## **Monroe County COVID-19 Vaccination Locations June 22 – June 27**

**Rochester, NY** – Monroe County is pleased to announce community based COVID-19 vaccine clinics for June 22 – June 27, 2021.

“Reaching a 70% vaccination rate may have rolled back many of the restrictions that were in place to slow the spread of COVID-19, but we still must recognize that resources need to be devoted to the neighborhoods and zip codes that are lagging behind in vaccination rates,” said County Executive Bello. “I am once again grateful for the partnership of our towns, school districts and more to ensure that no community is left behind when it comes to this potentially life-saving resource.”
