BE IT RESOLVED BY THE AFFIRMATIVE VOTE OF **NOT LESS THAN TWO-THIRDS OF THE TOTAL VOTING STRENGTH** OF THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. For the object or purpose of financing the cost of roof improvements at the Monroe Community Hospital, in and for the County of Monroe, New York (the "County"), there are hereby authorized to be issued \$5,500,000 bonds of the County, pursuant to the provisions of the Local Finance Law. The duly adopted current Capital Budget of the County, to the extent inconsistent herewith, is hereby amended to provide for the appropriation of an additional \$3,000,000 to pay the cost of the aforesaid specific object or purpose (\$2,500,000 having been heretofore appropriated from one or more Capital Budgets). The period of probable usefulness of the aforesaid specific object or purposes is twenty-five (25) years, pursuant to subdivision 12(a)(1) of paragraph a of Section 11.00 of the Local Finance Law.

Section 2. The maximum estimated cost thereof is \$5,500,000, and the plan for the financing thereof is by the issuance of \$5,500,000 bonds of said County herein authorized, provided, however, that to the extent any state and/or federal aid and/or grant and/or gift is received for the aforesaid purpose, the County Executive, or his designee, is hereby authorized to accept and shall use such funds to redeem any outstanding indebtedness incurred for such purpose or apply it, dollar for dollar, to reduce the amount of bonds to be issued for such purpose.

Section 3. The faith and credit of the County are hereby irrevocably pledged for the payment of the principal of and interest on such obligations as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such obligations becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such obligations as the same become due and payable.

Section 4. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Director of Finance - Chief Financial Officer, the chief fiscal officer of the County under the Local Finance Law. The Director of Finance - Chief Financial Officer may sell such bonds or notes at public or private sale, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Director of Finance - Chief Financial Officer shall determine is most favorable to the County, and in compliance with any rules of the State Comptroller applicable thereto. Such bonds or notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Director of Finance - Chief Financial Officer, consistent with the provisions of the Local

The Director of Finance - Chief Financial Officer is also authorized to enter into such agreements and take such other action as may be necessary or appropriate and lawful to assure that, to the extent possible, (i) interest on the bonds and notes authorized hereby will not be includable in the gross income, for federal income tax purposes, of the recipients thereof, and (ii) to enable the purchaser thereof to comply with Securities and Exchange Commission Rule 15c2-12. The Director of Finance – Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for such bonds or notes, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

Section 5. All other matters, except as provided herein, relating to such bonds or notes, including prescribing whether manual or facsimile signatures shall appear on said bonds or notes, prescribing the method for the recording of ownership of said bonds or notes, appointing the fiscal agent or agents for said bonds or notes, providing for the printing and delivery of said bonds or notes (and if said bonds or notes are to be executed in the name of the County by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the County), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Director of Finance - Chief Financial Officer. The Director of Finance - Chief Financial Officer may elect to become the fiscal agent for the bonds or notes, or may contract on behalf of the County for this service pursuant to the Local Finance Law. Such bonds or notes shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 52.00 of the Local Finance Law, as the Director of Finance - Chief Financial Officer shall determine.

 Part 3 Determination of Significance**

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

This project involves the purchase and renovation of the Carestream Building located at 150 Verona Street. Renovations will include HVAC work, interior renovations sufficient to relocate staff, electrical work including connection of fiber optics cable and miscellaneous plumbing work. The renovation work would typically be classified as a Type II Activity under 617.5(c)(1&2), however the purchase of the building has been classified as an Unlisted Action and all known activities should be considered and reviewed together. Based on a Phase 1 environmental assessment and the NYSDEC's EAF Mapper application the following items need to be considered.

**Critical Environmental Area:** Due to proximity to the Genesee River, the site is within a Critical Environmental Area (areas within 100ft of the Genesee River). This action will not disturb or have an adverse impact on the Critical Environmental Area.

**National or State Register of Historic Places:** The project site is near two National Register Eligible sites. One of the Eligible sites is approximately 305 feet east of the project site at 333 North Plymouth Ave (Truck Co 3) and one is 325 feet northeast of the site at 75 Brown Street (Kodak Tower). This project will not have a significant adverse impact on the National Register Eligible properties as the improvements to the site will consist of interior renovations and a security fence around the parking lot.

**Threatened or Endangered Animal:** The Peregrine Falcon is listed as an endangered species for the State of New York. Kodak Tower is approximately 335 feet northeast of the site which had a falcon nesting box from 1995 through 2008. There will be no significant adverse impact on the Peregrine Falcon as there are no changes to the exterior of the building. There will be a security fence added around the parking lot and interior renovations.

**Remediation Site:** The EAF Mapper application indicates the project site as being near a remediation site. The site referenced is the Genesee Valley Metal Finishing a State Superfund Site which is approximately 500ft west of the project site. This remediation site is too far away to have a significant adverse impact on the project.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input checked="" type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

The PRD program is operated and staffed by peers and provides recovery-based alternatives to traditional emergency/acute services. The primary location of PRD program services is Affinity Place at 269 Alexander St. Peer services are services and supports that are provided by a person with lived experience in the program, life area, or with the type of services (i.e., mental health) that are being provided to participants in the program. PRD program services include short-term respite housing (approximately one to seven days per episode per client); identifying and addressing issues and underlying problems related to the presenting crisis, symptoms, and/or behaviors; warm line services (a phone number that clients can call to receive emotional support from a peer and/or referrals to other services); support groups for clients; referrals and on-site access to community recovery resources; and coordinating and collaborating with other community providers to ensure the effective coordination of services, that clients' needs are met, and effective discharge plans are in place. Follow-up is provided by peers from MHA to ensure additional support is provided as needed after the person leaves.

**CONTRACT AMOUNT:** \$1,037,229.00

**PROGRAM DESCRIPTION/ PRIMARY OBJECTIVE(S):** The Unity Hospital operates under Rochester Regional Health. The New York State Office of Mental Health established the Home Based Crisis Intervention (HBCI) Program, a family preservation initiative, to prevent the unnecessary inpatient psychiatric hospitalization of children and youth. The overall goal of the program is to provide culturally and linguistically appropriate intensive in-home crisis intervention services to youth who are at imminent risk of psychiatric hospitalization; services are designed to be short-term and may range from two to eight weeks of duration. The program consists of clinical and administrative staff and has the capacity to serve a maximum of 16 families at any point in time. In order to provide timely intervention to youth and family in crisis, services begin within 24 hours after referral to the program. The intake and assessment process is designed to ensure that an individualized intensive support plan is developed to support efforts to maintain children safely in the community. As intensive in-home services are individualized, the length of stay and frequency of contact will vary based on youth and family needs. HBCI staff, the family and referral source work together to identify the specific goals and objectives, how these goals will be measured, and determine the anticipated duration in the program.

Unity Hospital operates a Jail Diversion Drop-Off Center program within their Behavioral Health Access and Crisis Center (BHACC) at 65 Genesee Street. This program serves adults who would benefit from behavioral health assessments as determined by Monroe County law enforcement officers, Forensic Intervention Team (FIT), Persons in Crisis (PIC), parole, alternative to incarceration, pre-trial, probation, treatment courts, or judges. Unity Hospital evaluates clients to determine the appropriate level of care and whether services can be delivered safely in the Jail Diversion Drop-Off Center. Unity also assesses client needs and develops client safety plans, arranges transportation after the visit, refers clients to ongoing supports, and provides peer supports. Unity collaborates with MCOMH, law enforcement agencies, NYS OMH Center for Diversion and other service providers to continuously monitor and adjust operations as seen fit.
