The online map link may change overtime due to technical updates. If encounter any issues accessing the online map, please check the Planning webpage for the most up-to-date link: **https://www.monroecounty.gov/planning-guide**

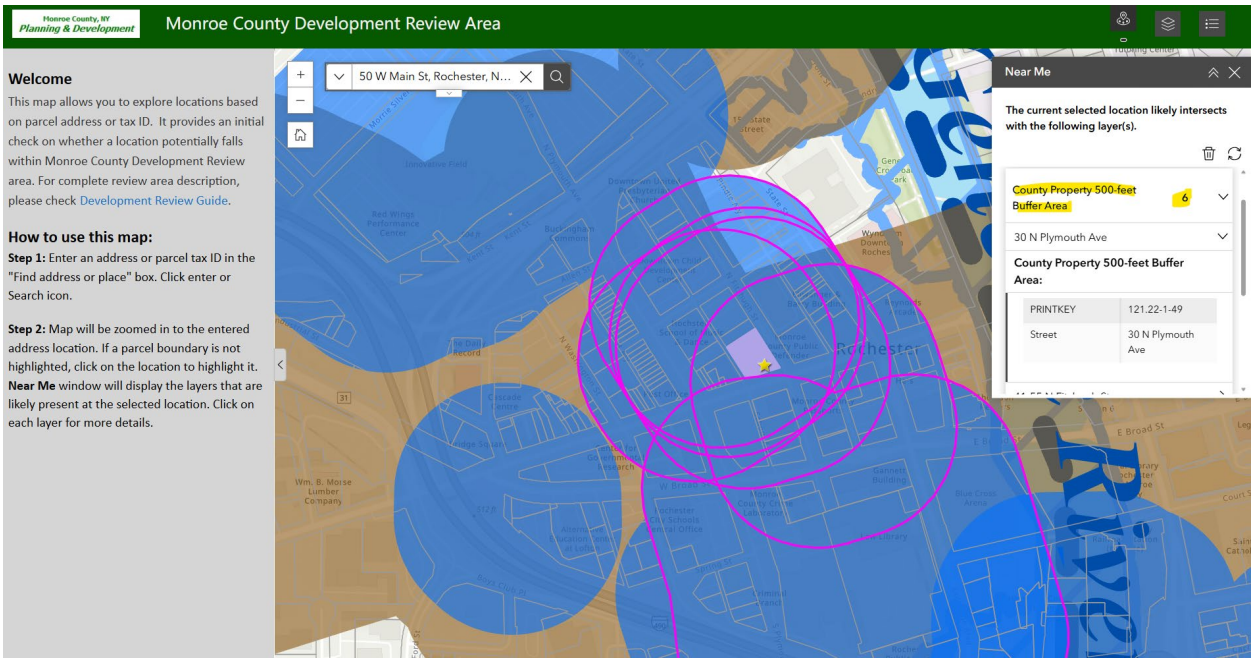

Step 1: Enter an address or parcel tax ID in the "Find address or place" box, Click enter or Search icon.

Step 2: Map will be zoomed in to the entered address location. If a parcel boundary is not highlighted, click on the location to highlight it. Double check the parcel information to make sure the parcel matched the parcel that you are searching for.

Step 3: Near Me window will display the layers that are likely present at the selected location. Click on each layer for more details. **Please note** these results reflect only geographic 239 triggers. For other 239 review requirements, please refer to: NYS GML 239 m & n . Click on each layer for more details.

Step 4: Click **< back** button or click “Start Over” to start another search.
