Re: Memorializing the New York State Assembly to Pass, and Governor Andrew Cuomo to Sign, A445A, An Act to Amend the Education Law, In Relation to Prohibiting School Districts fromDisallowing Homeschooled Students from Participating in District Interscholastic Sports

Honorable Legislators:

Parents across the Country have the right to choose whether a public, private, or homeschool education is the best option for their children. However, children thrive in an environment where they have the opportunity to participate in activities with children their age that build confidence, teach valuable social skills, and encourage physical activity. When students are homeschooled, they may miss the opportunity to participate in such activities due to state laws that prohibit them from doing so.

Although parents across New York State who homeschool their children pay taxes that contribute to their local schools districts, their children are prohibited from participating in school sports and other interscholastic activities due to current State legislation. New York State Senator Joseph E. Robach has sponsored legislation that would remove the current prohibition on homeschooled students participating in interscholastic activities. This legislation would allow, but not require, school districts to adopt policies that allow homeschool students to participate in interscholastic activities. According to this legislation, policies can require that homeschooled students must meet physical examination and age requirements, attendance requirements, and class and academic requirements in order to participate. Parents may consult with school districts on an individual basis to determine whether a homeschooled student is eligible to participate.

This legislation does not require a district to adopt any specific policy. Districts and parents may determine what is best for their students and the homeschooled students who participate. If passed, all students will have the opportunity to learn teamwork, develop important social skills and expand their social circle, and discover newfound talents and skills that they may someday use as adults in our communities. Although this bill passed the New York State Senate, it was not considered by the New York State Assembly before the conclusion of their session.
Therefore, I urge you to join me in calling on the New York State Assembly and New York State Senate to revisit this legislation in their next session.

Respectfully Submitted,

M. Zale

RE: Memorializing the United States Senate to Pass, and the House of Representatives to Introduce and Pass, the RAISE VET FUND Act

Honorable Legislators,

Last Memorial Day, veterans gathered outside the Jefferson Road U.S. Postal Service branch office to continue their 30 year tradition of selling poppy flowers to honor the brave men and women who laid down their lives serving our country. During other holidays, like Independence Day, they have distributed flags and the money raised is used to benefit their fellow veterans.

However, the veterans were barred from doing so, as there is a policy prohibiting soliciting on post office property. This regulation has rarely been enforced in this context and in response U.S. Senator Chuck Schumer is introducing the ‘RAISE VET FUND Act’ to address this. The bill, which stands for Restoring Access, Improving Service to Enable Veterans Engaging To Fundraise Act, will require the U.S. Postal Service to allow congressionally chartered Veteran Service Organizations and organization’s recognized by the Secretary of Veterans Affairs to once again distribute poppies, flags, and similar commemorative items and collect donations during federal holidays at post offices.

We ask you to join us in memorializing the Senate to pass, and the House of Representatives to introduce and pass, the ‘RAISE VET FUND Act’ to allow veterans the ability to fundraise on the behalf of other veterans.

Re: Memorializing the United States Senate to Pass the Tenant Protection Act

Honorable Legislators:

Stable, affordable housing can be a key component of success in other aspects of life. While many landlords are attentive to the needs of their tenants and the provision of decent housing, many are not. When tenants raise issues with housing, disputes often occur and, unfortunately, many go to court and may leave tenants facing eviction.

Once a case is filed against an individual it can follow them for many years as a public record. These records are often used by third party tenant screening reporting agencies to discriminate against potential tenants for previously asserting their legal rights. This systemic problem is often referred to as "blacklisting." Currently this is legal because these rating agencies are largely unregulated under the Fair Credit Reporting Act.

Senate bill 1758, 'The Tenant Protection Act,' would change that by prohibiting a reporting agency from creating a landlord tenant court or housing court record unless the case resulted in a judgment of possession, the decision is not being appealed, and or the record is not more than three years old. Exercising the right to
safe and healthy housing should not result in being blacklisted and unable to find decent housing.

Therefore, we urge you to join us in memorializing the United States Senate to pass the Tenant Protection Act.

Subject: Authorize an Intermunicipal Agreement with the Wheatland-Chili Central School District for Reimbursement to the Monroe County Sheriff’s Office School Resource Program

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body authorize an intermunicipal agreement with Wheatland-Chili Central School District (District), in an amount not to exceed $105,000, for reimbursement to the Monroe County Sheriff’s Office School Resource Program, for the period of September 1, 2018 through August 31, 2019, with the option to renew for two (2) additional one-year terms. Each renewal will be in an amount consistent with the Sheriff’s cost to provide these services.

The District will be provided a full-time Monroe County Sheriff’s Office School Resource Officer (“SRO”) during the 180-day school year, plus an additional 10 administrative days and overtime deemed necessary by the request and approval of the District and Sheriff’s Office. The SRO’s primary duty is to promote an atmosphere where students, teachers and staff feel safe. The SRO may assist in the investigation of suspected criminal activity occurring on District property and/or related to the District. This assistance shall be provided in consultation with school administrators, in accordance with New York State Law and District policy. As an educator, working with classroom teachers and other District personnel, the SRO may present information and answer questions on a variety of topics, such as the law, drugs, safety, crime prevention, and violence prevention, concepts of safety, traffic laws, general law, and crime prevention techniques. The goal of the presentations is to increase student, staff, and community awareness and understanding of laws and personal safety. The SRO shall also perform such other security and/or law enforcement services as may be reasonably assigned by the District Superintendent, in consultation with the Sheriff, as appropriate. This will be the fifth time the Sheriff’s Office has participated in the School Resource Officer Program at the District.
The District will fund the salary and fringes associated with the Sheriff’s Office SRO assigned during the 180 day school year, plus an additional 10 administrative days.

The specific legislative action required is to authorize the County Executive, or her designee, to execute an intermunicipal agreement, and any amendments thereto, with Wheatland-Chili Central School District, 13 Beckwith Avenue, Scottsville, New York 14546, in an amount not to exceed $105,000, for reimbursement to the Monroe County Sheriff’s Office School Resource Program, for the period of September 1, 2018 through August 31, 2019, with the option to renew for two (2) additional one-year terms. Each renewal will be in an amount consistent with the Sheriff’s cost to provide these services.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

This agreement is revenue generating and no net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Cheryl Dinolfo

To The Honorable
Monroe County Legislature

Subject: Erroneous Assessment - Refund

Honorable Legislators:

I recommend that Your Honorable Body approve the refund and levy of a change of assessment due to an incorrect billing for town sewer O/M charges in the Town of Penfield as per the attached list prepared by the Department of Finance, Real Property Tax Services.

The refunds are requested because the homeowners were incorrectly overcharged for town sewer units on their 2018 Town/County tax bill.

No additional net County support is required in the current Monroe County Budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Cheryl Dinolfo
Monroe County Executive

Listed below is pertinent information from an application for the refund of property taxes. The Real Property Tax Service Agency has the original application and support material available for review if needed. I am recommending the correction and refund of these Town taxes because the same is erroneous. Listed below is the applicant's name, address, property location, tax year(s), tax account number, refund amount and reason for correction.

Town of Penfield: Penfield Country Club Inc., 1784 Jackson Road, Penfield, NY 14526 Property location: 1784 Jackson Road. Tax Account No. 124.02-1-40.1 requires a $12,522.44 refund for tax year 2018. The homeowner was incorrectly overcharged for town sewer O&M charges and sewer debt service on their 2018 Town/County tax bill.

Town of Penfield: Bauman Farms, LLC, 1340 Five Mile Line Road, Webster, NY 14580 Property location: 1340 Five Mile Line Road. Tax Account No. 094.03-1-29.5 requires a $2,757.53 refund for tax year 2018. The necessary procedure to be followed by the Monroe County Legislature regarding this refund is for that body, by resolution, to approve this application, to authorize and direct the Controller to draw an order on the Director of Finance payable from the Erroneous Assessment Account for the heretofore stated sums and to authorize and direct the County Director of Real Property Tax Services to mail a duplicate copy of the approved application to said taxpayer.

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body accept a grant from the New York State Division of Homeland Security and Emergency Services, in the amount of $110,000, for the FY2017 Bomb Squad Initiative Grant Program/Homeland Security’s State Homeland Security Program, for the period of May 1, 2018 through August 31, 2020.

This grant provides funds for the law enforcement community to support their terrorism prevention and preparedness efforts. The funds will be used to purchase equipment and for training to enhance the capabilities of the Monroe County Sheriff’s Office FBI Certified Bomb Squad. This is the twelfth year the County has received this grant. This year’s funding represents a decrease of $40,000 from last year.

The specific legislative actions required are:

1. Authorize the County Executive, or her designee, to accept a $110,000 grant from, and to execute a contract and any amendments thereto with, the New York State Division of Homeland Security and Emergency Services, for the FY2017 Bomb Squad Initiative Grant Program/Homeland Security’s State Homeland Security Program, for the period of May 1, 2018 through August 31, 2020.
2. Amend the 2018 operating grant budget of the Office of the Sheriff by appropriating the sum of $110,000 into general fund 9300, funds center 3803010000, Police Bureau Administration.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolition of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

This grant is 100% funded by the Federal Department of Homeland Security (administered by the New York State Division of Homeland Security and Emergency Services). No net county support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Cheryl Dinolfo
