Description of Duties:

This is an important position which involves responsibility for investigating reported violations of the Town/Village Codes pertaining to land and property use, and in some jurisdictions for parking enforcement. These employees are required to make on site inspections to verify complaints, issue warnings, take photographs of violations and survey the surrounding properties. Work is performed under general supervision from a higher ranking official. Supervision of others is not a characteristic of this class.

Scope of Examination:

The **written, multiple-choice test** will cover knowledge, skills and/or abilities in such areas as:

1. Zoning inspection principles, related laws and codes and site plan interpretation

These questions test for knowledge of the concepts, terminology and procedures used in real property and zoning inspection, including related codes, laws and legal documents, and for the ability to read, analyze and perform computations based on real property and site drawings and on real property and zoning-related written presentations.

2. Arithmetic computations

These questions test for the ability to perform simple mathematical calculations related to code enforcement activities, and may include problems involving addition, subtraction, multiplication, division, fractions, decimals, percentages and basic geometric figures.

3. Understanding and interpreting written material

These questions test for the ability to understand and interpret written material. You will be presented with brief reading passages and will be asked questions about the passages. You should base your answers to the questions only on what is presented in the passages and not on what you may happen to know about the topic.

Calculators and Reference Materials:

Most civil service written tests do not require the use of a calculator or slide rule. However, the use of calculators is **RECOMMENDED** for this exam. Candidates have the option of bringing a hand-held, quiet, battery or solar-powered arithmetic calculator or a slide rule to the test room. Candidates will not be permitted to use calculators containing spell check, dictionary, language translator, address or telephone book, personal digital assistants, or typewriter keyboard features, or any similar devices. You may not bring books or other reference materials.

This written examination is being prepared and rated in accordance with Section 23(2) of the Civil Service Law. The provisions of the New York State Civil Service Law, Rules and Regulations dealing with the preparation and rating of examinations, as well as establishment and certification of eligible lists for positions in the classified service will apply to this examination.

Candidates must record the Exam Number and Title on the Application.

Certifications and Appointments:

The eligible list resulting from this examination will be established in accordance with the final earned numerical rating of passing candidates regardless of residence. A municipality or district may exercise its right under Section 23 of the Civil Service Law to request an initial certification of eligibles who have been residents of that municipality or district for at least one (1) month on the date of certification and who are also legal residents of the appointing jurisdiction at the time of appointment, in accordance with their numerical rating. After the names of residents have been exhausted the Commission must then certify in regular rank order the names of non-residents on the list.

Background Investigation:

Applicants may be required to undergo a State and national criminal history background investigation, which will include a fingerprint check, to determine suitability for appointment. Failure to meet the standards for the background investigation may result in disqualification.

Special Requirement for Appointment in School Districts and BOCES:
