Qualifying Physical Fitness Test:

The three elements measured in the qualifying physical fitness test are muscular endurance, absolute strength and cardiovascular capacity. The following is a brief description of the physical fitness test.

Muscular Endurance – The requirement is for a number of bent-leg sit-ups to be performed in one minute.

Push-Up – This test measures muscular endurance of the upper body (anterior deltoid, pectoralis major and triceps). The requirement is for a number of full body repetitions that a candidate must complete without breaks.

Cardiovascular Activity – 1.5 mile run; the requirement is for the attainment of a score calculated in minutes and seconds.

The Monroe County Civil Service Commission uses the physical fitness-screening test adopted by the Municipal Police Training Council which is based on the model formulated by the Cooper Institute of Aerobics Research. The minimum passing scores, depending on age and sex, represent the thirtieth (30th) percentile of physical fitness as established by the Cooper Institute. Failure on a part of the qualifying test will remove your name from further consideration for appointment.
