Monroe County Legislature - January 7, 2021
2) Perform a comprehensive review of current Sheriff’s Office deployments, strategies, policies, procedures, and practices

- Beginning August 2020, a plan has been in development and a MCSO deputy has been assigned to manage the project through to completion
- Values based culture which began in 2018 is a very important part of our vision
- Over thirty general orders (policies/procedures) are under evaluation and review based upon DCJS standards. Topics including but not limited to:
  - Community Engagement
  - Mental Health Intervention
  - Recruitment
  - Training
  - Marginalized Communities
  - Patrol Procedures
  - Implicit Bias
  - Subject Management (Use of Force)
3) The plan shall be offered for public comment, and after consideration of such comments, shall be ratified by resolution or adopted by local law, no later than April 1, 2021

- MCSO implemented a Community Engagement Survey to the residents of Monroe County (October 26, 2020 – November 1, 2020)

- In collaboration with Roberts Wesleyan, we are conducting survey’s on incarcerated youth, high school students, and school mental health and social work employees

- Approved Plan will be published publicly and progress tracked

4) The county shall transmit a certification to the Director of the Budget that the process has been complied with and the resolution or local law has been adopted

- Once approval is received, Monroe County will be able to continue to receive state funding
The Monroe County Sheriff’s Office

Overview of Current Efforts
MISSION
The Monroe County Sheriff’s Office commits to securing a safe and prosperous community and cultivating the trust and respect of all those we serve by providing exemplary law enforcement services.

INTENT
Within three years, the MCSO will be “One Team” of diverse professionals, empowered and collaborating internally and externally to accomplish our mission.

A Values Based Culture... Development began in 2018 with roll out in 2020
Because we value respect, integrity, teamwork and excellence...

- We will listen to our colleagues, community members, and collaborative organizations.
- We will seek to understand, follow up, and follow through in order to build trust.
- We will work to build others up in all we do and always do the right thing, even when no one is looking.
- We will continue to be proud of our profession and set the highest standards for our training.
Law Enforcement Accreditation

For several years MCSO was also nationally accredited through CALEA, eventually staffing / funding issues impacted our decision to focus our resources on NYS accreditation. However, we still achieve similarly high standards through NYS.

MCSO is Accredited through the New York State program which has four principle goals:

✓ To increase the effectiveness and efficiency of law enforcement agencies utilizing existing personnel, equipment and facilities
✓ To promote increased cooperation and coordination among law enforcement agencies and other agencies
✓ To ensure appropriate training of law enforcement personnel
✓ To promote public confidence

Our review is not limited to just the above policies. The list continues to change and expand to adjust to growth and needs of our communities and the agency.
What is the role of a Monroe County Sheriff’s Road Patrol Deputy?

Responsible for the impartial enforcement of all Federal, State and Local ordinances, the preservation of peace, and the protection of lives and property

Exercise good working knowledge of:

- Standard departmental operating procedures
- Federal and State laws such as the Penal Law (NYSPL), Criminal Procedure Law (NYSCPL), and Vehicle and Traffic Law (NYSVTL)
- Rules and regulations regarding proper search of persons and premises
- Ability to manage violence and/or resistance through de-escalation and if necessary physical force
- Recognizing Human behavior under normal and stressful conditions
- Local ordinances, constitutional law and other applicable laws

These fundamental responsibilities are not all inclusive. More and more deputies are requested to resolve all sorts of situations ranging from entering burning buildings to coaching families on internet and social media risks.

Monroe County Legislature - January 7, 2021
Since 1994, 911 calls have increased over time. The linear forecast (blue line) shows calls for service will continue to increase as time progresses. The amount of Deputies available to take calls has remained the same since early 1994. Expectation of resources applied to calls has only expanded and grown. Additional demands such as community engagement activities make it difficult to operate safely and keep up with the growing demand.

MCSO Training

- MCSO has a dedicated training unit for each bureau in order to track completion, maximize opportunities and evaluate success.

- New recruits attend joint police academy at PSTF where we exceed the 700 mandated training hours by conducting close to 1100 hours.

- Newly hired recruits are in probationary status until 18 months after date of hire.

- Permanent status deputies attend 24 hours of yearly in-service (refresher) training.

- Specialized Unit Training

- Supervisory/Promotional Training

In 2020, In service training was comprised of AED, CPR and tactical medicine, Suicide Prevention, TASER, Mobile Field Force, defensive tactics, and firearms requalification.
MCSO De-Escalation Training Example

Below is a sample of a typical Reality Based Training scenario that all MCSO members have successfully completed.

Scenario: Deputies respond to a call for a possible Emotionally Disturbed Person armed with a knife.

Evaluated sub-skills

- Demonstrate proper observation, awareness and interview skills to pick up on signs of emotional disturbance.
- Demonstrate proper knowledge of Article 35 by making good officer safety decisions.
- Demonstrate effective communication to build rapport and help de-escalate the situation and resolve the conflict.
- Demonstrate appropriate defensive tactics and if needed a reasonable amount of force to gain control and custody of the individual. MCSO Policy requires deputies to “seek to employ the reasonable amount of force required to successfully overcome physical resistance, prevent escapes and effect arrests.”

Anyone who does not properly demonstrate the above sub-skills will be receive remedial training until they can successfully demonstrate the proper sub skills listed above. All remedial training is documented.
In 2017, The Monroe County Sheriff’s Office helped develop the current Defensive Tactics (DT) Program curriculum in collaboration with the New York State Department of Criminal Justice System (NYS DCJS).

Deputies are educated in head control but not choke holds or neck restraints.

Currently road patrol deputies perform hands on Defensive Tactics training on average once per year. The topic is chosen by the Chief Deputy and the training unit. Recently, we have been conducting hands on in-service each year and additional roll call training on various topics (i.e. De-escalation).

Perception of Militarization
An often discussed topic within police reform

❖ MCSO’s Special Weapon’s and Tactics (SWAT) team is a NYS certified Tactical Team based on FEMA Standards, and NYS DCJS standards

❖ Certain incidents require specialized units who are better equipped to handle special circumstances

❖ Certain military training techniques and tactics are used during extremely high risk circumstances because they offer the highest degree of success. These include leadership methods, mission planning and safety protocols

❖ Despite some perceptions; MCSO does not use “grenades”, rubber bullets, “machine guns”, or “tanks”. Armored vehicles and less lethal uses of force are used for safety of our deputies and the community for potentially deadly situations. We recognize the difference between these events and peaceful protests
MCSO Personnel Accountability

The Internal Affairs Department...

- Receives complaints against employees by the public or from another employee through different mechanisms such as email, phone calls, handwritten letters or directly speaking in person to a member of the Internal Affairs Unit.

- Has investigated approximately 235 complaints referred to the unit by the public or other employees since 2015 to the present. Of the 235, 91 were disciplined.

- Complaints are given a tracking/reference number, and documented. Any complaint that is investigated by the Internal Affairs Unit is given a final disposition at the conclusion of the investigation and presented to the Sheriff for determination.

- Internal audits are conducted annually on all sections by the Standards and Compliance Unit, written reports go directly to the Bureau Chief and Sheriff.

**Note:** Minor complaints and compliments are investigated and documented by MCSO supervisors and command staff.
Building an Inclusive Workplace

Recent Progress – approx. 50% Increase in the number of people of color participating in the Civil Service Process. Appointed three (3) people of color to Executive Command level positions.

Prep Programs
MCSO offers prep for the written exam and physical agility. This is an area for MCSO to improve upon and provide more resources for individuals trying to get into the field.

Project T.I.P.S.
Regularly occurring community get togethers with law enforcement which take place in a different urban location on a bi-weekly basis throughout the summer months.

Bridge the Gap
A community cook out that brings together city residents, local churches and law enforcement.

Constructive Input from the Community

During the year 2020, conversation between the community and law enforcement identifies the following input...

- Regularly scheduled neighborhood meetings
- More community outreach and LEO’s attend events
- Collaboration with other law enforcement agencies
- Reduce 911 dependence by using more community resources (mental health, domestic violence, etc.)
- Bias training for LEOs/training for interacting with different cultures
- Triage 911 calls
- “Demilitarization” of the Police
- Diversity in the police department

Source: MCATCP Forums, Community Forums, Community Engagement Survey
MCSO Outreach with Marginalized Communities

- Autism Community
- Blind Community
- Deaf and/or Hard of Hearing Community
- Immigrant Refugee and Resettled Residents Community
- LGBTQI Community
- Military Veterans

**Findings**
Based on the conversations had with the listed communities above, they are requesting and looking for services already offered by MCSO, such as interpreter services, deputies live where they police, community engagement deputies, domestic violence advocates, etc.

**MCSO takeaway**
MCSO needs make more of an effort promoting and bringing awareness to the services offered to the community by our agency. It is our mission to assist every individual in need no matter of age, race, or sexual orientation.

MONROE COUNTY SHERIFF’S OFFICE

2021 Police Reform and Reinvention Effort - NYS Executive Order #203

Five Pillar Plan

Modeled after the President’s Task Force on 21st Century Policing

Report issued in 2015

Monroe County Legislature - January 7, 2021
MCSO Reimagined

The plan

1) TRANSPARENCY AND TRUST WITHIN THE COMMUNITY

- Sheriff’s Website and Phone App  Providing information and resources to the community
- Sheriff’s Citizen Interaction Committee (SCIC)  Face to face with Sheriff Todd K. Baxter for open conversation
- Annual Citizen’s Survey  An opportunity to check our progress and gather feedback
- Pledge to Continue NYSLEAP Accreditation  Accredited since 1992, and will continue this high standard
- Educational Opportunities for the Public  Releasing body camera footage, Reality Based Training, ride along’s, de-escalation training, etc.

2) LEADERSHIP AND TRAINING

- Embracing a Guardian Mindset  Procedural Justice Training, called “Principled Policing” through NYS DCJS
- Multi-Cultural Training  Based upon conversations with marginalized communities
- Preparing our Future Leaders  Implementing an external leadership program
3) **INSTILL A VALUES BASED CULTURE**

- **Creation and implementation of a new evaluation format** Reconstruct to set expectations, encourage career conversation and highlight positive performance
- **Changes to the promotional process** Additional standards to promote on desired traits, and not a NYS Civil Service score
- **Build an inclusive workplace** Recruitment efforts to attract and retain exceptionally qualified diverse applicants

4) **COMMUNITY ENGAGEMENT**

- **Steps with Deps** Deputies, supervisors, and command staff walk regularly through neighborhoods
- **Big’s in Blue** Big Brother, Big Sister mentoring program connecting law enforcement with the youth
- **Open Houses / Community Fairs** Community outreach event for the public to interact with Deputies
- **Building Relationships** Redesign community engagement efforts; specifically towards the youth
- **Evidence Based Policing for Transparency and Service** Analyze data to provide best possible service to our communities
MCSO Reimagined
The plan

5) CRISIS INTERVENTION SUPPORT

🌟 Interdepartmental Mentoring Programs  Recruits will receive a mentor to set standards & expectations

🌟 Professional Support for Deputies  A new external support program for deputies post critical incidences

🌟 Multi-discipline Response for the Community:

- Forensic Intervention Team  Continued conversations to expand service, hours, and staffing

- Roberts Wesleyan Collaboration Researching the collaborative effort between social work, law enforcement, and psychology

Use of Force (Subject Management) Definitions

*Use of Force*
Any force used against another person applied to overcome resistance and achieve compliance, including the use of agency issued and approved lethal or less-lethal weapons.

*Physical Injury*
means impairment of physical condition or substantial pain

*Serious Physical Injury*
means physical injury which creates a substantial risk of death, or which causes death or serious and protracted disfigurement, protracted impairment of health or protracted loss or impairment of the function of any bodily organ

*Deadly physical force*
means physical force which, under the circumstances of which it is used, is readily capable of causing death or serious physical injury

Source: *NYS Law Enforcement Handbook*. Park City Utah, Blue360 Media, 2019
MCSO Subject Management Investigations

- Immediately following a subject management, a supervisor and command officer shall respond to the scene to conduct a thorough investigation

- Interviews are conducted and statements are recorded from witnesses, all involved deputies, and the individual the force was used on

- Video footage (body cameras/surveillance) is collected for review

- A technician responds to take photographs of the scene, the individual involved, and any deputies for injuries

- Following the incident, command staff shall determine if there was proper justification for the use of force, and if it was reasonable based upon the totality of the circumstances in which the force is used

- Reports are forwarded to the Chief Deputy who reviews them for compliance and training value and tracked for Early Warning System review. When appropriate referrals are made to the Internal Affairs Unit.
MCSO Vehicle and Traffic Community Outreach Program (currently in development)

🌟 Interactive community outreach program/educational class based on police involved interactions with traffic enforcement

🌟 An opportunity for the community to educate themselves on “why the police do what they do” on a traffic stop

Traffic Warning System (Awaiting Software Implementation)

🌟 MCSO is in the development of a system for issuing, tracking and researching written warning tickets roadside during traffic stops, as opposed to writing a citation
MCSO’s Mental Health Initiative

In collaboration with the Monroe County Office of Mental Health (MCOMH), the Forensic Intervention Team (FIT) was established to assist the Monroe County Sheriff’s Office and other agencies with mental health crisis calls.

What does FIT do?
The FIT Team is comprised of uniquely trained clinicians who are partnered with all of the Monroe County’s eleven law enforcement agencies. The goal of the FIT Team is to introduce and/or better connect individuals to available services and treatments in regards to their mental health need.

Who is eligible to use these sources?
Anyone in need of a crisis intervention

What are the programs long term goals?
To build upon continued successes engaging the right resources for individuals in crisis to help accommodate. MCOH partnered with law enforcement to provide additional clinicians to provide training and resources when necessary. This collaboration can serve as a template for expand the program to other types of crisis calls.
The Monroe County Sheriff’s Office provides specialized training for Deputies to help provide to those in a mental health crisis; The MCSO Crisis Intervention Team (CIT)

What is the Crisis Intervention Team?

The Crisis Intervention Team (CIT) is a team of specially trained deputies who have volunteered and are responsible for responding to, and following up with certain types of services related to mental health and emotional disturbances.

Are all Deputies trained?

As of right now, MCSO has only 31 (out of 207 road patrol deputies) on the team. The school is only held twice a year and limited spaces which makes it a challenge for having all deputies trained.

What are the program’s long term goal?

The long term goal is to provide training for all deputies in the Police Bureau and also continue to providing effective communication and resources to those in need.
Since 2015, Mental Hygiene Transports have increased over 47%

MCSO Recruitment Roadblocks...

🌟 MCSO is unable to prepare advertising contracts in time due to the last minute civil service postings.

🌟 Cross filing is confusing for the candidates.

🌟 NYS test results take three to four months to return and this is unacceptable. The whole process could take up to two years to be hired.
Deputy Response to Survey/Analysis of trends

To gather input from the deputies responding to 911 calls, they were asked three separate questions. Below and slides following are the top three answers to each.

1. What can MCSO improve on to better support the road patrol?

- Be more transparent and supportive of Deputies. Share information with the public and have open dialogue regarding critical incidents. Explain to the public why deputies do the things they do and let the public get the correct story from the beginning.

- Encourage deputies and create more opportunities for them to spontaneously support and engage with the community, directed foot patrols, more foot patrols in high traffic areas, and walking their beat, deputies do not currently have available time for this.

- Educate the public on how deputies handle calls, and how being uncooperative can escalate a situation. Release body camera footage to get facts out quickly.

Survey responses are from all sworn Police Bureau members.

2. What internal barriers exist that prevent deputies from engaging with the community?

- Archaic methods of record keeping; redundancy and paperwork create barriers as deputies are being unnecessarily tied up on arrests for hours due to old technology
- Not enough manpower, currently only budgeted for minimum staffing. Responsibilities have grown significantly for the deputies, with no staff increases since the early 90’s
- Limited staffing makes it difficult for deputies to cover their districts properly, creates an officer safety concern when deputies are getting pulled away for community engagement details or tied up on significant investigations

3. What are some ideas that can help create positive interactions between Deputies and community groups?

- Educate the public on Reality Based Training, Defensive Tactics, Use of Force Simulator, and de-escalation training by allowing community members, media, or general public to participate in that training and let them see the decisions police have to make on a day to day basis
- Open Houses, community discussions and everyday conversations. Opportunity for families to interact with the deputies and ask questions to the deputies patrolling their areas. Allowing the deputies and the public to get to know each other
- Meet with community groups about policing, attend events or sit downs without taking cars out of service

The Monroe County Sheriff’s Office
The Monroe County Sheriff’s Office (MCSO) recognizes the capacity and significance of the change in culture necessary to respond to the evolution of the communities we serve. When New York State Governor Cuomo issued Executive Order #203, our agency viewed this as an opportunity to validate our high standards and also look for areas of growth to develop new ideas and implementations for the future of policing.

Starting August 2020, the MCSO began a thorough analysis to help identify significant needs and areas for improvement within the agency in order to improve the trust and confidence within the communities we serve. Currently, over thirty policies and procedures are under review and undergoing changes or adjustments. We collaborated with multiple stakeholders during this process, to include community forums, faith based organizations, and community leaders. We received significant community input, over 2,000 community survey responses, and a survey of our current deputies to gather first hand experience on our path forward in response to the current climate of policing.

The result of our collaboration and internal review process has provided us with feedback, which indicates we are not in need of a major overhaul and our department has been in the right direction for several years. However, this process has provided us with an opportunity to place a greater emphasis in five specific areas. These five elements are outlined in the following pages and are the focus of our long-term efforts. Our endeavors are going to be adaptable and will evolve as times change. However, the underlying fundamentals of shared understanding and mutual respect between law enforcement and the public will remain of the utmost importance.

Restoring the relationship between the community and law enforcement is the core mission of our plan. The MCSO anticipates a new beginning to help build the relationship between the public and law enforcement on a fact based dialogue. We will continue to measure our progress and always be open to feedback and opportunities for growth.

I remain committed to working together for solutions; we have been and remain steadfast in building up the community that we love.

-Sheriff Todd K. Baxter
The Plan

During our self-evaluation, the Monroe County Sheriff’s Office re-committed our priority to five key areas. These topics are common elements of the “President’s Task Force on 21st Century Policing” which served as a foundation for our work on Executive Order #203. We have begun work on identifying and achieving objectives under these five key areas, and will continue our efforts well past the April 1st, 2020 deadline imposed by the Executive Order.

1) TRANSPARENCY AND TRUST WITHIN THE COMMUNITY

Current national and local conversation has law enforcement under question. MCSO already achieves a high standard of transparency, which can increase with the implementation of the four main objectives below. Each objective is designed to become more transparent and open with the community while nurturing trust with the public and our membership.

- **Sheriff’s Website and Phone App** – The Sheriff’s Website and App will provide the community with resources (mental health, domestic violence, addiction, poverty, etc.) and allow our agency to share information and statistics of current on-goings with local law enforcement. Having technological communication available to the community will promote transparency and the opportunity for them to give feedback and provide input on their community’s needs.

- **Sheriff’s Citizen Interaction Committee (SCIC) and Annual Citizen’s Survey** – The SCIC is a chance for the community to engage one on one with the Sheriff, Todd K. Baxter, to ask questions, stay informed, and provide input. Along with the SCIC, the MCSO will implement the Annual Citizen’s survey, which will allow MCSO to continue seeking feedback about community relations, accountability, and deputy interactions. The SCIC will be given the chance to provide direct input to current topics with the department, reviewing policies, and taking part in a thorough explanation of what the police do every day for the community.

- **Pledge to Continue NYSLEAP Accreditation** – MCSO is currently accredited and has been since 1992 by this independent body. The MCSO plans to continue this high standard of excellence for years to come. This process subjects our agency to a thorough external evaluation to ensure we meet or exceed general expectations of quality in the field. Obtaining accreditation standards ensures appropriate training, promotes public confidence in law enforcement agencies, and increases the effectiveness and efficiency of law enforcement agencies utilizing personnel, equipment, and facilities.

- **Educational Opportunities for the Public** – Deputies and the community would like the MCSO to become more transparent in sharing information with the public. Sharing information about critical incidents and body camera footage from the beginning will help fact based narratives. In addition, MCSO will begin to offer opportunities for ride alongs, participation in reality based training, defensive tactics, and de-escalation techniques to the public so they can provide better input about the role of law enforcement. Providing additional knowledge and education to the public about the role of the police will help support a fact based dialogue when discussing police matters.
2) LEADERSHIP AND TRAINING

The MCSO has identified we can achieve significant improvement in regards to training and preparing our deputies and future leaders for the challenges they will face. Our intent is to ensure our membership and leaders exhibit the characteristics the public desires in its police force.

- **Embracing a Guardian Mindset** – MCSO has identified improvement needs to be made for deputies to continue embodying the guardian mindset, placing a greater emphasis on selfless service and compassion in our work. The first step towards this goal will be to implement procedural justice training, called “Principled Policing” through NYS DCJS. This program focuses on the way police interact with the public and is one-step towards ensuring our deputies believe in and represent a guardian mindset. Although a guardian mindset is essential, being capable of operating in a warrior mode is as critical so deputies can perform during high risk, lifesaving operations such as active shooter events.

- **Multi-Cultural Training** – MCSO will expand on educating our deputies about diversity in the various communities we police. For example, engaging with people who have developmental disabilities such as autism, African American history and culture, marginalized communities such as Deaf and Hard of Hearing, LGBTQI, and immigrant communities, etc. MCSO will offer thorough and transformative diversity training on a yearly basis to help our deputies better engage and provide services to a multicultural society.

- **Preparing our Future Leaders** – MCSO is currently researching opportunities for a more formal, external leadership program that better prepares and supports our leaders to be able to handle today’s complex issues. The program’s key focus’ would be effective communication, human relations, and our role in the community.

3) INSTILL A VALUES BASED CULTURE

In order to break down organizational silos, MCSO has completely redesigned and implemented a new values based culture to build upon our professional, inclusive, and dignity based workplace amongst all of our bureaus (Police, Jail, Civil and Court). MCSO commits to securing a safe and prosperous community and cultivating the trust and respect of all those we serve by providing exemplary law enforcement services that reflect our core values of respect, integrity, teamwork, and excellence.

- **Creation and implementation of a new evaluation format** – A new performance evaluation is currently under development for the upcoming year. The efforts to reformat and reconstruct our evaluation design will help change the trajectory of an employee’s career, set expectations, and highlight positive performances. Sergeant level and above will perform 360 evaluations to focus on core competencies and developmental opportunities.

- **Changes to the promotional process** – Currently, NYS Civil Service testing dictates the next leaders in our organization. With additional standards added to our promotional process, we can promote individuals based on desired traits and not just a test score. During the promotional process, a member will submit along with their NYS Civil Service Assessments, a 360-degree feedback form from their subordinates (if applicable), peers, supervisors, and a self-evaluation. The process will begin to build trust, performance, and productivity amongst the staff.
Executive Summary Cont.

- **Building an Inclusive Workplace** – Recruitment efforts to attract, and retain exceptionally qualified and diverse applicants, to include, but not limited to, diversity of thought, experience, ethnicity, age, gender, race, abilities, and sexual orientation are at the forefront of our staffing efforts. Creating a diverse workforce is necessary in the steps to effective police reform. Our recruiting teams will continue their efforts in retaining diverse applicants and candidates to promote different talents, and bring different perspectives to our department.

- **Evidenced Based Policing for Transparency and Service** – In 2021 an independent labor study will be conducted at the MCSO to analyze data, and research on all bureaus of the department to provide the best possible police service to our communities. The study will identify statistics on call volume, identification of the types of calls, staffing, deployment of resources, etc. The goal of this effort is to determine appropriate staffing and deployment methods of what works and what does not. Conducting a study such as this will promote trust and legitimacy within the community. The MCSO is also working with Measures for Justice, an independent third party whom analyzes county data including bail, incarceration, police data, racial ethnic disparities, age, race, and offense types, etc. to provide information for discussion on decisions made for the future.

4) **COMMUNITY ENGAGEMENT**

As we made our way through this review process, the communities we serve and our own members have made it clear; in order to build positive and trusting relationships between the public and our deputies, we must continue to expand our community engagement efforts and search for new and innovative opportunities. The following objectives have been collected from our community forums, community engagement survey, and conversations with the public.

- **Steps with Deps** – MCSO will schedule dates where several deputies, supervisors and/or command staff can walk the neighborhood to talk with the people who live there. Engaging with the public in a positive light and having non-emergency engagement will start to develop relationships and trust with community members.

- **Big’s in Blue** – Big’s in Blue is a one to one mentoring program which would connect MCSO Deputies with local school aged youth. The goal of this program is to begin building relationships and trust between the youth and law enforcement. Creating strong bonds between law enforcement and the youth will begin to bridge the gap between the police and our younger population.

- **Open Houses / Community Fairs** – Community outreach events have been a consistent trend among the requests in our reform plan. These events will allow the Monroe County Sheriff’s Office to display what they offer and allow the public to interact with deputies first hand. Open houses will provide the community an opportunity to communicate with deputies whom patrol their area, ask questions, and gain explanation of specialized units in the department.

- **Building Youthful Relationships** – In addition to the latter efforts, the MCSO plans to redesign our community engagement efforts and expand our community liaison program, specifically towards the youth. This will be accomplished by dedicating personnel and resources to building positive and healthy relationships with the youth.

5) CRISIS INTERVENTION SUPPORT

MCSO has identified a significant need for a better-structured mental health support system for both responding deputies and the public. There are currently multiple successful examples of programs that provide such support, such as the Officer Wellness Program and the Monroe County Forensic Intervention Team. We will pledge to continue to support and embrace these programs while searching for additional opportunities to expand their reach.

🌟 Interdepartmental Mentoring Programs – New deputy recruits will receive an interdepartmental mentor to set the standard for professional growth and performance from the beginning. Recognizing the importance of demonstrating those characteristics from the start will show what the MCSO desires our members to exhibit.

🌟 Professional Support for Deputies Post Critical Incident – Currently, there is no consistency with services available for deputies after critical incidents. MCSO does provide a peer support program and takes part in the Officer Assistance Program, yet still there are significant voids in opportunities to help our members deal with the significant and often daily stressors of the job. The MCSO pledges to devote critical resources (time and money) in order to expand the quality of care offered and the ability to reach every member in need. This will require significant external support from qualified professionals who are familiar with law enforcement.

🌟 Multi-discipline Response

- The FIT (Forensic Intervention Team) team has had a significantly positive impact on the relationship between individuals in crisis and law enforcement. MCSO will continue to support this effort with conversations to expand services, hours, and staffing.

- The MCSO is currently collaborating with Roberts Wesleyan College to research a collaborative effort of social work, psychology and law enforcement in efforts to responding to a person in crisis. Two follow on long-term goals are to provide educational opportunities that prepare service professionals for work alongside law enforcement, as well as create a law enforcement certificate program for deputies and officers that wish to pursue advance training in mental health.

Conclusion

Throughout this review process, the MCSO has collaborated with several community groups and key stakeholders, including our deputies, who have helped us evaluate and identify opportunities for growth. As an agency, we are extremely proud of the progress and achievements we have accomplished over the years, and those yet to come. Our law enforcement accreditation success since 1992 is a testament to the commitment and hard work of our deputies and civilian staff. We will always be open to honest conversations regarding new opportunities as we strive to achieve the highest level of mutual trust and respect within our communities.
