Re: Memorize Governor Andrew M. Cuomo and the New York State Legislature to
Implement a Plan to Gradually Remove Counties from the Fiscal Responsibility of
Paying for Preschool and Summer School Special Education Programs

Honorable Legislators:

Education is the cornerstone of modern society and schools in New York State
consistently rank among the best in the country. This state spends more money per pupil than
almost every other, and it has long been a priority to guarantee funding for our schools. We are
proud of our ranking, and we agree that the key to successful education is to start early and start
well. For this reason, the New York State government has recently decided to fully fund
preschool programs across the state.

This is both an important and positive development, and we are proud that Albany has
stepped up to fund universal preschool for all four-year-olds. However, at the county level we
remain concerned about the lack of funding for the preschool special education and summer
school special education programs. These programs are not covered under the State’s legislation,
leaving counties on the hook for over 40% of the funding for special education preschool and
10% for summer school special education.

When New York State first established the Preschool Program for Children with
Handicapping Conditions in 1989, the original law included a provision to limit the county fiscal
responsibility to 25% by the 1993-1994 school year. This benchmark was never met. In fact,
over the past decade, $1.5 billion in costs have been shifted to counties, which equates to $250
million annually.

Even a gubernatorial statewide task force on reforming preschool special education
determined that counties should be relieved of their funding burden for these programs, with the
State absorbing 100% of the costs. New York stands alone as the only state which requires
counties to pay for special education expenses, and the failure of state government to fully fund
the programs contributes directly to New York’s already enormous property tax burden.

This is a step that New York State must take in order to guarantee the fiscal solvency of
these programs as well as the county governments that are currently required to fund them.
Additionally, by funding them with 100% state resources, the State can ensure the programs continue to function effectively and as they were designed.

Therefore, I urge you to join me in calling upon Governor Andrew M. Cuomo and the New York State Legislature to implement a plan to gradually remove counties from the fiscal responsibility of paying for preschool and summer school special education programs. These two programs continue to cause fiscal stress on county governments, and to fund them fully at the state level would send a clear message that Albany is serious about delivering much-needed mandate reform.

Re: Memorize the New York State Assembly to Pass, and Governor Andrew M. Cuomo to Sign, Assembly Bill 5812 (Same as S3925) Grant Municipalities the Authority to Establish Residency Restrictions for Sex Offenders

Honorable Legislators:

In recent weeks, the New York State Legislature has taken a stand to close many of the loopholes that exist in state laws related to sex offenders. From a tightening of the sex offender registry to required notification and awareness programs, these steps will protect our community and the families that reside here. We are proud to support these measures.

Recently, Senators Rich Funke and Mike Nozzolio cosponsored new legislation, which has already passed in the New York State Senate, granting municipalities more power to protect children. The New York State Court of Appeals recently ruled against residency restrictions passed by Nassau County, concluding that only New York State has the authority to decide such matters. The legislation in question restricted Level II and III sex offenders from living within 1,000 feet of schools, daycares, and parks, among other locations where children are often present.

With this bill, Senators Funke and Nozzolio acknowledge the Court’s ruling and seek to amend state law to allow for greater local control. This legislation endorses the idea that every community is unique, and therefore should be responsible for local solutions.

Measures similar to those in Nassau County could be taken here, but the preclusion of state law would render them unenforceable. If we are serious about facing this issue here in Monroe County, we must first ask our state representatives to vote in favor of allowing local laws to control this dangerous population. This Honorable Body, if granted the authority to do so, would certainly take the time to engage in discussions of meaningful reform to protect our most vulnerable populations.

Therefore, I urge you to join me in memorializing the New York State Assembly to pass, and Governor Andrew M. Cuomo to sign, Assembly Bill 5812 (Same as S3925). This bill will
open the door for local municipalities, including Monroe County, to pass local laws that govern residency requirements for Level II and III sex offenders.

Subject: Memorialize Governor Andrew M. Cuomo and the New York State Legislature to Implement Reforms to the Early Intervention Program to Increase Accountability to Protect Monroe County Taxpayers

In April 2013 New York State took over the responsibility for administration of the Early Intervention Program, intending to reduce mandates upon counties. While this move was appreciated, there have been many issues with the implementation of the new administrative oversight model. These issues include the inability to provide accurate reports that would allow counties to effectively and efficiently monitor and control program and fiscal problems with providers.

One overarching theme is the lack of clarity in the roles played by the New York State Department of Health (NYSDOH), the state’s contracted fiscal agent, and the counties. Currently, NYSDOH has not made clear the procedures for auditing and confirming that services were indeed provided by Early Intervention Providers and were not double-billed under a different contract. When possible misconduct or overbilling occurs, it has been uncovered by the counties, who often do not have the same documentation received by NYSDOH or their fiscal agent. The need for standardized protocols on how municipalities can discover improper billings and report their findings is necessary to avoid misconduct by providers.

While the State’s goal of reducing mandates on local taxpayers is laudable, there are many issues which need to be addressed in order to make this program successful and to provide cost savings to local taxpayers. It is especially important that these reporting requirements be standardized because many of these children and families are also utilizing preschool special education services, and similar services may be provided under both programs. Additionally, attention must be paid to recouping inappropriately claimed services and to maximizing Medicaid and third party reimbursements.

Therefore, I urge you to join me in memorializing Governor Andrew M. Cuomo, the New York State Legislature and the New York State Department of Health to establish stronger
auditing and program mechanisms in order to provide necessary protections to children, families and taxpayers.

Re: Memorize the New York State Legislature and Governor Andrew M. Cuomo to Implement Reforms to the Early Intervention Program to Ensure There Are Sufficient Providers Across the State

Honorable Legislators:

New York State is ahead of the curve in providing programs which benefit children with special needs. One important example is the Early Intervention Program (EIP) which seeks to provide early identification and services for children with developmental disabilities at a very young age. This is especially important when considering recent research shows that the growth and brain development of infants and toddlers is at its highest from age 0-2.

Under the EIP, each county in New York is responsible for developing an Individualized Family Service Plan (IFSP) that states clearly what the child’s needs are and tailors available services to that child. This way, each child receives the specific and personalized care they need, from providers who are explicitly authorized by the State Department of Health.

This system appears to work well in theory; however, in practice many of the providers listed in the New York Early Intervention System (NYEIS) database are unavailable to provide services to a child for a variety of factors. Location, full caseloads and commitments to other programs are all roadblocks which prevent families from receiving quality care from an authorized provider of EIP services.

Many of these providers have reduced their caseloads or left the EIP due to payment delays from the State. Either way, the result is a severe shortage of providers available to care for the children enrolled in the program. Many counties cannot provide the necessary care in a timely manner, causing wait lists that risk tragic delays in the development of children with special needs.

The EIP is in desperate need of reform to ensure there is sufficient provider capacity in all service types across the state. The program should include a dedicated provider recruitment effort, thorough orientation and training for new and existing providers, mentoring and technical assistance to help providers operate efficiently and effectively.
Therefore, I urge you to join me in calling on our elected representatives in the State Legislature, as well as Governor Andrew M. Cuomo, to implement reforms to the EIP to streamline this process and guarantee a steady supply of available providers. It is too important to risk the development of young children with special needs because of administrative delays.

Subject: Memorializing New York State to Fully Fund All Costs Related to Governor Andrew M. Cuomo’s Proposal to Raise the Age of Criminal Responsibility to 18 Years of Age

New York State is currently one of only two states to prosecute and incarcerate 16- and 17-year-olds as adults, joining North Carolina at the end of a nationwide push to “raise the age.” In his 2014-15 State Budget, Governor Andrew Cuomo appointed a Commission on Youth, Public Safety and Justice to develop a plan to raise the age of criminal responsibility. The Commission analyzed how the juvenile and criminal justice systems can improve outcomes for youth and promote public safety by decreasing recidivism, cutting crime among youthful offenders and saving taxpayer money.

Earlier this year, Governor Cuomo used the Commission’s findings to prepare a legislative package in his proposed 2015-16 Budget for the New York State Legislature, that amends State law to raise the age of criminal responsibility from 16 to 18. The budget proposal calls for the State to be financially responsible for 100 percent of the cost of this new policy and counties to administer and coordinate all services for youth and families affected by this new policy.

Much still remains unknown about this initiative and its implementation, however it is clear that there will be costs for local municipalities in the form of additional youth detention space, probation supervision and potential costs in criminal defense, prosecution and mental health services, to name a few.

The State currently caps funding for foster care and youth detention, and also limits reimbursement for other child welfare and probation costs. If counties are expected to pay for these new costs in the first instance and wait for reimbursement from the State, it could cause many counties to breach their allowable property tax cap if reimbursement is not timely and it would likely impact other program areas in the local budget.
The Monroe County Legislature is concerned with improving efficiency of the criminal justice system, but we must also ensure that local taxpayers are kept financially secure. New York State must be fully responsible for all costs associated with changing the age of criminal responsibility, including state planning for community safety, education and training to employees, probation services and required infrastructure to ensure that these youth are being adjudicated in a way which promotes public safety. Furthermore, the State must eliminate its reimbursement caps for foster care and youth detention and it should establish a 100 percent State funded escrow account from which counties can draw funds during implementation of the new policy.

I urge you to join me in memorializing the Governor and the State Legislature to fully fund all costs related to Governor Andrew M. Cuomo’s proposal to raise the age of criminal responsibility to 18 years of age.

Re: Memorialize the New York State Legislature to Reject Part W of Governor Cuomo’s Proposed Budget, Which Adds Burdensome Regulations on Local Industrial Development Agencies and Strips Them of Decision-Making Authority

Honorable Legislators:

One of our key responsibilities as County officials is to oversee and facilitate economic development in a responsible manner. We consistently devote time and resources discussing new and innovative ways to encourage job growth in our community. One of the most powerful tools in our arsenal is the tax incentives given by local Industrial Development Agencies (IDAs). The tax breaks provided by the County of Monroe Industrial Development Agency (COMIDA) reduce financial hurdles that hinder the ability of companies to relocate and expand locally, who may have otherwise left for more business-friendly climates in neighboring states.

For years, local IDAs in counties across New York State have weighed the pros and cons of projects which directly affect them, ultimately deciding whether or not to grant the tax exemptions. This model of economic development is rooted in the belief that local communities are the best to judge what their community needs and what it can offer. COMIDA has been historically successful at assisting in the creation and retention of thousands of jobs within Monroe County, and is a shining example of what a local IDA can achieve under the current system.

Unfortunately, a portion of Governor Cuomo’s budget proposal (Part W of the Revenue bill) would add new requirements and restrictions affecting IDAs and limit economic growth in counties around the State. This proposal requires IDAs to receive permission from Empire State Development (ESD) before granting tax exemptions. This would shift project decision-making from local governments to Albany, delay the economic development process by requiring additional approvals by ESD and add uncertainty to businesses as to the tax benefits they could receive for investing in our community.

Furthermore, the process of attracting private investment to New York is highly competitive and must be done efficiently. Governor Cuomo, by adding another layer of bureaucratic control, continues to concentrate the decision-making in the hands of Albany. This
concentration of power will only delay the process, potentially causing our community to miss out on valuable projects.

Part W of the Governor's proposed budget also prohibits tax exemptions from being granted to projects that are considered to be in competition with an already-existing business in the community. This new regulation is in direct contrast to the goals established by many regional economic development councils to encourage clusters of industry which can compete with each other while building strong tech-based local economies. This regulation would discourage the exact strategy NYS has been pursuing for years.

New York State is already considered one of the least business-friendly states in the country. With an enormous tax burden and enough business regulations to scare off even the most aggressive investors, these proposals in Governor Cuomo's budget effectively strip local governments of one of the few tools remaining to attract investment.

COMIDA, like other IDAs across the State, have played a critical role in creating jobs and contributing to recent growth in the upstate economy. Part of their success lies in the fact that they have the best knowledge of and interest in the areas that they serve, and for this reason, it is vital that local IDAs retain control over this process.

Therefore, I urge you to join me in calling on our state legislators to reject Part W of Governor Andrew M. Cuomo's proposed budget. We must send a message to Albany that we stand in support of our local IDAs and the work they do, and we condemn any attempt to delay and further restrict the economic development process in New York State.

Subject: Resolution Calling Governor Andrew M. Cuomo and the New York State Legislature to Increase Dedicated State Funding to Provide Financial Support to Probation Departments and to Eliminate Mandatory Pre-Sentence Investigations When Sentencing Up to One Year in Jail Has Been Negotiated

Probation officers are vital to the success of local Public Safety departments as a whole, affecting not only the lives of probationers and their families, but also the lives of Juvenile Offenders in the State of New York. This essential public service is felt especially strong in Monroe County, where probation officers work toward the protection of our community through intervention in the lives of those under supervision.

Despite the important role probation plays in local communities, State funding has historically dropped by alarming amounts. In 1990, NYS funding provided about 46.5% of the costs related to probation; however, that number steadily decreased to less than 12% in 2014. This decrease inexcusably reduces state financial support of probation while continuing to add new responsibilities.

With Governor Cuomo’s proposal to raise the age of criminal responsibility comes the reality that this will only increase the caseloads for Monroe County’s probation officers. While our probation officers continue to serve this community in the face of budget constraints, the State’s funding reductions have already reduced our ability to hire new staff, train old staff and overall fund connections with services in the community and transportation to detention facilities. While the Governor proposes to cover the local costs associated with his Raise the Age reform, the proposal does not fully contemplate all of the costs that could be incurred and would require probation departments to initially cover all costs, including increased staffing.

Along with this new financial hurdle, probation officers have for years carried the burden of completing pre-sentence investigations (PSI) for individuals who may have already arranged a
plea deal or already been classified and housed in jail. This repetitive work could be forgiven if the PSIs were not largely disregarded by the court and corrections officials, thereby making the work and required reports superfluous.

Therefore, we urge you to join us in supporting an increase of dedicated state funding streams to provide financial support to probation departments in order to fairly fund the important work that probation departments perform, and also to enact statutory changes that eliminate the mandate that PSIs be conducted when a sentence of up to one year in jail has been negotiated.

Subject: Resolution Calling Governor Andrew M. Cuomo and the New York State Legislature to Increase the Share of Revenue Counties Retain for Providing State DMV Services

Monroe County is one of 51 New York State counties that are required by the State to operate a local Department of Motor Vehicles (DMV) Office. The existence of a local DMV Office provides direct access to NYS DMV resources for residents and taxpayers. Locally, the Monroe County Clerk’s Office provides three full-service DMV locations in Irondequoit, Greece, and Henrietta and offers three mobile DMV units which provide convenient access to basic DMV functions.

In the wake of the closure of local state-operated DMV offices, Monroe County currently provides all mandated DMV services, which include processing and issuing licenses and learner’s permits of all levels, processing original and renewing vehicle registrations, updating and renewing information, overseeing plate surrenders and enforcement transactions throughout the county. Despite Monroe County and other mandated municipal DMV Offices current law allows counties to only receive 12.7% of the revenue. This means that 87.3% of local money, paid toward a local service and provided by local employees, is leaving Monroe County and heading straight to Albany. Under the leadership of Monroe County Clerk Cheryl Dinolfo, the NYS Association of County Clerk’s adopted a Resolution calling for an increase of the county retention rate to reflect work performed locally.

The Governor and the State Legislature must recognize this unfair balance between work and payment and amend the State Law to increase the share of revenue counties are able to retain for the services they provide on behalf of the New York State Department of Motor Vehicles. This reallocation would provide no additional burden to the local taxpayer, which Governor Cuomo and the State Legislature have often claimed as a key priority, and would increase the amount of local money supporting local services.

Therefore, I urge you to join in calling on Governor Andrew M. Cuomo and the members of the State Legislature to substantially increase the share of revenue counties retain for providing state DMV services.

Subject: Memorializing Governor Andrew M. Cuomo and the New York State Legislature to Substantially Increase State Investment in Locally Owned Roads, Bridges and Culverts in the 2015-2016 NYS Budget and to Update the 5-Year Transportation Capital Plan to Provide for Additional Funding to Municipalities

It is vital that New York State develop a new 5-Year Transportation Capital Plan this year, designed to assess current conditions and determine investment needs for the future demands of modern, safe and efficient multimodal transportation systems. The Consolidated Highway Improvement Program (CHIPS) and Marchiselli program funds are vital to county and local highway departments for maintaining and upgrading important components of their transportation system.

CHIPS funding level for 2014-2015 SFY Budget is $438 million, while funding for Marchiselli programs have remained flat for nearly a decade at $39.1 million. CHIPS funding in the 2015-2016 Proposed Budget is actually lower than in the 2014-2015 budget, due to the elimination of the Extreme Winter Recovery Capital Program. Monroe County and other counties throughout the State have greatly benefited from enhancement of the CHIPS program. The additional sources of funding within the budget help local governments, like Monroe County, better maintain and improve local transit.

There is a dire need to improve our infrastructure, so Albany must be proactive in providing a safe and efficient highway infrastructure necessary for trade, economic development and state-wide municipal revitalization. For years localities have focused on preventive maintenance that extends the life of many of their roads and bridges; yet, despite those efforts, the condition of aging infrastructure assets will continue to decline and increase their need of rehabilitation or reconstruction. The NYS Comptroller and NYS DOT estimate that 32% of bridges are deficient and 42% of road pavements are rated fair or poor, and both categories continue to deteriorate.

Despite the recognized need from professionals at both the state and local levels, the Governor’s proposed budget continues to underfund local infrastructure projects. The NYS Comptroller estimates that over the next 20 years, there will be $89 billion in unmet local infrastructure needs.
Therefore, I urge you to join me in memorializing Governor Andrew M. Cuomo and the New York State Legislature to substantially increase state investment in locally owned roads, bridges and culverts in the 2015-2016 New York State Budget, and to update the 5-Year Transportation Capital Plan to provide for additional funding to municipalities in order to help improve deteriorating infrastructure.

Re: Memorialize the New York State Assembly to Pass, and Governor Andrew M. Cuomo to Sign, Assembly Bill 5165 (Same as S1520) Prohibiting Sex Offenders Whose Victim Was a Child from Knowingly Being Within 1,000 Feet of Any Place Where Pre-Kindergarten or Kindergarten Instruction is Provided

Honorable Legislators:

The purpose of the New York State sex offender registry is to give law enforcement agencies the ability to monitor convicted felons, cataloging information such as their appearance and residence. A key requirement of the registry is that sex offenders, while on parole or probation, cannot enter onto the grounds of a public school. This is a commonsense measure meant to keep dangerous sexual predators away from children.

However, the law defines schools in such a way that pre-kindergarten programs that are not housed in public schools are excluded. As a result, these pre-k programs are unfortunately left vulnerable to sex offenders who may be living nearby. This problem was brought to light by a recent study sponsored by State Senators Jeff Klein and Dean Skelos, which found that, just in New York City alone, as many as 10 convicted offenders were living within 1,000 feet of a pre-k program. Although not in violation of state law, these offenders are certainly in violation of the children and their families' peace of mind.

Senator Klein's legislation, which has already passed in the New York State Senate, closes this loophole by changing the definition of "school" to include these types of pre-k programs. The loophole continues allowing sex offenders proximity to our children while still on probation or parole, and it must be fixed.

Therefore, I urge you to join me in memorializing the New York State Assembly to pass, and Governor Andrew M. Cuomo to sign, Assembly Bill 5165 (same as S1520). This bill is a necessary measure to keep dangerous sexual predators away from our young children.

Subject: Memorializing the New York State Legislature to Support a Proposal in Governor Andrew M. Cuomo’s 2015-16 Budget That Would Reduce the Impact of Retroactive Chargebacks to Counties for Youth Placed in State Facilities While also Decreasing Volatility and Providing More Certainty in Estimating Prospective Costs

In his 2012-13 State Budget Governor Andrew Cuomo introduced the “Close to Home” initiative, which reformed the appropriate placement of youths within the juvenile detention system. The State Legislature passed the proposal, citing its goals of reducing recidivism, providing much needed services to children at risk and their families in local communities, reducing excess capacity in the Office for Children and Family Services (OCFS) facilities that house these youth, and also reducing costs for the state and counties by eliminating the expenses associated with operating empty or underutilized facilities.

In addition, New York State has supported the Juvenile Detention Alternatives Initiative, which has produced positive results for local communities, and Monroe County has been proud to participate for the past several years. However, while these reforms have been implemented, the cost reduction for counties has yet to be realized, and, more concerning, individual placement costs in State facilities have continued to increase.

Due to these increased placement costs, OCFS has struggled to finalize rates for future years and it has left interim rates in place for the past several years. When these rates are eventually finalized at some point in the future, there is great risk that a lump sum payment for multiple years of retroactive payments will be demanded. The lack of consistent rates is even more alarming considering that these lump sum payments, if and when they occur, could easily exceed the entire allowable growth in a county’s property tax levy in a given year.

Seeing this potential fiscal disaster, Governor Cuomo has proposed a solution in his 2015-16 Budget which proposes to cap county costs in this system, as well as waive retroactive billings to counties. This effort provides important stability and predictability for county budgets.
around the state and should also lead to a solution that reduces volatility in placement costs in future years.

Therefore, we urge you to join us in memorializing the State Legislature to support this portion of the Governor’s budget proposal, which will lessen the pending financial strain of this reform initiative on local governments.

RE: Memorializing Governor Andrew Cuomo to immediately release the school aid runs to local school districts.

Honorable Legislators:

New York State has a long and proud tradition of supporting excellence in public education. In the most recent U.S. News Best High Schools Rankings, New York has the most public high schools listed in the top 100. Out of all the U.S News rankings, New York was second only to California in the number of schools that are considered the most successful at preparing students for college. It is no wonder that we take great pride in our local school districts and in providing a quality education for our children. In Monroe County, many of our school districts are thriving with high graduation rates and delivering innovative, exciting and rich curriculum to the students in their community.

Governor Andrew Cuomo’s 2015 Executive Budget Proposal in history which fails to contain detailed budgetary information about each local school district’s anticipated state aid. Because the State operates on a different fiscal year than the school districts, the state has traditionally provided school aid runs with the Executive Budget. This helps local districts to comply with their statutory obligation to present the community with a district budget in May. Local school districts also use this information to comply with reporting requirements for the property tax cap. This information is essential for our local school districts and withholding its release jeopardizes local school districts’ ability to engage in meaningful and transparent dialogue with the local community about the plans for the upcoming school year.
Therefore we urge this Honorable Body to join us in calling upon the Governor to stop playing politics with our children’s education and release the state aid estimates to local school districts immediately.

RE: Memorializing the New York State Assembly and Senate to support Governor Andrew Cuomo’s “Enough is Enough” Campaign to combat sexual assault on college and universities campuses.

Honorable Legislators:

New York State campuses are home to 1.2 million students. Campuses act as their home away from home and just like their own home, they should feel safe, secure and protected from harm’s way. Their loved ones should be able to sleep at night knowing that wherever they are there are policies in place to ensure that their health and safety remain number one, allowing them to focus on school.

Currently, New York State SUNY and CUNY campuses have existing policies in place that deal with sexual assault. Governor Cuomo has asked the Legislature to approve legislation that implement these policies universally for all college and university campuses. The Governor’s on-campus sexual assault prevention proposal includes the following components:

- A statewide definition of affirmative consent, defining consent as a clear, unambiguous, and voluntary agreement between the participants to engage in specific sexual activity;
- A statewide amnesty policy, to ensure that students reporting incidents of sexual assault or other sexual violence are granted immunity for certain campus policy violations, such as drug and alcohol use;
- A Sexual Violence Victim/Survivor Bill of Rights, which campuses will be required to distribute to all students in order to specifically inform sexual violence victims of their legal rights and how they may access appropriate resources. The Bill of Rights clearly states that
students are given the right to know they can report sexual assaults to outside law enforcement, including the State Police;
• Comprehensive training requirements for administrators, staff, and students, including at new student orientations.

This Legislative Body understands that victims of sexual assault suffer emotional and sometimes physical trauma by their assailants. We also recognize that many cases go unsolved and even more go unreported each year for a variety of reasons. The Governor has created a 24-hour hotline that will be dedicated for those who are or have been a victim of sexual assault. This line also will act as a reporting tool for those who hear or see anything on campus that they feel needs to be investigated.

We must do all that we can, to ensure that those who have chosen to continue their education are not subjected to sexual assault. That they have the ability to learn without fear and feel safe on campus as if it were their home.

Therefore, we urge you to join us in memorializing the State Legislature to pass Governor Andrew Cuomo’s legislation to combat sexual assault on college and university campuses in New York State.

RE: Calling on New York State to Fully Fund Indigent Legal Defense Provided by Counties

Honorable Legislators:

Across New York State, counties deal with state mandates. While many are fully funded, most of them are partially funded or completely un-funded. The counties are obligated by law to provide the mandated services, but often struggle to keep pace with rising costs. One of these mandated services is the indigent legal services provided by the Monroe County Public Defender’s Office. While they are currently partially funded by the state, the services are vital to ensuring every citizen in our community has access to professional legal defense, as guaranteed by the Supreme Court case, *Gideon v. Wainwright* in 1963 and the Constitution of the State of New York.

Monroe County’s Public Defender’s Office has a long standing reputation in the legal community for its professionalism, wide ranging legal experience, and overall excellence. However, like many county departments, it struggles with rising costs and the challenge of doing more with less to fulfill its mission. In fact, with twenty thousand new cases coming in per year, the need for a strong public defender’s office is as obvious as ever. Unfortunately, while the need for indigent legal services continues to exist, the funding provided by New York State has not kept pace with the case loads.

Therefore, we urge our colleagues to join us in calling on New York State to fully fund the vital legal services provided to the most vulnerable of our fellow citizens.

RE: Memorializing the United States Congress to increase HEAP Funding.

Honorable Legislators:

As the American population ages, it is incumbent upon every level of government to maintain the services that provide critical support for seniors, particularly those who live on low and fixed incomes.

Despite this generally recognized obligation, federal funding for the Home Energy Assistance Program (HEAP) declined from $5.1 billion in 2010 to $3.4 billion in 2014, a cut equaling approximately $100 dollars for the average grant recipient. In addition, the number of eligible households served has also declined from 8.1 million to 6.9 million.

This trend flies in the face not only of common sense, but also common decency. After decades of hard work, sacrifice and service to their nation and to their communities, our seniors should not be denied access to the most basic amenities, nor should they be denied the dignity they have earned.

Therefore, we respectfully request that this Honorable Body call upon Congressional Leaders to restore HEAP funding to the level necessary to meet the needs of America’s eligible senior citizens.

Subject: Authorize a Contract with Jay A. Supnick, Ph.D. d/b/a Law Enforcement Psychological Associates for the Pre-Employment Psychiatric and Psychological Testing of Deputy Sheriff Candidates and Post-Hire Evaluations of Employees

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Patrick M. O’Flynn.

I recommend that Your Honorable Body authorize a contract with Jay A. Supnick, Ph.D., d/b/a Law Enforcement Psychological Associates, in the amount of $80,000, for the pre-employment psychiatric and psychological testing of deputy sheriff candidates and post-hire evaluations of employees, for the period of May 1, 2015 through April 30, 2016, with the option to renew for two (2) additional one-year terms, in the amount of $80,000 per year.

As part of the hiring process, Dr. Supnick will conduct psychological and psychiatric testing for approximately two hundred seventy-five (275) candidates each year for possible employment as sheriff deputies. He will interview each candidate and report his findings to the Sheriff. In addition to pre-employment testing, Dr. Supnick will occasionally be asked by the Sheriff to evaluate existing employees to determine their mental fitness for duty and to consult with the special weapons and tactics team (SWAT) when it is deployed for certain high stress assignments, such as hostage recovery and negotiations.

A request for qualifications for pre-employment psychiatric and psychological testing services was issued and Jay A. Supnick, Ph.D. d/b/a Law Enforcement Psychological Associates was selected as the most qualified.

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract, and any amendments thereto, with Jay A. Supnick, Ph.D., d/b/a Law Enforcement Psychological Associates, 448 White Spruce Boulevard, Rochester, New York 14623, for the pre-employment psychiatric and psychological testing of deputy sheriff candidates and post-hire evaluations of employees, in the amount of $80,000, for the period of May 1, 2015 through April 30, 2016, with the option to renew for two (2) additional one-year terms, in the amount of $80,000 per year.
Environmental assessments were completed for this contract and it was determined that there would be no significant effect on the environment.

Funding for this contract is included in the 2015 operating budget of the Sheriff's Office, fund 9001, funds center 3806010000, Sheriff Staff Services. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Law Enforcement Psychological Associates, nor its principal officer, Jay A. Supnick, Ph.D., owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks  
County Executive
To The Honorable
Monroe County Legislature

Subject: Acceptance of an Environmental Protection Fund Round 11 Grant from the New York State Department of Environmental Conservation and Authorize Intermunicipal Agreements with the Village of East Rochester and the Towns of Henrietta and Irondequoit as Sub-Awards of the Environmental Protection Fund Round 11 Grant

Honorable Legislators:

I recommend that Your Honorable Body accept an Environmental Protection Fund Round 11 grant from the New York State Department of Environmental Conservation, in the amount of $418,372, for the implementation of strategies for retrofitting existing urban and suburban areas with green infrastructure to improve water quality, and authorize intermunicipal agreements with the Village of East Rochester and the Towns of Henrietta and Irondequoit, to implement green infrastructure retrofit projects, for the period of November 5, 2014 through December 31, 2016.

A list of the proposed retrofit projects to be completed by the village and towns is below. Monroe County will use its $119,000 of the grant funds, with a local match of $36,865, for construction of a new parking lot with porous pavement, bioswales, slope stabilization and signage at Abraham Lincoln Park. The selection of the sub-awards was determined by the Stormwater Coalition of Monroe County.

The specific legislative actions required are:

1. Authorize the County Executive, or her designee, to accept a $418,372 Environmental Protection Fund Round 11 grant from, and to execute a contract and any amendments thereto with, the New York State Department of Environmental Conservation, for the implementation of strategies for retrofitting existing urban and suburban areas with green infrastructure to improve water quality, for the period of November 5, 2014 through December 31, 2016.
2. Authorize the County Executive, or her designee, to act on behalf of the Monroe County Legislature in all matters related to State assistance under Environmental Conservation Law Articles 17, 51, and 56 and/or any applicable federal grant provisions.

3. Authorize the transmittal of one (1) certified copy of this Resolution to the Albany office of the New York State Department of Environmental Conservation by the Clerk of the Legislature.

4. Authorize the County Executive, or her designee, to execute intermunicipal agreements, and any amendments thereto, with the Village of East Rochester and the Towns of Henrietta and Irondequoit, in the amounts listed below, for Monroe County to provide sub-awards of the Environmental Protection Fund Round 11 grant, from the New York State Department of Environmental Conservation, to implement green infrastructure retrofit projects, in the total amount of $299,372, for the period of November 5, 2014 through December 31, 2016.

5. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

Environmental assessments were completed for this grant and it was determined that there would be no significant effect on the environment.

This grant requires a local match. The match funding is included in the 2015 Monroe County operating budget of the Department of Environmental Services, fund 9007, funds center 8572020200, Pure Waters Laboratory. Funding for these contracts is included in the 2015 operating grant budget of the Department of Environmental Services, fund 9300, funds center 8572020200, Pure Waters Laboratory. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks
County Executive

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize a Lease Agreement with the Monroe County Soil and Water Conservation District and Authorize a Contract for Stormwater Management Consulting Services

Honorable Legislators:

I recommend that Your Honorable Body authorize a lease agreement with the Monroe County Soil and Water Conservation District (MCSWCD) to continue to lease office space located at the Monroe County Fleet Center, Building 5, 145 Paul Road, for the period of January 1, 2015 through December 31, 2015, with the option to renew for four (4) additional one-year periods; and authorize a contract with the MCSWCD, in an amount not to exceed $100,000, for stormwater management consulting services, for the period of January 1, 2015 through December 31, 2015, with the option to renew for four (4) additional one-year periods.

Per Resolutions 97 and 98 of 2011, Your Honorable Body previously authorized a contract with the MCSWCD to provide services related to best practices in stormwater management and green infrastructure construction. Per Resolutions 270 of 2012 and 237 of 2014, Your Honorable Body authorized a lease agreement with the MCSWCD for office space at the Monroe County Fleet Center, Building 5, 145 Paul Road.

The MCSWCD will provide stormwater management consulting services for the period of January 1, 2015 through December 31, 2015 for a total cost of $100,000. The Stormwater Coalition of Monroe County will provide the funding for this contract to support stormwater mitigation activities conducted by its municipal members. The Stormwater Coalition of Monroe County will establish funding authorization as part of the annual budget process.

The MCSWCD will compensate the County with additional services in lieu of rent equivalent to the market-value annual rent of $20,000. The term of the lease will be concurrent with the stormwater management consulting contract with the MCSWCD and contain a 30-day termination clause. The lease may be renewed for an additional four (4) years when a stormwater management consulting contract is executed.

**The specific legislative actions required are:**

1. Authorize the County Executive, or her designee, to execute a lease agreement, and any amendments thereto, with the Monroe County Soil and Water Conservation District, to lease office space at the Monroe County Fleet Center, Building 5, 145 Paul Road, for the period of January 1, 2015 through December 31, 2015, with the option to renew for four (4) additional one-year periods.
2. Authorize the County Executive, or her designee, to execute a contract, and any amendments thereto, with the Monroe County Soil and Water Conservation District, 145 Paul Road, Rochester, New York 14624, in an amount not to exceed $100,000, for stormwater management consulting services, for the period of January 1, 2015 through December 31, 2015, with the option to renew for four (4) additional one-year periods.

Environmental assessments were completed for the Monroe County Soil and Water Conservation District lease and stormwater management consultant services, and it was determined that there would be no significant effect on the environment.

Funding for this contract is included in Trust Fund 9626, Stormwater Coalition. No additional net County support is required in the current Monroe County budget.

The Monroe County Soil and Water Conservation District is a not-for-profit agency, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Authorize a Contract with CHA Consulting, Inc. for Professional Engineering Services for the Frontier Field Stadium Renovation Project

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with CHA Consulting, Inc., in the amount of $55,879, for professional engineering services, for the Frontier Field Stadium Renovation Project.

Monroe County owns and maintains Frontier Field Stadium located at 1 Morrie Silver Way in the City of Rochester. Constructed in 1996, Frontier Field is home to the Rochester Red Wings minor league baseball team and hosts multiple events year round including festivals, concerts, sporting and other events. This project includes phased improvements to the stadium superstructure, seating bowl, infrastructure and building systems including mechanical, electrical and plumbing, heating, ventilation, and air conditioning, masonry and structural, building envelope, lighting, energy, and security systems and parking areas. This initial phase will involve preparation of a conditions assessment report.

Several consultants were considered, with CHA Consulting, Inc. rated the most qualified to provide professional engineering services for the project. CHA Consulting, Inc. will provide basic design services in the amount of $55,879.

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract with CHA Consulting, Inc., 16 West Main Street, Suite 830, Rochester, New York 14614, in the amount of $55,879, for professional engineering services, for the Frontier Field Stadium Renovation Project, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

Environmental assessments were completed for the Frontier Field Stadium Renovation Project and it was determined that there would be no significant effect on the environment.

Funding for this contract, consistent with authorized uses, is included in capital fund 1747 and any capital fund(s) created for the same intended purpose. No additional net county support is required in the current Monroe County budget.
The records in the Office of the Monroe County Treasury have indicated that neither CHA Consulting, Inc., nor any of its executive officers, owe any delinquent Monroe County property taxes. The executive officers of the firm are:

Rodney A. Bascom, President and Chief Operating Officer
Dom M. Bernardo, Executive Vice President and Chief Financial Officer
William S. Lucarelli, Executive Vice President
Michael A. Platt, Executive Vice President, General Counsel and Secretary
Raymond L. Rudolph, Jr., Chief Executive Officer
John Sobiech, Executive Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject:    Authorize a Contract with Clark Patterson Lee for Professional Engineering Services for the
Civic Center Complex Reconstruction Project

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Clark Patterson Lee, in the amount of $14,481, for professional engineering services, for the Civic Center Complex Reconstruction project.

Monroe County owns, operates and maintains the Civic Center Complex located in the City of Rochester. The complex was constructed in the late 1950’s and 1960’s and includes the Hall of Justice, Watts Building, Public Safety Building, Jail and the Civic Center Garage and Plaza. The County has completed several upgrades throughout the complex within the past several years. This project includes additional phased building infrastructure improvements to mechanical, electrical and plumbing, heating, ventilation and air conditioning, masonry and structural, utilities, life safety and security systems that support the various buildings. The initial phase will involve a physical assessment of the complex and recommendations for improvements.

Several consultants were considered, with Clark Patterson Lee rated the most qualified to provide professional engineering services for the project. Clark Patterson Lee proposes to provide basic design and special services in the amount of $14,481. A cost breakdown of these services is as follows:

| Basic Design Services | $14,081 |
| Special Services      | 400     |
| Total                 | $14,481 |

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract with Clark Patterson Lee, 205 St. Paul Street, Suite 500, Rochester, New York 14604, in the amount of $14,481, for professional engineering services, for the Civic Center Complex Reconstruction Project, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

Environmental assessments were completed for the Civic Center Complex Reconstruction Project, and it was determined that there would be no significant effect on the environment.
Funding for this contract, consistent with authorized uses, is included in capital fund 1593 and any capital fund(s) created for the same intended purpose. No additional net county support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Clark Patterson LeC, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Phillip J. Clark, Chief Executive Officer
Todd M. Liebert, President
Timothy Knapp, Senior Vice President
Kevin J. McOmber, Senior Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Amend the 2015-2020 Capital Improvement Program, the 2015 Capital Budget and Bond Resolution 158 of 2011 to Expand the Scope and Increase the Project Authorization of the Mill Seat Landfill Gas Plant 2 Project

Honorable Legislators:

I recommend that Your Honorable Body amend the 2015-2020 Capital Improvement Program, the 2015 Capital Budget and Bond Resolution 158 of 2011 to expand the scope and increase the project authorization of the Mill Seat Landfill Gas Plant 2 project.

This project includes design and construction of a 3.2 megawatt landfill gas (LFG) to electricity facility located adjacent to the Mill Seat Landfill in the Town of Riga. The total estimated cost of the project is $11,000,000. Monroe County currently owns a separate 6.4 megawatt facility at the landfill. The electricity produced by the new facility will be owned by the County. Separate electricity brokering and facility operation and maintenance agreements will come before Your Honorable Body for approval at a later date.

The current scope of the project is for planning and design in the amount of $1,000,000, which was authorized pursuant to Bond Resolution 158 of 2011. It is therefore necessary to expand the scope of the project to include construction and to increase the project authorization in the amount of $10,000,000, for a total project authorization of $11,000,000.

This project is scheduled to be considered by the Monroe County Planning Board on March 26, 2015.

The specific legislative actions required are:

1. Amend the 2015-2020 Capital Improvement Program to expand the scope of the "Mill Seat Landfill Gas Plant 2" project to include construction and provide for a $10,000,000 increase in the cost of the project, making the total project cost $11,000,000.
2. Amend the 2015 Capital Budget to expand the scope of the project to include construction and to increase funding for the “Mill Seat Landfill Gas Plant 2” project, in the amount of $10,000,000 from $1,000,000 to $11,000,000, for a total project authorization of $11,000,000.

3. Amend Bond Resolution 158 of 2011 to expand the scope of the project to include construction and to increase financing for the “Mill Seat Landfill Gas Plant 2” project, capital fund 1606, in the amount of $10,000,000 from $1,000,000 to $11,000,000, for a total authorization of $11,000,000.

Environmental assessments were completed for the Mill Seat Landfill Gas Plant 2 project and it was determined that there would be no significant effect on the environment.

Funding for this project, consistent with authorized uses, will be available in capital fund 1606 once the additional financing authorization requested herein is approved, and any subsequent capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Authorize a Contract with Popli Design Group for General Engineering Term Services

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Popli Design Group, in an annual amount not to exceed $100,000, for general engineering term services, for the period of May 1, 2015 through April 30, 2016, with the option to renew for one (1) additional one-year extension, with escalation for the extension to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

The scope of services generally consists of providing consultation, design, survey and mapping and construction inspection on an as-needed basis concerning upcoming signal, highway, bridge, or culvert projects scheduled for construction as part of the Department of Transportation’s highway major maintenance, capital culvert replacement program, traffic engineering or spot improvements program. The services will be used for design of projects to improve the condition of the roads surface, drainage improvements, including highway culverts, and increased safety by improving traffic signals, highway alignment, profile, and sight distance. The Department of Transportation does not routinely conduct in-house design and would utilize these services as an extension of its staff on an as-needed basis.

Several consultants were considered with Popli Design Group rated the most qualified.

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract, and any amendments thereto, with Popli Design Group, 555 Penbrooke Drive, Penfield, New York 14526, for general engineering term services, in an annual amount not to exceed $100,000, for the period of May 1, 2015 through April 30, 2016, with the option to renew for one (1) additional one-year extension, with escalation for the extension to be limited to an amount equal to the increase in the previous year’s Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

Environmental assessments were completed for this contract and it was determined that there would be no significant effect on the environment.
Funding for this contract, consistent with authorized uses, is included in various capital funds and any future capital fund(s) created for the same intended purpose, and is also included in the operating budget of the Department of Transportation, fund 9002, funds center 8002040000, Road Maintenance and fund 9002, funds center 8002050000, Consolidated Highway Improvement Project (CHIPS). No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Popli Design Group, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Om Popli, Managing Principal  
S. Jay Popli, Executive Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks  
County Executive

Subject: Authorize a Contract with LaBella Associates, D.P.C. for Engineering Services for the Expressway Lighting Condition Assessment in the County of Monroe

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with LaBella Associates, D.P.C., in the amount of $171,109.35, for engineering services, for the Expressway Lighting Condition Assessment in the County of Monroe.

This project involves an assessment of the Monroe County Expressway Lighting System, including approximately 2400 light poles and their associated hardware. The work includes conducting a visual field inspection of each lighting pole to assess their overall general condition and to identify damaged or missing components. The consultant will also review highway lighting maintenance records to identify any high maintenance areas. The consultant will prepare recommendations and cost estimates for repairing and replacing lighting system components. The current total project estimate is $171,109.35.

LaBella Associates, D.P.C. was the sole respondent to the Expression of Interest that was advertised. Based on their submission, Labella Associates, D.P.C. is considered capable and qualified for this project. LaBella Associates, D.P.C. proposes to provide these services in the amount of $171,109.35.

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract with LaBella Associates, D.P.C., 300 State Street, Suite 201, Rochester, New York 14614, in the amount of $171,109.35, for engineering services, for the Expressway Lighting Condition Assessment in the County of Monroe, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

Environmental assessments were completed for the Expressway Lighting Condition Assessment and it was determined that there would be no significant effect on the environment.
Funding for this contract, consistent with authorized uses, is included in capital fund 1631 and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither LaBella Associates, D.P.C., nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Sergio Esteban, Chairman of the Board/CEO
Robert Healey, President/Treasurer
Steven Metzger, Vice President/Secretary

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks

Subject: Authorize a Contract with Hunt Engineers, Architects, Land Surveyors & Landscape Architects, P.C. for Engineering Services for Rehabilitation of the Monroe County Regional Traffic Operations Center

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Hunt Engineers, Architects, Land Surveyors & Landscape Architects, P.C., in the amount of $69,661.46, for engineering services, for rehabilitation of the Monroe County Regional Traffic Operations Center (RTOC).

This project will update the RTOC building to make modifications for its current needs and preserve it for future use. The work includes identifying facility needs, evaluating and prioritizing the identified needs, and selecting the needs that will be advanced to design and rehabilitation. The current total project estimate is $497,000.

Major funding will be provided by Federal and New York State Department of Transportation funds in the amount of approximately 95% of the project cost with overall project administration by Monroe County.

Several consultants were considered, with Hunt Engineers, Architects, Land Surveyors & Landscape Architects, P.C. rated the most qualified for this project. Hunt Engineers, Architects, Land Surveyors & Landscape Architects, P.C. proposes to provide these services in the amount of $69,661.46.

A cost breakdown of these services is as follows:

<table>
<thead>
<tr>
<th>Service</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Design Services</td>
<td>$56,891.63</td>
</tr>
<tr>

Subject: Authorize a Contract with Keeler Construction Co., Inc. for Construction Services for the Highway Preventive Maintenance 1 Project in the Towns of Brighton, East Rochester, Irondequoit, Penfield, Perinton, Pittsford, and Webster

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Keeler Construction Co., Inc., in the amount of $3,765,674.85, for construction services, for the Highway Preventive Maintenance 1 Project in the Towns of Brighton, East Rochester, Irondequoit, Penfield, Perinton, Pittsford, and Webster.

This project involves the preventive maintenance of the following highway locations: Bay Road from Empire Boulevard to NY Route 104 in the Towns of Penfield and Webster; Culver Road from Norton Street to NY Route 104 in the Town of Irondequoit; Marsh Road from Pittsford-Perinton town line to NY Route 31F in the Towns of Perinton, Pittsford, and East Rochester; Penfield Road from NY Route 96 to Panorama Trail in the Towns of Brighton and Penfield; South Clinton Avenue from Elmwood Avenue to the City Line; Westfall Road from Lac de Ville Boulevard to NY Route 31; and South Winton Road from Westfall Road to the City Line in the Town of Brighton. The work varies by roadway, but includes pavement rehabilitation (milling and resurfacing of existing pavement and spot pavement base repairs), spot drainage repairs and cleaning, new traffic signal loops, and new pavement markings.

Major funding will be provided by Federal and New York State Department of Transportation funds in the amount of approximately 95% of the project cost with overall project administration by Monroe County.

The following five (5) bids were received on February 10, 2015:

Keeler Construction Co., Inc. $3,765,674.85
DiFiore Construction, Inc. 3,974,647.15
Villager Construction, Inc. 4,065,736.50
Sealand Contractors Corp. 4,122,000.05
Ramsey Constructors, Inc. 4,329,510.25

The bids have been reviewed and the Department of Transportation recommends the award of the contract to the lowest responsible bidder, Keeler Construction Co., Inc., in the amount of $3,765,674.85.

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract with Keeler Construction Co., Inc., 13519 West Lee Road, Albion, New York 14411, in the amount of $3,765,674.85, for construction services, for the Highway Preventive Maintenance 1 Project in the Towns of Brighton, East Rochester, Irondequoit, Penfield, Perinton, Pittsford, and Webster, and any amendments necessary to complete the project within the total capital fund(s) appropriation.
Environmental assessments were completed for the Highway Preventive Maintenance I Project and it was determined that there would be no significant effect on the environment.

Funding for this contract, consistent with authorized uses, is included in capital fund 1717 and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Keeler Construction Co., Inc., nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Mark D. Keeler, President, Treasurer
Thomas B. Keeler, Secretary

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks

Subject: Amend the 2015 Capital Budget and Bond Resolution 384 of 2014 to Provide for an Increase in Funding for the Elmwood Avenue – Lac deVille Boulevard Intersection Improvement Project in the Town of Brighton as Part of the Spot Improvement Projects Program and Authorize Contracts with Erdman Anthony and Associates, Inc. for Engineering Services and the New York State Department of Transportation

Honorable Legislators:

I recommend that Your Honorable Body amend the 2015 Capital Budget and Bond Resolution 384 of 2014 to provide an increase in funding for the Elmwood Avenue – Lac deVille Boulevard Intersection Improvement project in the Town of Brighton as part of the Spot Improvement Projects program, and authorize contracts with Erdman Anthony and Associates, Inc., in the amount of $124,466.24, for engineering services, and a contract with the New York State Department of Transportation.

Your Honorable Body, through Bond Resolution 384 of 2014, authorized financing for the spot improvement projects program. A component of that authorization, involves intersection improvements. The Elmwood Avenue – Lac deVille Boulevard improvement project in the Town of Brighton consists of widening from four to five lanes to create left turn lanes in the eastbound and westbound direction at the intersection and installing a traffic signal. The current total project estimate is $1,065,000.

Monroe County was informed on December 11, 2014 that we are receiving $210,000 from the Highway Safety Improvement Program for the preliminary engineering and final design of the Elmwood Avenue – Lac deVille Boulevard Intersection improvement project. Therefore, it is necessary to amend the 2015 Capital Budget at this time to increase the funding for the Spot Improvement Projects program by $210,000, from $1,000,000 to $1,210,000. The total increase in funding will be supported 100% from Federal and State aid.

Several consultants were considered, with Erdman Anthony and Associates, Inc. rated the most qualified for this project. Erdman Anthony and Associates, Inc. proposes to provide these services in the amount of $124,466.24.

A cost breakdown of these services is as follows:

Design Services $ 72,150.67
Special Services 42,220.36
Construction Services 10,095.21
Total $124,466.24
The specific legislative actions required are:

1. Amend the 2015 Capital Budget to increase funding for the Elmwood Avenue – Lac deVille Boulevard Intersection improvement project in the Town of Brighton as part of the Spot Improvement Projects program, in the amount of $210,000 from $1,000,000 to $1,210,000, for a total project authorization of $1,210,000.

2. Amend Bond Resolution 384 of 2014 to increase financing for the Elmwood Avenue – Lac deVille Boulevard Intersection improvement project in the Town of Brighton as part of the Spot Improvement Projects program, capital fund 1692, in the amount of $210,000 from $1,000,000 to $1,210,000, for a total project authorization of $1,210,000.

3. Authorize the County Executive, or her designee, to execute a contract with Erdman Anthony and Associates, Inc., 145 Culver Road, Suite 200, Rochester, New York 14620, in the amount of $124,466.24, for engineering services, for the Elmwood Avenue – Lac deVille Boulevard Intersection improvement project in the Town of Brighton as part of the Spot Improvement Projects program, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

4. Authorize the County Executive, or her designee, to execute a contract, and any amendments thereto, with the New York State Department of Transportation, for the Elmwood Avenue – Lac deVille Boulevard Intersection improvement project in the Town of Brighton as part of the Spot Improvement Projects program.

Environmental assessments were completed for the Elmwood Avenue – Lac deVille Boulevard Intersection improvement project in the Town of Brighton as part of the Spot Improvement Projects program and it was determined that there would be no significant effect on the environment.

Funding for this contract, consistent with authorized uscs, will be available in capital fund 1692 once the additional financing authorization requested herein is approved and in any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Erdman Anthony and Associates, Inc., nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Curt W. Helman, President, CEO
Stephen Easton, Controller
David Lazzar, Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks
County Executive

Subject: Acceptance of a Grant from the National Association of County and City Health Officials for the Medical Reserve Corps Capacity Building Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the National Association of County and City Health Officials, in the amount of $3,500, for the Medical Reserve Corps Capacity Building Program, for the period of January 7, 2015 through July 31, 2015.

Monroe County has been actively involved in a civil preparedness initiative to help respond to a public health emergency. Part of that initiative is establishing, training and maintaining a Medical Reserve Corps of volunteers to support the medical response needs during a public health emergency, such as an Anthrax attack or a severe pandemic influenza outbreak. Monroe County established a Medical Reserve Corps in 2005. The purpose of this grant is to assist Medical Reserve Corps units in further development through increased volunteer recruitment and training/exercises to educate volunteers and enhance Medical Reserve Corps volunteer readiness. Funds will be used to purchase personal preparedness supplies to better prepare Medical Reserve Corps volunteers and increase their capacity. This will be the eighth year the County has received this grant. This year's funding represents the same amount as last year.

The specific legislative actions required are:

1. Authorize the County Executive, or her designee, to accept a $3,500 grant from, and to execute a contract and any amendments thereto with, the National Association of County and City Health Officials, for the Medical Reserve Corps Capacity Building Program, for the period of January 7, 2015 through July 31, 2015.

2. Amend the 2015 operating grant budget of the Department of Public Health by appropriating the sum of $3,500 into fund 9300, funds center 5801090000, Public Health Preparedness.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolition of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

Environmental assessments were completed for this grant and it was determined that there would be no significant effect on the environment.

This grant is 100% funded by the National Association of County and City Health Officials. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks  
County Executive

Subject: Acceptance of a Grant from the New York State Department of Health for the Early Intervention Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Department of Health, in the amount of $332,214, for the Early Intervention Program, for the period of October 1, 2014 through September 30, 2015.

The Early Intervention Program ensures that families of infants and toddlers with suspected or confirmed developmental delays receive services appropriate to their needs through the provision of service coordination and development of Individualized Family Service Plans. The purpose of this grant is to provide administration, oversight and development of the Monroe County Early Intervention Program by Monroe County Department of Public Health staff. The funding will support existing administrative salaries, benefits and other program costs. This will be the twentieth year the County has received this grant. This year’s funding represents the same amount as last year.

The specific legislative actions required are:

1. Authorize the County Executive, or her designee, to accept a $332,214 grant from, and to execute a contract and any amendments thereto with, the New York State Department of Health, for the Early Intervention Program, for the period of October 1, 2014 through September 30, 2015.

2. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.
3. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

Environmental assessments were completed for this grant and it was determined that there would be no significant effect on the environment.

Funding for this grant is included in the 2015 operating grant budget of the Department of Public Health, fund 9300, funds center 5807010000, Early Intervention Administration. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks
County Executive

Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Department of Health for the Children with Special Health Care Needs Program

Honorable Legislators:

I recommend that Your Honorable Body accept a three-year grant from the New York State Department of Health, in an amount not to exceed $190,677, for the Children with Special Health Care Needs Program, for the period of October 1, 2014 through September 30, 2017.

The purpose of this grant is to provide education, referral and outreach services to children with special health care needs. Funds will be used to support administrative services and existing positions to run the program. This will be the sixteenth year the County has received this grant. This year’s annualized funding represents an increase of $4,933 from the previous 12-month period.

The specific legislative actions required are:

1. Authorize the County Executive, or her designee, to accept a three-year grant in an amount not to exceed $190,677 from, and to execute a contract and any amendments thereto with, the New York State Department of Health, for the Children with Special Health Care Needs Program, for the period of October 1, 2014 through September 30, 2017.

2. Amend the 2015 operating grant budget of the Department of Public Health by appropriating the sum of $4,933, into fund 9300, funds center 5803010000, Maternal/Child Administration.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.
Environmental assessments were completed for this grant and it was determined that there would be no significant effect on the environment.

Partial funding for the first year of this grant is included in the 2015 operating grant budget of the Department of Public Health, fund 9300, funds center 5803010000, Maternal/Child Administration. The appropriated amount will adjust the current annual funding to that established by the grant.

This grant is 100% funded by the New York State Department of Health. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks
County Executive

Subject: Acceptance of a Grant from the United States Environmental Protection Agency for Continuation of Delisting Processes for the Rochester Embayment Area of Concern Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the United States Environmental Protection Agency, in the amount of $200,000, for the Continuation of Delisting Processes for the Rochester Embayment Area of Concern Program, for the period of October 1, 2014 through September 30, 2016.

The purpose of this grant is to support the coordination and implementation of the Rochester Embayment Remedial Action Plan. Monroe County, in partnership with the New York State Department of Environmental Conservation, developed the Stage I and Stage II Remedial Action Plans (RAP) for the Rochester Embayment of Lake Ontario. Key components of this project will include: tracking and documenting remedial activities and progress towards delisting by means of semi-annual reports; coordinating RAP public participation; and, providing continued oversight for several, high-priority remedial and monitoring actions as identified in Stage II RAP and subsequent documents. The funds will be used to partially fund existing positions within the Monroe County Department of Public Health’s Division of Environmental Health. This is the third time the County has received this grant. This year’s funding represents an annualized increase of $2,940 from the previous 12-month period.

The specific legislative actions required are:

1. Authorize the County Executive, or her designee, to accept a $200,000 grant from, and to execute a contract and any amendments thereto with, the United States Environmental Protection Agency, for the Continuation of Delisting Processes for the Rochester Embayment Area of Concern Program, for the period of October 1, 2014 through September 30, 2016.

2. Amend the 2015 operating grant budget of the Department of Public Health by appropriating the sum of $200,000 into fund 9300, funds center 5806120000, Water Quality Programs.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any encumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

Environmental assessments were completed for this grant and it was determined that there would be no significant effect on the environment.

This grant is 100% funded by the United States Environmental Protection Agency. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks
County Executive

Subject: Authorize a Contract with Nurse-Family Partnership (National Service Office) for Support of the Nurse-Family Partnership Program

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Nurse-Family Partnership (National Service Office), in an amount not to exceed $34,376, for support of the Nurse-Family Partnership (NFP) program, for the period of January 1, 2015 through December 31, 2015.

This contract will support the County's existing NFP program. The NFP program is an evidence-based nurse home visiting program that has been rigorously evaluated and includes expertly trained nurses delivering the services per a standard curriculum. The NFP program provides home visits to high-risk, first time mothers, their infants and families to improve their pregnancy outcomes and their health, well-being and self-sufficiency. The national office of Nurse-Family Partnership provides services to communities in implementing and sustaining the NFP program, including program implementation support, education of nurse home visitors and supervisors and ongoing clinical support, agency management and operations support, evaluation, reporting and quality improvement support, federal policy and program financing support, and marketing and community outreach resources.

It has been determined that Nurse-Family Partnership (National Service Office) is a sole source provider for the NFP program services as they have the exclusive rights to replicate the NFP program.

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract and any amendments thereto, with Nurse-Family Partnership (National Service Office), 1900 Grant Street, Suite 400, Denver, Colorado, 80203, for support of the Nurse-Family Partnership program, in an amount not to exceed $34,376, for the period of January 1, 2015 through December 31, 2015.
Environmental assessments were completed for this contract and it was determined that there would be no significant effect on the environment.

Funding for this contract is included in the 2015 operating budget and operating grant budget of the Department of Public Health, fund 9300 and fund 9001, funds center 5803050000, Nurse-Family Partnership. No additional net County support is required in the current Monroe County budget.

Nurse-Family Partnership is a not-for-profit entity, and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks

Subject: Authorize Contracts for the Provision of Forensic Pathology Services to the Monroe County Office of the Medical Examiner

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with the individuals listed in Attachment A, in a total aggregate amount not to exceed $150,000, for the provision of forensic pathology services to the Monroe County Office of the Medical Examiner (MCOME), on an as needed basis, for the period of February 1, 2015 through December 31, 2015, with the option to renew for two (2) additional one-year periods, in a total aggregate amount not to exceed $150,000 per year.

Currently, there are only two (2) full-time Forensic Pathologists at the MCOME attempting to address over 2,800 cases received annually. While a search is being conducted for two (2) additional full-time Forensic Pathologists, these contracts are needed to ensure continued operations during this search period. Under the terms of these contracts, the individuals in Attachment A will provide forensic pathology services on an as-needed basis, as determined by the Monroe County Medical Examiner and will perform those necessary examinations in a manner consistent with currently acceptable forensic pathology practices.

A request for qualifications was issued, with the individuals listed in Attachment A selected as the most qualified to provide these services.

The specific legislative action required is to authorize the County Executive, or her designee, to execute contracts, and any amendments thereto, with the individuals listed in Attachment A, for the provision of forensic pathology services at the Monroe County Office of the Medical Examiner, on an as-needed basis, paid at the agreed rate, in a total aggregate amount not to exceed $150,000, for the period of February 1, 2015 through December 31, 2015, with the option to renew for two (2) additional one-year periods, in a total aggregate amount not to exceed $150,000 per year.

Environmental assessments were completed for these contracts and it was determined that there would be no significant effect on the environment.
Funding for these contracts is included in the 2015 operating budget of the Department of Public Health, fund 9001, funds center 5804010000, Forensic Pathology & Administration. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that none of the individuals listed in Attachment A owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks
County Executive
March 6, 2015

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Proposed In Rem Tax Foreclosure Action No. 140
City of Rochester and Towns of Brighton, et al.

Honorable Legislators:

I recommend that Your Honorable Body authorize an in rem tax foreclosure proceeding against the delinquent properties contained in the List of Delinquent Taxes and Properties attached hereto.

These are all of the properties affected by unpaid tax liens held and owned by the County of Monroe for a period of one (1) year or more from the date on which the said properties affected by said tax liens were sold, and all other transcripts of the delinquency affecting the parcels enumerated. These parcels are of sufficient delinquency to be foreclosed under the provisions of the Monroe County In Rem Tax Foreclosure Act.

The specific legislative action required is that the Legislature of the County of Monroe authorize and direct that foreclosure proceedings in rem be conducted and consummated by separate and individual action against the properties listed therein.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

No additional net county support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks
County Executive

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize the Conveyance of a Permanent Easement on Property Owned by Monroe County to Rochester Gas and Electric Corporation for Utility Purposes at 557 Manitou Beach Road in the Town of Greece

Honorable Legislators:

I recommend that Your Honorable Body authorize the conveyance of a permanent easement on property owned by Monroe County to Rochester Gas and Electric Corporation for utility purposes at 557 Manitou Beach Road in the Town of Greece described as follows:

<table>
<thead>
<tr>
<th>Parcel</th>
<th>Grantee</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>

<tr>
<td>T.A. #017.03-2.7/HILT</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Town of Greece</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

The specific legislative action required is to authorize the County Executive, or her designee, to convey a permanent easement on property owned by Monroe County to Rochester Gas and Electric Corporation for utility purposes at 557 Manitou Beach Road, tax identification #017.03-2.7/HILT, in the Town of Greece, and to execute all documents necessary for the conveyance.

Environmental assessments were completed for the conveyance of a permanent easement for utility purposes at 557 Manitou Beach Road and it was determined that there would be no significant effect on the environment.

No net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that the property owner listed above does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks
County Executive

Subject: Erroneous Assessments - Corrections and Cancellations

Honorable Legislators:

I recommend that Your Honorable Body approve the corrections and cancellations of certain Monroe County taxes in the Towns of Brighton, Gates, Greece, Irondequoit and the City of Rochester as per the attached list prepared by the Department of Finance, Real Property Tax Services.

The corrections and cancellations are requested because of clerical errors as described by statute.

The specific legislative action required is approval of the taxpayers’ applications.

No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks
County Executive
Listed below is pertinent information from applications for corrected tax roll. Real Property Tax Service Agency has the original applications and support material available for review if needed. The Real Property Tax Director is recommending the correction and cancellation of certain Monroe County taxes because the same are erroneous.

The tax account hereinafter set forth lists the tax account number, applicant owner, property location, tax year(s), amount of taxes currently due, amount of corrected taxes, amount of taxes to be cancelled and the reason for their correction.

**Town of Gates:** Tax Account No. 104.17-1-59, Virginia C. Smith and Patricia E. Fields, 533 Wegman Rd., Rochester, NY 14624. Property Location: 533 Wegman Rd. To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Amend the 2015-2020 Capital Improvement Program, the 2015 Capital Budget and Bond Resolution 5 of 2014 to Expand the Scope and Increase the Project Authorization and Authorize Acceptance of a New York State Environmental Facilities Corporation Green Innovation Grant Program Award, a Monroe Community College Association, Inc. Award and Matching Funding from the State University of New York for the Monroe Community College Downtown Campus Project

Honorable Legislators:

I recommend that Your Honorable Body amend the 2015-2020 Capital Improvement Program, the 2015 Capital Budget and Bond Resolution 5 of 2014 to expand the scope and increase the project authorization and authorize acceptance of a New York State Environmental Facilities Corporation Green Innovation Grant Program (NYSEFC GIGP) award, a Monroe Community College Association, Inc. (MCC Association, Inc.) award and matching funding from the State University of New York (SUNY) for the Monroe Community College (MCC) Downtown Campus Project.

This project involves the design and construction of a new MCC Downtown Campus located at 321 State Street in the City of Rochester. In June 2013, Monroe County acquired several existing buildings and a portion of a surface parking lot formerly owned by the Eastman Kodak Company. The buildings will be renovated to accommodate a new, approximately 250,000 square feet MCC Downtown Campus. The project will also include improvements to the existing parking lot, as well as major utility work needed to separate services between adjacent Kodak buildings and the new Downtown Campus. The MCC Downtown Campus Main Bid Construction Project will be advertised in April of 2015.

By Bond Resolution 5 of 2014 Your Honorable Body authorized $72,000,000 for the project with funding provided by Monroe County and SUNY capital funding (50% each). Additional funding in the amount of $6,000,000 has been secured through a combination of a NYSEFC GIGP award ($1,639,000), an MCC Association, Inc. award ($1,361,000) and SUNY capital funding ($3,000,000). The NYSEFC GIGP award will be used to construct green infrastructure (roofs) on portions of the campus to improve the overall water quality of the project. The MCC Association, Inc. award and additional SUNY capital funding will be used to construct the overall project. It is necessary to expand the scope of the project to include construction of green infrastructure and to increase the project authorization in the amount of $6,000,000, for a total project authorization of $78,000,000.

This project is scheduled to be considered by the Monroe County Planning Board on March 26, 2015.
The specific legislative actions required are:

1. Amend the 2015-2020 Capital Improvement Program to expand the scope of the “Monroe Community College Downtown Campus” project to include construction of green infrastructure and provide for a $6,000,000 increase in the cost of the project, making the total project cost $78,000,000.

2. Amend the 2015 Capital Budget to expand the scope of the project to include construction of green infrastructure and to increase funding for the “Monroe Community College Downtown Campus” project, in the amount of $6,000,000 from $72,000,000 to $78,000,000, for a total authorization of $78,000,000.

3. Amend Bond Resolution 5 of 2014 to expand the scope of the project to include construction of green infrastructure and to increase financing for the “Monroe Community College Downtown Campus” project, capital fund 1665, in the amount of $6,000,000 from $72,000,000 to $78,000,000, for a total authorization of $78,000,000.

4. Authorize the County Executive, or her designee, to accept a $1,639,000 Green Innovation Grant Program award from and to execute a contract and any amendments thereto with, the New York State Environmental Facilities Corporation, for the “Monroe Community College Downtown Campus” project.

5. Authorize the County Executive, or her designee, to accept a $1,361,000 award from and to execute a contract and any amendments thereto with, the Monroe Community College Association, Inc., for the “Monroe Community College Downtown Campus” project.

6. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

An environmental review will be completed for the Monroe Community College Downtown Campus green infrastructure prior to Your Honorable Body taking final action on this matter.

Funding for this project, consistent with authorized uses, is and will be available in capital fund 1665 once the additional financing authorization requested herein is approved, and any other subsequent capital fund(s) created for the same intended purpose. No additional net county support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

[Signature]
Maggie Brooks
County Executive
March 6, 2015

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize Contracts with The Springut Group, Inc., Roc City Rib Fest LLC, and Joseph Alessi for Ticketed Events in Monroe County Parks

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with The Springut Group, Inc., Roc City Rib Fest LLC, and Joseph Alessi for Ticketed Events in Monroe County Parks.

- The Springut Group, Inc. for the Summer 2015 Concert Series in Highland Park for no more than five (5) concert dates to be scheduled between June 1 and September 30, 2015. This is the tenth year that the Springut Group, Inc. will produce concerts in Highland Park.

- The Springut Group, Inc., for the Big City BBQ and Blues Festival in Highland Park South from July 9 through July 12, 2015. The event has been held in Highland Park South since 2008.

- Roc City Rib Fest LLC for the ROC CITY Rib Festival in Genesee Valley Park from May 22 through May 25, 2015. It is the event’s eighth year in existence and its seventh year in a Monroe County Park.

- Joseph Alessi for a food truck rodeo event in Ellison Park on August 22, 2015. This will be the first year that Joseph Alessi will produce this event in Ellison Park.

At the sole discretion of the County, the above organizations will be responsible for certain facets of their event(s), including, but not limited to: security, site containment, traffic, off-site parking, accounting of ticket sales, a certificate of insurance, clean up and repair, if necessary. If vendors will be on site at these events, the organizations are required to apply for and receive approval for single day Special Sales Permits. The Parks Department requires the associated vendors to supply a copy of health department permit(s) and liquor license(s). In addition, these organizations are responsible for any associated special usage applications and fees, and lodge and shelter rental fees.

The specific legislative actions required are:

1. Authorize the County Executive, or her designee, to execute a contract, and any amendments thereto, with The Springut Group, Inc., 97 Park Avenue, Rochester, New York 14607, for the Summer 2015 Concert Series in Highland Park for no more than five (5) concert dates scheduled from June 1 through September 30, 2015, with 10% of each ticket sold to be deposited into the Monroe County Parks Department budget.
2. Authorize the County Executive, or her designee, to execute a contract, and any amendments thereto, with The Springut Group, Inc., 97 Park Avenue, Rochester, New York 14607, for the Big City BBQ and Blues Festival in Highland Park from July 9 through July 12, 2015, with 10% of each ticket sold to be deposited into the Highland Park Trust Fund.

3. Authorize the County Executive, or her designee, to execute a contract, and any amendments thereto, with Roc City Rib Fest LLC, 44 San Gabriel Drive, Rochester, New York 14610, for the ROC CITY Rib Festival in Genesee Valley Park from May 22 through May 25, 2015, with 10% of each ticket sold to be deposited into the Horticultural Trust Fund.

4. Authorize the County Executive, or her designee, to execute a contract, and any amendments thereto, with Joseph Alessi, 47 Newport Road, Rochester, New York 14622, for a food truck rodeo event in Ellison Park on August 22, 2015, with 10% of each ticket sold to be deposited into the Monroe County Parks Department budget.

Environmental assessments were completed for these contracts and it was determined that there would be no significant effect on the environment.

These contracts are revenue generating and no net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither The Springut Group Inc., nor its principal officer, Jeff Springut, President, owe any delinquent Monroe County property taxes.

The records in the Office of the Monroe County Treasury have indicated that neither Roc City Rib Fest LLC, nor its principal officers, Brian Wemett and Todd Krupa, owe any delinquent Monroe County property taxes.

The records in the Office of the Monroe County Treasury have indicated that Joseph Alessi does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Maggie Brooks
County Executive
