recent compilation of NY’s water quality-impaired waterbodies?  
  - Yes ☐ No ☑  

If yes, name of impaired water body/bodies and basis for listing as impaired:  

Rochester Embayment East/ Section Conversion  

- Is the project site in a designated Floodway?  
  - Yes ☐ No ☑  

- Is the project site in the 100-year Floodplain?  
  - Yes ☐ No ☑  

- Is the project site in the 500-year Floodplain?  
  - Yes ☐ No ☑  

- Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer?  
  - Yes ☐ No ☑  

If Yes:  
- Name of aquifer:  

Page 11 of 13
m. Identify the predominant wildlife species that occupy or use the project site:
   | White Tailed Deer | Various Birds | Various Amphibians and Reptiles |
   | Grey Squirrels    |               |                              |
   | Woodland Mammals  |               |                              |

n. Does the project site contain a designated significant natural community?
   Yes ☐ No ☑
   i. Describe the habitat/community (composition, function, and basis for designation):
   ____________________________

ii. Source(s) of description or evaluation:
   ____________________________

iii. Extent of community/habitat:
   - Currently: ____________________________ acres
   - Following completion of project as proposed: ____________________________ acres
   - Gain or loss (indicate + or -): ____________________________ acres

o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species?
   Yes ☐ No ☑
   i. Species and listing (endangered or threatened):
      ____________________________

p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?
   Yes ☐ No ☑
   i. Species and listing:
      Rare Freshwater Mussel (not listed by NYS)

q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing?
   Yes ☐ No ☑
   If yes, give a brief description of how the proposed action may affect that use:
   ____________________________

E.3. Designated Public Resources On or Near Project Site

a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 23-AA, Section 303 and 304?
   Yes ☐ No ☑
   If Yes, provide county plus district name/number:
   ____________________________

b. Are agricultural lands consisting of highly productive soils present?
   Yes ☐ No ☑
   i. If Yes: acreage(s) on project site:
   ____________________________
   ii. Source(s) of soil rating(s):
   ____________________________

c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark?
   Yes ☐ No ☑
   i. Nature of the natural landmark:
      Biological Community ☐ Geological Feature ☑
   ii. Provide brief description of landmark, including values behind designation and approximate size/extent:
   ____________________________

d. Is the project site located in or does it adjoin a state listed Critical Environmental Area?
   Yes ☐ No ☑
   i. CEA name: Not Named
   ii. Basis for designation: Environmentally Sensitive
   iii. Designating agency and date: City of Rochester

Page 12 of 13
e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places; or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? □ Yes □ No

If Yes:
   i. Nature of historic/archaeological resource: □ Archaeological Site □ Historic Building or District
   ii. Name: Genesee Valley Park, Durand Eastman Arboretum
   iii. Brief description of attributes on which listing is based:
      GVP: Catherine A and Charles C. Durand 1828, 1875, 1899 and 1913; SEOC: 7/16/2017 and 9/18/2019
      Survey Completed 7/16/2021

f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? □ Yes □ No

g. Have additional archaeological or historic site(s) or resources been identified on the project site?
   If Yes:
      i. Describe possible resource(s): ____________________________
      ii. Basis for identification: ____________________________

h. Is the project site within five miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? □ Yes □ No
   If Yes:
      i. Identify resource: Genesee Valley Greenway Trail, Erie Canal Trail, among others
      ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway, etc.): Trails
      iii. Distance between project and resource: ____________ miles.
   i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCCR 666? □ Yes □ No
   If Yes:
      i. Identify the name of the river and its designation: ____________________________
      ii. Is the activity consistent with development restrictions contained in 6NYCCR Part 666? □ Yes □ No

F. Additional Information
Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification
I certify that the information provided is true to the best of my knowledge.

Title: ____________________________
Full Environmental Assessment Form
Part 2 - Identification of Potential Project Impacts

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 questions. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:
- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box “Moderate to large impact may occur.”
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the “whole action”.
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

1. Impact on Land
   Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1, D.1)
   If "Yes", answer questions a - j. If "No", move on to Section 2.

<table>
<thead>
<tr>
<th>Question(s)</th>
<th>Yes</th>
<th>No</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. The proposed action may involve construction on land where depth to water table is less than 3 feet.</td>
<td>E2d</td>
<td>X</td>
<td>□</td>
</tr>
<tr>
<td>b. The proposed action may involve construction on slopes of 15% or greater.</td>
<td>E2f</td>
<td>X</td>
<td>□</td>
</tr>
<tr>
<td>c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.</td>
<td>E2f</td>
<td>□</td>
<td>□</td>
</tr>
<tr>
<td>d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.</td>
<td>D2a</td>
<td>X</td>
<td>□</td>
</tr>
<tr>
<td>e. The proposed action may involve construction that continues for more than one year or in multiple phases.</td>
<td>D1c</td>
<td>X</td>
<td>□</td>
</tr>
<tr>

### 2. Impact on Geological Features

The proposed action may result in the modification or destruction of, or inhibit access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part I. E.2.g)

If "Yes", answer questions a - c. If "No", move on to Section 3.

<table>
<thead>
<tr>
<th>Relevant Part I Question(s)</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. Identify the specific land form(s) attached:</td>
<td>E2g</td>
<td>□</td>
</tr>
<tr>
<td>b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature:</td>
<td>E3c</td>
<td>□</td>
</tr>
<tr>
<td>c. Other impacts:</td>
<td></td>
<td>□</td>
</tr>
</tbody>
</table>

### 3. Impacts on Surface Water

The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part I. D.2, E.2.h)

If "Yes", answer questions a - l. If "No", move on to Section 4.

<table>
<thead>
<tr>
<th>Relevant Part I Question(s)</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. The proposed action may create a new water body.</td>
<td>D2b, D1h</td>
<td>□</td>
</tr>
<tr>
<td>b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water.</td>
<td>D2b</td>
<td>□</td>
</tr>
<tr>
<td>c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body.</td>
<td>D2a</td>
<td>□</td>
</tr>
<tr>
<td>d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.</td>
<td>E2h</td>
<td>□</td>
</tr>
<tr>
<td>e. The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments.</td>
<td>D2a, D2h</td>
<td>□</td>
</tr>
<tr>
<td>f. The proposed action may include construction of one or more intake(s) for withdrawal of water from surface water.</td>
<td>D2c</td>
<td>□</td>
</tr>
<tr>
<td>g. The proposed action may include construction of one or more outfall(s) for discharge of wastewater to surface water(s).</td>
<td>D2d</td>
<td>□</td>
</tr>
<tr>
<td>h. The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.</td>
<td>D2e</td>
<td>□</td>
</tr>
<tr>
<td>i. The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action.</td>
<td>E2h</td>
<td>□</td>
</tr>
<tr>
<td>j. The proposed action may involve the application of pesticides or herbicides in or around any water body.</td>
<td>D2q, E2h</td>
<td>□</td>
</tr>
<tr>
<td>k. The proposed action may require the construction of new, or expansion of existing, wastewater treatment facilities.</td>
<td>D1a, D2d</td>
<td>□</td>
</tr>
</tbody>
</table>
4. Impact on groundwater
   The proposed action may result in new or additional use of ground water, or
   may have the potential to introduce contaminants to ground water or an aquifer.
   (See Part 1, D.2.a, D.2.c, D.2.d, D.2.p, D.2.q, D.2.t)
   If "Yes", answer questions a - h. If "No", move on to Section 5.

<table>
<thead>
<tr>
<th>Relevant Part I Question(s)</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. The proposed action may require new water supply wells, or create additional demand on supplies from existing water supply wells.</td>
<td>D2c</td>
<td>○</td>
</tr>
<tr>
<td>b. Water supply demand from the proposed action may exceed safe and sustainable withdrawal capacity rate of the local supply or aquifer.</td>
<td>D2c</td>
<td>○</td>
</tr>
<tr>
<td>Cite Source:</td>
<td></td>

</tr>
<tr>
<td>e. The proposed action may allow or result in residential uses in areas without water and sewer services.</td>
<td>D1a, D2a</td>
<td>○</td>
</tr>
<tr>
<td>d. The proposed action may include or require wastewater discharged to groundwater.</td>
<td>D2d, E2l</td>
<td>○</td>
</tr>
<tr>
<td>e. The proposed action may result in the construction of water supply wells in locations where groundwater is, or is suspected to be, contaminated.</td>
<td>D2c, E1f, E1g, E1h</td>
<td>○</td>
</tr>
<tr>
<td>f. The proposed action may require the bulk storage of petroleum or chemical products over ground water or an aquifer.</td>
<td>D2p, E2l</td>
<td>○</td>
</tr>
<tr>
<td>g. The proposed action may involve the commercial application of pesticides within 100 feet of potable drinking water or irrigation sources.</td>
<td>E2h, D2q, E3l, D2c</td>
<td>○</td>
</tr>
<tr>
<td>h. Other impacts:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

5. Impact on Flooding
   The proposed action may result in development on lands subject to flooding.
   (See Part 1, E.2)
   If "Yes", answer questions a - g. If "No", move on to Section 6.

<table>
<thead>
<tr>
<th>Relevant Part I Question(s)</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. The proposed action may result in development in a designated floodway.</td>
<td>E2i</td>
<td>○</td>
</tr>
<tr>
<td>b. The proposed action may result in development within a 100 year floodplain.</td>
<td>E2j</td>
<td>○</td>
</tr>
<tr>
<td>c. The proposed action may result in development within a 500 year floodplain.</td>
<td>E2k</td>
<td>○</td>
</tr>
<tr>
<td>d. The proposed action may result in, or require, modification of existing drainage patterns.</td>
<td>D2h, D2e</td>
<td>○</td>
</tr>
<tr>
<td>e. The proposed action may change flood water flows that contribute to flooding.</td>
<td>D2b, E2l, E3l, E2k</td>
<td>○</td>
</tr>
<tr>
<td>f. If there is a dam located on the site of the proposed action, is the dam in need of repair, or upgrade?</td>
<td>E1e</td>
<td>○</td>
</tr>
</tbody>
</table>
6. Impacts on Air
The proposed action may include a state regulated air emission source. (See Part I. D.2.f., D.2.h. D.2.g)
If "Yes", answer questions a - f. If "No", move on to Section 7.

<table>
<thead>
<tr>
<th>Relevant Part I Question(s)</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. If the proposed action requires federal or state air emission permits, the action may also emit one or more greenhouse gases as or above the following levels:</td>
<td>D2g</td>
<td>☐</td>
</tr>
<tr>
<td>i. More than 1000 tons/year of carbon dioxide (CO2)</td>
<td>D2g</td>
<td>☐</td>
</tr>
<tr>
<td>ii. More than 3.5 tons/year of nitrous oxide (N2O)</td>
<td>D2g</td>
<td>☐</td>
</tr>
<tr>
<td>iii. More than 1000 tons/year of carbon equivalent of perfluorocarbons (PFCs)</td>
<td>D2g</td>
<td>☐</td>
</tr>
<tr>
<td>iv. More than 0.045 tons/year of sulfur hexafluoride (SF6)</td>
<td>D2g</td>
<td>☐</td>
</tr>
<tr>
<td>v. More than 1000 tons/year of carbon dioxide equivalent of hydrochlorofluorocarbons (HCFCs) emissions</td>
<td>D2g</td>
<td>☐</td>
</tr>
<tr>
<td>vi. 43 tons/year or more of methane</td>
<td>D2h</td>
<td>☐</td>
</tr>
<tr>
<td>b. The proposed action may generate 10 tons/year or more of any one designated hazardous air pollutant, or 25 tons/year or more of any combination of such hazardous air pollutants</td>
<td>D2g</td>
<td>☐</td>
</tr>
<tr>
<td>c. The proposed action may require a state air registration, or may produce an emissions rate of total contaminants that may exceed 5 lbs. per hour, or may include a heat source capable of producing more than 10 million BTU's per hour</td>
<td>D2f, D2g</td>
<td>☐</td>
</tr>
<tr>
<td>d. The proposed action may reach 50% of any of the thresholds in &quot;a&quot; through &quot;c&quot;, above</td>
<td>D2g</td>
<td>☐</td>
</tr>
<tr>
<td>e. The proposed action may result in the combustion or thermal treatment of more than 1 ton of refuse per hour</td>
<td>D2s</td>
<td>☐</td>
</tr>
<tr>
<td>f. Other Impacts:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

7. Impact on Plants and Animals
The proposed action may result in a loss of flora or fauna. (See Part I. E.2. m.-q.)
If "Yes", answer questions a - l. If "No", move on to Section 8.

<table>
<thead>
<tr>
<th>Relevant Part I Question(s)</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. The proposed action may cause reduction in population or loss of individuals of any threatened or endangered species, as listed by New York State or the Federal government, that use the site, or are found on/over, or near the site</td>
<td>E2o</td>
<td>☐</td>
</tr>
<tr>
<td>b. The proposed action may result in a reduction or degradation of any habitat used by any rare, threatened or endangered species, as listed by New York State or the Federal government.</td>
<td>E2o</td>
<td>☐</td>
</tr>
<tr>
<td>c. The proposed action may cause reduction in population, or loss of individuals, of any species of special concern or conservation need, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.</td>
<td>E2p</td>
<td>☐</td>
</tr>
<tr>
<td>d. The proposed action may result in a reduction or degradation of any habitat used by any species of special concern and conservation need, as listed by New York State or the Federal government.</td>

<td>---</td>
<td>-----</td>
</tr>
<tr>
<td>e. The proposed action may diminish the capacity of a registered National Natural Landmark to support the biological community it was established to protect.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>f. The proposed action may result in the removal of, or ground disturbance in, any portion of a designated significant natural community. Source:</td>
<td>E2n</td>
<td></td>
</tr>
<tr>
<td>g. The proposed action may substantially interfere with nesting/breeding, foraging, or over-wintering habitat for the predominant species that occupy or use the project site.</td>
<td>E2m</td>
<td></td>
</tr>
<tr>
<td>h. The proposed action requires the conversion of more than 10 acres of forest, grassland or any other regionally or locally important habitat. Habitat type &amp; information source:</td>
<td>E1b</td>
<td></td>
</tr>
<tr>
<td>i. Proposed action (commercial, industrial or recreational projects, only) involves use of herbicides or pesticides.</td>
<td>D2q</td>
<td></td>
</tr>
<tr>
<td>j. Other impacts:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

8. Impact on Agricultural Resources

The proposed action may impact agricultural resources. (See Part 1. E.3.a. and b.)

*If "Yes", answer questions a - h. If "No", move on to Section 9.*

<table>
<thead>
<tr>
<th>Relevant Part 1 Question(s)</th>
<th>No or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. The proposed action may impact soil classified within soil group 1 through 4 of the NYS Land Classification System.</td>
<td>E2c, E3b</td>
<td></td>
</tr>
<tr>
<td>b. The proposed action may sever, cross or otherwise limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc.).</td>
<td>E1a, E1b</td>
<td></td>
</tr>
<tr>
<td>c. The proposed action may result in the excavation or compaction of the soil profile of active agricultural land.</td>
<td>E3b</td>
<td></td>
</tr>
<tr>
<td>d. The proposed action may irreversibly convert agricultural land to non-agricultural uses, either more than 2.5 acres if located in an Agricultural District, or more than 10 acres if not within an Agricultural District.</td>
<td>E1b, E3a</td>
<td></td>
</tr>
<tr>
<td>e. The proposed action may disrupt or prevent installation of an agricultural land management system.</td>
<td>E1a, E1b</td>
<td></td>
</tr>
<tr>
<td>f. The proposed action may result, directly or indirectly, in increased development potential or pressure on farmland.</td>
<td>C2c, C3, D7c, D2d</td>
<td></td>
</tr>
<tr>
<td>g. The proposed project is not consistent with the adopted municipal Farmland Protection Plan.</td>
<td>C2e</td>
<td></td>
</tr>
<tr>
<td>h. Other impacts:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
9. Impact on Aesthetic Resources

The land use of the proposed action are obviously different from, or are in sharp contrast to, current land use patterns between the proposed project and a scenic or aesthetic resource. (Part 1. E.1.a. E.1.b, E.3.h.)

If "Yes", answer questions a - g. If "No", go to Section 10.

<table>

</tbody>
</table>
d. Other impacts:

If any of the above (a-d) are answered "Moderate to large impact may occur", continue with the following questions to help support conclusions in Part 3:

i. The proposed action may result in the destruction or alteration of all or part of the site or property.

ii. The proposed action may result in the alteration of the property's setting or integrity.

iii. The proposed action may result in the introduction of visual elements which are out of character with the site or property, or may alter its setting.

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:
To complete this section:
- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact.
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Determination of Significance - Type 1 and Unlisted Actions

SEQR Status: [☑] Type 1 [☐] Unlisted
Identify portions of EAF completed for this Project: [☑] Part 1 [☑] Part 2 [☑] Part 3

PEAF 2019
Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Monroe County
as lead agency that:

☑️ A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact
statement need not be prepared. Accordingly, this negative declaration is issued.

☐️ B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or
substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative
declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

☐️ C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact
statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those
impacts. Accordingly, this positive declaration is issued.

Name of Action: Monroe County Parks Department – Golf Course Improvements

Name of Lead Agency: Monroe County

Name of Responsible Officer in Lead Agency: Adam J. Bello

Title of Responsible Officer: County Executive

Signature of Responsible Officer in Lead Agency: ____________________________ Date: 7/19/2022

Signature of Preparer (if different from Responsible Officer) ____________________________ Date: 7/19/2022

For Further Information:

Contact Person: Robert W. Kley, Deputy Director Monroe County Parks
Address: 171 Reservoir Rd Rochester NY 14620
Telephone Number: 585-753-7279
E-mail: robertkley@monroecounty.gov

For Type I Actions and Conditioned Negative Declarations, a copy of this Notice is sent to:

Chief Executive Officer of the political subdivision in which the action will be principally located (e.g., Town / City / Village of)
Other Involved agencies (if any)
Applicant (if any)
Environmental Notice Bulletin: 3600 East Avenue Rochester, NY 14610
Full Environmental Assessment Form
Part 3

Impact on Land.

The proposed project seeks repair of existing water mains, laterals and sprinkler heads throughout the three county owned golf courses. The project will also repair and replace existing subsurface clay drainage tile throughout the golf courses, installing new perforated drainage tile in its place. Disturbances of turf would occur during the repair of the existing infrastructure. The total disturbances across the three golf courses is estimated at six (6) acres. It should be noted that these disturbances would be made sporadically and not all at one time. It is anticipated that the contractor retained for the project would cut existing sod, roll said sod, remove topsoil and subsoil exposing the existing main/lateral or drainage line, repair and replace the line, then backfill and roll the sod back atop the trench. This manner / methodology for the repair and replacement of subsurface infrastructure is critical to ensure the continuation of play at the golf courses. This means and method will also greatly reduce the likelihood of any sediment transport or erosion during construction. That said, proper erosion and sediment controls will need to be installed at times when soil stabilization methods cannot be implemented to ensure erosion does not occur.

The installation of golf cart paths is estimated to disturb roughly 3.5 acres across all three golf courses. Many of the existing golf cart paths are stone and stone dust, while others, due to golf cart traffic, are denuded soils absent sufficient vegetated cover. In other areas, prospective golf cart paths are currently turfed areas, thus soil disturbances will occur for the installation of pavement. During the construction efforts, proper erosion and sediment controls will need to be installed to ensure that erosion does not occur. Further, soil stabilization methodologies will need to be employed to ensure proper vegetative cover once soil disturbances cease.

Given the disturbances are over 1 acre in size a Stormwater Pollution Prevention Plan (SWPPP) may need to be developed. The engineer of record will need to develop a soil erosion and sediment control plan to properly mitigate construction impacts and, potentially, design post construction stormwater best management practices. If the implementation of a SWPPP does occur, weekly inspections ensuring compliance with the stormwater regulations will occur. Therefore, there are no significant impacts to land anticipated.

Impact on Water.

The majority of the prospective work located in Durand Eastman Golf Course will occur within New York State Department of Environmental Conservation (NYS-DEC) Regulated wetlands, RH-14, RH-15, and RH16. While these wetland areas have been designated by the NYS-DEC, the entirety of these wetlands have been utilized as the Durand Eastman golf course since its creation in early 1900s. The project seeks to repair and replace existing subsurface infrastructure at the golf course, thus no significant new impact will occur. In select areas where golf cart traffic has denuded the existing turf, the project may likely have a net positive benefit as those
soils will be stabilized permanently. The aforementioned SWPPP will attenuate any water quality/quantity considerations with regard to stormwater management. As the project commences permitting with NYS-DEC for wetland permit coverage and for stormwater management compliance all requirements will be carried out in accordance with final permit coverage. As a result of the aforementioned, no significant impacts to water are anticipated.

Impact on Flooding.

The repair and replacement of existing subsurface infrastructure and golf cart construction will occur within the floodplain at Durand Eastman and Genesee Valley Park. Given the preferred means and methods for repair and replacement subsurface infrastructure the potential increase for stormwater runoff is greatly reduced. Further, the proper use of erosion and sediment controls would further mitigate any potential impacts from golf cart paving efforts. The SWPPP would address any potential increases in post construction runoff by use of post construction stormwater best management practices, such as infiltration strips, vegetated swales etc. As a result of the aforementioned, no significant impacts to flooding are anticipated.

Impact on Flora and Fauna.

In 1986, the City of Rochester designated Genesee Valley Park and Durand Eastman as a critical environmental area, noting that it is an environmentally sensitive area. The NYS-DEC Environmental Resource Mapper was reviewed and no threatened or endanger species were mapped within the project areas. All turfed / grassed areas will be returned to existing conditions after the construction activities, thus there is very little disruption to the local plant life throughout the project area. As a result of the aforementioned, no impacts to flora and fauna are anticipated.

Impact on Aesthetics.

The project does not change the aesthetics of the golf courses as the majority of the project seeks to repair and replace existing infrastructure. Patron experiences as a result of the repair and replacement of irrigation and sub-surface drainage should greatly increase. In addition, the paving of the golf cart paths will have a net positive as turf will no longer be rutted, muddy, and dusty seasonally. As a result of the aforementioned, no impacts to aesthetics are anticipated.

Impact on Archeological Resources and Aesthetics.

Genesee Valley Park is an eligible national registrar location as it is associated with events that have made significant contribution to the broad patterns of our history (Criteria A) and embodies the distinctive characteristics of a type, period or method of construction; and/or represents the work of a master; and/or possess high characteristic values; and/or represents a significant and distinguishable entity whose component may lack individual distinctions (Criteria C). As Genesee Valley Park is a Frederick Law Olmstead designed park, the park itself as a whole is eligible for designation. Durand Eastman arborium is possibly eligible for designation and is currently in review with the most recent survey being conducted on 7/06/2021. The arborium is adjacent to the golf course and there are no plans for any repair activities within that section of the park. The project does not change the aesthetics of the golf courses/parks as the majority of
the project seeks to repair and replace existing infrastructure. Patron experiences as a result of the repair and replacement subsurface infrastructure should greatly increase as a result of the project. In addition, the paving of the golf cart paths will have a net positive as turf will no longer be rutted, muddy, and dusty seasonally. These actions are in keeping with the aesthetic and historic nature the golf courses, thus no significant impact is anticipated to the archeological resources and aesthetics.

Based on the above factors, this project will result in no significant adverse impacts on the environment, there an environmental impact statement need not be prepared. Accordingly, a negative declaration is issued.

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (e.g., a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

Fire District Name: Riggs Fire Protection District

EMS Service Area: Churchville Fire Dept Ambulance (Monroe Ambulance, M-F 8am-4pm)

Police Service Area: Monroe County Sheriff

School District: CHURCHVILLE-CHILI
Within 500' of Municipal Boundary? Municipality: Village of Churchville

NYS Heritage Area: West Erie Canal Corridor

The award was granted for the following reasons: The project is in accordance with the goals of the project, is of significant cultural or historical value, and is proposed by an organization or individual with a demonstrated commitment to the project. The project is expected to contribute to the cultural or historical heritage of the area.

The project is located in the Village of Churchville, within the West Erie Canal Corridor. The project is proposed by the Churchville Heritage Association, which has a demonstrated commitment to the project and has the necessary expertise to carry out the project.

The project is expected to contribute to the cultural and historical heritage of the area by preserving and enhancing the heritage area. The project is in accordance with the goals of the project and is proposed by an organization or individual with a demonstrated commitment to the project.

The project is located in the Village of Churchville, within the West Erie Canal Corridor. The project is proposed by the Churchville Heritage Association, which has a demonstrated commitment to the project and has the necessary expertise to carry out the project.

The project is expected to contribute to the cultural and historical heritage of the area by preserving and enhancing the heritage area.

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (i.e. a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

Intro. No. _______

RESOLUTION NO. _______ OF 2022

CLASSIFICATION OF ACTION, DESIGNATION OF LEAD AGENCY, AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR GOLF COURSE IMPROVEMENTS

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the golf course improvements are a Type 1 action.

Section 2. Monroe County is hereby designated as Lead Agency for a coordinated review of the golf course improvements.

Section 3. The Monroe County Legislature has reviewed and considered the Full Environmental Assessment Form dated July 19, 2022 and has considered the potential environmental impacts of the golf course improvements pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 4. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 5. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Environment and Public Works Committee; August 22, 2022 - CV: 7-0
File No. 22-0271

ADOPTION: Date: ________ Vote: ________

ACTION BY THE COUNTY EXECUTIVE

APPROVED: ________ VETOED: ________

SIGNATURE: __________________________ DATE: __________________________

EFFECTIVE DATE OF RESOLUTION: __________________________
Full Environmental Assessment Form
Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either “Yes” or “No”. If the answer to the initial question is “Yes”, complete the sub-questions that follow. If the answer to the initial question is “No”, proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

<th>Monroe County Parks Department–Golf Course Improvement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project Location (describe, and attach a general location map):</td>
<td>Churchville Golf Course, Durand Eastman Golf Course and Genesee Valley Golf Course. See attached map.</td>
</tr>
<tr>
<td>Brief Description of Proposed Action (include purpose or need):</td>
<td>The proposed project seeks to re-design and improve all three municipal owned and operated golf courses, Churchville, Durand Eastman and Genesee Valley. A variety of improvements have been identified within each golf course, however the improvements are generally categorized into three (3) areas: subsurface drainage improvements, sub-surface irrigation line improvements, and the installation of paved golf cart paths. Repair and installation of subsurface drainage lines would allow for proper drainage of poorly drained turf areas. Repair and installation of irrigation lines will allow for better watering the turf to withstand and maintain properly.</td>

\[i.\] Coastal Resources.

\(\text{i.}\) Is the project site within a Coastal Area, or the waterfront area of a Designated Inland Waterway?

\[\text{☐ Yes ☐ No}\]

\(\text{ii.}\) Is the project site located in a community with an approved Local Waterfront Revitalization Program?

\[\text{☐ Yes ☐ No}\]

\(\text{iii.}\) Is the project site within a Coastal Erosion Hazard Area?

\[\text{☐ Yes ☐ No}\]

### C. Planning and Zoning

#### C.1. Planning and zoning actions.

Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed?

\[\text{☐ Yes ☐ No}\]

- If Yes, complete sections C.2, F and G.
- If No, proceed to question C.2 and complete all remaining sections and questions in Part I

#### C.2. Adopted land use plans.

- a. Do any municipally-adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located? 
  \[\text{☐ Yes ☐ No}\]

- b. Is the site of the proposed action within any local or regional special planning districts (for example: Greenway; Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or others)?
  \[\text{☐ Yes ☐ No}\]

  - If Yes, Identify the plan(s):
    - NYS Heritage Area-West Erie Canal Corridor - City of Rochester LWPP

- c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan?
  \[\text{☐ Yes ☐ No}\]

  - If Yes, Identify the plan(s):

---

Page 2 of 13

---
C.3. Zoning

a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance?  
☐ Yes ☐ No

Open Space District; Q-A Oswego Airport District; Rural Agricultural

b. Is the use permitted or allowed by a special or conditional use permit?  
☐ Yes ☐ No

c. Is a zoning change requested as part of the proposed action?  
If Yes:

i. What is the proposed new zoning for the site?

C.4. Existing community services.

a. In what school district is the project site located?  City of Rochester, Churchville-Chili

b. What police or other public protection forces serve the project site?

Rochester Police Department

Monroe County Sheriff: Rochester Police Department

Rochester Fire Department, Poughkeepsie Fire Protection District

c. Which fire protection and emergency medical services serve the project site?

D. Project Details

D.3. Proposed and Potential Development

a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)?  Recreational / Parkland

b. Total acreage of the site of the proposed action?

b. Total acreage to be physically disturbed?

b. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?

1908 acres

9.5 acres

1908 acres

c. Is the proposed action an expansion of an existing project or use?  
If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)?

%  ___________ Units:  ___________  

☐ Yes ☐ No

d. Is the proposed action a subdivision, or does it include a subdivision?  
If Yes,

i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)

ii. Is a cluster/conservation layout proposed?

iii. Number of lots proposed?  

iv. Minimum and maximum proposed lot sizes? Minimum  ___________ Maximum  ___________

☐ Yes ☐ No

e. Will the proposed action be constructed in multiple phases?

i. If No, anticipated period of construction:  ___________ months  

ii. If Yes:

• Total number of phases anticipated  ___________

• Anticipated commencement date of phase 1 (including demolition)  ___________ month ___________ year

• Anticipated completion date of final phase  ___________ month ___________ year

• Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases:

Page 3 of 13
1. Does the project include new residential uses? Yes  No
   If Yes, show numbers of units proposed.
   
   Initial Phase
   At completion of all phases

2. Does the proposed action include new non-residential construction (including expansions)? Yes  No
   i. Total number of structures
   ii. Dimensions (in feet) of largest proposed structure: height: ___ width: ___ length: ___
   iii. Approximate extent of building space to be heated or cooled: ___ square feet

3. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste leach or other storage? Yes  No
   i. Purpose of the impoundment:
   ii. If a water impoundment, the principal source of the water: Ground water  Surface water streams  Other specify:
   iii. Other than water, identify the type of impounded contained liquids and their source.
   iv. Approximate size of the proposed impoundment. Volume: ___ million gallons; surface area: ___ acres
   v. Dimensions of the proposed dam or impounding structure: height: ___ length: ___
   vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete):

4. Project Operations
   a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both? Yes  No
      (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite)
      If Yes:
      i. What is the purpose of the excavation or dredging?
      ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site?
         a. Volume (specify tons or cubic yards):
         b. Over what duration of time?
      iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them.
      iv. Will there be on-site dewatering or processing of excavated materials? Yes  No
      v. What is the total area to be dredged or excavated? ___ acres
      vi. What is the maximum area to be worked at any one time? ___ acres
      vii. What would be the maximum depth of excavation or dredging? ___ feet
      viii. Will the excavation require blasting? Yes  No
      ix. Summarize site reclamation goals and plan: _____________________________________________

6. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area? Yes  No
   i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): RH-14, RH-15, RH-16
ii. Describe how the proposed action would affect a waterbody or wetland, e.g., excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in acres ft or acres.

The project would remove existing suburban drainage tile lines and irrigation lines at Durand Eastman Golf Course. Near the entirety of the golf course is within the floodplain/wetlands, thus the majority of work would occur within wetland/wetland buffer.

iii. Will the proposed action cause or result in disturbance to bottom sediments?
   If Yes, describe:
   □ Yes □ No

iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation?
   If Yes:
   □ Yes □ No
   - area of aquatic vegetation proposed to be removed:
   - expected acreage of aquatic vegetation remaining after project completion:
   - purpose of proposed removal (e.g., beach clearing, invasive species control, boat access):
   - proposed method of plant removal:
   - if chemical/herbicide treatment will be used, specify product(s):
   - describe any proposed reclamation/mitigation following disturbance:

v. Will the proposed action use, or create a new demand for water?
   If Yes:
   □ Yes □ No
   i. Total anticipated water usage/demand per day:
   □ Yes
   ii. Will the proposed action obtain water from an existing public water supply?
   If Yes:
   □ Yes □ No
   - name of district or service area:
   - does the existing public water supply have capacity to serve the proposal:
   - is the project site in the existing district:
   - is expansion of the district needed:
   - do existing lines serve the project site:
   - will line extension within an existing district be necessary to supply the project:
   □ Yes □ No
   - describe extensions or capacity expansions proposed to serve this project:
   - source(s) of supply for the district:
   - is a new water supply district or service area proposed to be formed to serve the project site:
   □ Yes □ No
   - applicant/sponsor for new district:
   - date application submitted or anticipated:
   - proposed source(s) of supply for new district:
   - if a public water supply will not be used, describe plans to provide water supply for the project:
   - if water supply will be from wells (public or private), what is the maximum pumping capacity:
   □ Yes □ No
   - nature of liquid waste generation per day:
   □ Yes □ No
   - nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each):
   - will the proposed action use any existing public wastewater treatment facilities?
   If Yes:
   □ Yes □ No
   - name of wastewater treatment plant to be used:
   - name of district:
   - does the existing wastewater treatment plant have capacity to serve the project:
   □ Yes □ No
   - is the project site in the existing district:
   □ Yes □ No
   - is expansion of the district needed:
Monroe County Legislature - September 13, 2022

</table>
m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both?  
   If yes:
   i. Provide details including sources, time of day and duration:

   ii. Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?  
       Describe:

   n. Will the proposed action have outdoor lighting?  
   If yes:
   i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:

   ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen?  
       Describe:

   o. Does the proposed action have the potential to produce odors for more than one hour per day?  
   If yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:

   p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage?  
   If yes:
   i. Product(s) to be stored
   ii. Volume(s) per unit time (e.g., month, year)
   iii. Generally, describe the proposed storage facilities:

   q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation?  
   If yes:
   i. Describe proposed treatment(s):

   r. Will the proposed action involve or require the management or disposal of solid waste (excluding hazardous materials)?  
   If yes:
   i. Describe any solid waste(s) to be generated during construction or operation of the facility:
      * Construction: ___________ tons per ___________(unit of time)
      * Operation: ___________ tons per ___________(unit of time)
   ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:
      * Construction:
      * Operation:
   iii. Proposed disposal methods/facilities for solid waste generated on-site:
      * Construction:
      * Operation:
Does the proposed action include construction or modification of a solid waste management facility?

☐ Yes ☐ No

I. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities):

II. Anticipated rate of disposal/processing:

☐ Tons/month, if transfer or other non-combustion/thermal treatment, or
☐ Tons/year, if combustion or thermal treatment

III. If landfill, anticipated site life: ______ years

Ⅰ. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste?

☐ Yes ☐ No

Ⅱ. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility:

Ⅲ. Generally describe processes or activities involving hazardous wastes or constituents:

Ⅳ. Specify amount to be handled or generated ______ tons/month

Ⅴ. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents:

Ⅵ. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility?

☐ Yes ☐ No

If Yes: provide name and location of facility:

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility:

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses:

☑ Urban ☐ Industrial ☐ Commercial ☐ Residential (suburban) ☐ Rural (non-farm)

☑ Forest ☐ Agriculture ☐ Aquatic ☐ Other (specify):

b. Land uses and cover types on the project site:

<tr>
<td>h. Surface water features</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)?</td>
<td>□ Yes □ No</td>
<td></td>
<td></td>
</tr>
<tr>
<td>ii. Do any wetlands or other waterbodies adjoin the project site?</td>
<td>□ Yes □ No</td>
<td></td>
<td></td>
</tr>
<tr>
<td>iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency?</td>
<td>□ Yes □ No</td>
<td></td>
<td></td>
</tr>
<tr>
<td>iv. For each identified regulated wetland and waterbody on the project site, provide the following information:</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>* Streams: Name: On-114, CNT-113, Red Creek, Classification: B, B, B</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>* Lakes or Ponds: Name:</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>* Wetlands: Name: Rh-14, RH-15, RH-16, Classification:</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>* Wetland No. (if regulated by DEC): Approximate Size: 147.9</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies?</td>
<td>□ Yes □ No</td>
<td></td>
<td></td>
</tr>
<tr>
<td>* If yes, name of impaired water body/ bodies and basis for listing as impaired: Rochester Embayment East Fish Creek</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>1. Is the project site in a designated Floodway?</td>
<td>□ Yes □ No</td>
<td></td>
<td></td>
</tr>
<tr>
<td>2. Is the project site in the 100-year Floodplain?</td>
<td>□ Yes □ No</td>
<td></td>
<td></td>
</tr>
<tr>
<td>3. Is the project site in the 500-year Floodplain?</td>
<td>□ Yes □ No</td>
<td></td>
<td></td>
</tr>
<tr>
<td>f. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer?</td>
<td>□ Yes □ No</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
m. Identify the predominant wildlife species that occupy or use the project site:

<table>
<thead>
<tr>
<th>Wildlife Category</th>
</tr>
</thead>
<tbody>
<tr>
<td>Gray Squirrels</td>
</tr>
<tr>
<td>White Tailed Deer</td>
</tr>
<tr>
<td>Various Birds</td>
</tr>
<tr>
<td>Woodland Mammals</td>
</tr>
<tr>
<td>Various Amphibians and Reptiles</td>
</tr>
</tbody>
</table>

n. Does the project site contain a designated significant natural community?
   - Yes
   - No

ii. Source(s) of description or evaluation:

iii. Extent of community/habitat:
   - Currently: _______ acres
   - Following completion of project as proposed: _______ acres
   - Gain or loss (indicate + or -): _______ acres

o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species?
   - Yes
   - No

p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?
   - Yes
   - No

E.3. Designated Public Resources On or Near Project Site

a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 302 and 304?
   - Yes
   - No

i. Are agricultural lands consisting of highly productive soils present?
   - Yes
   - No

ii. Source(s) of soil rating(s):

b. Does the project site contain or is it substantially contiguous to a registered National Landmark?
   - Yes
   - No

i. Nature of the natural landmark:
   - Biological Community
   - Geological Feature

ii. Provide brief description of landmark, including values behind designation and approximate size/extent:

b. Is the project site located in or does it adjoin a state listed Critical Environmental Area?
   - Yes
   - No

i. CEA name: Not Named

ii. Basis for designation: Environmentally Sensitive

iii. Designating agency and date: City of Rochester
e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places; or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? ☐ Yes ☐ No

If Yes:
   i. Nature of historic/archaeological resource: □ Archaeological Site □ Historic Building or District
   ii. Name: Genesee Valley Park, Durand Eastman Arboretum
   iii. Brief description of attributes on which listing is based:
       GVP: Criteria A and Criteria C: 8/18/2017 and 6/18/2019 DE; Survey Completed 7/06/2021

f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? ☐ Yes ☐ No

If Yes:
   i. Describe possible resource(s):
   ii. Basis for identification:

h. Is the project site within five miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? ☐ Yes ☐ No

If Yes:
   i. Identify resource: Genesee Valley Greenway Trail, Erie Canal Trail, among others
   ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway, etc.): Trails
   iii. Distance between project and resource: Various miles.

i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRFR 6667? ☐ Yes ☐ No

If Yes:
   i. Identify the name of the river and its designation:
   ii. Is the activity consistent with development restrictions contained in 6NYCRFR Part 6667? ☐ Yes ☐ No

F. Additional Information

Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification

I certify that the information provided is true to the best of my knowledge.

### Full Environmental Assessment Form

**Part 2 - Identification of Potential Project Impacts**

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

**Tips for completing Part 2:**
- Review all of the information provided in Part 1.
- Review any application, maps, and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please answer all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate columns to indicate the anticipated size of the impact.
- Proposed projects that exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to Large Impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action."
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

### Impact on Land

Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1, D.1)

If "Yes," answer questions a-f. If "No," move on to Section 2.

<table>
<thead>
<tr>
<th>Relevant Part 1 Question(s)</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. The proposed action may involve construction on land where depth to water table is less than 3 feet.</td>
<td>E2d</td>
<td>☐</td>
</tr>
<tr>
<td>b. The proposed action may involve construction on slopes of 15% or greater.</td>
<td>E2f</td>
<td>☐</td>
</tr>
<tr>
<td>c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.</td>
<td>E2a</td>
<td>☐</td>
</tr>
<tr>
<td>d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.</td>
<td>D2a</td>
<td>☐</td>
</tr>
<tr>
<td>e. The proposed action may involve construction that continues for more than one year or in multiple phases.</td>
<td>D1c</td>
<td>☐</td>
</tr>
<tr>
<td>f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).</td>
<td>D2a, D2q</td>
<td>☐</td>
</tr>
<tr>
<td>g. The proposed action is, or may be, located within a Coastal Erosion hazard area.</td>
<td>B1i</td>
<td>☐</td>
</tr>
<tr>
<td>h. Other Impacts:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

</table>
Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:
To complete this section:
- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact.
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Sealed:

Determination of Significance - Type 1 and Unlisted Actions

SEQ. Status: [ ] Type 1 [ ] Unlisted

Identify portions of EAF completed for this Project: [ ] Part 1 [ ] Part 2 [ ] Part 3

PEAF 2019
Upon review of the information recorded on this EAF, as noted, plus this additional support information:

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Monroe County Legislature as lead agency that:

☐ A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact
statement need not be prepared. Accordingly, this negative declaration is issued.

☐ B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or
substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative
declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

☐ C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact
statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those
impacts. Accordingly, this positive declaration is issued.

Name of Action: Monroe County Parks Department - Golf Course Improvements

Name of Lead Agency: Monroe County

Name of Responsible Officer in Lead Agency: Adam J. Bolo

Title of Responsible Officer: County Executive

Signature of Responsible Officer in Lead Agency: 

Signature of Preparer (if different from Responsible Officer) 

Date: 7.19.2022

For Further Information:

Contact Person: Robert W. Kiley, Deputy Director Monroe County Parks

Address: 171 Reservoir Rd Rochester NY 14620

Telephone Number: 585-753-7279

E-mail: robertkiley@monroecounty.gov

For Type I Actions and Conditioned Negative Declarations, a copy of this Notice is sent to:

Chief Executive Officer of the political subdivision in which the action will be principally located (e.g., Town/City/Village etc.)

Other Involved Agencies (if any)

Applicant (if any)

Part 3

Impact on Land.

The proposed project seeks repair of existing water mains, laterals and sprinkler heads throughout the three county owned golf courses. The project will also repair and replace existing subsurface clay drainage tile throughout the golf courses, installing new perforated drainage tile in its place. Disturbances of turf would occur during the repair of the existing infrastructure. The total disturbances across the three golf courses is estimated at six (6) acres. It should be noted that these disturbances would be made sporadically and not all one at a time. It is anticipated that the contractor retained for the project would cut existing sod, roll said sod, remove topsoil and subsoil exposing the existing main/lateral or drainage line, repair and replace the line, then backfill and re-roll the sod back atop the trench. This manner/methodology for the repair and replacement of subsurface infrastructure is critical to ensure the continuation of play at the golf courses. This means and method will also greatly reduce the likelihood of any sediment transport or erosion during construction. That said, proper erosion and sediment controls will need to be installed at times when soil stabilization methods cannot be implemented to ensure erosion does not occur.

The installation of golf cart paths is estimated to disturb roughly 3.5 acres across all three golf courses. Many of the existing golf cart paths are stone and stone dust, while others, due to golf cart traffic, are denuded soils absent sufficient vegetated cover. In other areas, prospective golf cart paths are currently turfed areas, thus soil disturbances will occur for the installation of pavement. During the construction efforts, proper erosion and sediment controls will need to be installed to ensure that erosion does not occur. Further, soil stabilization methodologies will need to be employed to ensure proper vegetative cover once soil disturbances cease.

Given the disturbances are over 1 acre in size a Stormwater Pollution Prevention Plan (SWPPP) may need to be developed. The engineer of record will need to develop a soil erosion and sediment control plan to properly mitigate construction impacts and, potentially, design post construction stormwater best management practices. If the implementation of a SWPPP does occur, weekly inspections ensuring compliance with the stormwater regulations will occur. Therefore, there are no significant impacts to land anticipated.

Impact on Water.

The majority of the prospective work located in Durand Eastman Golf Course will occur within New York State Department of Environmental Conservation (NYS-DEC) Regulated wetlands, RH-14, RH-15, and RH16. While these wetland areas have been designated by the NYS-DEC, the entirety of these wetlands have been utilized as the Durand Eastman golf course since its creation in early 1990s. The project seeks to repair and replace existing subsurface infrastructure at the golf course, thus no significant new impact will occur. In select areas where golf cart traffic has denuded the existing turf, the project may likely have a net positive benefit as those
soils will be stabilized permanently. The aforementioned SWPPP will attenuate any water quality/quantity considerations with regard to stormwater management. As the project commences permitting with NYS-DEC for wetland permit coverage and for stormwater management compliance all requirements will be carried out in accordance with final permit coverage. As a result of the aforementioned, no significant impacts to water are anticipated.

**Impact on Flooding.**

The repair and replacement of existing subsurface infrastructure and golf cart construction will occur within the floodplain at Durand Eastman and Genesee Valley Park. Given the preferred means and methods for repair and replacement subsurface infrastructure the potential increase for stormwater runoff is greatly reduced. Further, the proper use of erosion and sediment controls would further mitigate any potential impacts from golf cart paving efforts. The SWPPP would address any potential increases in post construction runoff by use of post construction stormwater best management practices, such as infiltration strips, vegetated swales etc. As a result of the aforementioned, no significant impacts to flooding are anticipated.

**Impact on Flora and Fauna.**

In 1986, the City of Rochester designated Genesee Valley Park and Durand Eastman as a critical environmental area, noting that it is an environmentally sensitive area. The NYS-DEC Environmental Resource Mapper was reviewed and no threatened or endanger species were mapped within the project areas. All turfed/grassed areas will be returned to existing conditions after the construction activities, thus there is very little disruption to the local plant life throughout the project area. As a result of the aforementioned, no impacts to flora and fauna are anticipated.

**Impact on Aesthetics.**

The project does not change the aesthetics of the golf courses as the majority of the project seeks to repair and replace existing infrastructure. Patron experiences as a result of the repair and replacement of irrigation and sub-surface drainage should greatly increase. In addition, the paving of the golf cart paths will have a net positive as turf will no longer be rutted, muddy, and dusty seasonally. As a result of the aforementioned, no impacts to aesthetics are anticipated.

**Impact on Archeological Resources and Aesthetics.**

Genesee Valley Park is an eligible national registrar location as it is associated with events that have made significant contribution to the broad patterns of our history (Criteria A) and embodies the distinctive characteristics of a type, period or method of construction; and/or represents the work of a master; and/or possess high characteristic values; and/or represents a significant and distinguishable entity whose component may lack individual distinctions (Criteria C). As Genesee Valley Park is a Frederick Law Olmstead designed park, the park itself as a whole is eligible for designation. Durand Eastman arboretum is possibly eligible for designation and is currently in review with the most recent survey being conducted on 7/05/2021. The arboretum is adjacent to the golf course and there are no plans for any repair activities within that section of the park. The project does not change the aesthetics of the golf courses/parks as the majority of
the project seeks to repair and replace existing infrastructure. Patron experiences as a result of the repair and replacement subsurface infrastructure should greatly increase as a result of the project. In addition, the paving of the golf cart paths will have a net positive as turf will no longer be rutted, muddy, and dusty seasonally. These actions are in keeping with the aesthetic and historic nature the golf courses, thus no significant impact is anticipated to the archeological resources and aesthetics.

Based on the above factors, this project will result in no significant adverse impacts on the environment, there an environmental impact statement need not be prepared. Accordingly, a negative declaration is issued.

County: Monroe
Town: Riga
USGS Quad: CHURCHVILLE

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (i.e. a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resource Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for Underground Power and Data Utility Upgrades at Gary Beikirch Memorial Park

Honorable Legislators:

I recommend that Your Honorable Body determine whether underground power and data utility upgrades at Gary Beikirch Memorial Park may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

This project, a component of the proposed $9.4 million in Phase II Monroe County Parks system-wide improvements, will upgrade the electrical and data fiber connections throughout the festival site at Gary Beikirch Memorial Park — formerly known as Highland Park South — used for various park purposes including the annual Lilac Festival. This project will greatly decrease the noise and environmental impact created by the current heavy use of temporary generators during events and will provide better Internet service to park staff and vendors.

The underground utility work has been preliminarily classified as an Unlisted Action. The SEQRA regulations found at 6 NYCRR Part 617 require that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the underground utility work is an Unlisted action.
2. Make a determination of significance regarding underground utility work pursuant to 6 NYCRR 617.7.
3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
## Short Environmental Assessment Form

### Part 1 - Project Information

**Instructions for Completing**

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

### Part 1 - Project and Sponsor Information

**Monroe County Underground Electrical at Highland Park**

#### Name of Action or Project:
Installation of Underground Electric and Fiber throughout Highland Park

#### Project Location (describe, and attach a location map):
The Project is located at one site at Highland Park

#### Brief Description of Proposed Action:
The project will install a series of underground electrical conduits to support electrical upgrades and fiber internet connectivity throughout Highland Park. Highland Park is visited by more than a quarter million patrons during the spring and during festivals, generators (owned and operated by Monroe County) are used to ensure that festival vendors have their required power. The goal of this project would be to install underground electrical conduit and sub-panels supplying direct hook ups by vendors, thus eliminating the need for County employees to move the generators and diesel fuels to power them. Further within the scope of this project would be an upgrade to wireless internet throughout Park. The current communication and internet services throughout the Park are slow, a technology that is well past its time.

#### Name of Applicant or Sponsor:
Monroe County - Robert W. Kiley, Deputy Director

#### Telephone: 585-753-7279

#### E-Mail: robertkiley@monroeccny.gov

#### Address:
171 Reservoir Rd

#### City/PO:
Rochester

#### State:
NY

#### Zip Code:
14620

1. **Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?**
   - [ ] NO
   - [✓] YES

2. **Does the proposed action require a permit, approval or funding from any other government agency?**
   - [✓] YES

3. **a. Total acreage of the site of the proposed action?**
   - [✓] 25 acres

   **b. Total acreage to be physically disturbed?**
   - [✓] 0.2 acres

   **c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?**
   - [✓] 158.42 acres

4. **Check all land uses that occur on, are adjoining or near the proposed action:**
   - [ ] Urban
   - [✓] Rural (non-agriculture)
   - [ ] Industrial
   - [ ] Commercial
   - [✓] Residential (suburban)
   - [ ] Forest
   - [ ] Agriculture
   - [ ] Aquatic
   - [ ] Other (Specify): Parkland

---

*Page 1 of 3*  
*SEAF 2019*
5. Is the proposed action,
   a. A permitted use under the zoning regulations?
      YES
      NO
      N/A
   b. Consistent with the adopted comprehensive plan?
      YES
      NO
      N/A

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?
   NO
   YES

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?
   City of Rochester; 1985 Environmentally Sensitive
   YES
   NO

8. a. Will the proposed action result in a substantial increase in traffic above present levels?
       YES
       NO
   b. Are public transportation services available at or near the site of the proposed action?
       YES
       NO
   c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?
       YES
       NO

9. Does the proposed action meet or exceed the state energy code requirements?
   If the proposed action will exceed requirements, describe design features and technologies:
   This project will allow the elimination of diesel powered generators. Operation of the multiple generators not only will reduce noise generated during their operation, but it will also reduce localized pollution from exhaust and particulates.
   YES
   NO

10. Will the proposed action connect to an existing public/private water supply?
    If No, describe method for providing potable water:
    YES
    NO

11. Will the proposed action connect to existing wastewater utilities?
    If No, describe method for providing wastewater treatment:
    YES
    NO

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?
        Located adjacent to the Mt. Hope Highland Historic District, the Lumberton Conservatory and other historic structures
        YES
        NO
    b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?
        YES
        NO

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?
        YES
        NO
    b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?
        YES
        NO

If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:

Page 2 of 3
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:

- [ ] Shoreline
- [x] Forest
- [ ] Agricultural/grasslands
- [ ] Early mid-successional
- [ ] Wetland
- [x] Urban
- [x] Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>✔</td>
<td></td>
</tr>

16. Is the project site located in the 100-year flood plain?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>✔</td>
<td></td>
</tr>
</tbody>
</table>

17. Will the proposed action create storm water discharge, either from point or non-point sources?

If Yes,

- [x] Will storm water discharges flow to adjacent properties?
- [x] Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?

If Yes, briefly describe:

---

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?

If Yes, explain the purpose and size of the impoundment.

<table>

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project consists of the installation of a series of underground electrical conduits and fiberoptic cabling to allow for access to electric and internet connectivity throughout Highland Park. During the spring, generators are used to ensure that festival vendors have required power. These generators are diesel fueled owned and operated by the County of Monroe. Installing underground electrical conduit and sub panels will allow direct electrical hook up by vendors, thus eliminating the need for on-site diesel generators. Concurrent with the electrical conduit, fiber optic conduit will be installed thus allowing wireless Internet throughout Park. The current communication and Internet services throughout the Park are coax, a technology that is well past its time.

Minor earth disturbances would occur when digging for the bury and relum pits necessary to advance the directional drilling of the conduit. In areas where earthen disturbances do occur, erosion and sediment controls would be utilized to eliminate the erosion of soil. Depending on the depth of the minor excavating pits, topsoil and subsoilt will be differentiated, thus ensuring that the soils are remitted back into the bury pit first, with topsoil being laid to grade. As soil erosion & sedimentation controls would be utilized, there are no significant impacts to land anticipated.

There are no waterbodies within the immediate area of the project, and given erosion and sediment controls would be utilized where earthen disturbances do occur, no significant impacts to waterbodies are anticipated. The NYS-DEC Environmental Resource Mapper was reviewed and while no endangered or threatened species were identified, Highland Park is locally known for diverse and high values flora. The care of the flora throughout the park is paramount, thus open trenching was disbanded as a viable concept, with directional drilling being the primary practice for the installation of the electrical conduit. By drilling the conduit, impacts to the root structures of the specimen flora are lessened significantly. Therefore, no significant adverse impacts to flora and fauna are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (i.e. a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

RESOLUTION NO. _____ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR UNDERGROUND POWER AND DATA UTILITY UPGRADES AT GARY BEIKIRCH MEMORIAL PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the underground utility work is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 15, 2022 and has considered the potential environmental impacts of the underground power and data utility work pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur," or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project consists of the installation of a series of underground electrical conduits and fiber optic cabling to allow for access to electric and Internet connectivity throughout Highland Park. During the spring, generators are used to ensure that festival venders have required power. These generators are diesel fueled owned and operated by the County of Monroe. Installing underground electrical conduit and sub panels will allow direct electrical hook up by vendors, thus eliminating the need for on-site diesel generators. Concurrent with the electrical conduit, fiber optic conduit will be installed thus allowing wireless Internet throughout Park. The current communication and Internet services throughout the Park are coax, a technology that is well past its time.

Minor earthen disturbances would occur when digging for the bury and return pits necessary to advance the directional drilling of the conduit. In areas where earthen disturbances do occur, erosion and sediment controls would be utilized to eliminate the erosion of soil. Depending on the depth of the minor excavating pits, topsoil and subsoil will be differentiated, thus ensuring that the soil is remitted back into the bury pit first, with topsoil being laid to grade. As soil erosion & sedimentation controls would be utilized, there are no significant impacts to land anticipated.

There are no waterbodies within the immediate area of the project, and given erosion and sediment controls would be utilized where earthen disturbances do occur, no significant impacts to waterbodies are anticipated.

The NYS-DEC Environmental Resource Mapper was reviewed and while no endangered or threatened species were identified, Highland Park is locally known for diverse and high values flora. The care of the flora throughout the park is paramount, thus open trenching was disbanded as a viable concept, with directional drilling being the primary practice for the installation of the electrical conduit. By drilling the conduit, impacts to the root structures of the specimen flora are lessened significantly. Therefore, no significant adverse impacts to flora and fauna are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☐ Check this box if you have determined, based on the information and analysis above, that the proposed action will not result in any significant adverse environmental impacts.

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (i.e. a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

August 5, 2022

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Demolition and Replacement of the Labor Center at Powder Mills Park

Honorable Legislators:

I recommend that Your Honorable Body determine whether the demolition and replacement of the labor center at Powder Mills Park may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

This project is a component of the proposed $9.4 million in Phase II Monroe County Parks system-wide improvements. Due to water infiltration and susceptibility to tree fall damage, the almost 75-year-old staff workshop at this park is in dire need of replacement. The new workshop will be located nearby, but positioned more appropriately to alleviate some of the site conditions that helped lead to the severe issues at the existing building.

The demolition and replacement of this labor center has been preliminarily classified as an Unlisted Action. The SEQRA regulations found at 6 NYCRR Part 617 require that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the demolition and replacement of this labor center is an Unlisted action.

2. Make a determination of significance regarding demolition and replacement of this labor center pursuant to 6 NYCRR 617.7.
3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Adam J. Bello
Monroe County Executive

1. **Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?**
   - [ ] NO
   - [x] YES

2. **Does the proposed action require a permit, approval or funding from any other government Agency?**
   - [ ] NO
   - [x] YES

3. a. **Total acreage of the site of the proposed action?** 0.25 acres
   b. **Total acreage to be physically disturbed?** 0.25 acres
   c. **Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?** 373.90 acres

4. **Check all land uses that occur on, are adjoining or near the proposed action:**
   - [ ] Urban
   - [ ] Rural (non-agriculture)
   - [ ] Industrial
   - [ ] Commercial
   - [ ] Residential (suburban)
   - [ ] Forest
   - [ ] Agriculture
   - [ ] Aquatic
   - [ ] Other (Specify):
   - [x] Parkland
5. Is the proposed action:
   a. A permitted use under the zoning regulations?  [YES]  [NO]  [N/A]
   b. Consistent with the adopted comprehensive plan?  [YES]  [NO]  [N/A]

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?  [NO]  [YES]  [N/A]

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?
   If Yes, identify: ________________________________
   [NO]  [YES]  [N/A]

8. a. Will the proposed action result in a substantial increase in traffic above present levels?  [YES]  [NO]  [N/A]
b. Are public transportation services available at or near the site of the proposed action?  [YES]  [NO]  [N/A]
c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?  [YES]  [NO]  [N/A]

9. Does the proposed action meet or exceed the state energy code requirements?
   If the proposed action will exceed requirements, describe design features and technologies: N/A
   [NO]  [YES]  [N/A]

10. Will the proposed action connect to an existing public/private water supply?
    If No, describe method for providing potable water: ________________________________
    [NO]  [YES]  [N/A]

11. Will the proposed action connect to existing wastewater utilities?
    If No, describe method for providing wastewater treatment: ________________________________
    [NO]  [YES]  [N/A]

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?  [YES]  [NO]  [N/A]
   b. Is the project site, or any portion of it located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?  [YES]  [NO]  [N/A]

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?  [YES]  [NO]  [N/A]
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?
   If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: ________________________________
   [NO]  [YES]  [N/A]
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:

- Shoreline
- Forest
- Agricultural/grasslands
- Early mid-successional
- Wetland
- Urban
- Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
</tbody>
</table>

16. Is the project site located in the 100-year flood plan?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>✓</td>
<td></td>
</tr>
</tbody>
</table>

17. Will the proposed action create storm water discharge, either from point or non-point sources?

If Yes,

a. Will storm water discharges flow to adjacent properties?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>✓</td>
<td></td>
</tr>
</tbody>
</table>

b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>✓</td>
<td></td>
</tr>
</tbody>
</table>

If Yes, briefly describe:

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?

If Yes, explain the purpose and size of the impoundment:

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?

If Yes, describe:

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?

If Yes, describe:

I CERTIFY THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE.

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project consists of the demolition and the reconstruction of a new labor center to be utilized by Parks staff members. The labor center is almost 75 years old, and prior to demolition of the structure, an asbestos sampling / abatement must occur. Once demolished a new premanufactured metal building would be constructed. As the existing labor center is poorly situated on the existing site, the new labor center may shift slightly to ensure the building does not become impacted by the adjacent embankment. Earth disturbances during construction would be negligible as the existing site is currently paved and there is no basement planned, thus no significant excavation will occur. Erosion and sediment controls would be utilized during construction. As soil erosion & sedimentation controls would be utilized, there are no significant impacts to land anticipated.

The reconstruction of the building will not significantly increase stormwater runoff, as the existing conditions are already paved. However during the construction of the project, the County will review concepts to direct rooftop runoff to adjacent gardens, thus reducing stormwater runoff from reaching local waterbodies. As a result of the aforementioned, there are no significant impacts to waterbodies are anticipated.

The NYS DEC Environmental Resource Mapper was reviewed and non listed species, regulated freshwater wetlands and nearby natural communities with high quality occurrence types were noted. As the project does not modify the size / nature of the labor center, no significant adverse impacts are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION NO. ________ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR DEMOLITION AND REPLACEMENT OF LABOR CENTER AT POWDER MILLS PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the demolition and replacement of the labor center is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 15, 2022 and has considered the potential environmental impacts of the demolition and replacement of the labor center pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

- **Name of Action or Project:**
- **Reconstruction of an existing Labor Center**
- **Project Location (describe, and attach a location map):**
  - The Project is located at one site at Powder Mills Park

**Brief Description of Proposed Action:**

The Powder Mills Park labor center is in dire need of replacement due to age of the facility and deterioration. The labor center is almost 75 years old and in poor condition, which leads to damage due to tree roots and water infiltration. Parks seeks to construct a new labor center in close proximity but more appropriately located around the current parking lot.

**Zip Code:** 14620

1. **Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?**

   - NO ☐  
   - YES ☑

2. **Does the proposed action require a permit, approval or funding from any other government Agency?**

   - NO ☐  
   - YES ☑

3. **a. Total acreage of the site of the proposed action?**
   - 0.28 acres

   **b. Total acreage to be physically disturbed?**
   - 0.28 acres

   **c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?**
   - 373.30 acres

4. Check all land uses that occur on, are adjoining or near the proposed action:

   - ☐ Urban  
   - ☐ Rural (non-agriculture)  
   - ☐ Industrial  
   - ☐ Commercial  
   - ☐ Residential (suburban)

   - ☐ Forest  
   - ☐ Agriculture  
   - ☐ Aquatic  
   - ☐ Other(Specify):

   - ☑ Parkland
5. Is the proposed action:
   a. A permitted use under the zoning regulations?
   b. Consistent with the adopted comprehensive plan?

8. a. Will the proposed action result in a substantial increase in traffic above present levels?
     b. Are public transportation services available at or near the site of the proposed action?
     c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?
     | NO | YES |
     |----|-----|
     | ✓  |     |
     | ✓  |     |

9. Does the proposed action meet or exceed the state energy code requirements?
   If the proposed action will exceed requirements, describe design features and technologies:
   N/A
<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

10. Will the proposed action connect to an existing public/private water supply?
    If No, describe method for providing possible water: ____________________________
    | NO | YES |
    |----|-----|
    |     |     |

11. Will the proposed action connect to existing wastewater utilities?
    If No, describe method for providing wastewater treatment: ____________________________
    | NO | YES |
    |----|-----|
    | ✓  |     |

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?
     b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?
     | NO | YES |
     |----|-----|
     | ✓  |     |

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?
     b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?
     If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: ____________________________
     | NO | YES |
     |----|-----|
     | ✓  |     |
     | ✓  |     |
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:

- Shoreline
- Forest
- Agricultural/grasslands
- Early mid-successional
- Wetland
- Urban
- Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

16. Is the project site located in the 100-year floodplain?

17. Will the proposed action create stormwater discharge, either from point or non-point sources?

   If Yes,
   
   a. Will stormwater discharges flow to adjacent properties?
   
   b. Will stormwater discharges be directed to established conveyance systems (runoff and storm drains)?

   If Yes, briefly describe:

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?

   If Yes, explain the purpose and size of the impoundment:

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?

   If Yes, describe:

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?

   If Yes, describe:

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project consists of the demolition and the reconstruction of a new labor center to be utilized by Parks staff members. The labor center is almost 75 years old, and prior to demolition of the structure, an asbestos sampling / abatement must occur. Once demolished a new premanufactured metal building would be constructed. As the existing labor center is poorly situated on the existing site, the new labor center may shift slightly to ensure the building does not become impacted by the adjacent embankment.

Earth disturbances during construction would be negligible as the existing site is currently paved and there is no basement planned, thus no significant excavation will occur. Erosion and sediment controls would be utilized during construction. As soil erosion & sedimentation controls would be utilized, there are no significant impacts to land anticipated.

The reconstruction of the building will not significantly increase stormwater runoff, as the existing conditions are already paved. However during the construction of the project, the County will review concepts to direct rooftop runoff to adjacent gardens, thus reducing stormwater runoff from reaching local waterbodies. As a result of the aforesaid, there are no significant impacts to waterbodies are anticipated.

The NYS-DEC Environmental Resource Mapper was reviewed and non listed species, regulated freshwater wetlands and nearby natural communities with high quality occurrence types were noted. As the project does not modify the size / nature of the labor center, no significant adverse impacts are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Construction of Pickleball Courts at Black Creek Park and Mendon Ponds Park

Honorable Legislators:

I recommend that Your Honorable Body determine whether the construction of pickleball courts at Black Creek Park and Mendon Ponds Park may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

This project, a component of the proposed $9.4 million in Phase II Monroe County Parks system-wide improvements, would bring additional pickleball courts into the county park system, located at parks that do not currently offer this amenity. The new courts would supplement our existing courts, which are very heavily used and were resurfaced in the first phase of parks improvements projects.

The construction of these pickleball courts has been preliminarily classified as an Unlisted Action. The SEQRA regulations found at 6 NYCRR Part 617 require that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the construction of these pickleball courts is an Unlisted action.

2. Make a determination of significance regarding construction of these pickleball courts pursuant to 6 NYCRR 617.7.
3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
Short Environmental Assessment Form
Part 1 - Project Information

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding and may be subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information

Monroe County - Installation of Pickleball Courts

Name of Action or Project:
Installation of new Pickleball Courts at Black Creek and Mendon Ponds Park

Project Location (describe, and attach a location map):
The project is located at two locations, Black Creek and Mendon Ponds Park.

Brief Description of Proposed Action:
The County seeks to install new pickleball courts at Black Creek Park and Mendon Ponds Park.

At Black Creek Park, the new pickleball courts would be constructed along the north side of the park, adjacent to an existing parking lot. A minor expansion to the parking lot would occur to ensure that patrons have adequate parking. At Mendon Ponds Park, the existing stone/gravel parking lot located east of Hundred Acre Pond would be paved, thus creating the pickleball courts and the associated parking.

Name of Applicant or Sponsor:
Monroe County - Robert W. Kiley, Deputy Director

Address:
171 Reservoir Rd

City/PO:
Rochester

State: NY Zip Code: 14620

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? [ ] YES [ ] NO

If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.

2. Does the proposed action require a permit, approval or funding from any other government agency? [ ] YES [ ] NO

If Yes, list agency(s) name and permit or approval:

3. a. Total acreage of the site of the proposed action? 1.5 acres

b. Total acreage to be physically disturbed? 0.5 acres

c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? 41.2 acres

4. Check all land uses that occur on, are adjoining or near the proposed action:

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Black Creek Park. The new pickleball courts would be constructed along the north side of an existing parking lot. Mapping attached. Black Creek Park at this location is a moderately graded, grassed area, utilized for passive recreation. Enhanced use of this area for increased recreational purposes would occur on OsAa hydric soils. Earthen disturbances during construction would be less than 0.95 acres and erosion and sediment controls would be utilized during construction. As soil erosion & sedimentation controls would be utilized, there are no significant impacts to land anticipated.

Stormwater runoff from the project will be directed into existing vegetated swales, thus allowing stormwater runoff to infiltrate into the soil media on site. Runoff will be directed south away from Black Creek, ensuring that additional stormwater runoff is not directed to Black Creek. Stormwater runoff will not be conveyed via a stormwater sewer system. As a result of the aforementioned, no significant Impacts to waterbodies are anticipated.

The NYS-DEC Environmental Resource Mapper was reviewed and rare freshwater mussels were identified. These mussels are not listed in NYS and as the project will not impact the stream in anyway, no significant impacts to flora and fauna are anticipated.

Mendon Ponds Park. The pickleball courts would be constructed in an existing gravel parking lot located on the east side of hundred acre pond. Mapping attached. Enhanced use of this area for increased recreational purposes would occur on the gravel lot, with PaC and OpC soils under the existing condition. There will be negligible, if any, earthen disturbances as a result of this project as the current conditions are a gravel parking lot. Therefore, there are no significant impacts to land anticipated.

The asphalt paving of the existing stone parking lot will not significantly increase stormwater runoff, however the County does intend to establish two grassed swales adjacent to the pickleball courts. Runoff will not be conveyed via a stormwater sewer system. As a result of the aforementioned, there are no significant impacts to waterbodies are anticipated.

The NYS-DEC Environmental Resource Mapper was reviewed and while no listed species were identified and wetlands are in the vicinity of the project area, the project will not significantly change the existing conditions on site. Therefore, no significant impacts to flora and fauna are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

This location is in the vicinity of Rare Freshwater Mussels – Not Listed by NYS

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (ie. a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

Intro. No. _______

RESOLUTION NO. _______ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR CONSTRUCTION OF PICKLEBALL COURTS AT BLACK CREEK PARK AND MENDON PONDS PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the construction of pickleball courts at Black Creek Park and Mendon Ponds Park is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 15, 2022 and has considered the potential environmental impacts of the construction of pickleball courts at Black Creek Park and Mendon Ponds Park pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Environment and Public Works Committee; August 22, 2022 - CV: 7-0
File No. 22-0274

ADOPTION: Date: ___________ Vote: ___________

ACTION BY THE COUNTY EXECUTIVE

EFFECTIVE DATE OF RESOLUTION: ___________________________
Short Environmental Assessment Form
Part 1 - Project Information

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information
Monroe County-Installation of Pickleball Courts

Name of Action or Project:
Installation of new Pickleball Courts at Black Creek and Mendon Ponds Park

Project Location (describe, and attach a location map):
The Project is located at two locations, Black Creek and Mendon Ponds Park.

Brief Description of Proposed Action;
The County seeks to install new pickleball courts at Black Creek Park and Mendon Ponds Park.
At Black Creek Park, the new pickleball courts would be constructed along the north side of the park, adjacent to an existing parking lot. Mapping attached. A minor expansion to the parking lot would occur to ensure that patrons have adequate parking. At Mendon Ponds Park, the existing stone/ gravel parking lot located east of Hundred Acre Pond would be paved, thus creating the pickleball courts and the associated parking.

Name of Applicant or Sponsor:
Monroe County - Robert W. Kiley, Deputy Director

Address:
111 Reservoir Rd
Rochester

City/PO: Rochester

State: NY

Zip Code: 14610

Telephone: 585-752-7279
E-Mail: Robert.Kiley@monroecounty.gov

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? NO YES

If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.

2. Does the proposed action require a permit, approval or funding from any other government Agency? NO YES

If Yes, list agency(s) name and permit or approval:

3. a. Total acreage of the site of the proposed action?

1.9 acres

b. Total acreage to be physically disturbed?

95 acres
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?

4122.7 acres

4. Check all land uses that occur on, are adjoining or near the proposed action.

☐ Urban ☐ Rural (non-agriculture) ☐ Industrial ☐ Commercial ☐ Residential (suburban)
☐ Forest ☐ Agriculture ☐ Aquatic ☐ Other (Specify):
☐ Parkland
5. Is the proposed action:
   a. A permitted use under the zoning regulations?  
      [ ] NO  [ ] YES  [ ] N/A
   b. Consistent with the adopted comprehensive plan?  
      [ ] NO  [ ] YES  [ ] N/A

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?  
   [ ] NO  [ ] YES  

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?  
   If Yes, identify: ________________________  
   [ ] NO  [ ] YES  

8. a. Will the proposed action result in a substantial increase in traffic above present levels?  
       [ ] NO  [ ] YES  
   b. Are public transportation services available at or near the site of the proposed action?  
       [ ] NO  [ ] YES  
   c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?  
       [ ] NO  [ ] YES  

9. Does the proposed action meet or exceed the state energy code requirements?  
   If the proposed action will exceed requirements, describe design features and technologies:  
   [ ] NO  [ ] YES  

10. Will the proposed action connect to an existing public/private water supply?  
    [ ] NO  [ ] YES  
    If No, describe method for providing potable water: ________________________  

11. Will the proposed action connect to existing wastewater utilities?  
    [ ] NO  [ ] YES  
    If No, describe method for providing wastewater treatment: ________________________  

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioners of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?  
        [ ] NO  [ ] YES  

   b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?  
        [ ] NO  [ ] YES  

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?  
        [ ] NO  [ ] YES  
    b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?  
        [ ] NO  [ ] YES  
    If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: ________________________
14. Identify the typical habitat types that occur, or are likely to be found on the project site. Check all that apply:
- Shoreline
- Forest
- Agricultural/grasslands
- Early mid-successional
- Wetland
- Urban
- Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

<table>
<thead>
<tr>
<th></th>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

16. Is the project site located in the 100-year flood plan?

<table>
<thead>
<tr>
<th></th>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

17. Will the proposed action create storm water discharge, either from point or non-point sources?

If Yes,

a. Will storm water discharges flow to adjacent properties?

b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?

If Yes, briefly describe:

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?

If Yes, explain the purpose and size of the impoundment:

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?

If Yes, describe:

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?

If Yes, describe:

I CERTIFY THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Black Creek Park. The new pickleball courts would be constructed along the north side of an existing parking lot. Mapping attached. Black Creek Park at this location is a moderately graded, grassed area, utilized for passive recreation. Enhanced use of this area for increased recreational purposes would occur on OdaA hydric soils. Earth disturbances during construction would be less than 0.95 acres and erosion and sediment controls would be utilized during construction. As soil erosion & sedimentation controls would be utilized, there are no significant impacts to land anticipated.

Stormwater runoff from the project will be directed into existing vegetated swales, thus allowing stormwater runoff to infiltrate into the soil media on site. Runoff will be directed south away from Black Creek, ensuring that additional stormwater runoff is not directed to Black Creek. Stormwater runoff will not be conveyed via a stormwater sewer system. As a result of the aforementioned, no significant impacts to waterbodies are anticipated.

The NYS-DEC Environmental Resource Mapper was reviewed and rare freshwater mussels were identified. These mussels are not listed in NYS and as the project will not impact the stream in anyway, no significant impacts to flora and fauna are anticipated.

Mendon Ponds Park. The pickleball courts would be constructed in an existing gravel parking lot located on the east side of hundred acre pond. Mapping attached. Enhanced use of this area for increased recreational purposes would occur on the gravel lot, with PaC and OpC soils under the existing conditions. There will be negligible, if any, earth disturbances as a result of this project as the current conditions are a gravel parking lot. Therefore, there are no significant impacts to land anticipated.

The asphalt paving of the existing stone parking lot will not significantly increase stormwater runoff, however the County does intend to establish two grassed swales adjacent to the pickleball courts. Runoff will not be conveyed via a stormwater sewer system. As a result of the aforementioned, there are no significant impacts to waterbodies are anticipated.

The NYS-DEC Environmental Resource Mapper was reviewed and while non listed species were identified and wetlands are in the vicinity of the project area, the project will not significantly change the existing conditions on site. Therefore, no significant impacts to flora and fauna are anticipated.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Black Creek Park

County: Monroe
Town: Chili
USGS Quad: CLIFTON

This location is in the vicinity of Rare Freshwater Mussels – Not Listed by NYS

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (i.e. a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Construction of a Spray Park at Ontario Beach Park

Honorable Legislators:

I recommend that Your Honorable Body determine whether the construction of a spray park at Ontario Beach Park may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

This project, a component of the proposed $9.4 million in Phase II Monroe County Parks system-wide improvements, would build the first spray park in the county system and would provide a welcome alternative on days when water quality issues close the lake swimming area and for those who cannot swim.

The construction of this spray park has been preliminarily classified as an Unlisted Action. The SEQRA regulations found at 6 NYCRR Part 617 require that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the construction of this spray park is an Unlisted action.

2. Make a determination of significance regarding construction of this spray park pursuant to 6 NYCRR 617.7.
3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Adam J. Bello
Monroe County Executive

Part 1 - Project Information

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part I. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part I based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

<tr>
<td>Monroe County Installation of Spray Park at Ontario Beach Park</td>
</tr>
<tr>
<td><strong>Name of Action or Project:</strong> Installation of new spray park at Ontario Beach Park</td>
</tr>
<tr>
<td><strong>Project Location (describe, and attach a location map):</strong> The Project is located at one site at Ontario Beach Park.</td>
</tr>
<tr>
<td><strong>Brief Description of Proposed Action:</strong> The new spray park/splash pad feature would be located at Ontario Beach Park, east of the existing playground. Mapping attached. It is known that Ontario Beach Park is a popular park during the summer time due to the beach, however, periodic beach closures due to high bacteria levels and water clarity causes' patron frustration. The spray park would provide an alternative option during beach closures and provides an ADA compliant option for individuals with differing needs.</td>

1. **Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?**
   - NO
   - YES

   If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.

2. **Does the proposed action require a permit, approval or funding from any other government Agency?**
   - NO
   - YES

   If Yes, list agency(s) name and permit or approval:

3. **a. Total acreage of the site of the proposed action?** 9.5 acres
   **b. Total acreage to be physically disturbed?** 0.5 acres
   **c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?** 74.31 acres

4. **Check all land uses that occur on, are adjoining or near the proposed action:**
   - Urban
   - Rural (non-agriculture)
   - Industrial
   - Commercial
   - Residential (suburban)
   - Forest
   - Agriculture
   - Aquatic
   - Other (Specify):
   - Parkland

Page 1 of 3
SEAF 2019
5. Is the proposed action:
   a. A permitted use under the zoning regulations? [YES, NO, N/A]
   b. Consistent with the adopted comprehensive plan? [YES, NO, N/A]

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape? [NO, YES]

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area? [NO, YES]
   If Yes, identify:

8. a. Will the proposed action result in a substantial increase in traffic above present levels? [NO, YES]
   b. Are public transportation services available at or near the site of the proposed action? [NO, YES]
   c. Are any pedestrian accommodations or bicycle routes available at or near the site of the proposed action? [NO, YES]

9. Does the proposed action meet or exceed the state energy code requirements? [NO, YES]
   If the proposed action will exceed requirements, describe design features and technologies:

10. Will the proposed action connect to an existing public/private water supply? [NO, YES]
    If No, describe method for providing potable water:

11. Will the proposed action connect to existing wastewater utilities? [NO, YES]
    If No, describe method for providing wastewater treatment:

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? [NO, YES]
    Ontario Beach Park, 12/31/2018
    b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Protection Office (SHPO) archaeological site inventory? [NO, YES]

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency? [NO, YES]
    b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody? [NO, YES]
    If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:

- Shoreline
- Forest
- Agricultural/grasslands
- Early mid-successional
- Wetland
- Urban
- Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?  

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>

<tbody>
<tr>
<td>[ ]</td>
<td>[ ]</td>
</tr>
</tbody>
</table>

17. Will the proposed action create storm water discharge, either from point or non-point sources?  
If Yes,
   a. Will storm water discharges flow to adjacent properties?  
   b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?  
If Yes, briefly describe:

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?  
If Yes, explain the purpose and size of the impoundment:

<table>
<thead>
<tr>
<th>NO</th>
<th>YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>[ ]</td>
<td>[ ]</td>

### Short Environmental Assessment Form

#### Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

<table>
<thead>
<tr>
<th>Question</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>2. Will the proposed action result in a change in the use or intensity of use of land?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>3. Will the proposed action impair the character or quality of the existing community?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walking?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>7. Will the proposed action impact existing: a. public/private water supplies?</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>b. public/private wastewater treatment utilities?</td>

</tr>
<tr>
<td>11. Will the proposed action create a hazard to environmental resources or human health?</td>
<td>✓</td>
<td></td>
</tr>
</tbody>
</table>
Short Environmental Assessment Form  
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurrence, duration, reversibility, geographic scope and magnitude. Also consider the potential for short-, long-term and cumulative impacts.

The existing location at Ontario Beach is a gently graded / relatively flat grassed area, utilized as a passive recreational area. Use of this area for increased recreational purposes would occur on MB hydric soils. Earthen disturbances during construction would be less than 0.50 acres and erosion and sediment controls would be utilized as needed during construction. As soil erosion and sedimentation controls would be utilized, there are no significant impacts to fund anticipated.

The project would not result in additional stormwater runoff entering an stormwater sewer system, however the project would be connect to the sanitary sewer system. Annual potable water usage is estimated between 7 to 8 million galons, with that, flow would be directed to the sanitary sewer system. The project is within the 100 year floodplain for Lake Ontario and will be designed and constructed to allow the sanitary sewer system to be shut off, thus eliminating flow into the sanitary sewer system during a flood event. As a result of the aforementioned, there are no significant impacts to flooding as a result of this project.

In 1988, the City of Rochester designated the area as a critical environmental area, noting that it is a environmentally sensitive area. The NYS-DEC Environmental Resource Mapper was reviewed and no threatened or endangered species were mapped within the project area. As a result, no significant impacts to flora and fauna are anticipated.

There are two remediation sites within 2000 ft of the proposed project, the lighthouse point inland and the old Rochester city landfill on Pattonwood. As the project would not impact these remediation sites, no significant impact is noted.

The project is consistent with the community character and the concept of a spray park was noted within several local community master plans. Therefore, no significant impact to the community character is noted.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (ie. a wetland) and thus be subject to permit jurisdiction.

Please refer to the "Need a Permit?" tab for permit information or other authorizations regarding these natural resources.

**Disclaimer:** If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

RESOLUTION NO. _______ OF 2022

CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR CONSTRUCTION OF A SPRAY PARK AT ONTARIO BEACH PARK

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the construction of a spray park at Ontario Beach Park is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 15, 2022 and has considered the potential environmental impacts of the construction of a spray park at Ontario Beach Park pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Environment and Public Works Committee; August 22, 2022 - CV: 7-0

## Part I - Project Information

### Instructions for Completing

Part I - Project Information. The applicant or project sponsor is responsible for the completion of Part I. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part I based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part I. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

### Part I - Project and Sponsor Information

<table>
<thead>
<tr>
<th>Name of Action or Project:</th>
<th>Installation of new spray park at Ontario Beach Park</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project Location (describe, and attach a location map):</td>
<td>The project is located at one site at Ontario Beach Park.</td>
</tr>
<tr>
<td>Brief Description of Proposed Action:</td>
<td>The new spray park/splash pad feature would be located at Ontario Beach Park, east of the existing playground. Mapping attached. It is known that Ontario Beach Park is a popular park during the summer months due to the beach. However, periodic beach closures due to high bacteria levels and water clarity causes patron frustration. The spray park would provide an alternative option during beach closures and provides an ADA compliant option for individuals with differing needs.</td>
</tr>

</table>

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?
   - [ ] Yes
   - [X] No

2. Does the proposed action require a permit, approval or funding from any other government agency?
   - [ ] Yes
   - [X] No

3. a. Total acreage of the site of the proposed action?
   - [X] 0.3 acres
   b. Total acreage to be physically disturbed?
   - [X] 0.4 acres
   c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?
   - [X] 74.31 acres

4. Check all land uses that occur on, are adjoining or near the proposed action:
   - [ ] Urban
   - [ ] Rural (non-agriculture)
   - [ ] Industrial
   - [ ] Commercial
   - [ ] Residential (suburban)
   - [ ] Forest
   - [ ] Agriculture
   - [ ] Aquatic
   - [ ] Other (Specify)
   - [X] Parkland

---

Page 1 of 3
SEAF 2019
5. Is the proposed action,  
   a. A permitted use under the zoning regulations?  
      □ NO □ YES □ N/A  
   b. Consistent with the adopted comprehensive plan?  
      □ NO □ YES □ N/A  

6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?  
   □ NO □ YES □ N/A  

7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?  
   Environmentally Sensitive, by the City of Rochester in 1986  
   □ NO □ YES □ N/A  

8. a. Will the proposed action result in a substantial increase in traffic above present levels?  
    □ NO □ YES □ N/A  
   b. Are public transportation services available at or near the site of the proposed action?  
      □ NO □ YES □ N/A  
   c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?  
      □ NO □ YES □ N/A  

9. Does the proposed action meet or exceed the state energy code requirements?  
   If the proposed action will exceed requirements, describe design features and technologies:  
   □ NO □ YES □ N/A  

10. Will the proposed action connect to an existing public/private water supply?  
    If No, describe method for providing potable water:  
    □ NO □ YES □ N/A  

11. Will the proposed action connect to existing wastewater utilities?  
    If No, describe method for providing wastewater treatment:  
    □ NO □ YES □ N/A  

12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?  
   Ontario Beach Park: 12/21/2018  
   □ NO □ YES □ N/A  
   b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?  
   □ NO □ YES □ N/A  

13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?  
    □ NO □ YES □ N/A  
   b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?  
    □ NO □ YES □ N/A  

   If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:  
   □ NO □ YES □ N/A
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:
   - Shoreline
   - Forest
   - Agricultural/grasslands
   - Early mid-successional
   - Wetland
   - Urban
   - Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

16. Is the project site located in the 100-year flood plan?

17. Will the proposed action create storm water discharge, either from point or non-point sources?
   If Yes,
   a. Will storm water discharges flow to adjacent properties?
   b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?
   If Yes, briefly describe:

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?
   If Yes, explain the purpose and size of the impoundment:

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?
   If Yes, describe:

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?
   If Yes, describe:

I CERTIFY THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE.

Title: Deputy Director of Monroe County Parks
**Short Environmental Assessment Form**

**Part 2 - Impact Assessment**

Part 2 is to be completed by the Lead Agency. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

<table>
<thead>
<tr>
<th>Question</th>
<th>No, or small impact may occur</th>
<th>Moderate to large impact may occur</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?</td>
<td>✅</td>
<td></td>
</tr>
<tr>
<td>2. Will the proposed action result in a change in the use or intensity of use of land?</td>
<td>✅</td>
<td></td>
</tr>
<tr>
<td>3. Will the proposed action impair the character or quality of the existing community?</td>
<td>✅</td>
<td></td>
</tr>
<tr>
<td>4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?</td>
<td>✅</td>
<td></td>
</tr>
<tr>
<td>5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?</td>
<td>✅</td>
<td></td>
</tr>
<tr>
<td>6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?</td>
<td>✅</td>
<td></td>
</tr>
<tr>
<td>7. Will the proposed action impact existing:</td>
<td></td>
<td></td>
</tr>
<tr>
<td>a. public / private water supplies?</td>

<tr>
<td>11. Will the proposed action create a hazard to environmental resources or human health?</td>
<td>✅</td>
<td></td>
</tr>
</tbody>
</table>
Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The existing location at Ontario Beach is a gently graded, relatively flat grassed area, utilized as a passive recreational area. Use of this area for increased recreational purposes would occur on MB hydric soils. Erosion disturbances during construction would be less than 0.50 acres and erosion and sediment controls would be utilized as needed during construction. As soil erosion and sedimentation controls would be utilized, there are no significant impacts to land anticipated.

The project would not result in additional stormwater runoff entering an stormwater sewer system, however the project would be connected to the sanitary sewer system. Annual potable water usage is estimated between 7 to 8 million gallons, with that, flow would be directed to the sanitary sewer system. The project is within the 100 year floodplain for Lake Ontario and will be designed and constructed to allow the sanitary sewer system to be shutdown, thus eliminating flow into the sanitary sewer system during a flood event. As a result of the aforementioned, there are no significant impacts to flooding as a result of this project.

In 1985, the City of Rochester designated the area as a Critical Environmental area, noting that it is a environmentally sensitive area. The NYS-DEC Environmental Resource Mapper was reviewed and no threatened or endangered species were mapped within the project area. As a result, no significant impacts to flora and fauna are anticipated.

There are two remediation sites within 2000 ft of the proposed project, the lighthouse point inland and the old Rochester city landfill on Pattonwood. As the project would not impact these remediation sites, no significant impact is noted.

The project is consistent with the community character and the concept of a spray park was noted within several local community master plans. Therefore, no significant impact to the community character is noted.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

USGS Quad: ROCHESTER EAST OEN

If your project or action is within or near an area with a rare animal, a permit may be required if the species is listed as endangered or threatened and the department determines the action may be harmful to the species or its habitat.

If your project or action is within or near an area with rare plants and/or significant natural communities, the environmental impacts may need to be addressed.

The presence of a unique geological feature or landform near a project, unto itself, does not trigger a requirement for a NYS DEC permit. Readers are advised, however, that there is the chance that a unique feature may also show in another data layer (e.g., a wetland) and thus be subject to permit jurisdiction.

Please refer to the “Need a Permit?” tab for permit information or other authorizations regarding these natural resources.

Disclaimer: If you are considering a project or action in, or near, a wetland or a stream, a NYS DEC permit may be required. The Environmental Resources Mapper does not show all natural resources which are regulated by NYS DEC, and for which permits from NYS DEC are required. For example, Regulated Tidal Wetlands, and Wild, Scenic, and Recreational Rivers, are currently not included on the maps.

August 5, 2022

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend the 2022-2027 Capital Improvement Program and the 2022 Capital Budget to Increase the Scope and Funding for the Monroe County Parks System-Wide Facilities Renovations Project and Appropriate Fund Balance for an Interfund Transfer

Honorable Legislators:

I recommend that Your Honorable Body amend the 2022-2027 Capital Improvement Program and the 2022 Capital Budget to increase the scope and funding for the Monroe County Parks System-Wide Facilities Renovations project in the amount of $9,400,000 and appropriate fund balance for an interfund transfer.

In 2021, Your Honorable Body approved $7.2 million for an intensive program of renovation, refurbishment, and upgrades targeted at restoring and preserving the most heavily and commonly used components of the parks system. This program focused on preserving and restoring existing facilities and elements within the parks system that are heavily used on a daily basis – simple, “nuts and bolts” aspects of our Parks system such as usable restrooms, passable roads and parking lots for vehicular traffic, and safe and comfortable lodges and shelters to rent.

Significant progress has been made on this program of improvements, with several items completed, a few substantially completed, and the remainder working their way through public bidding and contracting processes and intended to be fully complete early in 2023.

Additional refurbishments, improvements, and targeted additions have been identified to improve residents' experience in our parks system totaling $9.4 million. This program continues to focus on items that are or will be broadly relevant to our community. A brief breakdown of this second phase of parks system-wide improvements follows:

- Golf Course Improvements
  $3,000,000
  This project would include significant irrigation and drainage improvements, continuous cart paths on heavily played courses, tree work, focused on the removal of dead ash trees, and tee box improvements.

- New Playgrounds at Powder Mills and Ontario Beach Parks
  $500,000
  The playground at Ontario Beach would be a fully accessible, ADA-compliant playground, the first in the county system, while the playground at Powder Mills would replace an existing 15-year-old playground that is in poor repair and insufficient to meet the demands in this popular park.

- Spray Park at Ontario Beach Park
  $800,000
  This project would build the first spray park in the county system and would provide a welcome alternative on days when water quality issues close the lake swimming area and for those who cannot swim.
- Renovation of Kanatota Lodge in Webster $1,200,000
  This project would renovate a once-popular and historic rental facility directly on the lakefront within Webster Park.

- Artificial Surface Ice Rink at Ontario Beach Park $500,000
  This project would procure an artificial-surface ice rink that would be set up seasonally at Ontario Beach Park, providing an outdoor skating opportunity that would be an alternative to our existing natural ice ponds which are frequently insufficiently frozen to skate. It is believed that this would be the first large-scale outdoor artificial rink in Monroe County.

- Pickleball Courts at Black Creek and Mendon Ponds Parks $500,000
  This project would bring additional pickleball courts into the county park system, located at parks that do not currently offer this amenity. The new courts would supplement our existing courts, which are very heavily used and were resurfaced in the first phase of parks improvements projects.

- New Labor Center at Powder Mills Park $750,000
  Due to water infiltration and susceptibility to tree fall damage, the almost 75-year-old staff workshop at this park is in dire need of replacement. The new workshop will be located nearby, but positioned more appropriately to alleviate some of the site conditions that helped lead to the severe issues at the existing building.

- Beikirch Memorial Park Underground Electrical and Data Upgrades $500,000
  This project will upgrade the electrical and data fiber connections throughout the Gary Beikirch Memorial Park, which is used for the annual Lilac Festival. This project will greatly decrease the noise and environmental impact created by the current heavy use of temporary generators and will provide better Internet service to park staff and festival vendors.

- Renovations to the Historic 1905 Dentzel Carousel $500,000
  This project would help maintain and preserve for future generations the historic Dentzel Carousel at Ontario Beach Park, the last remaining attraction from its origins as a turn-of-the-century amusement park. The project would also significantly improve on the carousel’s existing ADA accessibility.

- Replacement of Woodburning Stoves in Park Lodges $325,000
  This project targets 20 park lodges with damaged or nonfunctional woodburning stoves or chimney liners. In many of these lodges, the woodburning stove is the only source of heat, and replacement of the stove would allow for the extension of the rental season of these facilities.

- Parks Waterline Investigation, Mapping and Repair $400,000
  The county parks system operates and maintains many of its own water mains. The aging of this infrastructure combined with the Monroe County Water Authority’s suspension of support for repairs and maintenance of these mains has resulted in significantly increasing operating costs for the department and has disrupted residents’ events in park facilities. This project seeks to improve mapping of the location of these lines, investigate their conditions, and begin targeted replacement of water lines.

- ADA Accessible Canoe / Kayak Launch at Churchville Park $425,000
  This accessible launch would provide a brand-new adaptive sport experience for individuals with disabilities on a portion of Black Creek that is extremely popular for recreational boating.

The specific legislative actions required are:

1. Amend the 2022-2027 Capital Improvement Program to increase the scope and funding for the Monroe County Parks System-Wide Facilities Renovations project in the amount of $9,400,000, for a total project authorization of $16,600,000.

2. Amend the 2022 Capital Budget to increase funding for the Monroe County Parks System-Wide Facilities Renovations project in the amount of $9,400,000.

3. Appropriate fund balance in the amount of $9,400,000 and authorize its transfer from general fund 9001 to capital fund 2010, Monroe County Parks System-Wide Facilities Renovations project.
The second phase of parks system-wide improvements includes Type II actions pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility"); (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part"); (9) ("construction or expansion of a primary or accessory/appurtenant, non-residential structure or facility involving less than 4,000 square feet of gross floor area and not involving a change in zoning or a use variance and consistent with local land use controls, but not radio communication or microwave transmission facilities"); and (31) ("purchase or sale of furnishings, equipment or supplies, including surplus government property, other than the following: land, radioactive material, pesticides, herbicides, or other hazardous materials") that are not subject to further review under the State Environmental Quality Review Act.

The second phase of parks system-wide improvements includes one (1) Type I Action (Golf Course Improvements) and six (6) Unlisted Actions (New Playgrounds at Powder Mills and Ontario Beach Parks; ADA Accessible Canoe/Kayak Launch at Churchville Park; Beikirch Memorial Park Underground Electrical and Data Upgrades; New Labor Center at Powder Mills Park; Pickleball Courts at Black Creek and Mendon Ponds Parks; and Spray Park at Ontario Beach Park). The provisions of the New York State Environmental Quality Review Act shall be complied with prior to Your Honorable Body undertaking, funding, or approving these actions.

Funding for this project, consistent with authorized uses, will be included in capital fund 2010 once the additional transfer is approved, and any other capital fund(s) created for the same intended purpose.

This interfund transfer will require $9,400,000 of net County support for which fund balance is hereby appropriated.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Adam J. Bello

Intro. No. ___

RESOLUTION NO. ___ OF 2022

AMENDING 2022-2027 CAPITAL IMPROVEMENT PROGRAM TO INCREASE SCOPE AND FUNDING FOR MONROE COUNTY PARKS SYSTEM-WIDE FACILITIES RENOVATIONS PROJECT AND APPROPRIATE FUND BALANCE FOR INTERFUND TRANSFER

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The 2022-2027 Capital Improvement Program is hereby amended to increase the scope and funding for the Monroe County Parks System-Wide Facilities Renovations project in the amount of $9,400,000, for a total project authorization of $16,600,000.

Section 2. The 2022 Capital Budget is hereby amended to increase funding for the Monroe County Parks System-Wide Facilities Renovations project in the amount of $9,400,000.

Section 3. The Monroe County Legislature authorizes appropriate fund balance in the amount of $9,400,000 and authorizes its transfer from general fund 9001 to capital fund 2010, Monroe County Parks System-Wide Facilities Renovations project.

Section 4. Funding for this project, consistent with authorized uses, will be included in capital fund 2010 once the additional transfer is approved, and any other capital fund(s) created for the same intended purpose.

Section 5. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Monroe County Legislature - September 13, 2022
August 5, 2022

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York  14614

Subject:  Amend Resolution 415 of 2021 to Accept Additional Funding from the Children’s Bureau, an Office of the Administration for Children and Families, through a Subcontract with the University of Maryland, Baltimore for Improving Systems and Implementing Interventions to Support Lasting Reunification of Families

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 415 of 2021 to accept additional funding from the Children’s Bureau, an Office of the Administration for Children and Families, through a subcontract with the University of Maryland, Baltimore in the amount of $44,391 for Improving Systems and Implementing Interventions to Support Lasting Reunification of Families for the period of September 30, 2021 through September 29, 2022, with the option to renew through September 30, 2025.

By Resolution 415 of 2021, Your Honorable Body authorized the acceptance of a grant from Children’s Bureau through a subcontract with University of Maryland, Baltimore. The award is to develop, integrate and evaluate best practices and innovative interventions that will improve outcomes for children and youth in foster care with a goal of reunification with their parents and families. The additional funding will be used to continue to support this program. The additional funding will bring the grant’s total to $220,325.

The specific legislative actions required are:

1. Amend Resolution 415 of 2021 to accept an additional $44,391 from, and to authorize the County Executive, or his designee, to execute a contract and any amendments thereto with, the Children’s Bureau, an Office of the Administration for Children and Families, through a subcontract with the University of Maryland, Baltimore for Improving Systems and Implementing Interventions to Support Lasting Reunification of Families, bringing the total program award to $220,325 for the period September 30, 2021 through September 29, 2022, with the option to renew through September 30, 2025.

2. Amend the 2022 operating budget of the Department of Human Services, Division of Social Services by appropriating the sum of $44,391 into general fund 9300, funds center 5102010000, Children and Family Services Administration.
This action is a Type II Action pursuant of 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the Children’s Bureau through a subcontract with the University of Maryland, Baltimore. No net County support is required in the current Monroe County Budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Adam J. Bello
Monroe County Executive
AMENDING RESOLUTION 415 OF 2021 ACCEPTING ADDITIONAL FUNDING FROM CHILDREN’S BUREAU, AN OFFICE OF THE ADMINISTRATION FOR CHILDREN AND FAMILIES, THROUGH SUBCONTRACT WITH UNIVERSITY OF MARYLAND, BALTIMORE FOR IMPROVING SYSTEMS AND IMPLEMENTING INTERVENTIONS TO SUPPORT LASTING REUNIFICATION OF FAMILIES

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Section 1 of Resolution 415 of 2021 is hereby amended to read as follows:

The County Executive, or his designee, is hereby authorized to accept a $175,934 $220,325 grant from, and to execute an agreement and any amendments thereto with, the Children’s Bureau, an Office of the Administration for Children and Families, through a subcontract with the University of Maryland, Baltimore for Improving Systems and Implementing Interventions to Support Lasting Reunification of Families for the period of September 30, 2021 through September 29, 2022, with the option to renew through September 30, 2025.

Section 2. The 2022 operating budget of the Department of Human Services, Division of Social Services is hereby amended by appropriating the sum of $44,391 into general fund 9300, funds center 5102010000, Children and Family Services Administration.

Section 3. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

August 5, 2022

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorization to Enter into a Settlement Agreement in Borgwarner Propulsion Systems, LLC f/k/a Delphi Powertrain Systems, LLC et al. v. County of Monroe Industrial Development Agency et al. (Supreme Court, Monroe County Index No. E2021010427)

Honorable Legislators:

I recommend that Your Honorable Body authorize a settlement and release of claims agreement with Borgwarner Propulsion Systems, LLC (f/k/a Delphi Powertrain Systems, LLC) and Delphi Automotive Systems, LLC (collectively, “Delphi”) in Borgwarner Propulsion Systems, LLC f/k/a Delphi Powertrain Systems, LLC et al. v. County of Monroe Industrial Development Agency et al. (Supreme Court, Monroe County Index No. E2021010427).

This litigation is in regards to a Payment in Lieu of Tax Agreement dated September 1, 2007 by and between the County of Monroe Industrial Development Agency, the Town of Henrietta, Rush-Henrietta Central School District, the County of Monroe, and Delphi Automotive Systems, LLC. Under the terms of the settlement, Monroe County will receive $237,520 from Delphi.

The specific legislative actions required are:

1. Authorize the settlement and release of the County’s claims against Delphi in Borgwarner Propulsion Systems, LLC f/k/a Delphi Powertrain Systems, LLC et al. v. County of Monroe Industrial Development Agency et al. in exchange for $237,520.

2. Authorize the County Executive, or his designee, to execute and deliver any and all documents necessary to effectuate such settlement.

The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

This settlement agreement is revenue generating and no net County support is required in the current Monroe County budget.

I recommend that this matter receive favorable action by Your Honorable Body. I request that this referral be considered in Executive Session, pursuant to Public Officers’ Law § 105(1)(d).

Sincerely,

Adam J. Bello
County Executive

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize an Intermunicipal Agreement with the Town of Webster to Pursue Temporary Incidents of Ownership Under Environmental Conservation Law § 56-0508

Honorable Legislators:

I recommend that Your Honorable Body authorize an intermunicipal agreement with the Town of Webster for Monroe County to pursue temporary incidents of ownership under Environmental Conservation Law § 56-0508 for 600 Ridge Road, Webster, New York 14580 to conduct environmental site assessments, the cost of which will be reimbursed to the County by the Town of Webster.

Pursuant to Environmental Conservation Law § 56-0508, a taxing district may move for an order in a tax foreclosure proceeding to grant such taxing district temporary incidents of ownership of a parcel for the sole purpose of entering the parcel and conducting an environmental restoration investigation project upon such parcel. 600 Ridge Road, formerly the site of Webster Furniture Strippers, has sat vacant for several years and has been offered at Monroe County tax sales since 2016 with no bids. The Town of Webster has approached Monroe County, as the taxing district, to pursue an order to conduct environmental site assessments to better quantify potential contamination at the parcel.

The specific legislative action required is to authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with the Town of Webster to pursue temporary incidents of ownership under Environmental Conservation Law § 56-0508 for 600 Ridge Road, Webster, New York 14580 to conduct environmental site assessments, the cost of which will be reimbursed to the County by the Town of Webster.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(24) (“information collection including basic data collection and research, water quality and pollution studies, traffic counts, engineering studies, surveys, subsurface investigations and soils studies that do not commit the agency to undertake, fund or approve any Type I or Unlisted action”) and is not subject to further review under the State Environmental Quality Review Act.

This agreement will have no net impact on the revenues or expenditures of the Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Rochester, New York 14614

Subject: Authorize a Contract with Rochester Regional Health for Sheriff's Employee's Occupational Medical Services

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body authorize a contract with Rochester Regional Health for Sheriff’s employees’ occupational medical services in an amount not to exceed $170,000 for the period of October 1, 2022 through September 30, 2023, with the option to renew the contract in the same amount for three (3) additional one-year terms.

Under this agreement, the contractor will provide required occupational medical services such as the examination of prospective hires, the treatment of employees injured in the line of duty, and the evaluation of employees as to their fitness to remain on duty or return to work.

A request for proposals was issued for this contract and Rochester Regional Health was selected as the most qualified to provide this service.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Rochester Regional Health for Sheriff’s employees’ occupational medical services in an amount not to exceed $170,000 for the period of October 1, 2022 through September 30, 2023, with the option to renew the contract in the same amount for three (3) additional one-year terms.

This is a Type II Action pursuant to 6 NYCRR §617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.
Funding for this contract is included in the 2022 operating budget of the Sheriff's Office, general fund 9001, funds center 3806010000, Staff Services Administration, and will be requested in future years budgets. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Rochester Regional Health, nor its principal officers owe any delinquent Monroe County property taxes. The principal officers are: Richard Davis, John Glynn, Hugh Thomas, Rob Mayo, Ay Craib, Jatin Motiwal, Thomas Crilly, Elizabeth Petro, Kelly McCormick-Sullivan, Deborah C. Stamps, Emily O’Banion, and Joseph Vasile.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]

Subject: Amending Article II of the Rules of the Legislature of the County of Monroe to Allow for Hybrid Remote Meeting Attendance

Honorable Legislators:

Last month, this Honorable Body passed enabling legislation (Intro. No. 213) to allow Public Bodies of the County of Monroe to hold hybrid remote meetings. Pursuant to State legislation, and recently adopted enabling legislation via Intro No. 213 of 2022, the Legislature and all Public Bodies of Monroe County must set in place rules and procedures for the allowance of such remote meeting attendance. The action set forth in this referral amends the rules of the legislature to establish procedures allowing for hybrid remote meeting attendance. This rule change closely reflects the Monroe County Legislature’s current absence/attendance policy to include a similar procedure for hybrid meeting attendance.

The action in this referral is the final step that would allow for members of the Monroe County Legislature to participate if disability, an unforeseen circumstance, or other qualifying instance arose that would have previously precluded them from representing their constituents at a meeting. Since the beginning of the pandemic, videoconferencing has become a regular occurrence in everything from business to medical appointments, and adopting this rule would allow the Monroe County Legislature to join in that advancement.

The specific legislative action required is to amend Article II of the Rules of the Legislature of the County of Monroe by adopting the attached resolution.

The legislative action requested in this referral is not an “Action” as that term is defined in 6 NYCRR 617.5(b), and is not subject to review under the State Environmental Quality Review Act. This action will have no impact on the revenues or expenditures of the current Monroe County budget.

Sincerely,

Steve Brew

AMENDING ARTICLE II OF THE RULES OF THE LEGISLATURE OF THE COUNTY OF MONROE TO ALLOW FOR HYBRID REMOTE MEETING ATTENDANCE

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Article II, Section 545-10 of the Rules of the Monroe County Legislature is hereby amended by adding a new Section 545-10(D) to read as follows:

D. Hybrid Remote Meeting Attendance. In accordance with Local Law No. ____ of 2022, the President of the Legislature is empowered, in his/her sole discretion, to permit members to participate in meetings of the Legislature or any of its committees via videoconference upon a showing to and determination by the President that such member is unable to be physically present at one of the designated public meeting locations due to extraordinary circumstances. For purposes of this section, the term “extraordinary circumstances” includes disability, illness, caregiving responsibilities, or any other significant or unexpected factor or event which precludes the member’s physical attendance at such meeting.

Section 2. This resolution shall take effect immediately.

MEMORANDUM

To: Hon. Sabrina Lamar, President of the Monroe County Legislature
From: Kathleen Whelehan, Chair of the Monroe Community Hospital Board
CC: Monroe County Law Department
Date: June 21, 2022
Re: Monroe Community Hospital Board Membership

Dear President Lamar:

The Monroe County Charter mandates that the Monroe Community Hospital Board (the “MCH Board”) must include representatives of certain community institutions, including the one representative from the University of Rochester School of Medicine and Dentistry and one representative from the Finger Lakes Health Systems Agency (doing business as Common Ground Health), as well as three Monroe Community Hospital ("MCH") residents nominated by the MCH Residents’ Council. Pursuant to the Monroe County Charter, members of the MCH Board are to be appointed by the President of the Legislature, subject to confirmation by the Legislature.

The MCH Board has reviewed the following representative designations, and by this correspondence submits each for appointment by the President of the Legislature, subject to confirmation of the Legislature, to serve on the MCH Board for a three-year term.

- **University of Rochester School of Medicine and Dentistry Representative**: Ryan Gilmartin is a Senior Program Administrator for Highland Hospital and the Division of Geriatrics in the University of Rochester School of Medicine and Dentistry. Mr. Gilmartin has previously served as a nursing home administrator in both New York and Pennsylvania. The University of Rochester School of Medicine and Dentistry has identified Mr. Gilmartin as its representative.

- **Finger Lakes Health Systems Agency (Common Ground Health) Representative**: Melissa Wendland is the Director of Strategic Initiatives at Common Ground Health. She has been involved in several regional initiatives for the aging, including serving on a statewide steering committee for the Master Plan on Aging, leading the Sage II and Workforce...
Hon. Sabrina Lamar  
June 21, 2022  
Page 2 of 2

Commissions, and partnering with the Aging Alliance of Monroe County. Common Ground Health has identified Ms. Wendland as its representative.

- **MCH Residents’ Council Representative:** Linda Luft, resident of MCH, is a member of the MCH Residents’ Council and participates in many MCH programs. The MCH Residents’ Council has nominated Ms. Luft as a Residents’ Council representative to the MCH Board.

- **At-Large Representative:** Michael Sullivan has been an active member of the MCH Board since 2017 as representative of the University of Rochester School of Medicine and Dentistry. Following Mr. Sullivan’s retirement from the University of Rochester, the MCH Board has identified Mr. Sullivan for reappointment to an at-large Board seat.

Additionally, Board members Kathleen Whelehan, Catherine Pollicove, Sandy Lancer, and Deborah Leary have diligently served on the Monroe Community Hospital Advisory Board for the full length of their terms and have reached their term limits and will be leaving the Board. The Board is working to identify the representatives to fill those vacancies.

Thank you,
By Legislators Milne and Smith

Brockport Central School District
Brockport, NY 14420

Responsible for all aspects of instruction and operations of a 3,200 student school district, including working daily with the Board of Education, staff, students, families, and community on the implementation of the Standards Based Curriculum (Core Instructional Program), NYS APPR (Annual Professional Performance Review) System, Information Technology and Reporting, School Operations, State and Federal Accountability, Facilities Department and Capital Projects, Budget and Budget Development, Transportation, Food Services, Professional Development, Personnel Management and Contract Negotiations for all bargaining units. Highlights include collaboratively leading:

- Successfully and safely navigated in-person learning with full student athletics, clubs and activities during COVID-19 Pandemic without zero transmission and no interruption to school calendars, clubs, activities or athletics.

- Collaborated (weekly) with Monroe County superintendents, Monroe County Department of Public Health and New York State Department of Health to ensure safe school district and community during COVID-19 Pandemic.

- Led the collaborative successful pilot and implementation of English Language Arts instructional resources in grades K-8

- Led the collaborative successful pilot and implementation of Math instructional resources in grades K-8

- Instituted diversity, equity and inclusion in all areas of District as well as created a leadership position for continued improvement.

- Successfully implemented an annual strategic planning system that uses district building and department data of strengths and growth areas to set annual (achievable) goals and create strategic plans in anticipation of achieving District (aspirational) goals.

- Successfully implemented Brockport’s first full-day Pre-Kindergarten program.
• Updated hiring process to include increase ethical process and reduce biases.

• Successfully initiated $11 million Capital Project

• Successfully passed annual budgets of $87 million and $89 million

• Successfully addressed staffing shortages and employee retention challenges utilizing a three-pronged approach including starting salaries, salary compression, and signing bonuses.

• Successfully negotiated (all bargaining units) UPSEIU, BTA (teachers), and BAA (administrators), contracts that provided equity, a sense of value for employees simultaneously saving the district future healthcare costs.

• Increased campus safety and support by implementing a Student Support Partner Team.

8/2015 – 7/2020  Superintendent of Schools
Mexico Academy and Central School District
Mexico, NY 13114

Responsible for all aspects of instruction and operations of a 2,100 student school district, including working daily with the Board of Education, staff, students, families, and community on the implementation of the Standards Based Curriculum (Core Instructional Program), NYS APPR (Annual Professional Performance Review) System, Information Technology and Reporting, School Operations, State and Federal Accountability, Facilities Department and Capital Projects, Budget and Budget Development, Transportation, Food Services, Professional Development, Personnel Management and Contract Negotiations for all bargaining units.
Highlights include collaboratively leading:

• Worked with the Board of Education, staff, students, families, and community to carefully and thoughtfully learn and listen before leading the collaborative creation of a shared mission, vision, and strategic planning process, which included continued support for honoring Mexico’s rich history and traditions while collectively pursuing an uncompromising commitment toward continuous improvement and a passion for professional, organizational, and academic excellence.

• Collaboratively created District (aspirational) goals, which provided the targets for building and department development and attainment of annual achievable goals and strategic action plans.

• Successfully implemented an annual strategic planning system that uses district building and department data of strengths and growth areas to set annual (achievable) goals and create strategic plans in anticipation of achieving District (aspirational) goals.

• Established a distance learning and on-line learning labs to electronically transmit some Mexico High School courses to neighboring districts, which support maintaining and adding to their coursework variety at reduced costs while simultaneously providing Mexico and innovative additional revenue stream.

• Successfully implemented physical (including dental) health centers and mental health centers in our schools for our students through agency partnerships.
• Increased percentage of in high school students earning college credits by the creation and successful implementation of the following partnerships, initiatives and programs:

  o Successful negotiated agreements with Onondaga Community College (OCC), Cayuga Community College (CCC), and Jefferson County Community (JCC) to establish college credit bearing courses taught in Mexico High School by Mexico teachers where all students are eligible to achieve accumulation of college credit (transferrable anywhere in the SUNY system) up to an Associate degree in Humanities during their 4-year high school program, which provided the flowing results:
    • 61% increase of students earning 0-3 college credits.
    • 29% of graduates earned 15 or more college credits.

  o Established an early College High School program for MACS seniors to attend OCC with dual enrollment full-time in their senior year (funded through a successful county-wide private grant).

  o Successfully instituted established a high school distance learning and online learning lab in our high school for our students to access college coursework and earn college credit. We have since utilized this technology to electronically transmit some Mexico High School courses to neighboring districts, which support maintaining and adding to their coursework variety at reduced costs while simultaneously providing Mexico and innovative additional revenue stream.

  o Successfully instituted and advanced manufacturing focused Oswego County Pathways in Technology Early High School (P-Tech) with Oswego County superintendents and CiTi BOCES where students simultaneously work towards a Regents High School Diploma and an associate degree in Applied Science from OCC.

• Attainment of the following student achievement results by the focused and successful implementation of improved, comprehensive numeracy and literacy (reading and writing) initiatives (which included an innovative SUNY Oswego and The reading League partnership) while simultaneously reducing the number of overall initiatives as well as instituting a Mexico Academy District data dashboard, creation and implementation of integrated information systems, goal setting, strategic planning, and continuous improvement of instructional professional capacity system that resulted in the following increased student achievement:

  o Elementary
    • 18% increase of grades 2-4 reading proficiency (STAR Local Assessments)
    • 21% increase of grades 2-4 student Math proficiency (STAR Local Assessments)
    • 13% annual increase of grade 3 student Math proficiency (NYSED Assessments)
    • 8% annual increase of grade 4 student Math proficiency (NYSED Assessments)

  o Middle School
    • 10% increase of grade 5-8 student math proficiency (NYSED Assessments)
    • 87% of grade 8 students complete high school level courses

  o High School
    • 11% increase in graduation rates
    • 31% increase of SWD graduation rates
Monroe County Legislature - September 13, 2022

- 8% increase of student earning advance designation diplomas
- 13% increase in Technical Endorsements Diplomas
- 6% increase in Mastery designations for Science & Math
- 8% increase in graduates attending college
- 5.4% increase in graduates joining workforce
- 2% reduction in dropout rate
- 9% decrease of SWD dropout rates
- 50% decrease in HS out of school suspensions

  - District Wide
    - 2.4% reduction in classification rate through instituting a collaboratively improved RTI process.

- Work collaboratively with CiTi (Oswego County) BOCES superintendent and the 9 component district superintendents to:
  
  - Developed and build shared systems including shared transportation, food service and Information Technology Director(s), development of a region wide proposal for shared academic services for students, region wide full day CTE programming and alternative school programming for elementary and secondary students and the development of a region wide NYSTLE initiative.
  
  - Aligned school district annual calendars that support shared and collaborative professional development and curriculum updates.
  
  - Planned and successfully instituted shared and collaborative professional development on Superintendent Conference days as well as professional development retreats.
  
  - Created a county-wide focus on increasing student reading proficiency for grades Pre-Kindergarten through three by partnering with SUNY Oswego and The Reading League, a Central New York nonprofit organization that trains educators on evidence-based practices to improve reading instruction. This endeavor has recently received a grant of $4 million to expand its programs nationally. Pleasant T. Rowland Foundation has awarded the three-year grant, along with a $5 million pledge for an endowment fund.
  
  - Successfully instituted and advanced manufacturing focused Oswego County Pathways in Technology Early High School (P-Tech) with Oswego County superintendents and CiTi BOCES where students simultaneously work towards a Regents High School Diploma and an associate degree in Applied Science from OCC.

- Responsibly created and managed for a $57 million General and Special Aid budgets with no tax levy increase for three consecutive years. Increased alignment of District fiscal resources to District goal achievement as well as increased transparency and collaboration of District annual budget creation process through instituting a new budget process that provides opportunity for input at all levels to create a transparent and informed budget, increased long term budget forecasting by instituting a 5-year financial plan, positive 2015 NYS Comptroller Audit Report (“Best in NYS” according to NYS Comptroller auditors), unmodified opinion audits for three consecutive years, maintained A1 credit rating by Moody’s A1 for three consecutive years while faced with $12.5 million (25%) revenue loss in first year. Other highlights include, but are not limited to:
  
  - Increased District reserves from over $23 million to over $37 million
- $17,875,000 increase of District revenue through successfully negotiating a five-year PILOT agreement with Entergy Corporation for FitzPatrick Nuclear facility in collaboration with town of Scriba and Oswego County officials.

- $62,000,000 District savings and protected $23,000,000 in reserves by successfully defending a tax certiorari lawsuit from Entergy Corporation for FitzPatrick Nuclear facility through mediation in collaboration with town of Scriba and Oswego County officials.

- Development, voter approved and successful completion of a $21 million capital project.

- Completed a $5 million stadium renovation on time and under budget through innovative use of Keystone Purchasing Network (KPN). Furthermore, we won a precedent setting lawsuit, which “paves the way” for all other New York school districts to more fully utilize KPN purchasing.

- Successfully negotiated (all bargaining units) CSEA, MACSFA (teachers), Secretary, and MASA (administrators), contracts that provided equity, a sense of value for employees while simultaneously saving the district $4.3 million in future healthcare costs.

- Accomplished a political rally attended by over 500 people (400 from MACS) as well as local media to save over 615 jobs at FitzPatrick Nuclear Power plant as well as preserve MACS student population and District revenues.

- Formed the Upstate Energy Jobs Coalition (UEJ) with Oswego County elected officials and Oswego County labor union leaders to lobby NYS Governor and Legislators to save over 650 jobs at FitzPatrick Nuclear Power plant as well as preserve MACS student population and District revenues. Provided Testimony in favor of CEC ZEC to NYS Assembly Standing Committee on Corporations, Authorities, Energy, and Environmental Conservation Monday, March 6, 2017 and to the NYS Department of Public Service Commission to save all upstate nuclear power plants.

- $11,000,000 District savings by successfully defending a tax certiorari lawsuit from Exelon Corporation for FitzPatrick Nuclear facility through mediation in collaboration with town of Scriba and Oswego County officials.

- $51 million increase of District revenues through successfully negotiating a five-year PILOT agreement with Exelon Corporation for FitzPatrick Nuclear facility in collaboration with town of Scriba and Oswego County officials.

- Process and budgetary re-engineering of systems and structures both technical and human capital to promote efficiency including:
  - Creation a parts inventory for transportation and Operations & Maintenance
  - Instituted a District-wide work order system.
  - Updated District’s facility-use procedure and system
  - Increased building access for teachers/ instructional planners
  - Successfully re-organized District Office to maximize fiscal efficiencies
  - Instituted scheduled weekly visits to each building and department
  - Attended 87% of District events
  - Presented for faculty meetings and community groups
Leadership of over 600-student school for grades 4 and 5 elementary school with an economically and racially diverse student population including 40 teaching staff and 23 support staff. Highlights include:

- Created and realized a shared mission and vision of a safe, enjoyable learning community that has an uncompromising commitment towards continuous improvement and a passion for professional and academic excellence by establishing sincere, trusting relationships, maintaining high level of visibility in the school and community as well as systematically collecting, analyzing and evaluating student data, using creative problem-solving skills and shared decision-making process.

- Implemented a school-based inquiry team to use data to determine strength and needs, set school goals, create action plans to realize goal achievement, monitor progress towards goals, and assess outcomes.

- Upgraded school’s designation to a “School in Good Standing” in my first year, and consistently realized 3% to 5% annual increases in student achievement scores on NYS tests by auditing the curriculum, analyzing student achievement results, and executing research-based instructional techniques and strategies such as balanced literacy, guided group instruction, 6+1 Traits of Writing, and Better Answers approach to writing for all students.

- Proactively created and successfully implemented a plan to provide staff development for and writing of a guaranteed viable curriculum aligned to the New York State Common Core State Standards and the 21st Century Learning Skills, which included Parent/Students Information Meetings and school website updates.

- Collaboratively created and successfully led implementation of a fiscally responsible 1:1 technology plan which embeds technology software and hardware to facilitate: increased Common Core aligned student learning, a standards-based grade reporting system, increased parent communicator, and job-embedded professional development.

- Led shared decision-making team in successful implementation of Common Core State Standards, CCSS aligned curriculum, and common formative assessments.

- Created a Common Core State Standards-based grade book for Math and ELA and report card.

- Successfully implemented an Annual Professional Performance Review system for teachers utilizing 2013 Framework for Teaching by Charlotte Danielson, created and implemented a comprehensive Annual Professional Performance Review evidence documenting system supported by teachers’ union and co-presented with teachers’ union vice-president, collaborated in successful implementation of an Annual Professional Performance Review system for principals using the Multidimensional Principal Performance Rubric.

- Increased goal oriented professional capacity for all employees by creating a job-embedded professional development system, doubling the monthly professional growth opportunities, and applying research-based instructional strategies and techniques framework to all observations and evaluations.

- Led a 27% increase of district literacy and numeracy expectations and results by initiating a literacy and numeracy benchmark and progress monitoring system aligned with national student performance levels and based on direct, frequent and continuous student assessment for grades K-8.
• Utilized a shared decision-making approach to reduced student learning gaps by 21% through transformation of Academic Intervention Services to only include need-based student placements and programs.

• Accomplished a 31% increase of student achievement on writing portion of NYS ELA test by increasing professional capacity of writing instruction through job-embedded professional development, utilizing instructional specialist to push into classrooms at no extra cost to district.

• Aligned personnel resources to increase support for student learning and classroom instruction by transforming teacher aide responsibilities and providing instructional professional development such as Big 5 of Reading.

• Replaced “regional” scoring model of NYS test with “in-house” scoring to increase consistent scoring practices, utilize as a professional development opportunity, and to support data-driven instructional decision making.

• Transformed grade level and faculty meetings to incorporate district initiated Professional Learning Community practices by using meetings to share best-practice instructional techniques, co-plan lessons, create and update pacing calendars, create common formative assessments, provide professional development and utilize common formative assessment student achievement data to drive individual, collective and collaborative instructional decision-making.

• Surpassed RTI requirements by implementing screening and benchmark assessment systems for literacy and numeracy one year ahead of due date.

• Doubled the number of Urban-Suburban students attending the district in collaboration with the Rochester City School District.

• Doubled the number of student enrichment courses, which utilized community filed-related experts as instructors.
• Annually prepared a fiscally responsible $3 million school budget by using zero-based budgeting method, leadership by example approach, and utilizing cost benefit analysis system ensuring that all funds are focused on classroom and students.

• Instituted mandatory three-step building level purchasing process requirement before approving program purchases, which included student achievement data to establish need, research-based evidence of anticipated outcomes, and compelling reason why request best fits our student need.

• Continually evaluated each program to ensure that every program has a high cost/benefit ratio.

• Initiated a more efficient and effective K-6 student placement process and student information sharing between schools by creating a collaborative team comprised of teachers and principals from other buildings to transform student summary placement information to be more student academic and behavioral data focused, while reducing subjectivity and labor-intensive format.

• Collaboratively implemented a need-based, student sensory processing program and facility to improve student academic and behavioral performance.

• Created structure for increased student achievement by designing and annually updating the school’s master schedule, ensuring a research-based suggested 120-minute block for literacy instruction, 60-
minute block for numeracy instruction, enrichment instruction and three-tiered academic intervention instruction.

- Established a collaborative team which effectively increased desired behaviors at student lunch times by 25% through recruitment of and working with Hill educators to provide student behavior professional development for cafeteria monitors.

- Created and implemented a middle school transition program for grade 5 students.

- Maintained high visibility and availability, established trusting, sincere relationships and reinforced vision, climate, and culture by co-planning and participating in extra-curricular and community events.

- Reinforced trusting relationships, vision, and motivated staff by acknowledging professional and personal accomplishments through personal and professional letters of commendation.

- Advocated for increased school and library funding by hosting District 134 Assemblyman Bill Reilich, board of education members, educational and library leaders, and community members to collaborate and create persuasive initiatives resulting in increased New York State government funding.

- Established community connection by hosting a permanent Brockport Community Museum site aligned to grade level curriculum.

- Established community connection by working with the Brockport Village Mayor to establish artist in residency aligned to grade level curriculum.

- Increased positive learning community culture and motivated staff by implementing a faculty and staff “welcome back” picnic with welcome back gifts for faculty and staff to kick off the beginning of each school year and provided food at all faculty meetings.

- Advanced school holiday celebrations to respect different cultures, religious beliefs and align with curricular and behavioral initiatives.

- Continually cared for school building and protected the investment our community has in the school.

8/2003 – 8/2007  Assistant Principal
Sweet Home Middle School
Amherst, NY 14228

Assisted co-leadership of a 1,200-student school for grades 6, 7, and 8 middle school with an economically and racially diverse student population including 79 teaching staff and 37 support staff. Highlights include:

- Led a 17% increase in student achievement, which resulted in the school being designated as a “School in Good Standing” from a “School in Need of Improvement (Year 2)” by auditing the curriculum, assessing student achievement data, and utilizing a shared decision making approach to successfully create and implement a literacy intervention program while transforming the school climate and culture into a trusting, positive learning environment.

- Led a 67% increase in desired student behaviors by using the Professional Learning Community concept to develop a behavioral pyramid of interventions (PBIS Program, Lothlorien Therapeutic Riding Program, Working Lunch Program, and Basketball Lunch Program).
- Created a culture focused on continuous improvement and increased professional capacity through applying the Professional Learning Community concept by utilizing programs such as Robert Marzano and Debra J. Pickering’s Dimensions of Learning, Grant Wiggins and Jay McTighe’s Understanding by Design, and Harvey Silver’s Thoughtful Education program.

- Advanced effective instructional practice as well as provided for and promoted teacher growth by utilizing a district-initiated teacher (and administrative) rubric for observations, evaluations and the APPR based upon the work of Danielson, Marzano, Hunter, Schmoker, Wiggins & McTighe, and Reeves.

- Led the closure of reading achievement gaps for classified and non-classified students utilizing a shared decision-making team approach to create and successfully implement a reading intervention pyramid intervention system that resulted in closing a 2-year reading gap in 1 school year for tier 3 AIS students and closing 1-year reading gaps for tier 2 AIS students. (Extended Day Learning Program, SRA, Guided Reading, and Read 180)

- Established, provided for, and maintained positive interactions with community groups such as Parent-Teacher Organization, Amherst Youth Board, Catholic Charities, Carly’s Club, and Lothlorien Therapeutic Riding Center.

**Special Education Teacher**  
Gaskill Middle School  
Niagara Falls, NY 14304

- Grade 6, 7, and 8 consultant teacher and self-contained classroom teacher responsible for best practice instruction, assessment, curriculum modification of all subjects, behavior management, and achievement of goals and objectives in accordance with Individual Education Plans (IEP) and the New York State Standards.

- Created, developed, and effectively implemented unit and lesson plans in English Language Arts, Reading, Math, Science, and Social Studies courses in accordance with school district curriculum and New York State Learning Standards to provide for high student achievement.

- Provided classroom educational leadership and developed strong working relationships with students, faculty, staff members, colleagues, parents, and others in the educational community to provide for equitable opportunities for students and promote a safe environment that was conducive to teaching and learning.

- Collected and evaluated student data as well as used creative problem solving and shared decision-making skills to provide a positive learning environment resulting in continuous improvement for my students.

- Created, developed and implemented classroom academic, reading and behavioral interventions.

- Established a warm and welcoming environment conducive to learning with routines and procedures to provide for an organized, structured, positive and safe learning environment, and developed strong working relationships with colleagues using a team-teaching approach.

- Developed strong working relationships with colleagues using a team-teaching approach.
• Utilized student assessment data as well as creative problem solving to adjust teaching and learning to increased student achievement.

1/1999 - 2/2000  Interim Special Education Teacher  
LaSalle Senior High School  
Niagara Falls, NY 14304

• Short-term re-assignment for teaching experience to Grades 9-12 Special Education Teacher from PSA position responsible for best practice instruction, assessment, curriculum modification of all subjects, behavior management, and achievement of goals and objectives in accordance to Individual Education Plans (IEP) and the New York State Standards.

• Ensured student learning by creating, developing, and effectively implementing unit and lesson plans in English Language Arts, Reading, Math, Science, and Social Studies courses in accordance with school district curriculum and New York State Learning Standards to provide for high student achievement.

• Provided a positive learning environment resulting in continuous improvement for my students by collecting and evaluating student data and using creative problem solving to create, develop and implement classroom academic, reading and behavioral interventions.

• Established a warm and welcoming environment conducive to learning with routines and procedures to provide for an organized, structured, positive and safe learning environment, and developed strong working relationships with colleagues using a team-teaching approach.

8/1995 - 2/2000  Pupil Services Assistant  
LaSalle Senior High School  
Niagara Falls, NY 14304

• Managed the Pupil Services and Special Education offices with responsibilities including inputting and maintaining student data such as scheduling, biographical, assessment, IEP and attendance data in accordance with school district, New York State, and federal requirements.

• Created and built high school master schedule and facilitating short and long-term planning by developing student data reports.

Managing Partner  
Niagara Falls, NY 14304

• Established vision and managed all aspects of a private business to include the development and implementation of business plan based on examination of market analysis, annual budgets, advertising campaigns, hiring and supervising sales and clerical/service staff, and direct involvement in the day-to-day operations and customer relations.

Related Work Experience

8/2012 – 7/2015  District Director of Continuing Education and Driver Education  
Brockport Central School District  
Brockport, NY 14420
- Supervise continuing education programs designed to help individuals grow and tailored to the needs of working adults and life-long learners, with open enrollment, evening and weekend courses for the Brockport School District community.
- Maintain Driver & Traffic Safety Education course implemented via a joint partnership between the New York State Education Department (NYSED), and the Department of Motor Vehicles (DMV).
- Prepare annual budget and audit report for each program.

Adjunct Professor  
Canisius College  
Buffalo, NY 14208

- Facilitated student learning by teaching Student Teaching Seminar, which fostered professional growth and guided reflection on the student teaching experience by providing in-depth insight as to development, implementation/application in areas of classroom management, best practice instruction, grading policies, and resume/interviewing.
- Increased student learning by facilitating examination of "critical incidents" in student teaching assignments and provided structured guidance in completing required assignments for NCATE Portfolio.

Summer School Assistant Principal  
Orleans/Niagara BOCES Summer School  
Sanborn, NY 14132

- Assisted in the design, implementation and assessment of the O/N BOCES Middle School and Senior High Summer School programs to include budgeting/financial analysis, staffing, observations, scheduling, operations' management and transportation management.
- Successfully increased course selection ranging from remediation to accelerated as well as visual and performing arts; electronic collection and reporting of student data; supervision of clerical staff.
- Facilitated equitable opportunities for students and promoted a safe environment that was conducive to teaching and learning by developing strong working relationships with students, faculty, staff members, colleagues, parents, and others in the educational community.
- Facilitated continuous improvement for faculty and staff and maximized student achievement by collecting and evaluating student data, using creative problem solving and shared decision-making process.
- Facilitated building individual and collective capacity through supervising, evaluating and providing professional development for all faculty and staff.
- Effectively assumed all principal professional responsibilities and obligations in his absence.

5/2001 - 8/2001  
Administrative Coordinator, Summer Literacy Program  
Niagara Falls City School District  
Niagara Falls, NY 14304

- Increased student literacy rates by fostering the development and implementation of district wide summer literacy program.
- Responsible for hiring/supervising staff, monitoring and evaluating student progress in reading, writing, and submitting summary reports.

CERTIFICATION(s):
Permanent, School District Administrator (SDA)
Permanent, Elementary Education, Pre Kindergarten, K-6.
Commercial Driver’s License (CDL), New York State Department of Motor Vehicles
Certified Athletic Administration, National Interscholastic Administrators Association

ADMINISTRATION EXPERIENCE:
7/1/2019 – current – Executive Director of Student Operations, Greece Central School District
• Oversee all aspects of Transportation for approximately 11,000 students to 82 schools each day
• Support Schools and Staff with Student needs and Students with Disabilities
• Ensure our School Buses are well maintained through our Bus Garage and School Bus Maintenance team.
• Responsible for monitoring and assuring the safety of our Students and Staff each day.
• Responsible for the recruitment, training and hiring of Bus Drivers, Attendants and Department staff.
• Structure Transportation for student learning opportunities like Field Trips, Athletics, Wemoco and Work Study.
• Oversee Athletics for all students, grades 7-12, to ensure a positive and safe experience for all.
• Work closely and advise Directors of Athletics on hiring qualified coaches, game management, student accountability, facility use and student supports.
• Serve as a member on the Superintendent’s Extended Cabinet to advise on the topics of Transportation and Athletics.
• President of the Rochester Area Transportation and Supervisors Association.

7/1/11 – 7/1/2019 – Principal, Greece Athena Middle/High School, Greece Central School District
• Implemented a Rti progress monitoring system to assess, monitor and evaluate student progress in the areas of Academics, Behavior and Attendance every 2-3 weeks.
• Examine school data and stakeholder feedback to determine strengths and areas for improvement.
• Utilize the problem solving process to support student learning and behavioral needs.
• Enforce the School/Campus Safety Plan and District's Code of Conduct each day.
• Serve as a Lead Administrator to the Superintendent.
• Promote and provide professional development on the topics of Common Core, 21st Century Teaching and Learning skills, PBIS and Expeditionary Learning.
• Excel in the areas of communication, problem-solving and organization. Accessible and visible to students, parents and staff on a daily basis.
• Work closely with our school's PTSA to support student learning.
• Awarded the 2019 SAANNYS “I Make a Difference in a Student’s Life” award
• Assess, promote and establish Tier I, II and III interventions with staff and key stakeholders to support student learning.
• Utilize and promote a shared-decision making process with all staff.
• Supervise and evaluate ELA, Math, Science, Social Studies and Special Subject teachers.
David T. Richardson  
534 Hills Pond Road  
Webster, NY 14580  
1-585-764-3180  
E-mail: david.richardson@greececsd.org

- Effectively manage the School’s budget and Extra-Curricular accounts.
- Organize and implement a variety of service learning opportunities for students to showcase and promote student talents in the community.
- Serve on the Board of Directors for the Greece Education Foundation.
- Serve as a member of the District’s Strategic Planning Committee.
- Attend monthly BOCES 2 and Monroe County Secondary Principal’s meetings to share and learn best practices.
- Serve as an Administrative Liaison on the Executive Committee for the Monroe County Athletic Directors.
- Awarded the 2014 Genesee Valley PTA Administrator of the Year Award
- Re-designed and facilitate an end of the year Awards Ceremony to honor student achievement in all academic areas and established community awards as the result of community connections.
- Recognized students monthly who demonstrate our school wide assets of Being Respectful, Being Responsible and Being Productive with a “Breakfast with the Principal”
- Communicated and collaborated with members of the Department of Instruction regarding effective instructional strategies, curriculum, professional development and teacher accountability.

7/14/04 – 6/30/11 – Assistant Principal, Greece Arcadia Middle School

- Worked closely with other building administrators and staff regarding student achievement and the needs and goals of our students. Specifics include organizing and implementing professional development sessions around the topics of literacy, Better Answers, sharing best practices, looking at student work and how to examine and use test data to drive instruction.
- Enforced the school and district’s code of conduct, promote school safety and handle student discipline with the 800 students at Arcadia Middle School.
- Building administrator responsible for the implementation of all local and state standardized assessments.
- Worked with building principal in designing and managing the school’s budget.
- Oversaw grading process, including the use of Infinite Campus.
- Handled the BEDS process, Summer School enrollment and planning the 8th grade trip.
- Effectively implemented and supervised all school safety procedures in the event of an emergency or crisis (i.e. fire drill, bomb threat, lockdown).
- Serve as a LEA Representative at CSE and 504 meetings.
- Responsible for the oversight of all school accounts, as well as, the distribution of stipends.
- Understood the importance of recognizing student achievement by organizing an awards assembly and an 8th grade Moving-Up Ceremony.
- Set up annual opportunities for teachers to shadow their colleagues of choice to gain further instructional and classroom management strategies for use with their students.
- Responsible for the oversight of all extracurricular clubs and activities.
- Advisor for the school’s Student Advisory group, consisting of students across grades 6-8 to oversee student accounts and plan activities like the Pep Rally and Talent Show.
TEACHING EXPERIENCE:
- Taught 2nd and 3rd grade regular education, as well as, 2nd grade in an Inclusive setting.
- Successfully managed an effective discipline system to provide a positive learning environment for all my students.
- Enjoyed enhancing student learning through the use of manipulatives and using a wide variety of learning strategies to meet all of my students' needs.
- Appointed school technology chairperson, September 2003. Specific duties include supporting teachers in a building of 1200 students with their technology requests, providing professional development opportunities, troubleshooting, emphasizing means for using the computer and other pieces of technology effectively in the classroom with students.
- Elected by my colleagues to serve on the School Based Planning Team for 2 years, working with all school administrators on the decision making process relating to school instructional matters.
- Also elected by my peers to serve as a union faculty representative for School #33 with the Rochester Teacher’s Association (RTA). In addition, I’ve also served on the school’s intermediate unit planning team, safe-school’s committee, scheduling committee and technology team.
- Enjoyed working successfully with members of the community for its many assets it can bring to students, (ex. local businesses, NEAD, City Fire Dept., City Police Dept., JET).
- Successfully planned and coordinated a 3rd, 4th and 5th Grade Spelling Bee 5/00, 3/01 and 3/02, a storytelling assembly connecting with Black History month 2/13/01 and 2/15/02, and a Fall Festival 10/24/00 and 10/25/01 which provided parents with information about various programs that may be beneficial to them and/or their children.
- Received Teacher Recognition Award - March 2001, for time and dedication spent promoting a positive and enriched learning environment at John James Audubon School.

ADDITIONAL EXPERIENCE & BACKGROUND:
- President of Rochester Area Transportation and Supervisors Association (RATSA), July 2022
- Volunteer Firefighter, West Webster Fire Department, April 2021 - current
- GASA President 2016 – present; GASA Vice-President 2009-2016
- Member of the Executive Council for SAANYS Chapter 11 2016 - current
- Member of the Section V Boy’s Basketball Committee, 2000 – current
- Avid Genealogist and member of the Sons of the American Revolution 2009 – current
- Coach Basketball and Softball for Webster Athletic Association 2009 – 2012

RE: Confirmation of Appointment to the County of Monroe Industrial Development Agency (COMIDA)

Honorable Legislators:

I, Sabrina LaMar, President of the Monroe County Legislature, and in accordance with Section 856 and 916 of the General Municipal Law, do hereby submit to your Honorable Body for your confirmation, the appointment of Norman Jones, 76 Quentin Road, Rochester, NY 14609, to the County of Monroe Industrial Development Agency (COMIDA).

Mr. Norman Jones resides at 76 Quentin Road, Rochester, NY 14609.

The specific legislative action required is to adopt a resolution, pursuant to Section 856 and 916 of the General Municipal Law, confirming the appointment of Mr. Norman Jones to the County of Monroe Industrial Development Agency.

The legislative action requested in this referral is not an “Action” as that term is defined in 6 NYCRR 617.5(b) and is not subject to review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

Sincerely,

Sabrina LaMar
President of the Legislature

HAROLD A. WILCOX, MS, ARM

Service-Focused, Results-Centric Leader Dedicated to Delivering Excellence in Public Housing Authority Initiatives; Skilled in Listening to Resident Challenges to Develop Key Policies and Optimal Best Practices

Rochester, NY 14611 | (585) 683-5722 | hwilcox6743@gmail.com

Qualifications

PUBLIC HOUSING ADMINISTRATION | ADMINISTRATIVE PROCEDURES | POLICY INTERPRETATION
ACCOUNT MANAGEMENT | ACCOUNTING / FINANCIAL RECORDS | FUNDING | BRAND BUILDING
MULTI-SITE LEASING OPERATIONS | CONTRACT / CONTRACTOR MANAGEMENT | BEST PRACTICES
PROPERTY MANAGEMENT | TEAM LEADERSHIP | STRATEGIC ANALYSIS / PLANNING | TRENDS TRACKING

Highly Accomplished Leader who offers 24+ years of loyal Rochester Housing Authority experience as a lifelong Rochester resident, including making sound decisions to align with the Authority’s mission, vision, and values while proactively defining and promoting the agency’s brand and raising its community stature.

Out-of-the-Box Thinker who leads teams by example and with ethics and integrity while maximizing multidisciplinary staff performance by embracing a workplace that facilitates diversity, equity, and inclusion; improves morale and esprit de corps; and leads to increased commitment with longevity and work quality.

M.S. in Strategic Leadership Graduate who sees the “big picture” at all times while adhering to New York State Public Housing laws; federal, state, and local laws; and rules and regulations; who skillfully interpret policies; and who can make recommendations to the Board of Commissioners regarding operations.

Excellent Communicator who builds strong relationships with administrators, stakeholders, peers, and the public of various ethnic, cultural, and socioeconomic backgrounds, and who conceptualizes improvement strategies while engaging in best practices per the principles and practices of public housing administration.

Professional Synopsis

Rochester Housing Authority, Rochester, NY
(1997 – Present)

Property Manager – Public Housing (2019 – Present)
Capitalize on the opportunity to lead forward-thinking management of multiple units and single homes, including supervising a top-performing maintenance team to ensure ongoing high-quality property operations.

Demonstrate skill in handling all rent collections and recordkeeping, as well as balancing tenant accounts, ensuring payments are processed to contractors, and assisting owner with key contracts and contractors.

- Rapidly handle emergency repairs of units.
- Organize and manage rehabilitation of units and / or properties.
- Coordinate with contractors for review of completed contractual work performance.

Housing Manager III – Compliance Department (2017 – 2019)
Leveraged broad scope of program initiatives to comply with regulatory and ethical standards, including conducting and / or supporting periodic audits, as well as completing details-centric compliance investigations.

Spearheaded compliance risk assessments to develop and implement strategies for effective risk management. Conducted critical investigations to identify compliance. Distributed regulations and policies.

Resourcefully implemented follow-up strategies to optimize resolution of compliance problems. Continually monitored activities of company personnel to ensure adherence to procedures and regulations.

- Expertly reviewed, developed, and / or modified Standard Operating Procedures (SOPs).
- Proactively identified and assessed compliance issues requiring follow-ups or investigation.
- Coordinated staff training to build awareness and foster understanding of company policies.
Strategically steered Housing Choice Voucher Program initiatives by determining prospective participants’ eligibility via thorough interviews, including collecting required eligibility information and documentation.
Exhibited knowledge of RHA and HUD programs and guidelines, as well as lease restrictions. Reviewed intake forms. Interviewed participants to obtain client data regarding income, expenses, and household compositions.
Computed income and expenses to determine participants’ rental charges per the Rochester Housing Authority’s Administrative Plan and HUD’s rules and regulations. Input housing units into Tenmast.
Contributed sharp analytical abilities toward efficiently processing payments and recoups. Processed repayment agreements. Processed termination of subsidy. Delivered excellence in customer support.
  - Conducted weekly Group Intake briefings.
  - Led comprehensive and objective compliance investigations.
  - Built beneficial relationships between landlords and program participants.
  - Ensured seamless processes by responding to peers’ questions regarding Intake push.

Clerk II – Public Housing (1997 – 2007)
Played a vital role in accurately compiling data, as well as preparing, typing, and checking complex statistical records and reports for completeness and accuracy. Coached, mentored, and supervised subordinates.
  - Efficiently processed monthly Rent Roll and balanced tenant accounts.

Additional Professional Experience

LAWRENCE WHITFIELD, ROCHESTER, NY
(2010 – PRESENT)
Property Manager
Apply strong leadership talents toward managing multiple units and single homes, including supervising a tenant-focused clerical and maintenance team. Balance tenant accounts, collect rent, and process payments.
Effectively supervise staff by planning and prioritizing workflow, including initiating disciplinary actions and conducting performance evaluations. Prepare housing and financial reports for assigned properties.
  - Drive all marketing and leasing of properties.
  - Continually maximize occupancy rates of the properties.
  - Establish priorities and schedules for preventative maintenance activities.
  - Prepare operating and preventative maintenance budgets with Property Development teams.

- The Society for Diversity, Institute for Diversity Certification, Certified Diversity Professional (CDP), 2016
- Empire State College, BA Cultural Studies with a Concentration in Gender Studies, 2010

PROFESSIONAL EXPERIENCE

Excellus BlueCross BlueShield, Diversity, Equity, & Inclusion 11/2015 – present

- Vice President, Diversity, Equity & Inclusion Officer Corporate 9/2022 – present
  - Promoted to Vice President & DEI Officer by Senior Vice President of Human Resources and CEO

- Director of Diversity, Equity & Inclusion, 9/2018 – 8/2022
  - Promoted to Director by CEO and Board of Directors to implement systemic, measurable results
  - Coach Executive Leaders to adopt inclusive leadership skills
  - Develop and lead Diversity, Equity & Inclusion Strategy
  - Embed diversity, equity & inclusion into the fabric of the organization
  - Enhance recruitment, retention, and development initiatives
  - IMPACT HIGHLIGHTS:
    1. Year One, 2019
      - By January 2019, implemented new DEI Strategy to the Company, inclusive of Racial Equity, Gender Equity, LGBTQ+ Inclusion, Disability Inclusion, and Structural Changes
      - Introduced a focus on "Equity" and "Access" in addition to "Diversity & Inclusion"
      - Changed the name of the office to "Diversity, Equity & Inclusion"
      - New Philosophy: DEI is everyone's job and must be embedded into the Company Culture and all aspects of the Business
      - Developed and led the rollout of the "I.D.E.A. Mindset," the lens that all employees can apply to their work and goals related to inclusion, diversity, equity, and access (I.D.E.A.) and reminds employees to examine their own biases and privileges
      - Assigned learning on white privilege to executive leadership team, including a reading assignment and debrief on "Waking Up White," a book by Debby Irving
      - Proposed, led, and implemented "DEI Lock Screens" with IT. This involved overriding Microsoft lock screens (landscapes) and replacing them with Strategic DEI Messages that now go to all company laptops and computers. Within months, this new initiative became a communication tool to communicate DEI, Culture and Strategy messages to all employees
    2. Year Two, 2020
      - 2020 Strategy Includes a Focus on Policy Changes and Programs. Some of those include:
        - Implement new practices to mitigate bias in hiring and the interview processes (to impact rate of conversations to new hires)
        - Develop targeted development programs to highlight the diversity of talent within the company
        - Use of Disability Equality Index as a Benchmark of Company's Policies Related to Disability Inclusion
        - Developed first virtual 'Stand Against Racism Campaign' to educate on structural racism, gain employee participation and share company's stance of anti-racism
        - Rolled out company's first Inclusion Survey, a measurement of employee engagement related to diversity, equity & inclusion
        - Advised and advocated through internal conversations and learning that led to impactful successes related to racial equity (below are some highlights):
          - Juneteenth is now a company-recognized, paid holiday
          - Company endorsed the Black Agenda Group Declaration: "Racism is a Public Health Crisis"
          - Company pulled advertising dollars from Facebook for the month of July to push for policy changes. We do not support hate speech of any kind.
          - Assigned learning to all employees on structural racism
          - Developing Policy on Diversity, Equity & Inclusion to include in Employee Handbook for all employees
    3. Year Three, 2021
      - See first annual DEI Report: Diversity, Equity, and Inclusion Report (excellusbcbs.com)

- Senior Diversity & Inclusion Consultant, 3/2018 – 9/2018
  - Promoted to Senior Consultant in March 2018
  - Served as lead facilitator of the company's first corporate-wide diversity training, "Look Beyond the Obvious"
  - Continued to deliver on all responsibilities as Diversity & Inclusion Consultant
  - IMPACT HIGHLIGHTS:
    1. Developed, implemented, and facilitated two new corporate-wide diversity workshops (one on "Inclusive Language in the Workplace" & one on "Disability Awareness & Accountability")
    2. First internal Consultant selected to present to the Board of Directors on diversity & inclusion
    3. Developed language for the diversity statement that is currently included in every job description
    4. Developed LGBTQ+ inclusive training for Customer Service to better address LGBTQ+ callers' needs
    5. Presented at the YWCA Stand Against Racism Conferences for Rochester and Syracuse

Monroe County Legislature - September 13, 2022

- Diversity & Inclusion Consultant, 7/2016 – 3/2018
• Responsible for culture development to foster an environment where diversity and inclusion are explicitly recognized as fundamental parts of the organizational culture
• Responsible for recruitment, retention, and development of a diverse workforce

**IMPACT HIGHLIGHTS:**
1. One of three employees selected to be in a video on the company's new career page
2. Consulted and supported on the implementation of a new employee resource group, AVID (Awareness of Visible and Invisible Disabilities), the company's first ERG focused on disability inclusion

**Inclusion Programs & Outreach Coordinator, Office of Diversity & Inclusion at Excellus BCBS, 11/2015 – 7/2017**
• Develop and maintain community relationships to support a school-to-work pipeline through providing internship opportunities for marginalized youth

**IMPACT HIGHLIGHTS**
1. Changed the name and focus of the Summer College Internship Program to the "Diversity Summer College Internship Program," rebranded the program and explicitly shared the intent of the program to serve as a pipeline to increase diversity within the organization
2. Initiated and led the company's first-time participation in the Puerto Rican Day Parade (August 2016). I continue to organize our participation since 2016.
3. Co-developed a leadership development course for all leaders to address culture, diversity, and unconscious bias in hiring practices
4. Updated the company's Gender Transition Guidelines and led staff in its implementation to support newly transgender employees
5. One of two employees selected to be a part of a hiring campaign and featured in promotional materials

**Consumer Engagement Program Manager**
• Ensure that the voices of individuals and their families are part of the health care planning process through community engagement, networking, and consulting
• Present on social determinants impacting Latino and African-American communities, leading to inequitable health outcomes

**Trillium Health, formerly AIDS Care, formerly AIDS Rochester (13 years) 10/2001 – 10/2014**

**Associate Director of Minority Health Initiatives, Trillium Health, 8/2010 – 10/2014**
• Program development and staff/intern supervision for three AIDS Institute funded programs
  1. HIV/AIDS Women’s Prevention Program
     • Redesigned and restructured the program, an HIV prevention initiative designed to prevent, test and treat high risk women in the City of Rochester.
  2. Get it Done Barbershop Initiative
     • Redesigned and restructured the program, a barbershop initiative designed to train barbers and beauticians at disseminating health information to their patrons.
  3. Latino Outreach Program
     • Created all program tools, including evaluations, reporting documentation, outcomes, and marketing materials
     • Developed and implemented the organizations Internal Diversity Counsel, co-chaired the committee from its inception in 2010 until 10/2014
     • Oversight of service delivery, data collection, monitoring, reporting and program outcomes
     • Facilitation of client/patient support groups

• Prevention Specialist, AIDS Care, Inc, 1/2010 – 8/2010
*Note: Effective 1/1/2010, previous employer (AIDS Rochester, Inc) formally merged with AIDS Community Health Center to create a new organization under the name "AIDS Care." Job title and all relevant responsibilities from previous agency/position were carried over into position within the newly formed agency.*
1. Training & leadership development for Safe Sex Inc youth, a local youth, peer driven program focused on sexual health for adolescents. Assisted in the hiring of youth leaders, created, and facilitated their initial training related to sexual health and identity, and was a part of a team responsible for getting condom access for all students in the high schools in Rochester, NY.

1. Developed and implemented comprehensive, inclusive, sexual health curriculum; facilitated group and professional trainings; provided confidential HIV testing and counseling; community engagement and event planning. Populations served: people living with HIV, women, communities of color, people who are incarcerated, LGBTQ+ people, and youth.

**CONSULTING & TRAINING**

• Freelance DEI/LGBTQ+ Trainer, Speaker & Consultant 10/2014 – present
  • Founded Good Trouble Consulting, Founder and Lead DEI Trainer and Consultant, January 2022 – present
  • Just Roots Consulting Contracted Trainer & Team Member June 2019 – present
  • NCBI Rochester, Inc Senior Facilitator 4/2015 – present
  • LGBTQ Academy, Out Alliance Certified Trainer 10/2015 – 5/2020
  • YWCA Racial Equity Program Per Diem Facilitator 9/2016 – 8/2018

**HONORS & AWARDS**

• Recognized Changemaker, as one of two hundred women featured in the Changemakers exhibit at the Rochester Museum and Science Center (exhibit ran Nov. 2020 - May 2021).
• Honorary Chairperson 2020 Rochester Women's Leadership Award Winner 1/2020
• Recognized Changemaker, Profiles In Diversity Journal, Diversity LEader Award Winner 1/2019
COMMUNITY LEADERSHIP

• RASE Commissioner, August 2020 – March 2021
  o The Commission on Racial and Structural Equity (RASE) was appointed in August 2020 by Mayor Lovely Warren and County Executive Adam Bello. The charge of the commission was over 8 months, to review local city and county laws, policies, and ordinances to identify areas of structural inequity and recommend ways to change those laws to achieve fair application for all citizens. Involved in the Commission’s work were three Co-Chairs, 21 Commissioners, and more than 200 community members who reviewed, discussed, and put forth more than 200 recommendations aimed at dismantling structural inequities across nine sectors of our city and county.
  o Chair, Pride Leadership Development Program Steering Committee through the United Way of Greater Rochester, 9/2017 – present
    o Revamped the entire program with support of the United Way
    o The original 2015 program was a one-day program, with 90% non-LGBTQ+ presenters, and developed by mostly non-LGBTQ+ leaders. There was no graduation or yearbook like with the other leadership programs under the United Way.
    o By 2018, under my leadership, the program became a 3-day program developed by LGBTQ+ leaders for LGBTQ+ leaders. The program infrastructure includes a steering committee made up of 85% LGBTQ+ leaders; the program is facilitated by 95% LGBTQ+ facilitators, and it is a graduation and yearbook of past PLDP classes since 2013.
    o In 2021, the United Way created a position to now have staff lead the program that I led as a volunteer.
  o Leadership Rochester Alum, Class Representative & Speaker at 25th Anniversary Luncheon, 6/2017
    o Continue to serve the program as a member of the “Building Common Ground Day” committee and as a day-of facilitator 2018 – present 7/2015
  • Chair, Lifetime PRIDE Excellus BCBS LGBTQ+ Employee Resource Group, 1/2017 – 9/2018
  • Co-Chair, FR=EE Annual Community Summit on Race Education Committee 8/2016 – 4/2017
  • Co-Founder of FAM (Fischer-Alvarado Manifesto) 7/2015 – 7/2016
    o FAM is a project committed to building Family, Visibility and Pride within the Latinx LGBTQ community and making our Latinx LGBTQ community more visible within the larger LGBTQ and Latino communities.

Monroe County Legislature - September 13, 2022
September 8, 2022

Hon. Sabrina LaMar, President
Monroe County Legislature
39 West Main Street, 410 COB
Rochester, NY 14614

Dear President LaMar:

I would like to recommend Legislator Ricky Frazier, as the Legislative representative, and Sady Alvarado-Fisher, as the citizen representative, as nominees of the Minority Caucus to the Diversity Action Plan Committee. I’ve also attached Ms. Alvarado-Fisher’s resume.

I thank you in advance for your consideration of this request. I look forward to hearing from you.

Sincerely,

Yversha Roman
Minority Leader
By Legislators Delehaney and Marianetti

Intro. No. ___

RESOLUTION NO. ___ OF 2022

CONFIRMING APPOINTMENTS TO DIVERSITY ACTION PLAN ADVISORY COMMITTEE

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. In accordance with Monroe County Resolution No. 212 of 2020, the following appointments to the Diversity Action Plan Advisory Committee, with all terms to commence immediately, are hereby confirmed:

Legislator – Legislature Majority
The Honorable Richard B. Milne
37 Norton Street
Honeoye Falls, NY 14472

Legislator – Legislature Minority
The Honorable Ricky Frazier
347 Sunset Street
Rochester, NY 14606

Citizen – Legislature Majority
Mr. Orlando Rivera
737 Flower City Park
Rochester, NY 14615

Citizen – Legislature Minority
Sady Alvarado-Fischer
80 Sweet Briar Knoll
Henrietta, NY 14467

Citizen – Legislature President
Harolda Wilcox
292 Hague Street
Rochester, NY 14611

Section 2. This resolution shall take effect immediately.

Monroe County Legislature - September 13, 2022
To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amending Resolution 105 of 2022 as Amended by Resolution 184 of 2022 to Substitute the Correct Name for a Non-Profit Organization

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 105 of 2022 as amended by Resolution 184 of 2022 to substitute an organization’s name to allow proper reimbursement under County Law § 224. This amendment is required due to the original and amended resolutions naming Upstate New York American Football & Cheer Inc. (“Upstate”) as the reimbursement-eligible organization instead of Flower City Panthers Youth Athletics, the organization to which the funding was intended for. Upstate is the umbrella organization and has no part in costs that Flower City Panthers Youth Athletics would incur and claim for reimbursement under Resolutions 105 and 184 of 2022 and County Law § 224.

Pursuant to the requirements of County Law § 224, the contract shall still require the rendering of a verified account of the disbursements with verified or certified vouchers therefor attached and a refund of any unused amount.

The specific legislative actions required are:

1. Amend Resolution 105 as amended by Resolution 184 of 2022 to substitute “Flower City Panthers Youth Athletics” for “Upstate New York American Football & Cheer Inc.”

2. Authorize the County Executive, or his designee, to enter into a contract in the amount of $20,000 with the following non-profit organization for the purpose of preventing cruelty to children in accordance with County Law § 224(4): Flower City Panthers Youth Athletics. Such contract shall require the rendering of a verified account of the disbursements with verified or certified vouchers therefor attached and a refund of any unused amount, in accordance with the requirements of County Law § 224.

This appropriation of fund balance will have no net impact on the revenues or expenses in the current Monroe County budget.
This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(21) ("minor temporary uses of land having negligible or no permanent impact on the environment") and (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Sincerely,

[Signature]

RESOLUTION NO. _____ OF 2022

AMENDING RESOLUTION 105 OF 2022 AS AMENDED BY RESOLUTION 184 OF 2022 TO SUBSTITUTE THE CORRECT NAME FOR A NON-PROFIT ORGANIZATION

BE IT RESOLVED THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1: Section 2 of Resolution 105 of 2022 as amended by Resolution 184 of 2022 is hereby amended to read as follows:

Authorize the County Executive, or his designee, to enter into contracts in the amount of $20,000 with the following non-profit organizations for the purpose of preventing cruelty to children in accordance with County Law § 224(4): Celebration of Life Community, Inc.; Ibero American Action League, Inc.; Mentors Inspiring Boys & Girls, Inc.; Reentry & Community Development Center, Inc.; Roc Royal, Inc.; Rochester Area Community Foundation Initiatives, Inc.; Skating Institute of Rochester, Inc.; Southwest Area Neighborhood Association; Upstate New York American Football & Cheer Inc.; Flower City Panthers Youth Athletics; Venture Jobs Foundation, Inc. on behalf of Young Entrepreneurship Marketplace; and 19th Ward Association on behalf of the 19th Ward Spelling Bee. Such contracts shall require the rendering of a verified account of the disbursements with verified or certified vouchers therefor attached and a refund of any unused amount, in accordance with the requirements of County Law § 224.

Section 2: This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Recognizing and Renewing a Noble Sister County Relationship Between the County of Monroe, New York, U.S.A., and Cavan County, Cavan Ireland

Honorable Legislators:

We recommend that Your Honorable Body recognize and renew the mutual friendship developed between the County of Monroe, New York, U.S.A., and Cavan County, Cavan Ireland, through having a common friend in Colonel Patrick O'Rorke.

By Resolution 174 of 1995, the Legislature established a “Noble Sister County Relationship” between Cavan County, Cavan, Ireland and Monroe County, New York, USA. Over the years our local Irish Community and our peers in our Sister County in Cavan, Ireland have maintained a mutual friendship with periodic exchanges between the counties and our respective residents. This summer, a delegation of residents from Monroe County visited our peers bringing a certified copy of Resolution 174 of 1995.

This September, Mr. Tommy Ryan, Chief Executive of Cavan County and Mr. John Paul Feeley, Cathaoirleach of Cavan County Council will be visiting Monroe County. In celebration of our bond of friendship, and in recognition of our 25th Anniversary as Sister Counties which occurred in 2020, making travel prohibitive, it has been requested that both Cavan County and Monroe County reaffirm our bond of friendship with mirroring resolutions.

On July 11, 2022, a motion was unanimously approved by the elected members of Cavan County Council, that the honorable members of the Monroe County Legislature and of Cavan County Council recognize the Noble Sister County Relationship between Monroe County, N.Y., USA, and the administrative area of County Cavan, Ireland.

The specific legislative action required is to adopt the attached resolution recognizing and renewing the mutual friendship developed between the County of Monroe, New York, U.S.A., and Cavan County, Cavan Ireland, through having a common friend in Colonel Patrick O'Rorke.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.
This recognition and renewal will have no net impact on the revenues or expenditures of the Monroe County budget.

We recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,

RENEWAL OF THE NOBLE SISTER COUNTY RELATIONSHIP BETWEEN THE COUNTY OF MONROE, N.Y., USA AND COUNTY CAVAN, IRELAND

BE IT RESOLVED, that this Monroe County Legislature and Cavan County Council hereby recognize and renew the mutual friendship developed between our counties, through having a common friend in Colonel Patrick O'Rorke; and

WHEREAS, Patrick O'Rorke was born March 28, 1836 in Cavan County, Cavan, Ireland and immigrated to the United States with his parents to establish a permanent home in Rochester, New York, in 1842 in a section known as "Dublin"; and

WHEREAS, in 1857 O'Rorke was chosen by Congressman Williams to study at the United States Military Academy and was the first Irishman to be given the opportunity of a West Point education; and

WHEREAS, in 1861 O'Rorke graduated first in his class a year earlier than scheduled due to the outbreak of the Civil War, and entered the Corps of Engineers with the rank of brevet second lieutenant; and

WHEREAS, O'Rorke served with the Union Army through the summer of 1862, demonstrating his leadership and dedication at the battles of Bull Run, Fort Monroe, Fort Pulaski and others; and

WHEREAS, President Lincoln's mid-summer call for more troops was the impetus for the creation of two new infantry regiments from Rochester and Monroe County, and O'Rorke was appointed colonel of the second regiment of the 140th New York; and

WHEREAS, the morning of July 2, 1863 the 140th was engaged in the Battle of Gettysburg, where during a heroic battle leading his troops toward the enemy, Col. O'Rorke was killed; and

WHEREAS, Col. O'Rorke was originally buried on the battlefield, but was subsequently returned to Rochester by his widow, and laid to rest in Pinnacle Hill Cemetery. Today, Col. Patrick O'Rorke rests in peace at Holy Sepulchre Cemetery on Lake Avenue, Rochester, New York;

WHEREAS, today, 27 years since the original resolution establishing a "Noble Sister County Relationship" between Cavan County, Cavan, Ireland and Monroe County, New York, USA; once again representatives of both communities are joined together in joyful celebration and reaffirmation of our mutual friendship;

NOW, THEREFORE, BE IT RESOLVED, in furtherance of a motion unanimously approved by the elected members of Cavan County Council on 11th July 2022, that the honorable members of the Monroe County Legislature and of Cavan County Council recognize the Noble Sister County Relationship between Monroe County, N.Y., USA, and the administrative area of County Cavan, Ireland.

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize Various Budget Appropriation Transfers Related to the 2022 Operating Budget

Honorable Legislators:

I recommend that Your Honorable Body authorize a series of budget appropriation transfers which will revise the 2022 amended budget to conform to the 2022 anticipated financial needs. The primary reason for the necessity of these transactions is high inflation, gasoline and diesel fuel, and utility costs.

This action is consistent with similar actions taken in prior years during the 4th quarter. It is authorized by Monroe County Administrative Code Section A8-4, "Supplemental Appropriations" and Section A8-6, "Unanticipated Revenues."

The specific legislative action required is to authorize various budget appropriation transfers related to the 2022 operating budget in accordance with the attachment hereto.

There will be no net effect on the County's property tax levy as a result of this action.

I recommend that this matter receive favorable action by Your Honorable Body.

Sincerely,

[Signature]

To the Honorable
Monroe County Legislature
407 County Office Building
Rochester, NY 14617

Subject: Appointment of Monroe County Public Defender

I, Sabrina LaMar, recommend that This Honorable Body confirm the appointment of Robert R. Fogg, Esq., L.L.M., as Public Defender pursuant to Section C7-5 of the Monroe County Charter.

Mr. Fogg is an extremely qualified and experienced attorney of law, having served in various legal capacities throughout his career. Mr. Fogg has received high recommendations from clients, judges, and fellow attorneys. Mr. Fogg has also received the unanimous endorsement of the ‘Community Public Defender Selection Panel,’ comprised of key stakeholders from across our community.

Mr. Fogg will bring a fresh mindset, energy, enthusiasm, and diversity to the position, and his commitment to indigent legal defense is unquestioned. A copy of his resume and supporting information is attached for your review. This appointment is effective immediately.

The specific legislative action required is to appoint Mr. Robert R. Fogg as Public Defender, effective immediately.

The legislative action requested in this referral is not an “Action” as that term is defined in 6 NYRCRR 617.5(b), and is not subject to review under the State Environmental Quality Review Act.

This resolution will have no impact on the revenue or expenditures of the current Monroe County Budget.

Sincerely,

Sabrina LaMar
Monroe County Legislature
President

President Sabrina LaMar
Monroe County Legislature
By Email: legislatorlamar@gmail.com

Dear President LaMar:

I am writing this letter in support of the applicant Robert Ross Fogg, Esq. for Monroe County Public Defender. Mr. Fogg has been a Conflict Defender in Niagara County for the past year. I hired him for his many years of experience and knowledge in criminal defense. He is an excellent attorney and has been an exceptional addition to our office. Mr. Fogg handles most of our difficult cases and defends individuals with major felony charges.

Mr. Fogg is a hard worker who is dedicated to the profession and to representing his clients. Over the past year, I directly observed Mr. Fogg working on cases; reviewed his motions; and demeanor when working with others. He effectively communicates with those around him which includes my staff, other attorneys and his clients. In addition to working on his own matters, he is always willing to assist other attorneys with their matters.

I would describe Attorney Robert Ross Fogg as a true professional. He is respectful and polite to all those around him. I would rather he stay and continue to work in my office. However, I believe Mr. Fogg would make an excellent Public Defender. Please feel free to contact me if you need anything further.

Sincerely,

Kathleen A. Kugler, Esq.
Niagara County Conflict Defender & Assigned Counsel Administrator
The Hon. Sabrina LaMar  
Monroe County Legislature President  
legislatorlamar@gmail.com

Re: Robert Ross Fogg, Esq., LL.M.  
Monroe Public Defender Position  
Letter of Reference

Dear Ms. Lamar:

I am aware that attorney Robert Ross Fogg is applying for the Public Defender position in Monroe County.

I am an Erie County Court Judge and have handled a criminal caseload in this position for approximately 28 years.

Please know that I have known Mr. Fogg for over 20 years and he has handled many criminal cases in my court. Robert is an exceptional criminal defense attorney, zealous and extremely knowledgeable and consistently obtains excellent dispositions for his clients through patience and skilled negotiations and/or trial.

In addition, Mr. Fogg has exceptional people skills, is well-liked and respected by his colleagues and has the ability to work with others in an amicable, efficient and productive manner. Robert interacts with the courts and their staff on a daily basis and is held in high regard by all.

Mr. Fogg has managed a private practice for over 16 years, and has held many significant and high level legal positions requiring superior legal and administrative skills.
Re: Robert Ross Fogg  
August 5, 2022  
Page 2

Finally, Mr. Fogg has the ethics, integrity and strong character required for the position of Public Defender. I thought that this letter may be helpful in giving you the full picture of Attorney Fogg’s experience and how it relates to the Public Defender position.

Please do not hesitate to call me at (716) 845-9369 if you have any questions or if I may be of any assistance.

Thank you for your time and interest.

Very truly yours,

śheilś  DiTullio

Aircraft Intermediate Maintenance Dept.

The Aircraft Intermediate Maintenance Department Officer Takes Great Pleasure in Presenting to

AVIATION FIRE CONTROL TECHNICIAN SECOND CLASS
ROBERT FOGG
UNITED STATES NAVY

A Letter of Commendation

"For superlative performance while serving as a computer test station technician for Aircraft Intermediate Maintenance Department from 9 September 1988 to 7 October 1988. When serious problems degraded the performance of the computer test station, seriously jeopardizing aircraft mission capability, Petty Officer Fogg immediately set about making the repairs necessary to improve bench availability. Displaying an uncommonly strong inner drive and desire to complete repairs, he conducted exhaustive personal research on several difficult problems involving complex electronic circuitry. The successful repair of the computer test station was a direct result of Petty Officer Fogg's expert troubleshooting and unflailing persistence. His intense involvement, sophisticated technical skills, and tireless devotion to duty upheld the highest traditions of the United States Naval Service. Well done."

M. W. REAGAN
Commander, U. S. Navy
LETTER OF COMMENDATION

ROBERT ROSS FOGG
AVIATION FIRE CONTROL TECHNICIAN THIRD CLASS
UNITED STATES NAVY

for service as set forth in the following

CITATION:

"For professional achievement and superior performance of duty while serving as Versatile Avionics Shop Test (VAST) F-14 operator in USS JOHN F. KENNEDY (CV67) while deployed to the Mediterranean from 18 August 1986 to 2 March 1987. Petty Officer FOGG consistently performed his demanding duties in an exemplary and highly professional manner. His superior ability, initiative and untiring efforts were instrumental in ensuring the overall operational effectiveness of his work center throughout a variety of demanding fleet operations. In particular, his thorough knowledge of all aspects of F-14 VAST components and his willingness to work extra hours significantly contributed to the 92.5 percent ready for issue rate and 93 percent production efficiency rate maintained by his work center. Additionally, his exceptional performance and proficient troubleshooting of Test Program Sets resulted in minimized station down time and elimination of the need for outside assistance. Petty Officer FOGG's professional ability, loyal devotion to duty and exceptional performance reflect great credit upon himself and are in keeping with the highest traditions of the United States Naval Service."

GRANT SHARP
Rear Admiral, U. S. Navy
Commander Cruiser-Destroyer Group TWO
AVIATION FIRE CONTROL TECHNICIAN SECOND CLASS
ROBERT FOGG
UNITED STATES NAVY

A LETTER OF COMMENDATION

"FOR SUPERLATIVE PERFORMANCE WHILE SERVING AS COMPUTER TEST STATION TECHNICIAN FOR AIRCRAFT INTERMEDIATE MAINTENANCE DEPARTMENT FROM 9 SEPTEMBER 1988 TO 7 OCTOBER 1988. WHEN FACED WITH SERIOUS PROBLEMS DEGRADING THE PERFORMANCE OF THE COMPUTER TEST STATION OPERATION THEREBY JEPORDIZING AIRCRAFT MISSION CAPABILITY, PETTY OFFICER FOGG IMMEDIATELY SET ABOUT MAKING THE NECESSARY REPAIRS TO IMPROVE TESTING CAPABILITY. INVOLVED IN LENGTHY TROUBLESHOOTING AND REPAIR PROCEDURES, PETTY OFFICER FOGG VOLUNTARILY WORKED NO LESS THAN EIGHT THIRTY-PLUS HOUR DAYS IN EFFORTS TO BRING THE STATION BACK ON LINE AS QUICKLY AS POSSIBLE. THE SUCCESSFUL REPAIR OF THE COMPUTER TEST STATION WAS A DIRECT RESULT OF HIS EXPERT TROUBLESHOOTING AND DOGGED PERSISTANCE. PETTY OFFICER FOGG'S TIRELESS DEVOTION TO DUTY UPHELD THE HIGHEST TRADITIONS OF THE UNITED STATES NAVAL SERVICE. WELL DONE."

Monroe County Legislature - September 13, 2022
Report to the President of the Monroe County Legislature regarding the search for the next Monroe County Public Defender

After the resignation of the Public Defender Timothy Donaher this search Committee was convened at the request of Sabrina LaMar, President of the Monroe County Legislature, to find a replacement. The Committee was tasked with the selection of the next Monroe County Public Defender.

The Members of the Committee are as follows:

Nathan Van Loon, Esq. (Chair)
Langston McFadden, Esq. (Vice-Chair)
Shani Curry, Esq.
Michael Pattison, Esq.
Hon. Joan Kohout (Retired)
Bishop Jeffrey L. Melvin
Ms. Shermond Johnson-Reid

Prior to the Committee’s involvement, the position and job description of the Public Defender was published on the Monroe County website. The characteristics for the ideal candidate were as follows:

1. The Public Defender shall be an attorney duly licensed to practice law in the State of New York and admitted to practice in all courts within the scope of the plan.

2. The Public Defender must have thorough knowledge of the law relating to criminal defense including the New York State Penal Law, New York State Criminal Procedure Law, and the New York Case Law.
3. The Public Defender must have an ability to work with the judges, criminal lawyers, court administrators, other persons within the criminal justice system, and court officials.

4. The Public Defender must have extensive legal and supervisory experience. The ability to effectively manage staff attorneys and other employees of the office.

The Committee deemed it was important to expand the search as to achieve as broad and diverse a candidate possible. Initially the deadline was February 11, 2022, but was first extended to March 15, 2022 and lastly till March 31, 2022. The last two week extension was the result of several paid advertisements that the County had paid for that ran for a month, beginning March 1, 2022. The notices and/or advertisements went out to the following entities:

New York State Defender’s Association
New York State Bar Association
National Bar Association
Erie County Bar Association
Onondaga Bar Association
Monroe County Bar Association
Rochester Black Bar Association
Greater Rochester Association for Woman’s Attorneys
Franklin Williams Judicial Commission
Minority Bar Association of Western New York
Oneida County Bar Association
William Herbert Bar Association of Central New York
Metropolitan Black Bar Association
Capital District Bar Association
Asian-American Bar Association
National Bar Association for Public Defense
Indeed.com
From these postings the Committee received eight applicants who filled out the Monroe County application, submitted resumes, writing samples and references. The writing samples were primarily reviewed by Vice-Chair Langston McFadden and Retired Hon. Joan Kohout. The references were contacted by Chair Nathan Van Loon and Shani Curry.

The position was held open until March 31, 2022, to obtain a larger applicant pool by advertising the position widely throughout the State of New York.

There were eight candidates for the position listed here in order that they were interviewed:

Jill Paperno, Esq. on March 23, 2022
Julie Cianca, Esq. on March 23, 2022
Tiffany Spangler, Esq. on April 9, 2022
Joshua Stubbe, Esq. on April 9, 2022
Robert Ross Fogg, Esq. on April 9, 2022
Sarah Valencia, Esq. on April 9, 2022
Andre Vitale, Esq. on April 9, 2022
John Bradley, Esq. on April 9, 2022

Questions from the Committee were uniform in nature covering a variety of topic areas regarding the role of the Public Defender in terms of relationship in the community, the management of the office and direction each candidate wished to take the office. Each candidate was given an opportunity to provide an opening and closing statement as well as approximately one hour to one hour and fifteen minutes to answer as many questions as time allowed. The questions compiled by the search Committee were as follows:

1. Describe your client?
2. What do you see as the present challenges for the office? And how will you address them?

3. What is your leadership philosophy?

4. What do you believe the mission of the Public Defender’s Office should be?

5. What experience do you have that uniquely qualifies you for the position of the Monroe County Public Defender?

6. If you were appointed to the position of Public Defender, what would your top priority be for the office and how would you address it?

7. Do you see any other roles of the Public Defender’s Office beyond the function of zealous representation of indigent defendants?

8. What is the most difficult situation you have encountered in an employment leadership role and how did you address it at the time?

9. If there are personnel openings, how would you recruit applicants and select the most qualified applicants?

10. How would you promote diversity in attorney and office personnel?

11. How would you promote community engagement and education?

12. What plans do you have to assure training and supervision of new and more experienced office staff and attorneys?

13. The Public Defender is both an inward facing job, as you are the leader of the office, but also outward facing job as you represent the office to the legislature and the public, how will you balance these roles?

14. What do you see as the most difficult coming challenges for the Public Defender’s Office in the next five/two years and how would you meet those challenges?
15. Why are Public Defenders paid less than District Attorneys and County Attorneys and what do you propose to do about it?

16. Why is it that the Conflict Defender’s Office is taking over duties in city courts and Public Defender’s keep the town and village courts?

17. The Public Defender’s Office is or soon will be the largest law office in Monroe County, what steps will you take as a Public Defender to make sure that taxpayers monies are well spent by the office?

18. Given the competition regarding recruitment of attorneys in government and private bar, how do you propose to fill your ranks of attorneys?

19. Given the current controversy over the issue of bail reform, do you have a position, and should the Public Defender have a position?

20. Are there any organizational changes to the office that you anticipate? If so, what are they?

21. A large portion of the Public Defender’s Office practice is in family court. Please relate your experiences in this aspect of the practice if any?

One candidate declared that “I didn’t really want the job,” began to advocate for another candidate, and subsequently that candidate’s interview was cut short.

The candidates brough up their experience, qualifications, and vision for the Office of the Public Defender, sharing with the Committee their various points of view.

On April 9, 2022, after the last of the interviews the Committee voted by anonymous ballot to advance four candidates to the next round. Each Committee member was permitted to vote for four candidates. The results were as follows:
Robert Ross Fogg, Esq.  7 votes
Julie Cianca, Esq.  7 votes
Andre Vitale, Esq.  6 votes
Sara Valencia, Esq.  4 votes
Jill Paperno, Esq.  3 votes
Joshua Stubbe, Esq.  1 vote
Tiffany Spangler, Esq.  0 votes
John Bradley, Esq.  0 votes

There were two forums that were held at the Powerhouse Church of God in Christ on April 11th and 12th of 2022 for the community stakeholders and the faith-based community to ask questions of the candidates. All four candidates, Robert Ross Fogg, Esq., Julie Cianca, Esq., Andre Vitale, Esq. and Sara Valencia, Esq. attended. The evaluation by the Committee continued as most of the Committee members were in attendance over these two successive nights. The sessions went on for approximately three hours each night and involved a ten-minute opening statement, a question and answer period where the candidates had 2 ½ minutes each to respond and a closing statement.

Then there was an open community forum held on April 18, 2022, at the Central Church of Christ from 6pm to 10pm for the four candidates as well. Most of the Committee members were in attendance.

On April 21, 2022, the Committee met by Zoom to make its recommendation for two candidates to the Monroe County Legislature. After discussion the full Committee voted, and each Committee member was entitled to two votes. The results of the vote were as follows:

Robert Ross Fogg, Esq.  7 votes
Julie Cianca, Esq.  4 votes
Andre Vitale, Esq.  3 votes
Sarah Valencia, Esq.  0 votes

Respectfully the search Committee for the next Public Defender proposes for the consideration to be the next Monroe County Public Defender:

Robert Ross Fogg, Esq.
Julie Cianca, Esq.

Respectfully Submitted,

Nathan Van Loon, Esq.
