

New York State Western Region Application for Community Residence (CR) Programs

Special Note: Thank you for your referral to the community-based programs of the New York State Western Region. All programs listed below are co-ed and licensed by the Office of Mental Health, whose regulations state that a letter of support from the youth's county-of-origin Single Point of Access (SPOA) committee is required to accompany the referral to the program(s). Contact the youth's county-of-origin SPOA coordinator for instructions regarding the SPOA process, as some counties vary in their process.

Instructions: Place an X in the space provided next to the CR program(s) that you would like your child to be considered for. For referrals to multiple programs, rank your preference by putting a number "1" next to your first choice, "2" next to your second choice, and so on.

*Please note the age requirements of each individual program.

FINANCIAL INFORMATION

Community Residence (CR) Programs

General Information:

- ❖ Funding for the residential fees and services for a child in the Community Residence programs is paid by Supplemental Security Income (SSI) and Medicaid reimbursement.
- ❖ *Parent/guardian consent is required for these benefits to be paid directly to the placement agency as the “representative payee” during the youth’s placement in the program.*
- ❖ If a youth does not have SSI, you are required to initiate the application process by obtaining, completing, and submitting the application to the Social Security Administration. You can obtain an SSI application by visiting the Social Security Website <http://www.ssa.gov/online/ssa-3820.pdf> or by calling the toll free number 1-800-772-1213 (TTY 1-800-325-0778).
- ❖ If a youth does not have Medicaid, you are required to initiate the application process by obtaining, completing, and submitting the application to your local county Medicaid office.

Important Exceptions & Examples of when a youth may not be eligible for SSI, or may receive a reduced or partial payment due to other funding he/she receives, include, but are not limited to:

- Adoption Subsidy: When an Adoption Subsidy is received by the youth’s parent/guardian, this amount is subtracted from the amount SSI will pay for the youth’s care in a CR.
- Child Support Payments: When Child Support Payments are received by the youth’s parent/guardian, this amount is subtracted from the amount SSI will pay for the youth’s care in a CR.
- Survivor Benefits or SSD: When Survivor Benefits or SSD are received for the youth, this amount is subtracted from the amount SSI will pay for the youth’s care in a CR.
- Youth in the Guardianship of their County Department of Social Services: If a youth’s guardianship is with their county Department of Social Services (DSS) receipt of federal Title 4E benefits should be discussed with the placement agency.

For all of the examples above, arrangements must be made by the parent/guardian with the placement agency for the parent/guardian to pay the agency for the difference not paid by SSI.

Private Payment Option: Arrangements can be arranged by the parent/guardian with the placement agency.

QUESTIONS? If you have questions, concerns, or circumstances that are not addressed above:

- (1) Contact the placement agency directly.
- (2) Contact your local Social Security Administration and/or Medicaid offices.

The youth’s parent/guardian is ultimately responsible for payment.
