RESOLUTION NO.	OF 2020

ESTABLISHING SCALE OF CHARGES FOR GATES-CHILI-OGDEN SEWER DISTRICT, COUNTY SEWER DISTRICT FOR COUNTY OF MONROE, NEW YORK

WHEREAS, the Administrative Board of the Gates-Chili-Ogden Sewer District has, pursuant to §266 of the County Law of the State of New York, established a scale of charges for the operation and maintenance of facilities of the District and setting proportionate factors of surcharge for the treatment of industrial wastes and sewerage received by the District; and

WHEREAS, the Administrative Board of the Gates-Chili-Ogden Sewer District has, pursuant to §266 of the County Law of the State of New York, and Resolution Nos. 417 and 418 of 1973, and Resolution No. 449 of 1976, called a public hearing, said hearing having been held on the _____ day of December, 2020, at _____ p.m. ET.

NOW, THEREFORE, BE IT RESOLVED BY THE PURE WATERS ADMINISTRATIVE BOARD OF THE GATES-CHILI-OGDEN SEWER DISTRICT, as follows:

Section 1.

SCALE OF CHARGES

These Scales of Charges shall be effective commencing January 1, 2021.

GATES-CHILI-OGDEN SEWER DISTRICT Operation and Maintenance Charge

\$2.865 per 1,000 gallons of water consumption (see Notes 1-3).

- This charge is based upon recent historic water consumption reflecting normal domestic waste water. It will be adjusted for industrial and commercial users based on the quality of sewage and additional cost of treatment.
- 2. This charge is subject to change based on financial obligations of the District.
- 3. This charge will be included in the 2021 County Tax Bill as a user charge. Accounts for which water consumption has not been calculated by November 1, 2020 will be billed at 60,000 gallons per unit for the user charge commencing January 1, 2021. All such bills unpaid as of October 1st will be transferred to the County Tax Rolls.
- In-District and out-of-District agreements may be developed based on but not limited to loadings
 placed on the total sewerage systems pursuant to the Monroe County Sewer Use Law.

NEW USER CONNECTION FEES

The charges for regulating, permitting and connecting to a public sanitary sewer within the District are based on average costs incurred by the District for such new connections.

The proposed fee schedule for new connections is as follows:

Gates-Chili-Ogden Sewer District: \$300.00 per connection - residential \$400.00 per connection - non-residential

<u>SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS</u>

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

S.F. =
$$\underline{a(BOD-300)} + \underline{b(SS-300)} + \underline{d(P-10)}$$

300 300 10

Definitions:

S.F. = Surcharge Factor.

BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.

SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.

P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer I

Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use

a Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.

Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.

d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

Rochester Pure Waters District: \$300.00 per connection – residential * \$400.00 per connection – non-residential *

SEWER SURCHARGE - APPLICABLE TO ALL DISTRICTS

The owner or lessee of any parcel of real property connected with the District's Sewerage System and discharging any sewage, industrial wastes or other wastes containing acceptable pollutants imparting characteristics that exceed the maximum values established for normal sewage shall be surcharged. The surcharge reimburses the District for increased cost of treating said effluent. The charge shall be arrived at by multiplying the charge for normal sanitary sewage by the surcharge factor. The formula for finding the surcharge factor is as follows:

S.F. =
$$\frac{a(BOD-300)}{300} + \frac{b(SS-300)}{300} + \frac{d(P-10)}{10}$$

Definitions:

S.F. = Surcharge Factor.

BOD = Milligrams per liter of Biochemical Oxygen Demand, as defined in Section 2.12 of the Monroe County Sewer Use Law.

SS = Milligrams per liter of Suspended Solids, as defined in Section 2.55 of the Monroe County Sewer Use Law.

P = Milligrams per liter of Phosphorus, as defined in Section 2.33 of the Monroe County Sewer Use Law.

Proportionate cost to treat a lb. of Biochemical Oxygen Demand (BOD) and is established at 0.470.

b = Proportionate cost to treat a lb. of Suspended Solids (SS) and is established at 0.505.

d = Proportionate cost to treat a lb. of Phosphorus (P) and is established at 0.025.

Full Environmental Assessment Form Part 2 - Identification of Potential Project Impacts

10.17	Agency Use Only [If applicable]
Project :	
CIS Date:	

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

1. Impact on Land Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1) If "Yes", answer questions a - j. If "No", move on to Section 2.	□NC) Z	YES

Full Environmental Assessment Form Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact
 occurring, number of people affected by the impact and any additional environmental consequences if the impact were to
 occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where
 there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse
 environmental impact.
- · Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that
 no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

The project is anticipated to include replacing, rehabilitating, and/or reconstructing the jail mainframe, which is approximately 270,000 square feet, on the same site as the current jail mainframe. Based upon review and consideration of Parts 1 and 2 of the Full Environmental Assessment form, the New York State Cultural Resource Information System (CRIS), and City of Rochester zoning code and maps, this proposed action will not result in any significant adverse environmental impacts based on the following reasons.

First, if the jail mainframe is replaced and/or reconstructed, the construction may involve physically altering the land. However, this impact, if any, would be small because there is already a structure located on this site and the soil is previously disturbed urban fill. Alternatively, if the jail mainframe is rehabilitated, there will no impacts to land.

Second, although the site is located across the street from historic buildings and a historic district and is within an archaeological sensitive area (a designation which includes a majority of the City of Rochester), the Monroe County Civic Center was surveyed as part of the Rochester Historic Resources Survey: Southwest Quadrant & Downtown in 2019, which determined that the Civic Center is not eligible for listing on the New York State or National Registers of Historic Places. Moreover, the project site was previously disturbed, including during the construction of the current jail mainframe, and therefore is unlikely to yield archaeological resources. In the event archaeological resources are discovered during construction, however, construction will be suspended until any substantial adverse impact is avoided or mitigated.

Last, because the project is anticipated to include replacing, rehabilitating, and/or reconstructing the jail mainframe that is currently located on the site, the project will have small or no impacts on geological features, surface water, groundwater, flooding, air, plants and animals, agricultural resources, aesthetic resources, open space and recreation, critical environmental areas, transportation, energy, human health, and community plans/character. The project may have temporary impacts to noise, odor, and/or light during the construction period, but these impacts, if any, will be limited to typical construction hours and therefore will have a minor, if any, impact on the environment.

RESOLUTION NO	OF 2020

BOND RESOLUTION DATED NOVEMBER 10, 2020

RESOLUTION AUTHORIZING THE ISSUANCE OF \$1,300,000 BONDS OF THE COUNTY OF MONROE, NEW YORK, TO FINANCE THE COST OF MCC COMBINED HEAT AND POWER PLANT IMPROVEMENTS IN AND FOR SAID COUNTY, AT AN ESTIMATED MAXIMUM COST OF \$1,300,000

BE IT RESOLVED BY THE AFFIRMATIVE VOTE OF **NOT LESS THAN TWO-THIRDS OF THE TOTAL VOTING STRENGTH** OF THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. For the object or purpose of financing the cost of MCC combined heat and power plant improvements in and for the County of Monroe, New York (the "County"), there are hereby authorized to be issued \$1,300,000 bonds of the County, pursuant to the provisions of the Local Finance Law. The duly adopted current Capital Budget of the County, to the extent inconsistent herewith, is hereby amended to provide for the appropriation of the amount hereby authorized to pay the cost of the aforesaid specific object or purpose. The period of probable usefulness of the aforesaid specific object or purpose is thirty (30) years, pursuant to subdivision 5 of paragraph a of Section 11.00 of the Local Finance Law.

Section 2. The maximum estimated cost thereof is \$1,300,000, and the plan for the financing thereof is by the issuance of \$1,300,000 bonds of said County herein authorized; provided, however, that to the extent any state and/or federal aid and/or grant and/or gift is received for the aforesaid purpose, such aid shall be used to redeem any outstanding indebtedness incurred for such purpose or shall be applied, dollar for dollar, to reduce the amount of bonds to be issued for such purpose.

Section 3. The faith and credit of the County are hereby irrevocably pledged for the payment of the principal of and interest on such obligations as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such obligations becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such obligations as the same become due and payable.

Section 4. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Director of Finance - Chief Financial Officer, the chief fiscal officer of the County under the Local Finance Law. The Director of Finance - Chief Financial Officer may sell such bonds or notes at public or private sale, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Director of Finance - Chief Financial Officer shall determine is most favorable to the County, and in compliance with any rules of the State Comptroller applicable thereto. Such bonds or notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Director of Finance - Chief Financial Officer, consistent with the provisions of the Local Finance Law. The Director of Finance - Chief Financial Officer may, in the event it is determined to issue variable rate bonds or notes, enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds or notes, as authorized under Section 54.90 of the Local Finance Law.

The Director of Finance - Chief Financial Officer is also authorized to enter into such agreements and take such other action as may be necessary or appropriate and lawful to assure that, to the extent possible, (i) interest on the bonds and notes authorized hereby will not be includable in the gross income, for federal income tax purposes, of the recipients thereof, and (ii) to enable the purchaser thereof to comply with Securities and Exchange Commission Rule 15c2-12. The Director of Finance – Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for such bonds or notes, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

Section 5. All other matters, except as provided herein, relating to such bonds or notes, including prescribing whether manual or facsimile signatures shall appear on said bonds or notes, prescribing the method for the recording of ownership of said bonds or notes, appointing the fiscal agent or agents for said bonds or notes, providing for the printing and delivery of said bonds or notes (and if said bonds or notes are to be executed in the name of the County by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the County), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Director of Finance - Chief Financial Officer. The Director of Finance - Chief Financial Officer may elect to become the fiscal agent for the bonds or notes, or may contract on behalf of the County for this service pursuant to the Local Finance Law. Such bonds or notes shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 52.00 of the Local Finance Law, as the Director of Finance - Chief Financial Officer shall determine.

Section 6. The validity of such bonds and bond anticipation notes, as authorized by this resolution, may be contested only if:

- such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) the provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and
 - an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or
- 3) such obligations are authorized in violation of the provisions of the Constitution.

Section 7. This resolution shall constitute a statement of official intent for purposes of Section 1.150-2 of the Treasury Regulations. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the objects or purposes described herein.

Section 8. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter and the Clerk of the Legislature is hereby authorized and directed to publish this resolution or a summary hereof to be published, together with a notice attached in substantially the form and in the manner prescribed by Section 81.00 of the Local Finance Law.
