Subject: Amend the 2016-2021 Capital Improvement Program and the 2016 Capital Budget to Add a Project Entitled “Airport Revitalization and Redevelopment Project” at the Greater Rochester International Airport and Authorize Financing for the Project; Authorize a Contract with CHA Consulting, Inc. for Design Services and Assistance with Grant Submission Packages and a Contract with Passero Associates, Engineering, Architecture & Surveying, P.C., for Design Services and Assistance with Grant Submission Packages for the Airport Revitalization and Redevelopment Project at the Greater Rochester International Airport

Honorable Legislators:

I recommend that Your Honorable Body amend the 2016-2021 Capital Improvement Program and the 2016 Capital Budget, to add a project entitled “Airport Revitalization and Redevelopment Project,” in the amount of $54,000,000; authorize financing for the project in the amount of $54,000,000; and authorize a contract with CHA Consulting, Inc., in the amount of $3,100,000, for design services and assistance with grant submission packages for the terminal improvements component, and a contract with Passero Associates, Engineering, Architecture & Surveying, P.C., in the amount of $1,000,000, for design services and assistance with grant submission packages for the roadway network improvements and Airport entry canopy component, for the Airport Revitalization and Redevelopment Project, at the Greater Rochester International Airport (“Airport”).

New York State has provided Monroe County a $39.8 million grant to accelerate and enhance projects related to the Airport. In addition to the State grant, the Airport will utilize approximately $11 million in Passenger Facility Charges and $2.9 million in local share funding to initiate and complete projects related to terminal improvements, roadway network improvements, and feasibility studies associated with technology development opportunities.

The terminal improvement component of this project will include the design and construction of an Airport entry canopy, security exit lanes, communication technology enhancements, concessions redesign, concourse renovations and furnishings, security checkpoint expansion, security area relocations, ticketing lobby enhancements, and baggage claim alterations. Airport circulation roadway network improvements may include surface rehabilitation, parking improvements, curbing, pavement markings, and lighting and landscaping enhancements. The feasibility studies portion will be related to the planning and development of an Airport technology incubator.

This project will be funded by the New York State Department of Transportation grant, Passenger Facility Charges, and local shares. The portion to be funded by each agency will be dependent upon each specific component of the project.
The Department of Aviation recommends authorization of a contract with CHA Consulting, Inc., a designated airport consultant per Resolution 18 of 2015, to provide design services and assistance with grant submission packages for the terminal improvements component of the Airport Revitalization and Redevelopment Project in the amount of $3,100,000.

The Department of Aviation also recommends authorization of a contract with Passero Associates, Engineering, Architecture & Surveying, P.C., a designated airport consultant per Resolution 18 of 2015, to provide design services and assistance with grant submission packages for the roadway network improvements and Airport entry canopy component of the Airport Revitalization and Redevelopment Project in the amount of $1,000,000.

This project was approved by the Monroe County Planning Board on October 3, 2016.

The specific legislative actions required are:

1. Amend the 2016-2021 Capital Improvement Program to add a project entitled “Airport Revitalization and Redevelopment Project,” at the Greater Rochester International Airport, in the amount of $54,000,000.

2. Amend the 2016 Capital Budget to add a project entitled “Airport Revitalization and Redevelopment Project,” at the Greater Rochester International Airport, in the amount of $54,000,000.

3. Authorize financing for the project entitled “Airport Revitalization and Redevelopment Project,” at the Greater Rochester International Airport, in the amount of $54,000,000.

4. Authorize the County Executive, or her designee, to execute a contract with CHA Consulting, Inc., 16 Main Street West, Suite 830, Rochester, New York 14614, for design services and assistance with grant submission packages for the terminal improvements component for the Airport Revitalization and Redevelopment Project at the Greater Rochester International Airport, in the amount of $3,100,000, along with any amendments necessary to complete the project within the total capital fund(s) appropriation.

5. Authorize the County Executive, or her designee, to execute a contract with Passero Associates, Engineering, Architecture & Surveying, P.C., 242 West Main Street, Suite 100, Rochester, New York 14614, for design services and assistance with grant submission packages for the roadway network improvements and Airport entry canopy component for the Airport Revitalization and Redevelopment Project at the Greater Rochester International Airport, in the amount of $1,000,000, along with any amendments necessary to complete the project within the total capital fund(s) appropriation.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

Funding for this project, consistent with authorized uses, will be included in the capital fund to be created and any other capital fund(s) created for the same intended purpose. The local funding for this project will ultimately be provided by the Monroe County Airport Authority from Airport generated revenues. No additional net County support is required in the current Monroe County budget.
The records in the Office of the Monroe County Treasury have indicated that neither CHA Consulting, Inc., nor Passero Associates, Engineering, Architecture & Surveying, P.C., nor any of their principal officers, owe any delinquent Monroe County Property taxes. The Director of Finance - Chief Financial Officer is also authorized to enter into such agreements and take such other action as may be necessary or appropriate and lawful to assure that, to the extent possible, (i) interest on the bonds and notes authorized hereby will not be includable in the gross income, for federal income tax purposes, of the recipients thereof, and (ii) to enable the purchaser thereof to comply with Securities and Exchange Commission Rule 15c2-12. The Director of Finance - Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for such bonds or notes, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.
