REQUEST FOR QUOTES

AIR MONITORING SERVICES
during Demolition of 16 Swansea Park

Issued: March 16, 2026

Due: March 30, 2026

1) INTRODUCTION

Monroe County Land Bank Corporation (MCLBC or Land Bank herein) is seeking quotes from qualified environmental consulting firms to provide third-party air monitoring and project oversight services during the demolition of the structure located at 16 Swansea Park, Town of Greece. The purpose of these services is to ensure regulatory compliance and protect public health and safety throughout the demolition of the deteriorated property.

MCLBC previously issued a [Demolition RFP](#) on February 3rd. The Demolition RFP is available on the [Land Bank's website](#) for reference.

2) BACKGROUND

Monroe County Land Bank Corporation (MCLBC), was established in early 2024. MCLBC aims to lower the number of vacant or “zombie” properties located in the 29 towns and villages of Monroe County by returning them to spaces of productive use for these communities and adding housing to Monroe County.

3) SCOPE OF SERVICES

The selected consultant shall provide all labor, materials, and equipment to perform the following:

- **Asbestos Project Monitoring:** Provide a NYS DOL-certified Project Monitor to oversee abatement activities in accordance with 12 NYCRR Part 56 (Industrial Code Rule 56)
- **Air Sampling & Analysis:**
 - Perform background, work-in-progress, and final clearance air sampling.
 - Analyze samples via Phase Contrast Microscopy (PCM). If PCM results exceed 0.01 f/cc, Transmission Electron Microscopy (TEM) may be required.
 - All sampled must be analyzed by NYS DOH ELAP-certified laboratory.
- **Community Air Monitoring Plan (CAMP):**

- Continuous real-time monitoring for Volatile Organic Compounds (VOCs) and Particulate Matter.
- Establish of one upwind and at least two downwind monitoring stations.
- Record monitoring data at regular intervals and maintain monitoring logs.
- Immediate notification to Project Manager if levels exceed 0.100\ mg/m³ above background for particulates.

4) QUALIFICATIONS

The selected applicant must:

- Have a valid NYS DOL Asbestos Contractor License
- Minimum of three (3) years of experience in environmental monitoring
- Staff must hold current NYS DOL certifications as Asbestos Project Monitors and/or Air Sampling Technicians.

5) DELIVERABLES

- **Daily Project Logs:** Digital copies of on-site observations, contractor headcounts, and any visual deficiencies.
- **Laboratory Reports:** Certified results delivered within 24 hours of sample collection.
- **Final Closeout Report:** A comprehensive bound (or PDF) report containing all sample data, licenses, and certificates of completion within 15 days of project end.

6) INSURANCE REQUIREMENTS

Prior to any individual contract award, the successful individual(s) or firm(s) shall procure and maintain for the duration of the contact, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder and the results of that work by the Consultant, its agents, representatives, employees, or subcontractors.

7) MINORITIES AND WOMEN BUSINESS ENTERPRISES

MCLBC seeks a diverse applicant pool and prohibits discrimination and harassment of any type and affords equal employment opportunities without regard to race, color, religion, sex, age, national origin, disability status, protected veteran status, or any other characteristic protected by law.
