RE: Dedicating the Legislative Chambers after Joanne Van Zandt, Former County Legislator and First Woman President of the Legislature

Honorable Legislators:

Monroe County is the birthplace of the Women’s Suffrage movement and this year marks the 100th anniversary. With the recent passing of former County Legislator Joanne Van Zandt, it is fitting that we honor her contributions towards the advancement of women in government. While serving 5 consecutive terms in the legislature from 1977 to 1992, Joanne earned the distinction of becoming the first woman to hold the position of President of the Legislature. Her passion for women’s rights led her to become a role model and a trailblazer for women in government throughout Monroe County.

Joanne’s involvement in the community was diverse. Though her efforts in women’s rights and government are well known, she was also extremely active with local community organizations and historic preservation. As a member of several organizations such as the Landmark Society of Western New York, Monroe Community Hospital and the Girl Scouts of Genesee Valley, Joanne consistently volunteered throughout her community and fought for the historic preservation of area landmarks. In fact, she was instrumental in preserving the historic integrity of the Legislative Chambers.

Joanne’s contributions to our community distinguished her as a role model, her efforts advancing women in politics made her a pioneer. Therefore, in memory of Joanne Van Zandt and in conjunction with the centennial anniversary of the Women’s Suffrage movement, we ask that this Honorable Body dedicate the Monroe County Legislative Chambers after Joanne Van Zandt.

This resolution will have no impact on the Monroe County Budget.

Re: Memorializing New York State to Fund All Impacted County Departments and Agencies with the Full Costs Related to Raising the Age of Criminal Responsibility to 18 Years of Age

Honorable Legislators:

The Governor is prioritizing fundamental reform of the juvenile justice system in New York State, including a statutory change to the age of criminal responsibility. This requires a major investment in services based on the children and family social services model. Many of the services will produce a need for greater job-training skills, education, and other interventions.

The New York State budget that passed in early April raises the age of criminal responsibility from age 16 to age 18. Since the State is not fully funding the new costs associated with the additional staff and services required by the NYS budget, these costs are expected to be incurred by counties. This reckless action is harmful for our local taxpayers because it will yield additional local government operating costs with no fiscal reimbursement.

Raising the age of criminal responsibility will have immediate economic impacts on Monroe County. This reform requires the County to create family service centers, expand its law department, and transport all juvenile offenders to a separate facility. Moving these individuals to the children's detention center in Rush would require a $10 to $13 million expansion and another $7.5 million investment to more than double the number of beds. With the state not fully funding this, it is anticipated that our taxpayers will shoulder this burden.

The Governor’s budget recommends that the violation level offenses of Harassment in the Second Degree and Disorderly Conduct shall also be diverted to Probation Departments for intake and diversion services; this would add a previously unseen population to the workload of the Probation staff. By doing this, Governor Cuomo is making the recommendation that Probation Departments hire Family Engagement Specialists and provide a continuum of Diversion services that range from minimal intervention for low risk youth to evidence-based
service for high risk youth. This is yet another burden that will come at the cost of Monroe County taxpayers.

The Senate says they will ensure that any changes necessary to achieve these reforms will have no added financial burden to the counties or other local municipalities. However, it does not spell out clearly in the budget that Raise the Age will be 100 percent funded by the State.

Therefore, I urge you to join me in calling upon the New York State Legislature to enact legislation that obliges the State to fully fund all costs associated with changing the age of criminal responsibility.

Re: Memorializing the New York State Legislature to Pass and Governor Andrew M. Cuomo to Sign Assembly Bill A04271 and Senate Bill S04368 Regarding the Creation of Melinda’s Law in Relation to the Basis for the Removal of Children

Honorable Legislators:

Cases of domestic abuse, both physical and psychological, are inexcusable and upsetting. These situations are often complicated and intensified when there are children involved. In many cases, victims of abuse may justify not going to authorities as they believe it may result in the removal of their children from the home. Abusers will often use this as a threat to keep their abused spouses from seeking help and unfortunately, there is no formal law that prevents this from happening.

Assembly Bill A04271 and Senate Bill S04368 create Melinda’s Law which would protect victims of domestic abuse by allowing them to report abuse without possibly compromising their relationships with their children. This bill also provides for additional protection after the domestic abuse has been reported. Melinda’s Law aims to do this with the goal that non-abusive spouses will be considered for custody of children and that there would be an order of protection issued after custody has been granted. The bill seeks the best interest of the children, therefore, custody would only be granted to the victim parent if they are believed to be able to care for the children. This bill allows for judicial discretion to be used by the court to decide the best and safest option for children.

Victims and children of domestic abuse should always be protected. Passing this bill would ensure that steps are being taken to end domestic abuse and keep children in capable hands. This bill would also encourage more victims to come forward to authorities in cases of domestic abuse as there would be less of a fear of children being taken away by authorities. Therefore, I urge you to join us in calling on the New York State to pass Assembly Bill A04271 and Senate Bill S04368 which enact Melinda’s Law which aims to protect victims of domestic abuse.

RE: Memorializing the New York State Legislature to Pass A06994 and S05447, and Governor Andrew Cuomo to Sign into Law, An Act to Establish Extreme Risk Protection Orders to Prohibit Certain Individuals from Purchasing Firearms

Honorable Legislators,

In March, 2017, the above-named proposal was introduced in the New York State Legislature to establish Extreme Risk Protection Orders (ERPO), in an effort to keep guns out of the hands of domestic abusers and/or those in crisis. New York is one of twenty states that proposed this new ERPO legislation.

Extreme Risk Protection Orders have been effective in temporarily preventing people in crisis from having access to guns, while respecting rights to due process. As a result of many discussions among legislators, prosecutors, law enforcement, and research conducted by public health advocates, practical steps have been proposed to help save lives.

Extreme Risk Protection Orders could prevent mass shootings, suicides, romantic partner shootings, and individual family tragedies. Currently, there is a multi-state effort to enact state legislation in two key areas: Proposals in 20 states to create Extreme Risk Protection Orders, which enable family and law enforcement to prevent gun tragedies by petitioning a court to temporarily restrict access to firearms for individuals who are at risk of hurting themselves or others, and to enact stronger laws aimed at removing guns from domestic abusers. Both of these initiatives are based on strong empirical evidence from experts in gun violence and public health regarding circumstances that lead to a heightened risk of gun violence, and practical steps that can be taken to prevent it.
Therefore, we urge you to join us in memorializing the New York State Assembly and the New York State Senate to pass A06994 and S05447, and Governor Andrew Cuomo to sign into law, an act to prohibit certain individuals from purchasing firearms.

Re: Memorializing the New York State Legislature to Pass, and Governor Cuomo to Sign into Law, the ‘Tax Returns Uniformly Made Public Act’

Honorable Legislators:

In a longstanding tradition of accountability and transparency, presidential candidates have released their tax returns since the early 1950s. When releasing his own tax records in 1973 to clear up questions about a previous charitable donation, President Richard Nixon was quoted as saying, ‘people have got to know whether or not their president is a crook. Well I am not a crook.’ This precedent has been followed by candidates of all parties and used as a tool to show that each candidate could serve without conflicts of interest.

The custom of releasing tax returns, informal though it is, has become such an integral part of a presidential campaign that when then candidate Donald Trump refused to do so, it was national news. Even after his election, an ABC/Washington Post poll found 74% of respondents still thought President Trump should release his tax returns. Refusing to do so has left many Americans wondering if there are conflicts of interest he may be trying to hide from the public eye.

In response to calls of greater accountability and transparency, New York State Senator Brad Hoylman and New York State Assemblywoman Patricia Fahy have introduced the ‘Tax Returns Uniformly Made Public Act.’ This bill (S26/A4072) would require presidential and vice presidential candidates that wish to appear on the official general election ballot in New York to provide tax return information that would be posted, with appropriate redactions, on the New York State Board of Elections website for the public to view. It would also bar electors in the electoral college from casting votes for any candidate who has failed to comply with this law.
In government and as elected officials we have the responsibility to root out corruption and provide an accountable and transparent government citizens can be proud of. This bill would take a step in that direction, and therefore we urge you to join us in memorializing the New York State Legislature to pass, and Governor Cuomo to sign into law, the 'Tax Returns Uniformly Made Public Act.'

Honorable Legislators:

I recommend that Your Honorable Body approve Monroe County’s 2017 Annual Action Plan for Housing and Community Development in Suburban Monroe County and Grant Submission to the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG), Home Investment Partnerships Program (HOME) and Emergency Solutions Grants (ESG) programs.

Approval of this submission by HUD will provide the County with funding in the amount of $2,385,318 for the period August 1, 2017 to July 31, 2018. 4. Authorize the County Executive, or her designee, to execute all contracts, including intermunicipal agreements, and any amendments thereto, that are necessary to carry out the administration of the Community Development Block Grant, Home Investment Partnerships Program and Emergency Solutions Grants programs.

5. Authorize the County Executive, or her designee, to execute all agreements, debt instruments, and other documents for each loan, grant, relending project or activity which may be approved under the United States Department of Housing and Urban Development (HUD) Section 108 Loan Guarantee Assistance program, pursuant to Section 168.00 of the Local Finance Law, and to accept, receive and reappropriate funds which are borrowed from HUD or any other party, and relend the same to qualified borrowers.

6. Authorize the County Executive, or her designee, to approve the use of contingency funds or funds reprogrammed from current or prior years pursuant to the United States Department of Housing and Urban Development regulations.

7. Authorize the County Executive, or her designee, to accept, receive and appropriate or reappropriate any funds which accrue to the Community Development Office in the form of program income for use in connection with programs offered or funded by the Community Development Office, which administers the grants. All such income shall be utilized in accordance with the United States Department of Housing and Urban Development regulations governing the use of program income.

8. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

9. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify such program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law, and where applicable, the terms of any labor agreement affecting such positions.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

This grant is funded by the U.S. Department of Housing and Urban Development. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Authorize Intermunicipal Agreements and Contracts with Fire Agencies for Vehicle Mobile Data Terminal Access to the Monroe County 911 Computer Aided Dispatch System

Honorable Legislators:

I recommend that Your Honorable Body authorize intermunicipal agreements and contracts with fire agencies for vehicle mobile data terminal access to the Monroe County 911 Computer Aided Dispatch (CAD) system, for the period of July 1, 2017 through June 30, 2022, with the option to renew for three (3) additional five-year terms.

Currently, fire agencies throughout Monroe County communicate on the radio for routine call traffic such as: en route, on scene, and returning to service. This takes up radio "air time" on shared radio channels that often causes conflicting, lost, and garbled audio. Allowing direct cellular (air card) connections between the fire vehicles and the 911 CAD system will allow for timely incident updates, reduce radio traffic conflicts and assist in reducing voice radio traffic volumes, providing more airtime for urgent transmissions and resulting in improved accuracy in recording actual call times.

The specific legislative action required is to authorize the County Executive, or her designee, to execute intermunicipal agreements and contracts, and any amendments thereto, with fire agencies for vehicle mobile data terminal access to the Monroe County 911 Computer Aided Dispatch system, for the period of July 1, 2017 through June 30, 2022, with the option to renew for three (3) additional five-year terms.

Environmental assessments were completed for this action and it was determined there would be no significant effect on the environment.

This agreement will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Cheryl Dinolfo
